PART 1439—UNPROCESSED AGRICULTURAL COMMODITIES

[MPR 496,[1] Amdt. 3]

VEGETABLE SEEDS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 496 is amended in the following respects:

1. Section 4 (a) (4) is amended to read as follows:

(4) A commercial grower is a person who:

(i) Contracts with a farmer-producer to grow vegetable seeds for him or who grows vegetable seeds in his own farming operations; and

(ii) Cleans, hand picks, purifies, tests in a laboratory and sacks vegetable seeds; and

(iii) Labels the same pursuant to all applicable State or Federal seed laws;

(iv) Sells peas, beans and sweet corn seeds to processors.

A person shall not be deemed to be a commercial grower with respect to a particular lot of seeds, if with respect to such lot he qualifies hereunder as a wholesaler or retailer.

2. The first sentence in section 4 (a) (6) is amended to read as follows:

(6) "Wholesaler" means, with respect to any particular lot, a person who (including a commercial grower):

(i) Sells beet, cabbage, carrot, cauliflower, Swiss chard, cucumber, lettuce, mangel, onion, rutabaga and turnip seeds to processors in any quantity; or

(ii) Sells vegetable seeds to retailers in any quantity; or

(iii) Sells vegetable seeds to planters in the following quantities:

3. Section 4 (a) (7) is amended to read as follows:

(7) "Retailer" means, with respect to any particular lot a person who sells vegetable seeds to planters in quantities less than that required for a sale by a wholesaler.

4. Section 4 (a) (10) is added to read as follows:

(10) Whenever a provision in this regulation permits the addition of premiums for particular varieties of a kind of vegetable seeds, such provision is hereby amended to permit the addition of premiums determined in like manner for special strains.

5. Section 4 (c) is added to read as follows:

(c) Notwithstanding any other provision of this regulation, from the effective date of this amendment to June 30, 1944, the maximum price of any person who does not meet the terms of the definition of a commercial grower for a sale of bean seeds and sweet corn seeds to a processor shall be the wholesaler's maximum price, and the maximum price of such processor in reselling the same to planters shall be the wholesaler's maximum price.

6. Section 5 (d) is amended to read as follows:

(d) For beet, carrot, onion, rutabaga and turnip:

(1) The maximum prices for the sale or delivery of the varieties of beet, carrot, onion, rutabaga and turnip seeds which are specified in a memorandum from E. J. Murphy, Chief, Grain Products Branch of the Food Distribution Administration to Commercial Vegetable Seed Growers, and dated October 30, 1943, by a farmer-producer (except as provided in subparagraphs (2) and (3) hereof) shall be the prices as specified in said memorandum on or prior to the date of the issuance of this regulation which commercial seed growers are required to pay farmer seed growers per pound for such varieties of vegetable seeds in order to be eligible to sell or deliver the same to the Federal Surplus Commodities Corporation, plus transportation charges from the farm where grown to the buyer's receiving point by a usual route and method of transportation.

(2) When carrot seeds are produced by a farmer-producer in the State of California from roots furnished by him, the maximum prices for the sale or delivery of such seeds by such farmer-producer shall be as follows:

Variety:	*Maximum price per pound*
Nantes	$0.57
Other	.52

plus transportation charges from the farm where grown to the buyer's receiving point by a usual route and method of transportation.

(3) For other varieties of each kind of vegetable seed mentioned in subparagraph (1) of this paragraph, the farmer-producer shall determine his maximum price by adding to or subtracting from the maximum price for the variety most nearly similar thereto for which a maximum price is established under said subparagraph (1) the premium or discount, as the case may be, in dollars and cents normal to the trade during the period January 1 to May 31, 1943, for the variety to be priced in relation to said most nearly similar variety; and the resultant figure shall be his maximum price for the variety in question.

7. The figure 10.00 in column 3 of the table in section 5 (f) (1) is amended to read 18:00.

This amendment shall become effective May 17, 1944.

INSECTICIDE SPRAYER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 6.43 (b) (1) of Revised Supplementary Regulation No. 14 is amended to read as set forth below:

(b) (1) For sales by the Gulf Oil Corporation, Gulf Building, Pittsburgh, Pennsylvania, the maximum prices for sales of the insecticide sprayer are those set forth below:

(1) For sales of the insecticide sprayer at retail the maximum price is $.55 per unit.

(2) For sales of the insecticide sprayer only, or as part of the sale of assorted specialties in the quantities listed below:

	Per dozen
For sales to retailers in less than ½ gross lots	$4.82
For sales to retailers in lots of ½ gross to one gross	4.58
For sales to retailers in lots of over one gross and less than two gross	4.34
For sales to retailers in lots of over two gross and less than three gross	4.10
For sales to retailers in lots of three gross and over	3.86
For sales to jobbers, minimum sale of one gross	3.86

This Amendment No. 133 shall become effective on the 17th day of May 1944.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

Subchapter B—Carriers by Motor Vehicle

[Emergency Order M-5]

PART 187—FREIGHT RATE TARIFFS, SCHEDULES, AND CLASSIFICATIONS

EMERGENCY SUBSTITUTION OF RAIL FOR TRUCK SERVICE

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 8th day of May, A. D. 1944.

The Commission having under consideration the urgent need in the present war emergency to conserve the existing motor vehicle facilities for the transportation of property, and

It appearing, that the substitution of rail service for the motor vehicle service of motor common carriers in some areas or between some points will contribute to the conservation and a more efficient utilization of the transportation facilities of the nation and will prevent and alleviate traffic congestion: *It is ordered,* That:

§ 187.102 *Emergency substitution of rail for truck service*—(a) *Publication of tariff rule on short notice.* Upon the certification by the Director of the Office of Defense Transportation that the substitution of rail transportation for that of motor common carriers in any particular area, between any points, or from or to any points will not adversely affect the transportation of freight by railroad and will aid in conserving motor carrier transportation facilities, motor common carriers are hereby authorized to published in their freight tariffs, filed with this Commission, effective on not less than one-day's notice, a rule reading substantially as follows:

Unless the shipper specifies motor carrier service in the bill of lading, the rates and charges in this tariff, as amended, will apply for the through service whenever any originating, intermediate, or delivering motor carrier, party hereto, substitutes at its option rail service for its own road-haul motor

vehicle service between or from and to the following points:

Motor carrier	*Between*	*And*
Motor carrier	*From*	*To*

This tariff rule is filed pursuant to Emergency Order No. M–5 of the Interstate Commerce Commission and Certificate No. ----[1] of the Director of the Office of Defense Transportation

(b) *Cancelation or modification of rule on short notice.* The tariff rule provided in the preceding paragraph shall be canceled or modified coincident with the withdrawal in whole or in part by the Director of the Office of Defense Transportation of the certificate referred to in the preceding paragraph, and that the cancelation or modification of the tariff rule is hereby authorized to be made effective on not less than one day's notice.

(c) *Payment of rail tariff rates.* When rail service is substituted for truck service under the rule provided in the foregoing paragraph, motor common carriers shall pay the railroads the railroad tariff rates for the rail service.

(d) *Bills of lading.* The freight shall be tendered to the railroads by the motor common carriers on railroad bills of lading.

(e) *Limitations on substitution of service.* Rail service may be substituted for motor carrier service only between points between which the substituting motor carrier or carriers are authorized to transport and between which they continue to provide road-haul motor vehicle service.

(f) *Liability of carriers.* Nothing in this order shall be construed as relieving motor common carriers from their responsibility to the owner of the property as provided by law.

(g) *Effective period.* This order shall become effective May 26, 1944, and shall remain in effect until December 31, 1944, unless otherwise ordered. (49 Stat. 560–561; 56 Stat. 176; 49 U.S.C. 304, 317)

It is further ordered, That copies of this order be served on all common carriers of property by motor vehicle subject to part II of the Interstate Commerce Act; and that notice of this order shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 95—CAR SERVICE

USE OF REFRIGERATOR CARS FOR TRANSPORTING ICE

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 11th day of May, A. D. 1944.

It appearing that the transportation of ice in refrigerator cars delays the movement of such cars and causes undue damage thereto, thereby impeding the use of such cars acutely needed for the transportation of perishable freight; in the opinion of the Commission an emergency exists requiring immediate action to prevent a shortage of refrigerator cars: *It is ordered,* That:

§ 95.338 *Refrigerator cars; use for transporting ice.* (a) (1) No common carrier by railroad subject to the Interstate Commerce Act shall furnish an RS, RA, RAM or RSM type refrigerator car for loading with ice or shall accept for transportation or move any RS, RA, RAM or RSM type refrigerator car loaded with ice except as provided in paragraph (a) (2).

(2) *Exception.* Refrigerator cars may be furnished for loading with ice and refrigerator cars may be transported or moved when loaded with ice; *Provided,* That prior to such loading and transportation, the permission of the owners of such car or cars has been obtained for the use of such car or cars to ship ice therein.

(b) *Application.* The provisions of this order shall apply to intrastate transportation as well as interstate transportation.

(c) *Tariff provisions suspended.* The operation of all tariff rules, regulations, or charges insofar as they conflict with the provisions of this order is hereby suspended.

(d) *Announcement of suspension.* Each of such railroads or its agent, shall publish, file, and post a supplement to each of its tariffs affected hereby, announcing the suspension of any of the provisions therein.

(e) *Special and general permits.* The provisions of this order shall be subject to any special or general permits issued by Charles W. Taylor, Manager, Refrigerator Car Section, Car Service Division, Association of American Railroads, 59 East Van Buren Street, Chicago, Illinois, as Agent of the Interstate Commerce Commission and Charles W. Taylor is hereby appointed as Agent of the Interstate Commerce Commission, subject to the direction of the Director of the Bureau of Service, and authorized to issue permits for the movement of ice in refrigerator cars, to meet specific needs or exceptional circumstances. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, That this order shall become effective at 12:01 a. m., May 15, 1944, and shall supersede Service Order No. 201 on the effective date hereof; that a copy of this order and direction shall be served upon each State Commission; that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

REROUTING OF FREIGHT CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 11th day of May, A. D. 1944.

Upon further consideration of Service Order No. 170 (8 F.R. 17488) of December 27, 1943, and good cause appearing therefor: *It is ordered,* That:

Service Order No. 170 (8 F.R. 17488) of December 27, 1943, 49 CFR § 97.9, requiring rerouting of empty and loaded freight cars to relieve congestion and to increase the supply of cars on the Baltimore and Ohio Railroad in the vicinity of Baltimore, Md., be, and it is hereby, vacated and set aside. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 54 Stat. 911; 49 U.S.C. 1 (10)–(17))

It is further ordered, That this order shall become effective immediately; that copies of this order and direction shall be served upon the Reading Company, The Baltimore and Ohio Railroad Company, and the Western Maryland Railway Company, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. KAMEJIRO UYEDA

In re: Estate of Kamejiro Uyeda, deceased; File: D-39-1394; E. T. sec. 10068 (H-164).

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Robert K. Murakami, Administrator, acting under the judicial supervision of the Circuit Court of the First Judicial Circuit, Territory of Hawaii;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Japan, namely,

Nationals and Last Known Address

Masa Uyeda, Japan.
Irma Chiyoko Nishimawa, Japan.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Japan; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Masa Uyeda and Irma Chiyoko Nishimawa, and each of them, in and to the Estate of Kamejiro Uyeda, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: April 24, 1944.

Under the authority of the Trading with the Enemy Act as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian, after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Livingston Platt, as executor, acting under the judicial supervision of the Surrogate's Court, Richmond County, New York;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Kurt Melcher, Germany.
Otto Goehrke, Germany.
Kurt Goehrke, Jr., Germany.
Otto Goehrke, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Kurt Melcher, Otto Goehrke, Kurt Goehrke, Jr. and Otto Goehrke, and each of them, in and to the Estate of Elise Goehrke, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

FRIEDERIKE SUSANNE METZGER

In re: Estate of Friederike Susanne Metzger, also known as Friederike Susanne Sattes, deceased; File D–66–1070; E. T. sec. 7358.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by the Treasurer of the City of New York, as depositary, acting under the judicial supervision of the Surrogate's Court, Bronx County, State of New York;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Frieda Hirsch, Germany.
Charlotte Metzger, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Frieda Hirsch and Charlotte Metzger, and of each of them, in and to the Estate of Friederike Susanne Metzger, also known as Friederike Susanne Sattes, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

WILLIAM NOETZEL

In re: Estate of William Noetzel, deceased; File No. D–28–2311; E.T. sec. 3404.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by William J. Topken, as substituted-administrator, acting under the judicial supervision of the Surrogate's Court, Hudson County, New Jersey; and

(2) Such property and interests are payable or deliverable to, or claimed by nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Margarete Noetzel, Germany.
Emma Noetzel, Germany.
Toni Noetzel, Germany.
Otto Noetzel, Germany.
Helene Walter, nee Noetzel, Germany.
Ida Fritschke, nee Noetzel, Germany.
Minna Weber, nee Noetzel, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Margarete Noetzel, Emma Noetzel, Otto Noetzel, Toni Noetzel, Helen Walter, nee Noetzel, Ida Fritschke, nee Noetzel, and Minna Weber, nee Noetzel, and each of them, in and to the estate of William Noetzel, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Ben H. Brown, Administrator, acting under the judicial supervision of the Superior Court of the State of California, in and for the County of Los Angeles;

(2) Such property and interests are payable or deliverable to, or claimed by a national of a designated enemy country, Germany, namely,

National and Last Known Address

Helene Agnes Emmy Hofman, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of Helene Agnes Emmy Hofman, in and to the estate of Clara Flehmig, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: May 3, 1944.

RIICHIRO FURUYA

In re: Estate of Riichiro Furuya, deceased; File: F–39–80; E. T. sec. 9551 (H–116).

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described in subparagraph (a) are property which is in the process of administration by Theo Furuya, Administratrix, acting under the judicial supervision of the Circuit Court of the First Judicial Circuit, Territory of Hawaii;

(2) Such property and interests described in subparagraph (a) are payable or deliverable to, or claimed by, nationals of a designated enemy country, Japan, namely,

Nationals and Last Known Address

George Furuya, Japan.
Satoshi Furuya, Japan.
Tomoe Furuya, Japan.
Kiyoshi Furuya, Japan.
Sachie Furuya, Japan.

(3) The property and interests described in subparagraph (b) are property within the United States owned by nationals of a designated enemy country, Japan, namely,

Nationals and Last Known Address

George Furuya, Japan.
Satoshi Furuya, Japan.
Tomoe Furuya, Japan.
Kiyoshi Furuya, Japan.
Sachie Furuya, Japan.

And determining that—

(4) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Japan; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

(a) All right, title, interest and claim of any kind or character whatsoever of George Furuya, Satoshi Furuya, Tomoe Furuya, Kiyoshi Furuya and Sachie Furuya, and each of them, in and to the Estate of Riichiro Furuya, deceased,

(b) An undivided five-seventh's interest in two parcels of land near Aala Street at Kaliu, Honolulu, T. H., being Lot One (1), area 6,082 square feet and Lot Two (2), area 24 square feet; together with easements for right of way to be used in common with others over Lot Three (3) and Lot Four (4) as shown on Map 2, Land Court Application No. 731 and being all of the land described in Transfer Certificate of Title No. 28,414;

Together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property, subject to recorded liens and encumbrances and other rights of record,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian, a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

MARTHA CLARA VON STULPNAGEL

In re: Real property in Bellows Falls, Vermont, and a checking account in the Boston Safe Deposit and Trust Company, Boston, Massachusetts, owned by Martha Clara von Stulpnagel.

Vesting Order Number 221, dated October 9, 1942, is hereby amended to read as follows:

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That last known address of Martha Clara von Stulpnagel is Potsdam, Germany, and that she is a resident of Germany and a national of a designated enemy country (Germany);

2. That Martha Clara von Stulpnagel is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows:

a. The undivided one-fourth interest in and to that certain real property situated in the Village of Bellows Falls, Town of Rockingham, County of Windham, State of Vermont, particularly described as follows: A certain piece or parcel of land situated on the westerly side of the square in said Village of Bellows Falls and bounded easterly on said square forty-nine and two hundredths feet; northerly by other lands one hundred sixty-two and three-tenths feet; and westerly by other lands forty-nine and five-tenths feet; and southerly by other lands one hundred fifty-seven and twenty-hundredths feet, be all said measurements more or less or howsoever otherwise bounded, the same being shown upon a "Plan of property, Harriet H. Bingham estate and others, owners. Formerly Pettis property, Bellows Falls, Vt. Surveyed by G. V. White, Lawrence, Mass., May 4, 1907", and

b. That certain checking account maintained with the Boston Safe Deposit and Trust Company, Boston, Massachusetts, which is due and owing to and held for and in the name of, Martha Clara von Stulpnagel, and any and all security rights in and to any and all collateral for all or part of such account, and the right to enforce and collect the same,

is property within the United States owned or controlled by a national of a designated enemy country (Germany);

And determining that the property described in subparagraph 3-b hereof is necessary for the maintenance or safeguarding of other property (namely, that property described in subparagraph 3-a hereof) belonging to the same national of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive order;

And further determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3-a hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraph 3-b hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, filed with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on May 6, 1944.

HANNA DESEBROCK

In re: Real property situated in Travis County, Texas, and a bank account owned by Hanna Desebrock.

Vesting Order Number 1982, dated August 12, 1943, is hereby amended to read as follows:

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the last known address of Hanna Desebrock is Mittleweg 120, Hamburg, Germany, and that she is a resident of Germany and a national of a designated enemy country (Germany);

2. That Hanna Desebrock is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows:

a. Real property situated in Travis County, Texas, particularly described as Lots Seven (7), Eight (8), and Nine (9) of Block Eighteen (18), Christian and Fellman Addition, in the City of Austin, Texas, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property,

b. Real property situated in Travis County, Texas, particularly described as Lots Eight (8) and Nine (9), Block Nineteen (19), Christian and Fellman Addition, in the City of Austin, Texas, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property, and

c. All right, title, interest and claim of any name or nature whatsoever of Hanna Desebrock, and of every other national of a designated enemy country, in and to any and all obligations contingent or otherwise and whether or not matured owing to her by American National Bank, Austin, Texas, including but not limited to all security rights in and to any and all collateral for any or all such obligations and the right to enforce and collect such obligations and including particularly the account in said bank which is due and owing to and held for Hanna Desebrock in the name of Mrs. Hanna Desebrock, by Frederick G. von Rosenberg, Agent,

is property within the United States owned or controlled by a national of a designated enemy country (Germany);

And determining that the property described in subparagraph 3-c hereof is necessary for the maintenance or safeguarding of other property (namely, that property described in subparagraphs 3-a and 3-b hereof) belonging to the same national of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive order;

And further determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraphs 3-a and 3-b hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraph 3-c hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

[Supplementary Order ODT 20A-113]

CERTAIN TAXICAB OPERATORS

COORDINATED OPERATIONS IN AREA OF KANKAKEE, BRADLEY, AND BOURBONNAIS, ILL.

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof (hereinafter called "operators") pursuant to General Order ODT 20A (8 F.R. 9231), a copy of which plan is attached hereto as Appendix 2,[1] and it appearing that the operators propose, by the plan, to coordinate their taxicab operations within the area of Kankakee, Bradley, and Bourbonnais, Illinois, so as to assure maximum utilization of their facilities, services and equipment, and to conserve and providently utilize vital equipment, materials and supplies, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war; *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved, and the operators are directed to place the plan into operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the operators shall forthwith file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order.

3. The provisions of this order shall not be construed or applied as to permit any operator named herein to alter his legal liability to any passenger. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing operating authority of any operator named herein, such operator forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the operators possessing or obtaining the requisite operating authority.

4. All records of the operators pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination with inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

5. The plan for joint action hereby approved and all contractual arrangements made by the operators to effectuate the plan shall not continue in operation beyond the effective period of this order.

6. Any operator duly authorized or permitted to operate taxicabs within the area herein described, and having suitable equipment and facilities therefor, may make application in writing to the Division of Motor Transport, Office of Defense Transportation, Danville, Illinois, for authorization to participate in the plan. A copy of each such application shall be served upon each of the operators named in this order. Upon receiving authorization to participate in the plan, each such operator shall become subject to this order and shall thereupon be entitled and required to participate in the plan in accordance with all of the provisions and conditions of this order, in the same manner and degree as the operators named herein.

7. Communications concerning this order should refer to "Supplementary Order ODT 20A113" and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Danville, Illinois.

8. This order shall become effective May 19, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 12th day of May 1944.

OFFICE OF PRICE ADMINISTRATION.

Regional and District Office Orders.

[Indianapolis Order G-2 Under MPR 154]

ICE IN HANCOCK AND SHELBY COUNTIES, IND.

Order No. G-2 under § 1393.8 (e) of Maximum Price Regulation No. 154. Temporary order and opinion adjusting maximum prices for ice sold in Hancock and Shelby Counties, in the State of Indiana.

For the reasons set forth in this order and opinion made pursuant to the provisions of §1393.8 (e) of Maximum Price Regulation No. 154, and by virtue of the authority delegated to the District Director of the Indianapolis District Office of Price Administration, by the Regional Administrator, Region III, under Delegation Order No. 1-A, Revised, *It is hereby ordered*, That the prices of ice sold in Shelby County and Hancock County, Indiana, be adjusted in accordance with the schedule hereinafter filed and for the reasons hereinafter stated.

Notice has come to this office that the Greenfield Ice Company, heretofore manufacturing artificial ice in the City of Greenfield, Indiana, and making distribution in Hancock County, has definitely decided to cease operations and will not manufacture ice during the year 1944. The manager has stated that he could not afford to manufacture ice at a price of 60¢ per hundred pounds, which is the highest ceiling price for ice that has been granted by the Indianapolis District Office. It appears that an effort has been made to obtain ice from other sources. Two persons, heretofore employed by the Greenfield Ice Company in the delivery of ice manufactured by it, have equipment for ice delivery, if the ice can be procured so that they may operate on the same margin of profit that they secured in delivering it for the Greenfield Ice Company.

One of the parties proposes to secure his supply of ice from the Irvington Ice & Fuel Company, Indianapolis, and the other from the DePrez Ice Manufacturing Company at Shelbyville. Neither of the suppliers has sufficient capacity to meet all the needs of Greenfield. The DePrez Ice Manufacturing Company at Shelbyville has petitioned for a price increase. The prices requested are 60¢ per hundred pounds on cash sales to domestic consumers; 55¢ per hundred pounds on coupon sales to domestic consumers; and 50¢ per hundred pounds on sales to commercial establishments.

Certain data has been furnished this office which indicates that the cost figures submitted by the DePrez Ice Company will probably justify the granting of a price adjustment, but sufficient information is not yet at hand to make a final determination of the question, and additional time is required to obtain such information.

This office now has under consideration adjustment in the prices of ice in several cities in the State of Indiana, and contemplates the issuance of an area order covering said cities, but has not yet obtained sufficient data and information from which to issue such final order.

The season for the requirement of ice is at hand and a critical local shortage now exists in Hancock and Shelby Counties, in the State of Indiana, and an emergency exists for the granting of temporary relief to said counties until proper maximum prices can be determined. It is therefore believed to be indispensably necessary, to meet the wants of the users of ice in such territory, that an emergency temporary order should be issued immediately, without delay.

It is therefore ordered, By the Office of Price Administration, Indianapolis District, that the maximum prices at which ice may be sold in Hancock and Shelby Counties shall be as follows:

	Cents per hundred pounds
Delivered cash sales to domestic consumers	60
Delivered coupon sales to domestic consumers	55
Cash or coupon sales to establishments such as stores or restaurants	50

and that sales in quantities less than 100 pounds shall bear a price proportionate to the 100-pound prices put into effect by this order, or based on prices now in effect, whichever is the higher, and adjusted upward to the next nearest cent.

It is further ordered, That this temporary order shall be effective until June 1, 1944, unless revoked or modified before that time.

It is the opinion of this office that the prices fixed in this temporary order are justified and that the solution here suggested is equitable and in line with the requirements of Executive Order 9328, and that the effect of such order will not result in an inflationary trend, nor tend to create a shortage or need for increase of prices in any other locality.

This order shall become effective immediately.

The above order may be revoked or rescinded at any time.

[Memphis Order G-1 Under MPR 165]

CUSTOM RE-SAWING, SURFACING AND KILN-DRYING OF LUMBER IN MEMPHIS AND SHELBY COUNTY, TENN.

Order No. G-1 issued under Maximum Price Regulation 165. Services. Adjustment of maximum prices for custom re-sawing, surfacing and kiln-drying of lumber in Memphis and Shelby County, Tennessee.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the District Director of the Memphis District Office of the Office of Price Administration by Regional Delegation Order No. 41, issued April 17, 1944, and by § 1499.114 (d) of MPR 165, *It is hereby ordered:*

(a) Regardless of any contract, agreement, or other obligation, no person shall sell or offer to sell and deliver any or all of the services of custom re-sawing, surfacing and kiln-drying in the Memphis-Shelby County Area at a price higher than the maximum prices permitted by this order. Neither shall any person agree, offer, solicit or attempt to sell any custom re-sawing, surfacing and kiln-drying services within the above named area at prices higher than those permitted under this order. The price limitations of this order shall not be evaded by direct or indirect methods, by means of or in connection with any offer, solicitation, agreement, sale, delivery, purchase, or receipt of or relating to services in connection with custom re-sawing, surfacing and kiln-drying, alone or in conjunction with any other commodity, or by way of or in connection with any commission, service, transportation, or other charge or discount, premium, or privilege, tying agreement, trade understanding, or any change in any business or trade practice. Lower prices may be charged, demanded, or offered.

(1) The maximum prices for re-sawing, surfacing, and kiln-drying established in the Memphis-Shelby County Area under this order are as follows:

S4S, Shiplap, Centermatch 6" and Wider	5.00	5.00

The following provisions and restrictions are applicable hereto:

(i) Lumber must be reasonably air dried. Any excess of moisture content over 25 per cent which necessitates additional drying time may be charged at a sufficiently higher rate to cover the added cost of drying.

(ii) The mills shall be insurers of customers' lumber while in their kilns. In case of loss by fire each customer shall receive his pro rata of amount collected.

(iii) Mills shall exercise due care in kiln-drying.

(iv) All lumber shall be kiln-dried to not over six percent (6%) moisture content, unless otherwise specified. The company shall guarantee this percentage of moisture content when lumber is taken from the kiln, but shall not be responsible for the dryness upon reaching destination.

(v) Millwork prices apply on carload lots, average run of widths and lengths. Extra narrow or short stock and less than carload lots, 50¢ per M extra. All prices include both unloading and reloading of cars.

(vi) The above prices include unloading and reloading.

(vii) Minimum charge on millwork—$2.50.

(b) Except as otherwise provided herein, all transactions subject to this order shall remain subject to all provisions of Maximum Price Regulation 165, together with all amendments, supplementary regulations and orders which have been heretofore or may be hereafter issued, and all definitions set forth in such regulations or orders shall be applicable herein, unless otherwise provided.

(c) The prices set by this order shall be the maximum prices governing all sales in the Memphis-Shelby County area. The Memphis-Shelby County Area is defined as all parts of Shelby County, Tennessee, and including the City of Memphis, in Shelby County, Tennessee.

(d) Under this order, "custom re-sawing, surfacing and kiln-drying" means only the operations specifically included under section (a) (1) performed, as a service for others, upon lumber in which the person performing these services has no financial interest.

(e) This order may be revoked, amended, or corrected at any time.

(f) This order shall become effective at 12:01 a. m. on May 3, 1944.

SURPLUS WAR PROPERTY ADMINISTRATION.

[Reg. 1]

DISPOSAL OF SURPLUS PROPERTY BY FEDERAL AGENCIES

ESTABLISHMENT OF FORMS AND PROCEDURES

Scope of regulation. This first regulation is designed primarily to advise Federal agencies which possess or control property which is in excess of their needs as to the forms and procedures to be followed in declaring such property surplus and as to the relative duties and responsibilities of such agencies and of the disposal agencies with respect to property so declared surplus. It does not deal in detail with the methods and policies to be followed by the disposal agencies, either in redistributing the property to other Federal agencies or in disposing of it elsewhere, nor with the financial and accounting responsibilities of the disposal agencies.

This regulation by its terms is applicable to all Federal agencies and to all property possessed or controlled by them which they determine to be surplus. However, because of the urgency and magnitude of the problems involved in the disposition of surplus war property of the War and Navy Departments and the Maritime Commission, including termination inventories, this regulation is primarily directed at those problems and is being made effective at this time because of the urgent need for action with respect thereto. This regulation is therefore being made effective at the present time with respect only to surplus war property of the War and Navy Departments and of the Maritime Commission.

Other owning agencies will continue practices heretofore existing under Executive Order No. 9235 with respect to the declaration and disposition of surplus property, until such time as this regulation shall be made effective with respect to them. Because of the large number of agencies and the wide variety of types of property involved, the Surplus War Property Administration may vary or supplement this regulation in making it effective in the future with respect to surplus war property of agencies other than the War and Navy Departments and the Maritime Commission.

This regulation shall become effective with respect to surplus war property of the War and Navy Departments and of the United States Maritime Commission on May 15, 1944.

Definitions. As used in regulations of the Surplus War Property Administration, unless otherwise therein stated,

(a) "Agency" means any executive department, independent establishment, agency, commission, board, bureau, division, administration, office, service, independent regulatory commission or board of the Federal Government, and any corporation owned or controlled by the Federal Government.

(b) "Surplus war property" means any property, real or personal, including but not limited to plants, facilities, equipment, machines, accessories, parts, assemblies, products, commodities materials, and supplies in the possession of or controlled by any agency, whether new or used, in use or in storage, which are in excess of the needs of such agency or are not required for the performance of the duties and functions of such agency and which are determined, subject to the authority of the Office of War Mobilization, to be surplus by such agency.

(c) "Owning agency" means the agency having possession or control of surplus war property at the time when it is determined to be surplus by such agency.

(d) "Disposal agency" means the agency to which, by this regulation or by other action of the Surplus War Property Administration, surplus war property of a specified class is assigned for disposition.

(e) "Administration" means the Surplus War Property Administration established by Executive Order No. 9425 dated February 19, 1944.

(f) "Continental United States, its territories and possessions" shall include Alaska, Hawaii, Puerto Rico, the Philippine Islands, the Virgin Islands and the Panama Canal Zone.

I. *Designation of disposal agencies—*

A. *Procurement Division, Treasury Department.* There is hereby assigned to the Procurement Division of the Treasury Department for disposition all surplus war property of the classes set forth under its name in Exhibit I to this regulation. Such classes of property are herein called consumer goods and are the only classes of property which the Administration deems it feasible so to assign.

B. *Reconstruction Finance Corporation.* There is hereby assigned to the Reconstruction Finance Corporation for disposition all surplus war property of the following classes:

(1) All industrial real property of every character other than that disposed of under part IC, IE or IF hereof, including buildings and fixtures.

(2) Such personal property, including machinery and other equipment, materials, and products finished or in process as are reported as surplus to Reconstruction Finance Corporation by the owning agency as an integral whole in conjunction with the plant or other real property where they are located, and as should in the judgment of Reconstruction Finance Corporation be disposed of as a unit. If not so disposed of, such personal property is hereby assigned to the disposal agency otherwise appropriate hereunder.

(3) The classes set forth under its name in Exhibit I to this regulation.

The foregoing classes of property are herein called capital and producers' goods. In disposition, Reconstruction Finance Corporation may act directly or through any of its subsidiary corporations, created pursuant to section 5d (3) of the Reconstruction Finance Act, as amended, designated by it. Except as above stated, the Administration does not deem it feasible to assign property for disposition to a subsidiary of Reconstruction Finance Corporation.

C. *United States Maritime Commission and Navy Department.* There is hereby assigned to the Maritime Commission for disposition all surplus war property of the following classes:

(1) Shipyards, repair yards, marine terminals and similar marine real property including buildings and fixtures. If, however, the Maritime Commission shall determine that any such property should not be disposed of for the purpose of making it available for use in connection with building, repair, or operation of ships, such property shall constitute industrial real property and be assigned to Reconstruction Finance Corporation.

(2) Such personal property, including machinery and other equipment, materials and products finished or in process as are reported as surplus to the Maritime Commission by the owning agency as an integral whole in conjunction with the maritime real property where they are located, and as should in the judgment of the Maritime Commission be disposed of as a unit for maritime use. If not so disposed of, such personal property is hereby assigned to the disposal agency otherwise appropriate hereunder.

(3) The classes set forth under its name in Exhibit I to this regulation, except as set forth in the next succeeding paragraph.

The foregoing classes of property are herein called ships and maritime property. The Administration does not deem it feasible to assign to the Maritime Commission, and therefore assigns to the Navy Department, for disposition (a) ships under the cognizance of the Navy Department which fall into the categories of combat ships or naval auxiliaries, other than those based on commercial designs or susceptible of commercial usage, and (b) such property of classes set forth under the name of the Maritime Commission in Exhibit I to this regulation as appertains to or forms an integral part of a ship disposed of by the Navy Department.

D. *War Food Administration.* There is hereby assigned to the War Food Administration for disposition all surplus war property of the classes set forth under its name in Exhibit I to this regulation. Such classes of property are herein called food and are the only classes of property which the Administration deems it feasible so to assign.

E. *National Housing Agency.* There is hereby assigned to the National Housing Agency for disposition all surplus war property of the class of housing property (including such community facilities financed through the Federal Works Agency as are located on the sites of housing projects) other than that under the control and jurisdiction of the War Department or the Navy Department.

F. *Federal Works Agency.* There is hereby assigned to the Federal Works Agency for disposition all surplus war property of the class of community facilities financed through such Agency, other than those located on the sites of housing projects.

G. *Foreign Economic Administration.* There is hereby assigned to the Foreign Economic Administration for disposition all surplus war property, of whatsoever nature, located outside the continental United States, its territories and possessions.

H. *Property unassigned.* Surplus war property not covered by the foregoing assignments, including in particular real property not covered by parts IB, IC, IE and IF, will be assigned by subsequent regulation. Pending such regulations owning agencies are authorized to exercise existing powers of disposition, keeping the Administration currently advised of their plans, policies and procedures with respect to such disposition.

I. *Exceptions.* There is excepted from the foregoing assignments all surplus war property of which, by part III of this regulation or by other regulation or policy statement of the Administration, owning agencies are authorized to make disposition.

J. *Transfers.* By arrangements authorized or approved by the Administration, property initially assigned to one disposal agency hereunder may be reassigned to another for disposition.

II. *Procedures for reporting surpluses—*A. *Property to be reported.* Except as to unassigned property and surplus war property of which, by part III of this regulation or by other regulation or policy statement of the Administration, owning agencies are authorized to make disposition, all property of any agency which is determined by such agency to be surplus, as provided in Executive Order No. 9425, shall be reported as herein set forth.

B. *When reports filed.* All such surplus war property will be reported as herein set forth immediately upon the determination by the owning agency that such property is surplus.

C. *Where reports filed—*(1) *Real property.* (a) All surplus real property assigned in part I of this regulation, including plants, buildings and fixtures, will be reported to the disposal agency designated in part I for the disposition thereof. Reports to the Maritime Commission will be reported to the appropriate office of that agency listed in Exhibit II to this regulation. Reports to any other disposal agency for real property, including Reconstruction Finance Corporation, will be sent to its central office in Washington, D. C.

(b) In reporting as surplus real property, or properties comprising both realty and personalty which, in the judgment of the owning agency, can best be disposed of as an integral whole, the owning agency shall submit for each unit a completely itemized and descriptive inventory docket within which the personal property involved shall be fully described and listed in conformity with the major groups (two digits) of the Standard Commodity Classification set forth in Exhibit I to this regulation. Brief preliminary reports, presenting the major characteristics of such properties, should be submitted as far in advance of their actually becoming surplus as is possible.

(c) Whenever a property unit comprising both real and personal property has been reported pursuant to paragraph (b) above, and the disposal agency for the real property determines that any of the personal property can best be disposed of separately, such disposal agency will report such personal property to the disposal agency designated therefor under part I.

(2) *Personal property—*(a) *Where reports filed.* With the exception of personal property included in reports of real estate under paragraph 1 (b) above, all surplus personal property will be reported to the appropriate office of the disposal agency designated therefor in part I, for the region in which the property is located; Exhibit II to this regulation lists all such offices and the regions covered by them; *Provided, however,* That where it proves impracticable to make a sufficiently complete segregation of the various classes of property involved in termination inventories or supply property of the Army or Navy to permit the reporting of each such class to the proper disposal agency, this regulation shall be deemed to be complied with if termination inventory property is reported to the appropriate regional office of Reconstruction Finance Corporation and supply property to the appropriate regional office of the Procurement Division of the Treasury Department, where any necessary segregation and forwarding to another disposal agency will take place; all such reports shall nevertheless comply with the requirements of paragraph 2 (b) below. Pending further regulations, reports of surpluses located abroad shall be made to the central office of the Foreign Economic Administration in Washington, D. C., or elsewhere as agreed upon by that administration and the owning agency.

(b) *Forms.* All reports of surplus war property which is personal property shall, except as set forth in part II C (1) (b), be made on Forms SWPA–1 and SWPA–1 (a) set forth in Exhibit III to this regulation. Such forms shall be used in the manner set forth in the instructions forming a part of such Exhibit.

III. *Responsibilities of owning agencies—*A. *Maintenance of inventories.* Owning agencies are urged to establish as promptly as practicable and maintain currently their inventory records in accordance with the Standard Commodity Classification described in Exhibit I.

B. *Determination of surplus.* Each owning agency will determine what property in its possession or control is surplus, until and unless the Office of War Mobilization shall exercise the applicable authority referred to in Executive Order No. 9425. Particularly during the current phase of the war, owning agencies are urged to exercise the utmost diligence in ascertaining the existence of surpluses and declaring them promptly for disposition. Accordingly, it shall be the responsibility of each owning agency to hold only such property as may be essential for the prosecution of its programs. Through agency procedures inventories shall be reduced to these required levels by declaring as surplus all unneeded items not hereby authorized to be sold by the owning agency.

C. *Sales by owning agencies.* To the extent that surplus war property coming within the scope of this regulation is involved therein, owning agencies are authorized to dispose, or authorize contractors to dispose, of property without declaring it as surplus, in the following situations, to the full extent that such disposition is provided for or permitted by law:

(1) *Termination inventories.* Termination inventories may be disposed of during the course of the termination proceedings, in accordance with the policies set forth in the Administration's letter to the major procuring agencies and Statement of Policies to be Followed by Government Agencies in the Sale of Contract Termination Inventories, both dated April 21, 1944.

(2) *Nominal quantities.* Owning agencies may sell single items or groups of items, when the cost of all substantially similar items which are surplus at any one location does not exceed $1,000.

(3) *Scrap and salvage.* Pending the issuance of specific regulations governing scrap sales of property other than termination inventories, property which

is damaged beyond economical repair, and waste, scrap, salvage and other comparable items, may be sold by owning agencies. Such sales shall be made in conformity with the policies and procedures set forth in part IV of the Administration's Statement of Policies to be Followed by Government Agencies in the Sale of Contract Termination Inventories, dated April 21, 1944, where applicable, or in conformity with established salvage procedures or manuals of the owning agencies, if such procedures or manuals have been filed with the Administration. Sales of scrap by owning agencies shall be reported to the appropriate regional office of Reconstruction Finance Corporation (whether or not such scrap constitutes termination inventory) in such manner and at such times as that corporation shall direct. That corporation shall promptly advise the Administration of any situation in which scrap sales in any area are at such unsatisfactory price levels that sales should be stopped. That corporation shall likewise, at the earliest possible moment, provide a system of local or regional consultants upon whom the representatives of the owning agencies can call for advice and assistance on questions concerning the scrapping of property and the marketing of scrap.

(4) *Property located outside the United States*—(a) *In active theaters of operation.* Military and naval commanders in active theaters of operation may sell or otherwise dispose of any surplus property within their control.

(b) *General.* Owning agencies, pending further regulations, may sell surplus property in localities outside the continental United States, its territories and possessions where the Foreign Economic Administration has no local representative, and in localities in the territories and possessions of the United States where the appropriate disposal agency has no local representative.

(5) *Advance clearance.* Where special circumstances, such as danger of deterioration or sanitary or other hazard, make immediate sales by owning agencies desirable without surplus declaration, advance clearance may be obtained from the Administration or such agency as it may designate for the purpose.

D. *Reports to disposal agencies*—(1) *Regional basis of reporting.* Owning agencies will establish and maintain such organizations and procedures as are necessary to enable them to make reports of surplus property to the disposal agencies on a regional basis, in accordance with the procedures established in part II of this regulation.

(2) *Withdrawal of property reported.* After reporting property to a disposal agency, the owning agency will hold the property subject to disposition instructions from the disposal agency. When property has been reported as surplus, the disposal agency shall thereupon have the exclusive right and obligation to make disposition thereof for the United States. Where unforeseen circumstances arise, however, the owning agency may, with the consent of the disposal agency, withdraw such property for its own use or other disposition prior to its disposition by the disposal agency.

(3) *Limitations on power of disposal.* Owning agencies will accompany each report of surplus with a statement clearly indicating what, if any, legal restrictions exist as to their power to dispose of the property in question. In the absence of any such statement, disposal agencies shall conclusively assume that they have unrestricted power to dispose of the property for the United States, subject to the applicable regulations of the Administration.

E. *Storage, packing and shipping*—(1) *Future policy.* The Administration recognizes the desirability of having a single responsibility for both the sale and the storage, packing and shipping of each class of surplus property. Manpower and facilities shortages prevent this from being effected at the present time. Every effort will be made, however, to provide for the requisite transfer from owning to disposal agencies as soon as these conditions permit, and certainly at some stage between the ending of the first phase of the war and conclusion of the war.

(2) *Present operations.* (a) The owning agency will provide storage for property reported to the disposal agency pending removal or disposal by the disposal agency. At the request of the disposal agency the owning agency will permit reasonable inspection of the property. Upon receipt of shipping instructions from the disposal agency, the owning agency will prepare the property for shipment and will ship in accordance with such instructions.

(b) Pending further regulations, accountability for surplus property will pass to the Procurement Division of the Treasury Department, as to property assigned to it under part I of this regulation, to the same extent and in the same manner as has heretofore been the case under Executive Order 9235, but accountability for all other surplus property will remain in the owning agency until the property is delivered upon the order of the disposal agency.

IV. *Responsibility of disposal agencies*—A. *Disposal.* Disposal agencies shall have the exclusive right and obligation to make disposition, subject to the regulations of the Administration, of all property declared to them as surplus. They shall conclusively assume, unless otherwise notified by the owning agency, that property declared as surplus by an owning agency is property of the United States and that they have unrestricted power to dispose thereof for the United States, subject to the applicable regulations of the Administration. The exclusive responsibilities of disposal agencies shall include determining methods of sale, identity of purchasers and price, execution of all necessary documents in connection with disposal, including any necessary documents of title, and the collection and proper treatment of all proceeds. The military agencies, if they so request in conjunction with the report of surplus, will be consulted prior to the sale of any tactical equipment reported by them.

B. *Inventories.* Disposal agencies will establish and maintain, in each region in which they receive reports of surplus, inventories of all surplus war property reported to them. Such inventories will be maintained in accordance with the Standard Commodity Classification described in Exhibit I.

C. *Storage, packing and shipping.* Disposal agencies will proceed as promptly as is practicable so to organize their activities and personnel as to carry out the policy set forth in part III E (1) of this regulation.

V. *Interagency cooperation.* While there shall be strict adherence to the basic principle of Executive Order No. 9425 that there shall be a single disposal agency for each class of property, disposal agencies will make use, to the extent practicable, of facilities of other agencies which can assist them in their task, and will in turn, through the organization of regional consultants and coordinating and advisory committees and otherwise, render all possible assistance to owning agencies in connection with dispositions made by or under the authority of the owning agencies. Conversely other agencies will make available to the disposal agencies all assistance and facilities which the disposal agencies may reasonably request.

VI. *Sales policies.* All sales of surplus war property, whether made by disposal agencies or by or under the authority of owning agencies, will be made in accordance with the policies, regulations or directions of the Administration or, with its authority, of the disposal agencies. In the absence of specific directions, such as those heretofore issued with respect to sales of termination inventories, sales may be made in such manner as the selling agency shall deem advisable, adhering to the primary principle that a reasonable test of the market, having due regard for the nature, condition, quantity and location of the property, is a necessary prerequisite to any sale.

VII. *Accounting procedures.* Pending specific regulations on the subject, accounting and fiscal procedures and practices of the disposal agencies shall be conducted by the disposal agencies in such manner as they deem appropriate in order to conform to existing laws and regulations.

VIII. *Redistribution within Government.* Disposal agencies will so organize their activities that information as to the availability of surplus war property will at all times be readily obtainable by all agencies. Information as to stocks will be interchanged between offices of the disposal agencies in order that large quantities of scarce items reported in one region may be made available to other regions for distribution, where appropriate. Pending the issuance of more specific instructions, both the procuring agencies and the disposal agencies will take all practical steps to assure as full utilization within Government of available surplus property as is consistent with (a) the nature of the item, (b) timely procurement by the procuring agencies, and (c) prompt disposal by the disposal agencies.

W. L. CLAYTON,
Administrator.

WAR FOOD ADMINISTRATION.

Commodity Credit Corporation.

DAIRY PRODUCERS

OFFER TO MAKE PRODUCTION PAYMENTS

In an effort to maintain and increase the production of Eligible Dairy Products, the War Food Administration through Commodity Credit Corporation (herein called "Commodity"), a corporate agency of the United States, pursuant to announcement heretofore made, hereby offers to make dairy production payments to eligible producers for the period beginning May 1, 1944 and ending March 31, 1945, all in the manner and subject to the terms and conditions specified in this offer, such payments being intended to offset increases, since September 1942, in the cost of milk production.

1. *Eligible producers.* Payments under this offer shall be available, upon compliance with the terms and conditions specified herein, to the following (herein called "eligible producers"): (a) Dairy farmers who sell eligible dairy products during the terms of this offer; and (b) distributors and processors of eligible dairy products in respect of eligible dairy products produced from their own herds during the term of this offer.

2. *Eligible dairy products.* The term "eligible dairy products", as used herein, shall mean whole milk, butterfat, butter, and cream produced in any of the 48 States of the United States or the District of Columbia by the eligible producer who applies for payment hereunder in respect thereof, but shall not include goat's milk or goat's milk products.

3. *Rates of payment.* The rate of the payment hereunder shall be that specified in Schedule A, attached hereto and by this reference made a part hereof, as applicable to the period covered by such payment for the area in which the farm on which such eligible dairy products were produced is located.

4. *Measure of payment.* Payments in respect of eligible dairy products, pursuant hereto, shall be based upon the quantity of whole milk or butterfat: (1) Produced by eligible producers and sold by them; or (2) in the case of eligible producers who are distributors or processors handling also dairy products produced by others, produced from their own herds, during the period covered by the application for payment. For the purpose of any such payment for the period covered by the application for payment: (a) The quantity of whole milk shall be rounded to the nearest hundredweight; (b) the quantity of butter shall be converted to pounds of butterfat on the basis of eight-tenths (0.8) pound of butterfat per pound of butter; (c) the quantity of cream sold (or in the case of eligible producers who are processors or distributors, earmarked) for consumption as cream shall be converted to pounds of butterfat on the basis of four-tenths (0.4) pound of butterfat per quart of cream; (d) the quantity of butterfat shall be rounded to the nearest pound; and (e) the quantity of milk sold by liquid measure shall be converted to pounds of whole milk on the basis of 2.15 pounds per quart. To the extent that eligible producers deliver whole milk and do not recover their skim milk, payments hereunder shall be made on the basis of the applicable whole milk rates regardless of the basis on which they are paid for their product. To the extent that eligible producers deliver cream or butter, or deliver milk as whole milk and recover their skim milk, payments hereunder shall be made at the applicable butterfat rate.

5. *Prerequisites to payment.* This offer shall be deemed to be accepted by, and payments hereunder will be made to, eligible producers who: (a) File applications for payment, in such form as shall be approved by Commodity, with the County AAA Committee in the county in which the eligible dairy products covered thereby were produced not later than sixty (60) calendar days after the last calendar day of the payment period for which the application for payment is submitted and during which the eligible dairy products, for which the application for payment is submitted, were produced (the respective payment periods shall be designated by the Agricultural Adjustment Administration), and (b) supply, with such applications for payment, evidence satisfactory to such County AAA Committee with respect to their eligibility, compliance with this offer, and the proper amounts of such payments. Milk statements or sale receipts issued by cooperatives, dairies, creameries, and others, showing the amount of whole milk or butterfat purchased, the date of purchase, and the names of the seller and buyer will be considered satisfactory evidence of sales. If an eligible producer is unable to furnish satisfactory extrinsic written evidence of sale, his personal certification of the amount sold, number of cows milked, amount and type of feed used, and customers served, may, in the discretion of the County AAA Committee, and subject to such rules as Commodity prescribes, be accepted as sufficient if such certification is consistent with the County AAA Committee's knowledge of the eligible producer's business and is made in accordance with rules as prescribed by Commodity. In the event an eligible producer is also a distributor only of eligible dairy products produced by him, sales of eligible dairy products in the course of such distribution may be totaled for the purpose of recording on the application for payment.

6. *Payment.* Payment hereunder, on the basis of each such application for payment which has been approved by the applicable County AAA Committee, shall, unless Commodity prescribes a different method of payment, be made by such County AAA Committee by a non-interest-bearing draft drawn on Commodity and payable at any Federal Reserve Bank or branch thereof. If the amount of payment to which the eligible producer would otherwise be entitled, as computed by the County AAA Committee, is less than one dollar ($1.00), no payment shall be made. Such draft shall be made payable to the person shown in the corresponding application for payment to be the eligible producer, except in the case of death, incompetency, or disappearance of such person. Each draft shall be given a serial number and shall be prepared in duplicate. The original thereof shall be delivered to the eligible producer and the copy retained in the County AAA office. The making of any payment on the basis of an approved application for payment filed hereunder shall not constitute final acceptance of the validity or amount of the claim represented thereby. In the event of a subsequent finding that any such claim is invalid, defective, or incorrectly computed, Commodity shall have the right to require restitution of any such payment or any part thereof, such right being in addition to any and all other rights of Commodity in the premises.

7. *Assignment and set-off.* Payments due or to become due hereunder shall not be assignable in whole or in part. Payments hereunder shall be subject to set-offs for indebtedness of the eligible producer to United States of America or any agency or corporation thereof recorded on any County AAA office debt register and this offer is expressly made subject to such provision for set-offs.

8. *Death, incompetency, or disappearance.* In case of death, incompetency, or disappearance of an eligible producer, application for any payment hereunder may be made by any person who, under the regulations contained in Agricultural Adjustment Administration Form ACP-122, would be entitled to payment. In any such case, the person filing the application shall execute Agricultural Adjustment Administration Form ACP-103 and file such executed form, attached to the application for payment hereunder, with the County AAA Committee.

9. *Lost, stolen, or destroyed drafts.* In the event any executed draft shall be lost, stolen, or destroyed the fact of such loss, theft, or destruction shall be reported immediately to the office of the applicable County AAA Committee and, in such event, the issuance of a duplicate draft shall be subject to such conditions as Commodity shall, from time to time, prescribe.

10. *Right to declare applications for payment invalid.* Commodity, acting through the applicable County AAA Committee, or otherwise, shall have the right to declare invalid, in whole or in part, any application for payment hereunder in the event the applicant does not qualify as an eligible producer hereunder or such application for payment is not in conformity with this offer.

11. *Instructions and interpretations.* Commodity shall have the right to supplement or clarify any provision or provisions of this offer or alter any procedure contained herein at any time by

the issuance of instructions or interpretations in connection therewith.

12. *Revocation or amendment.* Commodity may amend or revoke this offer at any time, but no such amendment or revocation shall be applicable to eligible dairy products produced prior to the effective time of such amendment or revocation.

"KETCHIKAN"

NOTICE OF DEPOSIT OF JUST COMPENSATION FOR REQUISITIONED VESSEL

Notice is hereby given that the sum of $15,352.00 was deposited with the Treasurer of the United States on May 5, 1944, pursuant to the provisions of section 902 of the Merchant Marine Act, 1936, as amended (57 Stat. 45), and Executive Order 9054, February 7, 1942 (7 F.R. 837), as just compensation for title to the vessel "Ketchikan" Official Number 204442, which was requisitioned by the United States of America, represented by the War Shipping Administrator on December 17, 1942.

By order of the War Shipping Administrator.

A. J. WILLIAMS,
Secretary.

"PAUL L."

DETERMINATION OF VESSEL OWNERSHIP

Notice of determination by War Shipping Administrator pursuant to section 3 (b) of the Act approved March 24, 1943 (Public Law 17, 78th Congress).

Whereas on August 14, 1942, title to the vessel "Paul L." (225418), (including all spare parts, appurtenances and equipment) was requisitioned pursuant to section 902 of the Merchant Marine Act, 1936, as amended; and

Whereas section 3 (b) of the Act approved March 24, 1943 (Public Law 17, 78th Congress), provides in part as follows:

(b) The Administrator, War Shipping Administration, may determine at any time prior to the payment in full or deposit in full with the Treasurer of the United States, or the payment or deposit of 75 per centum, or just compensation therefor, that the ownership of any vessel (the title to which has been requisitioned pursuant to section 902 of the Merchant Marine Act, 1936, as amended, or the Act of June 6, 1941 (Public Law 101, Seventy-Seventh Congress), is not required by the United States, and after such determination has been made and notice thereof has been published in the FEDERAL REGISTER, the use rather than the title to such vessel shall be deemed to have been requisitioned for all purposes as of the date of the original taking: *Provided, however,* That no such determination shall be made with respect to any vessel after the date of delivery of such vessel pursuant to title requisition except with the consent of the owner. * * *;

and

Whereas no portion of just compensation for the said vessel has been paid or deposited with the Treasurer of the United States; and

Whereas the ownership of the said vessel, spare parts, appurtenances and equipment is not required by the United States; and

Whereas the former owner of the vessel has consented to this determination and to the return of the vessel and the conversion of the requisition of title therein to a requisition of use thereof in accordance with the above-quoted provision of law;

Now therefore, I, Emory S. Land, Administrator, War Shipping Administration, acting pursuant to the above-quoted provisions of law, do hereby determine that the ownership of said vessel, spare parts, appurtenances and equipment is not required by the United States, and that, from and after the date of publication hereof in the FEDERAL REGISTER, the use rather than title thereto shall be deemed to have been requisitioned, for all purposes, as of the date of the original taking.

The President

EXECUTIVE ORDER 9441

SUSPENSION OF EIGHT-HOUR LAW AS TO LABORERS AND MECHANICS EMPLOYED BY THE VETERANS' ADMINISTRATION ON PUBLIC WORK WITHIN THE UNITED STATES

WHEREAS the Veterans' Administration is engaged in public-work activities within the United States (including, but not confined to, construction, alteration, repair, maintenance and operation of Veterans' Administration facilities needed for the care and treatment of war veterans) which are essential to the prosecution of the war; and

WHEREAS there exists an acute shortage of laborers and mechanics; and

WHEREAS the efficient and speedy accomplishment of such activities requires that laborers and mechanics therefor be employed in excess of eight hours a day; and

WHEREAS by section 1 of the act of August 1, 1892, 27 Stat. 340, as amended by the act of March 3, 1913, 37 Stat. 726 (U.S.C., title 40, sec. 321), the services of all laborers and mechanics employed by the Government of the United States upon any public work of the United States is limited to eight hours in any one calendar day, except in case of extraordinary emergency; and

WHEREAS I find that by reason of the foregoing an extraordinary emergency exists:

NOW, THEREFORE, by virtue of the authority vested in me by section 1 of the said act of August 1, 1892, as amended by the said act of March 3, 1913, and as President of the United States, I hereby suspend for the duration of the emergencies proclaimed by me on September 8, 1939, and May 27, 1941, the above-mentioned provisions of law prohibiting more than eight hours of labor in any one day by laborers and mechanics employed by the Government of the United States as to all work performed by laborers and mechanics employed by the Veterans' Administration on any public work within the United States which is essential to the prosecution of the war: *Provided,* That the wages and overtime pay of all laborers and mechanics so employed by the Veterans' Administration shall be computed in accordance with the provisions of existing law.

4.20 Delegation to Land Use Coordinator and Director of Finance.
4.21 Effective date.

AUTHORITY: §§ 4.1 to 4.21, inclusive, issued under 39 Stat. 1134, 1150, 16 U.S.C. 520; 50 Stat. 522, 7 U.S.C. 1000–1039; sec. 5, 49 Stat. 116, 118; sec. 206, 48 Stat. 195, 205, 40 U.S.C. 406; 55 Stat. 795; ch. 594, 56 Stat. 796; ch. 595, 56 Stat. 797; title II, 56 Stat. 838, 839, 50 U.S.C. App., Supp. 2, 611; E.O. 6910, dated July 21, 1963; E.O. 7027 and 7028, Apr. 30, 1935; E.O. 7041, May 15, 1935; E.O. 7200, Sept. 26, 1935; E.O. 7330, 2 F.R. 7; E.O. 7557, 2 F.R. 343; E.O. 9001, 6 F.R. 6787; E.O. 9023, 7 F.R. 302; 40 Ops. Att'y Gen. No. 7, Apr. 2, 1941.

§ 4.1 *Oil and gas rights to which these regulations apply.* The regulations herein promulgated are applicable to oil and gas rights owned by the United States and under the jurisdiction of the Department of Agriculture or any agency thereof. They are not applicable to oil and gas rights in (a) lands reserved from the public domain or acquired by exchange pursuant to the Act of March 20, 1922 (42 Stat. 465, 16 U.S.C. 485, 486), as such lands are subject to the mineral laws applicable to the public domain and the authority to execute such laws is vested in the Secretary of the Interior, or (b) to lands acquired in satisfaction of a loan from any agency under the supervision of the Farm Credit Administration.

§ 4.2 *Policy as to development.* Oil and gas leases will be issued by the Secretary of Agriculture or his representative, when one or both of the following conditions are found to exist:

(a) Well established necessity for the production of additional supplies of oil and gas, or for the development of additional oil and gas reserves, in order to meet war needs.

(b) Where the actual or impending development of oil or gas resources of non-Federal lands may, without adequate compensation to the United States, drain the oil and gas resources of the lands administered by the Secretary.

§ 4.3 *Right to reject bids and applications and to waive informality in bids and applications.* The Secretary reserves the right to reject any or all bids and applications and to waive any informality in bids and applications.

§ 4.4 *Maximum aggregate acreage of oil and gas leases.* (a) To prevent monopoly or concentration of control of oil and gas resources owned by the United States, no person, firm, association, or corporation shall be granted, nor will approval be given to an assignment or transfer of, a lease or leases by this Department of an acreage which, combined with the acreage held by such lessee on lands of the United States under other leases or with a proportionate share in such acreage as described hereinafter in this subsection, will exceed a maximum of 2,560 acres within the geologic structure of the same producing oil or gas field or a maximum of 7,680 acres in any single State, except as provided in paragraph (c). Where the United States owns only an undivided fractional interest in the oil and gas resources of the lands involved, the area charged against the limits above prescribed shall be that part of the total acreage involved in the lease which is proportionate to the ownership by the United States of the oil and gas resources therein: *Provided*, That the total acreage of lands of the United States leased for oil and gas production to any person, firm, association, or corporation, where the United States owns undivided interests in the oil and gas deposits, shall not exceed 5,120 acres within the geologic structure of the same producing oil or gas field, or 15,360 acres within any single State.

(b) When a bidder or other applicant for a lease owns common stock of a corporation or is a member of a company or association, holding other oil or gas leases issued by the United States, a part of the leased acreage, proportionate to the applicant's ownership of the stock of the corporation or the applicant's interest in the company or association, shall be included in the applicant's aggregate acreage. When the applicant is a corporation whose common stock is owned by a holder of an oil or gas lease issued by the United States, or when the applicant is a company or association, a member of which holds such a lease, a part of the leased acreage, pro-

portionate to the stockholder's ownership of common stock in the corporation of the member's interest in the company or association, shall be included in the applicant's aggregate acreage.

(c) In the interest of conservation of oil and gas resources, leased lands operated in conformity with a cooperative or unit plan of development covering a pool, field, or area, which plan has been approved by the Department of Agriculture or another Federal department, will not be subject to or included within the acreage limitations above prescribed.

§ 4.5 *Compensation to the United States for oil and gas leases.* Oil and gas leases will be granted only on the basis of payment to the United States of an equitable compensation, which will normally be made in the three following forms:

(a) A bonus, to be paid for the issuance of an oil and gas lease. Such bonus will be the determining factor in the award of a lease when the lease is to be issued on the basis of competitive bidding.

(b) A rental, to be paid annually and in advance, for each acre or fraction thereof in the amount of 25¢ for the first lease year, 50¢ for the second lease year, 75¢ for the third lease year, and $1.00 for the fourth and each subsequent lease years: *Provided*, That if prior to the issuance of a lease a valuable deposit of oil or gas shall have been discovered within the limits of the geologic structure upon which all or a part of the leased lands are situated, the annual rental shall be $1.00 per acre or fraction thereof. If such a deposit shall be discovered after the issuance of a lease, the rental shall be $1.00 per acre or fraction thereof for each lease year beginning after such discovery.

If the interest of the United States in the oil and gas resources of the leased lands shall be less than the total or complete interest, the proportion of the rentals payable on account of each acre or fraction thereof shall be the same as the proportion which the interest of the United States in the oil and gas resources bears to the total interest.

The rental paid for any one lease year shall be credited on the royalty for that year.

(c) A royalty, consisting of a stipulated percentage of the total volume or value of the oil and gas produced from the leased lands, which percentage shall be computed in the manner hereinafter stated in this paragraph (c): *Provided*, That if the interest of the United States in the oil and gas resources of the leased lands shall be less than the total or complete interest, the proportion of production of oil and gas upon which the stipulated royalty shall be due and payable shall be the same as the proportion which the interest of the United States in the oil and gas resources bears to the total interest.

(1) When the price of oil used in computing royalty value is $1 or more per barrel, the per centum of royalty shall be as follows:

When the average production for the calendar month in barrels per well per day is:

Not over 50, the royalty shall be 12.5 percent.
Over 50 but not over 60, the royalty shall be 13 percent.
Over 60 but not over 70, the royalty shall be 14 percent.
Over 70 but not over 80, the royalty shall be 15 percent.
Over 80 but not over 90, the royalty shall be 16 percent.
Over 90 but not over 110, the royalty shall be 17 percent.
Over 110 but not over 130, the royalty shall be 18 percent.
Over 130 but not over 150, the royalty shall be 19 percent.
Over 150 but not over 200, the royalty shall be 20 percent.
Over 200 but not over 250, the royalty shall be 21 percent.
Over 250 but not over 300, the royalty shall be 22 percent.
Over 300 but not over 350, the royalty shall be 23 percent.
Over 350 but not over 400, the royalty shall be 24 percent
Over 400 but not over 450, the royalty shall be 25 percent.
Over 450 but not over 500, the royalty shall be 26 percent.
Over 500 but not over 750, the royalty shall be 27 percent.
Over 750 but not over 1,000, the royalty shall be 28 percent.
Over 1,000 but not over 1,250, the royalty shall be 29 percent.
Over 1,250 but not over 1,500 the royalty shall be 30 percent.
Over 1,500 but not over 2,000, the royalty shall be 31 percent.
Over 2,000 the royalty shall be 32 percent.

When the price of oil used in computing royalty value is less than $1 per barrel, the per centum of royalty shall be the foregoing multiplied by the ratio of said price to a price of $1 per barrel: *Provided, however*, That the percentum of royalty shall never be less than 12.5.

If the United States shall take its royalty in oil, the price received by the lessee as well as that received by the lesser shall be considered in determining the price to govern the per centum of royalty, unless both prices are $1 or more per barrel.

(2) On gas, including inflammable gas, carbon dioxide and all other natural gases and mixtures thereof, and on natural or casinghead gasoline and other liquid products obtained from gas, the royalty shall be:

When the average production of gas per well per day for the calendar month does not exceed 5,000,000 cubic feet, 12½ percent of the amount or value of the gas and liquid products produced; and when said production of gas exceeds 5,000,000 cubic feet, 16⅔ percent; said amount or value of such liquid products to be net after an allowance for the cost of manufacture: *Provided*, That the allowance for cost of manufacture may exceed two-thirds of the amount or value of any product only on approval by the Secretary and that said value of gas and of liquid products shall be as determined by the Secretary.

(3) The average production per well per day for oil and for gas shall be determined under rules and regulations approved by the Secretary.

The foregoing to the contrary notwithstanding, during the period of the national emergency proclaimed by the President on May 27, 1941 (Proclamation numbered 2487), upon a determination by the Secretary of Agriculture that a new oil or gas field or deposit has been discovered by virtue of a well or wells drilled within the boundaries of lands described in a lease issued under these regulations, the royalty obligation to the United States of the lessee who drills such well or wells as to such new field or deposit shall be limited for a period of ten years following the date of such discovery to a flat rate of 12½ per centum. Any sand or zone situated at a stratigraphic level higher or lower than the known productive sands within the area of any geologic trap shall be deemed upon discovery to be a new deposit. The discovery of a new oil or gas field or deposit shall not affect the rate of royalties on production from deposits previously known to exist.

§ 4.6 *Leasing of oil or gas resources in proved territory, or in unproved territory where competitive interest in leasing is evident.* In territory proved by prior development of producing oil or gas wells or by geologic determination, or in unproved territory where competitive interest in leasing is evident, and where the United States is the full owner of the oil and gas resources in the lands involved or where the undivided fractional interest of the United States in the oil and gas resources is such that its separate disposal is practicable and equitable, oil and gas leases will be issued only after due publicity through advertisements in newspapers of local circulation and trade journals, posting of notices of interest in appropriate public places, and written announcements to persons known to be interested in the development of such resources, followed by the receipt and consideration of formal sealed bids. The award will be made to the qualified bidder who offers the largest sum of money as a bonus for the issuance of a lease.

§ 4.7 *Leasing of oil and gas resources in unproved territory where competitive interest in leasing is not evident.* In territory which has not been proved by prior development of producing oil or gas wells or by geologic determination and where competitive interest in leasing is not evident, on lands in which the United States is full owner of the oil and gas resources or where the undivided fractional interest of the United States in these resources is such that its separate disposal is practicable and equitable, oil and gas leases may be issued to a qualified applicant on the basis of negotiation without the requirement of competitive bidding, but under such terms and conditions as are found by the Secretary to be in the public interest. Applications for such leases shall be submitted on standard Departmental forms, obtainable from representatives of the Secretary in the field or in Washington, D. C., and shall be mailed or personally delivered to the Division of Purchase, Sales and Traffic, Department of Agriculture, Washington, D. C. An application so received shall be held for a period of ten working days following its receipt. If during such period other applications for leases on any or all of the same lands are received, or the Department is otherwise apprised of a competitive interest in leasing the lands involved, all applications will be rejected, and the procedure prescribed by § 4.6 will be followed. Otherwise, if the applicant is qualified, the application will be recognized, at the expiration of the tenth working day following the day of its receipt, as affording the applicant priority in the issuance of a lease upon such terms and conditions as the Secretary may deem to be in the public interest; competitive bids will not be solicited nor will any application subsequently received be given precedence over the first application filed in the manner herein prescribed.

§ 4.8 *Leasing of undivided fractional interests to co-owners.* Where the United States is the owner of an undivided fractional interest in oil and gas resources and the disposal of such interest to persons other than the co-owner or co-owners thereof is not practicable or equitable, leases may be granted to such co-owner or co-owners or their lessees on the basis of negotiation without the requirement of competitive bidding and regardless of any other application which may be filed, but under such terms and conditions as are found by the Secretary to be in the public interest.

§ 4.9 *Future interests.* Where the United States owns a future interest in oil or gas, the Secretary may, where it is deemed in the public interest, enter into an agreement for the issuance of an oil and gas lease at some future time.

§ 4.10 *Qualifications of lessees.* In order to obtain an oil and gas lease, the prospective lessee must prove to the satisfaction of the Secretary that he is a citizen of the United States, that he has the legal capacity to enter into the lease, and that he has the financial ability to carry out the provisions of the lease. Proof of other qualifications may be required, in accordance with § 4.20.

§ 4.11 *Drainage.* When the Secretary determines that wells drilled upon lands not owned by the United States are draining oil or gas from lands or deposits owned in whole or in part by the United States and administered by him, he may negotiate agreements whereby the United States, or the United States and its lessees, shall be compensated for such drainage, such agreements to be made with the consent of all the lessees affected thereby. Steps leading to the negotiation of such agreements may be initiated in the Department or by application of interested parties. The precise nature of any agreement negotiated will depend on all the conditions and circumstances involved.

§ 4.12 *Assignment of oil and gas leases or interests therein.* No oil and gas leases issued by or under the authority of the Secretary or any interest therein shall be assigned either by operating agreement, working or royalty interest, or otherwise, nor shall any portion of the leased premises be sublet, except (a) with the consent in writing of the Secretary obtained prior to the assignment, or (b) subject to the assignment being submitted to the Secretary within thirty days of the date of its execution and to his approval. All assignments must be submitted in triplicate and must contain all of the terms and conditions agreed upon by the parties thereto. If the assignment fails to describe the true consideration, an accompanying affidavit which describes the consideration in full detail must be submitted. Such affidavit will be treated as confidential and not for public inspection. No assignment will be recognized as valid which, exclusive of the royalty payable to the United States, shall create overriding royalty interests in the lease aggregating in excess of five percent. No assignment providing for other payments out of production which constitute a burden upon lease operations prejudicial to the interests of the United States will be approved.

§ 4.13 *Inclusion of leased lands in unitization programs.* The development and operation of any area, field, or pool under a Federally-approved cooperative or unit plan is favored in principle, and where the details of operation of such cooperative or unit plan are acceptable to the Secretary all lands within the limits thereof which are covered by oil and gas leases issued by him shall be subject to the provisions of such cooperative or unit plan.

§ 4.14 *Bond requirements.* Within fifteen days after the Secretary has sent to the lessee an oil and gas lease executed by all parties thereto or has notified the lessee that the lease has become effective, the lessee shall file with the designated representative of the Secretary and thereafter maintain a bond in the sum of $1,000 with acceptable surety to guarantee compliance with the terms of the lease, but prior to the initiation by the lessee of drilling operations the lessee shall substitute for that bond, and at all times thereafter maintain as required by the lessor, a bond in such penal sum as shall be stipulated in the lease, with approved corporate surety, or with deposit of United States bonds as surety therefor, conditioned upon compliance with the terms of the lease. The bond of any surety company approved by the Secretary of the Treasury will be accepted as security for performance of the lease.

§ 4.15 *Leases on same land for minerals other than oil and gas.* The granting of a lease for the development or production of oil or gas will not preclude the issuance of other leases or permits on the same land for the mining of other minerals, where not incompatible with the development of the oil and gas resources, with suitable stipulations for joint occupancy by the holders of such leases or permits, to the end that the full development of the mineral resources may be secured.

§ 4.16 *Non-discriminatory employment policies.* All oil and gas leases shall stipulate that the lessee, in the performance of the lease, shall not discriminate against any employee or applicant for employment because of race, creed, color or national origin, and that the lessee shall include in all subcontracts a provision imposing a like obligation on subcontractors.

§ 4.17 *Right to extract helium.* Each oil and gas lease shall stipulate that the United States shall have the right to extract helium from all gas produced on the lands covered by the lease, provided that the said extraction shall be accomplished without substantial delay and shall not otherwise reduce the sale value of the gas; and each lessee must release to the United States any rights which he may have, or may acquire in the future, in said helium through ownership of, or contract with reference to, undivided interests in the oil and gas deposits underlying said lands.

§ 4.18 *Officer in charge.* A representative of the Secretary, to be designated by and to be under the direction of the chief of the bureau charged with the administrative responsibility for the leased property, will supervise and direct operations under each lease. He will be referred to in all leases, agreements, and regulations as the Officer in Charge. Each lessee will be advised as to who is the officer in charge of his particular lease.

§ 4.19 *Lease forms and operating regulations.* Leases will be issued on forms to be prescribed as provided in § 4.20 and shall include provisions and operating regulations for the sound development of the oil and gas resources and for the protection of the surface uses of the land.

§ 4.20 *Delegation to Land Use Coordinator and Director of Finance.* The Land Use Coordinator and the Director of Finance shall jointly have the power to prescribe detailed procedures, forms, and operating regulations in accordance with these regulations.

§ 4.21 *Effective date.* These regulations shall be effective 30 days after they are published in the FEDERAL REGISTER.

Issued at Washington, D. C., this 13th day of May 1944.

Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

I concur:

GROVER B. HILL,
First Assistant
War Food Administrator.

Chapter X—War Food Administration (Production Orders)

[WFO 99]

PART 1220—FEED

USE OF VITAMIN A IN MIXED FEED

The fulfillment of requirements for the defense of the United States will result in a shortage in the supply of vitamin A for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1220.11 *Use of vitamin A in mixed feed*—(a) *Restrictions on the use of vitamin A in mixed feed.* No person shall use, deliver, sell, manufacture or prepare any mixed feed that contains more vitamin A supplied by or derived from fish oil, fish-viscera oil or fish-liver oil than the following quantities:

	U. S. P. XII units per pound
(1) Starting feeds for chickens and other poultry, except turkeys	1,500
(2) Other starting feeds for chickens and other poultry, except turkeys (in the form to be consumed)	1,500
(3) All-mash starting feeds for turkeys	3,000
(4) Other starting feeds for turkeys (in the form to be consumed)	3,000
(5) All-mash broiler feeds	1,500
(6) Other broiler feeds (in the form to be consumed)	1,500
(7) All-mash growing feeds for chickens and other poultry, except turkeys	1,800
(8) Other growing feeds for chickens and other poultry, except turkeys (in the form to be consumed)	1,800
(9) All-mash growing feeds for turkeys	3,000
(10) Other growing feeds for turkeys (in the form to be consumed)	3,000
(11) All-mash laying and breeding feeds for chickens and all other poultry, including turkeys	3,000
(12) Other laying and breeding feeds for chickens and all other poultry, including turkeys (in the form to be consumed)	3,000
(13) Mixed feed for calves (in the form to be consumed)	4,000
(14) Mixed feed for dogs and fur-bearing animals (in the form to be consumed)	3,000
(15) All other mixed feed (in the form to be consumed)	2,000

The restrictions of this paragraph shall not apply to any mixed feed manufactured or prepared prior to the publication of this order in the FEDERAL REGISTER.

(b) *Records and reports.* Each feed manufacturer, feed mixer, custom feed mixer, feed distributor or feed dealer who purchased, or used, or sold or had on hand any fish oil, fish-viscera oil or fish-liver oil in the first five months of 1944 shall make a report to the Director on Form FP 7, on or before June 15, provided the quantity of such oil exceeds 400 pounds (or approximately 52 gallons). In addition, the Director shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in the Director's discretion, to the enforcement or administration of the provisions of this order.

(c) *Definitions.* For the purposes of this order:

(1) "Vitamin A" means pre-formed vitamin A, and does not mean the provitamins A such as the carotenes and cryptoxanthin.

(2) "Fish oil" means any oil containing vitamin A derived, extracted or processed from fish, including whole-fish oil and fish-body oil, but not including fish-viscera oil or fish-liver oil.

(3) "Fish-viscera oil" means any oil containing vitamin A derived, extracted or processed from the viscera of fish.

(4) "Fish-liver oil" means any oil containing vitamin A derived, extracted or processed from the livers of fish.

(5) "Mixed feed" means any mixture or combination of two or more natural or artificial feedstuffs used or intended for use in feeding livestock, poultry, furbearing or other animals.

(6) "Feedstuff" means any material or substance used or intended for use in the feeding of livestock, poultry, furbearing animals or other animals for any purpose whatever.

(7) "Director" means the Director of Production, War Food Administration.

(d) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of vitamin A supplied by or derived from fish oil, fish-viscera oil or fish-liver oil, of any person, and to make such investigations, as may be necessary or appropriate, in the Director's discretion, to the enforcement or administration of the provisions of this order.

(e) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the Director, setting forth in such petition all pertinent facts and the nature of the relief sought. The Director may thereupon take such action as he deems appropriate, which action shall be final.

(f) *Violations.* In accordance with the applicable procedure, any person who violates any provision of this order may be prohibited from receiving, making any deliveries of, or using vitamin A supplied by or derived from fish oil, fish-viscera oil or fish-liver oil or any other material subject to priority or allocation control by any government agency. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(g) *Delegation of authority.* The administration of this order and the powers vested in the War Food Administrator, insofar as such powers relate to the administration of this order, are hereby delegated to the Director. The Director is authorized to redelegate to any employee of the United States Department of Agriculture any or all of the authority vested in him by this order.

(h) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued by the Director, be addressed to the Director of Production, War Food Administration, Washington 25, D. C., Ref. WFO 99.

NOTE: All reporting and record keeping requirements of this order have been approved by, and subsequent reporting and record keeping requirements will be subject to the approval of, Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 78—DECORATIONS, MEDALS, RIBBONS, AND SIMILAR DEVICES

DECORATIONS FOR INDIVIDUALS

Section 78.2 (h) (1) (8 F.R. 15482, 9 F.R. 3417) is amended as follows:

§ 38.2 *To whom decorations awarded.* • • •

(h) *Purple Heart.* (1) (i) • • •

(ii) In connection with the definition of "wound" above, the word "element" refers to weather and permits award to personnel severly frostbitten while actually engaged in combat. Trench foot will not be considered as meriting award. The phrase "at the same instant" is intended to prevent duplicate awards of the Purple Heart for two or more injuries or wounds received from one missile, force, explosion, or agent. A wounded soldier's unsupported statement may be accepted in unusual or extenuating circumstances when, in the opinion of the officer making the award, no corroborative evidence is obtainable. However, the statement will be substantiated if possible. Chapter I—Federal Trade Commission

[Docket No. 4606]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

NATIONAL CREPE PAPER ASSOCIATION OF AMERICA, ET AL.

§ 3.27 (d) *Combining or conspiring—To enhance, maintain or unify prices.* In connection with offer, etc., in commerce of crepe paper, and on the part of respondent Association, its secretary and manager, eight corporate manufacturers, members or former members thereof, and their officers, etc., entering into, continuing, cooperating in, or carrying out any planned common course of action, agreement, understanding, combination, or conspiracy between or among any two or more of said respondents, or between any one or more of said respondents and others not parties to the proceeding, to (1) establish or maintain uniform prices for crepe paper, or in any manner agreeing upon, fixing, or maintaining any prices at which crepe paper is to be sold; (2) establish or maintain delivered price zones or price differentials between or among such zones; (3) establish or maintain classifications of customers or prospective customers for pricing purposes; (4) adopt or maintain uniform standards governing creping ratios, sizes, or weights of crepe paper, or the sale of seconds or close-outs, with the purpose or effect of establishing or maintaining, or assisting in the establishing or maintaining of, uniform prices for crepe paper; (5) file with respondent Association or respondent George J. Lincoln, Jr., or with any other agency or person, copies of invoices, or price lists showing current or future prices for crepe paper; or (6) engage in any act or practice substantially similar to those set out in this order with the purpose or effect of establishing or maintaining uniform prices for crepe paper; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, National Crepe Paper Association of America, et al., Docket 4606, April 22, 1944]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 22d day of April, A. D. 1944.

In the Matter of National Crepe Paper Association of America, an Unincorporated Trade Association; George J. Lincoln, Jr., as Secretary and Manager of National Crepe Paper Association of America; American Tissue Mills, a Corporation, Charles T. Bainbridge's Sons, a Corporation, Fort Howard Paper Company, a Corporation, The Papyrus Company, a Corporation, C. A. Reed Company, a Corporation, and The Tuttle Press Company, a Corporation, All Members, Respectively, of National Crepe Paper Association of America; Dennison Manufacturing Company, a Corporation; and The Reyburn Manufacturing Company, a Corporation

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers of respondents, testimony and other evidence taken before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence, and briefs in support of and in opposition to the complaint (oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondents, National Crepe Paper Association of America, an unincorporated association, George J. Lincoln, Jr., as Secretary and Manager of said Association, American Tissue Mills, Charles T. Bainbridge's Sons, Fort Howard Paper Company, The Papyrus Company, C. A. Reed Company, The Tuttle Press Company, Dennison Manufacturing Company, and The Reyburn Manufacturing Company, corporations, and respondents' officers, agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of crepe paper in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from entering into, continuing, cooperating in, or carrying out any planned common course of action, agreement, understanding, combination, or conspiracy between or among any two or more of said respondents, or between any one or more of said respondents and others not parties to this proceeding, to do or perform any of the following acts or things:

1. Establishing or maintaining uniform prices for crepe paper, or in any manner agreeing upon, fixing, or main-

taining any prices at which crepe paper is to be sold.

2. Establishing or maintaining delivered price zones or price differentials between or among such zones.

3. Establishing or maintaining classifications of customers or prospective customers for pricing purposes.

4. Adopting or maintaining uniform standards governing creping ratios, sizes, or weights of crepe paper, or the sale of seconds or close-outs, with the purpose or effect of establishing or maintaining, or assisting in the establishing or maintaining of, uniform prices for crepe paper.

5. Filing with respondent National Crepe Paper Association of America or respondent George J. Lincoln, Jr., or with any other agency or person, copies of invoices, or price lists showing current or future prices for crepe paper.

6. Engaging in any act or practice substantially similar to those set out in this order with the purpose or effect of establishing or maintaining uniform prices for crepe paper.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

§ 3.6 (a 10) *Advertising falsely or misleadingly—Comparative data or merits:* § 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product or service:* § 3.6 (y) *Advertising falsely or misleadingly—Safety.* In connection with offer, etc., in commerce, of respondent's "Flexo", or any other similar product, representing directly or by implication that said product (1) is a safe or dependable anti-freeze preparation for use in the cooling systems of automobile engines; (2) is a superior type of anti-freeze preparation; (3) will protect the cooling systems of automobile engines against corrosion, rust, or other deterioration; (4) will not cause rust, corrosion, or other damage to the cooling systems of automobile engines or damage to such engines or to radiators or hose connections or the exterior finish of automobiles; (5) will not evaporate in use or clog passages in the cooling systems of automobile engines; and (6) will not injure, rust, or corrode aluminum, brass, copper, iron, or other metals, or injure the rubber parts of the cooling systems of automobile engines; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, American Chemical Company, Docket 4956, April 25, 1944]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 25th day of April, A. D. 1944.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, answer of the respondent, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence, and brief in support of the complaint (no brief having been filed by the respondent and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, American Chemical Company, a corporation, and its officers, representatives, agents, and employees directly or through any corporate or other device in connection with the offering for sale, sale, and distribution of its product designated "Flexo" or any other product of substantially similar composition, whether sold under the same name or under any other name, in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing directly or by implication:

1. That said product is a safe or dependable anti-freeze preparation for use in the cooling systems of automobile engines.

2. That said product is a superior type of anti-freeze preparation.

3. That said product will protect the cooling systems of automobile engines against corrosion, rust, or other deterioration.

4. That said product will not cause rust, corrosion, or other damage to the cooling systems of automobile engines or damage to such engines or to radiators or hose connections or the exterior finish of automobiles.

5. That said product will not evaporate in use or clog passages in the cooling systems of automobile engines.

6. That said product will not injure, rust, or corrode aluminum, brass, copper, iron, or other metals, or injure the rubber parts of the cooling systems of automobile engines.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, All-Winter Anti-Freeze Company, Docket 5016, April 25, 1944]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 25th day of April, A. D. 1944.

In the Matter of D. E. Hamiel, an Individual Trading as All-Winter Anti-Freeze Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission (no answer having been filed by respondent), testimony and other evidence taken before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence, and brief in support of the complaint (no brief having been filed by respondent and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, D. E. Hamiel, individually and trading as All-Winter Anti-Freeze Company, or trading under any other name, and his agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of respondent's product designated "All-Winter Anti-Freeze" and "Chem-A-Cool," or any other product of substantially similar composition, do forthwith cease and desist from:

1. Using the term "Anti-Freeze," or any other term of similar import, to designate, describe, or refer to respondent's product; or otherwise representing, directly or by implication, that respondent's product is an effective anti-freeze solution.

2. Representing, directly or by implication, that respondent's product affords protection to automotive cooling systems or engines against freezing.

3. Representing, directly or by implication, that respondent's product is dependable or safe for use.

4. Advertising, offering for sale, or selling respondent's product without clearly and conspicuously disclosing that the use of said product in an automotive vehicle may cause serious corrosion of parts of the cooling system and motor; stoppage of water passages, particularly in the radiator, with resultant overheating; and a short circuit in the ignition system, necessitating the replacement thereof.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter A—Income and Excess Profits Taxes

[T.D. 5369]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

MUTUAL FIRE INSURANCE COMPANIES ISSUING PERPETUAL POLICIES

Regulations 111, amended to conform to section 135 of the Revenue Act of 1943, relating to mutual fire insurance companies issuing perpetual policies.

In order to conform Regulations 111 (Part 29, Title 26, Code of Federal Regulations, Cum. Supp.) to section 135 of the Revenue Act of 1943 (Public Law 235, 78th Congress), enacted February 25, 1944, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 29.204-1 the following:

SEC. 135. MUTUAL FIRE INSURANCE COMPANIES ISSUING PERPETUAL POLICIES. (Revenue Act of 1943, Title I.)

(a) *Taxability under section 204.* Section 204 (a) (relating to tax on insurance companies other than life or mutual) is amended as follows:

(1) By inserting in paragraph (1) after "every mutual marine insurance company" the following: "and every mutual fire insurance company exclusively issuing either perpetual policies, or policies for which the sole premium charged is a single deposit which (except for such deduction of underwriting costs as may be provided) is refundable upon cancellation or expiration of the policy";

(2) By inserting in paragraph (2) after "a foreign mutual marine insurance company" the following: "and a foreign mutual fire insurance company described in paragraph (1) of this subsection"; and

(3) By inserting in paragraph (3) after "foreign mutual marine insurance companies" the following: "and foreign mutual fire insurance companies described in paragraph (1) of this subsection".

(b) *Gross income.* Section 204 (b) (1) (relating to a definition of gross income) is amended by inserting after the semicolon at the end thereof, the following: "except that in the case of a mutual fire insurance company described in paragraph (1) of subsection (a) of this section, the amount of single deposit premiums paid to such company shall not be included in gross income;".

(c) *Dividends.* Section 204 (c) (11) (relating to deduction of dividends paid or declared) as amended by striking out the period at the end of the first sentence thereof, and inserting the following: ", except in the case of a mutual fire insurance company described in paragraph (1) of subsection (a) of this section.".

* * * * *

(f) *Taxable years to which applicable.* The amendments made by this section shall apply with respect to taxable years beginning after December 31, 1941.

PAR. 2. The heading and the first sentence of § 29.204-1 are amended to read as follows:

§ 29.204-1 *Tax on insurance companies other than life or mutual and mutual marine insurance companies and mutual fire insurance companies issuing perpetual policies.* All insurance companies, other than life or mutual or foreign insurance companies not carrying on an insurance business within the United States, and all mutual marine insurance companies and mutual fire insurance companies exclusively issuing either perpetual policies, or policies for which the sole premium charged is a single deposit which, except for such deduction of underwriting costs as may be provided, is refundable upon cancellation or expiration of the policy, are subject to the tax imposed by section 204.

PAR. 3. The heading and the first sentence of § 29.204-2 are amended to read as follows:

§ 29.204-2 *Gross income.* Gross income as defined in section 204 (b) means the gross amount of income earned during the taxable year from interest, dividends, rents, and premium income, computed on the basis of the underwriting and investment exhibit of the annual statement approved by the National Convention of Insurance Commissioners, as well as the gain derived from the sale or other disposition of property, and all other items constituting gross income under section 22, except that in the case of a mutual fire insurance company described in § 29.204-1 the amount of single deposit premiums received, but not assessments, shall be excluded from gross income.

PAR. 4. Section 29.204-3 is amended as follows:

(A) The heading is amended to read as follows: "*Deductions.*"

(B) The seventh, eighth and ninth sentences of the first paragraph are amended to read as follows:

The deduction is the same as that allowed mutual insurance companies subject to the tax imposed by section 207, see section 207 (b) (4) (F) and the regulations thereunder. Insurance companies, other than mutual fire insurance companies described in § 29.204–1, are also allowed a deduction for dividends and similar distributions paid or declared to policyholders in their capacity as such. The deduction is otherwise the same as that allowed mutual insurance companies subject to the tax imposed by section 207, see section 207 (b) (3) and the regulations thereunder.

PAR. 5. There is inserted immediately preceding § 29.207–1 the following:

SEC. 135. MUTUAL FIRE INSURANCE COMPANIES ISSUING PERPETUAL POLICIES. (Revenue Act of 1943, Title I.)

* * * * *

(d) *Nontaxability under section 207.* Section 207 (a) (relating to tax on mutual insurance companies other than life or marine) is amended by inserting after "other than a life or a marine insurance company" and after "other than a life or marine insurance company", wherever appearing therein, the following: "or a fire insurance company subject to the tax imposed by section 204".

(e) *Real estate; bond premium and discount.* Subsections (c) and (d) of section 207 are amended by striking out "other than life and marine", wherever appearing therein, and inserting in lieu thereof the following: "subject to the tax imposed by this section".

(f) *Taxable years to which applicable.* The amendments made by this section shall apply with respect to taxable years beginning after December 31, 1941.

PAR. 6. Section 29.207–1 is amended as follows:

(A) The heading and the first sentence of the first paragraph are amended to read as follows:

§ 29.207–1 *Tax on mutual insurance companies other than life or marine or fire insurance companies subject to the tax imposed by section 204.* All mutual insurance companies, including foreign insurance companies carrying on an insurance business within the United States, not taxable under sections 201 or 204 and not specifically exempt under the provisions of section 101 (11), are subject to the tax imposed by section 207 (a) on their investment income or on their gross income, whichever tax is the greater, except interinsurers and reciprocal underwriters which are taxed only on their investment income.

(B) The second, third and fifth paragraphs are amended by striking out "other than life or marine" wherever appearing therein, and inserting in lieu thereof the following: "subject to the tax imposed by section 207".

(C) The fourth paragraph is amended by striking out "other than life or marine".

(D) Example (3) is amended by inserting after "a mutual fire insurance company" the following: "subject to the tax imposed by section 207".

PAR. 7. Section 29.207–4 is amended as follows:

(A) Paragraph (a) is amended by striking out "other than life or marine" wherever appearing therein, and inserting in lieu thereof the following: "subject to the tax imposed by section 207".

(B) Paragraph (b) is amended by striking out "of a mutual insurance company other than life or marine".

(C) Example (1) is amended by inserting after "a mutual fire insurance company" the following: "subject to the tax imposed by section 207".

PAR. 8. Section 29.207–5 is amended by striking out "other than life or marine" and inserting in lieu thereof the following: "subject to the tax imposed by section 207".

PAR. 9. Section 29.207–6 is amended by striking out "other than life or marine" wherever appearing therein, and inserting in lieu thereof the following: "subject to the tax imposed by section 207".

(Sec. 135, Revenue Act of 1943 (Pub. Law 235, 78th Cong.), enacted Feb. 25, 1944, and sec. 62, Internal Revenue Code (53 Stat. 32; 26 U.S.C., 1940 ed., 62))

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

ADJUSTMENT OF BASIS AS RESULT OF CANCELLATION OF INDEBTEDNESS

Amending Regulations 111 to conform to section 122 of the Revenue Act of 1943, relating to adjustment of basis as result of cancellation of indebtedness in a proceeding under section 77B of the Bankruptcy Act, as amended.

In order to conform Regulations 111 (Part 29, Title 26, Code of Federal Regulations, Cum. Supp.) to section 122 of the Revenue Act of 1943 (Public Law 235, 78th Congress), enacted February 25, 1944, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately after § 29.113 (b) (3)–2 the following:

SEC. 122. REORGANIZATION BY ADJUSTMENT OF CAPITAL STRUCTURE PRIOR TO SEPTEMBER 22, 1938. (Revenue Act of 1943.)

(a) *In general.* Section 113 (b) (relating to adjustments to the basis of property) is amended by inserting at the end thereof the following:

(4) *Adjustment of capital structure prior to September 22, 1938.* Where a plan of reorganization of a corporation, approved by the court in a proceeding under section 77B of the National Bankruptcy Act, as amended, is consummated by adjustment of the capital or debt structure of such corporation without the transfer of its assets to another corporation, and a final judgment or decree in such proceeding has been entered prior to September 22, 1938, then the provisions of section 270 of the National Bankruptcy Act, as amended, shall not apply in respect of the property of such corporation. For the purposes of this paragraph the term "reorganization" shall not be limited by the definition of such term in section 112 (g).

(b) *Taxable years to which applicable.* A provision having the effect of the amendment made by subsection (a) shall be deemed to be included in the revenue laws respectively applicable to taxable years beginning after December 31, 1935.

§ 29.113 (b) (4)–1 *Adjusted basis: Exception to section 270 of the Bankruptcy Act, as amended.* The adjustment to basis provided by section 270 of the Bankruptcy Act of 1898, as amended, and §§ 29.113 (b) (1)–2 and 29.113 (b) (1)–3 of these regulations shall not be made if, in a proceeding under section 77B of such act, indebtedness was canceled in pursuance of a plan of reorganization which was consummated by adjustment of the capital or debt structure of the insolvent corporation, and the final judgment or decree in such proceeding was entered prior to September 22, 1938. Section 113 (b) (4) and this section do not apply if the plan of reorganization under section 77B was consummated by the transfer of assets of the insolvent corporation to another corporation.

PAR. 2. Regulations 103 and prior income tax regulations are amended by incorporating therein the provisions of § 29.113 (b) (4)–1 of Regulations 111 to the extent necessary to accord with section 122 of the Revenue Act of 1943 as applicable to years beginning prior to January 1, 1942, and after December 31, 1935.

(Sec. 62, Internal Revenue Code (53 Stat. 32; 26 U.S.C., 1940 ed., 62), corresponding provisions of prior revenue laws, and sec. 122, Revenue Act of 1943 (Pub. Law 235, 78th Cong.))

JOSEPH D. NUNAN, Jr.,
Commissioner of Internal Revenue.

Approved: May 11, 1944.

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

COMPUTATION OF NET INCOME

Regulations 111 amended to conform to sections 109, 111, 114, and 115 of the Revenue Act of 1943, relating to exclusion from gross income of certain mustering-out payments, denial of deduction for certain Federal excise taxes, deduction for corporate contributions to veterans' organizations, and special deduction for the blind.

In order to conform Regulations 111 (Part 29, Title 26, Code of Federal Regulations, Cum. Supp.) to sections 109, 111, 114, and 115 of the Revenue Act of 1943 (Public Law 235, 78th Congress), enacted February 25, 1944, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately after § 29.22 (b) (13)–1 the following:

SEC. 109. EXCLUSION FROM GROSS INCOME OF MUSTERING-OUT PAYMENTS FOR MILITARY AND NAVAL PERSONNEL. (Revenue Act of 1943, Title I.)

Section 22 (b) (relating to exclusions from gross income) is amended by inserting at the end thereof the following:

(14) *Mustering-out payments for military and naval personnel.* Amounts received during the taxable year as mustering-out payments with respect to service in the military or naval forces of the United States.

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1943, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1943.

§ 29.22 (b) (14)–1 *Mustering-out payments of military and naval forces.* The exclusion from gross income under section 22 (b) (14) of mustering-out payments with respect to service in the military and naval forces applies only with respect to taxable years beginning after December 31, 1943. For the purposes of such exclusion mustering-out payments are payments made to any recipients pursuant to the provisions of the Mustering-Out Payment Act of 1944.

PAR. 2. There is inserted immediately preceding § 29.23 (c)–1 the following:

SEC. 111. DENIAL OF DEDUCTION FOR FEDERAL EXCISE TAXES NOT DEDUCTIBLE UNDER SECTION 23 (a). (Revenue Act of 1943, Title I.)

Section 23 (c) (1) (relating to deduction of taxes in computing net income) is amended (a) by striking out "and" at the end of subparagraph (D); (b) by striking out the period at the end of subparagraph (E) and inserting in lieu thereof "; and"; and (c) by inserting at the end thereof the following:

(F) Federal import duties, and Federal excise and stamp taxes (not described in subparagraph (A), (B), (D), or (E)), but this subsection shall not prevent such duties and taxes from being deducted under subsection (a).

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1943, Title I.

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1943.

PAR. 3. Section 29.23 (c)–2 is amended as follows:

§ 29.23 (c)–2 *Federal duties and excise taxes.* Federal import or tariff duties, business, license, privilege, excise, and stamp taxes, not described in subparagraph (A), (B), (D), or (E) of section 23 (c), paid or accrued within the taxable year are deductible as taxes, except for taxable years beginning after December 31, 1943, provided they are not added to and made a part of the expenses of the business or the cost of articles of merchandise with respect to which they are paid, in which case they cannot be separately deducted. The fact that such taxes are not deductible as taxes under section 23 (c) for taxable years beginning after December 31, 1943, does not prevent a deduction therefor under section 23 (a) provided they represent ordinary and necessary expenses paid or incurred during the taxable year in carrying on any trade or business, or, in the case of an individual, for the production or collection of income, or for the management, conservation, or maintenance of property held for the production of income. (See § 29.23 (a)–1.)

PAR. 4. There is inserted immediately preceding § 29.23 (q)–1 the following:

SEC. 114. CORPORATE CONTRIBUTIONS TO VETERANS' ORGANIZATIONS. (Revenue Act of 1943, Title I.)

Section 23 (q) (relating to charitable and other contributions by corporations) is amended (a) by inserting "veteran rehabilitation service," after "scientific," in paragraph (2), (b) by inserting "or" at the end of paragraph (2), and (c) by inserting after paragraph (2) the following new paragraph:

(3) Posts or organizations of war veterans, or auxiliary units of, or trusts or foundations for, any such posts or organizations, if such posts, organizations, units, trusts, or foundations are organized in the United States or any of its possessions, and if no part of their net earnings inure to the benefit of any private shareholder or individual;

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1943, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1943.

PAR. 5. Section 29.23 (q)–1 is amended by striking the first sentence and inserting in lieu thereof the following:

A corporation may, subject to the limitations provided by section 23 (q), deduct from its gross income contributions or gifts to organizations described in section 23 (q), except in computing net income for taxable years beginning before January 1, 1944, contributions or gifts to organizations organized and operated exclusively for veterans' rehabilitation services, or posts or organizations of war veterans, or auxiliary units of, or trusts or foundations for, any such posts or organizations are not deductible unless such contributions qualify as deductions under section 23 (q) prior to its amendment by section 114 of the Revenue Act of 1943. (See § 29.22 (b) (4)–1 for definition of "political subdivision".)

PAR. 6. There is inserted immediately after § 29.23 (x)–1 the following:

SEC. 115. SPECIAL DEDUCTION FOR BLIND. (Revenue Act of 1943, Title I.)

Section 23 (relating to deductions in computing net income) is amended by inserting after section 23 (x) the following:

(y) *Special deduction for blind individuals*—(1) *In general.* In the case of a blind individual, $500. For the purposes of this subsection, the status of the individual, insofar as it effects the application of this subsection to such individual, shall be determined as of July 1 of the taxable year, unless the taxable year does not include July 1, in which case such status shall be determined as of the last day of the taxable year.

(2) *Definition.* For the purposes of this subsection, the term "blind individual" means an individual whose central visual acuity does not exceed 20/200 in the better eye with correcting lenses, or whose visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1943, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1943.

§ 29.23 (y)–1 *Special deduction for blind individuals.* For taxable years beginning after December 31, 1943, a special deduction from gross income of $500 is allowed under the provisions of section 23 (y) to all blind individuals who qualify as such at any time on July 1 of the taxable year or, if the taxable year does not include July 1, on the last day of such taxable year. The term "blind individual" is defined in section 23 (y) (2). The deduction is allowable only if the taxpayer himself is the blind individual and is not allowable, e. g., in respect of a dependent who is blind. In the case of a joint return, if both husband and wife are blind individuals, a deduction of $1,000 is allowable, but if only the husband or wife is a blind individual, only $500 may be deducted. The special deduction provided in section 23 (y), however, is in addition to the personal exemption, the credit for dependents, and all other allowable deductions.

An individual claiming the special deduction provided in section 23 (y) should, if not totally blind as of the status determination date, that is, as of July 1 of the taxable year or, if the taxable year does not include July 1, as of the last day of such taxable year, attach to his return a certificate from a physician skilled in the diseases of the eye or a registered optometrist showing in detail the condition of his eyes as of the status determination date. If he is totally blind as of the status determination date, that is, if he cannot distinguish light from darkness, he should attach to his return a statement setting forth such fact.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter A—General Provisions

AUTHORITY: Regulations in this subchapter issued under sec 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 903—DELEGATIONS OF AUTHORITY

[Directive 31, as Amended May 15, 1944]

PREFERENCE RATING AUTHORITY OF THE ARMY AND NAVY MUNITIONS BOARD

§ 903.44 *Directive 31*—(a) *Purpose.* The purpose of this directive is to delegate to and define the authority of the Army and Navy Munitions Board with

respect to the assignment of preference ratings.

(b) *Priorities Directives of the Army and Navy Munitions Board.* The Army and Navy Munitions Board, with the concurrence of the War Production Board, may establish schedules of preference ratings within limits prescribed by WPB Program Determinations in the form of ANMB Priorities Directives covering contracts, purchase orders and other similar procurement documents for the delivery of materials to or for the account of:

(1) The Army (including the Panama Canal) and the Navy (including the Marine Corps and the Coast Guard). This does not include material procured by any of the above under the Act of March 11, 1941 (Lend-Lease Act) which is not for the direct use of the armed services of a foreign country.

(2) U. S. Army and Marine Corps Post Exchanges; U. S. Navy and Coast Guard Ship's Service Departments; War Shipping Administration Training Organization Ship's Service activities.

(3) The following agencies of the Federal Government: Coast and Geodetic Survey; National Advisory Committee on Aeronautics; Civil Aeronautics Administration; Selective Service System; Office of Scientific Research and Development; Office of Strategic Services; Maritime Commission; War Shipping Administration; Weather Bureau; U. S. Soldiers Home (Washington, D. C.).

(4) American Red Cross and United Service Organizations, Inc., activities directly connected with military personnel.

(5) Foreign governments, for the procurement of material on a cash basis for the use of their armed services.

(6) Appropriate State officials, for the purchase of State Guard uniforms.

(7) Institutions and schools training military personnel under supervision of the military.

(8) Units of the Reserve Officers Training Corps, for the purchase of uniforms for trainees.

(c) *Deliveries which may be rated.* The Army and Navy Munitions Board may assign preference ratings to:

(1) Deliveries in fulfillment of contracts and purchase orders of the kinds described in paragraph (b), including deliveries of material to be incorporated in command construction, Engineers Corps construction, Panama Canal construction or CAA construction (see subparagraphs (3), (4), (5) and (6) below).

(2) Deliveries of machine tools or other capital equipment to prime contractors or subcontractors to produce items being procured under a prime Army or Navy contract. Directive 23 (§ 903.35) requires War Production Board approval of ratings assigned for machine tools and other capital equipment.

(3) Command construction; that is, the following types of projects ordered built by either the Chief of Staff, U. S. Army, or the Chief of Naval Operations, U. S. Navy: air fields; military housing; alien housing; facilities for the repair of finished items of munitions; overseas or theatre of operations construction; seacoast fortifications; ports and depots; camouflage and other passive defense projects (whether or not owned and operated by the Army or Navy); emergency flood control projects having a value of less than $100,000; military hospitals; maneuver, training and staging areas and proving grounds.

(4) Engineers Corps construction; that is, projects which (i) have been determined by the War Production Board to be essential, (ii) are built by or under the supervision of the Corps of Engineers (and where appropriate, completed by the Army Air Forces) in accordance with a design directive approved by an authorized representative of the War Production Board and (iii) will be owned, leased, maintained or operated by or under the direction of the War Department, and financed by War Department funds.

(5) Panama Canal construction; that is, projects (other than command construction) which are owned by the Panama Canal.

(6) CAA construction; that is, (i) projects for the construction of airports financed under the appropriation for "Development of Landing Areas for National Defense" (Public Law 528, 77th Congress, 2nd Session) and which (a) have been determined by the War Production Board to be essential, (b) are built under the supervision of the Army, Navy or Civil Aeronautics Administration, and (c) are built in accordance with specifications of the Bureau of Yards and Docks, U. S. Navy, or the Corps of Engineers, U. S. Army; and (ii) projects for the construction of the following airway facilities requested by the Army or Navy and financed from Civil Aeronautics Administration, Army or Navy appropriations: (a) Intermediate landing fields to be operated by and situated on property owned or leased by the U. S. Government; (b) airway lighted aids, that is, automatically operated lighted aids to contact flight operations on a designated flying route between airfields; (c) radio facilities, that is, radio transmitting stations producing identifying signals received by aircraft in flight; and (d) communication facilities, that is, facilities to collect and disseminate weather reports and maintain two-way communications with aircraft in flight or with other stations.

(7) Maritime MRO; that is (i) deliveries of materials and equipment immediately required for the maintenance, repair and operation of ships and other property directly related to ships and shipping, including all watercraft, other than pleasure craft, stevedoring equipment, equipment used in the operation of marine terminals, plant equipment of shipyards and ship repair yards and facilities; and (ii) deliveries of materials immediately required for maintenance, repair and operating supplies for neutral ships in ports of the United States, after clearance of the vessels' status has been made with the Foreign Economic Administration.

(d) *Redelegation of authority to assign ratings.* The authority delegated to the Army and Navy Munitions Board in paragraph (c) may be redelegated by that Board, either directly or through channels, to procurement, contracting and inspecting officials or other authorized officials of the Army and Navy and to the agencies enumerated in paragraph (b) and officials thereof. However, the authority delegated in subparagraph (c) (7) may be redelegated by the Army and Navy Munitions Board only to the United States Maritime Commission or War Shipping Administration and officials thereof. Any general instructions regarding the assignment of ratings which are issued by the Army and Navy Munitions Board shall be approved before issuance by the War Production Board. Approval of specific adjustments made by ANMB within the limits prescribed by WPB Program Determinations is not required.

(e) *Method of assigning ratings.* (1) A preference rating assigned to a production schedule at the time that allotments are made and the schedule is authorized under the Controlled Materials Plan shall be assigned on an allotment form, on Form WPB-542 (formerly PD-3A), or as prescribed in subparagraph (3) below.

(2) All other preference ratings assigned under this directive shall be assigned on Form WPB-542 (formerly PD-3A) or as prescribed in subparagraph (3) below.

(3) When any government agency mentioned in paragraph (b) assigns a preference rating to deliveries to be made to it or for its account, it may do so by placing the rating on the purchase order or contract and endorsing the order or contract with a certification substantially as follows: "By authority of the War Production Board the preference ratings indicated are assigned to the deliveries on this purchase order or contract." This certification may be placed on a purchase order or contract by means of a rubber stamp or printed on the order or contract form. The certification need not be signed separately if the purchase order or contract is signed by an official who is authorized to assign ratings on behalf of the agency which is placing the order or contract. This method of assigning a rating may not be used when machine tools or capital equipment are ordered by prime or subcontractors, even if the delivery is for the account of the government agency assigning the rating. All provisions of War Production Board orders or regulations applicable to Form WPB-542 (formerly PD-3A) including approval of ratings required by Directive 23, shall be applicable to purchase orders and contracts rated under this subparagraph.

(4) Reratings may be issued or effected within WPB program determinations in the manner prescribed by Priorities Regulation 12.

NOTE: Paragraph (5) formerly (4), redesignated May 15, 1944.

(5) Every rating assigned under this directive on a form or certificate shall be assigned in the manner prescribed therein without attaching any further conditions or qualifications.

(f) *Application and extension of ratings.* Ratings assigned under this directive may be applied and extended only in accordance with applicable regulations of the War Production Board.

(g) *Directives and administrative orders superseded.* This directive supersedes Division Administrative Order No. 1 of the Division of Industry Operations, War Production Board, issued February 23, 1942, all amendments thereof and memoranda supplemental thereto, and all delegations of authority to assign preference ratings which have been heretofore issued to the Army and Navy Munitions Board or to any Service of the Army, to the Army Air Forces, or to any Bureau of the Navy.

(Sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696)

Issued this 15th day of May 1944.

PART 903—DELEGATIONS OF AUTHORITY

[Directive 32]

PREFERENCE RATING AUTHORITY OF THE UNITED STATES MARITIME COMMISSION AND WAR SHIPPING ADMINISTRATION

§ 903.45 *Directive 32* — (a) *Purpose.* The purpose of this directive is to delegate to and define the authority of the United States Maritime Commission and War Shipping Administration with respect to the assignment of preference ratings for procurement of inventory other than for the direct account of the Maritime Commission or War Shipping Administration.

(b) *Assignment of preference ratings for inventory purposes.* The United States Maritime Commission and War Shipping Administration may assign preference ratings which are specifically prescribed by a Program Determination of the War Production Board, on Form WPB-646 (PD-300) to deliveries of material for inventory purposes (not exceeding a 90-day inventory) to ship repair yards; to ships in service; to ship repair facilities; to river and harbor maintenance facilities; to ship chandlers and other distributors of marine supplies; and to sales and distribution outlets of manufacturers of marine supplies.

(c) *General provisions.* (1) Form WPB-646 (PD-300) assigning preference ratings pursuant to this directive shall be issued in the name of the War Production Board and countersigned by a duly authorized official of the United States Maritime Commission or War Shipping Administration.

(2) The United States Maritime Commission or War Shipping Administration may exercise the authority delegated in this directive through such of its officials as the Chairman of the United States Maritime Commission or Administrator of the War Shipping Administration may determine.

(3) Preference ratings assigned pursuant to this directive may be applied or extended only in accordance with applicable regulations of the War Production Board.

(4) A true copy of every Form WPB-646 (PD-300) on which a rating is assigned pursuant to this directive shall be maintained by the United States Maritime Commission and the War Shipping Administration for inspection by a representative of the War Production Board at any time.

(d) *Revocation of Priorities Directive No. 1.* Priorities Directive No. 1, September 18, 1942, is revoked.

Issued this 15th day of May 1944.

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-548]

SKINNER & KENNEDY STATIONERY CO.

Skinner & Kennedy Stationery Company, 416 North Fourth Street, St. Louis, Missouri, is a Missouri corporation, engaged in the business of manufacturing calendars. In May, 1943, it applied Preference Rating AA-2 MRO to the purchase, and thereafter accepted delivery of 28,000 pounds of steel sheets. This material was to be used, and was carried on the company's books, as production materials and not as operating supplies. This constituted a violation of CMP Regulation No. 5 and Priorities Regulation No. 3. In accepting delivery of the steel sheets, the company's inventory of controlled material became much greater than the quantity of such item of controlled material it was required by its current practices to put into use during the succeeding sixty-day period. This was a violation of CMP Regulation No. 2. The company was familiar with the regulations of the War Production Board, and its violations must be deemed willful. These violations have interfered with the controls established by the War Production Board for the distribution of critical materials. In view of the foregoing, it is hereby ordered, that:

§ 1010.548 *Suspension Order No. S-548.* (a) Deliveries of steel sheets or steel calendar slides to Skinner & Kennedy Stationery Company, its successors or assigns, shall not be accorded priority over deliveries of such materials under any other contract or order, and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders, or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation, including allotments, shall be made to Skinner & Kennedy Stationery Company, its successors or assigns, of any steel sheets or steel calendar slides, the supply or distribution of which is governed by any order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Skinner & Kennedy Stationery Company, its successors or assigns, shall not receive or accept delivery of any steel sheets or calendar slides, nor shall any person or firm deliver steel sheets or steel calendar slides to Skinner & Kennedy Stationery Company, its successors or assigns, unless hereafter specifically authorized in writing by the War Production Board.

(d) Nothing contained in this order shall be deemed to relieve Skinner & Kennedy Stationery Company, its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on May 12, 1944.

Issued this 5th day of May 1944.

Recording Secretary.

PART 3274—MACHINE TOOLS AND INDUSTRIAL SPECIALTIES

[General Preference Order E-6, as Amended May 13, 1944]

HAND SERVICE TOOLS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of hand service tools and of alloy steel used in their manufacture, for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3274.51 *General Preference Order E-6—(a) Definitions.* For the purposes of this order:

(1) "Mechanic's hand service tool" means any tool listed on Exhibit A hereto attached which is used by hand, and is made of iron or steel or has a principal component part made of iron or steel.

(2) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(3) "Producer" means any person engaged in the production of mechanics' hand service tools.

(4) "WPB–547 order" means any order for mechanics' hand service tools now or hereafter placed with a producer by any person acquiring such tools for his own inventory or shelf stock pursuant to a rating assigned on Form WPB–547 (formerly PD–1X).

(5) "Other order" means any purchase order for mechanics' hand service tools except WPB–547 orders.

(6) "Total monthly production" means either.

(i) The total dollar value of each kind of mechanic's hand service tool listed on Exhibit A hereto attached, scheduled to be produced in any given month by a producer, including both special and standard tools of that kind; or

(ii) The total number of units of each kind of mechanic's hand service tool listed on Exhibit A hereto attached, scheduled to be produced in any given month by a producer.

(b) *Restriction on use of steel.* No producer shall manufacture any mechanics' hand service tools out of any alloy steel except those which are in the series specified in Exhibit B hereto attached or except pursuant to specific permission of the War Production Board.

(c) *Allocation of production between WPB–547 orders and other orders.* Commencing with the month of July 1943 and each month thereafter, each producer shall schedule his total monthly production and the delivery thereof as follows:

(1) To the extent that he has WPB–547 orders on hand, he shall schedule between 20 and 25 percent of his total monthly production of each kind of mechanic's hand service tool specified in Exhibit A hereto attached for delivery against WPB–547 orders requiring delivery in such month. No producer shall schedule any order pursuant to this paragraph (c) (1) unless it clearly appears from such order that the rating applied thereto was assigned on Form WPB–547 (formerly PD–1X).

The sequence of deliveries on WPB–547 orders within the percentage limitation thereon which may be delivered in any given month shall be scheduled according to applicable War Production Board regulations.

(2) To the extent that he has other orders on hand, he shall schedule between 75 and 80 percent of his total monthly production of each kind of mechanic's hand service tool specified in Exhibit A hereto attached for delivery against other orders requiring delivery in such month.

The sequence of deliveries on other orders within the percentage limitation thereon which may be delivered in any given month shall be scheduled according to applicable War Production Board regulations.

(3) Any portion of the percentage allocated to WPB–547 orders which has not been taken up by such orders on or before the fifteenth day of the month preceding the month being scheduled, shall be scheduled for delivery against other orders, and vice versa.

(d) *Necessity for preference ratings and authorizations to place orders.* Notwithstanding any other provisions of this order:

(1) No producer shall sell or deliver any mechanics' hand service tools pursuant to any purchase order placed prior to June 12, 1943 unless such order bears a preference rating of A–9 or higher, nor shall any producer sell or deliver any mechanics' hand service tools pursuant to any purchase order placed subsequent to June 12, 1943 unless such order bears a preference rating of AA–5 or higher, or except pursuant to specific permission of the War Production Board.

(2) [Deleted Feb. 19, 1944]

NOTE: Specific authorization to purchase certain types of mechanics' hand service tools is now required by Table 12 under General Scheduling Order M–293.

(e) *Restrictions on inventory.* On and after June 12, 1943, no person purchasing more than ten mechanics' hand service tools of any kind specified on Exhibit A shall accept delivery of any such tools the delivery of which will effect an increase in his inventory beyond a supply required by his current practices for use or for resale during a sixty-day period. In the event that the provisions of Suppliers' Inventory Limitation Order L–63 as applied to any supplier as defined in that order are more restrictive, such provisions shall govern. The restrictions on inventory contained in this paragraph (e) shall not apply to the following designated types of purchase orders:

(1) Purchase orders for mechanics' hand service tools made pursuant to the purchaser's special design or specifications which are not standard items in the producer's production schedules.

(2) Purchase orders placed by the Army, Navy, or Maritime Commission for mechanics' hand service tools required for bases or supply depots outside the continental United States (comprising the several States and the District of Columbia), or for bases or supply depots within the continental United States which are maintained for emergency purposes, or to supply such bases or supply depots outside the continental United States.

(3) Any other purchase order specifically excepted from this restriction by the War Production Board.

(f) *Repair parts.* Nothing in this order shall be construed to prevent the sale and delivery of repair parts for mechanics' hand service tools in accordance with applicable regulations and orders of the War Production Board concerning repair parts.

(g) [Revoked Feb. 19, 1944]

(h) *Applicability of General Scheduling Order M–293.* Those mechanics' hand service tools which are listed on the schedule attached to General Scheduling Order M–293 are also subject to the terms and provisions of that order.

(i) *Reports.* Each producer shall execute and file with the War Production Board Form WPB–2057 and such other reports and questionnaires as said Board may from time to time require, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(j) *Appeal.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(k) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board.

(l) *Communications.* All reports, appeals, and other communications concerning this order shall be addressed to: War Production Board, Tools Division, Washington 25, D. C., Ref.: E–6.

(m) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 13th day of May 1944.

PART 3278—SALVAGE

[Conservation Order M–325, as Amended May 13, 1944]

TINNED AND DETINNED SCRAP

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of tin and of iron and steel scrap, for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3278.1 *Conservation Order M–325—*(a) *Definitions.* For the purposes of this order:

(1) "Tinned scrap" means scrap consisting of tin plate, whether clippings, used tin cans, or in any other form, but excluding used crown or screw caps or similar closures for tin cans or other containers.

(2) "Detinned scrap" means tinned scrap which has been treated by a chemical or electro-chemical detinning process so that it contains not more than 3/10 of one per cent of tin by weight.

(3) "Tin plate clippings" means tinned scrap consisting of new or reclaimed tin plate, generated in the manufacture of cans, closures, or other articles.

(4) "Flat tinned scrap" means any form of tinned scrap other than used tin cans and tin plate clippings, but includes tin plate sheets recovered from used tin cans or from other articles.

(5) "Tin plate" and "terne plate" shall have the same meanings as in Supplementary Order M–21–e, as amended.

(6) "Official salvage committee" means a municipal or county committee organized to stimulate, supervise and engage in the collection of salvable materials (including tinned scrap) in accordance with policies and programs established from time to time by the Salvage Division of the War Production Board.

(7) "Prepared used tin cans" means tin cans from which the contents have been emptied, the labels and ends removed, have been thoroughly cleaned so as to remove all organic matter, and have their sides flattened.

(b) *Restrictions on tinned scrap and used cans made of terne plate.* Except with specific permission of the War Production Board:

(1) *Iron and steel producers.* No person shall deliver tinned scrap, tinned wire or used cans made of terne plate to a producer of steel or iron products (as defined in Order M–21, as amended), and no such producer shall accept delivery of tinned scrap, tinned wire or used cans made of terne plate.

(2) *Tin plate clippings.* No person shall deliver or accept delivery of tin plate clippings except where delivery is made to an official salvage committee, a detinning plant, or to a broker or dealer for delivery by him in the same form in which he receives them to an official salvage committee or detinning plant.

(3) *Flat tinned scrap.* No person shall use flat tinned scrap in any manufacturing operation; and no person shall deliver or accept delivery of flat tinned scrap except where delivery is made to or for the account of:

(i) A detinning plant or a plant engaged in the precipitation of copper; or

(ii) An official salvage committee or other person for delivery in the same form in which it is received to or for the account of a detinning plant or a plant engaged in the precipitation of copper.

(4) *Used tin cans.* No person shall deliver or accept delivery of used tin cans except where delivery is made to or for the account of a municipal department or agency, an official salvage committee, a shredding or detinning plant, a plant engaged in the precipitation of copper, a smelter engaged in the recovery of tin, or a person regularly engaged in the collection of rubbish or trash. Any person regularly engaged in the collection of rubbish and trash who receives used tin cans, shall either deliver them to one of the persons or agencies listed above, or place them in a dump or other established refuse disposal point.

Permission to acquire used tin cans may be granted to other persons by the War Production Board upon such terms and conditions as it may impose. Application for such permission shall be made on Form WPB 2825, or on such other form as may be specified by the War Production Board.

The restrictions of this paragraph (b) (4) shall not apply to deliveries of used tin cans to or for the account of any person for reuse in packing any product.

(5) *Collection, segregation and disposal of used tin cans in counties on Schedule A.* No person (including a municipal department or agency) in any of the counties listed in Schedule A, who is regularly engaged in collecting rubbish or trash shall:

(i) Reject any used tin cans offered him in the usual course of his collection of rubbish or trash;

(ii) Mingle any used tin cans which were segregated at the time of their collection with any other refuse, rubbish or trash;

(iii) Dispose of any segregated used tin cans, collected by him in any manner, other than by delivering such cans to or for the account of:

(a) A shredding or detinning plant, a plant engaged in the precipitation of copper or a smelter engaged in the recovery of tin; or

(b) A municipal department or agency for delivery by such department or agency to a shredding or detinning plant, to a plant engaged in the precipitation of copper or a smelter engaged in the recovery of tin.

(6) *Collection, segregation and disposal of prepared used tin cans in areas on Schedule B.* No person (including a municipal department or agency) who is regularly engaged in collecting rubbish or trash, within any municipality having a population of 25,000 or more located in any of the areas listed on Schedule B, shall:

(i) Reject any prepared used tin cans offered him in the usual course of his collection of rubbish or trash;

(ii) Mingle any prepared used tin cans which were segregated at the time of their collection with any other refuse, rubbish or trash;

(iii) Dispose of any such segregated and prepared tin cans in any other manner than by delivering such cans to or for the account of a detinning plant.

NOTE: Paragraph (c), formerly (d), redesignated and former paragraph (c) deleted May 13, 1944.

(c) *Miscellaneous provisions—*(1) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(2) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Salvage Division, Washington 25, D. C., Ref: M–325.

(4) *Authorizations terminated.* All authorizations under Order M–72–a, which were continued in force as authorizations under this order by the terms of the revocation of M–72–a issued June 16, 1943, are terminated and cancelled as of June 1, 1944. Holders of such authorizations should apply for new authorizations under this order.

Issued this 13th day of May 1944.

PART 3293—CHEMICALS

[Conservation Order M-374 as Amended May 13, 1944]

BEVERAGE CANE SPIRITS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of industrial alcohol and of sugar, molasses, and grain, and facilities for the production of industrial alcohol, for defense, for private account and for export. The use of such raw materials as sugar, molasses and grain is necessary to the production of industrial alcohol for the manufacture of synthetic rubber and munitions. It is therefore deemed necessary and appropriate in the public interest and to promote the national defense, to allocate facilities for the production of beverage cane spirits (as defined in this order), and to control the importation of beverage cane spirits so as to prevent further uncontrolled diversion of sugar and molasses to the production of these spirits:

§ 3293.616 *Conservation Order M-374* — (a) *Definitions.* (1) "Beverage cane spirits" means ethyl alcohol of 50 proof or higher made from molasses, sugar, sugar cane or sugar cane juice, and produced for beverage purposes or tax paid for beverage purposes. The term includes any solution, compound or mixture containing ethyl alcohol of 50 proof or higher made from molasses, sugar, sugar cane or sugar cane juice, such as, for example, rum, cordials or gin.

(2) "Producer" means any person engaged in the production of beverage cane spirits.

(3) "Import" means to transport in any manner into the continental United States or into Puerto Rico, the Virgin Islands of the United States, or the territories of Hawaii and Alaska, from any foreign country, or from any territory or possession of the United States other than those mentioned above. It includes shipments into a free port, free zone or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments in bond into the continental United States for trans-shipment to Canada, Mexico or any other foreign country.

(4) Beverage cane spirits shall be deemed "in transit" if it is afloat, if an on-board ocean bill of lading has actually been issued with respect to it, or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States.

(b) *Restrictions on production of beverage cane spirits.* On and after March 15, 1944, no person shall produce beverage cane spirits except as specifically authorized by the War Production Board. The provisions of this paragraph shall be applicable to the continental United States, Puerto Rico, the Virgin Islands of the United States and the territories of Hawaii and Alaska.

(c) *Restrictions on imports of beverage cane spirits.* On and after March 15, 1944, no person shall import, attempt to import, purchase for import, or make any contract or other arrangement for the importing of any beverage cane spirits without first having obtained authorization to do so from the War Production Board. This paragraph applies to the importation of beverage cane spirits regardless of the existence on March 15, 1944, or thereafter, of any contract or other arrangement for importation.

(d) *Applications for authorization to produce or import.* Any person requiring authorization to produce or import beverage cane spirits may apply by letter, in triplicate, to the War Production Board, stating the amount, by calendar quarter, of beverage cane spirits applicant desires to produce or import. Applicant must also state the amount of beverage cane spirits he has produced or imported, by calendar quarters, during the years 1940, 1941, 1942, 1943 and 1944. All quantities should be expressed in terms of proof gallons. It will be the policy of the War Production Board to permit production or importation of beverage cane spirits to the extent consistent with the fulfillment of requirements of sugar, molasses and industrial alcohol for the defense of the United States.

(e) *Exceptions.* Paragraphs (c) and (d) of this order do not apply:

(1) To beverage cane spirits which, on or before March 15, 1944, were in transit to a point within the continental United States; or

(2) To beverage cane spirits consigned as gifts or as samples, or for use as samples, or imported for personal use, where the quantity of each consignment or shipment is not more than two proof gallons. No person shall split up a single order of beverage cane spirits into smaller orders for the purpose of coming within this exception.

(3) To shipments of beverage cane spirits in bond into the continental United States for trans-shipment to Canada, Mexico or any other foreign country.

(4) To any bank or other person who participates, by financing or otherwise, in any arrangement which such bank or person knows or has reason to know involves the importation after March 15, 1944 of beverage cane spirits, provided such bank or person either has received a copy of the authorization issued by the War Production Board under the provisions of paragraph (d), or is satisfied from known facts that the proposed transaction comes within the exceptions set forth in this paragraph (e).

(f) *Special directives.* The War Production Board may from time to time issue special directives to producers concerning the kind of raw materials which may be used for the production of beverage cane spirits. This paragraph applies only to the continental United States, Puerto Rico, the Virgin Islands of the United States and the territories of Hawaii and Alaska.

(g) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(h) *Reports.* No beverage cane spirits, which are imported after March 15, 1944, shall be entered through the United States Bureau of Customs for any purpose (other than pursuant to paragraphs (e) (2), (e) (3), and (e) (4) of this order) whether for consumption, for warehouse, in transit, in bond, for re-export, for appraisal, or otherwise, unless the person making the entry shall file with the entry a certificate in duplicate, stating the following information: (1) Name of importer; (2) Date of bill of lading (this is only necessary if the beverage cane spirits were in transit on or before March 15, 1944); (3) Date and number of importer's WPB authorization; (4) Quantity of beverage cane spirits covered by the entry; (5) Port of entry; (6) Port of origin of shipment. The certificate shall be signed manually by a duly authorized official of the importer or as provided by Priorities Regulation No. 7. The standard form of certification provided in Priorities Regulation No. 7 may not be used instead of the certificate described above. The filing of such certificate a second time shall not be required upon any subsequent entry of the same shipment of beverage cane spirits through the United States Bureau of Customs for any purpose; nor shall the filing of such certificate be required upon the withdrawal of any beverage cane spirits from bonded custody of the United States Bureau of Customs, regardless of the date when such material was first transported into the continental United States. Both copies of the certificate shall be promptly transmitted by the Collector of Customs to the War Production Board, Chemicals Bureau, Washington 25, D. C., Reference M-374.

(i) *Bureau of the Budget Approval.* The reporting provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(j) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any person may be prohibited from making or obtaining further deliveries of or from processing or using, material under priority control and may be deprived of priorities assistance.

(k) *Communications.* All communications concerning this order shall be addressed to the War Production Board, Chemicals Bureau, Washington 25, D. C., Reference M-374.

Issued this 13th day of May 1944.

PART 3302—SERVICE EQUIPMENT

[Limitation Order L-29, Interpretation 1]

USE OF METAL IN METAL SIGNS AND ACCESSORIES

The following interpretation is issued with respect to Limitation Order L-29:

The provisions of paragraph (b) (3) of Order L-29 prohibit any manufacturer from using metal to produce metal signs or accessories. However, because of the definition in paragraph (a) (7) of the order, the use of metal is restricted only when it is subjected to sign manufacturing operations for the first time. Therefore, Order L-29 does not prohibit using fabricated metal parts and materials in manufacturing metal signs and accessories if they were fabricated for that purpose, but it does prohibit both the use of unfabricated metals and the use of parts or materials which were manufactured for other purposes or for general use. For example, a manufacturer of metal street markers may have in his inventory a supply of sheet metal. Some of that stock may be in the form it was originally purchased from the mill or warehouse, while some may have been stamped, cut to size, punched, or enameled as a step in the manufacturing of street markers. Order L-29 forbids him to use the stock which has not been processed beyond its basic form, but does not restrict his use of the stock which has been partially processed to make street markers. This same manufacturer may also have a stock of ordinary joining hardware (such as screws, nuts and bolts), sign accessories, and some other products made for use in the production and assembly of metal street markers. So far as Order L-29 is concerned, he may use both the accessories, and the products which were made for the production of street markers. He may not use the ordinary screws, nuts and bolts because they were manufactured for general use and have not yet been put into the production of signs.

Furthermore, L-29 does not limit the reuse of metal salvaged from old signs and accessories. It does not matter whether the person who reuses the metal is the same person who originally made the old signs, or someone else.

The restriction on the use of metal in paragraph (b) (3) of Order L-29 relates only to the production of metal signs or accessories and not to other activities of sign manufacturers, such as maintenance, repair, relocation and installation of signs or accessories. For instance, mere repair of a metal sign or accessory is not production; therefore, Order L-29 does not forbid the use of metal for repair purposes. Similarly, installation, such as putting up a sign, or putting an accessory in place, is not considered production and so far as Order L-29 is concerned, metal may be used on the site in the course of installation. It makes no difference whether the person who installs the sign or accessory is also the person who produced it.[1] The use of metal in the alteration of a sign is also not restricted by Order L-29 unless the alteration is so extensive that it results in the production of a new sign.

In accordance with § 944.10 of Priorities Regulation No. 1, other orders of the War Production Board may also limit the production of metal signs and accessories and may restrict them in other ways. If more than one order is applicable to the same subject matter, the most restrictive provision or combination of provisions governs.

Issued this 13th day of May 1944.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-535]

AQUADRO & CERUTTI

Mario Aquadro and Oscar J. Cerutti, co-partners, are contractors in Northampton, Massachusetts, doing business as Aquadro & Cerutti. Beginning about June 27, 1943, they participated in the construction of buildings on the fair grounds of the Hampshire, Franklin & Hampden Agricultural Society, a place of public and private amusement and entertainment, in Northampton; the total cost of the project was approximately $31,600. The work, including that done by Aquadro & Cerutti, was done without authorization from the War Production Board, in violation of Conservation Order L-41, which placed a limit of $200 on such construction. Oscar J. Cerutti, who acted for the partnership, was aware of War Production Board restrictions on construction, and participating in this construction without authorization constituted a wilful violation of Order L-41.

[1] For awhile there was a restriction in L-29 on the use of iron and steel for the installation of metal signs and new accessories, but this was effective only from March 25, 1942, to June 30, 1942.

This violation of Order L-41 diverted critical materials to uses not authorized by the War Production Board and has hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.535 *Suspension Order No. S-535.* (a) Deliveries of material to Mario Aquadro and Oscar J. Cerutti, doing business as Aquadro & Cerutti, or otherwise, their successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation, including allotments, shall be made to Mario Aquadro and Oscar J. Cerutti, doing business as Aquadro & Cerutti, or otherwise, their successors or assigns, of any material or product the supply or distribution of which is governed by any order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Mario Aquadro and Oscar J. Cerutti, doing business as Aquadro & Cerutti, or otherwise, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on May 13, 1944, and shall expire July 13, 1944.

Issued this 6th day of May 1944.

[Suspension Order S-536]

SURINER & M'BREEN

Ralph Suriner and Harry L. McBreen, co-partners, doing business as Suriner & McBreen, are in the electrical contracting business in Northampton, Massachusetts. Beginning about July 16, 1943, they did electrical wiring in a new toilet building and other electrical work constituting construction on the fair grounds of the Hampshire, Franklin & Hampden Agricultural Society, a place of public and private amusement and entertainment in Northampton; the total cost of the project was approximately $31,600. The work, including that done by Suriner & McBreen, was done without authorization from the War Production Board, in violation of Conservation Order L-41, which placed a limit of $200 on such construction. Harry L. McBreen, who acted for the partnership, was aware of War Production Board re-

strictions on construction, and participating in this construction without authorization constituted a grossly negligent violation of Order L–41.

This violation of Order L–41 diverted critical materials to uses not authorized by the War Production Board and has hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.536 *Suspension Order No. S–536.* (a) Deliveries of material to Ralph Suriner and Harry L. McBreen, doing business as Suriner & McBreen, or otherwise, their successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation, including allotments, shall be made to Ralph Suriner and Harry L. McBreen, doing business as Suriner & McBreen, or otherwise, their successors or assigns, of any material or product the supply or distribution of which is governed by any order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Ralph Suriner and Harry L. McBreen, doing business as Suriner & McBreen, or otherwise, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

ELWELL AND CHENET

James M. Elwell and Roland Chenet, co-partners, doing business as Elwell & Chenet, are plumbers in Northampton, Massachusetts. Beginning about July 7, 1943, they participated in the construction of buildings on the fair grounds of the Hampshire, Franklin & Hampden Agricultural Society, a place of public and private amusement and entertainment in Northampton; the total cost of the project was approximately $31,600. The work, including that done by Elwell & Chenet, was done without authorization from the War Production Board, in violation of Conservation Order L–41, which placed a limit of $200 on such construction. Roland Chenet, who acted for the partnership, was aware of War Production Board restrictions on construction, and participating in this construction without authorization constituted a grossly negligent violation of Order L–41.

This violation of Order L–41 diverted critical materials to uses not authorized by the War Production Board and has hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

WARNER N. KING

Warner N. King, of Northampton, Massachusetts, sells paint and is a painting contractor. Beginning about August 3, 1943, he painted the grand stand, horse barn, a fence around the race track, and otherwise participated in the construction of buildings on the fair grounds of the Hampshire, Franklin & Hampden Agricultural Society, a place of public and private amusement and entertainment in Northampton; the total cost of the project was approximately $31,600. The work, including that done by Warner N. King, was done without authorization from the War Production Board, in violation of Conservation Order L–41, which placed a limit of $200 on such construction. Mr. King was aware of War Production Board restrictions on construction, and participating in this construction without authorization constituted a grossly negligent violation of Order L–41.

This violation of Order L–41 diverted critical materials to uses not authorized by the War Production Board and has hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.538 *Suspension Order No. S–538.* (a) Deliveries of material to Warner N. PART 1010—SUSPENSION ORDERS

[Suspension Order S–539]

EARL J. HINES

Earl J. Hines is a lumber dealer in Conway, Massachusetts. Beginning about July 5, 1943, he sold and delivered approximately $7,000 worth of lumber to the Hampshire, Franklin & Hampden Agricultural Society, for the construction of buildings on its fair grounds, a place of public and private amusement and entertainment in Northampton, Massachusetts. The total cost of the construction was approximately $31,600, and it was done without authorization from the War Production Board, in violation of Conservation Order L–41, which placed a limit of $200 on such construction. Mr. Hines knew that the lumber was to be used in the construction of buildings on the fair grounds, he was familiar with Order L–41, and he furnished the lumber with knowledge that no permission for the construction had been granted by the War Production Board and that the lumber would be used in violation of the terms of the order. This was a wilful violation of Order L–41.

This violation of Order L–41 diverted critical materials to uses not authorized by the War Production Board and has hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.539 *Suspension Order No. S–539.* (a) Deliveries of material to Earl J. Hines, his successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation, including allotments, shall be made to Earl J. M. C. BAILEY & CO., INC.

M. C. Bailey & Co., Inc., a corporation, is a lumber dealer in Northampton, Massachusetts. Beginning about July 8, 1943, it sold and delivered approximately $2,200 worth of lumber to the Hampshire, Franklin & Hampden Agricultural Society, for the construction of buildings on its fair grounds, a place of public and private amusement and entertainment in Northampton. The total cost of construction was approximately $31,600, and it was done without authorization from the War Production Board, in violation of Conservation Order L–41, which placed a limit of $200 on such construction. The company knew that the lumber was to be used in the construction of buildings, including a new jockey club building on the fair grounds. It knew of Order L–41, and it had reason to believe that the lumber would be used in violation of the terms of the order. Furnishing lumber under the circumstances constituted a wilful violation of Order L–41.

This violation of Order L–41 diverted critical materials to uses not authorized by the War Production Board and has hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.540 *Suspension Order No. S–540.* (a) Deliveries of material to M. C. Bailey & Co., Inc., its successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other order or regulation of the War Production Board unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation, including allotments, shall be made to M. C. Bailey & Co., Inc., its successors or assigns, of any material or product the supply or distribution of which is governed by any order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve M. C. Bailey & Co., Inc., its successors or assigns, from any restrictions, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on May 13, 1944, and shall expire July 13, 1944.

Issued this 6th day of May 1944.

By J. JOSEPH WHELAN,
Recording Secretary.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–549]

VOISINE STEEL CO.

W. W. Voisine, J. Lipschutz and M. Lipschutz, partners, doing business as Voisine Steel Company, operate a steel warehouse at 2423 McKinstry Avenue, Detroit, Michigan. In March 1943, the partnership delivered 7660 pounds of hot-rolled sheets upon an order bearing no preference rating, in violation of Supplementary Order M–21–b. The partnership failed to reject orders for delivery and made delivery of steel, other than rails, as follows: 40,570 pounds on May 20, 1943; 41,110 pounds on August 5, 1943; and 60,660 pounds on August 6, 1943. Each order called for delivery and delivery was made to one person at one time at one destination in violation of CMP Regulation 4 restricting said deliveries to not more than 40,000 pounds. On May 10, 1943, the partnership delivered 81,040 pounds of sheet steel to one customer, at one destination, and in one quarter, in violation of CMP Regulation 4 which limited such delivery to 6,000 pounds. The partnership failed to keep and preserve accurate and complete records of inventories, of materials, and of details of transactions in those materials, in violation of Priorities Regulation 1. The partnership made no attempt to comply with the orders and regulations of the War Production Board, and these violations must be deemed wilful.

These violations of Supplementary Order M–21–b, CMP Regulation 4, and Priorities Regulation 1 have diverted scarce materials to uses not authorized by the War Production Board and have hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.549 *Suspension Order No. S–549.* (a) W. W. Voisine, J. Lipschutz and M. Lipschutz, individually or as co-partners, doing business as Voisine Steel Company or under any other name, their successors or assigns, shall not directly or indirectly, operate as a steel warehouse, as defined in General Preference Order M–21–b, or as defined in any order amending or superseding General Preference Qrder M–21–b–1, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve W. W. Voisine, J. Lipschutz and M. Lipschutz, individually or as co-partners, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on May 13, 1944.

Issued this 6th day of May 1944.

Recording Secretary.

PART 921—ALUMINUM AND MAGNESIUM

[Supplementary Order M–1–g, as Amended May 15, 1944]

ALUMINUM PIGMENT AND ALUMINUM COMPOSITION

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of aluminum for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 921.9 *Supplementary Order M–1–g—*(a) *Definitions.* For the purpose of this order.

(1) "Aluminum pigment" means any material containing aluminum which is manufactured, acquired, or disposed of for use, or which is used in making paint, ink, or other coatings, or liquid welding compound.

(2) "Aluminum composition" means any paint, ink, or other coating, or liquid welding compound, in the making of which aluminum pigment is used.

(3) "Producer" means the department of Aluminum Company of America, Reynolds Metals Company, Metals Disintegrating Company, Aluminum Bronze Powder Company, Premier Bronze Powder Works, Malone Bronze Powder Works, Inc., U. S. Bronze Powder Works, Inc., Magna Manufacturing Company, which produces aluminum pigment, and any other person who may be so designated by the War Production Board.

(4) "Distributor" means any person engaged in the business of purchasing aluminum pigment or aluminum composition and re-selling it without further processing it.

(b) *Restrictions upon delivery of aluminum pigment by a producer.* No producer shall deliver any aluminum pigment except pursuant to an order endorsed with a CMP allotment number in the S–2955 series or V–9 and the form of certification provided in either CMP Regulation No. 1 or 7 or in Order P–43. Such an order is an authorized controlled material order under CMP Regulations. Persons seeking to obtain aluminum pigment from a producer should apply to the War Production Board, Aluminum and Magnesium Division, on Form WPB–2360 (formerly Form CMP–13), except that where aluminum pigment is to be acquired for research, developmental or experimental activities under Order P–43, no application is necessary. A producer may refuse to accept an order for less than 100 lbs.

(c) *Deliveries of aluminum pigment and aluminum composition by any person other than a producer.* No person other than a producer shall, without the specific authorization in writing of the War Production Board, deliver to any other person any aluminum composition or aluminum pigment except to fill an order rated AA–5 or higher. However, during the period beginning May 15, 1944, and ending June 30, 1944, delivery by a person other than a producer may be made to any distributor even if the order placed by the distributor is unrated or rated lower than AA–5; and a distributor may at any time deliver to a consumer on unrated orders or orders rated lower than AA–5 if the aluminum composition or aluminum pigment being delivered was in the inventory of the distributor on March 15, 1944.

(d) *Other restrictions on delivery.* Notwithstanding the provisions of paragraphs (b) or (c), no person shall deliver aluminum pigment or aluminum composition if he knows or has reason to believe it is to be used in a manner forbidden by paragraph (e) of this order.

(e) *Restrictions on consumer of aluminum pigment and aluminum composition.* No person (except (1) a distributor purchasing aluminum pigment or aluminum composition during the period beginning May 15, 1944, and ending June 30, 1944, (2) a consumer purchasing this material from a distributor which was or which the distributor states was in his inventory on March 15, 1944, or (3) a person purchasing directly from a producer on an authorized controlled material order as described in paragraph (b) above) shall purchase aluminum pigment or aluminum composition except on a purchase order rated AA–5 or higher. In addition, no person shall use aluminum pigment or aluminum composition in manufacturing, maintenance, repair or construction operations, without the specific authorization in writing of the War Production Board, except as follows:

(1) In the manufacture, maintenance or repair of products and equipment when they are being produced for or used by the Army or the Navy of the United States, the Maritime Commission or the War Shipping Administration, or when they are combat end products being produced for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(2) On ship engine rooms and equipment and for repair and maintenance thereof.

(3) On trainer, civilian and commercial aircraft.

(4) For sealing of bituminous coated surfaces, unless he knows or has reason to believe that the bituminous coated surface was put on since January 1, 1944.

(5) For interior use in industrial and utility plants and for industrial and utility company equipment and for use in boiler rooms of institutions and commercial establishments, but in each case only where excessive moisture, fumes or temperatures prevail.

(6) For surfaces in the interior of dairies, milk bottling plants, food processing plants, cold storage plants and walk-in refrigerators. The term "dairy" means the portion of a structure in which milk is cooled or pasteurized.

(7) For outdoor storage tanks used for petroleum products and volatile chemicals.

(8) On hospital equipment.

(9) On caskets and casket hardware.

(10) For bridges, highway guard rails and steel transmission towers, but in each case only where already painted with aluminum.

(11) For movable farm equipment and farm implements.

(12) On railway signal equipment and railway signal towers.

(13) For research, developmental or experimental activities.

(14) For underwater protection of steel and iron.

(15) Vehicle license plates.

(16) For automotive busses, trucks and trailers, and for automotive repair parts.

(17) For coating electric light reflectors.

(18) For coating the exterior and interior of new cans and of new can and jar closures, if made of black plate or chemically treated steel. Notwithstanding the other provisions of this paragraph (e), a printing shop may use in printing and lithographing, any aluminum composition in its possession on May 15, 1944, or which it purchases from a distributor and which was or is stated by the distributor to have been in the distributor's inventory on March 15, 1944; and an individual acting in his private capacity and not engaged in work for which he is compensated, may use for his own needs any aluminum pigment or aluminum composition.

(f) *Applications for authorization.* A person who seeks authorization to use aluminum pigment or aluminum composition for a purpose other than one specified in paragraph (e) of this order, shall apply by letter to the War Production Board, Aluminum and Magnesium Division, Washington 25, D. C., Ref: M–1–g, setting forth:

(1) The pounds of aluminum pigment or the gallons of aluminum composition for which authorization to use is requested;

(2) Type of equipment or surface to be painted;

(3) Reason why aluminum composition is required and why the use of other material is impracticable;

(4) Rating which applicant is entitled to apply to his purchase order; and

(5) Person from whom it is to be acquired.

Special consideration will be given to requests for authorization to use aluminum pigment or composition for industrial purposes where it can be shown that its use is materially more advantageous than less critical material. The War Production Board will not grant authorizations to use aluminum pigment or composition on hydrants, lamp posts, household equipment, or in dwellings, offices, apartments, churches, or institutions, whether for internal or external use.

(g) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Aluminum and Magnesium Division, Washington 25, D. C., Ref: M–1–g.

(h) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time.

(i) *Violations.* Any person who willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 15th day of May 1944.

PART 933—COPPER

[Conservation Order M–9–c as Amended April 4, 1944, Amdt. 1]

Section 933.4, *Conservation Order M–9–c*, is hereby amended by amending the item on the Combined List under the heading "Building Supplies and Hardware (Excluding supplies and hardware for ships, boats and aircraft)" which now reads:

Unit heaters, unit ventilators, and convectors, space or local heaters, and blast heating coils, or any apparatus using such coils as part of its construction (except when the only copper products or copper base alloy products used are for valves, controls and parts necessary for conducting electricity).

to read as follows:

Unit heaters, unit ventilators, and convectors, space or local heaters, and blast heating coils, or any apparatus using such coils as part of its construction (except that any copper products or copper base alloy products may be used for valves, controls, or parts necessary for conducting electricity, copper strip may be used for fins, copper tube may be used for water courses and headers, and cast brass also may be used for headers if the copper content of the cast brass does not exceed 62% and the tin content 3½%).

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 3, Direction 2, as Amended May 15, 1944]

PAPER CUPS AND PAPER FOOD CONTAINERS

The following direction is issued pursuant to Priorities Regulation 3:

(a) *Purpose.* This direction provides an exception to the provisions of List B of Priorities Regulation No. 3, which prohibits the use of MRO ratings to obtain paper cups and paper food containers. By the terms of this direction, MRO ratings may be used to obtain paper cups and paper food containers but only to the extent specified herein.

(b) *Definitions.* For the purpose of this direction:

(1) "Paper cups and paper food containers" means all empty open nested paper cups and round nested paper food containers with or without lids. The term does not include flat envelope types of cup, wedge-shaped food pails or nested paper plates.

(2) "In-plant feeding" means the serving of food, drink or refreshments on the premises of a plant or business activity to its employees when the food or drink is prepared on the premises of the plant or business activity, or when the food, or drink prepared in bulk (such as coffee or soup), is brought to the plant or business activity and served in paper cups or paper food containers on the premises. It shall also include the serving of food, drink and refreshments by (1) military exchanges and service departments (as defined in Priorities Regulation No. 17), (2) hospitals serving their patients, (3) welfare organizations such as USO, Red Cross, etc., serving servicemen and their guests, and (4) persons engaged in serving passengers on trains and in planes.

(3) "A caterer or concessionnaire" means a person who has an agreement with an operator of a plant or business activity to regularly provide in-plant feeding for its employees, and who prepares his food or drink on the premises of the plant, or brings his food, or drink prepared in bulk (such as coffee or soup), to the plant and serves it on the premises. It does not include persons supplying food or drink in paper cups or paper food containers from outside the plant.

Use of Preference Ratings

(c) Any person may use the blanket MRO rating assigned to him by any regulation of the War Production Board (including CMP Regulation No. 5, CMP Regulation No. 5A and orders in the P, T, or U Series) to buy paper cups and paper food containers for in-plant feeding.

(d) A person, such as a caterer or concessionnaire, may use his customer's blanket MRO rating to buy paper cups and paper food containers for use in providing in-plant feeding to employees of the customer. In such a case, the customer must include the cost of the paper cups and paper food containers (but need not include the cost of the food contained in them or any other charge in connection with the in-plant feeding) in his own MRO expenditures for the purpose of figuring whether he is within any quota limitation (such as paragraph (f) of CMP Regulation No. 5) imposed by the regulation or order assigning the MRO rating.

(e) *Ratings on application.* Preference ratings for users not included above and preference ratings differing from those assigned may be assigned on application by any person on Form WPB 541 (formerly PD–1A) and the use of the rating may be conditioned upon the placement of orders with specified suppliers. The assignment of a rating to an applicant on this form will permit him to use that rating to get only the specific quantities and items applied for. Where any person making such application justifies his need for a rating upon the ground that he provides eating facilities patronized principally by workers engaged in a nearby plant, he shall accompany his application with a statement from a responsible official of the plant certifying to his workers' dependence upon the applicant's eating facilities.

(f) *Certificate.* The ratings assigned pursuant to or permitted to be used by this order may be applied or extended only by use of a certificate in substantially the form prescribed by Priorities Regulation No. 7.

(g) *Extension of ratings.* Ratings applied or extended to get paper cups or paper food containers may not be extended to obtain materials for use in their manufacture.

Restrictions

(h) *Inventory.* No person shall accept delivery of any paper cups and paper food containers which will increase his inventory of any size and type to more than his reasonably anticipated requirements for the ensuing thirty days, except that the minimum standard commercial packing case quantity may be purchased, whenever the purchaser's inventory is less than a 30-days' supply.

(i) *Equipment for use of chinaware.* No person may use his blanket MRO rating to purchase paper cups or paper food containers for the serving of hot food or beverages if such person has equipment for using chinaware or other containers. In the event that such equipment can only serve a portion of his needs, he may order only the quantity of paper cups or paper food containers required in excess of such equipment.

(j) *Paper cups as shipping containers.* Attention is called to the fact that persons buying paper cups and paper food containers for use in packaging food or other products for shipment or delivery are not permitted to use blanket MRO ratings for this purpose.

(k) *Persons not using paper cups before October 29, 1943.* Any person who did not use paper cups or paper food containers for in-plant feeding before October 29, 1943 may not use his blanket MRO rating to obtain them unless he files an appeal by letter in triplicate with the appropriate field office of the War Production Board and such appeal is granted. The granting of the appeal shall constitute authority to use his blanket MRO rating for his future requirements of paper cups and paper food containers for in-plant feeding. This provision shall not apply to military exchanges or service departments.

(l) *Prohibited uses.* No person shall sell or deliver the following types of paper cups if he knows or has reason to believe that they will be used for the purposes stated, and no person shall use such paper cups for those purposes: (1) packages of cups for commercial retail sales, (2) hot drink cups for serving cold foods and beverages and (3) paper cups to be served with individual bottled beverages. The above prohibition against delivering paper cups in packages to be used for commercial retail sales shall not apply to stocks already made up on January 29, 1944.

(m) *Appeals.* Any appeal from the provisions of this direction shall be made by filing a letter in triplicate with the appropriate field office of the War Production Board. The appeal should refer to the particular provision appealed from, state clearly the relief desired and explain fully the grounds for appeal.

(n) *Reports.* Any person affected by this direction shall file such reports and questionnaires as the War Production Board may request from time to time, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(o) *Termination date.* The provisions of this direction shall terminate and be void after June 1, 1944 unless previously extended. Any rating applied to an order to paper cups and paper food containers not shipped by that date shall be deemed void.

(p) *Communications.* All inquiries relating to this direction shall be addressed to: War Production Board, Containers Division, Washington 25, D. C., reference Direction 2 to Priorities Regulation No. 3.

Issued this 15th day of May 1944.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-544, Stay of Execution]

H. T. HAYWARD CO.

The H. T. Hayward Co. of East Douglas, Massachusetts, has appealed the provisions of Suspension Order No. S-544, issued May 8, 1944 (§ 1010.544) and has requested a stay on the ground that irreparable harm would be done its business if the Suspension Order were not stayed. The Chief Compliance Commissioner has directed that the provisions of the Suspension Order be stayed pending final determination of the appeal, or until further order by the Chief Compliance Commissioner. In view of the foregoing, *It is hereby ordered*, That:

The provisions of Suspension Order No. S-544, issued May 8, 1944, are hereby stayed pending final determination of the appeal, or until further order by the Chief Compliance Commissioner.

Issued this 13th day of May 1944.

PART 1157—CONSTRUCTION MACHINERY AND EQUIPMENT [1]

[Limitation Order L-217, Schedule IX, as Amended May 15, 1944]

TANK CAR HEATERS AND PUMPING BOOSTERS OR CIRCULATORS

§ 1157.29 [1] *Schedule IX to Limitation Order L-217*—(a) *Definitions.* For the purpose of this Schedule IX:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Producer" means any person engaged in the manufacture of tank car heaters or pumping boosters or circulators.

(3) "Tank car heater" means a mechanical device consisting of a steam boiler (with adjustable low pressure oil burner and a type of closed circuit return condensation system), designed for raising the temperature of bituminous materials in railroad tank cars to permit proper temperature applications thereof.

(4) "Pumping booster," otherwise known as a "circulator," means a mechanical device consisting of a direct fired heating unit with asphalt pump and engine assembly equipment and adjustable low pressure oil burner system, designed for the heating, circulating, and pumping of bituminous materials to a distributor or other unit.

(5) "Repair part" means any part manufactured for use in the repair of tank car heaters or pumping boosters or circulators.

(6) "The military" means the Army, Navy, Maritime Commission, or War Shipping Administration.

(b) *Limitation on production.* (1) On and after April 30, 1943, no producer shall put into process any materials for the manufacture of tank car heaters or pumping boosters or circulators which do not conform to the sizes and types established in paragraphs (c) and (d) hereof. Nothing in this paragraph (b) (1) shall be deemed to prohibit the use of any such materials which may have been in transit to such producer or in process by him on April 5, 1943.

(2) No person who is not actively engaged in the current production of tank car heaters or pumping boosters or circulators, as indicated on any Form PD-697 filed by him prior to March 31, 1943, pursuant to Order L-192, shall enter into the production of any tank car heaters or pumping boosters or circulators.

(3) Nothing in this schedule shall be deemed to restrict the production of repair parts.

(c) *Limitation on sizes and types of tank car heaters.* Producers are limited to one model in each of the following sizes and types of tank car heaters:

(1) Two car size of 26-36 boiler H. P. at not less than 125 pounds per square inch working pressure, two wheel trailer mounted.

(2) Three car size of 40-55 boiler H. P. at not less than 125 pounds per square inch working pressure, two wheel trailer mounted.

(d) *Limitations on sizes and types of pumping boosters or circulators.* Producers are limited to one model of pumping booster or circulator, which shall be of a size capable of raising the temperature of a 10,000 gallon tank car 50 degrees per hour when pumping and unloading, at 175 gallons per minute, bituminous materials of a viscosity less than penetration asphalt; this size may be two or four wheel trailer mounted or truck or skid mounted.

(e) [Deleted May 15, 1944]

(f) *Limitation Order L-192.* Nothing in this schedule shall be deemed to affect the applicability of the provisions of Limitation Order L-192.

Issued this 15th day of May 1944.

BITUMINOUS MATERIALS MAINTENANCE UNITS

§ 1157.33 [1] *Schedule XIII to Limitation Order L-217*—(a) *Definitions.* For the purposes of this Schedule XIII:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Producer" means any person engaged in the manufacture of bituminous materials maintenance units or pumps.

(3) "Bituminous materials maintenance unit", otherwise known as a sprayer, utility, or tank unit, means a wheel or truck mounted mechanical unit, consisting of a tank and pump, one or more spray attachments, and with or without tank heating system and spraybar, designed for spraying light bituminous materials.

(4) "Pump" means a rotary, positive displacement type pump, designed for use on bituminous materials maintenance units.

(5) "The Military" means the Army, Navy, Maritime Commission, or War Shipping Administration.

(6) "Repair part" means any part manufactured for use in the repair of bituminous materials maintenance units or pumps.

(b) *Limitation on production.* (1) On and after April 30, 1943, no producer shall put into process any materials for the manufacture of bituminous materials maintenance units or pumps which do not conform to the sizes and types established in paragraphs (c) and (d) hereof. Nothing in this paragraph (b) (1) shall be deemed to prohibit the use of any such materials which may have been in transit to such producer or in process by him on April 5, 1943.

(2) No person who is not actively engaged in the current production of bituminous materials maintenance units or pumps, as indicated on any Form PD-697 filed by him prior to March 31, 1943, pursuant to Order L-192, shall enter into the production of any bituminous materials maintenance units or pumps.

(3) Nothing in this schedule shall be deemed to restrict the production of repair parts.

(c) *Limitation on sizes and types of bituminous materials maintenance units.* Producers are limited to one model in each of the following sizes of bituminous materials maintenance units:

(1) 120 gallon capacity, two wheel mounted.

(2) 300 gallon capacity, two wheel mounted.

(3) 600 gallon capacity, two wheel mounted.

[1] Formerly Part 3115, § 3115.14.

(d) *Limitation on types of pumps.* Producers are limited to pumps of the following specifications only:

The rated capacity of the pump shall be not more than 100 gallons per minute.

(e) [Deleted May 15, 1944]

(f) *Limitation Order L-192.* Nothing in this schedule shall be deemed to affect the applicability of the provisions of Limitation Order L-192.

PART 3270—CONTAINERS

[Supplementary Order L-103-b, as Amended May 15, 1944]

GLASS CONTAINER AND CLOSURE QUOTAS

§ 3270.36 *Supplementary Order L-103-b.* This order lists the only products which may be commercially packed in new machine-made, glass containers or with new metal closures. It specifies closure materials and sets forth the number of glass packages and metal closures which may be used for each listed product. In addition, some restrictions are placed upon the manufacture of closures.

The order limits "commercial packs" only. Although there are certain manufacturing restrictions, the use of glass containers or metal closures for home canning purposes is not affected.

Likewise, the provisions of this order cover only new glass containers and closures. Used containers or closures are not limited. However, closures which are fabricated from used closures—that is, where the used closures are a production material—are regarded as new closures made of "waste" and are governed by the pertinent provisions of this order.

Definitions of the various terms used in this order appear in paragraph (x) hereof.

Restrictions on Use of Glass Containers and Closures

(Note exceptions from these restrictions in paragraphs (p) through (v)).

(a) *Prohibited acceptances and uses of glass containers and closures.* No packer shall accept delivery of or use any new glass container, or any new metal closure for packing any product not listed in a schedule of this order.

(b) *Limitations on acceptance and use of glass containers and closures.* Likewise, during any calendar year beginning with 1944, no packer shall accept delivery of or use, for packing any product which is listed in a schedule of this order, more new glass containers or more new metal closures (other than closures made from waste) than his quota for that product. However, jobbers or retailers may obtain closures and glass containers and resell them in conformity with the provisions of this order.

(c) *Closure materials.* No packer shall accept delivery of or use, for packing any product, new metal closures made of any material except those permitted for that product in the schedules of this order. However, blackplate (including rejects) may be used wherever tinplate or terneplate is specified, and frozen plate may be used wherever tinplate, terneplate or blackplate is specified. Likewise, closures made of waste may be used in accordance with the following paragraph:

(d) *Closures made of waste.* Closures made of waste shall not be used for packing any product not listed in the schedules attached to this order. Closures made of waste may be used in addition to specified quotas for listed products.

(e) *Home canning jars.* No packer shall pack any commodity in a home canning jar. (Note that the use of these jars for home canning is not restricted).

Quotas

(f) *General.* Closure and glass quotas are stated separately in the attached schedules, and are not necessarily the same for any given product.

Quotas are not interchangeable as between listed products. That is, a packer who packs two products, product A and product B, must compute his quota (in the manner described in the following paragraph (g)) for each product separately. He cannot allot any portion of his quota for product A to product B, even if he does not pack his full quota of product A.

Furthermore, quotas may not be transferred from one packer to another except as provided in Priorities Regulation 7A.

(g) *Computation of quotas.* In most cases where this order provides a quota for the packing of any product, it does so, in the attached schedules, by stating a percentage figure followed by a calendar year—for instance, 100% 1943. Where this appears in the "glass quota" column opposite a product, it means, unless otherwise specified, that a packer's glass container quota for that product during 1944 and subsequent calendar years is computed as follows:

(1) He takes the number of new glass containers which he used for packing that product during the named base year.

(2) He subtracts the number of new glass containers which he used for packing that product during the named base year and which were quota exempt under the provisions of any prior order of the War Production Board or under any previous amendment of this order.

(3) He multiplies the resulting figure by the applicable percentage.

Identical rules apply to the computation of closure quotas, except that unless otherwise specified they are based on the number of new metal closures used during the specified base period.

The schedules of this order provide that the quotas for some products are based on the number of new metal closures or new glass containers accepted rather than those used during the specified base period. Here again, the method of computation, described in this paragraph, applies, except that the word "accepted" should be substituted for the word "used" in steps 1 and 2 above. Only the new metal closures or the new glass containers which a packer actually accepted delivery of and those which were invoiced to him during the applicable base period may be included in his quota base in such cases. But, for the purpose of making charges against quota, a packer must include the new metal closures and the new glass containers which he actually accepts delivery of, and those which are set aside for him or held by another party for his account—whether or not they are actually invoiced to him.

In a few cases, the schedules of this order set forth special rules, not covered by the above, for the computation of quotas for particular products. Such rules must be followed, and supersede the general statements contained in this paragraph (g) to the extent that they conflict with them.

(h) *Use of quotas.* As indicated above, most quotas are based on past use. The word "use" refers only to the actual filling operation in the case of glass and the actual capping operation in the case of closures. Therefore, to the extent that a person did not do this directly during the base period, he has no quota, despite the fact that he may have supplied the actual packer with the product, closures, containers, etc. After December 31, 1943, any packing done for him must be within the quota of the person performing the actual filling and capping operation.

In the case of products whose quotas are based upon acceptances, a person is deemed to have "accepted" glass containers or closures (for the purpose of computing quotas) only to the extent that he himself actually took possession of them or had them invoiced to him. If he did not do this during the base period, he has no quota, and the rules stated in the preceding paragraph of this paragraph (h) apply.

Packers who use or accept new glass containers or metal closures for packing products for the account of others, as well as for their own account, must conduct both operations within their own quotas. Without a special appeals grant under this order, they cannot regard their use or acceptances of glass containers and metal closures for the account of others as an addition to their quotas. This is true even where the other person may represent to the packer that he has a quota which he is not using himself.

On the other hand, packers are entitled to include, in their own quota bases, their use or acceptances of new glass containers or new metal closures, for the account of others during the specified base periods.

Restrictions on Sale and Delivery of Glass Containers and Closures

(i) *General restrictions.* No person shall sell or deliver any glass containers or closures which he knows, or has reason to believe, will be accepted or used in violation of any provision of this order.

(j) *Export deliveries.* During any calendar year, no person shall deliver more empty new glass containers or more new metal closures to any person outside of the 48 States of the United States and the District of Columbia than he delivered to that person during 1943.

(k) *Certificates.* No person shall sell or deliver any new glass containers or new metal closures except under a purchase order or contract validated by the delivery to such person of a purchaser's certificate, signed manually, or as provided in Priorities Regulation 7.

This certificate shall be in substantially the form attached hereto as Exhibit A in the case of sales or deliveries of all glass containers, and of all metal closures except malt and non-alcoholic beverage closures. Attention is called to the fact that this certificate, once filed by a purchaser with a supplier, covers all future deliveries from that supplier to that purchaser.

The certificate should be in substantially the form attached hereto as Exhibit B, where sales or deliveries of malt or non-alcoholic beverage closures are concerned. This certificate differs from Exhibit A in that it must be filed with each purchase order for beverage closures in order to validate the order.

Jobbers as well as packers must file certificates in accordance with this paragraph (k). However, in Exhibit B, jobbers need only supply the information called for in sections (b) and (d) of that certificate.

(l) *Outstanding certificates.* Certificates previously filed with a supplier under any previous amendment of this order, shall remain valid insofar as sales or deliveries of glass containers are concerned. Exhibit A certificates previously filed under order M-104, shall remain valid insofar as closure (other than malt or non-alcoholic beverage), deliveries are concerned. In either of the above cases, no new certificate need be filed by any purchaser to validate his orders placed with the supplier to whom the previous certification was made.

(m) *Cases where certificates need not be filed.* No certificates shall be required for the sale or delivery of the following:

(1) Home canning jars
(2) Home canning closures
(3) Returnable glass containers for packing products listed in item 66 of Schedule I
(4) Prescription bottles and ointment jars for prescription use
(5) Closures for prescription and ointment jars for prescription use
(6) Glass containers or closures of any kind to retailers for resale empty or unused or to persons purchasing them from retailers.

(n) *Standard certifications.* The standard certification provided for in paragraph (d) of Priorities Regulation 7, cannot be used in place of the certifications provided by this order; nor may the certifications provided by this order be waived in accordance with paragraph (f) of Priorities Regulation 7.

Restrictions Relating Solely to Manufacture of Closures

(o) *Closure material.* (1) No person shall use any zinc, aluminum, tinplate, terneplate, blackplate, frozen plate, waste-waste or waste for the manufacture of the following types of closures:

(i) Cover caps which serve as a protective or decorative closure in addition to any original sealing medium (other than paraffin) such as another closure.

(ii) Double shell or semi-double shell caps.

(iii) Two-piece closures when both pieces are made of metal, except as permitted in paragraph (o) (2).

(2) No person shall use any zinc, aluminum, tinplate, terneplate, blackplate, or wire for the manufacture of any closure of the home canning type, except as, and to the extent permitted in Schedule VII attached to this order. No closure manufactured pursuant to Schedule VII shall knowingly be sold to, or used by, any person for packing any product for sale.

(3) No person shall use any tinplate, terneplate or blackplate heavier than 90 pounds per base box for the manufacture of crown caps. This restriction does not apply to rejects, frozen plate waste-waste, or waste.

(4) No person shall use for the manufacture of closures, any tinplate with a tin coating in excess of 0.50 pound per base box except as follows: 1.50 tinplate may be used to make closures for packing items 1 to 46, inclusive, in Schedule I. However, even in the case of these items all persons are urged to use 0.50 tinplate whenever possible.

(5) No person shall use any wire for the manufacture of paperboard disc plug caps, having a diameter of two inches or less, for milk bottles.

Exceptions Pertaining to Both Glass Containers and Closures

(p) *Deliveries to certain agencies and persons.* Nothing in this order shall prohibit the purchase, acceptance of delivery, or use (such use to be in addition to any quota specified in the schedules attached to this order) of glass containers or closures by any of the following persons or by any person for packing any product to be delivered to or for the account of any of the following persons:

(1) Army, Navy, Marine Corps, Maritime Commission, or War Shipping Administration of the United States (including persons operating vessels for such Administration or Commission for use thereon).

(2) Any person for packing products for retail sale or distribution through post-exchanges, sales commissaries, officers' messes, servicemen's clubs, ship service stores, or outlets; provided same are located at Army or Navy Camps, are not operated for private profit and are established primarily for the use of Army or Navy personnel within Army or Navy establishments or on Army or Navy vessels.

(3) American Red Cross, United Service Organizations, or such other nonprofit Defense Recreation Committees, engaged in the operation of recreation centers in the 48 States of the United States or the District of Columbia solely for military personnel, as are certified to be within the exemption provided by this paragraph (p) (3) by the Office of Defense Health and Welfare Services, OEM.

(4) Any agency of the United States purchasing for a foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(q) *Special provisions in schedules relative to exempt deliveries to certain agencies and persons.* The schedules of this order contain certain limitations on the exception provided by the preceding paragraph (p) in the case of certain products—as, for instance, ice cream mix and malt and nonalcoholic beverages. In such cases, the provisions of the schedules are controlling and supersede paragraph (p) to the extent that they conflict therewith.

Exceptions Relative to Glass Containers Only

(r) *Small users.* The restrictions of this order which pertain to glass containers shall not apply to any person, who was a packer before January 1, 1944, during any calendar year in which he accepts no more than a total of five hundred ($500.00) dollars worth (cost price to him) of empty new glass containers for all products.

(s) *Large size glass containers.* The restrictions of this order which pertain to glass containers shall not apply to any glass container with a capacity larger than 140 fluid ounces.

(t) *Glass containers of non-permitted sizes manufactured prior to January 4, 1944.* A packer may accept and use, for packing any product listed in the schedules of this order, any glass container which was manufactured before January 4, 1944, even though the container is of a size which is not permitted for that product by the schedules. Such acceptance and use must be in accordance with the quota provisions of this order and with the provisions of Order L-103.

(u) *Quota status of glass containers in inventory as of January 1, 1944.* Glass containers in the possession of a packer as of January 1, 1944, may be used by him for packing any listed product as follows:

(1) Quota free, if accepted for packing a product which had a limited quota in 1943, (unless "borrowed" as described in point 3 of this paragraph).

(2) Within quota, if accepted for packing a product which had an unlimited quota in 1943.

(3) Within quota, if borrowed against anticipated 1944 use as permitted in paragraph (e) of this order as amended November 1, 1943.

Exceptions Pertaining to Closures Only

(v) *Small users.* The restrictions of this order which pertain to closures shall not apply to any person during any calendar year in which he accepts no more than five thousand new metal closures for all products.

Prior Appeals

(w) *Appeals granted prior to December 31, 1943 under Order M-104 and Order L-103-b.* All appeals granted prior to December 31, 1943 under orders L-103-b and M-104 are cancelled and shall be ineffective on and after January 1, 1944. Therefore, after that date, no person shall accept delivery of or use or shall manufacture, sell or deliver any new glass container or any new metal closure except in accordance with the provisions of this order—unless he receives a new grant on appeal after January 1, 1944.

Definitions

(x) *Definitions.* For the purposes of this order:

(1) "Glass container" means any empty new machine-made bottle, jar or tumbler, with a capacity of 140 fluid ounces or less, which is made of glass and which is suitable for packing any product. It shall not include ampoules or vials made from glass tubing.

(2) "Packer" means any person who uses glass containers or closures for commercially packing any product in the continental United States (the 48 States and the District of Columbia).

(3) "Home canning jar" means a glass container which is specifically made for use as a home canning jar (that is, for the purpose of packing or preserving food or food products in the home) and which carries some lettering or other marking identifying it as such.

(4) "Closure" means any new sealing or covering device affixed or to be affixed to a glass container for the purpose of retaining the contents within the container. The term shall not include bulbs or droppers for medicinal bottles.

(5) "Metal closure" means any closure which is made of zinc, aluminum, tinplate, terneplate, blackplate, frozen plate, waste-waste, or waste.

(6) "Tinplate" means sheet steel coated with tin, and includes "primes", "seconds", and all other forms of tinplate except waste and waste-waste.

(7) "Terneplate" means sheet steel coated with a lead-tin alloy, and includes "primes", "seconds", and all other forms of terneplate except waste and waste-waste.

(8) "Blackplate" means any sheet steel, other than tinplate or terneplate, and includes "rejects", and all other forms of blackplate except waste.

(9) "Frozen plate" means only tinplate, terneplate or blackplate which, since before August 9, 1943, has been held in the owner's inventory because, for any reason, it was not suitable for manufacture by the owner into articles permitted the use of steel under the provisions of War Production Board orders.

(10) "Waste-waste" means hot dipped or electrolytic tin coated steel sheets which have been rejected during processing by the producer because of imperfections which disqualify such sheets from sale as primes or seconds.

(11) Tinmill blackplate "rejects" means steel sheets rejected during processing by the producer because of imperfections which disqualify such sheets for sale as prime blackplate.

(12) "Waste", means:

(i) Used closures made of tinplate, terneplate or blackplate;

(ii) Used cans made of tinplate, terneplate or blackplate;

(iii) Tinplate, terneplate or blackplate discs produced in the ordinary course of manufacturing screw bands for home canning closures;

(iv) Slitter or shear trimmings, or lithographing lay sheets, produced in the ordinary course of manufacturing closures or cans.

(13) The term "0.50 tinplate" wherever used in this order, includes "menders" arising in the production of such tinplate which have been hot dipped with a maximum tin coating of 1.25 pounds per base box.

Miscellaneous

(y) *Multiple unit users.* Any commercial user who uses glass containers at more than one plant may choose to compute and apply a separate quota for each plant (or group of plants) or a collective quota for all such plants. Any organization which consists of a parent corporation and one or more wholly-owned subsidiary corporations may consider itself as a single commercial user for purposes of this paragraph.

(z) *Applicability of regulation.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(aa) *Appeals.* Appeals from this order shall be filed by addressing a letter to the War Production Board, Containers Division, Washington 25, D. C. Ref: L-103-b.

The letter of appeal need not follow any particular form. It should state informally, but completely, the particular provision appealed from, the precise relief desired, the reasons why denial of the appeal would result in undue and excessive hardship, and such other statistical and narrative information as may be pertinent.

(bb) *Communications.* All communications concerning this order shall be addressed to: War Production Board, Containers Division, Washington (25), D. C., Ref.: L-103-b.

(cc) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or accepting further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

Issued this 15th day of May 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

EXHIBIT A—PURCHASER'S CERTIFICATE FOR ALL GLASS CONTAINER DELIVERIES AND ALL CLOSURE DELIVERIES EXCEPT MALT AND NON-ALCOHOLIC BEVERAGE CLOSURES

One copy of this certificate is to be delivered to each person from whom purchases of new glass containers or new metal closures (other than malt and non-alcoholic beverage closures) are made. Such certificate shall cover all purchases present and future.

The undersigned purchaser hereby certifies to the seller and to the War Production Board that he is familiar with Limitation Order L-103-b and that he will not use or sell any glass containers or any closures purchased from _____

Section 35 (A) of the U. S. Criminal Code (18 U. S. C. A. 80) makes it a criminal offense to make a false statement or representation as to any matter within the jurisdiction of any department or agency of the United States.

Schedules—General Explanation

Schedules I through VI list the only products which may be packed in new glass containers or with new metal closures. Schedule VII relates to the manufacture of home canning closures.

The data set forth in the two "quota" columns, opposite each product, indicate the number of new glass containers and new metal closures (determined in accordance with the general rules set forth in paragraph (g) of Order L-103-b), which may be used for packing that product. However, any special quota provisions which these schedules make applicable to any product, are controlling to the extent that they conflict with paragraph (g).

The "X" mark which appears opposite each product in one of the columns headed "closure material" indicates that, except as listed hereafter, only closures made of the specified material may be used to pack that product. The general exceptions from this rule are:

(i) Closures made of blackplate (including rejects) may be used, within quotas, wherever tinplate or terneplate is specified.

(ii) Closures made of frozen plate may be used, within quota, wherever either tinplate, terneplate or blackplate is specified.

(iii) Closures made of waste may be used in addition to specified quotas for listed products.

All special provisions of these schedules relating to closure materials for specific products must be followed, and control to the extent that they conflict with the above.

All size specifications for glass containers set forth in these schedules must be followed in addition to the provisions of Order L-103 and its schedules.

Attention is called to paragraphs (p) through (v) of Order L-103-b which establish limited exceptions to the provisions of this order. Here again, any special provisions which these schedules contain relative to quota exemptions—as in the case of ice cream mix and certain beverages—must be observed.

Schedule I—Foods

Note: Items 33, 51, 60 and 75 amended; items 49a, 49b, 49c, 56a, 60a, 75a and 92 added May 15, 1944.

No product packed in a can shall be repacked for sale in a glass container by the same or a different person, in the same or a different form, except as follows (or as otherwise specifically permitted in this schedule):

(i) When required for the packing of other products, pineapple may be repacked from No. 10 cans. Grape juice, grape pulp, citrus peel and pulp may be repacked from reusable cans, 5-gallons or larger. Apricots and peaches, solid pie pack, may be repacked from No. 10 cans or larger. No. 10 cans cut under this provision must be properly cleaned and returned to the nearest detinning plant.

(ii) Tomato paste, tomato pulp or puree, and tomato sauce may be repacked from No. 10, or from 5-gallon or larger reusable cans when required for packing other products, or for repacking in different form (other than in the form of tomato paste or tomato pulp or puree), but none may be repacked in the same form. No. 10 cans cut under this provision must be properly cleaned and returned to the nearest detinning plant.

(iii) Closures made of aluminum may be used for any product listed in this schedule for which aluminum closures were used in 1939, 1940 or 1941. However, all aluminum closures must be used within, and charged to, the quotas established by this schedule.

Edible Oils and Dressings—Continued				
77. Oil, edible, liquid	125% 1943 (see note).	100% of quota glass containers.		X
Note: Both new glass containers and new metal cans packed during base period to be included for purpose of computing quota under paragraph (g).				
No containers other than quarts and pints may be packed, with the following exceptions: (i) Olive oil may be packed in quarts, pints and smaller sizes. (ii) Any person who packed liquid edible oils prior to January 1, 1942 in glass containers larger than one quart may continue to do so in 1944 and subsequent calendar years.				
78. Shortenings	100% 1943	None		
Miscellaneous Foods				
79. Baby foods. Consisting of food products of small particle size or in liquid or semi-liquid form made from the following ingredients: fruits (except dried apricots, dried pears, dried peaches, dried or dehydrated apples); vegetables; meats; poultry products; dairy products; sugar; salt or seasoning; yeast or yeast derivatives. Frozen fruits and vegetables may be used. Potatoes and cereals may be used only in combination with other permitted products, and only provided the combined potato and cereal content does not exceed 12 percent, by weight, of the total product. Formulas—dry and liquid.	150% 1943	150% 1943	X

82. Coffee, not including soluble coffee	75% 1941 (see note).	80% quota glass containers. (See note.)		X
Note: Glass quotas for coffee are based on the capacity of new glass containers and metal cans accepted, rather than on the number of those used during 1941. Therefore, after computing his quota base in accordance with steps 1 and 2 of paragraph (g), on this basis, a coffee packer is permitted to accept and use enough new glass containers (of any size), to enable him to pack 75 percent of the capacity of new metal cans and jars resulting from such computation. No more than 40 percent of yearly glass quota may be accepted in period May 1 through October 31. New metal caps used in any one month shall not exceed 50 percent of the number of new glass containers packed in that month.

88. Nut butters including soybean butter. To be packed in 1 pound, 1½ pound, 2 pounds and larger containers only, except for tumblers which may be used subject to provisions of L–103. At least 10 percent of containers used to be 2 pounds or larger.	100% 1943	100% 1943	X	
89. Spices and seasonings	100% 1943	100% 1943	X	
90. Vinegars. At least 70 percent of the containers packed must be quarts or larger. No containers less than pint capacity to be packed.	(See note)	(See note)	(See note)	(See note)
91. Special foods for human consumption only, limited to foods other than usual table foods.	100% 1943	100% 1943	X	
92. Soup mix, dehydrated and paste				
Note: Quota—no person shall pack any special food product unless he packed the product in substantially the same form in 1943, and unless he obtains prior permission upon application to the War Production Board.				

Schedule II—Drug Products

[Products for medicinal purposes only]

Note: Item 7a added and Note 1 amended May 15, 1944.

Closures made of aluminum may be used for any product listed in this schedule for which aluminum closures were used in 1939, 1940 or 1941. However, all aluminum closures must be used within, and charged to, the quotas established by this schedule.

SCHEDULE VI—BEVERAGES

(The rules set forth in this Schedule are controlling wherever they conflict with any other provisions of Order L–103–b. However, except as modified herein, all provisions of Order L–103–b are applicable)

MALT BEVERAGES

Product: Malt beverages, including only beer, ale, porter, near beer and mixtures thereof.

Glass Containers

(a) *Glass container quota.* 100% of the number of new returnable glass containers which the packer accepted delivery of for malt beverages during 1943—less the number of quota exempt returnable glass containers which were accepted during the period between July 1, 1943 and December 31, 1943.

(b) *Exceptions from glass quota provisions.* In addition to his quota of glass containers for malt beverages, any packer may accept delivery of the following portion of the number of new or used glass containers used, or actually to be used, during the then current calendar year for delivering malt beverages to or for any of the persons listed under paragraph (p) of this order:

(1) *Export shipment.* The full amount of glass containers for delivering malt beverages to or for any such person for shipment to points outside the continental United States.

2. *Domestic consumption.* 8% of the full amount of glass containers for delivering malt beverages to or for any such person for use or distribution within the continental United States.

Closures

(c) *Closure quota (See Note 3).* 115% of the number of new metal closures used for non-alcoholic beverages during 1943. (Quota exempt closures may not be included in base.)

(d) *Closure material.* (See Note 1) Blackplate (including rejects) as allocated; electrolytic waste-waste, and frosen plate. Hot dipped waste-waste may be used only to make malt beverage closures which are to be exported unused. The export of unused malt beverage closure is exempted from the limitations of paragraph (j) of this order.

No closures made of waste may be used in addition to quota, pursuant to paragraph (d) of Order L–103–b, except as follows:

(1) Closures made of used cans.

(2) Closures made of used closures and of discs produced in the ordinary course of manufacturing home canning screw bands.

NON-ALCOHOLIC BEVERAGES

Product. Non-alcoholic beverages, including only carbonated soft drinks; non-carbonated soft drinks; unflavored carbonated waters and unflavored naturally carbonated and still waters (See Note 2); drinks consisting of fruit juices, vegetable juices and combinations thereof, where less than 85% by weight of such drinks is pure fruit juice, vegetable juice, or a mixture thereof; and sterilized milk drinks made with powdered milk.

Glass Containers

(a) *Glass container quota.* 80% of the number of new glass containers which the packer accepted delivery of for non-alcoholic beverages during 1941.

(b) *Exceptions from glass quota provisions.* In addition to his quota of glass containers for non-alcoholic beverages, any packer may accept delivery of the following portion of the number of new or used glass containers used, or actually to be used, during the then current calendar year for delivering non-alcoholic beverages to or for any of the persons listed in paragraph (p) of this Order.

(1) *Export shipment.* The full amount of glass containers for delivering non-alcoholic beverages to or for any such person for shipment to points outside the continental United States.

(2) *Domestic consumption.* 8% of the full amount of glass containers for delivering non-alcoholic beverages to or for any such person for use or distribution within the continental United States.

Closures

(c) *Closure quota (See Notes 2 and 3).* 115% of the number of new metal closures used for non-alcoholic beverages during 1943 (Quota exempt closures are not to be included in base).

(d) *Closure material (See Note 1).* Blackplate (including rejects) as allocated; electrolytic waste-waste, and frosen plate. Hot dipped waste-waste may be used only to make non-alcoholic beverage closures which are to be exported unused. The export of unused non-alcoholic beverage closures is exempted from the limitations of paragraph (j) of this order.

No closures made of waste may be used in addition to quota, pursuant to paragraph (d) of Order L–103–b except as follows:

(1) Closures made of used cans.

(2) Closures made of used closures and of discs produced in the ordinary course of manufacturing home canning screw bands.

WINES

Product. Wines.
Glass container quota. 100% of 1943.
Closure quota. 50% quota glass containers.
Closure material. Blackplate.

DISTILLED SPIRITS

Product. Distilled spirits, including cordials.
Glass container quota. 100% of 1943.
Closure quota. 50% quota glass containers.
Closure material. Blackplate.

NOTE 1: Permission to accept delivery of used cans made of tinplate or of sheets recovered from such cans or of tinplate slitter or shear trimmings, lithographing lay sheets and discs must be obtained in accordance with Conservation Order M–325.

NOTE 2: Except with regard to items listed in Schedule II, no new metal closures shall be affixed to glass containers smaller than 12 fl. oz. for packing unflavored carbonated natural or mineral waters unless such glass containers were manufactured on or before June 1, 1942.

NOTE 3: No person other than a jobber purchasing for resale shall accept delivery of malt beverage or non-alcoholic beverage closures which would increase his inventory beyond 30% of his 1944 quota of such closures. This inventory shall include closures to be used as described in paragraph (p) of this order but not closures made of waste materials described in paragraphs (d) (1) and (2) of this schedule. No separate inventory is permitted for uses described in paragraph (p).

SCHEDULE VII—HOME CANNING CLOSURES

No manufacturer of glass containers shall ship any jars with 70 mm. screw finish, intended for home canning unless at least 40% of such jars shipped during each calendar month are delivered as a unit, consisting of the jar and a "glass lid closure" packed together. A "glass lid closure" is one consisting of a glass lid, a screw band and a top seal jar ring.

INTERPRETATION 1: Revoked Jan. 4, 1944.

INTERPRETATION 2

GLASS CONTAINER AND CLOSURE QUOTAS

Paragraph (g) sets forth the method for computing a packer's quota of new glass containers or new metal closures. The first step in the process (subparagraph (1) of paragraph (g)) is to take the number of new glass containers or new metal closures used or accepted for packing that product during the named base period. In arriving at this number a packer may not include more containers or closures than he was permitted to accept or use under the provisions of the applicable order in existence at the time. New glass containers or new metal closures accepted or used pursuant to the grant of an appeal are properly included in making the computation. (Issued Apr. 3, 1944.)

[Supplementary Order L–103–b, Interpretation 3]

GLASS CONTAINER AND CLOSURE QUOTAS

The following interpretation is issued with respect to Supplementary Order L–103–b:

A caterer or restaurateur, who fills glass containers with food which is ready for consumption, for the purpose of delivering it to a plant to be served in in-plant feeding operations, is not a packer within the meaning of the term as defined in paragraph (x) (2) of this order and therefore not subject to the restrictions contained in it. He may properly use the certification contained in Exhibit A in placing his purchase orders if the glass containers are to be used for this purpose only.

Issued this 15th day of May 1944.

PART 3286—MISCELLANEOUS MINERALS

[Conservation Order M–199, as Amended May 15, 1944]

SILVER

The fulfillment of the requirements for the defense of the United States has created a shortage in the supply of silver for defense, for private account, and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3286.51 *Conservation Order M–199*—(a) *Definitions.* For the purposes of this order:

(1) "Silver" means silver bullion, semi-fabricated forms of silver, silver scrap and other secondary forms of silver, and any alloy, compound, salt, or mixture containing more than one-half of one percent of silver by weight. The term does not include alloyed gold produced in accordance with U. S. Commercial Standards CS 51–35 and CS 67–38. The term includes, however, all metal combinations, such as rolled gold plate or gold filled stock, containing more than one-half of one per cent of silver by weight exclusive of the silver content of the karat gold, if any. The term does not include finished silver products except where such products after processing are to be used in a form or style or for a purpose different from that for which they were originally designed or intended. For example, a finished piece of silverware, or jewelry, or a silver coin may be delivered, accepted, and used without further processing for the purpose for which originally designed or intended without restriction under this order. However, if such articles are to be melted down or otherwise processed for different uses, then they must be treated for the purposes of this order as "silver" (as distinguished from finished products) of the particular kind (foreign, domestic, or Treasury) from which the product was originally made. Articles containing silver which have been discarded from the use for which they were originally designed or intended because of obsolescence, defects, or other reasons shall be deemed to be scrap or secondary silver and not finished silver products. Silver findings, including chain, are considered finished silver products. The following items, as well as all other primary and semi-fabricated forms and partially fabricated parts, containing more than ½ of 1 per cent of silver by weight, are not considered finished silver products but are considered silver: ingots, bars, rods, shot, grain, leaf, powder, sheet, wire, strip, tubing, circles, anodes, salts, compounds, mixtures, brazing alloys, and solders. Silver salts, compounds, or mixtures, which are prepared for sale at retail for the personal use of the purchaser and not for use in the manufacture of a product or in a process for commercial sale, are considered finished silver products.

(2) "Domestic silver" means any silver which has been produced since July 1, 1939, from mines situated inside of the territorial limits of the United States, its territories and possessions.

(3) "Treasury silver" means any silver which has been held or owned by the United States and has been sold pursuant to the provisions of Public Law 137, approved July 12, 1943.

(4) "Foreign silver" means any silver except that which is either domestic silver or Treasury silver. Scrap generated by manufacturers from the processing of domestic silver or Treasury silver shall also be considered to be foreign silver if it does not remain in the ownership of the manufacturer whose processing operations produced it: *Provided, however,* That domestic silver scrap or Treasury silver scrap produced by suppliers in semi-fabricating operations may be sold by such suppliers to manufacturers as domestic silver casting metal or Treasury silver casting metal.

(5) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of or under common control with or available for the use of such person.

(6) "Manufacturer" means any person who uses silver by incorporating it physically in the finished products or parts thereof which he manufactures or who uses or consumes silver in any manufacturing, testing, laboratory, plating, or repairing process. The term shall include any person who furnishes silver to a manufacturer under toll agreement to be processed and returned in semi-processed or finished form.

(7) "Supplier" means any person regularly engaged in the business of importing, smelting, or refining silver, or in the business of selling silver to manufacturers and other suppliers. The term includes any person who may import, smelt, or refine silver for his own use as a manufacturer.

(8) "Put into process" means the first change by the manufacturer in the form of the material from that form in which it was received by him. Putting into process does not include minor initial operations such as marking and does not include any alloying, shearing, cutting, trimming, or other operation unless such initial operations are part of a continuous fabricating or assembling operation. Nor does it include operations such as inspection and testing, nor segregation or earmarking for a specific job or operation. The term also does not include the reclaiming and reforming of scrap.

(9) "Process" means cut, draw, machine, stamp, melt, mix, compound, cast, forge, roll, turn, spin, or otherwise shape or change in form or chemical composition. It also means assemble. The term does not include sand-bobbing, buffing, or polishing an assembled article.

(10) The term "assemble" shall not be deemed to include the putting together of an article after delivery to a sales outlet or consumer in knock-down form pursuant to an established custom. The term "assemble" shall also not be deemed to include adding finished parts to an otherwise finished article when the placing of one or more finished parts or the size or type of one or more finished parts is determined by the use to which the ultimate consumer is to put the article. In all other cases, the term "assemble" shall be deemed to include adding parts, whether of silver or of any other material, to an article of silver, where such article is not deemed complete and ready for immediate sale or use until such parts have been added, including adding gems, stones, or glass jewels or beads to articles or parts of silver, and adding brushes, combs, knives, forks, or other utensils to backs or handles of silver.

(11) The term "deliver" shall not be deemed to include a redelivery of silver to the owner thereof, who is a manufacturer, by a person to whom such owner delivered such silver to be alloyed or processed and returned to such owner for further processing; nor does it include the delivery under the same circumstances by the owner to the person who alloys or processes the silver for the owner.

(12) The term "accept delivery" shall not be deemed to include acceptance of delivery of silver by the owner thereof, who is a manufacturer, from a person to whom such owner delivered such silver to be alloyed or processed and returned to such owner for further processing; nor does it include acceptance of delivery under the same circumstances from the owner by the person who alloys or processes the silver for the owner.

(b) *Restrictions upon sale or delivery of silver by suppliers.* (1) No supplier shall sell or deliver any kind of silver (foreign, Treasury, or domestic) except to

(i) Another supplier; or

(ii) A manufacturer; or

(iii) The United States; or

(iv) Metals Reserve Company or any other corporation organized under section (5) (d) of the Reconstruction Finance Corporation Act as amended.

(2) No supplier shall sell or deliver foreign silver to a manufacturer except to fill orders for uses on List A.

(3) No supplier shall sell or deliver Treasury silver to a manufacturer except to fill orders for uses on List C.

(4) No supplier shall sell or deliver any kind of silver (foreign, Treasury, or domestic) to any person if he knows or has reason to believe such silver is to be received or used in violation of the terms of this order.

(c) *Restrictions upon sale or delivery of silver by manufacturers.* No manufacturer shall sell or deliver any kind of silver (foreign, Treasury, or domestic) except to:

(1) A supplier; or

(2) The United States; or

(3) Metals Reserve Company or any other corporation organized under section (5) (d) of the Reconstruction Finance Corporation Act as amended.

(d) *Restrictions upon purchase, acceptance of delivery, and processing of foreign silver by manufacturers.*

(1) *Uses on List A.* On and after July 29, 1943, no manufacturer shall purchase, accept delivery of, put into process, or process any foreign silver for any use other than a use on List A.

(2) *Temporary exception.* Notwithstanding the foregoing provisions of this paragraph (d), a manufacturer may continue the processing of any foreign silver which on July 29, 1943, he had already put into process for any use on List B to fill orders rated A–1–e or higher; also, a manufacturer may put into process and process to completion for a List C use any foreign silver owned by him on July 29, 1943, and he may complete the processing of any foreign silver already put into process by him on such date for any such use: *Provided*, That on and after September 6, 1943, no manufacturer may put into process any foreign silver in the manufacture of brazing alloys or solders, but he may complete the processing of any foreign silver already put into process by him on September 6, 1943, for any such use: *Provided, further*, That on and after May 15, 1944, no manufacturer may put into process any foreign silver owned by him on July 29, 1943, in the manufacture of official articles (item 2, List C) except to fill specific approved orders or contracts received and accepted by him prior to May 15, 1944, which call for delivery of a specified number of articles at a fixed price.

(3) *Temporary exception for List D uses.* Notwithstanding the limitations of paragraph (d) (1), a manufacturer may continue the processing of any foreign silver which on May 15, 1944, he had already put into process for any use on List D to fill orders rated AA–5 or higher; and he may purchase, accept delivery of, put into process, and process to completion for any use on List D any foreign silver required to fill specific orders rated AA–5 or higher received and accepted by him prior to May 15, 1944, which call for delivery of a specified number of articles at a fixed price.

(e) *Restrictions upon purchase, acceptance of delivery, and processing of Treasury silver by manufacturers.* No manufacturer shall purchase, accept delivery of, put into process, or process Treasury silver except for a use on List C.

(f) *Authorization to purchase Treasury silver from the United States.* Purchases of Treasury silver from the United States pursuant to Public Law 137, approved July 12, 1943, shall be made only upon specific authorization of the War Production Board. Any supplier or manufacturer desiring such authorization may apply by letter to the War Production Board, Miscellaneous Minerals Division, Washington 25, D. C., Reference: M–199, not later than the 15th day of the month preceding the month in which delivery of the Treasury silver is desired. In such letter the applicant, in addition to other pertinent information, shall state the nature of his business and the intended use of the silver in terms of the uses specified on List C.

(g) (1) *Restrictions upon the purchase, acceptance of delivery, and processing of domestic silver for List B uses.* In any calendar quarter after July 1, 1943, until further notice, no manufacturer shall purchase, accept delivery of, or put into process domestic silver for uses on List B in excess of ⅓ of the aggregate amount by weight of all silver (foreign and domestic), computed on the basis of the fine silver content thereof in troy ounces, put into process by such manufacturer for List B uses and for item 2 of List C uses (official articles) during the calendar year 1941 or the calendar year 1942, whichever year is the greater: *Provided, however*, That such manufacturer, in computing his quota of domestic silver under the foregoing provision, shall deduct from the said aggregate amount put into process by him for List B uses and for item 2 of List C uses (official articles) for the year 1941 or 1942, as the case may be, the aggregate amount by weight of silver (fine silver content, troy ounces) put into process by him in such year for List B uses and for item 2 of List C uses (official articles) to fill orders rated A–3 or higher, and the aggregate amount by weight (fine silver content, troy ounces) of sales made by him in such year of silver scrap or silver waste material resulting from the processing of silver for List B uses and for item 2 of List C uses (official articles), exclusive of orders rated A–3 or higher.

(2) *Quota restrictions under toll agreements.* In any case where prior to January 1, 1943, a manufacturer furnished silver to another manufacturer under toll agreement to be processed and returned in semi-processed or finished form, the manufacturer who furnished the silver, and not the manufacturer who did the processing under toll agreement, shall be considered, for the purpose of computation of domestic silver quotas under the provisions of paragraph (g) (1), as having put into process the silver involved. On and after November 10, 1943, where one person furnishes silver to another under toll agreement to be processed and returned, the same considerations shall apply in determining whose quota should be charged as between the person who furnishes the silver and the one who processes it: that is, the quota of the person who furnishes the silver shall be charged and not that of the toll processor.

(3) *Assignability of quotas.* Domestic silver quotas may not be assigned except as provided in § 944.28, Priorities Regulation No. 7A.

(4) *No quota restrictions on domestic silver for other than List B uses.* A manufacturer may purchase, accept delivery of, put into process, and process domestic silver without regard to the quota limitations of paragraph (g) (1) for any use on List A, any use on List C, any use on List D or any unlisted use.

(h) *Special exception as to domestic silver.* The restrictions of this order as to the purchase, acceptance of delivery, and processing of domestic silver for List B uses shall not apply to any manufacturer:

(1) Who is a hand-tool manufacturer. For the purpose of this exception, the term "hand-tool manufacturer" means a manufacturer who, insofar as his manufacturing activities are concerned, is engaged exclusively in the manufacture of silver products and who neither manufactures nor sells any silver products except those products all the silver parts of which (including findings, such as chain, if any) he himself has manufactured completely, performing all of the processing operations from the primary raw material form to the finished product in his own plant, using hand tools exclusively at each and every stage of the processing (that is, without the use of dies, jigs, or molds, or any mechanical apparatus whatsoever, such as mechanically operated spinning or turning wheels or lathes, presses, grinders, jig saws, band saws, or cutters, whether operated by hand, foot, or other power). The term "primary raw material form" means and includes only the following: ingot, bar, rod, sheet, wire and strip. It does not include so-called "blanks" in any form. This exception is subject to each and all of the following further restrictions:

(i) This exception shall not apply to any person unless he was a manufacturer of silver products using hand tools exclusively within the limitations of paragraph (h) (1) as in effect prior to May 15, 1944, throughout at least six months of 1943;

(ii) No hand-tool manufacturer may purchase, accept delivery of, or put into process any domestic silver under this exception for the period between May 15, 1944, and July 1, 1944, and in any calendar quarter thereafter in excess of the following quota: either 500 troy ounces or 25 percent of the aggregate amount by weight of all domestic silver, computed on the basis of the fine silver content thereof in troy ounces, purchased by such hand-tool manufacturer in the calendar year 1943, for use by him in the manufacture of List B items, using hand tools exclusively, whichever is the smaller amount; concerns which are owned, controlled or financed by the same person, or substantially the same person or persons, shall be deemed to be a single manufacturer entitled only to a single quota;

(iii) No hand-tool manufacturer may process silver for others under toll agreement nor may he have any of the manufacturing operations on his own products performed for him by others under toll agreement; except that toll manufacturing operations, using hand tools exclusively, on domestic silver already in process may be continued to completion or July 1, 1944, whichever is earlier;

(iv) No manufacturer, whether or not a "hand-tool manufacturer", who has more than 300 troy ounces (fine silver content) domestic silver in process on May 15, 1944, which silver was put in process for List B uses under the provisions of paragraph (h) (1) as in effect prior to May 15, 1944, shall continue the processing of any such in process silver after June 30, 1944, unless such manufacturer has an available quota of domestic silver for the calendar quarter beginning July 1, 1944, under paragraphs (g) (1), (h) (1) (ii), or (h) (2) (iv) and deducts from such quota any amount of such in process silver he continues to process after June 30, 1944; or

(2) Who meets each and all of the following requirements:

(i) He was engaged in the silver manufacturing business throughout the year 1941;

(ii) His gross receipts in the year 1941 from the sale of silver products did not exceed $25,000;

(iii) He continues to engage in the silver manufacturing business, and to have at all times not more than five persons at one time, excluding all clerical employees, working in such business, each of which persons is either over the age of 50 years or is physically incapacitated from performing ordinary factory labor; and

(iv) His gross sales of silver products for the calendar year 1943 and for each calendar year thereafter do not exceed $35,000 per year, *Provided, however*, That in no event shall he purchase, accept delivery of, or put into process domestic silver for List B uses in any calendar quarter under this exception (h) (2) in excess of 25 per cent of the aggregate amount by weight of all silver (foreign and domestic), computed on the basis of the fine silver content thereof in troy ounces, put into process by him for List B uses during the calendar year 1941.

For a manufacturer to be engaged in the "silver manufacturing business" as the term is used in paragraph (h) (2), at least 75% of the gross receipts of such manufacturer in the year 1941 and succeeding years from products of all kinds sold by him (including products sold but not manufactured by him) shall have been derived from the sale of silver products manufactured by him. A silver product is one in which silver is physically incorporated and in which the amount of contained silver is greater either in weight or in value than any other single material, excluding precious or semi-precious stones, contained in such products.

The exceptions set forth in paragraphs (h) (1) and (h) (2) are intended for the benefit only of manufacturers who operate on a small scale, making and selling a limited number of products all of the List B variety. Accordingly, a manufacturer who purchases, accepts delivery of, or puts into process silver for any use other than a List B use is not entitled to purchase, accept delivery of, or put into process any silver under either of these exceptions. Furthermore, no manufacturer shall be entitled to operate under either of these exceptions and at the same time to purchase, accept delivery of, and put into process silver under the quota provided in paragraph (g) (1). Finally, these exceptions themselves are mutually exclusive: a hand-tool manufacturer, who purchases and uses silver under paragraph (h) (1), cannot also purchase and use silver under paragraph (h) (2), even though he can meet the requirements of paragraph (h) (2); and conversely, a manufacturer, who purchases and uses silver under paragraph (h) (2), cannot purchase and use silver under paragraph (h) (1) even though he meets the qualifications of a hand-tool manufacturer.

(i) *Special directions as to distribution of foreign, Treasury, and domestic silver.* From time to time the War Production Board may issue special directions to individual suppliers and manufacturers, specifying the sources, destinations, and amounts of silver (foreign, Treasury, or domestic) to be delivered or acquired by them.

(j) *Restrictions on holding of scrap silver.* (1) No manufacturer shall purchase or accept delivery of silver of any kind (foreign, domestic, or Treasury) if he has on hand more than a thirty days' accumulation of scrap silver, exclusive of wastes, such as mirror wastes, polishings, and sweepings, whether foreign, Treasury, or domestic, or any combination thereof, unless such accumulation aggregates less than 1,000 ounces, fine silver content.

(2) No manufacturer shall have scrap melted, reformed, and redelivered to him under toll agreement if by such redelivery his inventory of silver will be in excess of a minimum practicable working inventory, taking into consideration the orders on his books requiring use of silver and the limitations placed upon the use of silver by this order.

(k) *Fungibility of silver stocks recognized.* Although this order deals with three kinds of silver (foreign, Treasury, and domestic) which are separately defined, and imposes restrictions which vary in their application as among these kinds of silver, it is recognized that all three kinds of silver are physically identical. Accordingly, nothing in this order shall be deemed to require any person holding two or more kinds of silver to keep the various kinds physically segregated. It is also understood that a person who holds only one kind of silver at a particular moment may be called upon to deliver or to use another kind of silver. In such cases, the person holding the one kind of silver may change part or all of his stock of such silver to silver

of another kind simply by selling part of his stock to a supplier, ordering an equivalent amount, silver content, of the different kind of silver required for his purposes and paying or receiving the difference in price. For the purposes of this order, physical delivery to the supplier of the silver being sold and physical delivery by the supplier of the different kind of silver being purchased are not required in order to change the character of the silver involved from the kind in stock to the kind being purchased. The form of the silver can also be disregarded. For example, a manufacturer with partially processed stocks of foreign silver which he cannot finish for List B uses under the restrictions of the order, can purchase domestic silver bars having a silver content equal to the silver content of the partially processed silver, sell those same bars back to the supplier as foreign silver, pay the difference in price, and then consider that the partially processed silver is domestic silver and may be further processed for List B uses as permitted by the order. Any purchasing or processing of domestic silver under the provisions of this paragraph for uses on List B must, however, be within the quota limitations of paragraph (g) hereof. Furthermore, at no time shall any person sell silver of any kind in excess of the amount of silver of that kind, fine silver content, owned by him. For the purposes of this order, silver owned by a person shall be deemed to include, in the case of suppliers only, silver which such supplier has contracted to purchase under a firm written contract calling for the delivery of a specific amount of silver of a specific kind within a specific period, not exceeding five months from the date of the contract.

(l) *Use certificate.* No supplier shall deliver any silver (foreign, Treasury, or domestic) to any manufacturer, and no manufacturer shall accept delivery of any silver from any supplier, unless the manufacturer shall have furnished the supplier with a certificate specifying the end use of such silver in terms of the uses specified on List A, List B, List C, and List D. Such certificate may be placed on or attached to the purchase order, and shall be in substantially the following form, signed manually or as provided in Priorities Regulation No. 7:

Pursuant to Conservation Order M-199, the undersigned hereby certifies to the supplier and the War Production Board that the silver covered by the accompanying order (and all silver purchased from the supplier under orders placed in the future) shall be used solely for the following purposes: _____

_____

_____

_____

(Name of purchaser)

Date_____ By_____

(Signature and title of duly authorized officer)

In appropriate cases one certificate may cover the use of silver to be delivered under orders to be placed with such supplier in the future. Such certificate shall constitute a representation to, but shall not be filed with, the War Production Board. The supplier shall be entitled to rely on such representation, unless he knows or has reason to believe it to be false.

(m) *Exceptions*—(1) *United States Government.* None of the restrictions in this order as to sale, purchase, delivery, acceptance of delivery, or use of silver shall be applicable to the United States Government or any of its departments or agencies: *Provided, however*, This exception shall not be deemed to extend to a manufacturer who manufactures items for delivery to or for the account of the United States Government or any of its departments or agencies. An item is not deemed removed from the list of restricted uses simply because it is to be manufactured for delivery to or for the account of the United States Government or any of its departments or agencies.

(2) *Repair.* The restrictions of this order as to the putting into process and the processing of foreign, Treasury, or domestic silver shall not apply to a person repairing a used article on or off the premises of the owner, if the person making the repair does not use silver weighing in the aggregate more than 3 ounces and if any putting into process or processing done by such person is for the purpose of making the specific repair. The term "repair" as used in this paragraph shall include the replating of used articles, provided the article was originally made of silver or silver-plated material.

(n) *Limitations of inventories.* No manufacturer shall accept delivery of silver, in the form of raw materials, semi-processed materials, finished parts, or sub-assemblies, nor shall he put into process any raw material, in quantities which in either case shall result in an inventory of raw, semi-processed, or finished material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the use of silver by this order.

(o) *Restrictions on sale and purchase of manufactured products*— (1) *General.* No person whether manufacturer, wholesaler, jobber, distributor, dealer, retailer, or consumer, shall sell, purchase, deliver, or accept delivery of any article made in whole or in part of silver if he knows or has reason to believe that it was made, assembled, or delivered contrary to the restrictions contained in this order.

(2) *Official articles.* Notwithstanding § 944.11 of Priorities Regulation No. 1, no manufacturer shall sell or deliver official articles except to the person from whom the manufacturer received the order or contract on which the articles were manufactured. However, if any manufacturer holds any official articles which he is unable to deliver to such person, because of cancellation or cut-back of the order or contract, or because of over-run, or rejection, such manufacturer, if he has a domestic silver quota under paragraph (g) (1), following the procedure described in paragraph (k), may convert the identity of the silver content of the articles into domestic silver within the limitations of such quota, and thereafter dispose of them without restriction as List B items.

NOTE: Paragraphs (p) and (q), formerly (o) and (p), redesignated May 15, 1944.

(p) *Reports.* Each supplier and each manufacturer and every other person affected by this order shall file such reports as may be requested from time to time by the War Production Board, subject to the approval of the Bureau of the Budget, pursuant to the Federal Reports Act of 1942.

(q) *Miscellaneous provisions*—(1) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provisions appealed from, and stating fully the grounds of the appeal.

(2) [Deleted May 15, 1944]

(3) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board regulations as amended from time to time.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Miscellaneous Minerals Division, Washington 25, D. C. Ref: M-199.

(5) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 15th day of May 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

LIST A: *Permitted uses of foreign silver under Conservation Order M-199—these are the only uses permitted for foreign silver; domestic silver is also permitted for these uses without limit; Treasury silver (except in the form of brazing alloys or solders) is not permitted at all for these uses:*

1. Manufacture of medicines and health supplies, including, without limitation, dental, surgical, veterinary, and optical (including spectacle frames) instruments, appliances, and equipment.

2. Manufacture of photographic film, photographic papers, and photographic chemicals, and use in any photographic process.

3. Manufacture of electrical contacts and other silver products or parts used for electrical current carrying purposes.

4. Manufacture of any product or use in any process to fill orders bearing a preference rating of AA-5 or higher, except uses on List B, List C, or List D.

5. Use of brazing alloys or solders manufactured of foreign silver prior to July 29, 1943, or manufactured since that date pursuant to the temporary exception set forth in paragraph (d) (2), for any purpose except a use on List B.

6. Use by a laboratory. "Laboratory" means any person engaged in the business of carrying on scientific or technological investigation, testing, development or experimentation, to the extent that he is so engaged. The term includes research laboratories, production control laboratories, testing laboratories, analytical laboratories, clinical laboratories, and instructional laboratories. It does not include any person to the extent that he is engaged in the manufacture of products for commercial sale, even though the place in which the products are manufactured may be called a laboratory.

LIST B: *Restricted uses of silver under Conservation Order M-199—regardless of rated orders, only domestic silver is permitted for these uses and then only within the quota limitations of paragraph (g) (1); foreign silver and Treasury silver are not permitted at all for these uses:*

1. Manufacture of silverware, including, without limitation, knives, forks, spoons, plates, platters, dishes, pitchers, vases, cups, candlesticks, and all other kinds of flatware and hollow ware and table, kitchen, and decorative utensils and objects, including silver deposit china or glassware, except glass liners or fillers for vacuum jugs and bottles.

2. Manufacture of watch cases and jewelry, including, without limitation, costume jewelry, blackout jewelry, and other articles of personal adornment, except push-pins for wrist watches. The term jewelry also includes personal accessories of all kinds such as bags, compacts, vanity cases, cigarette cases, cigarette holders, lighters, souvenirs, cuff links, pins, and clasps.

3. Manufacture of articles of identification, including discs, chains, and cords, and emblems, badges, and insignia other than official articles. What is meant by "official articles" is set forth in item 2 of List C.

4. Manufacture of church goods as defined in General Limitation Order L-136.

5. Manufacture of slide fasteners, hooks and eyes, snaps, buttons, clips (except for fountain pens and mechanical pencils), buckles, and fasteners of every description.

6. Manufacture of closures for containers.

7. Manufacture of pens and pencils, except the nibs, interior tubes, filling mechanisms, clips, and reinforcing cap-rings or bands of fountain pens, and the tips, interior operating mechanisms, clips, and reinforcing bands of mechanical pencils.

8. Manufacture of toilet articles and picture frames.

9. Manufacture of musical instruments, except strings for stringed instruments.

10. Electroplating and all other kinds of silver deposit processes, silver inlay work, and all other processes for the covering of another material in whole or in part with silver, except where essential for the operation or functioning of the part or article to which the silver is applied.

11. Manufacture of findings, including chain, for any List B use.

LIST C: *Permitted uses of Treasury silver under Conservation Order M-199—these are the only uses permitted for Treasury silver; domestic silver without regard to quota limitations of paragraph (g) (1) is also permitted for these uses; foreign silver (except as temporarily permitted under paragraph (d) (2) is not permitted at all for these uses:*

1. Manufacture of bearing material, bearings, and parts of bearing assemblies.

2. Manufacture of official articles. The term "official articles" means:

(a) Metallic insignia designating rank, branch of service, and "U. S." manufactured in accordance with official regulations on approved orders or contracts;

(b) Embroidered insignia, lace, stripes, or braid manufactured in accordance with official regulations, on approved orders or contracts, or on orders or contracts placed by producers of officers' uniforms, as the term "producer" is defined in Preference Rating Order P-131, as amended, for use as provided in P-131; and

(c) Decorations, medals, badges, and qualification bars (including jump rings) manufactured in accordance with official regulations, on approved orders or contracts bearing preference ratings of AA-5 or higher.

(d) Identification neck-chains manufactured on orders or contracts for the Navy Department, on Navy orders or contracts, or on orders or contracts placed by Ship's Service Stores, each article having a total length of 28 inches and a total weight, including hooks and fasteners but excluding identification tags, of not to exceed one-half troy ounce.

For the purposes of this item 2 of List C, the term "approved orders or contracts" means orders or contracts for:

(i) War Department, placed by the Quartermaster General;

(ii) Navy Department, on Navy orders or contracts, or on orders or contracts placed by Ship's Service Stores, Naval Uniform Service, Inc., or Women's Naval Uniforms, Inc., or by such other outlets as the War Production Board shall specify from time to time under Limitation Order L-131 at the request of the Bureau of Supplies and Accounts of the Navy Department.

LIST D: Ex-quota uses of domestic silver under Conservation Order M-199—regardless of rated orders, only domestic silver is permitted for these uses but the quota limitations of paragraph (g) (1) do not apply; foreign silver, except on a temporary basis (paragraph (d) (3)), and Treasury silver are not permitted at all for these uses:

1. Manufacture of mirrors.

2. Manufacture of glass liners or fillers for vacuum jugs and bottles.

3. Manufacture of push-pins for wrist watches.

4. Manufacture of nibs, interior tubes, filling mechanisms, clips, reinforcing caprings or bands of fountain pens and tips, interior operating mechanisms, clips, and reinforcing bands of mechanical pencils.

5. Manufacture of strings for musical instruments.

INTERPRETATION 1

Conservation Order M-199 imposes certain quota limitations upon the amount of domestic silver which a manufacturer may put into process for List B uses. In many silver manufacturing processes, a manufacturer starts with a certain amount of silver in primary shapes and ends the operation with a large part of such silver in the form of scrap. It is customary for the manufacturer in these cases to have this scrap melted, rolled, or otherwise processed so as to return it to a primary shape in which it can again be subjected to manufacturing processes. This reforming of the silver scrap in some instances is done by the manufacturer himself, in other instances the work is done by others under toll agreement. The question has been presented under these quota limitations as to whether the processing of this reformed scrap must be considered as coming within this meaning of the term "put into process" or whether such processing of reformed scrap shall be considered as only the continuation of a processing operation which began when the manufacturer processed for the first time in any form for a List B use the specific amount of silver from which such scrap was produced.

It is hereby determined that for the purposes of the quota limitations of Order M-199, the term "put into process" shall be deemed to cover only the manufacturer's first processing for a List B use of a given amount of silver. It shall not be deemed to cover the subsequent processing of reformed scrap produced therefrom, whether such reforming is done by the manufacturer himself or by others for him under toll agreement. The term shall be deemed to cover, however, the first processing for a List B use of reformed scrap which was produced from putting silver into process for a use which is not on List B.

This interpretation supersedes Interpretation 1 of Conservation Order M-199 issued September 1, 1942. (Issued Nov. 10, 1943.)

INTERPRETATION 2

(a) It is customary for many silver manufacturers to ship the scrap they produce to a supplier under toll agreement for reforming and return. As suppliers and manufacturers are bound by the restrictions of the order as to the amount of silver, foreign, domestic, and Treasury, they may sell, purchase, deliver, and accept delivery of, for the various uses listed in the order, and as these toll transactions are in effect excepted from such restrictions, it is important that the amount of silver shipped by the supplier, which purports to be the return of silver reclaimed from the scrap, have a real relation to the amount of scrap sent in by the manufacturer. However, much time would be lost if the supplier were required to wait until he has reclaimed, refined, and reformed the scrap before returning anything to the manufacturer.

Accordingly, it is hereby determined that a supplier may ship the estimated silver content of the scrap to a manufacturer immediately upon his receipt of the scrap, without waiting for the scrap to be reclaimed, refined, and reformed. Furthermore, it is recognized that in cases where a manufacturer makes frequent shipments of scrap to a sup-

plier, it is impossible as a practical matter for the supplier to know at all times that he has not shipped to that manufacturer more silver than the silver content of the scrap the manufacturer has shipped to him. In such cases it will be sufficient if the supplier will check his accounts at least once every 30 days and make sure that his total shipments of silver to any such manufacturer against scrap received have not exceeded the silver content of the scrap received from such manufacturer.

(b) Under the provisions of paragraph (m) (1), the United States Government, its departments and agencies are excepted from the restrictions of the order as to the sale, purchase, delivery, acceptance of delivery, and use of silver. This exception applies to the requirements of paragraph (1) dealing with the "use certificate." Such certificate is not required in the case of silver deliveries by a supplier to the United States Government or one of its departments or agencies.

In this same connection, a question has been raised as to whether or not this exception will permit brazing alloys and solders ordered by the Government or one of its departments or agencies to be made out of foreign silver contrary to the restrictions of paragraph (d). This exception is designed to relieve only the Government from the restrictions of the order—not the persons who manufacture items for delivery to the Government. Hence manufacturers of brazing alloys and solders are not relieved from the restrictions of paragraph (d) even though such alloys and solders are to be delivered to the Government. (Issued Nov. 10, 1943.)

PART 3290—TEXTILE, CLOTHING AND LEATHER

[General Conservation Order M-73, as Amended May 13, 1944]

WOOL

§ 3290.286 *Conservation Order M-73*—(a) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* In this order:

(1) "Wool" means the fiber from the fleece of the sheep or lamb, or the hair of the Angora goat (mohair) or the Cashmere goat, camel, alpaca, llama, vicuna, and related fibers, including carpet wool, but does not include noils, waste, tanners' wool waste, reprocessed or reused wool, or yarn or cloth;

(2) "Waste" means the by-product resulting from carding, combing, spinning and subsequent operations on any system, but does not include the by-product resulting from scouring and carbonizing operations;

(3) "Put into process" means:

(i) On the worsted system, the first operation of drawing after combing;

(ii) On any other system using tops, cut tops or broken tops, the first operation of cutting, breaking, picking or carding, as the case may be;

(iii) On the woolen, felt, or any other system not using tops, the first operation after scouring, carbonizing, dusting or similar cleaning or preparatory process;

(4) [Deleted Nov. 19, 1943]

(c) *Restrictions.* (1) No person shall put into process any wool other than carpet wool or mohair for the manufacture of any floor covering.

(2) No person shall put into process or use any alpaca or tops therefrom (except alpaca seconds, llama, huarizo, pieces, low offsorts or locks), except for the manufacture of yarns or cloth to be delivered to or for the account of, or to be physically incorporated into material or equipment to be delivered to or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration.

(3) No spinner shall deliver on an unrated order any knitting yarn which he puts into process in the period from May 21, 1944 through July 30, 1944. He shall in that period produce at least the same proportion of knitting yarn to all other Bradford yarn as he produced in the first calendar quarter in 1944.

In this subparagraph "yarn" means yarn containing any wool, produced on spinning, twister or roving frames on the Bradford system, "spinner" means a person who in the first calendar quarter in 1944 produced such knitting yarn for use by himself or others, and calculations are in pounds.

(d) *Prohibition against sales or deliveries.* No person shall sell, deliver, or accept any material if he knows, or has reason to believe, such material is to be used in violation of this order.

(e) *General exceptions.* The restrictions of this order shall not apply to any person to the extent that such person puts wool into process for the making of wool products entirely by hand, including the spinning and weaving of the cloth.

(f) *Equitable distribution.* It is the policy of the War Production Board that wool, noils, waste, tanners' wool waste, and reprocessed or reused wool, and yarns, cloth, felts and products containing any of the foregoing, not required to fill rated orders, shall be distributed equitably. In making such distribution due regard shall be given to essential civilian needs, and there should be no discrimination in the acceptance or filling of orders as between persons who meet the seller's regularly established prices and terms of sale or payment. Under this policy every seller of such items, so far as practicable, should make available an equitable proportion of his merchandise to his customers periodically without prejudice because of their size, location or relationship as affiliated outlets. It is not the intention to interfere with established channels and methods of distribution unless necessary to meet war or essential civilian needs. If voluntary observance of the policy outlined is inadequate to achieve equitable distribution, the War Production Board may issue specific directions to named concerns. A failure to comply with a specific direction shall be deemed a violation.

(g) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(h) *Violations.* Any person who willfully violates any provision of this order, or who in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(i) *Reports.* Every person classified below, to whom the form is sent by the War Production Board or by the Bureau of the Census, shall, within the period specified in the reporting form, file with the War Production Board, or the Bureau of the Census, whichever is specified in the form, each form applicable to him, giving the information required, as follows:

Who shall file:	*Form Number*
1. A person in the business of putting into process wool or wool tops, or who has wool or wool tops put into process by another for his account.	WPB-2857 (formerly PD-274).
2. A person in the business of operating woolen, worsted or felting machinery.	WPB-2857, WPB-1420.
3. An owner, or a consignee from a grower, of wool, noils, waste, tanners' wool waste, reprocessed or reused wool.	WPB-295, WPB-370.

(j) *Communications to the War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, in writing, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington 25, D. C., Reference: M-73.

NOTE: The reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 13th day of May 1944.

PART 3293—CHEMICALS

[Allocation Order M-338, as Amended May 15, 1944]

PENICILLIN

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of penicillin for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.486 *Allocation Order M-338*—(a) *Definitions.* For the purpose of this order:

(1) "Penicillin" means a chemo-therapeutic agent isolated from Penicillium notatum. The term includes penicillin in any medicinal tablet, ampoule or other dosage form as well as crude penicillin in any form.

(2) "Supplier" means any person who produces penicillin, imports penicillin, or purchases penicillin for resale as penicillin, but shall not include any retail pharmacist, hospital or physician.

(b) *Restrictions on delivery and use.* (1) Any supplier must obtain specific written authorization of the War Production Board to use or deliver penicillin, except in the case of (i) deliveries of samples to the Food and Drug Administration, Washington, D. C., and (ii) use by any producer of samples of his own production for making production control and standardization tests solely for potency, sterility, toxicity, pyrogens, moisture and stability. No person shall accept delivery of any penicillin which he knows, or has reason to believe, is delivered in violation of this order.

(2) The War Production Board at its discretion may at any time issue special directions with respect to use, delivery or production of penicillin by any person.

(c) *Applications and reports.* (1) Each supplier seeking authorization to use or deliver penicillin shall file application on Form WPB-2947 (formerly PD-602), as provided in the instructions in Exhibit A annexed hereto. This reporting form has been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(2) Normally the War Production Board will issue its authorizations and directions with respect to use or deliveries of penicillin on Form WPB-2947 and will, so far as practicable, return such form containing its authorization or direction prior to the beginning of the month for which authorization to use or deliver is sought.

(3) In the event that any person shall be unable, for any reason, to use or deliver penicillin in accordance with the authorization or direction of the War Production Board, such person shall immediately give notice to the War Production Board, and shall not, in the absence of further specific authorization or direction from the War Production Board use or dispose of the penicillin.

(4) Each producer shall file an additional report, also on Form WPB-2947 as provided in the instructions in Exhibit B annexed hereto. This report is for the purpose of advising the War Production Board as to the exact distribution which has been made of penicillin produced during the preceding calendar month. This reporting requirement has been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(5) The War Production Board may require each person affected by this order to file such other reports as may be prescribed, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942, and may issue special instructions to any such person with respect to preparing and filing Form WPB-2947 (formerly PD-602).

(d) *Penicillin for civilians.* From the total supply of penicillin each month the War Production Board in Washington may allocate an aggregate quantity from each supplier for delivery for general civilian distribution, subject to further allocation to specific customers by the War Production Board from the Regional Office in Chicago. This suballocation will usually be from the suppliers to hospitals. Hospitals shall submit application on Form WPB-3725 to the Civilian Penicillin Distribution Unit, WPB Regional Office, 226 West Jackson Blvd., Chicago 6, Illinois, and these applications will be screened and transmitted to the suppliers with a War Production Board authorization for shipment. Shipments will then be made accordingly by the suppliers from the aggregate quantities allocated by the War Production Board in Washington for civilian distribution.

NOTE: Paragraph (e), formerly (d), redesignated May 15, 1944.

(e) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable War Production Board regulations, as amended from time to time.

(2) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* (i) Communications to the Civilian Penicillin Distribution Unit shall, unless otherwise directed, be addressed to: Civilian Penicillin Distribution Unit, WPB Regional Office, 226 West Jackson Blvd., Chicago 6, Illinois.

(ii) All other communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Bureau, Washington 25, D. C., Reference: M-338.

Issued this 15th day of May 1944.

EXHIBIT A

INSTRUCTIONS TO SUPPLIERS FOR PREPARING AND FILING APPLICATIONS

Form WPB 2947 (formerly PD-602). Copies of Form WPB 2947 (formerly PD-602) may be obtained at local field offices of the War Production Board.

Time. Applications on Form WPB-2947 (formerly PD-602) shall be filed in time to ensure that copies will have reached the War Production Board on or before the 25th day of the month preceding the month for which authorization to use or deliver is requested.

Number of copies. Four copies shall be prepared, of which one shall be retained by the applicant supplier and three copies (one certified) shall be filed with the War Production Board, Chemicals Division, Washington, D. C., Ref.: M-338.

Number of sets. If a supplier requires authorization for delivery or use of both crude penicillin and penicillin in dosage forms, a separate set of applications shall be filed for each.

Heading. Under name of material specify either "crude penicillin in any form" or "penicillin in dosage forms", as the case may be; under War Production Board order number, specify "M-338"; leave grade space blank; specify the month and year for which delivery or use is sought; specify the unit of measure as "Oxford Units"; and otherwise fill in as indicated.

Table I. List each customer in Column 1. In the case of Army, Navy, Maritime Commission, War Shipping Administration, Lend-Lease or export purchase orders, specify in Column 1a the contract or export license number. In the case of other purchase orders, specify briefly in Column 1a whether the customer requires the penicillin for research, resale, or treatment, and, if for treatment, specify the condition to be treated and the urgency of the case. Fill in other columns as indicated.

Leave blank columns relating to rolling stock.

Table II. Fill in as indicated, leaving Column 8 blank.

EXHIBIT B

INSTRUCTIONS TO SUPPLIERS FOR PREPARING AND FILING MONTH-END REPORTS AS TO ACTUAL DISTRIBUTION

Time. The month-end delivery report on Form WPB-2947 shall be forwarded to the War Production Board, Chemicals Bureau, Washington 25, D. C., Ref: M-388, in time to reach the War Production Board not later than the 5th day of the month succeeding the month for which the report is made.

Number of copies. Only a single copy, properly signed, need be filed with the War Production Board, but the supplier should retain a duplicate copy.

Number of sets. If a supplier produces or delivers both crude penicillin and penicillin in dosage forms in any month, a separate report shall be filed for each.

Heading. The same information shall be given as specified in Appendix A with respect to the heading of the form filed for authorization to use or deliver except that under the heading "This schedule is for deliveries to be made during the month/quarter ending ---------, 19 ", strike out the words "to be" and "quarter" and specify the month and year for which the report is made.

Table I. Change the heading of column 4 to read "quantity delivered". In column 1, list each customer, (including the supplier, with respect to any penicillin which the War Production Board has specifically authorized him to retain or use) to whom deliveries were made during the month covered by the report and in column 4 indicate the quantity actually delivered to each such customer. No listing need be given for deliveries made to the Food and Drug Administration or for quantities used by the supplier for making production control and standardization tests as permitted by paragraph (b) (1) of this order. In all other respects Table I may be left blank.

Table II. This table may be left blank.

PART 3302—SERVICE EQUIPMENT

[Limitation Order L-54-a, as Amended May 15, 1944]

TYPEWRITERS

Conversion Order L-54-a, as amended April 22, 1944, is redesignated Limitation Order L-54-a, and is amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of the materials and facilities used in the production of typewriters for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3302.6 *Limitation Order L-54-a*—(a) *Definitions.* For the purpose of this order:

(1) "Manufacturer" means any person manufacturing typewriters, including sales and distribution outlets controlled by such a person.

(2) "Dealer" means any wholesaler, retailer or other distributor of typewriters, other than sales and distribution outlets controlled by a manufacturer.

(3) "Importer" means any person who imports typewriters into the United States for sale and distribution in the United States.

(4) "Typewriter" unless expressly otherwise stated, means non-portable and portable typewriters (including noiseless and electric types), and unless expressly otherwise stated, refers only to new typewriters. The term shall not include: billing machines (accounting principle); continuous forms handling machines, typewriter principle, having carbon paper handling devices constructed as an integral part of the machine; shorthand writing machines; telegraphically controlled typewriters; braille typewriters; toy typewriters; office composing machines, linotype machines or monotype machines. The term "new typewriters" means any typewriter which has never been delivered to a person acquiring it for use. This does not include rebuilt typewriters.

(5) "Sets of parts" means parts for typewriters fabricated at plants in the United States for shipment to foreign countries for assembly into typewriters.

(6) "Repair parts" means typewriter parts produced by a manufacturer to use or sell for repairing and servicing of typewriters.

(b) *Restrictions on production.* Manufacturers may produce typewriters or sets of parts only in accordance with written instructions from the War Production Board. Production will be authorized so that the total production will not exceed the approved War Production Board program and so that the production in any one plant, or labor requirements therefor, will not interfere with war production in that plant or in any other plant located in the same area.

(c) *Restrictions on delivery.* Manufacturers may deliver new typewriters only to persons who are authorized by the War Production Board in writing to receive them. Importers may deliver imported new non-portable typewriters only to persons who are authorized in writing to receive them. Persons who want authorization to receive new typewriters for export should submit Form WPB-1319 to the Foreign Economic Administration, Washington 25, D. C. Non-military agencies of the United States Government which want authorization to receive new typewriters should submit Form WPB-1319, to the Procurement Division of the United States Treasury. All other non-military applicants should submit Form WPB-1319 to the nearest field office of the War Production Board. Instead of using Form WPB-1319, the Army of the United States, the Navy of the United States, and the United States Maritime Commission should continue to use the same method of requesting authorization to receive new typewriters which they were using when this order was amended on May 15, 1944.

Applications on Form WPB-1319 should be made in accordance with the official instructions for the use of the form. These instructions can be obtained from any War Production Board office. In the alternative, until June 1, 1944, applications may be submitted to the War Production Board at Washington on Form WPB-1688 instead of Form WPB-1319. These forms of application have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

When a person has been authorized to receive delivery of a new typewriter, the manufacturer or importer of the typewriter may make delivery to him either directly or through a dealer.

In the past the delivery of second-hand typewriters and some new typewriters has been controlled by the Office of Price Administration. Control of deliveries of new typewriters owned by dealers, and of deliveries of all second-hand typewriters, including rebuilt typewriters, has been discontinued. Deliveries of new typewriters by manufacturers will continue to be controlled by the orders of the War Production Board instead of the orders of the Office of Price Administration.

(d) *Sequence of deliveries.* Regardless of Priorities Regulation No. 1, when authorized pursuant to the preceding paragraph, deliveries of each model of typewriter must be made in the order indicated by the delivery dates specified in the approval forms or other authorizations, unless the War Production Board specifically tells a manufacturer or importer in writing to do something else. If a manufacturer or importer receives two or more authorizations requesting the same delivery date for the same model of typewriter, and cannot make all deliveries on time, he must deliver them in the order in which the authorizations were received by him. If an authorization requests delivery before the date on which the authorization is received by the manufacturer or importer, the order must be treated as if the delivery date requested was the day when the authorization was received by the manufacturer or importer.

(e) *Shipment of sets of parts by manufacturers.* Manufacturers may ship sets of parts to foreign countries only in accordance with written instructions from the War Production Board. Those who wish to make such shipments may apply by letter to the War Production Board for authorization to do so.

(f) *Inventories of repair parts.* No manufacturer may produce more repair parts than he needs to produce in order to maintain a practicable minimum working inventory of them. This is the only restriction in this order which applies to repair parts.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(h) *Applicability of regulations.* This order and all transactions affected thereby, are subject to all applicable regulations of the War Production Board, as amended from time to time, with the exception of those provisions of Priorities Regulation No. 1 inconsistent with paragraph (d).

(i) *Appeals.* A request for relief from the provisions of this order may be made by filing a letter referring to the pertinent provisions of the order and stating fully the grounds for the request.

(j) *Communications.* All communications concerning this order should be addressed to the War Production Board, Service Equipment Division, Washington 25, D. C., Ref: L-54-a.

Issued this 15th day of May 1944.

Subchapter C—Director, Office of War Utilities

AUTHORITY: Regulations in this subchapter issued under sec 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3896; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 4500—POWER, WATER, GAS, AND CENTRAL STEAM HEAT

[Supplementary Utilities Order U-1-c as Amended May 15, 1944]

§ 4500.4 *Supplementary Utilities Order U-1-c*—(a) *Permission to build certain extensions.* In accordance with the provisions of paragraph (i) of Utilities Order U-1, extensions of electric facilities may be made or connected by producers to permit the operation of farm production equipment when all of the following conditions are satisfied:

(1) The prospective consumer possesses one of the following types of electric farm equipment of sufficient capacity for the use contemplated, or can obtain such equipment without priorities assistance, or a preference rating of AA-5 or better has been assigned to deliveries of such equipment to him:

(i) Water pump for livestock.
(ii) Milking machine.
(iii) Milk cooler.
(iv) Incubator.
(v) Brooder.
(vi) Feed grinder.
(vii) Milk sterilizer.

(2) There is no other means of operating such equipment on the premises.

(3) The length of such extension, including any part built by or for the consumer, will not exceed 100 feet per animal unit, determined in accordance with Schedule I annexed hereto.

(4) The prospective consumer will use electric service to operate equipment for farm production and has livestock on hand aggregating not less than five animal units, determined in accordance with Schedule I of this order.

(5) Primary and secondary lines and service drops will be constructed of the following types and sizes of conductor:

(i) Any type or size having conductivity equal to or less than that of No. 6 AWG copper, or

(ii) Any type or size of conductor which can be obtained from the excess inventory of any producer.

(6) The prospective consumer's application for service is accompanied by a certification from his County Agricultural Conservation Committee in substantially the following form:

(To the Utility Addressed):

Mr. ----------, who has livestock on hand aggregating not less than five animal units is eligible for an electric connection of -------- feet under the terms of Supplementary Utilities Order U-1-c. In the opinion of this County Agricultural Conservation Committee this connection will result in a substantial increase in farm production, or a substantial saving of farm labor, and is in accord with the spirit, as well as the letter, of Supplementary Utilities Order U-1-c.

(For County Agricultural Conservation Committee)

(7) The length of any continuous extension built in any calendar quarter, including any part built by or for the consumer, does not exceed 5,000 feet, and the cost of material for such extension, excluding the cost of material for any part built by or for the consumer, does not exceed $1500.

(8) No other producer can render the same service with lesser amounts of critical material.

(b) *Exception for certain extensions.* Extensions which would have been permitted by Supplementary Utilities Order U-1-c prior to the amendment of April 6, 1944, may be made or connected if both of the following conditions are satisfied:

(1) The prospective consumers' request for a certification by the County Agricultural Conservation Committee was filed with such committee on or before April 20, 1944; and

(2) A certification, in the form required by Supplementary Utilities Order U-1-c prior to the amendment of April 6, 1944, has been issued by the County Agricultural Conservation Committee to the prospective consumer on or before June 1, 1944.

Issued this 15th day of May 1944.

PART 1351—FOOD AND FOOD PRODUCTS

[RMPR 289]

DAIRY PRODUCTS

Maximum Price Regulation 289 is redesignated Revised Maximum Price Regulation 289 and is revised and amended to read as follows:

A statement of the considerations involved in the issuance of this Revised Maximum Price Regulation 289 has been issued and filed with the Division of the Federal Register.*

Such specifications and standards as are used in this Revised Regulation were, prior to such use, in general use in the trade or industry affected or had previously been promulgated and their use lawfully required by another government agency.

§ 1351.1501 *Maximum prices for sales of dairy products.* Under the authority vested in the Price Administrator by the Emergency Price Control Act, as amended, the Executive Orders Nos. 9250 and 9328, Revised Maximum Price Regulation 289 (Dairy Products) which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1351.1501 issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; and E.O. 9328, 8 F.R. 4681.

SECTION 1. *Products covered.* This Revised Maximum Price Regulation 289 establishes the maximum prices at which the following dairy products referred to below as "listed dairy products" may be sold and delivered.

(a) Cheddar cheese and processed cheddar cheese.

(b) Butter.

(c) Evaporated milk and British Standard evaporated milk.

(d) Bulk powdered skim milk for human consumption, bulk powdered buttermilk for human consumption, and packaged powdered skim milk (spray process) for human consumption.

(e) Industrial casein (inedible).[1]

(f) Whey powder (except that which is for human consumption).[1]

(g) Milk sugar.

(h) Condensed milk, condensed skim milk, and condensed products containing milk solids, in bulk or bulk packaged, and canned sweetened condensed milk.

NOTE: Insofar as this regulation does not establish a maximum price for any particular sale of any "listed dairy product", the maximum price for that sale shall be determined by Maximum Price Regulation 280.

SEC. 2. *Exempt sales.* The provisions of this Revised Maximum Price Regulation 289 shall not apply to any sale or delivery which is specifically exempted from the operation of this regulation.

SEC. 3. *Prohibition against dealing in listed dairy products above maximum prices.* (a) On and after December 30, 1942, or the effective date of any amendment fixing maximum prices for additional listed dairy products or affecting the maximum price of any listed dairy product, regardless of any contract, agreement, or other obligation, no person shall sell or deliver a listed dairy product, and no person in the course of trade or business, shall buy or receive a listed dairy product at a price higher than the maximum price permitted by this Revised Maximum Price Regulation 289, and no person shall agree, offer, solicit, or attempt to do any of the foregoing.

The provisions of this section shall not apply to sales and deliveries of a "listed dairy product" which has been received for shipment to the purchaser by a carrier which is not owned or controlled by the seller, prior to December 30, 1942, or the effective date of any applicable amendment to this regulation subjecting a "listed dairy product" to the provisions of this regulation for the first time.

SEC. 4. *Less than maximum prices.* Lower prices than those established by this Revised Maximum Price Regulation 289 may be charged, demanded, paid, or offered.

SEC. 5. *Records and reports.* (a) Every sale of a listed dairy product covered by this Revised Maximum Price Regulation 289, except as hereafter provided in this regulation, shall be invoiced by the seller. The original invoice shall be delivered to the buyer and shall state (1) the date of purchase, (2) the names and addresses of the buyers and sellers, (3) the quantity, grade, and type of package of each listed dairy product sold, (4) the price, per unit of sale and in total, and (5) the geographical place for which the price is calculated.

(b) Every buyer of any listed dairy product shall preserve for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, the original, and every seller of any listed dairy product shall similarly preserve a copy, of each invoice required to be furnished by paragraph (a) of this section.

(c) Every person subject to this regulation shall keep such other records and shall submit such reports as the Office of Price Administration may from time to time request in writing, either in addition to or in substitution for records and reports herein required.

SEC. 6. *Evasion.* The price limitations set forth in this regulation shall not be evaded, either by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase, or receipt, of or relating to any of the listed dairy products, alone or in conjunction with any other commodity, or by way of any commission, service, transportation, or other charge or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

SEC. 7. *Enforcement.* Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damage provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 8. *Licensing.* The provisions of Licensing Order No. 1,[2] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 9. *Export sales.* The maximum prices at which a person may export a "listed dairy product" shall be determined in accordance with the Revised Maximum Export Price Regulation.[3]

SEC. 10. *Imports.* On and after May 17, 1944, no person in the course of trade or business shall import, or agree, offer, solicit, or attempt to import, a "listed dairy product" at a price in excess of the maximum prices established by this regulation. Where this regulation fixes maximum prices for a domestically produced "listed dairy product" f. o. b. producer's plant or factory, such f. o. b. price shall be the maximum price, including duty, which may be paid for the imported listed dairy product f. o. b. port of entry.

"Import" means to buy, receive, or in any manner pay for a commodity pursuant to or in connection with any transaction, contract, agreement, or other obligation whereby the commodity is transported or is to be transported to the several states of the United States or the District of Columbia from any place outside the several states of the United States and the District of Columbia regardless of whether the importer deals directly with the seller, or deals through an agent, broker or other intermediary acting for either party, in or outside the United States, its territories or possessions, or the District of Columbia, and regardless of whether such importation is for use or for resale.

[1] Casein and whey powder which are manufactured for human consumption and casein which is especially prepared and packed for laboratory purposes shall be priced pursuant to Maximum Price Regulation 280.

SEC. 11. *Applicability of maximum price regulations.* This regulation supersedes the provisions of Maximum Price Regulation 280, as amended, and any other maximum price regulation with respect to any sale of a "listed dairy product" for which maximum prices are established by this regulation. Insofar as this regulation does not establish a maximum price for any particular sale of a "listed dairy product", the provisions of Maximum Price Regulation 280 or any other applicable maximum price regulation remain in effect.

SEC. 12. *Applicability of certain provisions of supplementary regulations and orders.* (a) The following provisions of the following supplementary regulations and orders shall be applicable to all agreements, sales, and deliveries covered by this Revised Maximum Price Regulation 289 unless otherwise provided in subsequent sections of this regulation.

(1) Revised Supplementary Regulation No. 1,[4] section 4.3 (Emergency Purchases).

(2) Revised Supplementary Regulation No. 1,[4] section 4.4 (Developmental Contracts).

(3) Supplementary Order No. 42, Amendment 1,[5] § 1305.57 (Secret Contracts).

(4) Supplementary Order No. 27,[6] § 1305.32 (Sales or deliveries of the War Department or the Navy Department through such department's sales stores).

(5) Revised Supplementary Order No. 34,[7] (Addition of extra export packaging expenses on sales to procurement agencies of the United States).

(6) Supplementary Order No. 31,[8] (Treatment of 3% transportation tax imposed by section 620 of Revenue Act of 1942).

(7) Supplementary Order No. 81,[10] (establishing maximum prices for sales by United States government agencies and exempting certain of such sales from price control).

(8) Supplementary Order No. 84,[11] (Describing conditions under which a marketing cooperative may pay a patronage dividend).

SEC. 13. *Geographical applicability.* The provisions of this Revised Maximum Price Regulation 289 shall be applicable only to the 48 states of the United States and the District of Columbia.

SEC. 14. *Transfers of business or stock in trade.* If the business or stock in trade of a manufacturer or wholesaler of a "listed dairy product" is sold or otherwise transferred on or after December 30, 1942, and the transferee continues the business, the maximum prices of the transferee shall be the same as those which the transferor would have been subject to if no transfer had taken place, and his obligation to keep records sufficient to verify these prices shall be the same. The transferor shall either preserve and make available, or shall turn over to the transferee, all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions contained in this regulation.

SEC. 15. *Petitions for amendment.* Any person seeking an amendment of any provision of this Revised Maximum Price Regulation 289 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

SEC. 16. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery, but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to give the authorization.

The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

SEC. 17. *Taxes.* If any statute of the United States or ordinance of any state or subdivision of any state imposes a tax upon the sale or delivery of any "listed dairy product" covered by this regulation and does not prohibit the seller from stating and collecting the tax separately from the purchase price, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of the tax paid by any prior vendor and separately stated and collected by the vendor from whom he purchased such listed dairy product, *Provided, however,* That:

(a) The seller states and collects the tax separately from the purchase price; and

(b) If the tax was in effect prior to the effective date of this regulation, the seller's customary business practice was to state and to collect the tax separately from the purchase price of the listed dairy product; and

(c) Appropriate records are kept indicating the amount of the tax, by which governmental authority the tax was imposed, to whom the tax was paid (the prior vendor or the government), to what specific listed dairy product the tax applies, and to whom the products were sold.

In no other case may the amount of a tax be added to the maximum prices established by this regulation.

SEC. 18. *Definitions.* (a) When used in this regulation, the term:

(1) "Person" means an individual, corporation, partnership, association, or any other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, any other Government or any of its political subdivisions, and any agency of any of the foregoing.

(2) "Sale at wholesale" means a sale by a person who receives delivery of a commodity and resells it, without substantially changing its form, to any person other than the ultimate consumer.

(3) "Sale at retail" means a sale to an ultimate consumer other than an industrial, commercial, institutional or governmental user.

(b) Unless the context otherwise requires, the definitions of the General Maximum Price Regulation, as amended, and of section 302 of the Emergency Price Control Act of 1942, as amended, shall apply to other terms used herein.

(iii) No purchaser designated in paragraph (d) (2) of this section shall be deemed an agency of the United States Government within the meaning of this paragraph (a) (2).

(3) *Transportation charges; cheese factory to assembler.* (i) In addition to the maximum prices established in subparagraphs (1) and (2) of this paragraph, a cheese assembler may compensate any cheese factory, cheesemaker, or other person who hauls cheese from the cheese factory to the assembler's warehouse for such hauling services. The maximum price which may be paid by a cheese assembler or charged by a cheese factory or hauler or other carrier for this service may not exceed the appropriate price set forth in Table C below. This price must be based on the actual distance from the cheese factory to the assembler's warehouse. The distance between the cheese factory and the assembler's warehouse shall be computed via the nearest publicly traveled route.

(ii) *Provided,* That if the hauling service is performed by a common or a contract carrier, the maximum price for such hauling service shall be the appropriate published rate of such carrier.

(iii) An assembler who, either with his own truck or by other means, performs the hauling service from the factory to the assembling warehouse, may not pay the allowable hauling charge or any portion thereof to any person not actually performing the service; and no person, including factory, cheesemaker, trustee, or any agent thereof, may charge or accept any payment for such service which is in fact performed by the assembler or his agent.

(4) *Assembling costs.* (i) Whenever assembling operations are performed by an "authorized cheese assembler", ¾ cents per pound may be added to the maximum prices established in subparagaphs (1) and (2) of this paragraph for each pound of cheddar cheese so assembled. An "authorized cheese assembler" means a cheese assembler authorized by the War Food Administration of the United States Department of Agriculture pursuant to Food Distribution Order No. 15—Cheddar Cheese, issued by the United States Department of Agriculture.

(ii) *Provided, however,* That where the assembled cheddar cheese is cheese which has been set aside for sale to the United States Government as cheddar cheese pursuant to Food Distribution Order No. 15, or similar orders issued by the War Food Administrator, the assembly allowance which may be added on sales to the United States Government shall be 1 cent per pound.

(iii) For the purpose of this subparagraph, no person shall be entitled to the additional assembling allowance unless he performs all the following functions: accumulates cheese; grades it in accordance with legal requirements, or, in the absence of such requirements, in accordance with customary industry practices; paraffins it (if not already paraffined) weighs it; stores it in a refrigerated space; and customarily ships it in carload lots. For the purpose of this subparagraph paraffining means a covering of all surfaces of the cheese by dipping in paraffin having a temperature of not less than 240° Fahrenheit. The cheese, before paraffining, must have dry, clean surfaces free of mold and be not less than 3 days old at time of dipping.

(iv) This assembly allowance shall include transportation costs, if any, from the cheese factory to the assembling warehouse, whether the assembling warehouse is located inside or outside the State of Wisconsin.

(b) *Sales of processed cheddar cheese by manufacturers*—(1) *In Wisconsin.* The maximum price for the sale of "processed cheddar cheese" by a manufacturer delivered at any place in Wisconsin shall be as set forth in Table D below.

TABLE D

(2) *Outside Wisconsin.* The maximum price for the sale of "processed cheddar cheese" by a manufacturer delivered at any place outside Wisconsin shall be the appropriate price set forth in Table D above plus a "transportation factor".

(c) *Sales of cheddar cheese and "processed cheddar cheese" by a wholesaler*—(1) *Sales by a "primary wholesaler"*—(i) *Definition.* A "primary wholesaler" is a person who sells to a wholesaler or to a retailer distributing warehouse. (No assembler, however, shall be considered a primary wholesaler as to any cheese sold to a processor for processing.)

(ii) *In Wisconsin.* The maximum price for the sale of any "cheese item" by a "primary wholesaler" delivered at any place in Wisconsin shall be as set forth in Table E below.

TABLE E

	Cents per pound
Cheddars, Twins or Larger Styles	24.48

Package weighing over ½ pound but not over 2 pounds	28.56
Package weighing over 2 pounds	27.54

(iii) *Outside Wisconsin.* The maximum price for the sale of any "cheese item" by a "primary wholesaler" delivered at any place outside Wisconsin shall be the appropriate price set forth in Table E above plus a "transportation factor".

(2) *Sales by a "service wholesaler"*—(i) *Definition.* A "service wholesaler" is a person who sells to, and makes delivery to the physical premises of, an individual retail store or an individual commercial, industrial, institutional, or non-federal governmental user. No person shall be deemed a "service wholesaler" unless he owns or maintains a warehouse in the marketing area in which the physical premises of the above described purchaser are located. The physical premises of an individual retail store means the place where "cheese items" are sold to ultimate household users. The physical premises of an individual commercial, industrial, institutional, or non-federal governmental user means the place where "cheese items" are consumed by such user.

(ii) *In Wisconsin.* The maximum price for the sale of any "cheese item" by a "service wholesaler" delivered to the physical premises of a purchaser, (designated in subdivision (i) of this subparagraph) at any place in Wisconsin shall be as set forth in Table F below.

Package weighing over 2 pounds	29.97

(iii) *Outside Wisconsin.* The maximum price for the sale of any "cheese item" by a service wholesaler delivered to the physical premises of a purchaser (designated in subdivision (i) of this subparagraph), at any place outside Wisconsin shall be the appropriate price set forth in Table F above plus a "transportation factor".

(iv) The maximum prices established in subdivisions (ii) and (iii) of this subparagraph shall not apply to any sale by a cheese factory or association of cheese factories to any purchaser whose physical premises are located:

(a) At a point on or east of the 99th meridian and more than 50 miles from the place where the cheese factory is located, or

(b) At a point west of the 99th meridian and more than 100 miles from the place where the cheese factory is located

where the sale or delivery is made by, through, or with the assistance of any agent, commission salesman, or trucking or hauling agent or contractor. For any such sales, the maximum price shall not exceed the maximum price in that place for a sale by a cheese factory of the particular style of Cheddar cheese sold as established in paragraph (a) (1) of this section, plus an assembling allowance of ¾ cent per pound (if the cheese has been assembled by an "authorized cheese assembler"), plus the total of the exact sums paid by the cheese factory or association to the agent, commission salesman, and trucking or hauling agent or contractor for making the sale to the purchaser, and for performing "local transportation services". *Provided, however,* That in no case may the maximum price exceed the maximum price established in Table E of paragraph (c) (1) of this section, or, in the event a cheese factory, cheese maker or association owns or maintains a warehouse in the marketing area, in no case may the maximum price exceed the maximum price established in Table F of this subparagraph (2). "Local transportation services" means and is limited to, the actual distance traversed from the railroad siding in, or point of entrance to, the city, town, village, or hamlet in which the physical premises of the purchaser are located to such physical premises.

(3) *Sales by a cash and carry wholesaler*—(i) *Definition.* A "cash and carry wholesaler" is a person who sells to and does not make delivery to the physical premises of an individual retail store or to an individual commercial, industrial, institutional or non-federal governmental user. No person shall be deemed a "cash and carry wholesaler" unless he owns or maintains a warehouse within a distance of 50 miles from the physical premises of the above described purchaser. The physical premises of an individual retail store means the place where "cheese items" are sold to ultimate household users. The physical premises of an individual commercial, industrial, institutional, or non-federal governmental user means the place where "cheese items" are consumed by such user.

(ii) *In Wisconsin.* The maximum price for the sale of any "cheese item" by a "cash and carry wholesaler" delivered at any place in Wisconsin shall be as set forth in Table G below.

Processed Cheddar Cheese:	
Package weighing ½ pound or less	31.83
Package weighing over ½ pound but not over 2 pounds	29.96
Package weighing over 2 pounds	28.89

(ii) *Outside Wisconsin.* The maximum price for the sale of any "cheese item"

made to, and delivery made to the physical premises of, an individual army post or naval base, or a Federal hospital, school, or penal institution located at any place outside Wisconsin shall be the appropriate price in either Table I or Table J above, whichever is applicable, plus a "transportation factor".

(3) *Reference to assembling allowance and food distribution order.* (i) The maximum prices established in subparagraphs (1) and (2) of this paragraph (d) for "sales to the United States Government" are for cheddar cheese which has been assembled by an "authorized cheese assembler" in accordance with the requirements of paragraph (a) (4) of this section and which has been set aside for sale to the United States Government pursuant to Food Distribution Order No. 15, or similar orders issued by the War Food Administrator.

(ii) The maximum price for the sale to the United States Government of any cheddar cheese which has not been assembled by an "authorized cheese assembler" in accordance with the requirements of paragraph (a) (4) of this section shall be the appropriate maximum price established in subparagraphs (1) and (2) of this paragraph (d) minus 1¢ per pound.

(iii) The maximum price for the sale to the United States Government of any cheddar cheese which has not been set aside for sale to the United States Government pursuant to Food Distribution Order No. 15 or similar orders issued by the War Food Administrator shall be the appropriate maximum price established in subparagraphs (1) and (2) of this paragraph (d) minus ¼¢ per pound.

(4) *Special provisions for sales to certain United States Goverment purchasers.* In addition to the maximum prices established in foregoing subparagraphs of this paragraph (d), a manufacturer or "authorized assembler" of Cheddar cheese, or a manufacturer of processed Cheddar cheese may charge 3.8 cents per pound on sales to the following agencies of the United States Government: War Food Administration and any agency thereof (including Dairy Products Marketing Association, Inc., acting for the War Food Administration); U. S. Army Quartermaster Market Centers (including Field Headquarters) and U. S. Army Quartermaster Depots; U. S. Navy Market Offices.

(e) *Calculations.* All calculations of any "transportation factor" and of any maximum price established by this section shall be made on a cents per pound basis and shall be carried to the second decimal point. The price per pound carried to the second decimal point shall be multiplied by the number of pounds sold and the total price then adjusted to the nearest cent, or the next higher cent where the total price ends with a decimal of .50.

(f) *Discounts and allowances.* The maximum prices established in the foregoing paragraphs of this section must be reduced by the customary discounts or allowances for cash or prompt payment. However, any change in customary discounts, allowances or other price differentials may always be made when it results in a lower price than would the customary discounts or allowances.

(g) *Evasive practices prohibited*—(1) *Used cheese boxes.* The maximum prices established by this section shall not be evaded by the selling or furnishing of used cheese boxes at less than their true economic value by any buyer of a "cheese item" or his agent or affiliate to any seller of a "cheese item" or his agent or affiliate. Any sale of used cheese boxes by a buyer of a "cheese item", his agent or affiliate to a seller of a "cheese item", his agent or affiliate at any price less than the prices established in Table K below shall be considered prima facie evidence of an evasion of the maximum prices established by this section.

TABLE K

Used boxes for	F. o. b. assembling warehouse	Delivered to cheese factory
	Cents	*Cents*
Twins and Cheddars	20	21
Single Daisies	12	13
Longhorns	17	18
Flats	14	15

(2) *Supplies.* No buyer of a "cheese item", his agent or affiliate, shall sell, lend, or otherwise transfer supplies or equipment, except cheese hoops, to a seller of a "cheese item", his agent or affiliate at less than the true value of such supplies and equipment. Any sale or transfer contrary to the provisions of this subparagraph is an evasion of paragraphs (a) (1) and (a) (2) of this section and is hereby prohibited.

(3) The practices described in subparagraphs (1) and (2) of this paragraph as evasions of this regulation are in addition to any evasive practices prohibited by section 6 of this regulation.

(h) *Special provisions for records and reports.* The provisions of section 5 shall apply to all sales of processed cheddar cheese and all sales of cheddar cheese other than those by a cheese factory or cheese maker to an assembler. However, for all such latter sales the cheese factory or cheese maker shall preserve for inspection by the Office of Price Administration for so long as the Emergency Price Control Act, as amended, remains in effect, remittance statements furnished to the cheese factory or cheese maker by the assembler.

(i) *Maximum prices in places not on railroad line or siding.* The maximum price for the sale of any "cheese item" delivered in a place not on a railroad line or siding shall be the maximum price for a similar sale of that "cheese item" in the nearest place that is located on a railroad line or siding: *Provided, however,* Where the latter place is more than 50 miles from the place of delivery, transportation costs from that place to the place of delivery, not to exceed the lowest common carrier rate where one exists may be added.

(j) *Maximum prices for sales at retail by manufacturers, processors, and wholesalers.* (1) The maximum price for the sale at retail of any "cheese items" delivered at any place by a manufacturer, processor, or wholesaler, shall be the maximum price established in that place for a sale of that "cheese item" by a retail store classified in Group 1 under Maximum Price Regulation No. 423. (A Group 1 retail store is any independent retail store having a gross sales volume during 1942 of less than $50,000.)

(2) No sale of a quantity in excess of 5 pounds shall be considered a sale at retail.

(k) *Maximum prices for "cut" cheddar cheese.* (1) Whenever any style of cheddar cheese prior to its sale or delivery is cut or sliced into pieces, cuts, or slices, the maximum price for the sale of any such pieces, cuts, or slices shall be the same as the maximum price for that style of cheddar cheese from which the pieces, cuts, or slices are made.

(l) *Maximum prices for sales not already provided for.* (1) The maximum price for the sale or delivery in any place of any "cheese item" for which a maximum price is not established by any of the foregoing paragraphs of this section shall be as follows:

(i) For sales of any style of cheddar cheese, the maximum prices established for sales by a cheese factory of that style in that place by paragraph (a) (1) of this section plus (where the requirements of paragraph (a) (4) of this section are satisfied) an assembling allowance of ¾ cent per pound.

(ii) For sales of "processed cheddar cheese", the maximum prices established for delivery in that place by paragraph (b) of this section.

(m) *Definitions*—(1) *Cheddar cheese.* "Cheddar cheese", frequently called "American cheese", means "cheddar cheese" as defined in the "Standards of Identity for Cheddar Cheese, Cheese Washed Curd Cheese, Colby Cheese" promulgated by the Food and Drug Administration and published in the FEDERAL REGISTER of January 9, 1941, page 195. It contains not more than 39% of moisture and its solids contain not less than 50% of milk fat.

(2) *Processed cheddar cheese.* "Processed cheddar cheese" is cheddar cheese which has been graded, cleaned, blended, ground, pasteurized, and packaged. It shall contain not more than 40% of water, and in the water free substance not less than 50% of milk fat.

(3) *Transportation factor.* A "transportation factor" means the lowest published railroad carlot freight rate per pound gross weight from Plymouth, Wisconsin, to the place of delivery multiplied by 1.15. In calculating transportation charges referred to in the foregoing paragraphs, the 3% transportation tax imposed by section 620 of the Revenue Act of 1942 shall be included.

(4) *Cheese item.* "Cheese item" means any of the particular styles and sizes of cheddar cheese and of processed cheddar cheese listed in Tables E, F, G, H, I, and J of this section.

(5) *"Delivered at any place."* The phrase, "delivered at any place" comprehends all sales whether made on the basis of actual delivery to the point of shipping destination or on the basis of f. o. b. shipping point or some other point. Any cheese item sold f. o. b. any point shall be considered "delivered" at that point.

(6) *Place.* "Place" means any city, town, village, or hamlet within the 48 States of the United States and the District of Columbia.

(7) *Retailer distributing warehouse.* A "retailer distributing warehouse" is a place where cheese is received and held for disposition to retail stores. Chain store warehouses and retailer owned cooperative warehouses are included in the meaning of "retailer distributing warehouse".

Butter

SEC. 20. *Maximum prices for butter*—(a) *Bulk butter*—(1) *Definition.* "Bulk butter" means unprinted butter packed solid in unused fibre or corrugated boxes furnished by the seller.

(2) *Sales by a creamery or manufacturer of butter.* The maximum price for any of the following sales of bulk butter by a creamery or manufacturer of butter shall be as set forth in subdivisions (i) to (xii) inclusive, of this subparagraph: A sale to any purchaser on the basis of f. o. b. the creamery or premises of manufacture; a sale for delivery to a primary distributor, jobber, or retailer distributing warehouse; a sale in carload lots to any purchaser or combination of purchasers. Any sale by any person on the basis of f. o. b. the creamery or premises of manufacture shall be deemed a sale by a creamery and the maximum price for such sale shall be as set forth in the following subdivisions (i) to (xii) inclusive, of this subparagraph.

(i) The maximum price for bulk butter of the following scores or grades delivered in the cities of Chicago (and all of Cook County, Illinois), New York, and San Francisco shall be as follows:

TABLE A

(xiii) The maximum prices established in the foregoing subdivisions (i) to (xii) inclusive, of this subparagraph, are for sales of bulk butter delivered to the purchaser at any place. Bulk butter sold f. o. b. any place shall be considered "delivered" to the purchaser at that place.

(xiv) The maximum prices established in the foregoing subdivisions (i) to (xii) inclusive of this subparagraph are for sales of bulk butter packed solid in new fibre or corrugated boxes furnished by the seller. When unprinted butter is packed in the following containers, the following deductions must be made from the maximum prices established in subdivisions (i) to (xii) inclusive, of this subparagraph:

⅛¢ per pound for used or reconditioned boxes.
⅛¢ per pound for parchment lined Kraft paper bags in a wire container.

When unprinted butter is packed in the following containers, the following additions may be made to the maximum prices established in subdivisions (i) to (xii) inclusive, of this subparagraph:

½¢ per pound unused wooden tubs.
¼¢ per pound used or reconditioned wooden tubs.

(3) *Sales by a primary distributor*—(i) *Definition.* A "primary distributor" is a person who customarily buys and physically receives butter from a creamery or manufacturer of butter and who sells to other primary distributors, to jobbers, retailer distributing warehouses, non-federal governmental users, or to commercial, institutional, or industrial users. A branch warehouse of a creamery or manufacturer of butter shall be deemed a primary distributor if such branch warehouse is located in a town or city other than the town or city in which the butter sold by it is manufactured.

(ii) The maximum price for the sale of any particular score or grade of bulk butter by a primary distributor delivered to the purchaser at any place shall be the maximum price for "sales by a creamery" of that particular score or grade in that place established in subparagraph (2) of this paragraph, plus ½¢ per pound.

(4) *Sales by a jobber*—(i) *Definition.* A "jobber" means anyone who sells to, and makes delivery to the physical premises of, an individual retail store, a non-federal governmental user (such as a state or municipal hospital) an individual commercial user (such as a restaurant, hotel, or club), an individual institutional user (such as a hospital or school), or an individual industrial user (such as a baker or other food processor who uses butter in his manufacturing process). No one shall be deemed a jobber unless he owns or maintains a warehouse in the marketing area in which the physical premises of the above described purchaser are located.

(ii) No sale shall be deemed a sale by a jobber within the meaning of this subparagraph unless delivery is made to the physical premises of a purchaser designated in subdivision (i) of this subparagraph. The physical premises of an individual retail store means the place where butter is sold to ultimate household consumers. The physical premises of an individual non-Federal governmental, commercial, institutional or industrial user means the place where butter is consumed by such users.

(iii) The maximum price for the sale of any particular score or grade of bulk butter delivered to the purchaser at any place by a jobber shall be the maximum price for "sales by a creamery" of that particular score or grade in that place as established in subparagraph (2) of this paragraph, plus the following allowances:

2¢ per pound for deliveries of 1–1,500 pounds inclusive.
¾¢ per pound for deliveries of over 1,500 pounds but not over 5,000 pounds.

Provided, however, That these allowances shall not apply to sales and deliveries of quantities of 32 pounds or less to any retail store which is classified in Group 1 under Maximum Price Regulation No. 423 [1] or to any commercial user (such as a restaurant, hotel, or club). For any such sale and delivery the allowance shall be 2½ cents per pound. (A Group 1 retail store is any independent retail store having a gross sales volume during 1942 of less than $50,000.)

(iv) The maximum prices established in subdivision (iii) of this subparagraph shall not apply to any sale by a creamery, butter manufacturer, or association of creameries or butter manufacturers to any purchaser whose physical premises are located:

(*a*) At a point on or east of the 99th meridian and more than 50 miles from the place where the creamery or butter manufactory is located, or

(*b*) At a point west of the 99th meridian and more than 100 miles from the place where the creamery or butter manufactory is located

where the sale or delivery is made by, through, or with the assistance of any agent, commission salesman, or trucking or hauling agent or contractor. For any such sales, the maximum price shall not exceed the maximum price in that place for a "sale by a creamery" of the particular score or grade of butter sold as established in paragraph (a) (2) of this section, plus the total of the exact sums paid by the creamery manufacturer or association to the agent, commission salesman, and trucking or hauling agent or contractor for making the sale to the purchaser and for performing "local transportation services". *Provided, however,* That in no case may the sum which may be added for such sale and delivery exceed the appropriate allowance established in subdivision (iii) of this subparagraph for the quantity sold and delivered. "Local transportation services" means and is limited to, the actual distance traversed from the railroad siding in, or point of entrance to, the city, town, village, or hamlet in which the physical premises of the purchaser are located to such physical premises.

(5) *Particular sales not already provided for.* (i) The maximum price for sales of bulk butter to individual retail stores, non-federal governmental users, or to individual commercial, institutional, or industrial users where the quantity sold is over 5,000 pounds or where delivery is not made to the physical premises of the individual retail store, non-federal governmental user, commercial user, industrial user, or institutional user, shall be determined in accordance with the provisions of paragraph (a) (3) of this section establishing maximum prices for "sales by a primary distributor"; *Provided, however,* That for any such sales the seller must qualify as a "primary distributor" within the meaning of paragraph (a) (3) (i) in order to obtain the maximum price established for "sales by a primary distributor" by paragraph (a) (3) (ii). If a seller does not so qualify, the maximum price for any sale described in this subdivision of this subparagraph (5) made by him shall be determined in accordance with paragraph (a) (2) of this section establishing maximum prices of "sales by a creamery".

(ii) *Provided, however,* That subdivision (i) of this subparagraph (5) shall in no case apply to any sale by anyone made on the basis of f. o. b. the creamery or place of manufacture, or to any sale by a creamery or manufacturer of butter to any purchaser or combination of purchasers in carload lots.

(6) *Sales to the United States Government.* (i) The maximum price for the sale of any particular score or grade of bulk butter in any place to the United States Government or any agency thereof shall be determined in accordance with paragraph (a) (2) of this section establishing maximum prices for "sales by a creamery."

(ii) *Provided, however,* That this maximum price for sales to the United States Government or any agency thereof may be increased by the following amounts where a sale is made to, and delivery made to the physical location of, an individual military or naval establishment, or a federal hospital, school, or penal institution:

2¢ per pound for deliveries of 1–1,500 pounds inclusive.
¾¢ per pound for deliveries of over 1,500 pounds but not over 5,000 pounds.

However, where delivery is not made to the physical location of the purchaser, or where the sale is of a quantity greater than 5,000 pounds, no amount may be added to the maximum price established in subdivision (i) of this subparagraph.

(b) *Butter in prints or packages*—(1) *Maximum prices.* (i) The maximum price for sale of any particular score or grade of butter in prints or cartons delivered at any place shall be the maximum price for bulk butter of that score or grade in that place by that type of seller to that type of purchaser, as determinable from the provisions of paragraph (a) of this section, plus the appropriate following sum:

TABLE C

1¼¢ per pound for ½-pound or 1-pound prints or rolls, individually wrapped in parchment.
1¾¢ per pound for ½-pound or 1-pound, individually parchment wrapped prints in cartons.
1½¢ per pound for ¼-pound prints individually wrapped in parchment.
2¢ per pound for ¼-pound individually parchment wrapped prints in cartons.
3¢ per pound for butterettes, chiplets, or similar types of restaurant cut butter.
1¢ per pound for all other packages designed for use by householders.

The above prices are for butter in prints or cartons packed in unused fibre or corrugated boxes.

(ii) For any butter in prints or cartons packed in the following containers, the following deductions must be made from the maximum prices established in paragraph (b) (1) (i) above.

⅛¢ per pound for used or reconditioned boxes.
⅛¢ per pound for parchment lined Kraft paper bags in a wire container.

(2) *Use by creamery of printing equipment of another.* Regardless of any contract, agreement or other obligation, any creamery or manufacturer of butter who prints or cartons butter on equipment rented, leased or as to which it has a license to use shall not sell such printed or cartoned butter to any person at a price higher than the maximum price established by paragraph (a) of this section for sales of bulk butter by creameries or manufacturers of butter plus the exact cost of printing or cartoning, not to exceed in any event the allowance established in Table C for the particular print and/or carton sold. This section shall apply to a lease, rental, or license heretofore or hereafter made or obtained whether directly by the creamery or manufacturer of butter or indirectly through an agent or association or by any other means.

(3) *Custom printing for creameries.* Regardless of any contract, agreement, or other obligation, any creamery or manufacturer of butter who either directly or indirectly through an agent or association has another person print or carton butter manufactured by it may not sell such printed or cartoned butter to any person at a price higher than the maximum price established by paragraph (a) of this section for sales of bulk butter by creameries or manufacturers of butter to such persons plus the exact sum paid by the creamery or manufacturer for such printing and cartoning: *Provided, however,* That in no case may the sum which may be added exceed the appropriate allowance for printing or cartoning established in Table C of this section.

(4) *Packaging in barrels for export.* The maximum price in any place for the sale, for consumption outside the 48 States of the United States and the District of Columbia, of any particular score or grade of butter in the form of one-pound prints or rolls, parchment-wrapped and immersed in salt brine in paraffined barrels lined with a cotton bag, shall be the maximum price for that score or grade established by paragraph (a) of this section for that particular sale, plus the appropriate following sum:

Barrels containing:	*Cents per pound*
Not over 30 pounds	8
Over 30 pounds but not over 50 pounds	7¼
Over 50 pounds but not over 60 pounds	6¾
Over 60 pounds but not over 100 pounds	6¼
Over 100 pounds but not over 112 pounds	6
Over 112 pounds	5¾

(c) *Sales at retail by retail route-seller*—(1) *Definition.* A "retail route-seller" is a person who customarily makes sales of butter directly from a truck or wagon operated by a driver-salesman over a regular route. A "retail route-seller" shall include a dairy company operating delivery routes through driver-salesmen, but shall not include a grocery store or meat market which delivers butter.

(2) *Maximum price.* The maximum price for any particular score or grade and form of butter sold at retail in any place by a retail route-seller shall be the maximum price for that particular score or grade established for "sales by a creamery" in paragraph (a) (2) of this section, plus the appropriate sum for that particular form as determinable from the provisions of Table C of paragraph (b) of this section plus an allowance for making retail sales on retail routes. This allowance shall be determined and established for any particular community by the regional administrator of the Office of Price Administration in whose jurisdiction the community lies. Such regional administrators are hereby authorized to establish for the several communities within their jurisdictions appropriate allowances for making sales at retail over retail routes, not to exceed in any event 8 cents per pound. Until such time as the respective regional administrators have established for any community within their respective jurisdiction specific allowances for sales at retail by retail route-sellers, the allowance which may be added for that function shall be 7 cents per pound.

(d) *Sales at retail by a creamery or manufacturer of butter.* (1) The maximum price for any particular score or grade and form of butter sold at retail in any place by a creamery or manufacturer of butter shall be the maximum price for that particular score or grade established for "sales by a creamery" in paragraph (a) (2) of this section, plus the appropriate sum from Table C of this section for that particular form, plus 6¢ per pound.

(2) For the purposes of this paragraph, no sale of butter to a purchaser in excess of 5 pounds shall be considered a sale at retail.

(e) *Maximum prices for any sale not provided for.* (1) The maximum price for the sale of any particular score or grade of butter by any person to another for which a maximum price has not been established by the foregoing paragraphs shall be:

(i) The maximum price for that particular score or grade established for "sales by a creamery" in paragraph (a) (2) of this section if such butter is in bulk.

(ii) The maximum price for that particular score or grade established for "sales by a creamery" in paragraph (a) (2) of this section plus the appropriate sum designated in Table B of paragraph (b) (1) of this section if such butter is in prints or packages.

(f) *Maximum price in places not on a railroad line or siding.* The maximum price for any sale of butter by any person to a purchaser in any place not located on a railroad line or siding shall be the maximum price established by the provisions of this section for a sale by such person to a purchaser of the same type in that closest place which is located on a railroad line or siding and which is in the same area, as determinable from the provisions of subdivisions (i) to (xii) inclusive of paragraph (a) (2) of this section. *Provided, however,* That where the latter place is more than 50 miles from the place of delivery transportation costs from that place to the place of delivery, not to exceed the lowest common carrier rate where one exists, may be added.

(g) *Reference to Food Distribution Order No. 2.* The Dairy Products Marketing Association shall be considered an agency of the United States Government for purposes of purchasing butter set aside by a creamery for sale to the United States Government. The Dairy Products Marketing Association or any other agency of the United States Government may compensate any "authorized receiver" of butter for services rendered in assembling unprinted butter in an amount not to exceed ½ cent per pound for each pound of butter assembled and sold in unprinted form. An "authorized receiver" for the purposes of this paragraph means an authorized receiver as defined in Food Distribution Order No. 2 issued by the Food Distribution Administration of the United States Department of Agriculture.

(h) *Process butter*—(1) *Definition.* "Process butter" is butter, as defined in Bureau of Dairy Industry Order No. 1 Revised, issued December 24, 1936, by the United States Department of Agri-

culture, which has been subjected to any process by which it is melted, clarified, or refined and made to resemble natural butter. It does not include adulterated butter as defined in section 4 of the Act of May 9, 1902 (32 Stat. 195).

(2) The maximum price for any sale of process butter shall be determined in accordance with the appropriate provisions of this section establishing a maximum price for sales of butter of "no grade."

(i) *Calculations.* (1) In calculating transportation charges referred to in the foregoing paragraphs, the 3% transportation tax imposed by section 620 of the Revenue Act of 1942 shall not be included. All calculations of transportation charges shall be made on a cents per pound basis and shall be carried to the second decimal point.

(2) All maximum prices for butter of any score or grade or form shall be calculated as follows: In sales of quantities of 1 pound or less, the fractional price per pound shall be adjusted to the nearest cent, or the next higher cent where the fractional price is ½ cent. In multiple pound sales, the fractional price per pound shall be multiplied by the number of pounds sold and the total price then adjusted to the nearest cent, or the next higher cent where the total price ends with the fraction of ½ cent. Sales at retail by retail route-sellers shall be deemed multiple pound sales unless separate collections are made for each single delivery of 1 pound or less.

(j) *Special provisions for records and reports.* The provisions of section 5 of this regulation shall apply to all sales of butter except sales at retail by creameries, manufacturers of butter, or retail route-sellers. Any retail route-seller or creamery or manufacturer of butter selling at retail which has customarily given a purchaser a sales slip, receipt, or similar evidence of purchase shall continue to do so and upon request from a purchaser, regardless of previous custom, shall give the purchaser such a receipt. This receipt shall state those facts required by section 5 of this regulation to be stated on an invoice.

(k) *Exempt sales.* The provisions of this section shall not be applicable to sales of butter at retail except as provided above in paragraphs (c) and (d) of this section with respect to sales and deliveries at retail by route-sellers and sales at retail by creameries or manufacturers of butter.

(l) *Definitions*—(1) *Butter.* "Butter" means the food product, commonly known as butter, which is made exclusively from milk or cream, or both, with or without the addition of common salt or coloring matter, and containing not less than 80% by weight of milk fat, all tolerance being allowed for. Such percentage of milk fat requirement shall equal that determined by the method prescribed in official and tentative methods of analysis of the Association of Official Agricultural Chemists, fifth edition, 1940:

(2) *Score or grade of butter.* "Score or grade or butter" means the quality of butter determined in accordance with the Official United States Standards for U. S. Grades of Creamery Butter issued in January 1943 by the United States Department of Agriculture and effective February 1, 1943.

(3) *Form of butter.* "Form of butter" means the form in which it is sold and delivered, namely, bulk, prints, or packages.

(4) *Place.* "Place" means any city, town, village, or hamlet in the 48 States of the United States and the District of Columbia.

(5) *Retailer distributing warehouse.* A "retailer distributing warehouse" is a place where butter is received and held for distribution to retail stores, or retail route-sellers. Chain store warehouses, retailer owned cooperative warehouses, and dairy companies operating retail routes or retail stores are included within the meaning of "retailer distributing warehouses."

Evaporated Milk

SEC. 21. *Maximum prices for evaporated and British Standard evaporated milk*—(a) *Sales and deliveries by manufacturers*—(1) *Carload lots.* (i) The maximum prices for sales and deliveries of evaporated milk by manufacturers thereof in carload lots delivered to the buyer's customary receiving point shall be as set forth in Table A below:

TABLE A

If delivered in	Carton of 48 14½-oz. cans (per carton)	Carton of 48 13-oz. cans (per carton)	Carton of 48 6-oz. cans (per carton)	Carton of 96 6-oz. cans (per carton)	Carton of 6 8-lb. cans (per carton)
Zone 1	$4.10	$3.85	$2.05	$4.10	$4.10
Zone 2	4.20	3.95	2.10	4.20	4.20
Zone 3	4.20	3.95	2.10	4.20	4.20

(ii) The maximum prices for sales and deliveries of British Standard evaporated milk by manufacturers thereof in carload lots delivered to the buyer's customary receiving point shall be as set forth in Table B below:

TABLE B

If delivered in—	Carton of 48 14½-oz. cans (per carton)	Carton of 48 6-oz. cans (per carton)	Carton of 96 6-oz. cans (per carton)	Carton of 6 8-lb. cans (per carton)
Zone 1	$4.60	$2.30	$4.60	$4.60
Zone 2	4.70	2.35	4.70	4.70
Zone 3	4.70	2.35	4.70	4.70

(iii) The zones designated in Tables A and B of this paragraph are:

Zone 1. Virginia (except the city of Alexandria), West Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Tennessee, Kentucky, Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, Missouri, Arkansas, Louisiana, Texas, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota, Colorado, New Mexico, Wyoming; and Armstrong, Allegheny, Beaver, Butler, Fayette, Greene, Mercer, Lawrence, Washington, Bedford, Blair, Cambria, Clarion, Clearfield, Crawford, Elk, Erie, Forest, Indiana, Jefferson, Somerset, Venango, and Westmoreland Counties of Pennsylvania; and Allegany and Garrett Counties of Maryland.

Zone 2. District of Columbia, Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, all of the counties of Pennsylvania and Maryland not included in Zone 1, and the City of Alexandria, Virginia.

Zone 3. Arizona, California, Idaho, Montana, Nevada, Oregon, Utah, and Washington.

(iv) If evaporated milk is delivered by the manufacturer to the buyer's customary receiving point at the following points within zones 1 and 3, the maximum price shall be the appropriate price in Table A, plus 10¢ per carton for cartons of 48 14½-oz. cans, 48 13-oz. cans, 96 6-oz. cans, and 6 8-lb. cans and 5¢ per carton for cartons of 48 6-oz. cans.

Deliveries in zone 1 to all of New Mexico except Clayton, Dawson, Eaton, Artesia, Carlsbad, Roswell and Hobbs; and deliveries to Sheridan, Greybull and Worland in Wyoming.

Deliveries in zone 3 to all of Arizona, except Yuma; deliveries to Needle, El Portal and Alturas in California; deliveries to Montana; and deliveries to Boulder City, Ely, McGill and Las Vegas in Nevada.

(2) *Less than carload lots*—(i) *Sales and deliveries to retail stores and to food processors.* The maximum price for sales of evaporated milk or British Standard evaporated milk by manufacturers in less than carload lots where delivery is made by the manufacturer to the physical premises of a retail store or to the physical premises of a food processor shall be the appropriate price established by subparagraph (1) of this paragraph for sales and deliveries in carload lots plus the following:

15¢ per carton for cartons of 48 14½-ounce cans, 96 6-ounce cans and 6 8-pound cans.

7½¢ per carton for cartons of 48 6-ounce cans.

This subdivision shall not apply to sales where delivery is made to the warehouse of the retail store.

(ii) *Other sales and deliveries.* The maximum prices for all other sales and deliveries of evaporated milk or British Standard evaporated milk by manufacturers in less than carload lots delivered to the buyer's customary receiving point shall be the appropriate price in subparagraph (1) of this paragraph plus the following:

5¢ per carton for cartons of 48 14½-ounce cans, 48 13-ounce cans, 96 6-ounce cans, and 6 8-pound cans.

2½¢ per carton for cartons of 48 6-ounce cans.

(3) *Discounts and allowances.* All maximum prices established under subparagraphs (1) and (2) of this paragraph must be reduced by the seller's customary discounts or allowances for cash or prompt payment. However, any discount, allowance, or other price differential may always be given where it results in a price less than the maximum price.

(b) *Exempt sales.* The provisions of this section shall not be applicable to sales of evaporated milk or British Standard evaporated milk at wholesale or at retail. Sales at wholesale shall be priced under the provisions of Maximum Price Regulation No. 421;[1] sales at retail shall be priced under the provisions of Maximum Price Regulations Nos. 422[2] and 423.

[1] 8 F.R. 9388, 10569, 10987, 13293, 15250, 15607, 17367, 17368; 9 F.R. 2562.

(c) *Definitions*—(1) *Evaporated milk.* "Evaporated milk" means evaporated milk as defined in "Standards of Identity of Evaporated Milk" promulgated by the Food and Drug Administration and published in the FEDERAL REGISTER of July 2, 1940, 5 F.R. 2444. It shall contain not less than 7.9 percent of milk fat and not less than 25.9 percent of total milk solids.

(2) *British Standard evaporated milk.* "British Standard evaporated milk" means evaporated milk as defined in "Statutory Rules and Orders, 1923, No. 509 Public Health, England. The Public Health (Condensed Milk) Regulations 1923, dated May 1, 1923. Made by the Minister of Health." It shall contain not less than 9 percent milk fat and not less than 31 percent of total milk solids.

(3) *Customary receiving point.* "Customary receiving point" is that place in the town or city where the buyer's place of business is located at which the buyer customarily takes possession of evaporated milk or British Standard evaporated milk. It may be either a railroad siding or the buyer's warehouse in that town or city. For sales to the United States Government or any agency thereof, and in no other case, sales made f. o. b. the manufacturer's plant or warehouse shall be considered delivered to the buyer's customary receiving point.

Powdered Skim Milk

SEC. 22. *Maximum prices for bulk powdered skim milk for human consumption, bulk powdered buttermilk for human consumption, and packaged powdered skim milk (spray process) for human consumption.* (a) The maximum prices for sales and deliveries of bulk powdered skim milk for human consumption and bulk powdered buttermilk for human consumption shall be as follows:

(1) By manufacturers and wholesalers to the United States Government or any agency thereof, f. o. b. manufacturer's plant, located:

	Spray process (cents per pound)	Roller process (cents per pound)
In Zone A	14½	14
In Zone B	14¾	14¼
In Zone C	15	14½
In Zone D	15¼	14¾

(2) In addition to the maximum prices established in subparagraph (1) of this paragraph (a) any manufacturer or wholesaler who is designated as an "authorized receiver" of bulk powdered skim milk by the Food Distribution Administration, may charge ⅝ cents per pound on sales of carlot quantities.

(3) By wholesalers and by manufacturers for deliveries to any consumer other than the United States Government or any agency thereof:

For deliveries in	Spray process (cents per pound)				Roller process (cents per pound)			
	Carload	Less than carload			Carload	Less than carload		
		25 barrels or more	5 to 24 barrels inclusive	1 to 4 barrels inclusive		25 barrels or more	5 to 24 barrels inclusive	1 to 4 barrels inclusive
Zone A	15½	16	16¼	16½	15	15½	15¾	16
Zone B	15¾	16¼	16½	16¾	15¼	15¾	16	16¼
Zone C	16	16½	16¾	17	15½	16	16¼	16½
Zone D	16¼	16¾	17	17¼	15¾	16¼	16½	16¾

(4) By manufacturers to wholesalers "for deliveries" to wholesalers the prices named in subparagraph (2) above, less 3 per cent.

(5) *Definition of zones.*

(i) Zone A shall be all states not included in Zones B, C, or D.

(ii) Zone B shall be Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Maryland, Delaware, District of Columbia, Virginia, and West Virginia.

(iii) Zone C shall be Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Louisiana, Arkansas, Oklahoma, and Texas.

(iv) Zone D shall be Florida.

(6) *Discounts.* All maximum prices named in this section must be reduced by the seller's customary discounts, or allowances for cash or prompt payment. However, any discount, allowances or other price differential may always be given when it results in a price less than the maximum price.

(7) *Packing costs and allowances.* (i) These prices are for bulk powdered skim milk or bulk powdered buttermilk packed in barrels double crepe lined. They shall be reduced for any less expensive packing by the net difference in packing costs, between the double crepe lined barrels and the less expensive packing.

(ii) These prices shall be increased ½ cent per pound for all bulk powdered skim milk or bulk powdered buttermilk packed in customary 95 or 100 pound containers. These prices shall be increased 1 cent per pound for all bulk powdered skim milk or bulk powdered buttermilk packed in customary 5 to 50 pound containers.

(b) The maximum prices for sales and deliveries of packaged powdered skim milk (spray process) by manufacturers or packers to the wholesale and chain store warehouse trade and to commercial, industrial, institutional, and governmental users shall be as listed in the following Table A:

TABLE A

For deliveries in	Price per dozen packages		
	7 ounces	12 ounces	16 ounces
Zone A	$1.08	$1.78	$2.34
Zone B	1.09	1.80	2.37
Zone C	1.10	1.82	2.40
Zone D	1.11	1.84	2.43

(1) *Differentials and discounts.* If the manufacturer or packer has established differentials for quantity purchasers or for any other class of purchasers he shall continue such differentials. The differentials to such other classes of purchasers shall be determined by adding to or subtracting from the maximum prices fixed herein for such zone, as the case may be, the difference between the seller's customary price to wholesalers and his customary price to such class of purchasers. All other customary discounts and allowances including those for prompt payment shall likewise be continued.

(2) *Definition of zones.* The zones referred to are the same as those defined in paragraph (a) (5) of this section.

(3) *Manufacturer's or packer's maximum prices for packaged powdered skim milk (spray process) packed in container sizes other than those for which maximum prices are fixed by this paragraph.* (i) The following pricing method applies only to those new packages whose weight is 50% greater or smaller than the weight of the package for which maximum prices are fixed herein, i. e. those packages which are not less than 3½ oz. nor more than 24 oz. In the case of all other package sizes, i. e. those less than 3½ oz. and those more than 24 oz. but not more than 80 oz. inclusive, the packer shall apply to the Office of Price Administration for a maximum price. He shall include in his application a statement giving the weight of the proposed package, and the cost to him of the ingredients, packaging material, carton, labor, and overhead.

(ii) Where the packer may price pursuant to this subparagraph (3) he shall proceed as follows:

(a) *Determine the base container.* He shall first determine the size of the package for which a maximum price is fixed herein which is closest in net weight to the size which he desires to pack, i. e., if he desires to pack a 9 oz. package he shall use the 7 oz. package as the base container.

(b) *Determine the base price.* The base price is determined by dividing the maximum delivered price fixed in Table A above for a dozen of each container sizes, in each of the 4 zones established therein, by 12.

(c) *Deduct the container cost.* Taking his base price, the packer shall then subtract the direct cost of the base container. "Direct cost of the container" means the net cost, at the packer's plant, of the container, label, and the proportionate part of the outgoing shipping wrapper or carton, but it does not include the cost of filling, closing, labeling, or packing.

[2] 8 F.R. 9395, 10569, 10987, 12443, 12611, 13294, 15251, 14853, 15586, 15607, 17369, 17370; 9 F.R. 95.

(d) *Adjust the difference in contents.* The figure gotten by the deduction shall then be adjusted for the size change by dividing it by the number of ounces in the base container and multiplying the result by the number of ounces in the new container.

(e) *Add the new container cost to get the maximum price for the zone.* Next, the packer shall add to the adjusted figure the "direct cost of the container" in the new size. He shall then multiply the resulting figure by twelve to determine his maximum delivered price per dozen in the new size container, in the zone for which he is making the computation. The packer shall make similar computations for each zone in which he desires to sell such new size container and adjust the prices pursuant to subparagraph (1) for the different classes of purchasers to whom he desires to sell such new size container.

(f) *Computations and fractions of a cent.* In making computations pursuant to this subparagraph (3), the packer shall carry all calculations to the second decimal of a cent. If this maximum price per dozen resulting from such computation ends in a fraction he shall adjust the price to the next higher cent where the fraction is ½ cent or more, and to the next lower cent if the resulting fraction is less than ½ cent.

(iii) *Records.* Every manufacturer or packer who computes maximum prices pursuant to this subparagraph (3) shall keep records showing how he figured each maximum price established hereunder.

(c) *Definitions.* (1) "Powdered skim milk", also known as "dried skim milk" or "skim milk powder" means powdered skim milk for human consumption as defined in the "Standards of Identity for Dried Skim Milk, Powdered Skim Milk, Skim Milk Powder" promulgated by the Food and Drug Administration and published in the FEDERAL REGISTER of July 12, 1940, 5 F.R. 2543.

(2) "Powdered buttermilk" means the product prepared for human consumption by the removal of water from clean, sound buttermilk which buttermilk conforms in all respects to requirements of applicable federal and state laws and regulations. It shall contain not less than 4% butterfat and shall contain not more than 5% moisture.

(3) "Bulk" when used in conjunction with "powdered skim milk" or "powdered buttermilk" means all "powdered skim milk", or "powdered buttermilk", other than "packaged powdered skim milk" or "packaged powdered buttermilk". "Packaged" means packaged for sale at retail in a container of any sort holding 5 pounds or less regardless of where the packaging was done.

(4) The phrase "for deliveries" refers to deliveries at the buyer's customary receiving point. In the case of deliveries to wholesalers, it shall also include direct deliveries to the customary receiving point of any person designated by the wholesaler to receive delivery.

(d) *Reference to maximum price regulations covering powdered skim milk and powdered buttermilk not covered in this Revised Maximum Price Regulation 289.* (1) All sales of packaged powdered skim milk and packaged buttermilk not covered by paragraph (b) of this section are covered by Maximum Price Regulation 280.[14] Specifically, paragraph (b) of this section fixes dollar and cents prices for packaged powdered skim milk (spray process) for human consumption in the 7-, 12-, and 16-ounce packages and provides a method whereby other size packages of such packaged powdered skim milk may be priced.

(2) Packaged powdered skim milk (spray process) except that which is packed in a tin container in an inert gas is governed by Maximum Price Regulation 421 as to sales at wholesale, and by Maximum Price Regulations 422 and 423 as to sales at retail.

(3) All sales of powdered skim milk for animal feed and of powdered buttermilk for animal feed are covered by Maximum Price Regulation 280.

Industrial Casein

SEC. 23. *Maximum prices for industrial casein (inedible)*—(a) *Definitions.* (1) "Casein" means the chemical compound which is precipitated from skim milk by the action of rennet or of one of several acids customarily selected as a precipitating agent. For the purpose of this amendment, the curd resulting from the precipitation shall not be deemed "industrial casein" unless it is prepared for the purpose of ultimate utilization in one or more manufactured commodities that are not consumed as edible products by human beings. Nor shall casein which is especially prepared and packaged for laboratory use be deemed "industrial casein".

(2) "Processed acid-casein", means acid-precipitated "industrial casein" which is dried, ground, screened and blended with other individual quantities of such casein in such manner as to produce a product of uniform quality that will meet the needs of individual consumers. Such processed acid-casein shall be cream or light yellow in color, be nearly odorless with no more than a trace of sourness, have a moisture content of not more than 10%, contain not more than 2.25% fat (moisture-free basis) or less than 14.2% nitrogen (moisture-, fat-, and ash-free basis) or more than 4.0% ash (moisture-free basis), and the total acidity shall not be more than 10.5 c. c. of N/10 alkali per gram.

(3) "Processed rennet-casein", means rennet-precipitated "industrial casein" which is dried, ground, screened, and blended with other individual quantities of such casein in such manner as to produce a product of uniform quality that will meet the needs of individual consumers. Such processed rennet-casein shall be light cream or cream in color, be nearly odorless with no more than a trace of sourness, have a moisture content of not more than 10%, contain not more than 1% fat (moisture-free basis) or less than 14.2% nitrogen (moisture-, fat-, and ash-free basis) or less than 7.5% ash (moisture-free basis), and the total acidity shall not be more than 2.5 c. c. of N/10 alkali per gram.

(4) "Dry acid-casein", means acid-precipitated "industrial casein", the curd of which has been dried but has not been ground, or screened, or blended.

(5) "Dry rennet-casein", means rennet-precipitated "industrial casein", the curd of which has been dried but has not been ground, or screened, or blended.

(6) "Wet curd acid-casein", means acid-precipitated "industrial casein" which has not been dried, or ground, or screened, or blended.

(7) "Wet curd rennet-casein", means rennet precipitated "industrial casein" which has not been dried, or ground, or screened, or blended.

(8) "Bag" means the burlap or other container holding approximately 100 pounds in which casein is customarily packed by the manufacturer or blender. It may or may not be lined with paper or another similar substance.

(b) *Maximum prices for processed acid-casein and processed rennet-casein.* Maximum prices for processed acid-casein and processed rennet-casein as defined in paragraphs (a) (2) and (a) (3) of this section, to any person shall be those listed in the following Table A.

TABLE A

Quantity	Cents per pound	
	Acid	Rennet
10,000 lbs. or more	24	25½
2,000 lbs. or over but less than 10,000 pounds	24¼	25¾
Less than 2,000 pounds	24½	26¼

(1) The above prices are on a "gross-for-net" basis when the seller furnishes the bag in which the casein is sold. For sales in containers other than bags the prices are on a net weight basis and the seller may add to such prices an amount not in excess of the actual cost of such container: *Provided*, That such container becomes the property of the purchaser.

(2) The above maximum prices shall be f. o. b. the seller's plant, warehouse, or other place from which the casein is shipped to the buyer. Where the seller produces the casein in several plants and then transports it to a warehouse before shipping it to the buyer the casein shall be sold f. o. b. such warehouse and not f. o. b. the plant where it was produced.

(3) If the sale is made on a delivered basis, then the maximum delivered price shall be the f. o. b. price listed for each type in Table A above plus the lowest available freight rate from the shipping point to the purchaser's receiving point, but charges for freight shall in no case exceed the amount actually paid by the seller for the given shipment.

(c) *Maximum prices for wet curd acid-casein, wet curd rennet-casein, dry acid-casein and dry rennet-casein.* Maximum prices for sales and deliveries of wet curd acid-casein, wet curd rennet-casein, dry acid-casein, and dry rennet-casein to any person in any quantity shall be the prices listed in the following Table B; except that a seller who customarily extended a quantity discount shall continue to do so as provided in paragraph (e):

TABLE B

Type of casein:	Cents per pound
Wet curd acid-casein, dry basis	18
Wet curd rennet-casein, dry basis	19½
Dry acid-casein	21
Dry rennet-casein	22½

(1) The above maximum prices shall be f. o. b. the seller's plant, warehouse, or other place from which the casein is shipped to the buyer. Where the seller produces the casein in several plants and then transports it to a warehouse before shipping it to the buyer the casein shall be sold f. o. b. such warehouse, and not f. o. b. the plant where it was produced.

(2) If the sale is made on a delivered basis, the maximum delivered price shall be the f. o. b. price listed for each type in Table B above plus the lowest available freight rate from the shipping point to the purchaser's receiving point, but charges for freight shall in no case exceed the amount actually paid by the seller for the given shipment.

(3) If the purchaser requests that the seller grind the casein to meet his specifications and requirements, the seller may add ½ cent per pound to the maximum price established in Table B above for dry acid and dry rennet-casein. Thus the maximum price for ground acid-casein shall be 21½ cents per pound and for ground rennet-casein it shall be 23 cents per pound.

(d) *Quality differentials.* The maximum prices established in this section for each type of casein shall not be increased by any charge for a special mesh, viscosity, or any other process or treatment in manufacturing. In no case shall the seller charge more per pound than the prices provided in this section. Where, however, the casein does not meet the standards set forth in the definitions for each type of casein, the maximum prices set forth herein shall be reduced to reflect the customary differential between the price for casein which meets the standards set forth herein and such substandard casein.

(e) *Discounts and allowances.* The maximum prices established by this section shall not be increased by brokerage fees, commissions or other charges. However, the maximum prices shall be decreased to reflect the seller's customary discounts and allowances including those for prompt payment.

(f) *Evasion.* Specifically, the provisions of this section shall not be evaded by any requirement by the seller or agreement between the buyer and seller that a seller may ship or a buyer receive casein in smaller quantity than that which was actually ordered or would have been ordered but for the attempted evasion. Furthermore, no person shall evade the provisions of this section by agreeing to receive unground "industrial casein" from a seller without taking title thereto, for the purpose of grinding or processing said casein for an amount which is less than the margin allowed herein for such grinding or processing, and then buy the ground or processed product at a price which is higher than the sum of the price listed for the unground casein plus the charge made for grinding or processing. Nor shall any person enter into any contract of a nature similar to that described above which will result in a maximum price to the seller of unground or unprocessed casein which is in excess of the price listed herein for such unground or unprocessed casein.

Whey Powder

SEC. 24. *Maximum prices for whey powder (except that which is for human consumption)* — (a) *Definitions.* (1) "Whey powder", means the substance which is derived from the reduction of the moisture content of liquid whey. It is a byproduct of the manufacture of cheese or casein or both. The dried product shall contain at least 65% lactose (milk sugar) and shall otherwise meet specifications set forth on page 22 of "Official Publication" published by the Association of American Feed Control Officials Incorporated.

(2) "Bag" means the burlap or other container holding approximately 100 pounds in which whey powder is customarily packed by the manufacturer or blender. It may or may not be lined with paper or another similar substance.

(3) "Wholesaler" means any person who buys whey powder, unloads his purchase into a warehouse and resells the same in the original container without mixing it.

(4) "Retailer" means any person who buys whey powder and resells the same, without mixing it, to the consumer in lots of 5 bags or less.

(5) "Consumer" means any person who buys whey powder for the purpose of actually feeding it to animals or poultry.

(b) *Maximum prices for sales and deliveries of whey powder by manufacturers.* Maximum prices for sales and deliveries of whey powder by a manufacturer or any person other than a wholesaler or a retailer, to any person shall be the prices listed in the following Table A.

TABLE A

Quantity:	Cents per pound
100 bags or more	8
6 to 99 bags inclusive	8⅛
5 bags or less	8¼

(1) The above maximum prices shall be f. o. b. the seller's plant, warehouse, or other place from which the whey powder is shipped. Where the seller produces the whey powder in several plants and then transports it to a warehouse before shipping it to the buyer, the whey powder shall be sold f. o. b. such shipping point and not f. o. b. the plant where it was produced.

(2) If the sale is made on a delivered basis, the maximum delivered price shall be the f. o. b. price listed for each quantity in Table A above, plus the lowest available freight rate from the shipping point to the purchaser's receiving point, but charges for freight shall in no case exceed the amount actually paid by the seller for the given shipment.

(c) *Maximum prices for sales and deliveries of whey powder by wholesalers.* The maximum price in cents per pound that any wholesaler may charge for whey powder shall be:

¼¢ (maximum profit margin) over the price listed in Table A for whey powder in quantities of 100 bags or more, which is 8¢ per pound, plus all applicable transportation charges actually paid for moving such whey powder to his place of business at the lowest available freight rate.

Transportation charges to be added shall be determined by dividing the total charge for a shipment by the number of pounds shipped. If, on the other hand, the wholesaler buys whey powder on a delivered basis, he shall determine his cost for such whey powder by dividing the cost to him of the whey powder delivered by the number of pounds delivered and than add ¼¢ per pound (maximum profit margin) to determine his maximum price.

Where the wholesaler delivers the whey powder he may add to the maximum prices established pursuant to this paragraph, the lowest of the following delivery charges:

(1) His actual cost for transporting the whey powder from his shipping point to buyer's receiving point.

(2) His customary delivering charge, if he had an established charge for such deliveries prior to the effective date of this paragraph.

(3) The published common carrier rate for shipping a like quantity of whey powder from his shipping point to buyer's receiving point.

(d) *Maximum prices for sales and deliveries of whey powder by retailers.* The maximum price in cents per pound that any retailer may charge for whey powder shall be:

½ cent per pound (maximum profit margin) for sales of 1 to 5 bags, inclusive, and ¾ cent per pound (maximum profit margin) for sales of less than 1 bag.

over the maximum price paid by him in cents per pound to his supplier, plus all applicable transportation charges actually paid for moving such whey powder to his place of business at the lowest available freight rate. Transportation charges to be added shall be determined by dividing the total charge for a shipment by the number of pounds shipped. If, on the other hand, the retailer buys whey powder on a delivered basis, he shall determine his cost for such whey powder by dividing the cost to him of the whey powder delivered by the number of pounds delivered and then add his appropriate differential (½ cent or ¾ cent per pound as the case may be) to determine his maximum price.

Where the retailer delivers the whey powder he may add to the maximum prices established pursuant to this paragraph, the lower of the following delivery charges:

(1) His actual cost for transporting the whey powder from his shipping point to buyer's receiving point.

(2) His customary delivering charge, if he had an established charge for such deliveries prior to the effective date of this paragraph.

(e) *Method of computation and fractions of a cent.* In computing maximum prices pursuant to this amendment, the wholesaler or retailer shall carry all calculations to the third decimal of a cent to arrive at his maximum price per pound. He shall then multiply this price (carried to the third decimal of a cent) by the number of pounds he is selling in each individual sale. The result arrived at by this multiplication shall be his maximum price for the sale. Any fractions of a cent resulting from such multiplication shall be adjusted to the next higher cent if they are one-half cent or more, and to the next lower cent if they are less than one-half cent.

(f) *Discounts and allowances.* The maximum prices established by this section shall not be increased by brokerage fees, commissions or other charges. However, the maximum prices shall be decreased to reflect the seller's customary discounts and allowances including those for prompt payment.

(g) *Evasion.* Specifically, the provisions of this section shall not be evaded by any requirement by the seller or agreement between the buyer and seller that a seller may ship or a buyer receive whey powder in smaller quantity than that which was actually ordered or would have been ordered but for the attempted evasion.

Milk Sugar

SEC. 25. *Maximum prices for milk sugar*—(a) *Definitions.* (1) "Milk sugar" (lactose) means the sugar which is obtained from cow's milk. The term includes any such sugar whether it is sold in powdered or crystalline form.

(2) "Refined milk sugar" means milk sugar, U. S. P.; that is, it conforms to all of the standards for milk sugar set forth in the latest edition of the United States Pharmacopoeia.

(3) "Technical milk sugar" means milk sugar which equals milk sugar, U. S. P. in all respects, except that its solution in water may be straw color and its ash content may be 1.0 percent.

(4) "Crude milk sugar" means milk sugar which is neither refined milk sugar nor technical milk sugar.

(5) "Producer" means any person who produces refined, technical, or crude milk sugar.

(6) "Packager" means a person (other than a producer) who buys milk sugar and packs it into containers.

(7) "Wholesaler" means a person who buys milk sugar in a container and sells it in the same container to persons other than household consumers. A person may be a wholesaler with respect to certain sales and a packager with respect to other sales, depending on whether or not he packed the milk sugar into a container.

(8) "Retailer" means a person who buys milk sugar in a container and sells it in the same container to household consumers.

(9) "Item" means a particular unit of sale of a particular brand and type of milk sugar in a particular container size.

(10) "Barrel" means a wooden barrel costing approximately 1 cent per pound of milk sugar.

(b) *Producer prices.* (1) Sales made in "barrels." The producer's maximum prices f. o. b. plant for milk sugar sold in barrels to any class of purchaser shall be those listed in the following Table A.

TABLE A

Quantity	Cents per pound (f. o. b. plant)			
	Refined	Technical	Crude sold for laboratory use	Crude sold for further refinement
1 to 9 barrels, inclusive	27¼	25¼	19	17
10 to 149 barrels, inclusive	26¾	24¾	19	17
150 barrels or more	26	24	19	17

(2) *Sales made in containers other than barrels.* The producer's maximum prices f. o. b. plant for milk sugar sold in containers other than barrels shall be those listed in the following Table B, plus the actual cost of container.

TABLE B

Quantity	Cents per pound (f. o. b. plant)			
	Refined	Technical	Crude sold for laboratory use	Crude sold for further refinement
Less than 1,800 lbs.	26¼	24¼	18	16
1,800 lbs. to 30,000 lbs. inclusive	25¾	23¾	18	16
Over 30,000 lbs.	25	23	18	16

(3) *Discounts and allowances.* The maximum prices established for producers shall not be increased by brokerage fees, commissions, or other charges. However, the maximum prices shall be decreased to reflect the producer's customary discounts and allowances, including those given for prompt payment, but not including the discount based solely on quantity of purchase.

(4) *F. o. b. and delivered prices.* The producer's prices are f. o. b. the producer's plant. If the sale is made on a delivered basis, the maximum delivered price shall not exceed the applicable f. o. b. price plus the actual freight charges incurred from the producer's plant to the purchaser's receiving point; such freight charges in no event to exceed the lowest established rate for the mode of transportation employed.

(5) *Evasion.* Specifically, the producer prices shall not be increased by any arrangement between the buyer and seller whereby a seller is to ship or sell, and the buyer receive or buy, a smaller quantity of milk sugar than that which was actually ordered, or would have been ordered but for the attempted evasion.

(c) *The packager's prices.* Packager maximum prices for each item of milk sugar shall be the maximum prices established pursuant to Maximum Price Regulation 280, plus the following:

(1) The difference between the "old cost" of the milk sugar in the item and the "new cost" of the milk sugar in the item. The "old cost" is the packager's delivered cost (price paid supplier, less all discounts except the discount for prompt payment; plus transportation charges, if any, to his place of business) for his latest purchase of a customary quantity of the milk sugar ingredient from a customary supplier occurring prior to November 15, 1943. The "new cost" is the packager's delivered cost (price paid supplier less all discounts, except the discount for prompt payment, plus transportation charges, if any, to his place of business) for the first purchase of milk sugar ingredient in a customary quantity from a customary supplier, occurring after November 14, 1943.

(i) If at any time after establishing a "new cost" the packager's source of supply changes resulting in a decrease in the cost of milk sugar, he must recalculate his prices by reestablishing a "new cost" based on the first purchase of a customary quantity from the new supplier. Where the source of supply changes, resulting in an increase in the cost of milk sugar, he may recalculate his prices by reestablishing a "new cost" based on the first purchase of a customary quantity from the new supplier.

NOTE: The packager's maximum prices remain as established under Maximum Price Regulation 280 until such time as the packager has a new cost and is able to compute his prices under this paragraph. Thereupon, the new prices so established apply only to those items containing milk sugar which was purchased at the changed cost.

(d) *The wholesaler's prices.* The wholesaler's maximum prices for each item of milk sugar shall be the maximum prices established pursuant to Maximum Price Regulation 280, plus the following:

(1) The difference between the "old cost" of the item and the "new cost" of the item. The "old cost" is the wholesaler's delivered cost (price paid supplier less all discounts, except the discount for prompt payment; plus transportation charges, if any, to his place of business) for the latest purchase of the item in a customary quantity from a customary supplier occurring prior to November 15, 1943. The "new cost" is the delivered cost (price paid supplier less all discounts, except the discount for prompt payment; plus transportation charges, if any, to his place of business) for the first purchase of the item in a customary quantity from a customary supplier, occurring after November 14, 1943.

(i) If at any time after establishing a "new cost" the wholesaler's source of supply changes resulting in a decrease in the cost of the items, he must recalculate his prices by reestablishing a "new cost" based on the first purchase of a customary quantity from the new supplier. Where the source of supply changes, resulting in an increase in the cost of the items, he may recalculate his prices by reestablishing a "new cost" based on the first purchase of a customary quantity from the new supplier.

NOTE: The wholesaler's maximum prices remain as established under Maximum Price Regulation 280 until such time as the wholesaler has a "new cost" and is able to compute his prices under this paragraph. Thereupon, the new prices apply only to that part of his inventory upon which the price change has been experienced.

(e) *Retailer's prices.* A retailer's maximum prices for each item of milk sugar shall be his "delivered cost" (price paid supplier less all discounts, except the discount for prompt payment; plus transportation charges, if any, to his place of business); plus the dollar and cents markup which he customarily applied to such items, not to exceed the highest markup used during the period March 1, 1942, through October 2, 1943.

NOTE: A retailer cannot, of course, use a markup which was based on a price in excess of the price allowed by Maximum Price Regulation 280.

(f) *Reports*—(1) *Producer reports.* Producers establishing maximum prices for sales in containers other than barrels, must within 30 days after establishing such prices, file with the Manufactured Dairy Products Section, Office of Price Administration, Washington, D. C., a statement showing the following:

(i) The producer's name and address,

(ii) The prices established pursuant to paragraph (b) (2) of this section for sales in containers other than barrels.

(iii) The cost of the container and a description thereof.

(2) *Packager reports.* Packagers establishing maximum prices for items which they pack must within 30 days after establishing such prices, file with the Manufactured Dairy Products Section, Office of Price Administration, Washington, D. C., a statement showing the following:

(i) The packager's name and address,

(ii) The maximum prices established pursuant to Maximum Price Regulation 280 for each item which they pack,

(iii) The "old cost" and the "new cost" as determined pursuant to paragraph (c) (1) of this section, and

(iv) The maximum prices established pursuant to paragraph (c) of this section.

(g) *Calculations.* In calculating the price of a particular quantity of milk sugar whether it be for a pound, carload, dozen, etc., calculations shall be carried to the second decimal point of a cent. If the final price for the quantity results in a price which includes a fraction of a cent, the price shall be adjusted to the next higher cent where the fraction is one-half cent or more, and to the next lower cent where the fraction is less than one-half cent.

Condensed Milk, Etc.

SEC. 26. *Maximum prices for condensed milk, condensed skim milk and condensed products containing milk solids, in bulk or bulk packed, and canned sweetened condensed milk*—(a) *Sales by processors, in bulk or bulk packed.* (1) Maximum prices for sales to any class of purchasers shall be those listed in Items 1 and 2 of Table A, f. o. b. processor's plant, subject to the composition adjustments set forth in Item 3 of Table A.

TABLE A

Product	Composition percentage (exclusive of moisture)			Cents per liquid pound (f. o. b. plant)	
	Milk fat	MSNF	Sugar	In wooden barrels	In containers (except wooden barrels) and in tank cars or tank trucks
ITEM 1					
Plain condensed skim milk	0	29	0		4.06
Super-heated condensed skim milk	0	29	0		4.39
ITEM 2					
Plain condensed milk	8	22	0		8.28
Super-heated condensed milk	8	22	0		8.61
Sweetened condensed skim milk	0	29	42	5.08	7.33
Sweetened condensed milk	8½	19½	42	12.28	11.53

ITEM 3. *Adjustments.* (i) The maximum prices for products listed in Item 1 of Table A, in bulk or bulk packed, shall be adjusted up or down by adding or deducting $ .0014 per pound for each change of 1% in the composition percentage of milk solids not fat in the finished product, and fractions of 1% shall be adjusted proportionately.

(ii) The maximum prices for products listed in Item 2 of Table A and for any "miscellaneous condensed product", in bulk or bulk packed, shall be adjusted up or down by the amounts stated below for each change of 1% in the composition percentage of the ingredients in the comparable finished product, and fractions of 1% shall be adjusted proportionately. (See examples.)

Ingredient:	Add or deduct per pound
Milk solids not fat	$0.00145
Milk fat	.0065
Sugar	.0006

Example A. If a product contains only 7% fat and 18% MSNF it is not "plain condensed milk". However, if a processor wishes to supply such a "miscellaneous condensed product" he would figure his maximum price as follows:

Find the price in Table A for the comparable finished product (plain condensed milk) which is 8.28¢. Since the butterfat is 1% less and MSNF are 4% less than the stated composition of plain condensed milk, he will deduct $ .0065 for reduction in fat and $ .0058 ($ .00145 x 4) for reduction in MSNF, resulting in a price of 7.05¢ per pound for the "miscellaneous condensed product".

Example B. If "plain condensed milk" should contain 8½% fat and 20% MSNF the price is figured by adding to the price in Table A, $ .00325 (½ of $ .0065) for ½% increase in fat and deducting $ .0029 ($ .00145 x 2) for 2% decrease in MSNF to obtain a price of 8.315¢ instead of 8.28¢ per pound.

(2) "*Dry solids*" means the number of pounds of dry milk solids not fat in a condensed liquid product.

(3) *Records.* The invoice which the seller is required to deliver to the buyer under section 5 of this regulation shall also state the total net weight of the finished product together with the percentage content of dry solids not fat.

(4) *F. o. b. and delivered prices.* The processor's prices are f. o. b. the processor's plant, however, sales may be made on a delivered basis. If a sale is made on a delivered basis, the maximum delivered price, when delivery is made by a common or contract carrier, shall not exceed the f. o. b. price plus the established transportation charge of such carrier, and actual icing charge if any, incurred from the processor's plant to the buyer's receiving point. If the delivery is made by a vehicle owned or controlled by the processor, the transportation charge shall not exceed the lowest available published rate for contract or common carrier for such delivery. However, instead of the maximum delivered price as stated above, the processor may use, as a maximum delivered price on a delivery to the buyer's place of business, the f. o. b. price for the particular product plus $.0015 per liquid pound.

(5) *Allowances and fees.* The maximum prices established for processors shall not be increased by brokerage fees, commissions, or other charges.

(6) *Calculations.* Fractions of a cent remaining after the total price for the quantity sold has been calculated shall be dropped if less than ½ cent and increased to the next higher cent if ½ cent or more.

(b) *Sales by or through brokers, jobbers, and other persons, in bulk or bulk packed.* (1) The maximum prices on sales of condensed milk products, in bulk and bulk packed, by or through brokers, jobbers, and other persons to any class of purchasers shall not exceed the maximum prices set forth in paragraph (a) for processors, except that,

(i) In the case of a jobber, as defined in subparagraph (iv), who resold condensed milk products, in bulk or bulk packed, before April 28, 1942, his maximum price (f. o. b. his place of business) shall be the appropriate price set forth in paragraph (a) f. o. b. processor's plant, plus the actual transportation charge and actual icing charge, if any, to the jobber's place of business plus the appropriate markup (in cents per liquid pound) as follows:

	Cents
Plain condensed skim milk	3/8
Super-heated condensed skim milk	3/8
Plain condensed milk:	
When sold in original container	3/8
When repacked by jobber and sold in lots of less than 50 pounds	1/2
Super-heated condensed milk	3/8
Sweetened condensed skim milk	3/10
Sweetened condensed milk	3/10
Miscellaneous condensed product	3/10

(ii) In the case of a jobber, as defined in subparagraph (iv), who did not resell condensed milk products, in bulk or bulk packed, before April 28, 1942, his maximum price (f. o. b. his place of business) shall be the appropriate price set forth in paragraph (a) f. o. b. processor's plant, plus the actual transportation charge and actual icing charge, if any, to the jobber's place of business.

(iii) In the event a sale is made on a delivered basis by a jobber, as defined in subparagraph (iv), his maximum price shall be increased by the cost of transportation (exclusive of icing cost, if any) from the jobber's place of business to the buyer's customary receiving point computed in the same manner as delivery charges by a processor are computed in paragraph (a) (4).

(iv) The term "jobber" as used in subdivision (i), (ii), and (iii) above means and is limited to a person who purchases from a processor all bulk condensed milk products he sells (for his own account) and customarily receives shipment, in large or carload lots, at a warehouse owned or leased and maintained by him and not owned or controlled by any processor of condensed milk products or by any of the jobber's customers and whose daily sale to any customer of any of the bulk condensed milk products listed in subdivision (i) above, does not exceed 1,350 pounds.

(v) "Jobber's place of business" means the place where the jobber's warehouse described in subdivision (iv) above, is located.

(c) *Sales by processors of canned sweetened condensed milk in cartons.* (1) Maximum prices for sales and deliveries by a processor of sweetened condensed milk (as defined in paragraph (d) (15) and containing 42% sugar), in cans, packed in cartons shall be either (i) the prices listed in Table B subject to adjustments for variations in composition and can weights as set forth in (c) (2) below, or (ii) the maximum prices to purchasers (other than the United States Government, or any agency thereof) established by processors under § 1499.2 of the General Maximum Price Regulation [1] which ever shall be the higher:

TABLE B

PRICES ARE SUBJECT TO THE PROVISIONS OF PARAGRAPHS (a) (5) AND (a) (6)

[In dollars and cents per carton]

If delivered in—	Carton of 48 14-ounce cans	Carton of 24 14-ounce cans	Carton of 48 15-ounce cans	Carton of 24 15-ounce cans
Carloads to the United States Government or any agency thereof, f. o. b. processor's plant or warehouse	$6.25	$3.12½	$6.59	$3.29½
Carloads to the customary receiving point of buyers other than the United States Government or any agency thereof	6.25	3.12½	6.59	3.29½
Less carloads to physical premises of a retail store or of a food processor	6.40	3.20	6.74	3.37
Less carloads to the customary receiving point of other buyers	6.30	3.15	6.64	3.32

(2) *Composition adjustments.* (i) The maximum prices for cartons of 48 cans listed in Table B above shall be adjusted up or down for variations in the composition percentage of net weight per can of the finished product as set forth below:

Composition or can weight:	*Per carton of 48 cans*
Milk fat, for each ½% variation.	14¢ (add).
Milk solids not fat, for each 1% variation.	6¢ (add or deduct).
Sugar, for each 1% variation.	2½¢ (add or deduct).
Can weight, for each ½ ounce variation in net weight per can with standard composition as described in (c) (1).	17¢ (add or deduct).

(ii) Where a product contains added milk fat and increased or decreased milk solids and the net weight of the can is above or below 14 ounces the processor's maximum prices shall be figured as follows:

Find the price per carton of 48—14 ounce cans, with the varied ingredients in (c) (1) and (c) (2) above and adjust the total amount for each ½ ounce variation above or below the 14 ounce can weight by adding or deducting,

- 5/8¢ for each ½% of milk fat.
- ¼¢ for each 1% of milk solids not fat.

(iii) The price for cartons of 24 cans shall be ½ of the price for cartons of 48 cans; other quantities in proportion.

(3) Where canned sweetened condensed milk is sold f. o. b. or delivered to any point other than the buyer's customary receiving point, the maximum prices established in paragraphs (c) (1) and (c) (2), shall be reduced by the cost of transportation between that point and the buyer's customary receiving point, computed in the same manner as delivery charges are computed in paragraph (a) (4).

(d) *Definitions.* (1) "Milk" means cows' milk.

(2) "Skim milk" means cows' milk from which substantially all of the milk fat has been removed.

(3) "MSNF" means milk solids not fat.

(4) "Sugar", except where otherwise specifically limited, means refined sugar (sucrose) or any combination of refined sugar (sucrose) and refined corn sugar (dextrose), or corn sirup.

(5) "Barrel" means a tight wooden barrel costing approximately 1 cent per pound of bulk sweetened condensed milk or of sweetened condensed skim milk.

(6) "Bulk" or "bulk packed" means packed or shipped in any form other than in hermetically-sealed containers of one gallon capacity or smaller.

(7) "Buyer's place of business" means the place at which a buyer conducts his principal business operations. This place may be the buyer's warehouse, his manufacturing plant, or his wholesale or retail store, depending on the nature of his business.

(8) "Customary receiving point" means that place, in the town or city where the buyer's place of business is located, at which the buyer customarily takes possession of condensed milk products. It may be either a railroad siding or the buyer's warehouse in that town or city.

(9) "Processor" means a person who manufactures for sale any of the products described in this section.

(10) "Plain condensed skim milk, concentrated skim milk" is the product resulting from the evaporation of a considerable portion of the moisture from skim milk, and contains not less than 20 percent of the solids of milk or skim milk.

(11) "Super-heated plain condensed skim milk" is plain condensed skim milk in which live steam has been introduced at a stage of processing.

(12) "Plain condensed milk, concentrated milk" is the liquid food made by evaporating sweet milk to such point that it contains not less than 7.9 percent of milk fat and not less than 25.9 percent of total milk solids. It conforms to the definition and standard of identity for plain condensed milk, concentrated milk, promulgated by the Food and Drug Administration and published in the FEDERAL REGISTER of July 2, 1940, 5 F.R. 2444.

(13) "Super-heated plain condensed milk" is plain condensed milk in which live steam has been introduced at a stage of processing.

(14) "Sweetened condensed skim milk is the liquid or semi-liquid product resulting from the evaporation of a considerable portion of the moisture from skim milk to which refined sugar (sucrose) or a combination of refined sugar (sucrose) and refined corn sugar (dextrose) has been added. It contains not less than 24 percent of the solids of milk or skim milk.

(15) "Sweetened condensed milk" is the liquid or semi-liquid food made by evaporating a mixture of sweet milk and refined sugar (sucrose) or any combination of refined sugar (sucrose) and refined corn sugar (dextrose) to such point that the finished sweetened condensed milk contains not less than 28.0 percent of total milk solids and not less than 8.5 percent of milk fat. The quantity of refined sugar (sucrose) or any combination of sugar and refined corn sugar (dextrose) used is sufficient to prevent spoilage. It conforms to the definition and standard of identity for sweetened condensed milk promulgated by the Food and Drug Administration and published in the FEDERAL REGISTER of July 2, 1940, 5 F.R. 2445.

(16) "Miscellaneous condensed product" means a condensed or concentrated liquid product, sold in bulk, which is not specifically named in and covered by this section 26, or by some other maximum price regulation, and the composition of which (exclusive of sugar and moisture) includes more than one-half (by weight or volume) of the solids of milk or skim milk.

[1] 9 F.R. 1385.

(e) Reference to other maximum price regulations governing sales of canned sweetened condensed milk:

(1) Sales at wholesale shall be priced under the provisions of Maximum Price Regulation No. 421 and at retail under the provisions of Maximum Price Regulations Nos. 422 and 423.

(f) *Notification of new maximum price.* With the first delivery of canned sweetened condensed milk after April 8, 1944, in any case where the seller's new maximum price is different from the maximum price he previously had for the same item, he shall:

Supply each wholesaler and retailer who purchases from him with written notice as set forth below:

(Insert date)

NOTICE TO WHOLESALERS AND RETAILERS

Our OPA ceiling price for canned sweetened condensed milk (describe item by kind, variety, grade, brand, style of pack, and container type and size) has been changed by the Office of Price Administration. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulations Nos. 421, 422, or 423, you must refigure your ceiling price for this item on the first delivery of it to you from your customary type of supplier containing this notification after April 8, 1944. You must refigure your ceiling price following the rules in section 6 of Maximum Price Regulations Nos. 421, 422, or 423, whichever is applicable to you.

For a period of 60 days after determining the new maximum price for the item, and with the first shipment after the 60-day period to each person who has not made a purchase within that time, each seller shall include in each case, carton, or other receptacle containing the item, the written notice set forth above, or securely attach it to the outside. However, for sales direct to any retailer, the seller may supply the notice by attaching it to, or stating it on, the invoice covering the shipment, instead of providing it with the goods.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This regulation shall become effective May 17, 1944.

[RMPR 257,[1] Amdt. 2]

PULPWOOD PRODUCED IN MINNESOTA, MICHIGAN AND WISCONSIN

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 257 is amended in the following respects:

1. In Appendix A (a) (1), the table of prices is amended to read as follows:

Species	Rough	Peeled or rossed
Spruce wood	$15.00	$18.00
	[1] 15.90	[1] 19.10
Balsam wood	13.00	16.00
	[1] 13.80	[1] 17.00
Jack pine wood	11.50	14.00
Hemlock wood	11.00	13.50
Poplar wood	9.00	11.50
		[2] 13.00
White birch wood	9.00	11.50

[1] For 133 cubic feet of properly piled wood in 50" lengths produced in Cook County of the State of Minnesota.
[2] For 147 cubic feet of properly piled wood in 55" lengths.

2. In section 8 (a), subparagraph (15) is amended to read as follows:

(15) "Dealer" means any person who sells to consumers pulpwood not cut or prepared by such person, but purchased by such person in the condition in which it is to be delivered to the consumer and who sold and delivered not less than 8,000 cords of cordwood (pulpwood, box bolts, excelsior bolts or insulation short logs or any combination thereof) to consumers in the 1943–1944 operating seasons or who shall sell and deliver not less than 8,000 cords of cordwood to consumers in any subsequent operating season: *Provided, however,* That no dealer shall receive a commission on pulpwood sold and delivered during the 1943–1944 operating season unless such dealer has during such operating season sold and delivered at least 8,000 cords of pulpwood. "Operating season" means the period between the first day of May in one year and the last day of April in the next succeeding year;

3. In Appendix A (c) (2), subdivision (v) is amended to read as follows:

(v) The dealer's or trader's commission in such transactions is shown as a separate item on the settlement sheet. This settlement sheet must contain a statement that the dealer or trader has had no part in the preparation of the pulpwood, and that the charges are not in excess of Revised Maximum Price Regulation No. 257;

This amendment shall become effective May 12, 1944.

[MPR 348,[1] Amdt. 49]

LOGS AND BOLTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 348 is amended in the following respects:

1. Appendix J, Table 1, is revised so that the maximum prices read as follows:

MAXIMUM PRICES

[Per unit of 147 cubic feet]

	Peeled	Unpeeled
Poplar	$13.25	$10.25
Basswood	13.25	10.25

(2). In Appendix K, Table 1, the area, species, grade or specification provision, and the table of maximum prices are amended to read as follows:

Area. The States of Minnesota, Wisconsin, and Michigan.

Species or type. Short logs or bolts suitable for manufacture into insulation materials. Must be freshly cut, green timber of Aspen (poplar), Jack Pine, Norway and White Pine, Balsam fir or Spruce.

Grade or specification. Insulation short logs or bolts shall be piled so that the cord volume can be accurately measured. All existing trade practices and customs with respect to allowances for culls, for fire kills, or for defective wood of any kind must be observed. The unit of measurement shall be a cord of not less than 128 cubic feet nor more than 133 cubic feet. In the event that insulation short logs or bolts are purchases to specifications other than the 128–133 cubic feet specification, the conversion of price must be based upon the 133 cubic feet basis.

No change in paragraph headed "*Definitions*".

MAXIMUM PRICES

[Per cord of 133 cubic feet]

Species	Rough	Peeled
Aspen (Poplar)	$9.00	$11.50
Jack Pine	11.50	-------
Norway and White Pine	11.50	-------
Balsam Fir	13.00	-------
Spruce	15.00	-------

This amendment shall become effective May 12, 1944.

PART 1305—ADMINISTRATION

[Supp. Order 88]

EXEMPTION OF UNCLAIMED OR ABANDONED COMMODITIES SOLD AT AUCTION BY THE BUREAU OF CUSTOMS

A statement to accompany this Supplementary Order No. 88 has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

For the reasons set forth in that statement and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, it is hereby ordered that:

§ 1305.116 *Exemption of seized, unclaimed and abandoned commodities sold at auction by the Bureau of Customs.* (a) No provision of any price regulation shall apply to the sale of seized, unclaimed, or abandoned commodities by the Bureau of Customs if the aggregate quantity of all lots of such commodities of one general class or kind offered for sale by the collector of a customs district at a single auction sale has a domestic value of less than $500. An auction sale shall be considered a single auction sale although it continues over a period of more than one day. This exemption shall not apply to sales of distilled spirits or wine in any quantity.

(b) *Definitions.* As used in this Supplementary Order No. 88.

(1) The term "price regulation" means a price schedule effective in accordance with the provisions of section 206 of the Emergency Price Control Act of 1942, a maximum price regulation or temporary maximum price regulation issued by the Office of Price Administration, or any amendment thereto or order thereunder.

(2) The terms "distilled spirits" and "wine" shall be defined as provided in Maximum Price Regulation No. 445 or any amendment or revision thereof.

(3) The term "general class or kind" refers to commodities within a general commercial class, e. g., "raw wool", which includes all unspun wool, whatever the grade, and whether in the grease, washed, scoured, or carbonized.

(4) The term "domestic value" means the value determined in accordance with section 20.5 (b) or 23.12 (b) of the Customs Regulations of 1943.

(c) This Supplementary Order No. 88 shall become effective May 18, 1944.

Issued this 13th day of May 1944.

CHESTER BOWLES,
Administrator.

PART 1306—IRON AND STEEL

[RPS 10,[1] Amdt. 9]

PIG IRON

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

The first paragraph of § 1306.52 is amended to read as follows:

§ 1306.52 *Maximum prices on sales of pig iron.* On and after June 24, 1941, regardless of any contract or other obligation, no person shall sell or deliver, and no person shall buy or receive, pig iron at prices in excess of the maximum prices established by this schedule, and no person shall agree, offer, solicit or attempt to do any of the foregoing.

This amendment shall become effective May 12, 1944.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[Rev. RO 1C]

TIRE RATIONING REGULATIONS FOR THE VIRGIN ISLANDS

Ration Order 1C is redesignated Revised Ration Order 1C and is revised and amended to read as follows:

Preamble. Significant overall changes in the rubber situation plus the inability of the Virgin Islands' motorist to obtain recapping services for his tires, and the absence of adequate supplies of other than new tires, have necessitated a realistic revision of Ration Order 1C to suit local needs. This Revised Ration Order 1C will assure the maintenance of essential needs and at the same time will remove certain unworkable features previously developed in the Virgin Islands as a result of the changing rubber scene.

§ 1315.15 *Tire rationing regulations for the Virgin Islands.* Under the authority vested in the Office of Price Administration and the Price Administrator by Executive Order 9125, issued by the President on April 7, 1942, by Directive 1 and Supplementary Directive 1-Q of the War Production Board issued January 24, 1942 and November 6, 1942 respectively, and under the authority vested in me by Second Revised General Order 21 of the Price Administrator, issued August 3, 1943, this Revised Ration Order 1C (Tire Rationing Regulations for the Virgin Islands), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1315.15 issued under Pub. Law 671, 76th Cong., as amended by Pub. Laws 89, 421 and 507, 77th Cong.; E.O. 9125, 7 F.R. 2719; WPB Dir. 1, 7 F.R. 562, Supp. Dir. 1-Q, 7 F.R. 9121; 2nd Rev. Gen. Order 21, 8 F.R. 9243.

[2] 8 F.R. 3783.

SEC. 1.2 *Effect on other ration orders.* This order shall not be construed to permit any act which would be in violation of any other ration order issued by the Office of Price Administration.

ARTICLE II—DEFINITIONS

SEC. 2.1 *Definitions.* (a) For the purpose of this order:

(1) "Acquire" means to accept a transfer.

(2) "Board" means a War Price and Rationing Board established by the Office of Price Administration.

(3) "Bus" means any motor vehicle, other than a station wagon or suburban carryall, built or rebuilt primarily for the purpose of carrying passengers, licensed by a Municipality of the Virgin Islands to carry passengers for hire, and having a rated seating capacity of eight or more persons.

(4) "Certificate", unless the context requires otherwise, means a certificate issued by the Office of Price Administration authorizing the acquisition of any tire or tube.

(5) "Consumer" means any person who holds or acquires a tire or tube for use and not for resale.

(6) "Dealer" means any person, other than a manufacturer, engaged in the business of selling tires or tubes.

(7) "Director" means the person acting as Director of the Office of Price Administration for the Virgin Islands.

(8) "Implement tire" means a tire which has the word "Implement" or the name of a type of farm equipment, other than a tractor or combine, molded into the sidewall of the tire by the manufacturer.

(9) "Manufacturer" means any person engaged in the business of manufacturing tires or tubes.

(10) "New", as applied to tires and tubes, means a tire or tube that has been used less than 1,000 miles.

(11) "Passenger automobile" means any motor vehicle (other than an ambulance, hearse or taxicab), built primarily for the purpose of transporting persons and having a rated seating capacity of seven or less persons, including any motorcycle, station wagon or suburban carryall.

(12) "Passenger-type tire" means a tire primarily designed for use on a passenger automobile.

(13) "Person" means any individual, partnership, corporation, association, government, government agency, or subdivision, or any other organized group or enterprise.

(14) "Rubber" means any form or type of natural, reclaimed, or synthetic rubber, or other similar materials.

(15) "Serial Number" means the serial number either on the sidewall or on the inner surface of a tire or, if no such number appears on a tire, the brand name.

(16) "Tire" means any solid or pneumatic rubber tire or casing capable of being used, or capable of being repaired for use, on a passenger automobile, bus, truck or farm implement.

(17) "Transfer" means any change in right, title, interest, possession or control, including but not limited to, sale, purchase, lease, loan, trade, exchange, gift, deliver, shipment and hypothecation.

(18) "Tube" means any rubber tube capable of being used, or capable of being repaired for use, within a tire casing on a passenger automobile, bus, truck or farm implement.

(19) "Truck" means any vehicle, other than a motorcycle, built or rebuilt primarily for the purpose of transporting or hauling property or equipment, including earth-movers, roadgraders, and similar off-the-road equipment.

(20) "Used", as applied to tires and tubes, means a tire or tube that has been run 1,000 miles or more and includes all tires and tubes, other than new tires and tubes as defined in paragraph (a) (10) of this section.

(b) Where the context so requires, words in the singular shall include the plural, words in the plural shall include the singular, and the masculine gender shall include the feminine and neuter.

ARTICLE III—ADMINISTRATION, JURISDICTION AND QUOTA

SEC. 3.1 *Administration and personnel*—(a) *Personnel.* This order shall be administered by the Office of Price Administration through its War Price and Rationing Boards and such other personnel as it may select. The persons appointed to administer this order shall have such powers and duties as are herein described and as the Office of Price Administration has delegated, and may from time to time delegate.

(b) *Self interest shall disqualify officials.* No person participating in the administration of this order shall act officially in any matter arising thereunder as to which he has any interest, by reason of business connection or relationship by blood, marriage, or adoption.

SEC. 3.2. *Jurisdiction of boards.* A board shall have jurisdiction to receive and act upon applications with respect to vehicles normally stationed or garaged within the area served by the board, and to perform such functions as are granted herein or delegated to it by the Office of Price Administration.

SEC. 3.3 *Quotas*—(a) *Quota not to be exceeded by boards.* No board shall issue a certificate for the acquisition of tires or tubes in excess of its quota established by the Office of Price Administration.

(b) *Basis for board consideration.* If a board has before it eligible applications in excess of its quota, the board shall, in determining which of the competing applications are to be granted, be governed by the relative importance of each applicant to the war effort, public health, public safety or the community. The board shall base its determination upon the application for a certificate and all other information which comes to its knowledge. The board shall at all times serve the objectives sought to be accomplished by the tire rationing program and allot certificates for the most vital civilian uses and for uses essential to the war effort.

ARTICLE IV—PROOF OF NEED AND ELIGIBILITY

SEC. 4.1 *General proof of need.* No board shall grant a certificate authorizing any person to acquire a tire or tube, and no person shall accept such certificate, unless the applicant is eligible under sections 4.2, 4.3 or 4.4 and in addition meets each of the following conditions:

(a) *Immediate need.* That the tire or tube for which application is made is to equip a vehicle held for use and not for resale, and is, except where the vehicle is required by reason of the nature of its use to operate at high rates of speed:

(1) To replace a tire or tube that cannot be used or repaired for further use, but not as a result of applicant's abuse; or

(2) To replace a lost or stolen tire or tubes; or

(3) To equip a vehicle which requires tires or tubes because of alteration or reconstruction; or

(4) To replace a tire or tube delivered as original equipment upon a vehicle, if the tire or tube is not serviceable for the use to which the vehicle is to be put.

(b) *No abuse or neglect.* The Board in passing upon an application should make certain that the applicant has not in any manner abused or neglected or permitted to be abused or neglected the tire or tube which he seeks to replace. The Board may consider among other things, as evidences of tire abuse, whether the vehicle for which a certificate is sought has been operating in excess of the applicable speed limit; or for purposes not permitted by this order, or operating while overloaded or with underinflated tires.

(c) *Ply construction.* That, if the application is for a certificate for a new passenger-type tire of six or more ply construction, the vehicle upon which the tire is to be mounted cannot be operated satisfactorily in the use to which it is to be put with a tire of less than six-ply construction.

(d) *No available tire or tube.* That the applicant, other than a Federal, Insular, Municipal or foreign Government or Government agency, the American Red Cross, or a person required by reason of the nature of his services to operate a vehicle at high rates of speed, does not own or control a tire or tube other than tires or tubes mounted upon vehicles in current use (including one spare for each size wheel per vehicle) which can be used or repaired for use, in lieu of the tire or tube sought to be replaced. In computing the number of tires or tubes owned or controlled, applicant need not include tires or tubes reported on OPA Form VIR-17 or R-17 (revised).

(e) *Condition of vehicle.* If an applicant is applying for a new tire or tube he must satisfy the Board that the vehicle on which the tire or tube is to be mounted is in such physical and mechanical condition as to permit the efficient operation of said vehicle for a period of time substantially equal to the normal life of such tire or tube.

(f) *Comparative need.* That the issuance of the certificate to the applicant will not deprive other applicants of tires or tubes needed to perform functions deemed by the Board to be more essential to the war effort, public health or safety than the functions performed by the applicant.

(g) *Passenger-type tires unavailable.* That, if application is made for a truck-type tire, a passenger-type tire of suitable size is not available.

(h) *No other vehicle available.* That the vehicle for which application is made cannot be replaced by another vehicle owned or operated by the applicant, and which is already equipped with serviceable tires.

SEC. 4.2 *Eligibility—List A.* A certificate authorizing the purchase or acceptance of delivery of new or used tires or tubes, at applicant's option, may be granted, but only to the extent provided in section 4.1 (General Proof of Need) and otherwise provided in this order, to equip the following vehicles:

(a) A vehicle which is operated by a licensed physician, farm veterinary, nurse, midwife, dentist or assistant dentist, whose professional practice is to make regular calls outside his office, and which is used principally for making such professional calls.

(b) A vehicle which is operated by a regularly practicing minister of any religious faith and which is used principally in, and is necessary to the performance of his religious duties.

(c) A vehicle operated principally for one or more of the following purposes:

(1) An ambulance or hearse which is specially designed or equipped as such.

(2) Transportation of mail by or on behalf of the United States.

(3) Maintenance of fire-fighting services.

(4) Maintenance of public police services and other necessary law enforcement services engaged in the protection of the public health or safety.

(5) Maintenance of garbage disposal and other sanitation services.

(6) Transportation of students, teachers or other school employees to or from school, provided that alternative means of transportation are not adequate.

(7) Transportation of foods, farm produce and supplies to and from the farm by passenger automobile, if the applicant does not possess a truck or other practicable means of transportation.

(8) Transportation of the following persons: *Provided*, That alternative means of transportation are not adequate: workers to, from, within, or between any industrial, extractive, military, naval or hospital establishment, power generation or transmission facilities, transport or communication facilities, construction project, fishery or farm; disabled members of the armed forces to or from any hospital where their disabilities are treated.

(9) Transportation on official business of Federal, Territorial, local or foreign Government employees, or employees of the American Red Cross engaged in the performance of Government or organizational functions essential to the public health, safety, or the war effort. Any applicant hereunder who operates a privately-owned vehicle must satisfy the board that:

(i) He is a regularly employed and paid worker of the Government or Red Cross;

(ii) He is being compensated for the use of his vehicle on a mileage or similar basis;

(iii) That the services which applicant renders cannot be performed efficiently without the use of such vehicle.

(10) Transportation of members of the armed forces of the United States between residence and post of duty, or on official business, where no military vehicle is available.

(11) Transportation of persons to enable them to render construction or mechanical, structural, highway maintenance, or repair services, or to supervise and maintain agricultural production.

(d) Transportation of passengers as part of the services rendered to the public by a regular transportation system along regular routes or with regular schedules, from which the general public may obtain service upon the payment of a standard fare.

(e) Transportation of persons by taxicab.

(1) No certificate shall be issued to any taxicab under this paragraph, even though registered in the municipality as a taxicab, unless the Board is satisfied that the vehicle to be equipped is:

(i) Regularly operated as a bona fide taxicab and available to the general public as such at an established stand or call station;

(ii) Is conspicuously marked as a taxicab;

(iii) Does not cruise for the purpose of seeking fares; and

(iv) Is not used for sightseeing purposes.

(2) Taxicabs not eligible under this paragraph may be considered under section 4.3 or 4.4.

(f) A truck operated principally for one or more of the purposes stated above or for one or more of the following purposes: (1) Transportation of ice and fuel.

(2) Transportation of persons, materials and equipment for construction or for mechanical, structural or highway maintenance or repair.

(3) Transportation of freight by a common carrier furnishing services to the general public at standard rates.

(4) Transportation of raw materials, semi-manufactured goods, and finished products, including farm products, foods and supplies.

(g) Tractors, farm implements and construction equipment including earth-movers, road graders and similar off-the-road equipment for the operation of which tires or tubes are essential.

SEC. 4.3 *Eligibility—List B.* A certificate authorizing the purchase or acceptance of delivery of new or used tires or tubes may be granted, but only to the extent provided in section 4.1 (General Proof of Need) and otherwise provided in this order, to equip any other vehicle found by the Board to be essential to the community and there are no pending applications for vehicles eligible under section 4.2 (List A) above.

SEC. 4.4 *Eligibility—List C.* A certificate authorizing the purchase or acceptance of delivery of only used or recapped tires or a new or used tube may be granted at any time but only to the extent provided in section 4.1 (General Proof of Need) and otherwise provided in this order, to equip any vehicle, including animal-drawn vehicles, not included in section 4.2 (List A) above.

SEC. 4.5 *Allotments to dealers.* (a) Certificates authorizing dealers, or persons who in good faith intend to become dealers, to acquire or increase inventories of tires and tubes may be issued by the Director in such amounts as he shall determine necessary to meet the needs of essential vehicles in the Virgin Islands. The Director may refuse the allotment if granting it will in his judgment impair or defeat the effectiveness or policies of this order.

SEC. 4.6 *Turn-in tires and tubes.* (a) Except as provided in paragraph (b) of this section, applicants need not turn in tires or tubes in exchange for replacements as heretofore. Any used tire or tube owned by a dealer and previously acquired as a turn-in may be transferred, but only in exchange for a certificate authorizing such transfer. Such tires and tubes and accompanying Parts B of OPA Form R–2 shall now be reported (see section 8.4) as part of present inventories upon OPA Form VIR–17 (revised).

(b) *Trade-ins required.* An applicant who is a Federal, Insular, municipal or other Government or Government agency, the American Red Cross or a person whose services require him to operate at high rates of speed must trade in the tires or tubes which are to be replaced. The requirement of this paragraph with respect to the trading in of tires and tubes shall not apply if the applicant can establish to the satisfaction of the Board that he has no tires or tubes to turn in because they have been stolen, or if the applicant is a Government agency forbidden by law to make such disposition of Government property, or for similar reasons.

(c) *Notation on certificate.* Where the applicant is required to trade in tires or tubes under paragraph (b) above, the Board shall prior to granting the certificate make a proper notation thereon, and no dealer shall accept such certificate unless accompanied by the tires or tubes indicated thereon to be traded in.

ARTICLE V—APPLICATIONS AND CERTIFICATES

SEC. 5.1 *Applications; who may execute and file.* (a) The registered owner of a motor vehicle or his duly authorized agent having personal knowledge of the facts may file with the Board having jurisdiction an application on OPA Form R–1 (revised October 1, 1942) for a certificate authorizing the acquisition of tires or tubes; but no member or employee of the Board to which application is made and no authorized tire inspector shall act as agent of an applicant. The Board may require that principal and agent or owner and operator join in an application.

(b) *Contents of application.* Each applicant shall set forth (1) facts showing jurisdiction of the Board, (2) facts showing need and eligibility for the tires or tubes for which application is made; and (3) such additional information and commitments as may be required by the application or by the Board.

(c) *Declaration of tires.* All tires and tubes held by an applicant and capable of being used upon a vehicle eligible under sections 4.2, 4.3 or 4.4 above must be truthfully declared on OPA Form VIR–534 (revised) prescribed by the Director and filed with the Board, unless such information has already been filed. The Board shall refuse to act upon any application until such information has been truthfully and accurately filed.

(d) *Certification by applicant.* The applicant shall, in his application, state the true and complete facts required by the application or the Board to be set forth therein, and shall certify such facts. If an application is made by an agent, both the principal and agent shall be bound by and deemed to have knowledge of all statements set forth in the application.

SEC. 5.2 *Filing of applications.* (a) Applications for certificates authorizing the acquisition of tires or tubes shall be filed with the Board having jurisdiction under section 3.2. A separate application must be filed on OPA Form R–1 (revised October 1, 1942) for each vehicle.

SEC. 5.3 *Applications by dealers.* Applications for allotments to dealers shall be made by the dealer, or his duly authorized agent, in writing to the Director and shall set forth such information as the Director may require in order to provide for the needs of essential vehicles in the Virgin Islands.

SEC. 5.4 *Certification by inspector prior to filing of application—(a) Inspection of tires and tubes.* No person may file an application for a certificate and no such application shall be considered by a Board, until an Inspector authorized and appointed by the Director has currently inspected the tires or tubes to be replaced and has executed and signed the "Certification by Inspector" contained in OPA Form R–1. This paragraph shall not apply when application is made to acquire a tire or tube necessary to equip an altered or reconstructed vehicle, or a vehicle not equipped with the number of tires permitted in section 4.1 (d), or to replace a lost or stolen tire or tube.

(b) *Thorough inspection required.* No inspector may certify on OPA Form R–1 any fact concerning the condition of a tire or tube unless he has made adequate inspection to determine such fact.

(c) *Compensation to inspector.* No inspector may charge more than twenty-five cents (25¢) per vehicle for replacement inspection, except that sums not in excess of those set forth in the following schedule may be paid the Inspector or to any other person for their service in removing and replacing a tire when such service is necessary for inspection purposes:

Type of tire:	*Maximum fee*
Passenger car tires, each	$0.50
½ ton truck tires, each	.50
Larger than ½ ton truck tires, each	1.00
Additional charge for removing inside dual truck tires, each	.50

SEC. 5.5 *Investigation of facts by Boards—(a) Power of the Board.* Before issuing a certificate the Board may require such assurances and proof of such facts as it may deem necessary to determine whether an applicant should be issued a certificate. For this purpose the Board may make inquiries and investigations and may require an applicant to appear in person or by agent at the office of the Board at a designated time and supply such additional evidence and information and furnish such records and affidavits as may relate to the application.

(b) *Additional information.* If the applicant is applying for new tires or tubes to be mounted on a vehicle which has less than the number of tires and tubes permitted by section 4.1 (d) and which he has purchased or contracted to purchase, the Board shall require him to submit together with his application an affidavit from the vendor of the vehicle stating in full reasons why the vehicle is not equipped with a sufficient number of tires or tubes. The Board must be satisfied from such an affidavit before it may grant a certificate that the vendor is not responsible for the lack of a sufficient number of tires or tubes for such vehicle.

SEC. 5.6 *Notation of reasons for action.* (a) Whenever the Board acts upon an application, it shall note the reasons for its action upon the application. If the application is granted, the number and type of tires or tubes shall be noted upon the application; and if the applicant is required to trade in tires or tubes (see section 4.6) the number, type and serial numbers of the trade-in tires and the number and size of the trade-in tubes shall be noted on the application and upon the certificate.

SEC. 5.7 *Form of certificates to be issued—(a) By a Board.* The Board may issue to an applicant who has established need and eligibility under this order a certificate on OPA Form R–2 authorizing an applicant to acquire new tires or tubes. A separate certificate shall be issued for tires and tubes.

(b) *By the Director.* The Director may issue Parts B of OPA Form R–2 for allotments to dealers or to persons who in good faith intend to become dealers.

SEC. 5.8 *Certificate non-transferable.* No certificate or any part thereof may be transferred except as authorized by this order or by the Office of Price Administration, or in exchange for tires or tubes.

SEC. 5.9 *Execution and issuance of certificate—(a) Execution of certificates.* It shall be the responsibility of the Board prior to issuing any certificate to fill in Parts A and B of the certificate setting forth the information required and, if trade-ins are required, to make the proper notation thereon (see sections 4.6 and 5.6). It shall also be the responsibility of the Board to indicate on Parts C and D of the certificate the number of the Board and its address. No certificate shall be valid unless Part A is signed by the issuing officer of the Board, who may be either the Chairman or a member of the Tire Panel. The Board shall indicate on the certificate the exact number, type and wheel or rim size of the new tires or tubes which may be acquired in exchange for the certificate.

(b) *Issuance of certificates.* The Board shall issue the certificate by delivering or mailing it to the applicant or his agent. If the certificate to be issued by the Board is for implement tires, the Board shall mark Part B thereof "good for implement or tractor tires only."

SEC. 5.10 *Action by certificate holders—(a) Use of certificate.* A certificate properly executed and issued may be used by the person to whom it was issued within the time and for the purpose specified thereon. After the expiration date thereon, the certificate shall be void and the applicant shall surrender it to the issuing Board.

(b) *Signing of certificates.* The applicant or his agent shall sign and execute the appropriate portions of the certificate in accordance with the instructions thereon, prior to acquiring the tires or tubes specified thereon. The same person shall sign Parts B, C, and D of OPA Form R–2 where the signature of the certificate holder is required. No member or employee of the Board issuing the certificate, no authorized tire inspector, and no dealer shall act as agent of the applicant in signing Parts A, B, C or D of OPA Form R–2.

(c) *Where trade-ins required.* If the certificate bears a notation indicating that the tire or tube being replaced must be traded in (see section 4.6 (b)—Trade-ins required) the applicant shall, before acquiring from a dealer any tire or tube in exchange for the certificate, trade in the tire or tube to be replaced to such dealer, except in the case of purchase by mail. If such applicant acquires a tire or tube by mail, he shall within five days thereafter transfer the replaced tire or tube to a dealer.

SEC. 5.11 *Action by suppliers.* (a) In cases where the certificate bears a notation indicating that the applicant is required by section 4.6 to turn in tires or tubes, no dealer shall transfer any tire or tube pursuant to the certificate until the applicant has turned in to him the tires or tubes to be replaced, except in the case of purchase by mail.

(b) *Certificate to be completed.* No dealer shall transfer tires or tubes to a consumer until both he and the applicant have properly signed and executed the certificate in accordance with the instructions thereon.

(c) *Delivery pursuant to certificate.* If the foregoing requirements have been fulfilled, the dealer to whom the certificate has been surrendered, shall deliver to the person indicated thereon, or to his agent, no more than the exact number, type and wheel or rim size of tires or tubes set forth on the certificate.

SEC. 5.12 *Splitting of certificates.* The holder of a certificate or part of a certificate who is unable to acquire from one supplier all the tires or tubes which he has been authorized to acquire may return the certificate to the issuing Board and the Board shall thereupon cancel the returned certificate and issue as many certificates as are necessary to permit the acquisition of such tires or tubes from several suppliers.

SEC. 5.13 *Refusal of certificate.* If a Board or other agent designated by the Office of Price Administration finds after due notice and hearing that an applicant has violated any provision of this order or of Ration Order No. 8 (Gasoline Rationing Regulations for the Virgin Islands), the Board may refuse to issue a certificate to the applicant and may declare that he shall not be eligible to receive a certificate for such period of time as it shall deem appropriate in the interest of the public health, safety, or the war effort, subject to review as provided in section 8.2. In such case, the Board or such other agent shall serve upon the applicant a written statement of the grounds upon which the certificate was refused and the period for which he is declared ineligible.

ARTICLE VI—PROHIBITED AND PERMITTED TRANSACTIONS

SEC. 6.1 *Prohibitions.* Notwithstanding the terms of any contract, agreement or other obligation, regardless of when made, no person, unless permitted by this order or by an order, authorization or regulation issued by the War Production Board, shall:

(a) Make or offer to make, accept or offer to accept, or solicit a transfer of any usable tire or tube as defined herein;

(b) Use, alter, or change the physical location of any such tire or tube; or

(c) Mount any such tire or tube upon a wheel or rim.

SEC. 6.2 *Mounting or use of tires and tubes*—(a) *Generally.* Any person may change the physical location of, use or mount usable tires or tubes as defined herein which were owned and physically possessed by him prior to October 1, 1942, or acquired on certificate issued by a Board or a receipt, provided no change in ownership, possession or control occurs, and provided further that such tire or tube has been declared as required by section 5.1 (c).

(b) *By dealers.* A dealer shall not mount or use tires or tubes taken from his stock upon a vehicle owned by him unless he has obtained a certificate authorizing such mounting or use.

SEC. 6.3 *Transfers to certificate holders*—(a) *By dealers.* A dealer may, in exchange for a certificate, transfer new or used tires or tubes to the holder of such certificate or his duly authorized agent, *Provided*, That no new tire or tube shall be transferred unless the certificate clearly and plainly so specifies.

(b) *No tire in stock.* A dealer who does not have in stock a tire or tube ordered by a certificate holder may, with such holder's permission, transfer the replenishment portion of a certificate or receipt to a supplier and obtain the number of tires or tubes authorized thereby for transfer to such holder.

(c) *Recappable tires or tires requiring repair.* A dealer but no other person may transfer to a certificate holder in exchange for a certificate a usable tire even though such tire is in need of repair or is capable of being recapped.

SEC. 6.4 *Dealer transfers*—(a) *Changes in location.* A manufacturer or dealer may change the location of new tires or tubes within a single establishment or the location of the establishment itself, including the entire stock of tires or tubes contained therein; *Provided*, That no change in ownership, possession or control occurs.

(b) *Tires or tubes*—(1) *Restrictions on transfer of Parts B.* No person shall transfer Part B of OPA Form R–2 and no person shall accept such transfer, unless the transferor first endorses his name and address thereon. A supplier may, without endorsement, return a Part B to the dealer from whom he received it, if he is unable to supply the new tires or tubes specified thereon.

(2) *Premitted replenishment of tires or tubes.* Any dealer may, in exchange for a properly endorsed replenishment portion (Part B) of a certificate or receipt, transfer to another dealer the exact number, type and wheel or rim size of new or used tires or tubes as the case may be, authorized by the certificate or receipt. A dealer may also replenish his stock from suppliers in Puerto Rico or in the continental United States.

(3) *Transfers by dealers without certificates.* Any dealer may, without certificate, transfer tires or tubes to his supplier only for the following purposes:

(i) To return tires or tubes of a size, type or quality other than that ordered by him, and his supplier may, without certificate, transfer to him in exchange therefor tires or tubes of the wheel or rim size, type or quality ordered;

(ii) To effect adjustments between the dealer and his supplier pursuant to a contract or sales agreement.

(c) *Transfer or dealer's business.* Any dealer may, without certificate, transfer as a unit his entire stock of tires or tubes together with any replenishment portions (Part B) of certificates or receipts to other dealers who may acquire such stock for resale: *Provided*, That the transferor shall file a statement, containing the name and address of the transferee and an inventory of the tires, tubes and replenishment portions (Part B) to be transferred, with the Director at least ten (10) days before making such transfer.

(d) *Transfer to dealer's warehouse.* Any dealer may, without certificate, transfer tires or tubes for the purpose of storage to any warehouse owned or operated by him if no change in ownership or control of such tires or tubes is thereby effected. Any dealer may, without certificate, withdraw the tires or tubes stored in such warehouse.

SEC. 6.5 *Acquisition for retransfer purposes*—(a) *Persons who may acquire.* Tires or tubes may be acquired, without certificate, in the following cases:

(1) *Exercise of governmental rights or powers.* The United States or the Government of the Virgin Islands may acquire from any person any tire or tube in the exercise of governmental rights or powers against such tire or tube.

(2) *Judicial process.* Any person may acquire any tire or tube pursuant to judicial process or under the supervision of a court of competent jurisdiction.

(3) *Salvage.* A person who is engaged principally and primarily in the business of adjusting losses, or reconditioning and selling damaged commodities, and who takes possession of such commodities on the occurrence or imminence of casualties, or in direct connection with the adjustment of losses resulting from such casualties, may acquire any tire or tube that has been damaged or that is in imminent danger of being damaged or destroyed.

(4) *Subrogation upon payment of claim.* A common or contract carrier or any person duly authorized by law to engage in the insurance business may acquire any tire or tube in consequence of the right of subrogation or in consequence of the payment of a claim.

(5) *Security transfers.* The Government of the Virgin Islands, the United States or any agency thereof, or any person duly licensed to engage in the business of making loans upon collateral and regulated in conducting such business may, without certificate, acquire tires or tubes for security purposes and may, without certificate, transfer such tires or tubes to the debtor upon release or extinguishment of the debt so secured. Any person may, without certificate, acquire a lien created by operation of law on tires or tubes and may satisfy or release such lien. Such security interest or lien may be enforced in the manner provided by applicable laws, and subject to the provisions of this section, transfers necessary to such enforcement may be made.

SEC. 6.6 *Transfers without certificates, special authorization or notice*—(a) *Transfers to Defense Supplies Corporation.* A person may, without certificate, transfer tires or tubes to the Reconstruction Finance Corporation or any representative designated to receive tires or tubes on its behalf.

(b) *Changes in location.* Any person other than a dealer may, without certificate, change the location of tires or tubes if no change in ownership, possession or control results.

(c) *By persons to a dealer.* A person, other than a dealer or manufacturer, may, without certificate, transfer tires or tubes to a dealer.

(d) *Transfers on vehicles.* A person may, without certificate, transfer a tire or tube as part of the equipment of a vehicle provided such transfer is not prohibited by any order or regulation issued by the Office of Price Administration or the War Production Board.

(e) *Transfers for repair, mounting or inspection.* A person may, without certificate, temporarily transfer tires or tubes to any person engaged in the business of repairing tires or tubes, for purposes of inspection, mounting or repair, and may, without certificate, acquire such tires or tubes after such mounting, repair or inspection.

(f) *Return of lost or stolen tires or tubes.* A person may, without certificate, transfer tires or tubes which have been lost, stolen or otherwise wrongfully or mistakenly acquired to the person rightfully entitled thereto.

(g) *Exchange of new tires or tubes.* A consumer who in exchange for a certificate acquires any new tire or tube that is of a size or type different from that ordered may, without certificate, but only within 30 days after its acquisition, exchange it with the transferor for the size or type ordered, if such tire or tube has not been used by the person.

(h) *Trade-in of tires or tubes to be replaced.* A person holding a certificate authorizing the purchase of a tire or tube which bears a notation indicating that he is required to trade in the tire or tube being replaced, shall transfer such tire or tube being replaced to a dealer. The dealer may thereafter transfer such traded-in tire or tube only in exchange for a certificate; he may, however, retain and use the accompanying Part B for replenishment purposes.

(i) *Transfers for recapping.* (1) A person may transfer a tire to a dealer for recapping service but only if accompanied by a certificate authorizing the purchase of a used tire, a recapped tire or recapping service.

(2) A dealer may transfer a tire for recapping to a recapper if accompanied by Part B of a certificate authorizing the purchase of a used or recapped tire or recapping service, and the recapper may transfer a used or recapped tire or recapping service in exchange for such Part B.

(j) *Transfers to and from carriers.* A person may, without certificate transfer tires or tubes to a common or contract carrier for shipment, and such tires or tubes may be transferred by such carrier to the consignee in the regular course of business.

(k) *Change overs.* A dealer may transfer new tires or tubes to a rebuilder or dealer in vehicles in exchange for new tires or tubes mounted on a new or rebuilt vehicle as part of its original equipment, upon authorization in writing from the Director or Assistant Director.

(l) *Temporary transfers, mounting and use of tires and tubes.* Any person may, for a period not to exceed 24 hours, temporarily transfer without certificate a tire or tube to be mounted and used on a passenger automobile, truck or bus, but solely as an emergency aid in removing such passenger automobile, truck or bus from the highway.

SEC. 6.7 *Transfers to certain Government agencies*—(a) *Transfers.* A person may transfer tires or tubes to or for the account of the Army, Navy, Marine Corps, or Coast Guard of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, but not to or for the account of any officer, member, or employee of any of the foregoing for use on a privately owned vehicle, regardless of the extent to which such vehicle is used on official business, nor to or for the account of any post exchange, ships' service store, commissary, or similar agency or organization, except for use on vehicles operated by it.

(b) *Receipt.* A dealer who makes any transfer pursuant to paragraph (a) shall obtain a receipt from the purchaser upon OPA Form R–12 (Revised).

ARTICLE VII—OTHER PROHIBITED ACTS

SEC. 7.1 *Offenses*—(a) *Mutilation and forgery of certificates.* No person shall without lawful authority wilfully deface, mutilate, or destroy any certificate, receipt, authorization (whether issued or unissued), or any part thereof, and no person shall counterfeit or forge any such instrument or any part thereof.

(b) *Illegal transfer of certificates.* No person shall transfer or assign and no person shall accept any transfer or assignment of any certificate, receipt, authorization (whether issued or unissued), or any part thereof, except in accordance with the provisions of this order.

(c) *Illegal use and possession of certificates.* No person shall use, possess, or control any certificate, receipt, authorization, or any part thereof, except the person or the agent of the person to whom such certificate, receipt, authorization (whether issued or unissued), or any part thereof, was issued or by whom it was acquired in accordance with the provisions of this order.

(d) *Possession of forged certificates.* No person shall without lawful authority transfer or accept a transfer of or have in his possession or under his control any forged, altered, or counterfeited certificate, receipt, authorization (whether issued or unissued), or any part thereof.

(e) *Illegal possession or use of tires.* No person shall possess, use or permit the use of any tires or tubes acquired in violation of this order, and no person shall possess, use or permit the use of tires or tubes acquired under this order for any purpose other than one for which a tire or tube may be obtained under this order.

(f) *Abuse of tires.* No person shall, without lawful authority, abuse, damage or neglect any tire or tube in his possession or control.

(g) *Speed limitation.* No person shall use or permit the use of tires or tubes in the operation of a motor vehicle at any rate of speed in excess of the applicable speed laws. This restriction shall not apply to the operation of a motor vehicle by the Army, Navy, Marine Corps, Coast Guard or where necessary to meet an emergency involving serious threat to life, health, or safety: *Provided*, That this paragraph shall not be construed to authorize any such motor vehicle to be driven at a rate of speed in excess of that which is reasonable under the circumstances.

(h) *Declaration of tires.* No person shall use or permit the use of tires or tubes on a rubber-borne vehicle unless he has declared all tires and tubes held by him as required in section 5.1 (c).

(i) *Illegal use of gasoline.* No person shall use or permit the use of tires or tubes upon a motor vehicle for which gasoline has been obtained in violation of Ration Order No. 8 or for which gasoline or other fuel is used in violation of that order.

(j) *False statements.* No person shall, in any application, record, report, certificate or other document made pursuant to or required by the terms of this order, make any untrue statement of any fact, or omit to state any fact required to be stated therein or necessary to make the statements therein not misleading.

(k) *Attempts.* No person shall solicit, offer, attempt, or agree to do, either directly or indirectly, any act in violation of this order.

(l) *Discrimination by dealers.* Except as otherwise provided in this order, no dealer shall discriminate in the transfer of tires or tubes among any consumers lawfully entitled to acquire tires or tubes under the provisions of this order by selling only to favored consumers or classes of consumers or only to regular customers, or by refusing to sell to others who are entitled to acquire tires or tubes under the provisions of this order.

ARTICLE VIII—RECORDS AND REPORTS

SEC. 8.1 *Posting names of successful applicants.* Following each Board meeting, a list of the names of the recipients of certificates for new tires and tubes issued since the previous meeting shall be posted at the Office of Price Administration for public inspection and shall be released to the press. This requirement shall not apply to certificates issued to Army, Navy or government intelligence officers whose work requires secrecy.

SEC. 8.2 *Disposition of parts of certificates and receipts*—(a) *Certificates or receipts for tires or tubes.* A transferor of tires or tubes to whom a certificate is surrendered by an applicant, or who receives an OPA Form R–12 receipt shall complete all the parts thereof and dispose of them as follows:

(1) Part A—Part A of OPA Form R–2 shall be retained by the transferor as his record; Part A of OPA Form R–12 shall be sent to the Director within three days from the end of each calendar month in which deliveries have been made.

(2) Part B—Parts B not used for replenishment must be retained by the dealer as his record.

(3) Part C—Part C of OPA Form R–2 shall within three days of the date of transfer of the tires or tubes, be sent to the issuing Board which shall retain it as its record. Part C of OPA Form R–12 shall be retained by the transferor as his record.

(4) Part D—Part D of OPA Form R–2 and OPA Form R–12 shall be retained by the transferee as his record.

(b) *By manufacturers' outlets.* Every manufacturer keeping a stock of tires or tubes upon premises located within the Virgin Islands pursuant to authorization of the Office of Price Administration, Washington, D. C., or the individual designated as his agent to be responsible for such stock of tires or tubes, shall at the end of each month surrender to the Director or Assistant Director, along with the monthly inventory report required by section 8.4, all replenishment portions (Parts B) of certificates received during the month for which such report is made.

SEC. 8.3 *Records to be kept by dealers.* (a) Each dealer shall preserve and maintain for inspection by the Office of Price Administration a file of all Parts A of OPA Form R–2 and Parts C of OPA Form R–12 which he has received and which must be completely filled out.

SEC. 8.4 *Records to be filed by dealers—*(a) *Transfer of dealer's business.* A transferor of a dealer's business under section 6.4 (c) shall file with the Director at least ten (10) days before making such transfer a statement setting forth the name and address of the person to whom such business is to be transferred and an inventory of all tires, tubes and Parts B involved in such transfer.

SEC. 8.5 *Inventories of sellers of tires and tubes or vehicles.* Every person engaged in the business of selling or holding for sale tires, tubes or vehicles, and every person extending credit to another upon the security of a vehicle under an agreement permitting the creditor to take possession of the vehicle shall:

(a) At the close of business on the last day of each month take an inventory of all unmounted tires and tubes in his possession or control, including all tradeins acquired by him prior to the effective date of this order and accompanying Parts B (see section 4.6), and keep a record thereof. Such inventory shall be based upon a physical count.

(b) File a report on OPA Form VIR–17 in accordance with the instructions thereon for the month ending March 31, 1944, and monthly thereafter, setting forth all unmounted tires and tubes in his possession or control on the last day of such month, including all turn-ins or trade-ins acquired by him and accompanying Parts B, and all transfers of tires and tubes made during such month. Transfers permitted by section 6.6 (e) relating to transfers for repair, mounting or inspection need not be recorded hereunder. A separate report for each establishment where tires or tubes are located, whether such establishment is used for sale or storage, shall be filed with the Director or Assistant Director on or before the fifth day of the succeeding month.

ARTICLE IX—APPEALS

SEC. 9.1 *Decision of Board.* After acting upon an application the Board shall, within three (3) days, notify the applicant of its decision and, if the application is denied in whole or in part, shall state the reasons for its decision.

SEC. 9.2 *Who may appeal.* Any applicant for a certificate, part of a certificate, or authorization, whose application has been denied in whole or in part by the action of a Board, may appeal from such action to the Director.

SEC. 9.3 *Procedure.* An appeal shall be taken only in accordance with the provisions of Procedural Regulation No. 9, and amendments thereto, issued by the Office of Price Administration.

ARTICLE X—ENFORCEMENT

SEC. 10.1 *Criminal prosecutions.* (a) Any person who knowingly falsifies an application or any other record, report or certificate made pursuant to or required by the terms of this order, or who otherwise knowingly furnishes false information to a Board, inspector, or any other agent, employee or officer of the Office of Price Administration, or falsifies or conceals or covers up by any trick, scheme or device a material fact, or makes or causes to be made any false or fraudulent statements, or representations, in any matter within the jurisdiction of the Office of Price Administration, may upon conviction be fined not more than $10,000 or imprisoned for not more than ten years, or both, and shall be subject to such other penalties or action as may be prescribed by law. Any person who conspires with another person to perform any of the foregoing acts or to violate any provision of this order may upon conviction be fined not more than $10,000 or imprisoned for not more than two years, or both, and shall be subject to such other penalties or action as may be prescribed by law.

(b) Any person who wilfully performs any act prohibited, or wilfully fails to perform any act required, by any provision of this order, may upon conviction be fined not more than $10,000 and imprisoned for not more than one year, or both, and shall be subject to such other penalties or action as may be prescribed by law.

SEC. 10.2 *Suspension orders.* Any person who violates this order may by administrative suspension order be prohibited from receiving any transfers or deliveries of, or selling or using or otherwise disposing of any tires, tubes, or gasoline in accordance with the provisions of Procedural Regulation No. 4 and amendments thereto, issued by the Office of Price Administration.

Effective date. Revised Ration Order No. 1C shall become effective as of May 1, 1944.

Issued this 13th day of May 1944.

JACOB A. ROBLES,
Territorial Director,
Virgin Islands.

Approved:

JAMES P. DAVIS,
Regional Administrator.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[MPR 364,[1] Amdt. 18]

FROZEN FISH AND SEAFOOD

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 364 is amended in the following respects:

1. Section 2 is amended by inserting after the sentence "If the processor freezes the fish or seafood in any place other than that port where the species is landed ex-vessel or shipped in by a producer, he may add as transportation allowance to the listed base price the actual per pound transportation cost, not to exceed the carload rail freight rate per pound for fresh fish, where such rate is available, from the port of entry to the freezing point, excluding any charges for local trucking, hauling and handling." the sentence "However, no such transportation allowance may be added to the base price listed for Schedule No. 11 (g) (Petrale sole—Pacific), 17 (Lingcod—Pacific), 40 (Dover sole), 40A (English sole), 40B (Sand sole), 40C (Turbot sole), 62 (Flounder—Pacific) or 67 (Rex sole), if any of these varieties has been landed fresh ex-vessel at any of the following ports of entry in California: Half Moon Bay, Point Reyes, Bodega Bay, Crescent City, Trinidad or Shelter Cove, and it is frozen in California, Washington or Oregon."

2. That part of section 3 (b) preceding 3 (b) (1) is amended to read as follows:

(b) *Net cost.* The wholesaler's "net cost" is the amount he paid for the particular item of frozen fish or seafood delivered at his established place of doing business, plus or minus any package differentials listed in section 13, less all discounts allowed him except the discount for prompt payment, and excluding any charges for local trucking, hauling and handling. Except that for sales of halibut, the wholesaler's "net cost" shall not exceed the lowest amount determined by the application of this paragraph of section 3 (b) and subparagraph (1) of this section 3 (b). After May 31, 1944, in the case of sales of frozen fish listed in Schedule Nos. 11 (g) (Petrale sole—Pacific), 17 (Lingcod—Pacific), 25 (Red cod—Pacific Coast), 40 (Dover sole), 40A (English sole), 40B (Sand sole), 40C (Turbot sole), 61 (True cod), 62 (Flounder—Pacific) and 67 (Rex sole) in the table of base prices in section 14, and after May 19, 1944, in the case of sales of any other frozen fish or seafood listed in the table of base prices in section 14, the wholesaler's "net cost" must not exceed the sum of the following: (1) the base price listed for the species in the table of base prices in section 14 on May 20, 1944, plus or minus (2) any package differentials listed in section 13 added or subtracted by previous handlers of the fish or seafood, plus (3) allowable transportation costs added by previous handlers of the fish or seafood, plus (4) the appropriate mark-up allowed his supplier in section 3 (d) (1) if his supplier is a primary wholesaler, plus or minus (5) any package differentials listed in section 13 for packaging changes, if any, made by the wholesaler, plus (6) allowable transportation costs for delivery of the frozen fish or seafood to the established place of doing business of the wholesaler from his supplier's place of business, exclusive of local trucking, hauling and handling. Any wholesaler who buys frozen fish or seafood and processes it by a style of processing for which a price is listed in the table of base prices in section 14 may include as part of his "net cost" the difference between the price listed in the table for the frozen fish or seafood in the condition in which it is purchased by the wholesaler and the price listed in the table for the fish or seafood in the condition it is after processing by the wholesaler.

3. Section 3 (d) (5) is amended to read as follows:

(5) *Broken lots.* An allowance of 10 percent may be added to the mark-up for the classes of sales specified in the regulation by a processor or wholesaler who sells frozen fish or seafood, other than fillets or steaks, in broken lots to retailers or purveyors of meals: *Provided,* That no such allowance may be added for fish or seafood sold or delivered from the place where it has been frozen. A sale of a broken lot of fish or seafood is a sale of a partial lot of fish or seafood which the processor or wholesaler has broken or separated from the original content of the immediate container in which the product had been packed by the processor and which partial lot the processor or wholesaler sells and delivers to a customer apart from the remainder of the original content of the immediate container.

4. In the table of base prices in section 14, Schedule Nos. 11 (g), 17, 25, 40, 40A, 40B, 40C, 61, 62, and 67 are amended to read as follows:

has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 507 is amended in the following respects:

1. Section 5 is amended to read as follows:

SEC. 5. *Prices which you must post.* At all times, you must have your current selling price for each item covered by this regulation clearly shown at the place where you offer the item for sale. Of course, this posted price must never exceed your ceiling price.

2. A new section 12 (a) is added to read as follows:

(a) Effective May 25, 1944, this regulation requires that the year 1943 be used as the basis for figuring your annual gross sales instead of the year 1942. If you find that as a result of that change, your store is in a different group from the one it was in before, you must, by the opening of business on Thursday, June 15, 1944, refigure all of your ceiling prices. You must use as your "net cost" the same "net cost" you would have used in refiguring your ceiling price on that Thursday under section 3 of this regulation.

3. A new section 12a is added to read as follows:

SEC. 12a. *Delegation to Regional Administrator for Region VIII.* The Regional Aministrator for Region VIII may, by order, fix cents-per-pound mark-ups over "net cost" for sales by retail stores, retail route sellers and wagon retailers of those species of fresh fish and seafood for which no mark-ups have been established in Maximum Price Regulation No. 507 and for which the Regional Administrator, under the authority of section 20 (a) of Maximum Price Regulation No. 418,[1] has by order fixed maximum prices for sales at other levels of distribution: *Provided, however,* That the mark-ups so established shall not exceed those generally prevailing during 1942.

The Regional Administrator for Region VIII shall issue with each order an opinion setting out that the above conditions have been satisfied. Each order shall include all of the provisions of general applicability in Maximum Price Regulation No. 507. Any order issued pursuant to this section shall apply to the area designated by the Regional Administrator, but in no event shall the order extend beyond the limits of Region VIII.

4. In section 17 (c), the date June 24, 1944, is substituted for the date March 1, 1944.

5. Section 18 is amended to read as follows:

SEC. 18. *Applications for adjustment.* Any Regional Office of the OPA, or such offices as may be authorized by order issued by the appropriate Regional Office, may act on all applications for adjustment under the provisions of this regulation, and may deny any application filed under section 17 or revoke any order granting adjustment under that section if denial of such application would not cause the applicant a substantial financial hardship. Applications for adjustment are governed by Revised Procedural Regulation No. 1.[1]

6. Section 19 is amended to read as follows:

SEC. 19. *How you find the "annual gross sales" of your store.* (a) To find your "annual gross sales", take your total sales for the calendar year 1943. Include all sales as shown on your books, except sales by a restaurant in conjunction with your store. You can use your Federal Income Tax Return to get your gross sales for all or part of the calendar year 1943 which is covered by such return. If you own more than one store, figure the sales for each store separately, treating each as a separate retailer.

(b) If you were not in business during the entire year 1943, you must divide your total sales from the time you began operation up to January 26, 1944, by the number of weeks you were in business. This will get you your weekly average sales. Multiply the figure by 52, and the result is your "annual gross sales".

7. In section 20 (b), the first sentence is amended to read as follows: "If you open a retail store after January 26, 1944, you may consider yourself a Group 1 store if you are an 'independent' store, or a Group 3 store if you are not an 'independent' store."

8. In section 26, Table A is amended to read as follows:

PART 1381—SOFTWOOD LUMBER

[RMPR 161,[1] Amdt. 13]

WEST COAST LOGS

A statement of considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 161 is amended in the following respects:

1. Section 1381.152 is amended to read as follows:

§ 1381.152 *What logs are covered.* This regulation covers under the name of "West Coast Logs" all logs produced in those parts of Oregon, Washington and Canada, West of the crest of the Cascade Mountains and in Skamania and Klickitat counties in Washington and Hood River and Wasco in Oregon, of the following species: Douglas fir (Pseudotsuga taxifolia), western hemlock (Tsuga merstensiana, Tsuga heterophylla), Sitka spruce (Picea sitchensis), western white fir (Abies grandis, Abies amabilis, Abies magnifica, Abies lasiocarpa), noble fir (Abies nobilis), western white pine (Pinus monticola), western red cedar (Thuya plicata), and ponderosa pine (Pinus ponderosa).

2. Section 1381.153 (e) (3) is amended to read as follows:

(3) Columbia River District consists of the counties of Wahkiakum, Cowlitz, Clark, Skamania and Klickitat in Washington and Benton, Clackamas, Clatsop, Columbia, Hood River, Linn, Marion, Multnomah, Polk, Wasco, Washington, and Yamhill counties in Oregon.

3. Section 1381.154 is amended by the deletion of the item "Ponton logs" from Table A and of "Aircraft Grade" from Table F, together with the corresponding prices in the tables.

4. Section 1381.154 is amended by the addition of a new Table K to read as follows:

TABLE K—PONDEROSA PINE

	Puget Sound District	Willapa Bay-Grays Harbor District	Columbia River District	Southern Oregon-Tillamook District
No. 1	$27.00	$27.00	$27.00	$25.00

No. 3	19.00	19.00	19.00	17.00
Camp-run (ungraded)	19.00	19.00	19.00	17.00

5. Appendix A, section (a) *Grading rules,* is amended by the deletion of the grade descriptions headed "Douglas Fir Ponton Logs" and "Aircraft Grades—Noble Fir and Hemlock", and by the addition of the following sentence at the conclusion of the paragraph headed "Other Species". Ponderosa pine logs shall be scaled and graded on the basis of the above rules for hemlock logs.

This amendment shall become effective May 18, 1944.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[RO 5C,[1] Amdt. 122]

MILEAGE RATIONING: GASOLINE REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 5C is amended in the following respects:

1. Section 1394.8206a (a) is amended to read as follows:

(a) Every licensed distributor, who handles gasoline in such a manner as to be required by § 1394.8218 (a) to remit a ration check with his State tax report, shall, on and after January 27, 1943, open at least one account, in the manner provided by General Ration Order No. 3A. If a licensed distributor has more than one place of business he may open a separate account for each place of business or any group of places. In addition, a licensed distributor may open an account in connection with the operation of any accounting office maintained by him. An account for a facility of a licensed distributor may be opened and maintained either in the name of such licensed distributor or in the name of the consignee or other person who has charge of the operation and management of such place of business, provided the signature card of such account shows the name and address of the licensed distributor who furnishes gasoline to such place of business.

2. Section 1394.8206b (a) (5) is revoked.

This amendment shall become effective May 17, 1944.

cept as provided in §§ 1394.5318 (b) and 1394.5353 (a) (1);"

2. Section 1394.5318 (b) is added as follows:

(b) On or after May 15, 1944, a ration may be issued for fuel oil burning equipment designed to furnish domestic hot water even though there is available for this purpose central heating or cooking equipment, using an alternate fuel. In that event, the allowable ration determined in accordance with paragraph (a) of this section, shall be for a period ending not later than September 30, 1944.

3. Section 1394.5353 (a) (1) is added as follows:

(1) On or after May 15, 1944, a ration may be issued for fuel oil burning equipment designed for domestic cooking even though there is available a standby facility which can be used as a substitute for such equipment. In that event, the allowable ration for domestic cooking shall be the amount of fuel oil needed (within the maximum provided in paragraph (b) of this section) for a period ending not later than September 30, 1944.

This amendment shall become effective on May 15, 1944.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 3,[1] Amdt. 17]

SUGAR

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Revised Ration Order 3 is amended in the following respects:

1. Section 1407.71 (a) is amended by deleting the second sentence and inserting in place thereof the following: "However, a consumer may not obtain, during the 1944 home canning season (March 1, 1944 to February 28, 1945), ration coupons for more than twenty pounds of sugar".

2. Section 1407.71 (b) is amended to read as follows:

(b) *When application may be made.* Each District Office shall fix two periods during which consumers who live within the district may apply for sugar to be used, during the 1944 home canning season, for the purposes covered by this section. The times when such periods shall begin and end for any district will be determined in the discretion of the District Office.

3. Section 1407.71 (c) is amended to read as follows:

(c) *Application and issuance during the first period.* (1) A consumer may apply, during the first period fixed by the District Office, in person or by mail, on OPA Form R–323, for the sugar he needs for the purposes covered by this section, but not for more than ten pounds. Application shall be made to the Board for the place where the applicant lives. One application may be made covering more than one consumer, if they all live at the same address, but the name of each shall be listed on the application. (The consumer signing the application must, however, be authorized to apply for each person he lists.) The applicant shall give the information required by OPA Form R–323 and shall attach to his application Spare Stamp No. 37 from the War Ration Book Four of each consumer on whose behalf the application is made. (Since each "ration coupon" authorizes the delivery of five pounds of sugar, application for each consumer must be made for either 5 or 10 pounds of sugar.) If the Board finds that the facts stated in the application are true and that a Spare Stamp No. 37 for each person for whom application is made is attached thereto, it shall grant the application in the amount needed for the purpose specified in paragraph (a), but not to exceed ten pounds per person. It shall issue "ration coupons" for the amount of sugar granted.

4. Sections 1407.71 (d) and 1407.71 (e) are redesignated §§ 1407.71 (e) and 1407.71 (f), respectively, and a new § 1407.71 (d) is added to read as follows:

§ 1407.71 (d) *Application and issuance during the second period.* (1) A consumer who has not obtained, during the 1944 home canning season, ration coupons (or other evidences) under this section and who needs sugar for the purposes covered by this section, may apply for such sugar to the Board, during the second period fixed by the District Office, on OPA Form R–323. The application shall be made in the same way as one made under paragraph (c) and the Board shall grant the application under the same conditions as set forth in that paragraph, except that the consumer may apply for and the Board may issue ration coupons in an amount not to exceed twenty pounds per person.

(2) A consumer who, during the 1944 home canning season, has obtained from the Board ration coupons (or other evidences) under this section for less than twenty pounds of sugar, and who needs sugar for the purposes covered by this section, may apply, during the second period fixed by the District Office, on OPA Form R–323, at the same Board and obtain ration coupons for the additional amount of sugar he needs, up to the twenty pound maximum permitted by paragraph (a). The consumer's Spare Stamp No. 37 need not be attached to such application, but the consumer shall state on the back of the application whether he has used the coupons (or other evidences) issued him under this section in accordance with the provisions of this section, and if not, whether he still has such coupons (or other evidences) or the sugar obtained therewith. If the Board finds that the facts stated in the application are true, and that the consumer has used sugar obtained under this section in accordance with its provisions or still has the ration coupons (or other evidences) or the sugar obtained therewith, it shall grant the application and issue ration coupons, for the amount of sugar needed, subject to the twenty pound maximum provided in paragraph (a).

This amendment shall become effective May 13, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1418—TERRITORIES AND POSSESSIONS

[RMPR 183,[1] Amdt. 36]

SHOES IN PUERTO RICO

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 67 is added to read as follows:

SEC. 67. *Maximum prices for imported shoes sold or delivered in the Territory of Puerto Rico*—(a) *Definitions.* When used in this section 67, the term:

(1) "Shoes" means all types of covering for the human feet except hosiery.

(2) "Job lot" means a single purchase of a group of shoes all of which in trade terms are "seconds," "imperfects," "close outs," "sub-standards," "discontinued models" or "samples."

(3) "Shoe reference book" means a book containing the seller's descriptive entries of the shoes which he is offering for sale and the maximum prices authorized for them by this section.

(4) "Reference stock number" means the numbers employed by the manufacturer or supplier and the seller to identify a pair of shoes.

(5) A "price line of shoes" means a group of styles of footwear offered by a seller at the same price for each style in the group.

(6) "Group A" refers to all women's, misses' and growing girls' shoes which cost $3.00 or less per pair f. o. b. port of shipment and all shoes other than women's, misses' and growing girls' which cost $4.00 or less per pair f. o. b. port of shipment.

(7) "Group B" refers to all women's, misses' and growing girls' shoes which cost more than $3.00 per pair f. o. b. port of shipment and all shoes other than women's, misses' and growing girls' which cost more than $4.00 per pair f. o. b. port of shipment.

(b) *Maximum prices for imported shoes.* Except as otherwise specified in paragraph (c) a seller's maximum prices for imported shoes sold or delivered in the Territory of Puerto Rico shall be:

(1) For shoes which have been imported by the seller and which were not received as a part of a job lot, the cost per pair f. o. b. port of shipment multiplied by:

Group	Sales at wholesale	Sales at retail
A	1.25	1.60
B	1.28	1.67

(2) For shoes which have not been imported by the seller and which were not received by him as a part of a job lot, the price paid to the importer multiplied by:

Group:	*Sales at retail*
A	1.28
B	1.30

(3) For a job lot of shoes sold intact, the cost of the job lot, f. o. b. point of shipment, multiplied by 1.25. This markup may be taken only once, regardless of the number of sellers.

(4) For each pair of shoes received in a job lot, the price fixed by the seller: *Provided*, That the total of the prices charged for each pair of shoes within the job lot in which the shoes were received, shall not exceed the cost of the lot f. o. b. port of shipment multiplied by 1.25 at wholesale and 1.60 at retail on sales by importers, and the price paid to the importer multiplied by 1.28 on sales at retail by a merchant other than the importer.

(5) For shoes purchased in a job lot, part of which job lot has been sold prior to the effective date of this regulation, the price established and filed with the War Price and Rationing Boards in accordance with the requirements of the General Maximum Price Regulation.[3] The seller's maximum price for shoes from a broken job lot which cannot be established by reference to such a price list shall be a maximum price, in line with the level of maximum prices established by this regulation, as determined by the Director of the Office of Price Administration at San Juan, Puerto Rico, on application of the seller.

(c) *Duty.* On all shoes on which duty is payable, the seller may add to the price of each pair of shoes the charge for duty which he has paid on them. The duty shall not be included in the cost price either by the importer or by the retailer for purposes of computing the markup to which the seller is entitled. Sales of imported shoes at wholesale on which duty has been paid shall be so invoiced as to state the amount of duty separately from the price charged for the shoes.

(d) *Trade practices.* The markups authorized herein are gross markups which shall not be exceeded regardless of any additional, unexpected, or unusual costs which the seller may have incurred or of the number of sellers handling the shoes. No seller shall change his customary allowances, discounts or other price differentials unless such change results in a lower net price.

(e) *Prohibited practices.* It shall be unlawful for any seller to improperly classify a pair of shoes for the purpose of evading the pricing provision applicable to the sale of such shoes. It shall likewise be unlawful for any seller to revise the price entered in his shoe reference book for any pair of shoes except as otherwise provided in paragraph (h) (2).

(f) *Notification to OPA on sales of job lots.* Within five days of his first sale of a pair of shoes from a job lot the seller shall file a statement with the Territorial Office of the Office of Price Administration, San Juan, Puerto Rico, a copy with his local War Price and Rationing Board and retain a copy for his own files, which statement shall show:

(1) The name and address of the person from whom the lot was purchased;

(2) A description of the job lot;

(3) The number of pairs of shoes included within each price line;

(4) The reference stock number assigned as provided in paragraph (a);

(5) The f. o. b. port of shipment cost of the job lot to the seller, if imported by the seller, or the price paid to the importer for the job lot if not imported by the seller;

(6) The amount of duty, if any, paid by the importer;

(7) The selling price of each pair of shoes as determined in accordance with the pricing provision of paragraph (b) of this section; and

(8) Over-all markup taken by the seller on the job lot.

(g) *Identification of shoes.* Every seller shall assign a separate reference stock number to each price line of shoes and shall clearly mark on each pair of shoes the stock number by use of a label, tag, slip, sticker, mark, or other similar appropriate marking.

(h) *Shoe reference book.* (1) Every person selling shoes shall prepare a shoe reference book which he shall keep and make available for examination by the Office of Price Administration or by any person duly authorized by the Territorial Director of the Office of Price Administration, in which shall be entered prior to the time shoes are sold or offered for sale, the following information for each price classification of shoes in the seller's stock:

[3] 8 F.R. 5307, 6362, 14765, 15585.

(i) The reference stock numbers;
(ii) A description of the units included;
(iii) The name and address of the supplier;
(iv) The date received;
(v) The cost to the seller or the price paid to the importer, whichever price is material in accordance with the pricing provision utilized, the duty if any paid by the importer;
(vi) The multiplier used in computing the maximum price; and
(vii) The selling price at wholesale or at retail depending upon the level at which the shoes are offered for sale.

(2) The maximum price charged by each seller and entered in his shoe reference book shall in no instance be altered except that should the seller have erroneously computed the price for an item entered in such book, the seller's Local War Price and Rationing Board may, after having received a written statement of the fact from the seller, if satisfied that the entry was the result of a miscalculation, authorize such seller to change the entry to correspond with the maximum price which he is authorized to charge in accordance with this regulation.

(3) All entries in the shoe reference book shall be made in numerical sequence. Shoes received by the seller which are identical to others earlier entered into the reference book shall be re-entered under a new reference stock number.

(i) *Notification to customers.* Every person selling shoes, except at retail, shall with each delivery supply the purchaser with a statement, which may be included in and made a part of the seller's invoice, specifying with respect to each price classification delivered:

(1) The seller's reference stock number;
(2) A notation of the pricing provision employed;
(3) The number and description of units sold;
(4) The price charged; and
(5) The duty paid, if any.

The provisions of this paragraph (i) supersede section 11 (b) (1) of Revised Maximum Price Regulation 183 with respect to sales of shoes.

This amendment shall become effective June 1, 1944.

NOTE: The reporting and record-keeping provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1418—TERRITORIES AND POSSESSIONS

[MPR 373,[1] Amdt. 57]

IMPORTED FROZEN FISH IN HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 20a is added to read as follows:

SECTION 20a. *Wholesalers' and retailers' maximum prices for sales of imported frozen fish on the Island of Oahu*—(a) *Scope of this section.* This section fixes the maximum prices at which wholesalers and retailers may sell imported frozen fish on the Island of Oahu. Paragraph (c), below, lists the various species of salt water fish, shell fish and mollusks for which specific dollars and cents maximum prices are established by this section together with the maximum prices. It also sets forth the procedure for establishing the maximum prices for sales at wholesale and retail of all other varieties of imported frozen fish covered by this section. Maximum wholesale and retail prices for frozen shrimp and prawn, however, continue to be fixed under section 55 of this regulation.

(b) *Definitions.* As used in this section 20a, the term:

(1) "Cleaned" refers to fish from which the viscera or entrails have been removed.

(2) "Dressed" refers to fish from which the viscera and head have been removed.

(3) "Fillet" means the heavy-meated section or strip of fish cut from along the backbone and outside the rib-bone, extending from the nape and gills to the tail.

(4) "Frozen fish" means fish that are naturally or artificially frozen.

(5) "Frozen Seafood" means shellfish and mollusks that are naturally or artificially frozen.

(6) "Landed costs" shall include only actual invoice costs plus freight, mainland storage charges, wharf fees, cartage and insurance, and shall include credit for any rebates or commissions.

(7) "Round fish" means fish as it comes from the water.

(8) "Steak" means a cross section cut from a dressed fish.

[1] Per pound over landed cost.
[2] "Net cost" is the amount paid your supplier after deducting all discounts and allowances.

NOTE: All cuts other than steaks or fillets may be sold at prices not to exceed the maximum price per pound of the round, cleaned or dressed fish from which such cuts are derived.

(d) In the case of a sale at wholesale or at retail of any imported frozen fish item not listed in paragraph (c) (except frozen shrimp and prawn, for which maximum prices are established under section 55 of this regulation) the maximum price shall be the price authorized by the Territorial Director of the Office of Price Administration, upon the written application of the seller to the Office of Price Administration, Iolani Palace, Honolulu 2, T. H. Such authorization will be given in the form of an order prescribing a specific maximum price or a method of determining the maximum price for the applicant, or, in case the applicant is a wholesaler, for sellers of the commodity generally, including purchasers for resale, or for a class of such sellers. The application should contain:

(1) The name of the imported frozen fish item for which a maximum price is sought.

(2) A statement of the maximum price permitted the mainland primary wholesaler under Maximum Price Regulation 364, and

(3) A separate statement of the charges actually incurred by the seller in computing his landed cost.

(e) *Retailers' maximum prices for sales to eating places.* The maximum prices for sales to hotels, restaurants, institutions and other eating places are the maximum prices for sales at wholesale fixed under paragraph (c) of this section. Nevertheless, if you are a retailer, you may, during any month, use the maximum prices for sales at retail fixed under such paragraph in selling to eating places if 80% or more of your total dollar sales of the imported frozen fish items covered by this section during the previous calendar month were retail sales to consumers; that is, persons who buy these items to be eaten by themselves or their families off your premises.

(f) *Posting requirements for retailers.* Notwithstanding the provisions of section 10 (b) of this regulation, if you are a retailer, you must, not later than April 20, 1944, post at your store your "Official OPA List of Retail Maximum Prices for Imported Frozen Fish." It must be put on or at the counter of the fish department of your store at one or more places where your customers may easily examine and read it. You must get your official copies of your price list for posting or copying from your War Price and Rationing Board or from your district Office of Price Administration office. If you display any imported frozen fish item covered by this section, you must post on or near it your selling price for that item.

This amendment shall become effective as of April 20, 1944.

PART 1499—COMMODITIES AND SERVICES

[GMPR,[1] Amdt. 61]

MAXIMUM PRICES FOR COMMODITIES AND SERVICES WHICH CANNOT BE PRICED UNDER § 1499.2

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

The General Maximum Price Regulation is amended in the following respects:

1. Section 1499.3 is amended to read as follows:

§ 1499.3 *Maximum prices for commodities and services which cannot be priced under § 1499.2.* A seller's maximum price for a commodity or service which cannot be priced under § 1499.2 and for which a maximum price or pricing method has not been otherwise established by the Office of Price Administration shall be a maximum price in line with the level of maximum prices established by this regulation and shall be determined in the following manner:

(a) In the case of a sale at wholesale or retail of a commodity the seller shall (1) find the most comparable commodity for which he then has a maximum price under § 1499.2 (a); (2) divide this price by the net unit replacement cost of such commodity; and (3) multiply the percentage so obtained by his net unit cost (which may not exceed his supplier's maximum price) for the commodity being priced. The resulting figure shall be his maximum price for the commodity. All customary allowances, discounts, or other price differentials and all practices relating to the payment of transportation charges in effect with respect to the most comparable commodity shall apply to the commodity being priced.

The "most comparable commodity" under this paragraph (a) must meet all of the following tests:

(1) It must be currently offered for sale by the seller.

(2) It must belong to the narrowest trade category which includes the commodity being priced.[2]

(3) Both it and the commodity being priced must have been purchased from the same class of supplier.

(4) Both it and the commodity being priced must belong to a class of commodities to which, according to the seller's practice in March, 1942, an approximately uniform percentage markup would have been applied.

If more than one commodity meets all the above tests, the one whose net unit replacement cost is nearest to the net unit cost of the commodity being priced shall be the "most comparable commodity."

"Net unit replacement cost," as used above, means the net price which the seller would have to pay per unit, at the time he applies this pricing method, to purchase the comparable commodity in the regular course of business from a supplier who belongs to the same class as the supplier of the commodity being priced. A commodity not currently replaceable has no "net unit replacement cost" and may not be used as the "most comparable commodity".

*Copies may be obtained from the Office of Price Administration.

[1] 9 F.R. 1385.

[2] *Example:* If you are pricing a man's soft fur felt hat the narrowest trade category would be men's soft fur felt hats, but if you have none from which you can select the comparable commodity, you then go to the next narrowest trade category, men's soft felt hats; if you have none of these from which to choose, the next narrowest trade category would be men's felt hats; finally, if you have no men's felt hats, the narrowest trade category available would be men's hats in general.

The maximum price determined for the commodity being priced under this paragraph (a) shall, before the commodity is offered for sale, be reported by the seller to the District Office of the Office of Price Administration for each District in which he operates as a separate seller, unless he has been otherwise directed by a uniform pricing order. The report shall be made upon a form copied from Appendix A of this regulation.[3] A maximum price so reported may not be changed by the seller even though the cost of the commodity increases.

(b) In the case of a sale other than at wholesale or retail of a commodity:

(1) The seller shall (i) find the most comparable commodity for which he then has a maximum price under § 1499.2 (a) (1); (ii) divide this price by the current unit direct cost of such commodity; and (iii) multiply the percentage so obtained by his current unit direct cost for the commodity being priced. The resulting figure shall be his maximum price for the commodity. All customary allowances, discounts, or other price differentials and all practices relating to the payment of transportation charges in effect with respect to the most comparable commodity shall apply to the commodity being priced.

The "most comparable commodity" under this paragraph (b) (1) must meet all of the following tests:

(1) It must belong to the narrowest trade category which also includes the commodity being priced.[4]

(2) It must have a current unit direct cost varying from that of the commodity being priced by not more than 25% of the latter cost.

(3) It must be currently produced by the seller or, if he is not currently producing a comparable commodity, it must have been produced by him within the twelve months preceding his use of this pricing method.

If more than one commodity meets all the above tests, the one whose current unit direct cost is nearest to the current unit direct cost of the commodity being priced shall be the "most comparable commodity".

"Current unit direct cost," as used above, means the sum of the amounts (not higher than permitted by law) which it costs the seller, or if he is not currently producing it, would cost him, for direct labor and materials to produce the commodity at the time he uses this pricing method.

The maximum price determined for the commodity under this paragraph (b) (1) shall, before such commodity is offered for sale, be reported by the seller to the District Office of the Office of Price Administration for the District in which his main office is located. The report shall be made in duplicate upon a form copied from Appendix C of this regulation.[5] A maximum price so determined and reported may not be redetermined by the seller even though his costs increase.

(2) If the seller is unable to determine a maximum price for a commodity under paragraph (b) (1), he shall file an application with the Office of Price Administration, Washington, D. C., for approval of a proposed maximum price for the commodity. This application shall contain all facts regarding the commodity to be priced which are required by the form set forth in Appendix C (that form may be used if desired) and shall also contain a full explanation of the reasons why he cannot price the commodity under § 1499.2 or under paragraph (b) (1) of this section, the method used in figuring the proposed maximum price, and the reasons he believes the proposed price is in line with the level of maximum prices otherwise established by this regulation. He must also furnish any additional information which the Office of Price Administration may require.

A commodity for which a maximum price is proposed under this paragraph (b) (2) may not be sold (except as provided in § 1499.20 (r)) until that price has been approved by the Office of Price Administration, but the proposed price shall be deemed to be approved twenty days after mailing the application (or all additional information which may have been requested) unless, within that time, the Office of Price Administration notifies the seller that his proposed price has been disapproved.

(c) If a seller at wholesale or retail is unable to determine a maximum price for a commodity under paragraph (a) of this section, he shall file an application with the District Office of the Office of Price Administration for each District in which he operates as a separate seller (unless otherwise directed by a uniform pricing order) for approval of a proposed maximum price for the commodity. This application shall contain all facts regarding the commodity to be priced which are required by the form set forth in Appendix A (that form may be used if desired) and shall also contain a full explanation of the reasons why he cannot price the commodity under § 1499.2 or under paragraph (a) of this section, the method used in figuring the proposed maximum price, and the reasons he believes the proposed price is in line with the level of maximum prices otherwise established by this regulation. He must also furnish any additional information which the Office of Price Administration may require.

A commodity for which a maximum price is proposed under this paragraph (c) may not be sold (except as provided in § 1499.20 (r)) until that price has been approved by the Office of Price Administration, but the proposed price shall be deemed to be approved 20 days after mailing the application (or all additional information which may have been requested) unless, within that time, the Office of Price Administration notifies the seller that his proposed price has been disapproved.

(d) In the case of a sale of a commodity the price for which includes the supply of a service of substantial value and which cannot be priced under paragraphs (a) or (b) (1) of this section, or in the case of a sale of a service, the maximum price shall be a price determined by the seller in accordance with Maximum Price Regulation No. 165, as amended or revised.

(e) (1) The Price Administrator, or any Regional Administrator or any State or District Director so authorized by his Regional Administrator, may at any time approve, disapprove or revise maximum prices reported, proposed or established under paragraphs (a), (b) (1), or (c) of this section so as to bring them into line with the level of maximum prices otherwise established by this regulation.

(2) Any Regional Administrator may issue orders establishing maximum prices or pricing methods for sale or resale by any seller within the region whose maximum price would otherwise be established under paragraphs (a) or (c) of this section.

(3) The Price Administrator may at any time approve, disapprove, or revise maximum prices proposed or established under paragraph (b) (2) of this section so as to bring them into line with the level of maximum prices otherwise established by this regulation and may, either in connection therewith or otherwise, issue orders establishing maximum prices or pricing methods for sale or resale of any commodity subject to this regulation.

(f) Orders heretofore issued under this section shall remain in full force and effect unless specifically modified or revoked.

2. Section 1499.20 (n) is revoked.

3. Appendix A to § 1499.24 is amended to read as follows:

§ 1499.24 *Appendix A: Form for reporting maximum price under § 1499.3 (a).*

OPA Form 620-759 (3-44) This form may be reproduced without change UNITED STATES OF AMERICA OFFICE OF PRICE ADMINISTRATION REPORT OF WHOLESALER'S OR RETAILER'S MAXIMUM PRICE COMPUTED UNDER SECTION 1499.3 (a) OF THE GENERAL MAXIMUM PRICE REGULATION	Name of Seller Reporting Address—Number and Street City and Postal Zone Number State Date of Report

INSTRUCTIONS

This form is to be used for reporting a maximum price for sale at wholesale or retail determined under § 1499.3 (a) of the General Maximum Price Regulation. You may price under that section only those commodities which you cannot price under § 1499.2, i.e., which are neither the same as nor similar to commodities sold or offered for sale by you or your competitor during March, 1942. Commodities for which maximum prices at wholesale or retail are established by specific price regulations or by orders issued by the Office of Price Administration or for which maximum prices have heretofore been determined under this or any other maximum price regulation or order may not be priced under § 1499. 3 (a).

You must file this form with the District Office of the Office of Price Administration for each district in which you operate as a separate seller before the commodity may be offered for sale therein.

All data specified in the form must be furnished. The following specific instructions, keyed to the numbers of items in the form, explain the information desired:

1. The new commodity for which a maximum price is reported should be described with sufficient fullness to enable any representative of OPA to identify it. The description should include such matters as model, manufacturer's list name or number, use, trade category (e.g., food, hardware, men's clothing, etc.), principal materials of which constructed, unit in which priced, size, weight, packaging, brand or manufacturer's name and any other pertinent information. An illustration should be furnished where possible.

4. Indicate how the commodity for which a maximum price is reported differs from other commodities sold by you or by competitive sellers of the same class during March, 1942. If you or any competitive seller sold similar, though not identical, items during March, 1942, the maximum price may not be established under § 1499.3 (a) but must be determined under § 1499.2 of the General Maximum Price Regulation.

5. The most comparable commodity must be described with the same fullness as specified above for item 1. It must be one for which you already have a maximum price established under § 1499.2 (a) on the basis of your own sale or offer of the same or similar commodity for delivery in March, 1942, and must meet all of the following tests:

(a) It must be currently offered for sale by you.

(b) It must belong to the narrowest trade category which also includes the commodity being priced. Example: If you are pricing a man's soft fur felt hat the narrowest trade category would be men's soft fur felt hats, but if you have none from which you can select the comparable commodity, you then go to the next narrowest trade category, men's soft felt hats; if you have none of these from which to choose, the next narrowest trade category would be men's felt hats; finally, if you have no men's felt hats, the narrowest trade category available would be men's hats in general.

(c) You must have purchased both commodities from the same class of supplier.

(d) Both commodities must belong to a category to which an approximately uniform percentage mark-up would have been applied according to your practice in March, 1942.

(e) If more than one commodity meets all of the above tests, you must use the one with the nearest net unit replacement cost to that of the one you are pricing.

8. Section 1499.3 (a) defines "net unit replacement cost" as meaning "the net price which the seller would have to pay per unit, at the time he applies this pricing method, to purchase the comparable commodity in the regular course of business from a supplier who belongs to the same class as the supplier of the commodity being priced. A commodity not currently replaceable has no 'net unit replacement cost, and may not be used as the 'most comparable commodity'."

11. The net unit cost is your actual cost per unit after deducting all discounts which you received and adding transportation and delivery charges which you paid. This cost of course may not exceed your supplier's ceiling price.

12. The price reported at this point is the maximum price you may charge for the new commodity which is the subject of this report. You must allow the same discounts and differentials for different quantities or for sales to different classes of purchasers which you allow with respect to the most comparable commodity.

14. The terms "sale at retail" and "sale at wholesale" are defined in the General Maximum Price Regulation, § 1499.20 (o) and (p).

1	Name and description of new commodity for which a maximum price is reported.	6	Name of Manufacturer of most comparable commodity Address
2	Name of Manufacturer of above commodity Address	7	Name of Supplier of most comparable commodity Address
3	Name of Supplier of above commodity Address	8	Net unit replacement cost of most comparable commodity (see instruction 8) $
		9	Reporting seller's maximum price per unit for most comparable commodity $
4	Reasons why maximum price could not be determined on the basis of same or similar commodity handled by the reporting seller or by a competitive seller during March, 1942.	10	Maximum price of most comparable commodity expressed as percentage of cost (item 9 ÷ item 8) %
		11	Net unit cost of new commodity for which maximum price is reported $
		12	Maximum price reported per unit for new commodity (item 11 x item 10) $
5	Name and description of the most comparable commodity selected in accordance with Instruction 5.	13	Unit of pricing above commodities (each, dozen, pound, gallon, etc.)
		14	Maximum price reported is for sale at ☐ Retail ☐ Wholesale

INSTRUCTIONS

This form is to be used by manufacturers for reporting maximum prices computed under §1499.3 (b) (1) of the General Maximum Price Regulation. You may price under that section only those commodities which you cannot price under § 1499.2, i. e., which are neither the same as nor similar to commodities delivered or offered for delivery by you or your competitor during March, 1942. Commodities for which manufacturers' maximum prices are established by specific price regulations or by any orders issued by the Office of Price Administration or for which maximum prices have heretofore been determined under this or any other price regulation or order may not be priced under § 1499.3 (b).

You must file this form in duplicate with the District Office of the Office of Price Administration for the district in which your main office is located.

All data specified in the form must be furnished. The following specific instructions, keyed to the numbers of items in the form, explain the information desired.

1. State physical name of the commodity (men's shoes, smoking tobacco, etc.) and model or catalog designation.

4. List the information required for all raw materials which combined make up a minimum of 90 per cent of the total material cost of the new commodity. If semi-finished or finished parts purchased from other firms are used, the numbers of parts included in each unit of the commodity, the price paid per part, and the names of the suppliers are to be attached to the report. All material costs are to be your actual costs not exceeding your supplier's maximum prices. List cost per unit for the remainder of the material in (g). If additional space is necessary, attach a supplementary sheet to the report.

6. State the total wage bill paid per unit of product for manual labor expended directly in the production of the commodity. This total must not include inspection, instruction, supervision, or other indirect labor, or factory burden. If necessary for a clear understanding, a breakdown of this item should be attached to the report. In computing unit direct labor cost, use the current wage rates for each class of labor. Wage rates may not be higher than those of October 3, 1942, unless approved by the War Labor Board.

8. Find the most comparable commodity for which you already have a maximum price established under § 1499.2 (a) (1) by your own sale or offer of this particular commodity for delivery in March, 1942. It must meet all of the following tests:

(a) It must belong to the narrowest trade category which also includes the commodity being priced.

(b) Its current unit direct cost may not vary from that of the commodity you are pricing by more than 25% of the latter cost.

(c) If you are currently producing a commodity which meets all the above tests, you must use it; otherwise you may use one which you produced within the last twelve months.

(d) If more than one commodity meets all of the above tests, you must use the one with the nearest current unit direct cost to that of the one you are pricing.

9. Give your catalog or list number and model name or number.

10. If a catalog is not now on file with OPA containing a full description of the commodity, such a catalog or description of the commodity must accompany the report. A sample should be submitted where practicable; otherwise an illustration or photograph.

11. Cost shown for materials used in the most comparable commodity must be current costs—that is, the amounts which it would cost you to buy them at the time you apply this pricing method—and may not exceed your suppliers' maximum prices. Instruction 4, above, should be followed in other respects.

16. Follow instruction 6, above. Labor costs must be figured at current wage rates.

18. The maximum price shown here must be that established for sales to that class of customer to which you sold the largest volume of the most comparable commodity.

20. The price here reported is the maximum price you may charge the class of customer named in answering item 18. Maximum prices to other classes of customers must be determined by applying the same discounts and differentials as applied in determining maximum prices for the most comparable commodity to such classes.

This amendment shall become effective June 1, 1944.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

MANUFACTURERS' PRICES FOR FALL AND WINTER KNITTED UNDERWEAR

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 221 is amended in the following respects:

Paragraph (e) of § 1389.302 is revoked and in place thereof a new paragraph (e) is added to read as follows:

(e) *Adjustments for certain manufacturers of specified garments.* Any manufacturer may apply to the Office of Price Administration, Washington 25, D. C., for an adjustment of his maximum price for any article of men's and boys' knitted underwear listed in paragraphs (a), (b), (c) and (d) of § 1389.314. Such application will be granted if it is found by the Office of Price Administration that:

(1) The maximum price of the garment is less than the manufacturer's total unit cost thereof,

(2) The manufacturer's cost for the underwear is not substantially out of line with generally prevailing costs of competitive manufacturers of comparable garments, and

(3) The entire operations of the manufacturer are being conducted at a loss or will be conducted at a loss within 90 days.

Any adjustment made will establish as the maximum price for the garment a price not in excess of the manufacturer's total unit costs thereof.

This amendment shall become effective May 13, 1944.

PART 10—RULES GOVERNING EMERGENCY RADIO SERVICES

MUNICIPAL AND MARINE FIRE STATIONS

The Commission on May 9, 1944, effective June 23, 1944, made the following changes in Part 10:

Section 10.6 was amended to read as follows:

§ 10.6 *Municipal fire station.* The term "municipal fire station" means a radio station licensed in the emergency radio services, operated by a municipality[1] and used for emergency communication relating directly to official fire department activities.

Paragraph (b) of § 10.81 *Licensed period* was amended to read:

(b) For forestry and municipal fire stations, the 1st of December.

Section 10.22 *Marine fire stations,* § 10.45 *Marine fire stations,* § 10.211 *Power,* and § 10.212 *Service which may be rendered,* were deleted.

The following new sections were adopted:

MUNICIPAL FIRE STATIONS

Eligibility for License

§ 10.301 *Municipal fire stations.* Authorizations for municipal fire stations will be granted only to municipalities[2] serving an area having a population in excess of 150,000 persons[3] unless other cogent circumstances warranting such grant are shown.

Frequencies, Power and Emissions

§ 10.311 *Frequencies available.*[4] (a) The following frequencies are allocated for assignment to municipal fire stations:

1630 kc. 35580 kc. 37740 kc.

(b) Only one very high frequency normally will be assigned to a municipality. Requests for additional very high frequencies must be supported by a satisfactory showing of need which shall include a statement specifying and describing the area to be served, number of radio mobile units to be served, peak message traffic load, and such other facts and circumstances which, in the opinion of the applicant, show the need for the additional frequencies requested.

§ 10.312 *Power.* The power authorized for a municipal fire station shall be no more than the minimum required for satisfactory technical operation commensurate with the size of the area to be served and the local conditions which affect radio transmission and reception and normally shall not exceed 250 watts. Requests for authorization of power in excess of 250 watts must be supported by a satisfactory showing of the need therefor, including a map showing the size of the area to be served, the proposed distribution of associated radio stations, and local conditions which, in the opinion of the applicant, show the need for the higher power requested.

§ 10.313 *Type of emission.* The following types of emission may be authorized for municipal fire stations:

(a) A-1, A-2, and A-3 on the frequency 1630 kilocycles.

(b) A-1, A-2, A-3, A-4 and special emission for frequency modulation on the frequencies 35580 and 37740 kilocycles.

[1] Includes cities, towns, counties, etc. Applications for municipal police radio authorizations should be signed on behalf of a municipality by the chief executive of the appplicant, e. g., mayor, city manager, first selectman, chairman of the town council, chairman of the board of county commissioners, etc. No other person is empowered to sign such applications unless he has been expressly authorized in writing to do so by the actual applicant, or by the chief executive thereof, in which case such express written authorization should be filed with the Commission.

[2] Municipalities proposing to serve an area having a population of less than 150,000 persons will be expected to obtain coordinated radio communication service from a municipal police radio station, or stations, in the area to be served.

[3] Based on the latest official U. S. Census or other satisfactory evidence.

[4] The frequency 117550 kc. allocated in Appendix B of Part 2 of the Rules and Regulations for municipal fire stations may be assigned on an experimental basis only.

Scope of Service

§ 10.321 *Permissible communications.* Municipal fire stations may be used only for the transmission of communications of an emergency nature directly relating to official activities of the municipal fire department of the station licensee.

§ 10.322 *Points of communication.* In accordance with the provisions of §§ 10.321 and 10.323, municipal fire stations may:

(a) Intercommunicate with other licensed municipal fire stations of the same licensee;

(b) Transmit messages to mobile units used for emergency purposes in coordination with the official activities of the fire department;

(c) Intercommunicate with other licensed stations in the emergency radio service, or communicate with fixed receiving points, only in those instances where emergency and temporary cooperation or coordination is necessary for the performance of the official duties of the fire department of the station licensee.

§ 10.323 *Limitations on point-to-point and one-way transmissions.* Intercommunication between land stations or transmission of messages from any municipal fire station to radio receivers at fixed locations, as provided in § 10.322, is permitted only when:

(a) Other means of communication are impracticable or temporarily unavailable.

(b) Interference is not caused to any mobile radio service.

(c) The points of communication are not within the same local telephone exchange area, unless the messages transmitted are of immediate importance to mobile units, or wire communication facilities between the local points involved are not immediately available.

(d) The points of communication are within the reliable daytime communication range of the transmitting stations involved.

LEARNER EMPLOYMENT CERTIFICATE

ISSUANCE TO VARIOUS INDUSTRIES

Notice of issuance of special certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that special certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the act are issued under section 14 thereof and § 522.5 (b) of the regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective as of the date specified in each listed item thereof.

The employment of learners under these certificates is limited to the terms and conditions as designated opposite the employer's name. These certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The certificates may be cancelled in the manner provided for, in the regulations and as indicated on the certificate. Any person aggrieved by the issuance of the certificates may seek a review or reconsideration thereof.

FEDERAL COMMUNICATIONS COMMISSION.

[File No. B4-P-3570]

INDEPENDENT MERCHANTS BROADCASTING CO.

NOTICE OF HEARING

In re application of Independent Merchants Broadcasting Company, (WLOL); Docket No. 6582. Date filed: January 19, 1944; for construction permit; class of service, broadcast; class of station, broadcast; location, Minneapolis, Minnesota; operating assignment specified: Frequency, 1330 kc; power, 5 kw; and hours of operation, unlimited (DA-day and night).

You are hereby notified that the Commission has examined the above-described application and has designated the matter for hearing for the following reasons:

1. To determine the areas and populations which may be expected to gain primary service should Station WLOL operate as proposed, and what other broadcast service is available to those areas and populations.

2. To determine the extent of any interference which would result from the simultaneous operation of Station WLOL as proposed and Stations KFH, KALE, WHBL, WFBC and KROC.

3. To determine the areas and populations which may be expected to lose primary service from stations KFH, KALE, WHBL, WFBC and KROC should Station WLOL operate as proposed and what other broadcast services are available to those areas and populations.

4. To determine (1) whether the operation of Station WLOL as proposed would be consistent with the Standards of Good Engineering Practice, particularly as to population residing within the predicted 250 mv/m contour ("blanket area"); (2) whether interference would be expected if Station WLOL operated as proposed and (3) whether the applicant will assume full responsibility for and can promptly and satisfactorily adjust all reasonable complaints arising from excessively strong signals from the applicant's station.

5. To determine whether the granting of this application would be consistent with the policy announced by the Commission in its Memorandum Opinion dated April 27, 1942, or as modified by supplemental statements thereto.

6. To determine whether Station WLOL operating as proposed would provide primary service to (a) the business districts; (b) the residential districts; and (c) the metropolitan district of Minneapolis-St. Paul as contemplated by the Standards of Good Engineering Practice.

7. To determine whether, in view of the facts adduced under the foregoing issues, public interest, convenience or necessity would be served through the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of section 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of section 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows: Independent Merchants Broadcasting Company, Radio Station WLOL, 1730 Hennepin Avenue, Minneapolis 3, Minnesota.

ALBUQUERQUE BROADCASTING CO.

NOTICE OF HEARING

In re application of Albuquerque Broadcasting Company (KOB); docket No. 6584; date filed, February 3, 1944; for modification of construction permit; class of service, broadcast; class of station, broadcast; location, Albuquerque, New Mexico; operating assignment specified: Frequency, 770 kc, power, 50 kw, and hours of operation, unlimited.

In re application of Albuquerque Broadcasting Company (KOB); docket No. 6585; dated filed, February 3, 1944; for license to cover construction permit (B5-P-2783) as modified and authority to determine operating power by direct measurement; class of service, broadcast; class of station, broadcast; location, Albuquerque, New Mexico; operating assignment specified: Frequency, 770 kc, power, 50 kw, and hours of operation, unlimited.

You are hereby notified that the Commission has examined the above-described applications and has designated the matters for hearing for the following reasons:

1. To determine the areas and populations which would receive primary as well as secondary service from Station KOB operating with either 10 kw or 50 kw on 1030 kc, as well as what other broadcast services are available to those areas and populations.

2. To determine the areas and populations which receive primary as well as secondary service from Station KOB operating with 25 kw—50 kw-LS on 770 kc as well as what other broadcast services are available to those areas and populations.

3. To determine the areas and populations which would receive primary as well as secondary service from Station KOB operating with 50 kw on 770 kc as well as what other broadcast services are available to those areas and populations.

4. To determine the areas and populations which would be prevented from receiving primary or secondary service particularly from Station WBZ should Station KOB operate with either 10 kw or 50 kw on 1030 kc, as well as what other broadcast services are available to those areas and populations.

5. To determine the areas and populations which are prevented from receiving primary or secondary service particularly from Station WJZ as the result of Station KOB operating with 25 kw—50 kw-LS on 770 kc, as well as what other broadcasting services are available to those areas and populations.

6. To determine the areas and populations which would be prevented from receiving primary or secondary service particularly from Station WJZ should Station KOB operate with 50 kw on 770 kc as well as what other broadcast services are available to those areas and populations.

7. To determine whether § 3.25 of the Commission's rules should be amended so as to permit the operation of Station KOB as proposed in application B5-MP-1738.

8. To determine whether the granting of these applications would tend toward a fair, efficient and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

The applications involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's rules of practice and procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's rules of practice and procedure.

OFFICE OF ALIEN PROPERTY CUSTODIAN.

BATZOUROFF AND CIE

NOTICE OF HEARING

Order for and notice of hearing before Vested Property Claims Committee in the matter of Dragio Batzouroff, Batzouroff & Cie.

Whereas, by Vesting Order No. 1583, dated May 29, 1942 (8 F.R. 9076), the Alien Property Custodian vested, among other things, the following described property:

All property of any nature whatsoever situated in the United States and owned or controlled by, payable or deliverable to, or held on behalf of, or on account of, or owing to said Batzouroff & Cie.

Whereas, Dragio Batzouroff has filed a notice of claim, No. 1737, which claim appears to assert that the said Dragio Batzouroff is the owner and entitled to the immediate possession thereof and that he is not a national of a designated enemy country.

Now, therefore, it is ordered, Pursuant to the regulations heretofore issued by the Alien Property Custodian, as amended (8 F.R. 16709), that a hearing on said claim be held before the Vested Property Claims Committee or any member or members thereof, on Tuesday, May 23, 1944, at 10:00 a. m. Eastern War Time, at the Office of the Alien Property Custodian, 120 Broadway, New York City, New York, to continue thereafter at such time and place as the Committee may determine.

It is further ordered, That copies of this notice of hearing be served by registered mail upon the claimant and upon the person designated in paragraph 2 of the said notice of claim and upon Edward V. Killeen, and be filed with the Division of the Federal Register.

Any person desiring to be heard either in support of or in opposition to the claim may appear at the hearing, and is requested to notify the Vested Property Claims Committee, Office of Alien Property Custodian, National Press Building, 14th and F Streets NW., Washington (25), D. C., on or before May 20, 1944.

The foregoing characterization of the claim is for informational purposes only, and shall not be construed to constitute an admission or an adjudication by the Office of Alien Property Custodian as to the nature or validity of the claim. Copies of the claim and of the said vesting orders are available for public inspection at the address last above stated.

Dated: May 12, 1944.

KONOSUKE IWAKAMI, ET AL.

[Vesting Order 3405]

In re: Real property, claim, fire insurance policy and bank account owned by Konosuke Iwakami and others.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the persons whose names and last known addresses are set forth below are residents of Japan and are nationals of a designated enemy country (Japan);

Names and Last Known Addresses

Konosuke Iwakami, Japan.
Junko Iwakami, Yokohama, Japan.
Kotaro Iwakami, Yokohama, Japan.
Yoshiko Iwakami, Yokohama, Japan.
Taiji Iwakami, Yokohama, Japan.

2. That Konosuke Iwakami, Junko Iwakami, Kotaro Iwakami, Yoshiko Iwakami and Taiji Iwakami are the owners of the property described in subparagraphs 4-a and 4-b hereof;

3. That Konosuke Iwakami is the owner of the property described in subparagraph 4-c hereof;

4. That the property described as follows:

a. Real property situated at Kamakela, Honolulu, City and County of Honolulu, Territory of Hawaii, particularly described in Exhibit A attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property, including particularly, but not limited to, that certain rent claim against the United States Army arising by reason of its occupancy of the premises described herein pursuant to authorization granted by Masaji Marumoto, administrator of the estate of Koh Iwakami, deceased, and attorney in fact for Konosuke Iwakami,

b. All right, title and interest of the persons whose names appear in subparagraph 1 hereof in and to Fire Insurance Policy No. 7502857 issued by the Northern Assurance Co., Ltd., London, England, which policy covers the improvements to the real property described in subparagraph 4-a hereof, and

c. The sum of $500 constituting a portion of that certain bank account maintained with the Bank of Hawaii, Honolulu, T. H., which account is due and owing to, and held for and in the name of Konosuke Iwakami, and any and all security rights in and to any and all collateral for all or part of such sum, and the right to enforce and collect the same,

is property within the United States owned or controlled by nationals of a designated enemy country (Japan);

And determining that the property described in subparagraphs 4-b and 4-c hereof is necessary for the maintenance or safeguarding of other property (namely, that property described in subparagraph 4-a hereof) belonging to the same nationals of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive order;

And further determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 4-a hereof, subject to recorded liens, encumbrances and other rights of record, held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraphs 4-b and 4-c hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on April 4, 1944.

[SEAL] JAMES E. MARKHAM,
Alien Property Custodian.

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3–a hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraphs 3–b and 3–c hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on April 24, 1944.

VERONA LINDEMANN

In re: Estate of Verona Lindemann, also known as Veronica Lindemann and Vilmosne Lindemann, deceased; File D-34-700; E.T. sec. 8754.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Helen Bezegh, Administratrix, acting under the judicial supervision of the Surrogate's Court, County of Queens, State of New York;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Hungary, namely, Marie Tobias whose last known address is Hungary;

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Hungary; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests,

All right, title, interest and claim of any kind or character whatsoever of Marie Tobias, in and to the estate of Verona Lindemann, also known as Veronica Lindemann and as Vilmosne Lindemann, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: May 3, 1944.

FREDERICK W. LOEWE

In re: Trust created by Decree of the Superior Court of the State of California, in and for the County of San Mateo, in the Matter of the Estate of F. W. Loewe, also known as Frederick William Loewe, Frederick W. Loewe and F. William Loewe, deceased; File: D-28-2298; E. T. sec. 3161.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Huida Loewe, Trustee, acting under the judicial supervision of the Superior Court of the State of California, in and for the County of San Mateo;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Ella Maune, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Ella Maune, in and to the trust created by Decree of the Superior Court of the State of California, in and for the County of San Mateo, entered on or about December 28, 1942, in the Matter of the Estate of F. W. Loewe, also known as Frederick William Loewe, Frederick W. Loewe and F. William Loewe, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

ANNA PERRET

In re: Estate of Anna Perret, deceased, and trust under the will of Anna Perret; File D-28-8431; E. T. sec. 9856.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and

pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by George W. Beehler, Jr., 820 W. Lehigh Avenue, Philadelphia, Pennsylvania, Executor and Trustee, acting under the judicial supervision of the Orphans' Court of Philadelphia County, Pennsylvania;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Emilie Reisig, Germany.
Otto Wentz, Germany.
Gustav Wentz, Germany.
Helmuth Wentz, Germany.
Three children, names unknown, of August Herman, Germany.
The issue, names unknown, of Otto Wentz, Gustav Wentz, Helmuth Wentz, and of the three children, names unknown, of August Herman, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of Emilie Reisig, Otto Wentz, Gustav Wentz, Helmuth Wentz; three children, names unknown, of August Herman; the issue, names unknown, of Otto Wentz, Gustav Wentz, Helmuth Wentz, and of the three children, names unknown, of August Herman, and each of them, in and to the estate of Anna Perret, deceased; and

All right, title, interest, and claim of any kind or character whatsoever of Emilie Reisig in and to the trust created under Paragraph Tenth of the Will of Anna Perret, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

KATHRINE SCHMID

In re: Estate of Kathrine Schmid also known as Katherine Schmid, Katie Schmid, Kathrin Schmid and Katharine Schmid, deceased; File D–28–3683; E. T. sec. 6077.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Nicholas A. Heymsfeld, as executor, acting under the judicial supervision of the Surrogate's Court of Westchester County, New York;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

National and Last Known Address

"Jane" Schmid (first name fictitious), Germany.
"Mary" Schmid (first name fictitious), Germany.
Maria Schmid, Germany.
Julius Rein, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of "Jane" Schmid (first name fictitious), "Mary" Schmid (first name fictitious), Maria Schmid and Julius Rein, and each of them in and to the estate of Katherine Schmid also known as Katherine Schmid, Katie Schmid, Kathrin Schmid and Katharine Schmid, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

SARAH SINGER

In re: Trust created under the will of Sarah Singer, deceased; File D–27–2500; E. T. sec. 3689.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Citizens National Trust & Savings Bank of Los Angeles, Trustee, acting under the judicial supervision of the Superior Court of the State of California, in and for the County of Los Angeles;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Emma Einstein, Germany.
Caroline Einstein, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of Emma Einstein and Caroline Einstein, and each of them, in and to the Trust created under the Will of Sarah Singer, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that —

(1) The property and interests hereinafter described are property which is in the process of administration by Paul W. Sitz, Marion, North Dakota, Administrator, acting under the judicial supervision of the County Court of La Moure County, North Dakota;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Otto Sitz, Germany.
Bruno Sitz, Germany.
Frau Louise Wichmann, Germany.
Martha Krause, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Otto Sitz, Bruno Sitz, Frau Louise Wichmann, and Martha Krause, and each of them, in and to the estate of Paul G. Sitz, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

FLORENCE ELLSWORTH WILSON

In re: Trust under Will of Florence Ellsworth Wilson, deceased; File D–28–7852; E. T. sec. 8481.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Morris Henry Frank, 60 East 42nd Street, New York City, R. Thornton Wilson, 1 Sutton Place South, New York City, and Duncan S. Ellsworth, 1 Sutton Place South, New York City, as Executors and Trustees of the Estate of Florence Ellsworth Wilson, deceased, acting under the judicial supervision of the Surrogate's Court, New York County, State of New York; and

(2) Such property and interests are payable or deliverable to, or claimed by a national of a designated enemy country, Germany, namely,

National and Last Known Address

Theodore R. Heye, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Theodore R. Heye, in and to the trust estate created under the last will and testament of Florence Ellsworth Wilson, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof shall be held in an appropriate special account or accounts pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Franziska Bendan and Flora Bendan, and each of them, in and to the estate of Isidore Witmark, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: May 3, 1944.

REGIONAL ADMINISTRATORS AND DISTRICT DIRECTORS

DELEGATION TO SIGN AND ISSUE RENT AND PRICE SUBPOENAS AND INSPECTION REQUIREMENTS

General Order 53 is amended and revised to read as follows:

Pursuant to the authority conferred upon the Administrator by the Emergency Price Control Act of 1942 as amended, the following order is prescribed:

(a) *Order delegating authority to sign and issue subpoenas and inspection requirements in rent and price investigations.* In connection with any investigation related to the administration or enforcement of the Emergency Price Control Act of 1942 as amended, or any regulation or order issued thereunder, the several Regional Administrators and the several District Directors of the Office of Price Administration are each authorized within their respective regions, or districts to sign and issue: (1) subpoenas requiring any person to appear and testify or to appear and produce documents, or both, at any designated place; (2) inspection requirements requiring any person who is engaged in the business of dealing with any commodity, or who rents or offers for rent or acts as broker or agent for the rental of any housing accommodation, to permit the inspection and copying of records and any other documents and to permit the inspection of inventories or defense-rental area housing accommodations, or both.

(b) The terms used herein shall have the same meaning as in the Emergency Price Control Act.

Issued and effective this 13th day of May 1944.

[Directive Order 3]

PRICE POLICIES IN DISPOSAL OF SUPPLIES, EQUIPMENT, ETC.

DELEGATION OF AUTHORITY TO SURPLUS WAR PROPERTY ADMINISTRATION

The following resolution passed by the Joint Contract Termination Board is hereby made effective:

The Joint Contract Termination Board, acting by agreement among its members and pursuant to Executive Order 9347, dated May 27, 1943, is concerned with all aspects of the termination of war contracts and the subsequent settlement with war contractors, including the rapid disposition of property by or to contractors in connection therewith. It recognises, however, that the price policies employed in the disposition of termination inventories by owning agencies or by contractors, prior to their declaration as surplus, bear an important relation to the price policies to be employed in the disposition of similar property which has been or may be declared surplus, and that a single agency should coordinate such price policies. Accordingly, the Joint Contract Termination Board hereby delegates to the Surplus War Property Administration all authority possessed by the former to determine, and to promulgate by regulation or otherwise, price policies to be followed by Government agencies or by contractors under their authority in the disposal of any article, commodity, machinery, equipment, accessory, part, component, assembly, work in process, or any product of any kind, allocable to a terminated war contract and of any machinery or equipment owned by the Government becoming available for disposition in connection with contract terminations.

[Directive Order 4]

UNIFORM TERMINATION ARTICLE FOR GOVERNMENT FIXED PRICE WAR SUPPLY CONTRACTS

POLICY DETERMINATIONS APPROVED BY JOINT CONTRACT TERMINATION BOARD

The Uniform Termination Article for Government Fixed Price war supply contracts was made effective by directive order from this office dated January 8, 1944 (9 F.R. 478). To the end of securing uniformity and certainty in the interpretation and operation of the Article, the following general policy determinations, with respect to it, which have been approved by the Joint Contract Termination Board, are hereby made effective:

1. Paragraph (b) (4) of the Article provides that the prime contractor shall assign to the Government, in the manner and to the extent directed by the contracting officer, all of the right, title and interest of the prime contractor under the orders or subcontracts terminated by reason of their relationship to the work terminated by the termination notice. This provision was designed to assure the Government's right to require the transfer to it of the property and rights under the subcontract or order acquired by the prime contractor from his subcontractors through payments for which the prime contractor is reimbursed by the Government. Accordingly, paragraph (b) (4) is not to be construed as requiring transfer to the Government of other rights of the prime contractor against the subcontractor (such as set-offs or counterclaims) for which no Government reimbursement is made to the prime contractor. In this connection, it was recognised in the preparation of the Article that uniform provisions could not be drawn which would provide adequately in all cases for the disposition of patent rights involved in prime contracts or subcontracts, and the Article is not intended to forbid the inclusion in contracts of separate provisions covering the disposition of such rights on termination.

2. Paragraph (d) (1) of the Article provides that, in the case of a formula settlement, the contractor will be paid in accordance with the price or prices specified in the contract for completed articles delivered to and accepted by the Government (or sold or retained by the contractor under the provisions of the contract). Paragraph (b) (6) requires the contractor to transfer title and deliver to the Government, in the manner, to the extent and at the times directed by the contracting officer, completed work and other property; and paragraph (b) (7) requires the contractor to use his best efforts to sell any such property in the manner, to the extent, at the time and at the price or prices directed or authorized by the contracting officer.

It was the intent of these provisions, considered together, to require the Government, at times determined by the contracting officer in accordance with applicable regulations, to accept delivery of all articles (which do not represent unreasonable anticipation of production schedules) completed in accordance with the provisions of the contract which the contractor had not previously sold or agreed to retain. In the case of a formula settlement, therefore, all such completed articles will be paid for at the contract price in accordance with the provisions of paragraph (d) (1), rather than at their cost in accordance with the provisions of paragraph (d) (2).

3. Paragraphs (b) (3) and (b) (5) of the Article require the contractor to terminate all orders or subcontracts to the extent that they relate to the performance of any work terminated by the notice of termination; and to settle all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the contracting officer to the extent that he may require, which approval or ratification shall be final for all purposes of the Article. Paragraph (d) (2) (ii) then provides that the Government shall pay to the contractor, among other amounts, the cost of settling and paying claims arising out of the termination of work under subcontracts and orders as provided in paragraph (b) (5).

The Article does not include any provision (corresponding to those occasionally used by one or more of the contracting agencies prior to the effective date of the Article) that, under certain circumstances, final judgments secured by subcontractors against prime contractors in courts of competent jurisdiction were to be regarded as determinations, binding upon the Government, of the amount of the obligation owing by the prime contractor to the subcontractor. The omission of such a provision was not intended to detract from the binding effect of such judgments. In the case of any subcontract which does not contain unusual termination provisions unreasonably increasing the common law rights of the subcontractor, and in which the prime contractor, after making unsuccessful efforts to settle with his subcontractor, is sued in a court of competent jurisdiction, gives prompt notice to the contracting agency involved and offers to the agency control of the defense of the suit, the agency should accept any final judgment as determining the amount of the obligation between the parties to the suit, and as fixing the amount of the Government's obligation to reimburse the prime contractor, to the extent that the subcontract is properly allocable to the prime contract. The propriety of this allocation remains for the determination of the contracting agency.

4. Paragraph (e) (2) of the Article provides that the obligation of the Government to make payments under the Article shall, with certain exceptions, be subject, in the discretion of the contracting officer, to deduction in respect of the amount of any claim of any subcontractor or supplier whose subcontract or order shall have been terminated. The purpose of this provision was to permit the withholding of sums owing by the prime contractor to his subcontractors, in order to assure their receipt by the subcontractor. In any case in which use is made of this provision, the prime contractor is entitled to have the withheld sum applied for his benefit in such a way as to exonerate him, to that extent, from the claim of the subcontractor.

GOVERNMENT ORGANIZATIONS FOR SETTLEMENT OF CONTRACTS, AND REVIEW OF SETTLEMENTS

STATEMENTS OF POLICY BY JOINT CONTRACT TERMINATION BOARD

The statements of policy adopted by the Joint Contract Termination Board as to Government Organizations for Settlement of Terminated War Contracts, and as to Review of Contract Termination Settlements are hereby made effective for use by the War, Navy and Treasury Departments, the Maritime Commission, Smaller War Plants Corporation, Defense Plant Corporation, Defense Supplies Corporation, Metals Reserve Company, Rubber Reserve Company and Foreign Economic Administration. Other departments or agencies of the Government administering the settlement of terminated war contracts will follow the statements of policy to the extent they deem it practicable to do so.

JAMES F. BYRNES,
Director.

MAY 2, 1944.

STATEMENT OF POLICY AS TO GOVERNMENT ORGANIZATIONS FOR SETTLEMENT OF TERMINATED WAR CONTRACTS

PART I—GENERAL PRINCIPLES

1. Simplification and perfection of procedures will not alone suffice to bring about speedy and fair settlements of terminated war contracts. The Government and industry must have organizations adequate, both quantitatively and qualitatively, to handle termination settlements, and the Government in particular must establish means for coordinating the activities of its various agency organizations.

2. Within the Government the principle must obtain that each settlement organization should freely utilize the services and facilities of other settlement organizations better situated to do particular jobs. Each organization should also have access to information obtained by other organizations in their settlement activities. Maximum and most effective utilization of the Government's settlement organizations as a whole requires a high degree of cooperation among the several agencies and of coordination within each agency.

3. There must be constant surveillance by each agency of the operations of its own organization. There must likewise be a continuing effort, through a central body, to maintain uniform policies and procedures of general application and to promote the joint utilization of personnel, information, and experience of all agency organizations. Only in these ways can satisfactory results be assured.

PART II—PROCURING AGENCY ORGANIZATION

4. *Control organizations.* Each procuring agency should establish a supervisory organization within the agency, or should designate for the purpose responsible officials of the agency, to be charged in either case with the responsibility for seeing that the policies established for all procuring agencies are carried out. The functions of such organization or officials should be to supervise the termination activities within the agency to the extent necessary to insure prompt and equitable settlement of terminated contracts, to maintain close contact with the Joint Contract Termination Board, to submit to the Board problems of the agency which involve policies of major importance to the Government or as to which uniformity of action on the part of the several procuring agencies is desirable, and to implement the regulations of the Board by the issuance of detailed regulations governing the termination of contracts and their settlement within the agency.

5. *Collection of information.* It should be the responsibility of the designated organization or officials to maintain current information as to the termination settlements in process within the agency, the personnel available for any work incident to such settlements, and the progress made from time to time in terms of settlements effected. Information as to available personnel should be maintained in such manner as to facilitate the temporary assignment of technical personnel to related work in connection with other settlements within the agency or by other agencies, and such information should be made available to other agencies upon request as needs arise.

PART III—ORGANIZATION AT THE NEGOTIATING LEVEL

6. *Contracting officers and technical staffs.* In all contract relations the Government must act through an agent, usually called the contracting officer, who signs settlemept agreements and other documents on behalf of the Government. In Government corporations, which operate through officers and agents responsible to boards of directors, the

formalities differ somewhat. In both types of organization, however, there is an individual or a group of individuals who must have the primary responsibility for the prompt and equitable settlement of terminated contracts. Such responsible officials must have assistance in all cases from technical staffs, consisting ordinarily of legal, accounting, property disposal, and other specialists. It is the responsibility of each procuring agency to see that adequate technical assistance of this kind is afforded to the responsible officials and is utilized by them.

7. *Joint utilization of technical staffs.* In a number of instances it will be feasible to assign technical personnel directly to the plants or companies having major termination problems, to work with such plants or companies on a full-time basis and to report to responsible settlement officers. All agencies should utilize such assigned personnel to the greatest practicable extent to avoid duplication. There should be similar utilization of personnel not regularly assigned on a full-time basis but already engaged in making other settlements with the same plant or company, where common elements of claims or other factors offer advantages.

8. *Use of procurement organizations.* Full use of the personnel of procurement organizations, including that of procurement offices in the field, should be made to the greatest extent feasible without interference with procurement operations. Such use is especially important in cases where a new contract will take the place of one that has been terminated, so as to integrate the two transactions.

9. *Property disposal organizations.* The settlement of terminated contracts and the disposition of property allocable thereto are related but separate functions requiring operating personnel experienced in widely different fields. Whether property disposal specialists are to operate under the control of contracting officers or under separate organizations within the procuring agency is to be determined by the agency concerned and depends largely upon the volume of property involved, the magnitude of the problems presented, and the requirements of good administration.

10. *Decentralization.* Many of the operations preliminary to the negotiation of settlement agreements will necessarily be performed by field personnel. In deciding to what extent authority for termination settlements should be decentralized, each procuring agency must consider not only the convenience of contractors and the interests of speedy settlement but the judicious use of its qualified personnel.

Approved: May 2, 1944.

JAMES F. BYRNES,
Director,
Office of War Mobilization.

STATEMENT OF POLICY AS TO REVIEW OF CONTRACT TERMINATION SETTLEMENTS

GENERAL PRINCIPLES

1. The policy of the Joint Contract Termination Board is to encourage the fullest practicable use of negotiation as the method of settling terminated contracts in the interest of speed in settlement and fairness to both parties. Each procuring agency shall make every reasonable effort to arrive at negotiated settlements and shall endeavor at all times to guard against the failure of negotiations because of arbitrary or erroneous decisions by individuals authorized to represent the agency in settlement negotiations. Settlement agreements once made should be final and not subject to reopening except for fraud.

2. A proper degree of control over such settlements must, however, be provided for the protection of the Government's interests. The review procedure set forth below is designed to provide the minimum standards to be observed by all procuring agencies. To the extent that it may be feasible to do so without materially slowing the settlement process, procuring agencies may extend the controls afforded by the review procedure beyond the requirements of these minimum standards. The primary objective of promptness in settlement must not be lost sight of, and review of smaller settlements must not be required at the expense of that objective.

SCOPE AND APPLICABILITY

3. The terms "procuring agency" and "agency", as used in this statement of policy, refer specifically to the War, Navy and Treasury Departments, the Maritime Commission, Defense Plant Corporation, Defense Supplies Corporation, Metals Reserve Company, Rubber Reserve Company, and Foreign Economic Administration.

4. The policies and procedures set forth herein shall apply to war contracts terminated other than for default. Any agency, however, may exempt from such policies and procedures contracts in any of the following categories:

(a) Contracts with instrumentalities of the Government or with States, Territories or possessions of the United States or instrumentalities thereof;

(b) Contracts with a foreign government;

(c) Contracts to be substantially performed outside the territorial limits of the continental United States.

ADMINISTRATIVE REVIEW

5. Each procuring agency shall establish one or more settlement review boards, which shall be decentralized to the maximum practicable extent. No negotiated settlement agreement providing for payment to any prime contractor, or to any subcontractor, of an amount in excess of $50,000, as determined in paragraph 6 below, shall be permitted to become binding upon the Government until the proposed settlement has been reviewed and approved by such a board or, in the event of its disapproval, until approved by the head of the procuring agency or such representative as he may designate for that purpose. More than one such approval shall not be required generally with respect to any settlement agreement, but this shall not prevent any procuring agency from providing such headquarters review as it may deem desirable in the case of exceptionally large settlements. Contracting officers may be permitted to submit for such review and approval as the procuring agency may specify any proposed settlement agreements which they consider doubtful. Property disposal boards, if established within the agency, may be utilized in lieu of settlement review boards for the review of property disposal transactions involved in settlements.

6. In determining for review purposes whether any proposed settlement of a prime contract or of a subcontract exceeds $50,000, any amounts credited on account of the disposition of property shall not be deducted from the amount of the settlement, but there shall be excluded (1) amounts payable for completed articles or work at the contract price, and (2) amounts payable for the discharge of all claims of subcontractors or suppliers under such prime contract or subcontract, as the case may be.

7. In the case of terminated cost plus fixed fee prime contracts and terminated cost plus subcontracts where reimbursement of the costs is made after appropriate audit, the foregoing rules will be inapplicable. Each procuring agency shall, however, prescribe such requirements in respect to the review of adjustments in fixed fees as it deems desirable.

8. It shall be the function of settlement review boards to determine the over-all reasonableness of proposed settlements from the standpoint of protecting the Government's interests. Such boards may act upon records submitted by contracting officers or may require the submission of additional information.

Approved May 2, 1944.

RAILROAD RETIREMENT BOARD.

[Jurisdictional Docket 26]

MIDLAND RAILWAY CO. OF MANITOBA

NOTICE OF HEARING

In the matter of the status under the Railroad Unemployment Insurance Act of the Midland Railway Company of Manitoba and of the individuals performing service in its operations.

Pursuant to regulations under the Railroad Unemployment Insurance Act (45 U.S.C. secs. 351-367), Par 319, §§ 319.42 et seq. (7 F.R. 4777), the following order has been issued:

Order Awarding Benefits on the Basis of Compensation Earned for Service Rendered in the Operations of the Midland Railway Company of Manitoba; Reopening General Counsel's Initial Determination With Respect to Such Service, for Further Proceedings; and Designating Examiner

Whereas the General Counsel, on June 30, 1939, made a determination that the Midland Railway Company of Manitoba is an "employer" under the Railroad Unemployment Insurance Act, and that the individuals performing service in the operations of the Midland Railway Company of Manitoba are covered "employees" under the act; and

Whereas the Midland Railway Company of Manitoba has denied that the Railway Company or the individuals performing service in its operations are covered by the Railroad Unemployment Insurance Act, and has not complied with the provisions of the act; and

Whereas no benefits under the Railroad Unemployment Insurance Act have heretofore been awarded in accordance with the General Counsel's determination of June 30, 1939;

Now, therefore, pursuant to the authority vested in me by Part 319 of the regulations of the Board governing proceedings under section 5 (c) of the Railroad Unemployment Insurance Act, I hereby order and direct that:

(1) Benefits be, and they hereby are, awarded in accordance with the General Counsel's determination of June 30, 1939, to all individuals whose compensation earned for service rendered in the operations of the Midland Railway Company of Manitoba exclusively or in addition to compensation earned in other employee service for covered employers, is $150 or more in the applicable base year, such benefits to be determined in accordance with section 2 (a) of the Railroad Unemployment Insurance Act by including compensation earned for service rendered in the operations of the Midland Railway Company of Manitoba, and to be payable for any days of unemployment established in accordance with the Railroad Unemployment Insurance Act and applicable regulations: *Provided, however,* That all benefits paid pursuant to this award shall be paid subject to a right of recovery thereof as provided in section 5 (c) of the Railroad Unemployment Insurance Act; and

(2) The General Counsel's determination of June 30, 1939, be, and it hereby is, reopened for further consideration and proceedings in accordance with Part 319 of the regulations; and for the conduct of such proceedings, Mr. Jacob Abrahamson is designated to serve as examiner, with all powers, duties and functions accruing to such examiner pursuant to such designation under Part 319 of the said regulations. The examiner shall arrange for a hearing at the earliest date meeting the convenience of parties in interest, and shall notify all parties properly interested in any issue involved in the proceeding of their right to participate in the proceeding and to present evidence and argument.

Dated: January 31, 1944.

JOSEPH H. FREEHILL,
General Counsel.

Pursuant to the above order, notice is hereby given that a hearing will be held Wednesday, May 31, 1944, at 10:00 a. m., in Courtroom No. 3, Uptown Station and Federal Courts Building, St. Paul, Minnesota, on the following questions:

(1) Has the Midland Railway Company of Manitoba ever been a carrier, within the meaning of the Railroad Unemployment Insurance Act?

(2) Has the Midland Railway Company of Manitoba ever been directly or indirectly owned or controlled by, or under common control with, one or more carriers, within the meaning of the Railroad Unemployment Insurance Act?

(3) Has the Midland Railway Company of Manitoba ever operated any equipment or facilities (other than casual operation of equipment or facilities) or performed any service (other than trucking service or casual service) in connection with the transportation of passengers or property by railroad, or the receipt, delivery, elevation, transfer in transit, refrigeration or icing, storage, or handling of property transported by railroad, within the meaning of the Railroad Unemployment Insurance Act?

(4) Have the individuals engaged in the performance of service in the operations of the Midland Railway Company of Manitoba been, and are they, subject to the continuing authority of the Great Northern Railway Company, or the Northern Pacific Railway Company, or both, to supervise and direct the manner of rendition of their service, so as to have been, and to be, with respect to such service, employees of the Great Northern Railway Company, or the Northern Pacific Railway Company, or both, within the meaning of the Railroad Unemployment Insurance Act?

The Midland Railway Company of Manitoba, the Great Northern Railway Company, the Northern Pacific Railway Company, the individuals who have been awarded benefits on the basis of pay earned for service rendered in the operations of the Midland Railway Company of Manitoba, and all other parties properly interested may participate in the hearing and will be afforded an opportunity to present evidence and to make arguments before the examiner.

In preparation for, and in the conduct of, said hearing, the examiner is authorized to require and compel the attendance of witnesses, administer oaths, take testimony, and make all necessary investigations. A record will be kept of all evidence and arguments presented, orally or in writing, at said hearing. The evidence presented orally will be under oath. Parties offering exhibits to be admitted in evidence at the hearing may be required to furnish copies of the same to all other parties participating or entering an appearance in the proceeding.

PUBLIC SERVICE CORP. OF NEW JERSEY

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 11th day of May 1944.

Public Service Corporation of New Jersey, a holding company and a subsidiary of The United Corporation, a registered holding company, having filed a declaration pursuant to section 12 of the Public Utility Holding Company Act of 1935 and Rule U-43 promulgated thereunder with respect to the following transactions:

Public Service Corporation of New Jersey proposes to deliver, pursuant to a general call for redemption, $135,000 principal amount of New Jersey and Hudson River Railway and Ferry Company First Mortgage 4% Fifty-year Bonds assumed on June 28, 1940 by Public Service Coordinated Transport, a subsidiary of Public Service Corporation of New Jersey. In connection therewith, Public Service Corporation of New Jersey proposes to contribute to Public Service Coordinated Transport $43,496.25 cash, representing the difference between the redemption price of 105% and the cost of the bonds to Public Service Corporation of New Jersey purchased in the open market for $98,253.75; and

Said declaration having been filed on April 14, 1944 and notice of said filings having been duly given in the form and manner prescribed by Rule U-23, and the Commission not having received a request for a hearing with respect to said declaration within the period prescribed in said notice or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the requirements of section 12 (d) of the act and Rule U-43 thereunder are satisfied, and deeming it appropriate in the public interest and in the interests of investors and consumers to permit said declaration to become effective:

It is hereby ordered, pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-26, that the aforesaid declaration be, and hereby is, permitted to become effective forthwith.

FEDERAL HOME HEATING CO.

CONSENT ORDER

Ferdinand J. Kirschofer is the sole owner and proprietor of Federal Home Heating Co. and is a heating contractor doing business at 187 Delaware Avenue, Buffalo, New York. On March 29, 1944, he was charged by the War Production Board with a violation of Preference Rating Order P-94 in that he improperly applied preference ratings to secure heating equipment which he sold and installed over a period of about one year without obtaining customers' certifications as required in paragraph (d) (1) in said order as amended.

Ferdinand J. Kirschofer trading as Federal Home Heating Co. admits numerous violations of Preference Rating Order P-94 as charged and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Ferdinand J. Kirschofer trading as Federal Home Heating Co., the Regional Compliance Chief and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Deliveries of material to Ferdinand J. Kirschofer trading as Federal Home Heating Co., his successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating orders, preference rating certificates, general preference orders, or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation shall be made to Ferdinand J. Kirschofer trading as Federal Home Heating Co., his successors or assigns, of any material, the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) If through lack of knowledge or information, inadvertence, mistake or otherwise, such deliveries of material are attempted, or such allocation, application or extension is made the said Ferdinand J. Kirschofer trading as Federal Home Heating Co., his successors and assigns are hereby prohibited from accepting any materials thereunder, or from undertaking any installations in which such materials are in any manner used.

(d) Nothing contained in this order shall be deemed to relieve the said Ferdinand J. Kirschofer trading as Federal Home Heating Co., his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on May 13, 1944, and shall expire September 13, 1944.

Issued this 6th day of May 1944

Washington, Wednesday, May 17, 1944

Regulations

TITLE 10—ARMY: WAR DEPARTMENT

Chapter VI—Organized Reserves

PART 64—ENLISTED RESERVE CORPS

CURRENT PROCEDURES GOVERNING ENLISTMENTS, ETC.

Section 64.20 is added as follows. This section supersedes notice published in the FEDERAL REGISTER 30 March 1944 (9 F.R. 3417).

§ 64.20 *Current procedures pertaining to the Enlisted Reserve Corps.* The following current procedures govern the enlistment in, transfer to, call to active duty from, discharge from, and reports of status of, the Enlisted Reserve Corps:

(a) *Enlistments in Enlisted Reserve Corps.* All enlistments in the Enlisted Reserve Corps will be in the seventh grade only. Army serial numbers will be assigned at the time of enlistment from blocks allotted for use by the Regular Army. All men in the enlisted Reserve Corps must be qualified for general military service.

(1) *Enlisted Reserve Corps, unassigned.* (i) Any man who has attained his seventeenth birthday but has not attained his eighteenth birthday may be enlisted in the Enlisted Reserve Corps, unassigned, provided consent of his parents or guardian is obtained. Included in this category are successful applicants in the Army-Navy College Qualifying Tests.

(ii) Applicants for the Enlisted Reserve Corps unassigned (which includes candidates for AST Reserve Training) must be physically examined and found qualified for general military service prior to enlistment. When necessary, applicants who are otherwise qualified may be transported from the recruiting station to the nearest station where a physical examination may be given, and return, at Government expense.

(2) *Air Corps Enlisted Reserve (ACER).* (i) Any man who has attained his seventeenth birthday but has not attained his eighteenth birthday may be enlisted in the Air Corps Enlisted Reserve, provided he has previously qualified for aviation cadet training under current standards and provided the consent of his parents or guardian is obtained.

(ii) An applicant for air crew training who has been otherwise qualified may, when necessary, be transported from the station at which the examining board is located to the nearest station where a physical examination for flying may be given, and return, at Government expense. See §§ 74.1 to 74.7 and § 71.10 of this title.

(b) *Transfers to enlisted reserve components.* No enlisted person will be released from active service and transferred to the Enlisted Reserve Corps, unassigned, or to the Air Corp Enlisted Reserve without authority of the War Department, except as follows:

(1) Voluntary induction and transfer to the Air Corps Enlisted Reserve of instructors and mechanics employed by civilian contract flying schools under contract with the War Department to train aviation cadets is authorized.

(2) United States citizens of Japanese ancestry who are inducted in the Army under normal induction procedures will be transferred to the Enlisted Reserve Corps, unassigned, to await call to active duty.

(3) Women at the time of enlistment in the Women's Army Corps may be transferred to the Enlisted Reserve Corps, unassigned, to await call to active duty.

(4) Enlisted men, except former members of the National Guard, over 38 years of age serving overseas and having applied for release under the provisions of Circular No. 92, War Department, 1943, and whose applications have not been processed may be released and transferred to the Enlisted Reserve Corps, unassigned, or the Air Corps Enlisted Reserve, whichever is appropriate upon return to the continental limits of the United States.

(c) *Call to active duty.* (1) Men enlisted under the authority contained in paragraph (a) (1) and (2) of this section will not be ordered to active duty until

(i) Students in colleges and secondary schools may, upon their own application, be deferred from call to active duty to complete the semester, quarter, or trimester in which they reach their respective eighteenth birthdays. *Provided further*, That no such student will be deferred more than 6 months after reaching his eighteenth birthday.

(ii) Students in the Army Specialized Training Reserve Program will not be called to active duty until the end of the term in which they reach their respective eighteenth birthdays.

(2) United States citizens of Japanese ancestry who have been inducted and transferred to the Enlisted Reserve Corps, unassigned, will be called to active duty for training in groups as determined by the needs of the service.

(3) Enlisted personnel transferred to the Enlisted Reserve Corps, unassigned, or to the Air Corps Enlisted Reserve to accept employment in essential industry, including agriculture or other essential civilian employment, may be recalled to active duty:

(i) At the expiration of the deferment period.

(ii) Upon failure to remain employed in essential industry.

(iii) Upon recommendation of the State Director of Selective Service or the employer concerned, with the approval of the War Department.

(4) Members of the Air Corps Enlisted Reserve placed in such category by reason of their employment in key positions with the civilian flying schools under contract with the War Training Service (CPT), Civil Aeronautics Administration, civilian flying training schools under contract with the War Department to train aviation cadets, when released from such employment by reason of personnel reduction or for other causes beyond control of the individual, will be given an opportunity to express a preference for either call to active duty for service in an enlisted status with the Army Air Forces, or for discharge from the Air Corps Enlisted Reserve. If, however, the release of such Reservists is not occasioned by causes beyond their control, they will be called to active duty in enlisted status for service with the Army Air Forces. Air Corps Enlisted Reservists employed by the Air Transport Command, or by civilian airlines under contract with the Government, will be called to active duty at the request of the Commanding General, Army Air Forces, upon notification by the employer of the individuals concerned of their separation from such employment, or sooner if the military situation requires.

(5) Preprofessional students (premedical, predental, and preveterinary) who are members of the Enlisted Reserve Corps, unassigned, and who have upon their own application continued on an inactive status to complete preprofessional work at their own expense under the authority contained in Memorandum No. W150–10–43, 4 June 1943, will be called to active duty upon completion of minimum requirements for admission to schools of medicine, dentistry, or veterinary medicine, or upon the initiation of ASTP preprofessional training at the institutions which they are attending.

(6) *Voluntary requests for call to active duty.* (i) Members of the Enlisted Reserve Corps, unassigned, may be called to active duty upon submission in writing of their formal request to the commanding general of the service command of residence.

(ii) Members of the Air Corps Enlisted Reserve may be called to active duty upon their own request subject to the approval of the Commanding General, Army Air Forces.

(7) Members of the Signal Corps Enlisted Reserve assigned to the Electronics Training Group, Office of the Chief Signal Officer, will be called to active duty at such time as they have completed the prescribed course of training at the institutions where they are receiving training. Students who fail to maintain satisfactory scholastic averages will be discharged from the Signal Corps Enlisted Reserve.

(8) Women enlisted in the Women's Army Corps and transferred to the Enlisted Reserve Corps, unassigned, will be called to active duty consistent with the time specified on their orders and the needs of the service. This period will not exceed 30 days, except that in individual cases under exceptional circumstances when the commanding general of the service command of residence may grant a reasonable extension.

(d) *Discharges.* (1) Members of Enlisted Reserve Corps components may be discharged:

(i) By order of the President or the Secretary of War.

(ii) Members of the Air Corps Enlisted Reserve may be discharged for reasons not included in (iii) below by direction of the commanding general of a service command upon the recommendation of the Commanding General, Army Air Forces.

(iii) By direction of the commanding general of a service command, or such officers who may be designated by him for that purpose:

(*a*) On account of physical disability.

(*b*) Upon acceptance of a commission in the Armed Forces.

(*c*) Upon conviction and sentence by a civil court for the commission of a crime or crimes as enumerated in Army Regulations.

(*d*) Because of inaptness or failure to possess the required degree of adaptability for military service, or because of evidence of habits or traits of character which render retention in the service undesirable.

(2) *Members of National Guard units.* Upon being relieved from active duty in the military service of the United States all individuals who were members of the National Guard of the United States ordered into the active military service will revert to their National Guard status.

(e) *Conflict with other regulations.* In instances where this section is in conflict with §§ 64.1 to 64.13 of this part, the provisions of this section will govern. (39 Stat. 195; 41 Stat. 780; 44 Stat. 705; 10 U.S.C. 421, 423–427) [W.D. Cir. 117, 1944 as amended by W.D. Cir. 178, 5 May 1944]

Chapter IX—Transport

PART 93—TRANSPORTATION OF INDIVIDUALS

TRANSPORTATION OF AUTHORIZED BAGGAGE

Section 93.8 is amended as follows:

§ 93.8 *Transportation of authorized baggage*—(a) *When shipment authorized*—(1) *Disabled enlisted personnel.* Any enlisted person of the first, second, third, or fourth grade, from his last duty station to his home, who having 10 or more years' service in the Army is discharged on account of disability incurred in the line of duty, but no excess weight will be shipped. See sec. 1, act 29 August 1916 (39 Stat. 633; 10 U.S.C. 823).

(2) *Upon decease.* The effects of officers, including officers of the Army of the United States; Reserve officers; Women's Army Corps officers; officers of the National Guard of the United States; Army nurses; dietitians, physical therapy aides, and commissioned technical and professional female personnel of the Medical Department; warrant officers; flight officers; cadets, United States Military Academy; aviation cadets; or enlisted personnel; or civilian employees who die in the service may be shipped from their last duty stations and/or places of storage to such places as may be the homes of their legal heirs. The term "die in the service" as used in this subparagraph includes also death within the period of 1 year after date of retirement of such persons, excepting civilian employees, whose effects had not been previously shipped in connection with their retirement. The term "effects" as used in this subparagraph means household goods and other personal property, including personal effects, and professional books and papers, but without limitation as to weight; but it does not include automobiles. Shipment will not be made in separate lots to any one heir from any one shipping point. Chapter I—Federal Trade Commission

[Docket No. 4890]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

WASHINGTON INSTITUTE, ET AL.

§ 3.6 (a) *Advertising falsely or misleadingly; business status, advantages or connection of advertiser; individual or private business as educational, religious or research institution:* § 3.6 (f) *Advertising falsely or misleadingly; demand or business opportunity:* § 3.6 (y 10) *Advertising falsely or misleadingly; scientific or other relevant facts:* § 3.96 (b) *Using misleading name; vendor; individual or private business being educational, religious or research institution.* In connection with the offer, etc., in commerce of courses of study and instruction intended for preparing students thereof for examinations for Civil Service positions under the United States Government or any similar courses of study, (1) using the word "Institute" or any abbreviation or simulation thereof as part of said respondent's trade name or as part of the name of respondent's school; or otherwise representing directly or by implication that respondent's school is an institute; (2) representing directly or by implication that the number of positions available in the United States Civil Service or in any branch thereof is greater than is actually the fact; (3) representing directly or by implication that examinations for positions in the United States Civil Service are held at more frequent intervals than is actually the fact or that appointments to positions are made within a shorter period of time after the examination than is actually the fact; (4) representing directly or by implication that certain specified Civil Service positions are open and available to students of said respondent's courses when in fact such positions are not open and available or when such positions are such that students of respondent's courses cannot

properly qualify; and (5) misrepresenting in any manner the possibilities or opportunities for employment in Civil Service positions of students of said respondent's course of study; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Washington Institute, et al., Docket 4890, April 26, 1944]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 26th day of April, A. D. 1944.

In the Matter of Washington Institute, a Corporation, Arthur F. Johnstone and Jorene Johnstone, Individually and as Officers of Washington Institute

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers of respondents, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence, and brief in support of the complaint (no brief having been filed by the respondents and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondent Washington Institute, a corporation, has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent Washington Institute, a corporation, and its officers, representatives, agents, and employees in connection with the offering for sale, sale, and distribution in commerce as "commerce" is defined in the Federal Trade Commission Act of courses of study and instruction intended for preparing students thereof for examinations for Civil Service positions under the United States Government of any similar courses of study, do forthwith cease and desist from:

1. Using the word "Institute" or any abbreviation or simulation thereof as part of said respondent's trade name or as part of the name of respondent's school; or otherwise representing directly or by implication that respondent's school is an institute.

2. Representing directly or by implication that the number of positions available in the United States Civil Service or in any branch thereof is greater than is actually the fact.

3. Representing directly or by implication that examinations for positions in the United States Civil Service are held at more frequent intervals than is actually the fact or that appointments to positions are made within a shorter period of time after the examination than is actually the fact.

4. Representing directly or by implication that certain specified Civil Service positions are open and available to students of said respondent's courses when in fact such positions are not open and available or when such positions are such that students of respondent's courses cannot properly qualify.

5. Misrepresenting in any manner the possibilities or opportunities for employment in Civil Service positions of students of said respondent's courses of study.

It is further ordered, That the complaint herein be, and it hereby is, dismissed as to the individual respondents, Arthur F. Johnstone and JoRene Johnstone.

It is further ordered, That the respondent Washington Institute shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

[Amdt. 234]

PART 614—GROUPING AND SERIAL NUMBERING REGISTRATION CARDS

REGISTRANTS RESIDING OUTSIDE LOCAL BOARD AREA

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend paragraph (b) of § 614.5 to read as follows:

§ 614.5 *Registrants residing outside local board area; Disposition of Registration Cards.* • • •

(b) If the place of residence shown on line 2 of any Registration Card (Form 1) is nonexistent or is outside of the continental United States, the Territory of Alaska, the Territory of Hawaii, Puerto Rico, and the Virgin Islands of the United States, the local board in whose area the registrant registered shall retain such card and if such card has been or is forwarded to another local board or the State Director of Selective Service, it shall be returned to the local board in whose area the registrant registered.

The foregoing amendment to the Selective Service regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 622—CLASSIFICATION

MISCELLANEOUS AMENDMENTS

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend paragraph (a) of § 622.15 to read as follows:

§ 622.15 *Class I–C: Member of land or naval forces of United States.* (a) In Class I–C shall be placed or retained:

(1) Every registrant who is, or who by induction, enlistment, or appointment becomes a commissioned officer, warrant officer, field clerk, pay clerk, or enlisted man of the Regular Army, the Navy, the Marine Corps, the Coast Guard, the federally recognized active National Guard, the Officers' Reserve Corps, the Army of the United States, the Regular Army Reserve, the Enlisted Reserve Corps, the Naval Reserve, the Marine Corps Reserve, the Coast Guard Reserve (other than temporary), or any other branch or component of the land or naval forces; or

(2) Every registrant who is a cadet of the United States Military Academy, a midshipman of the United States Naval Academy, or a cadet of the United States Coast Guard Academy; or

(3) Every registrant who has been separated from the land or naval forces by death at any time; or

(4) Every registrant who has been separated from the land or naval forces by honorable discharge based on physical or mental disability. A registrant placed in Class I–C under the provisions of this subparagraph shall be retained in Class I–C so long as the registrant qualifies for classification in any deferred class. If at any time the local board determines that the registrant does not qualify for classification in any deferred class, the registrant shall nevertheless be retained in Class I–C unless after the local board has complied with such procedures for the reconsideration of the registrant's physical and mental condition as the Director of Selective Service has heretofore or may hereafter prescribe, the registrant has been forwarded for preinduction physical examination and has been accepted for general military service.

2. Amend § 622.21 to read as follows:

§ 622.21 *Class II–A: Man supporting the national health, safety, or interest.* (a) In Class II–A shall be placed any registrant age 18 through 25:

(1) Who is found to be "necessary to and regularly engaged in" an activity in support of the national health, safety, or interest and who meets all the conditions for deferment which have been established by the Director of Selective Service for registrants in this age group, or

(2) Who is found to be disqualified for any military service or to be qualified for limited military service only and to be "regularly engaged in" an activity in support of the national health, safety, or interest.

(b) In Class II–A shall be placed any registrant age 26 through 29:

(1) Who is found to be "necessary to and regularly engaged in" an activity in support of the national health, safety, or interest, or

(2) Who is found to be disqualified for any military service or to be qualified for limited military service only and to be "regularly engaged in" an activity in support of the national health, safety, or interest.

(c) In Class II–A shall be placed any registrant age 30 through 37 or age 38 through 44 who is found to be "regularly engaged in" an activity in support of the national health, safety, or interest.

3. Amend § 622.22 to read as follows:

§ 622.22 *Class II–B: Man in war production.* (a) In Class II–B shall be placed any registrant age 18 through 25:

(1) Who is found to be "necessary to and regularly engaged in" an activity in war production and who meets all conditions for deferment which have been established by the Director of Selective Service for registrants in this age group or,

(2) Who is found to be disqualified for any military service or to be qualified for limited military service only and to be "regularly engaged in" an activity in war production.

(b) In Class II–B shall be placed any registrant age 26 through 29:

(1) Who is found to be "necessary to and regularly engaged in" an activity in war production, or

(2) Who is found to be disqualified for any military service or to be qualified for limited military service only and to be "regularly engaged in" an activity in war production.

(c) In Class II–B shall be placed any registrant age 30 through 37 or age 38 through 44 who is found to be "regularly engaged" in an activity in war production.

4. Amend paragraph (b) of § 622.22–2 to read as follows:

§ 622.22–2 *Length of deferments in Class II–A and Class II–B.* • • •

(b) At the expiration of the period of a registrant's deferment in Class II–A or Class II–B, his classification shall be reopened and he shall be classified anew. The registrant should be continued in Class II–A or Class II–B for a further period of six months or less if such classification is warranted. The same rules shall apply when classifying a registrant at the end of each successive period for which he has been classified in Class II–A or Class II–B.

5. Amend the regulations by deleting § 622.24 in its entirety.

6. Amend § 622.25–1 to read as follows:

§ 622.25–1 *Class II–C: Man in agriculture.* (a) In Class II–C shall be placed any registrant age 18 through 25 or age 26 through 29:

(1) Who is found to be "necessary to and regularly engaged in" an agricultural occupation or endeavor essential to the war effort and for whom a satisfactory replacement cannot be obtained, or

(2) Who is found to be disqualified for any military service or to be qualified for limited military service only and to be "regularly engaged in" an agricultural occupation or endeavor essential to the war effort.

(b) In Class II–C shall be placed any registrant age 30 through 37 or age 38 through 44 who is found to be "regularly engaged in" an agricultural occupation or endeavor essential to the war effort.

7. Amend paragraph (b) of § 622.25–2 to read as follows:

§ 622.25–2 *Length of deferments in Class II–C.* • • •

(b) At the expiration of the period of a registrant's deferment in Class II–C, his classification shall be reopened. The registrant should be continued in Class II–C for a further period of six months or less if such classification is warranted. A registrant, age 18 through 29 (other than a registrant who has been found to be disqualified for any military service or to be qualified for limited military service only), shall not be continued in Class II–C unless the local board is satisfied that a satisfactory replacement cannot be obtained. The same rules shall apply when again classifying a registrant at the end of each successive period for which he has been classified in Class II–C.

8. Amend § 622.41 to read as follows:

§ 622.41 *Class IV–A: Man deferred by reason of age.* In Class IV–A shall be placed every registrant liable for training and service who has attained the forty-fifth anniversary of the day of his birth and (1) who has not been inducted into the land or naval forces, or (2) who after being inducted into the land or naval forces has been separated therefrom under circumstances which require his reclassification; *Provided* That if and when the Director of Selective Service advises the local board that such a registrant is acceptable to the land or naval forces, such registrant may file with his local board a written request that he be inducted, in which case he shall be classified without reference to his age, and if he is not placed in a deferred classification, he may be inducted.

9. Amend § 622.43 to read as follows:

§ 622.43 *Class IV–C: Registrants not acceptable for training and service because of nationality or ancestry, neutral aliens requesting relief from training and service, aliens not acceptable to the armed forces or to the Director of Selective Service, and aliens who have departed and are not residing in the United States.* In Class IV–C shall be placed any registrant:

(a) Who is an alien and, because of his nationality or ancestry, is within a class of persons not acceptable under any circumstances to the land or naval forces for training and service or to the Director of Selective Service for work of national importance under civilian direction. The Director of Selective Service will advise local boards which classes of registrants are not acceptable under any circumstances.

(b) Who is an alien and who is a citizen or subject of a neutral country (see § 601.2) and who, at any time prior to (1) his induction into the land or naval forces of the United States, or (2) his assignment to work of national importance under civilian direction, files with his local board an Application by Alien for Relief from Military Service (Form 301) executed in duplicate. The local board shall forward the original of such form to the Director of Selective Service through the State Director of Selective Service and shall retain the duplicate in the registrant's Cover Sheet (Form 53).

(c) Who because he is an alien or because of his ancestry is, under procedure prescribed by the Director of Selective Service, found by the land or naval forces to be unacceptable for training and service or by the Director of Selective Service to be unacceptable for work of national importance under civilian direction.

(d) Who is an alien and has departed from and is no longer residing in the United States. Such alien shall be classified in Class IV–C even though he is a delinquent, but this classification shall in no way relieve him from liability for prosecution for violation of the selective service law. If any registrant so classified under this paragraph returns to the United States to reside therein, his classification shall be reopened and he shall be classified anew.

Provided, That if the local board finds that any such registrant is "regularly engaged in" an agricultural occupation or endeavor essential to the war effort (§ 622.25–1), in an activity in war production (§ 622.22), or in an activity in support of the national health, safety, or interest (§ 622.21), he shall not be classified in Class IV–C but shall be classified in Class II–C, Class II–B, Class II–A, as the case may be.

10. Amend paragraph (a) of § 622.61 to read as follows:

§ 622.61 *Class IV–F: Morally unfit.* (a) In Class IV–F shall be placed every registrant who, under procedures and standards prescribed by the land and naval forces, is found to be morally unacceptable for training and service or, under procedures and standards prescribed by the Director of Selective Service, is found to be morally unacceptable for assignment to work of national importance; *Provided*, That if the local board finds that any such registrant is "regularly engaged in" an agricultural occupation or endeavor essential to the war effort (§ 622.25–1), in an activity in war production (§ 622.22), or in an activity in support of the national health, safety, or interest (§ 622.21), he shall not be classified in Class IV–F but shall be classified in Class II–C, Class II–B, or Class II–A, as the case may be.

11. Amend § 622.62 to read as follows:

§ 622.62 *Class IV–F: Physically or mentally unfit.* In Class IV–F shall be placed any registrant who is found to be physically or mentally unfit for service; *Provided*, That (1) if the local board finds that such registrant has been separated from the land or naval forces by Honorable Discharge based on physical or mental disability, he shall not be placed in Class IV–F but shall be classified in Class I–C under § 622.15, or (2) if the local board finds that any such registrant (other than a registrant separated from the land or naval forces by honorable discharge based on physical or mental disability) is "regularly engaged in" an agricultural occupation or endeavor essential to the war effort (§ 622.25–1), in an activity in war production (§ 622.22), or in an activity in support of the national health, safety, or

interest (§ 622.21), he shall not be classified in Class IV–F but shall be classified in Class II–C, Class II–B, or Class II–A, as the case may be.

12. Amend the regulations by deleting § 622.84 in its entirety.

The foregoing amendments to the Selective Service regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 622—CLASSIFICATION

MINISTER OR DIVINITY STUDENT

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 622.44 to read as follows:

§ 622.44 *Class IV–D: Minister of religion or divinity student.* (a) In Class IV–D shall be placed any registrant:

(1) Who is a regular minister of religion, or

(2) Who is a duly ordained minister of religion, or

(3) Who is a student preparing for the ministry in a theological or divinity school which has been recognized as such for more than one year prior to the date of enactment of the Selective Training and Service Act of 1940 (September 16, 1940), or

(4) Who has been accepted for admittance to a theological or divinity school referred to in subparagraph (3) above and who, on a full-time and accelerated basis under the general direction of such theological or divinity school, is pursuing a course of study required by the theological or divinity school in which he has been accepted for admittance and who has been formally accepted as a candidate for the ministry by the highest authority governing ordination of a recognized church, religious sect, or religious organization.

(b) A "regular minister of religion" is a man who customarily preaches and teaches the principles of religion of a recognized church, religious sect, or religious organization of which he is a member, without having been formally ordained as a minister of religion; and who is recognized by such church, sect, or organization as a minister.

(c) A "duly ordained minister of religion" is a man who has been ordained in accordance with the ceremonial ritual or discipline of a recognized church, religious sect, or religious organization, to teach and preach its doctrines and to administer its rites and ceremonies in public worship; and who customarily performs those duties.

The foregoing amendment to the Selective Service regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 623—CLASSIFICATION PROCEDURE

MISCELLANEOUS AMENDMENTS

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 623.21 to read as follows:

§ 623.21 *Order in which classes are to be considered.*—(a) Upon undertaking to classify any registrant, consideration shall be given to the following classes in the order listed and the registrant shall be classified in the first class for which grounds are established:

Class I–C.	Class II–B.
Class IV–A.	Class II–A.
Class IV–D.	Class III–D.
Class IV–B.	Class IV–C.
Class II–C.	Class IV–F (Moral).

(b) If the registrant is not classified in one of the classes set forth in paragraph (a) above, he shall be classified in Class I–A; provided, if he claims to be a conscientious objector, the claim shall be determined; and, if he is found to be a conscientious objector to combatant military service only, he shall be classified in Class I–A–O or, if he is found to be a conscientious objector to both combatant and noncombatant military service, he shall be classified in Class IV–E.

2. Amend § 623.31 to read as follows:

§ 623.31 *Manner in which registrants are to be examined.* Physical examination of registrants classified in Class I–A, Class I–A–O, or Class IV–E will be accomplished under the provisions of Part 629.

3. Amend the regulations by deleting § 623.51 in its entirety.

4. Amend § 623.53 to read as follows:

§ 623.53 *Registrant disqualified for service.* Whenever a man is found to be disqualified for any military service or qualified for limited service only under Part 629, or when a man is found disqualified for any military service when he is forwarded for induction under Part 633, or when he is separated from the land or naval forces, his classification shall be reviewed and if, under the provisions of Part 622, he should be placed in some other class, his classification shall be reopened and he shall be classified anew.

5. Amend the regulations by deleting § 623.54 in its entirety.

6. Amend § 623.55 to read as follows:

§ 623.55 *Reclassification of separated or disqualified men.* When a registrant has been separated from service or has been found to be disqualified for service, the local board should not thereafter place him in a class available for service unless and until the local board has complied with such procedures applicable to him as the Director of Selective Service has heretofore or may hereafter prescribe.

7. Amend § 623.61 to read as follows:

§ 623.61 *Classification and change of classification.* (a) As soon as practicable after the local board has classified or changed the classification of a registrant, it shall mail a notice thereof on a Notice of Classification (Form 57) to the registrant. (The date on which the deferment of the registrant terminates will be shown if he is classified in Class II–A, Class II–B, or Class II–C.) The local board shall also mail a Notice of Classification (Form 57) to the registrant who is retained or placed in Class I–C after separation from the land or naval forces by honorable discharge based on physical or mental disability.

(b) As soon as practicable after the local board has classified or changed the classification of a registrant, it shall mail a notice thereof on a Classification Advice (Form 59) to the persons specified below. (The date on which the deferment of the registrant terminates will be shown if he is classified in Class II–A, Class II–B, or Class II–C.) The local board will also mail to the persons specified below Classification Advices (Form 59) concerning each registrant who is retained or placed in Class I–C after separation from the land or naval forces by honorable discharge based on physical or mental disability.

(1) Every person whose signed Affidavit—Occupational Classification (Form 42) or Affidavit—Occupational Classification (Form 42A) is on file in the registrant's Cover Sheet (Form 53);

(2) Every person whose signed affidavit of Dependent Over 18 Years of Age (Form 40A) is on file in the registrant's Cover Sheet (Form 53); and

(3) Any other person authorized to request the reopening of the registrant's classification under the provisions of § 626.2 and whose request that the registrant's classification be reopened is on file in the registrant's Cover Sheet (Form 53).

(c) After each local board meeting, a copy of the Local Board Action Report (Form 110), listing the registrants who have been classified or whose classifications have been changed, shall be posted and kept permanently posted in a conspicuous place in the office of the local board. A copy shall also be sent to the government appeal agent. When a person is unable to ascertain the current classification of a registrant from the posted copy of the Local Board Action Report (Form 110), an employee of the local board, upon request, shall consult the Classification Record (Form 100) and furnish to the person making inquiry the current classification of such registrant.

(d) When the local board classifies or changes the classification of a registrant, it shall record such classification on the Selective Service Questionnaire (Form 40) and the Classification Record (Form 100).

(e) When the Notice of Classification (Form 57) or Classification Advice (Form 59) is mailed, the date of mailing such notice shall be entered on the Classification Record (Form 100), and, in addition, the date of mailing such notice or advice and the persons to whom they are mailed shall be entered on the Selective Service Questionnaire (Form 40).

8. Amend paragraph (a) of § 623.71 to read as follows:

§ 623.71 *Steps to be taken by registrant and local board.* (a) The Director of Selective Service will advise local boards that certain registrants' acceptability for service in the armed forces must be determined because they are citizens or subjects of certain countries. When, under the provisions of § 623.21, the local board is considering whether such registrant should be placed in Class IV–C, an Alien's Personal History and Statement (Form 304) shall be forwarded to such registrant.

9. Amend paragraph (a) of § 623.75 to read as follows:

§ 623.75 *Steps to be taken by local board after action by armed forces.* (a) When the local board receives from the State Director of Selective Service the original and one copy of the Alien's Personal History and Statement (Form 304) which bears the endorsement of the armed forces showing the registrant "is, if otherwise qualified," acceptable to the armed forces, or one copy of the Alien's Personal History and Statement (Form 304) which bears the endorsement of the armed forces showing the registrant "is not" acceptable to the armed forces, it shall take the following action:

(1) Complete the registrant's classification in the same manner as in the case of any other registrant, if the registrant "is, if otherwise qualified," acceptable to the armed forces; or

(2) Reopen the registrant's classification and classify him anew under the provisions of § 622.43 if the registrant "is not" acceptable to the armed forces.

10. Amend the regulations by adding a new section to be known as § 623.85 to read as follows:

DUTY OF REGISTRANT

§ 623.85 *Compliance with order.* It shall be the duty of the registrant (1) to comply with any directions given by the local board in carrying out the instructions of the Director of Selective Service concerning the registrant's examination or reexamination, (2) to report to and be examined by a member or members of the medical advisory board when directed to do so by the local board, and (3) to report to and be examined by the local board or the local board examining physician when directed to do so by the local board and to comply with such directions and to submit to such examinations as the member or members of the medical advisory board, the local board examining physician, the local board, or representatives of the armed forces shall deem necessary to make a complete determination or redetermination of the registrant's proper classification.

The foregoing amendments to the Selective Service Regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 626—REOPENING AND CONSIDERING ANEW REGISTRANT'S CLASSIFICATION

CLASSIFICATION ANEW

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

Amend § 626.11 to read as follows:

§ 626.11 *When classification reopened, it shall be considered anew.* When the local board reopens the registrant's classification, it shall consider the new information which it has received and shall again classify the registrant in the same manner as if he had never before been classified. Such classification shall be and have the effect of a new and original classification even though the registrant is again placed in the class that he was in before his classification was reopened.

The foregoing amendments to the Selective Service Regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 629—PHYSICAL EXAMINATION

MISCELLANEOUS AMENDMENTS

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 629.4 to read as follows:

§ 629.4 *Local board physical examination authorized for certain registrants.* (a) When the local board is of the opinion that a registrant has a disqualifying defect which is manifest as listed in the List of Defects (Form 220), it may order the registrant to present himself for examination at the office of the local board or at the office of the examining physician at the time specified by the local board.

(b) When a registrant believes that he has a disqualifying defect which is manifest, as listed in the List of Defects (Form 220), he may present himself for examination at the office of the local board at any time. If the registrant claims that he has a disqualifying defect which is manifest, as listed in the List of Defects (Form 220), the member or clerk of the local board to whom such registrant presents himself shall, from the information received from the registrant, complete (a) and (b) of Item 18 of Section II of the registrant's Report of Physical Examination and Induction (Form 221) and the registrant shall certify to the correctness of such entries in (c) and (d) of Item 18. The member or clerk of the local board shall then refer the registrant to the local board examining physician for examination.

(c) When the registrant is referred to the local board examining physician under paragraphs (a) and (b) of this section, the examining physician shall make only such examination as is necessary to determine whether the registrant has one or more of the defects listed in the List of Defects (Form 220). No laboratory work will be authorized except as provided in §§ 629.33 and 629.34. It shall be the duty of the registrant to present himself to the local board examining physician at the time and place designated by the member or clerk of the local board and to submit to such examination by the local board examining physician herein authorized.

(d) When, because of a physical defect, a registrant is unable to personally present himself for examination, a reputable physician may file an affidavit, or an authorized representative of a Federal or State agency may file an official statement with the local board, stating (1) the character of the defect, (2) that the physician has personal professional knowledge thereof, or that the representative has official knowledge thereof, and (3) that the registrant is unable to personally present himself for examination due to the character of the defect. The local board shall refer any affidavit or official statement which it receives under the provisions of this paragraph to the local board examining physician for review.

(e) The local board examining physician shall (1) examine each registrant who presents himself for examination pursuant to the direction of a member or clerk of the local board, and (2) review each affidavit of a reputable physician or official statement of a representative of a Federal or State agency referred to him by the local board. From such examination or review, the local board examining

physician shall determine whether the registrant has one of the defects listed in the List of Defects (Form 220) and will record his findings in Item 19 of the Report of Physical Examination and Induction (Form 221).

(f) When no local board examining physician is available, the local board, to the extent that it is capable of doing so, shall make the examination, review, and finding provided for in paragraph (e) of this section.

(g) If the local board determines that the registrant has a defect which disqualifies him for military service, it shall:

(1) Review his classification and, if under the provisions of Part 622 he should be placed in some other class, reopen his classification and classify him anew and immediately mail him a Notice of Classification (Form 57), and

(2) Cancel any Order to Report—Preinduction Physical Examination (Form 215) which the local board has mailed to him and advise him in writing of such cancelation, and

(3) Note in column 3 of the Physical Examination List (Form 217) the fact that he has been found disqualified for service and also the classification in which he has been retained or placed.

2. Amend § 629.21 to read as follows:

§ 629.21 *Duty of registrant to report for and submit to preinduction physical examination.* (a) When the local board mails to a registrant an Order to Report—Preinduction Physical Examination (Form 215), it shall be the duty of the registrant to report for such examination at the time and place fixed in such order unless, after the date the Order to Report—Preinduction Physical Examination (Form 215) is mailed and prior to the time fixed therein for the registrant to report for his preinduction physical examination, the local board cancels such Order to Report—Preinduction Physical Examination (Form 215) or postpones the time when such registrant shall so report and advises the registrant in writing of such cancelation or postponement.

(b) If the time when the registrant is ordered to report for preinduction physical examination is postponed, it shall be the continuous duty of the registrant to report for preinduction physical examination upon the termination of such postponement and he shall report for preinduction physical examination at such time and place as may be fixed by the local board. Regardless of the time when or the circumstances under which a registrant fails to report for preinduction physical examination when it is his duty to do so, it shall thereafter be his continuous duty from day to day to report for preinduction physical examination to his local board and to each local board whose area he enters or in whose area he remains.

(c) Upon reporting for preinduction physical examination, it shall be the duty of the registrant: (1) To follow the instructions of a member or clerk of the local board as to the manner in which he will be transported to the location where his preinduction physical examination will take place, (2) to obey the instructions of the leader or assistant leaders appointed for the group being forwarded for preinduction physical examination, (3) to appear for and submit to such examination as the commanding officer of the induction station shall direct, and (4) to follow the instructions of a member or clerk of the local board as to the manner in which he will be transported on his return trip from the place where his preinduction physical examination takes place.

3. Amend § 629.35 to read as follows:

§ 629.35 *Action when it is found that the registrant is disqualified for service.* If, in carrying out the provisions of § 629.33 or § 629.34, it is determined as a result of a spinal fluid survey that a registrant has cerebrospinal syphilis or as a result of other examinations that a registrant has cardiovascular or visceral syphilis and, in either case, a statement to that effect is filed with the local board by a Public Health Officer, State Medical Officer, or a local board examining physician, or if, for any other reason, the registrant is found to be completely disqualified for service, the local board shall review his classification and, if under the provisions of Part 622 he should be placed in some other class, reopen his classification and classify him anew and immediately mail him a Notice of Classification (Form 57).

The foregoing amendments to the Selective Service regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 629—PHYSICAL EXAMINATION

REQUEST FOR IMMEDIATE INDUCTION

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

Amend paragraph (a) and add paragraph (d) to § 629.23 to read as follows:

§ 629.23 *Request for immediate induction.* (a) A registrant who is being forwarded for preinduction physical examination may be inducted into service at the induction station upon being found qualified for service, *Provided*, That (1) before being forwarded he signs and files with his own local board a Request for Immediate Induction (Form 219), (2) he is in Class I–A or Class I–A–O, (3) an appeal is not pending in his case, and (4) the period during which an appeal may be taken in his case has expired. If a registrant is forwarded to the induction station for induction under the provisions of this paragraph, he will be listed on a Delivery List (Form 151) and his name will be crossed off any Physical Examination List (Form 217) on which it appears.

* * * * *

(d) If a registrant in Class I–A or Class I–A–O who has been given a preinduction physical examination within the preceding 90 days and accepted by the Army or the Navy signs and files with his own local board a Request for Immediate Induction (Form 219), he shall be forwarded for induction to the Army Reception Center or the Navy Recruiting Station, as the case may be, under the provisions of § 632.6.

The foregoing amendments to the Selective Service regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 632—INDUCTION CALLS

ALLOCATION OF REQUISITIONS AND CALLS; DEFINITION OF "FATHER"

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 632.3 to read as follows:

§ 632.3 *Manner of allocating requisitions and calls.* The requisitions of the Secretary of War and of the Secretary of the Navy and the calls of the Director of Selective Service and of the State Directors of Selective Service shall, notwithstanding the provisions of section 4 (b) of the Selective Training and Service Act of 1940, as amended, be allocated on the basis of the best information available at the time of allocating calls, without affecting the usual regular and orderly flow of the nation's manpower into the armed forces as required for service therein, and in accordance with the provisions of the Selective Training and Service Act of 1940, as amended, so that registrants shall, on a nation-wide basis within the nation and a State-wide basis within each State, be ordered for induction in such a manner that registrants who are fathers as defined in § 632.7 will be inducted after the induction of other registrants not deferred, exempted, relieved from liability, or postponed from induction under selective service law who are available for induction and who have been found to be acceptable to the Army or to the Navy.

2. Amend the regulations by adding a new section to be known as § 632.7 to read as follows:

§ 632.7 *The term "father" defined.* The term "father" shall include only a person who was married prior to December 8, 1941, who has maintained a bona fide family relationship with his family since that date, and who has a child as defined in this section. The term "child," except as used in § 322.32, means a legitimate child born prior to September 15, 1942, a step-child, adopted child, foster child, or a person who is in the relationship of child to the registrant, who became such prior to December 8, 1941, who is less than 18 years of age, or who by reason of mental or physical defects is incapable of self-support, who is unmarried, and with whom the registrant has maintained a bona fide family relationship in their home since December 7, 1941, or since the date of birth if such date is later than December 7, 1941.

The foregoing amendments to the Selective Service regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 632—INDUCTION CALLS

CERTAIN REGISTRANTS INDUCTED WITHOUT CALLS

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

Amend § 632.6 to read as follows:

§ 632.6 *Certain registrants inducted without calls.* (a) Any man ages 18 through 37 who has not been given a preinduction physical examination within the preceding 90 days and accepted by the Army or the Navy and who (1) signs a Request for Immediate Induction (Form 219) and is in a class available for service, provided an appeal is not pending in such registrant's case and the period during which such an appeal may be taken has expired, or (2) is a delinquent and is ordered to report for induction under Part 642, may be forwarded to the induction station for induction at the time the local board is forwarding men for preinduction physical examination, or at any other time when special arrangements have been made with the induction station, without any call being made for the delivery of such man.

(b) Any man ages 18 through 37 who has been given a preinduction physical examination within the preceding 90 days and accepted by the Army or the Navy and who (1) signs a Request for Immediate Induction (Form 219) and is in a class available for service, provided an appeal is not pending in such registrant's case and the period during which such an appeal may be taken has expired, or (2) is a delinquent who is ordered to report for induction under Part 642, may be forwarded to the Army Reception Center or the Navy Recruiting Station, as the case may be, for induction at the time the local board is forwarding men for induction, or at any other time when special arrangements have been made with the Army Reception Center or the Navy Recruiting Station, without any call being made for the delivery of such man.

(c) Under special procedures prescribed by the Director of Selective Service, men ages 18 through 37 may enlist or be inducted outside of the United States.

(d) When any registrant referred to in paragraphs (a), (b), or (c) of this section is inducted or enlisted, his local board will be advised that he was inducted or enlisted either in the Army or in the Navy (the term "Navy" includes the Marine Corps and the Coast Guard). Such registrant shall then be counted toward the filling of the next call of the Army or of the Navy, as the case may be.

The foregoing amendments to the Selective Service regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 633—DELIVERY AND INDUCTION

REGISTRANTS REQUESTING IMMEDIATE INDUCTION AND DELINQUENTS

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend paragraph (c) of § 633.1 to read as follows:

§ 633.1 *Place where deliveries are to be made.* * * *

(c) Men who sign a Request for Immediate Induction (Form 219) and delinquents ordered to report for induction under the provisions of Part 642 will be delivered to the armed forces' induction station, except that any such men who have been accepted by the Army or the Navy after preinduction physical examination within the preceding 90 days will be delivered to the Army Reception Center or to the Navy Recruiting Station, as the case may be.

2. Amend paragraph (a) of § 633.23 to read as follows:

§ 633.23 *Induction procedures for registrants requesting immediate induction and for delinquents.* (a) The records to be forwarded to the induction station, the Army Reception Center or the Navy Recruiting Station, as the case may be, with registrants who have signed a Request for Immediate Induction (Form 219) or who, being delinquent, have been ordered to report for induction under Part 642, shall be the same as those required under § 633.22 for registrants forwarded for induction to an Army Reception Center or to a Navy Recruiting Station.

3. Amend paragraphs (a) and (b) of § 633.24 to read as follows:

§ 633.24 *Registrants inducted because of request for immediate induction, or delinquency, or outside United States to be listed on Delivery List (Form 151).* (a) When the local board receives a Delivery List (Form 151) from the induction station or the Army Reception Center showing that a registrant who has signed a Request for Immediate Induction (Form 219) or a delinquent who has been ordered to report for induction under Part 642 has been inducted into the Army without a call, or when the local board receives a Delivery List (Form 151) or other information showing that a registrant has enlisted or has been inducted into the Army outside the United States, it shall (1) list such registrant on the Delivery List (Form 151) for the next group selected to report for induction at the Army Reception Center to fill a call for the Army and opposite the name of each such registrant under "Remarks" in column 3 enter the fact that such registrant has been inducted at the induction station or the Army Reception Center or has enlisted or has been inducted outside the United States, the date of such induction or enlistment, and the fact that such induction resulted from the registrant's signing a Request for Immediate Induction (Form 219), from the registrant's being a delinquent, or from the registrant's enlisting or being

inducted outside the United States, and (2) count such registrant toward filling such call for the Army.

(b) When the local board receives a Delivery List (Form 151) from the induction station or the Navy Recruiting Station showing that a registrant who has signed a Request for Immediate Induction (Form 219) or a delinquent who has been ordered to report for induction under Part 642 has been inducted into the Navy (or Marine Corps or Coast Guard) without a call, or when the local board receives a Delivery List (Form 151) or other information showing that a registrant has been enlisted or has been inducted into the Navy (or Marine Corps or Coast Guard) outside the United States, it shall (1) list such registrant on the Delivery List (Form 151) for the next group selected to report for induction at a Navy Recruiting Station to fill a call for the Navy and opposite the name of each such registrant under "Remarks" in column 3 enter the fact that such registrant has been inducted at the induction station or the Navy Recruiting Station or has enlisted or has been inducted outside the United States, the date of such induction or enlistment, and the fact that such induction resulted from the registrant's signing a Request for Immediate Induction (Form 219), from the registrant's being a delinquent, or from the registrant's enlisting or being inducted outside the United States, and (2) count such registrant toward filling such call for the Navy.

The foregoing amendments to the Selective Service regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

PART 663—BOARDS OF TRANSFER IN TERRITORY OF HAWAII AND IN TERRITORY OF ALASKA

MANDATORY TRANSFER FOR PREINDUCTION PHYSICAL EXAMINATION AND FOR INDUCTION

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend paragraph (a) of § 663.4 to read as follows:

§ 663.4 *Transfer for preinduction physical examination mandatory.* (a) Transfer for preinduction physical examination is mandatory for each registrant located in the Territory of Hawaii whose own local board is located elsewhere and for each registrant located in the Territory of Alaska whose own local board is located elsewhere. Such transfer for preinduction physical examination shall be made by the registrant's own local board in the manner provided by § 629.12. The papers and documents described in § 629.12 of a registrant who is transferred for preinduction physical examination to a local board in the Territory of Hawaii or in the Territory of Alaska shall be forwarded to the State Director of the Territory of Hawaii or the State Director of the Territory of Alaska, as the case may be, for transmission by him to such local board of transfer as he may designate. The local board so designated shall cause the registrant to be given a preinduction physical examination and shall take the other actions provided for in paragraphs (f) and (g) of § 629.11.

2. Amend paragraph (a) of § 663.5 to read as follows:

§ 663.5 *Transfer for induction mandatory.* (a) Transfer for induction is mandatory for each registrant located in the Territory of Hawaii whose own local board is located elsewhere and for each registrant located in the Territory of Alaska whose own local board is located elsewhere. Such transfer for induction shall be made by the registrant's own local board in the manner provided by § 633.12. The papers and documents described in § 633.12 of a registrant who is transferred for induction to a local board in the Territory of Hawaii or in the Territory of Alaska shall be forwarded to the State Director of the Territory of Hawaii or the State Director of the Territory of Alaska, as the case may be, for transmission by him to such local board of transfer as he may designate. Unless the transfer of the registrant for induction is cancelled under paragraph (d) of § 633.12, the local board so designated shall cause the registrant to be delivered for induction to the Army Reception Center, the Navy Recruiting Station, or the induction station, as the case may be, and shall take the other actions provided for in paragraph (g), (h), and (i) of § 633.11.

The foregoing amendments to the Selective Service regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

Chapter IX—War Production Board

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-534]

ALL STATE PIPE SUPPLY CO.

Samuel Fletcher and Rose Fletcher, doing business as All State Pipe Supply Co., at 616 North Myrtle Avenue, Jacksonville, Florida, are dealers in pipe, plumbing, and other supplies. The company, during the months of February through June, 1943, delivered to customers quantities of soil pipe, which are iron products, on orders which did not bear preference ratings and which were not authorized; such deliveries violated General Preference Order M-21. During the months of April, May, and June, 1943, the company ordered and accepted deliveries of merchandise to which it had extended preference ratings, although the extensions to such deliveries were not authorized by Priorities Regulation 3. The company was aware of the orders and regulations of the War Production Board governing its business, but was sufficiently inattentive and grossly negligent in regard to Order M-21 and Priorities Regulation 3, as to be deemed a wilful violator of Order M-21 and Priorities Regulation 3. These violations have interfered with the controls established by the War Production Board for the distribution of critical materials. In view of the foregoing, it is hereby ordered, that:

§ 1010.534 *Suspension Order No. S-534.* (a) Deliveries of material to Samuel Fletcher and Rose Fletcher, doing business as All State Pipe Supply Co., or otherwise, their successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation, including allotments, shall be made to Samuel Fletcher and Rose Fletcher, doing business as All State Pipe Supply Co., or otherwise, their successors or assigns, of material or product the supply or distribution of which is governed by any order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) The provisions of this order shall not apply to deliveries to Samuel Fletcher and Rose Fletcher, doing business as All State Pipe Supply Co., or otherwise, their successors or assigns, of material ordered by, or required to fill any order of or contract with, the Army, Navy, Maritime Commission, or any other governmental department or agency of the United States.

(d) Nothing contained in this order shall be deemed to relieve Samuel Fletcher and Rose Fletcher, doing business as All State Pipe Supply Co., or otherwise, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on May 15, 1944, and shall expire on August 15, 1944.

Issued this 8th day of May 1944.

By J. JOSEPH WHELAN,
Recording Secretary.

PART 1010—SUSPENSION ORDER

[Suspension Order S-545]

THEODORE H. ENGVALL

Theodore H. Engvall, of Shrewsbury, Massachusetts, is a building contractor. In November, 1943, he began and thereafter continued construction of an addition to a mill owned and operated by H. T. Hayward Company, in Manchaug, Massachusetts, at an estimated cost of approximately $21,000, and furnished material therefor, without permission of the War Production Board. This was a violation of Conservation Order L-41, which placed a limit of $5,000 on such construction. Theodore H. Engvall was familiar with Order L-41, and constructing this addition and furnishing the material therefor was a grossly negligent violation of the order. This violation interfered with the controls established by the War Production Board for the distribution of critical materials. In view of the foregoing, it is hereby ordered, that:

§ 1010.545 *Suspension Order No. S-545.* (a) Deliveries of material to Theodore H. Engvall, his successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation, including allotments, shall be made to Theodore H. Engvall, his successors or assigns, of any material or product the supply or distribution of which is governed by any order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Theodore H. Engvall, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on May 15, 1944, and shall expire on August 15, 1944.

Issued this 8th day of May 1944.

PART 1010—SUSPENSION ORDER

[Suspension Order S-544]

H. T. HAYWARD COMPANY[1]

H. T. Hayward Company, of Manchaug, Massachusetts, is a corporation engaged in the manufacture of woolen goods. In November, 1943, it began and thereafter continued construction, without permission of the War Production Board, of an addition to a mill, at an estimated cost of approximately $21,000. This was a violation of Conservation Order L-41, which placed a limit of $5,000 on such construction. In connection with this construction an affiliated corporation, acting for the benefit of H. T. Hayward Company, and at the instance of its president, obtained lumber and some iron and copper products by the use of AA-2 ratings and the symbol MRO. This was a violation of CMP Regulation 5. The company had sufficient information about restrictions on construction to make its violations grossly negligent. These violations have interfered with the controls established by the War Production Board for the distribution of critical materials. In view of the foregoing, it is hereby ordered, that:

§ 1010.544 *Suspension Order No. S-544.* (a) H. T. Hayward Company, its successors and assigns, shall not put into process any wool except to fill orders rated AA-4 or higher, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve H. T. Hayward Company, its successors and assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on May 15, 1944, and shall expire on August 15, 1944.

Issued this 8th day of May 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

[F. R. Doc. 44-7006; Filed, May 15, 1944; 4:27 p. m.]

[1] For stay of execution of this suspension order see 9 F.R. 5122.

PART 927—NICKEL

[Conservation Order M-6-b, as amended May 16, 1944]

Whereas national defense requirements have created a shortage of nickel for the combined needs of defense, private account, and export; and the supply now is and will be insufficient for defense and essential civilian requirements unless its use in the manufacture of many products where such use is not absolutely necessary for the defense or essential civilian requirements is curtailed or prohibited as hereinafter provided:

Now, therefore, it is hereby ordered, That:

§ 927.3 *Conservation Order M-6-b—*

(a) *Prohibited uses of nickel, secondary nickel and nickel scrap.* No nickel, secondary nickel or nickel scrap shall be used in the manufacture of any item (or part therefor, including repair parts) on List A attached to this order.

(b) *Restricted uses of nickel, secondary nickel and nickel scrap.* (1) Nickel may be used in the manufacture of articles omitted from List A, or for purposes specified on List A as being excepted from its prohibitions, only as follows:

(i) For any purpose for which nickel is allocated to the user by the War Production Board, but subject to any specific directions issued in connection with the allocation.

(ii) For any purpose specifically authorized in writing by the War Production Board, regardless of whether or not the nickel to be used was allocated to him by the War Production Board.

(2) Nickel scrap and secondary nickel may be used where not prohibited by paragraph (a) and List A, but only to fill a purchase order to which a preference rating of AA-5 or higher has been assigned.

(c) *Exceptions.* The prohibitions and restrictions contained in paragraphs (a) and (b) of this order shall not apply to the use of nickel, secondary nickel or nickel scrap in the manufacture of:

(1) "Implements of war," as defined in this order, which are being produced for the Army or the Navy of the United States, the United States Maritime Commission, the War Shipping Administration or for any foreign government pursuant to the act approved March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), where the use of nickel, secondary nickel or nickel scrap to the extent employed is required by the latest issue of government specifications including performance specifications, unless otherwise directed by the War Production Board applicable to the contract, subcontract or purchase order; or

(2) Such other articles or products being produced for any of the foregoing services, agencies or foreign governments, as may be from time to time approved and designated by the War Production Board by means of supplemen-

tary orders or specific directions pursuant to certification to it by the Army and Navy Munitions Board that the use of nickel, secondary nickel or nickel scrap as required by the pertinent government specifications (including performance specifications) for the particular article, is essential to the successful prosecution of the war. Any person who uses nickel, secondary nickel or nickel scrap in order to meet performance specifications in the manufacture of any article or product covered by subparagraph (1) or (2) of this paragraph (c) shall furnish such information with respect to such article or product and the specifications applicable thereto, as may be from time to time requested by the War Production Board.

(d) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver nickel, secondary nickel or nickel scrap to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this order.

(e) *Limitation of inventories.* No manufacturer shall receive delivery of nickel, secondary nickel or nickel scrap or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, nor shall he put into process any nickel, secondary nickel or nickel scrap in the form of raw material, in quantities which in either case shall result in an inventory of such raw, semi-processed or finished material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the production of nickel products by this order.

(f) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all regulations of the War Production Board as amended from time to time.

(2) *Appeals.* Any appeals from the provisions of this order should be made by filing a letter stating fully the grounds of the appeal with the Ferro-Alloys Branch of the Steel Division, War Production Board, Washington 25, D. C., Reference M–6–b.

(3) *Applicability of order.* The prohibitions and restrictions contained in this order shall apply to the use of material in all items or articles hereafter manufactured irrespective of whether such items or articles are manufactured pursuant to a contract made prior or subsequent to October 3, 1942 or pursuant to a contract supported by a preference rating. Insofar as any other order of the War Production Board may have the effect of limiting or curtailing to a greater extent than herein provided the use of nickel in the production of any item or article, the limitations of such other order shall be observed.

(4) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Definitions.* For the purposes of this order:

(1) "Nickel" means:

(i) Any primary metallic nickel, either alloyed or unalloyed, ferro-nickel, and nickel matte of any description;

(ii) Any solutions, concentrates, residues or speiss containing nickel (commercially recoverable); and

(iii) Nickel salts, oxides, and carbonates.

(2) "Secondary nickel" means any nickel or alloy containing nickel prepared by any process of melting or otherwise treating nickel scrap for re-use as a raw material.

(3) "Nickel scrap" means all materials, ferrous and non-ferrous, containing 1% or more of nickel by weight, which are the by-product or waste of industrial operations, or which have been discarded on account of obsolescence, failure or other reason. It does not include scrap consisting of any alloy, the principal ingredient of which, by either weight or volume, is metallic alluminum or consisting of any alloy in the composition of which the percentage of copper metal by weight equals or exceeds 40% of all the metals, such scraps being controlled, respectively, by Orders M–1–d and M–9. It also does not include scrap consisting of such iron and steel alloys as are covered by Supplementary Order M–21–a.

NOTE: Subparagraphs (4) through (8), formerly (2) through (6), redesignated May 16, 1944.

(4) "Manufacture" means to fabricate, assemble, melt, cast, extrude, roll, turn, spin, coat, produce, or process in any other way, but does not include installations of a finished product for the ultimate consumer on the consumer's premises.

(5) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of or under common control with or available for the use of such person.

(6) "Use" means both (1) the act of putting nickel, secondary nickel and nickel scrap into process in the manufacture of any item and (2) the act of completing the manufacture of any such item.

(7) "Put into process" means the first change by a manufacturer in the form of material from that form in which it is received by him.

(8) "Implements of war" means combat end-products complete for tactical operations (including but not limited to, aircraft, ammunition, armament, weapons, ships, tanks and military vehicles), and any parts, assemblies, and materials to be incorporated in any of the foregoing items. This term does not include facilities or equipment used to manufacture the foregoing items.

(h) *Communications to War Production Board.* All reports to be filed hereunder, appeals and other communications concerning this order, shall, unless otherwise directed, be addressed to the Ferro-Alloys Branch, Steel Division, War Production Board, Washington 25, D. C., Reference M–6–b.

Issued this 16th day of May 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

LIST A

The use of nickel in the items classified below and in all component parts thereof is prohibited except to the extent permitted by the foregoing conservation order, or as specified on this list.

Transportation equipment.[1]

Building supplies, hardware, and ornamental metal work.

Plumbing, heating, and air conditioning supplies, and domestic and institutional appliances and equipment (excluding valve seats, pressure, thermostatic and vacuum controls and safety devices and further excluding domestic and commercial electrical appliances and domestic ranges and parts therefor, to the extent of necessary resistance material.

Clothing accessories.

Furnishings and furniture (domestic, office and institutional).

Commercial and industrial appliances and equipment and parts thereof.[1]

Jewelry, toilet articles, accessories, souvenirs, novelties, games, toys, art objects, and musical instruments.

Plating.[1]

Containers of all types.[1]

Branding, marking and labeling devices.

Fire fighting apparatus and equipment.[1]

Lighting equipment.[1]

Non-operating or decorative uses or parts of installations and mechanical equipment, including frames, bases, standards and supports.

Photographic and art equipment and supplies.

Sporting goods and pleasure boat fittings and hardware.

Saddlery and harness hardware and fittings.

PART 927—NICKEL

[Conservation Order M–6–b, Direction 1, as Amended May 16, 1944]

The following direction is issued pursuant to Conservation Order M–6–b:

To all holders of nickel plating solutions who have had the solutions in their inventories since March 30, 1942, and to any persons who may acquire such solutions after February 9, 1944:

Notwithstanding the provisions of General Preference Order M–6–a, any holder of nickel plating solutions who has held such solutions in his inventory since March 30, 1942, is hereby given authorization (1) to deliver those solutions to any person (unless he knows or has reason to believe the person accepting delivery intends to use the solutions in violation of the restrictions of this direction), or (2) to use them for plating subject to the restrictions of this direction.

Notwithstanding the provisions of Conservation Order M–6–b, the solutions may be used by any person holding them on February 9, 1944, who had acquired them on or before March 30, 1942, or by any person who acquires them after February 9, 1944, for any purpose whatsoever, if (1) no nickel anodes (scrap or otherwise) are used in the plating process and (2) no additional nickel salts are added to the solutions. If nickel anodes are used, or salts are added to the solutions, the solutions may be used without further authorization from the War Production Board to fill any purchase order rated AA–5 or higher unless the order calls for plating prohibited by paragraph (a) and List A of Order M–6–b or unless specific restrictions were placed on the use of the anodes or salts at the time of their allocation by the War Production Board.

This direction covers only those solutions in inventory on or before March 30, 1942, and does not apply to solutions subsequently allocated to platers for specific uses by the War Production Board. Your attention is further called to the fact that there are many limitation orders of the War Production Board restricting nickel plating in addition to Order M–6–b, and the provisions of any such order apply when they are more restrictive than this direction.

Issued this 16th day of May 1944.

Recording Secretary.

PART 3270—CONTAINERS

[Conservation Order M–81, as Amended May 16, 1944]

CANS

§ 3270.31 *Conservation Order M–81*—(a) *Prohibitions on purchase, acceptance and use of cans.* No person shall purchase, accept delivery of or use any can for any other purpose than for packing a product listed in a schedule attached to this order.

(b) *Restrictions on purchase, acceptance and use of cans.* No person shall, during any calendar year (or any seasonal year when packing quota is based on a seasonal year in the schedules), purchase, accept delivery of or use for packing any product which is listed in a schedule attached to this order, more cans than his packing quota for that product. However, jobbers or retailers may obtain and sell cans in conformity with the provisions of this order.

(c) *Restrictions on cans for War Shipping Administration.* No person shall sell or deliver any product packed in cans for use on vessels under the direction of the War Shipping Administration unless authorization to acquire the cans has been obtained on Form WPB 646 (formerly PD–300).

(d) *Restrictions on use of cans made of waste.* Attention is called to the fact that cans made of waste (other than those specified in paragraph (h) (4)) are now covered by the provisions of this order. Such cans may only be made or used contrary to the restrictions of this order pursuant to the grant of an appeal. Appeals for this purpose shall state: (1) the product to be packed, (2) the number and type of cans to be used and (3) the type of waste to be used.

(e) *Restrictions on can material and sizes.* No person shall purchase, accept delivery of or use for packing any listed product, cans made of any kind of plate or of any size except those permitted for that product in the schedules of this order. He may, however, use a can larger than the largest permitted size for packing a listed product. Wherever the can size is specified by weight, the weight referred to shall be net weight of the contents of the can.

When tinplate is specified for the manufacture of cans for packing a particular product, the coating indicated represents the maximum weight of tin coating per single base box. The term "0.50 tinplate" or "0.75 tinplate" wherever used in this order includes menders arising in the production of such tinplate which have been hot-dipped with a maximum tin coating of 1.25 pounds per base box, and hot-dipped waste-waste. When SCMT is specified, special coated manufacturers' terneplate is referred to.

(f) *Prohibition against repacking.* No product packed in a can shall be repacked for sale in a can or any other container by the same or different person in the same or different form except to the extent specifically permitted in the schedules attached to this order or pursuant to Order L–103–b.

(g) *Prohibition against packing dried or frozen fruits or vegetables.* No dried or frozen fruits or vegetables shall be packed in a can except to the extent specifically permitted in the schedules attached to this order.

(h) *Restrictions on food packing.* The foods listed in Schedules I and II are limited to those which are intended and suitable for human consumption. Canning of foods for animals and pets is not permitted.

Restrictions on Manufacture, Sale and Delivery

(i) *General restriction.* No person shall manufacture, sell or deliver any cans which he knows, or has reason to believe, will be accepted or used in violation of any prohibition or restriction of this order.

(j) *Certificate.* No person shall manufacture, sell or deliver any cans except under a purchase order or contract validated by a delivery to him of a purchaser's certificate, signed manually by the purchaser as provided in Priorities Regulation No. 7. This certificate shall be in substantially the form attached hereto as Exhibit A. This certificate, once filed by a purchaser with a supplier, covers all future deliveries to him from that supplier. No certificate shall be required from a retailer who buys for resale, or from persons purchasing from retailers.

Exceptions

(k) *Exceptions to restrictions on purchase, acceptance or use.* The restrictions imposed by this order shall not apply to the purchase, acceptance of delivery or use of the following cans:

(1) Cans (other than for samples distributed for the purpose of advertising or promoting the sale of a product) for packing any product which is not to be sold in the same or different form. However, cans packed by federal or state institutions for their own consumption shall be controlled by the can size and material restrictions.

(2) Fibre cans with ends made of waste-waste or blackplate rejects for packing the following products: any food product for human consumption, antiseptic or medicinal powders, dental plastics and impression materials, dentifrice powders including denture cleaners and adhesives, insecticides and rodent poisons, seed disinfectants and inoculants, cements, photographic chemicals, cleansing powders, wallpaper cleaner and inner-tube repair kits.

(3) Fibre cans with ends made of sheets recovered from used cans. Permission to accept delivery of used cans or sheets recovered from used cans for this purpose must be obtained under Conservation Order M–325.

(4) Fibre cans with ends made of waste.

(5) Cans for packing any products not listed in Schedules I or II attached to this order when such cans are to be delivered either (a) packed or empty to the Army, Navy, Marine Corps, Maritime Commission or War Shipping Administration of the United States (including persons operating vessels for such Commission or Administration for use thereon), pursuant to a letter of intent approved by or a purchase order or contract negotiated for or with any of these agencies, or (b) to other persons pursuant to authorization by the Maritime Commission under Form WPB 646 (formerly PD–300).

(l) *Inventory exceptions*—(1) *Schedules I and II.* The restrictions concerning can materials and sizes contained in paragraph (e) shall not apply to cans made of tinplate which was either in process at the tin mill, in the inven-

tory of the tin mill for the account of the manufacturer, or in the inventory of the can manufacturer, on or before January 3, 1944, for packing products listed in Schedules I or II.

(2) *Schedule III.* The restrictions concerning can materials and sizes contained in paragraph (e) shall not apply to cans made of terneplate or blackplate which was either in process at the tin mill, in the inventory of the tin mill for the account of the manufacturer, or in the inventory of the can manufacturer, on or before January 3, 1944 for packing products listed in Schedule III.

(3) *Change of specifications.* Whenever the size and can material specifications for a product are changed by amendment, a can manufacturer must continue to manufacture, sell and deliver cans for that product in accordance with the superseded specifications (before making any cans conforming to the new specifications) as long as there is available to him plate made for that product which was in process at the tin mill, in the inventory of the tin mill for his account, or in his inventory, on the date of the change. Packers of that product must accept and use (within quota) such cans for packing that product.

(m) *Small user.* Nothing in this order shall prohibit any person, who, during the calendar year 1942, used cans requiring for their manufacture less than 25 base boxes from purchasing, accepting delivery of, or using during any subsequent calendar year without restriction an aggregate of cans requiring for their manufacture not more than 25 base boxes. If the product is listed in the schedules it must be packed in cans of the size and material specified for that product.

Definitions

(n) For the purpose of this order:

(1) "Can" means any unused container which is made in whole or in part of tinplate, terneplate, blackplate, or waste, and which is suitable for packing any product. The term includes all pails and drums made from blackplate, 29 gauge or lighter (except stripper drums having a capacity of 30 pounds or greater) and any container closure or fitting made in whole or in part of tinplate, terneplate, blackplate, or waste, but does not include a closure or fitting to be used on or as a part of a glass container or fiber or steel drum (as defined in Orders L-103, M-313 and L-197). The term does not include fluid milk shipping containers as defined in Conservation Order M-200.

(2) "Tin plate" means steel sheets coated with tin (including primes, seconds and hot-dipped waste-waste), and includes (i) electrolytic tinplate in which the tin coating is applied by electrolytic deposition, and (ii) hot-dipped tinplate in which the tin coating is applied by immersion in molten tin. The term does not include waste.

(3) "Terneplate" means steel sheets coated with terne metal (including primes, seconds, and waste-waste). The term does not include waste.

"Terne Metal" means the lead-tin alloy used as the coating for terneplate, but does not include lead recovered from secondary sources which contains not more than 2½% residual tin.

(4) "Blackplate" means steel sheets 29-gauge or lighter other than tinplate or terneplate. The term includes "blackplate rejects," "electrolytic waste-waste" and chemically treated blackplate (CTB). The term does not include waste.

(5) "Waste" means scrap tinplate, terneplate and blackplate (including strips and circles) produced in the ordinary course of manufacturing cans, and also tinplate and terneplate strips produced in the ordinary course of manufacturing tinplate and terneplate.

(6) "Pack" unless otherwise specified, means the quantity, by area measurement of tinplate, terneplate, and blackplate required for the manufacture of all sized cans used by a person for packing a particular product during the base period specified.

(7) "Packing quota" unless otherwise specified, means the quantity by area measurement of tinplate, terneplate or blackplate that a person may use for packing a particular product during any calendar year (or any seasonal year when the packing quota is based on a seasonal year in the schedules).

(8) "Seasonal year" means the twelve-month period for packing a particular product beginning in one calendar year and ending in the next.

(9) "Frozen tinplate, terneplate or blackplate" means only tinplate, terneplate or blackplate which, since prior to January 3, 1944, has been held in the inventory of a can manufacturer (or in the inventory of a supplier of such plate having been produced for the account of a can manufacturer) because it had been so processed, or was of such size, gauge or grade, that it was not suitable for the manufacture of cans for which tinplate, terneplate or blackplate are specified.

Miscellaneous

(o) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(p) *Appeals.* Appeals from this order shall be filed by addressing a letter to the War Production Board, Containers Division, Washington 25, D. C. Ref: M-81.

The letter of appeal need not follow any particular form. It should state informally, but completely, the particular provision appealed from, the precise relief desired, the reasons why denial of the appeal would result in undue and excessive hardship, and such other statistical and narrative information as may be pertinent.

(q) *Communications.* All communications concerning this order shall unless otherwise directed, be addressed to: Containers Division, War Production Board, Washington 25, D. C., Ref: M-81.

(r) All can manufacturers shall file a monthly report on Form WPB 2707 in accordance with the instructions in that form. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. All persons affected by this order shall execute and file with the War Production Board such other forms and questionnaires as said Board shall, from time to time, request subject to the approval of the Bureau of the Budget.

(s) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further delivery of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 16th day of May 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

EXHIBIT A

PURCHASER'S CERTIFICATE

One copy of this certificate is to be delivered to each person from whom purchases are made of cans made in whole or in part of tinplate, terneplate, or blackplate. Such certificate shall cover all purchases present and future so long as Conservation Order M-81, in its present form or as it may be amended from time to time, remains in effect.

The undersigned purchaser certifies, subject to criminal penalties for misrepresentation, that he is familiar with Order M-81 of the War Production Board, and that all purchases from you of items regulated by that order, and the use of the same by the undersigned, will be in compliance with the order, as amended from time to time.

SCHEDULE I—FOOD CANS

The packing quota specified in this Schedule I indicates total packs of the respective products listed, for all purposes including cans required by any order of the War Production Board, the Department of Agriculture, or the Director of Food Distribution, to be set aside for purchase by a Government agency. The designation FDO-22 indicates that cans may be used for packing only the quantity of product required to be set aside by Food Distribution Order No. 22 and orders supplementary thereto, as same may be amended from time to time. Such quantity is sometimes referred to as "set aside quotas".

SCHEDULE I—FOOD CANS—Continued

Product (1)	Packing quota (2)	Can sizes (3)	Can materials: Body (4)	Can materials: Ends (5)
FRUITS AND FRUIT PRODUCTS				
1. Apples, including crabapples. Whole apples not to be packed	100% 1942-43	10	1.50 tin	0.50 tin.
2. Apple sauce, including sauce from crabapples	100% 1942-43	2-10	1.50 tin	0.50 tin.
3. Apricots. Whole apricots may be packed only when fully ripe and not less than 10 or more than 18 to the pound.	Unlimited	2½-10	1.50 tin	1.50 tin.
4. Blackberries, black raspberries, red raspberries, boysenberries, loganberries, youngberries, blueberries, and huckleberries when packed as berries.	Unlimited	2-2¼-10	1.50 tin	1.50 tin.
5. Cherries	Unlimited	2-2½-10	1.50 tin	1.50 tin.
6. Cherries, RSP—frozen only	50% of total frozen tonnage packed in all containers in 1942.	1½ of pack in 30 lb. cans; ½ of pack in 50 lb. cans.	0.50 tin	0.50 tin.
7. Cranberries, including Cranberry Sauce	Total pack in 1944 in cans and glass not to exceed by weight 100% of 1942 pack.	300	1.50 tin	1.50 tin.
8. Figs—(Kadota)	Unlimited	2½-10	1.50 tin	0.50 tin.
9. Fruit cocktail—consisting of any combination of fruits listed in this Schedule I and grapes; provided that the combination, by drained weight, shall consist of not less than 50 percent peaches and pears, and may consist of not to exceed 10 percent grapes. Pineapple may be repacked from No. 10 or larger cans, to the extent of 10 percent of the fruit cocktail.	Unlimited	2½-10	1.50 tin	0.50 tin.
10. Mixed fruits—consisting of any combination of fruits listed in this Schedule I (with or without grapes) provided the combination by drained weight shall consist of not less than 55 percent nor more than 65 percent Diced Peaches, and not less than 35 percent nor more than 45 percent Diced Pears; or a combination of not less than 50 percent nor more than 60 percent Diced Peaches and not less than 30 percent nor more than 40 percent Diced Pears with not less than 5 percent nor more than 10 percent Grapes. Such peaches or pears shall be peeled, pitted, or cored, and diced to a size such that no more than 20 percent of the units will pass through a ⅜" standard sieve, and no more than 20 percent of the units will have a greater edge dimension than ¾", and so as to leave not more than 1 square inch of peel per pound of product on a drained weight basis. Not more than 10 percent of the grapes shall be cracked or crushed or have attached cap stems. No fruit may be packed under this item until the packer has packed and set aside his full quota for that fruit as established pursuant to Food Distribution Order No. 22 and orders supplementary thereto.	Unlimited	2½-10	1.50 tin	0.50 tin.
11. Grapefruit, segments	FDO-22	2	1.25 tin	1.25 tin.
12. Grapefruit juice	Unlimited	2-3 cyl-10	1.25 tin	1.25 tin.
13. Orange juice	Unlimited	2-3 cyl-10	1.25 tin	1.25 tin.
14. Orange-grapefruit juice blended (50% orange—50% grapefruit)	Unlimited	2-3 cyl-10	1.25 tin	1.25 tin.
15. Lemon juice	50% 1941	6 oz.-8 oz. Tall-2-10	1.25 tin	1.25 tin.
16. Olives—ripe and green-ripe	25% 1941-42	10	1.50 tin	1.50 tin.
17. Peaches, halves, slices or cubes	Unlimited	2½-10	1.50 tin	1.50 ton.
18. Pears, halves, slices, or cubes	Unlimited	2½-10	1.50 tin	0.50 tin.
19. Pineapple, slices, chunks, crushed or tidbits. Spears not to be packed	Unlimited	2-2½-3 cyl-10	1.25 tin	1.25 tin.
20. Pineapple juice	Unlimited	2-3 cyl-10	1.25 tin	1.25 tin.
21. Plums	Unlimited	2½-10	1.50 tin	1.50 tin.

SCHEDULE II—FOOD CANS

Packing quotas specified in this Schedule II indicate permitted packs of the respective products listed for all purposes except for the Army, Navy, Marine Corps, Maritime Commission or War Shipping Administration of the United States (including persons operating vessels for such commission or Administration for use thereon), or for any agency of the United States purchasing for a foreign country pursuant to the Act of March 11, 1941 entitled, "An Act to Promote the Defense of the United States" (Lend-Lease Act). While restrictions pertaining to can sizes and can materials are applicable to such cans, cans used for packing the respective products listed shall be in addition to the specified quotas, when delivered either (a) pursuant to a letter of intent approved by or a contract or purchase order negotiated with or for, any of the foregoing agencies, or (b) to other persons pursuant to authorization by the Maritime Commission under Form WPB 646 (formerly PD-300). The word "none" indicates that no cans shall be used for packing the applicable product except for the above mentioned agencies. When determining a quota for packing a product listed in this Schedule II, cans packed during the specified base period for the above mentioned agencies shall be excluded.

SCHEDULE III—NON-FOOD CANS

(a) Packing quotas specified in this Schedule III indicate permitted packs of the respective products listed for all purposes except for the Army, Navy, Marine Corps, Maritime Commission or War Shipping Administration of the United States (including persons operating vessels for such Commission or Administration for use thereon), or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act). Cans used for packing the respective products listed shall be in addition to the specified quotas, when delivered either (1) pursuant to a letter of intent approved by, or a contract or purchase order negotiated with or for any of the foregoing agencies, or (2) to other persons pursuant to authorization by the Maritime Commission under Form WPB 646 (formerly PD-530). When determining a quota for packing a product listed in this Schedule III, cans packed during the specified base period for the above mentioned agencies shall be excluded.

(b) Wherever blackplate is specified for making the body or ends of a can for packing a product listed in this Schedule III, special coated manufacturers' terneplate (SCMT) may be substituted for making any part or fitting of the can which is required to be soldered. Wherever blackplate is specified chemically treated black plate (CTB) may be used. Wherever special coated manufacturers' terneplate (SCMT) is specified, blackplate or chemically treated blackplate (CTB) may be used.

(c) If a person has a packing quota for any product under this schedule, and also has one in glass containers in Order L-103-b, his combined pack of that product in cans and glass containers may not exceed his quota under this order, or that under Order L-103-b, whichever is larger.

INTERPRETATION 1

CANS

(a) Several items in the schedules of this order require that the quantity of product packed in glass containers during 1944 must be deducted from the quantity of the product permitted to be packed in cans. To compute the quantity of product permitted to be packed in cans, the following method shall be used:

(1) Determine the area of plate (base boxes) in packing quota.

(2) Using largest listed size allowed for the product as a basis, convert to quantity (gallonage or pounds) of product which may be packed.

(3) Deduct quantity (gallonage or pounds) of product packed in glass containers.

(4) Convert remainder (gallonage or pounds) of product to area of plate (base boxes) based on largest listed size used in step (2).

The remaining area of plate (base boxes) resulting from step (4) represents the balance of metal quota which may be used for packing the product in cans of sizes permitted for that product.

Example. Supposing a person packing paint products as permitted under Item 43 of Schedule III determined that 75 percent of the area of plate used by him in 1940 for these products was 1,200 base boxes. The largest listed size for products in Item 43 is 1-gallon which requires 10 base boxes per thousand cans. Therefore, using the largest listed size (1-gal.) as a basis, this person could pack 120,000 gallons of paint products. Assume that this person packs in glass containers during 1944 a total in terms of gallonage of 15,000 gallons of paint products. Deducting 15,000 from 120,000 will leave 105,000 gallons, which if converted to base boxes (again using 10 base boxes per thousand as a conversion factor) will result in 1,050 base boxes. These 1,050 base boxes represent the area of plate which may be used for packing paint products as listed in Item 43 in any of the sizes permitted for those products.

(b) Under Item 55 of Schedule III, shoe and leather polishes, waxes, dyes, dressings, stains and saddle soap, the quantity packed in 1944 in glass containers to be deducted from the quantity permitted to be packed in cans refers only to the quantity of paste products packed in glass containers in 1944. (Issued Jan. 24, 1944.)

Chapter XI—Office of Price Administration

PART 1305—ADMINISTRATION

[Gen. RO 7,[1] Amdt. 8]

METHOD OF SURRENDER AND DEPOSIT OF RATION STAMPS AND COUPONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

General Ration Order No. 7 is amended in the following respects:

1. Section 1.1 (a) is amended to read as follows:

(a) Whenever any Ration Order of the Office of Price Administration (other than Ration Order 5C and Revised Ration Order 11) requires that stamps or coupons be affixed to gummed sheets or cards (OPA Form R-120A and R-140), and that stamps or coupons be surrendered or deposited only in that form, the requirement shall be deemed satisfied if the procedure set forth in this order for enclosing them in sealed envelopes is followed.

2. Section 1.2 (a) is amended to read as follows:

(a) Any person who is required to affix stamps or coupons to gummed sheets or cards for transfer, surrender or deposit, may enclose them in sealed envelopes instead, under the following conditions:

(1) OPA Form R-132 (the official envelope), or if that form is unavailable, any substantially similar envelope, may be used for enclosing the following number of stamps or coupons:

(i) No more than 500 ration coupons; or

(ii) No more than 500 special shoe stamps; or

(iii) Not less than 250 nor more than 1,000 War Ration Book stamps.

(2) Any sealed envelope which is approximately nine (9) inches by twelve (12) inches in size may be used for enclosing the following number of stamps or coupons:

(i) 1,000 to 5,000 ration coupons in exact multiples of one thousand; or

(ii) 1,000 to 5,000 special shoe stamps in exact multiples of one thousand; or

(iii) 2,000 to 10,000 War Ration Book stamps in exact multiples of one thousand.

(3) Any envelope used for enclosing 2,000 or more stamps or 1,000 or more coupons or 1,000 or more special shoe stamps must be of 24 substance Kraft stock or its equivalent.

3. Section 1.2 (c) is amended to read as follows:

(c) Stamps or coupons may be enclosed in sealed envelopes only during the period in which they are valid for transfer, surrender or deposit by the person enclosing them. Only stamps or coupons of one rationing program and of the same value may be enclosed in any one envelope. Neither coupons nor special shoe stamps may be enclosed in the same envelope with War Ration Book stamps.

4. Section 1.2 (d) is added to read as follows:

(d) An envelope may be transferred, surrendered or deposited through June 20, 1944, even though the stamps or coupons were not enclosed in accordance with the changes in the requirements of this section effective June 1, 1944, if they were enclosed in accordance with the provisions of this section as it read on May 31, 1944. However, the person who enclosed stamps or coupons in such an envelope may not thus transfer, surrender or deposit that envelope if he enclosed the stamps or coupons after May 31, 1944, and no person who knows or has reason to believe that they were enclosed after that date may accept the envelope from him.

5. The first sentence of section 1.3 (a) is amended by deleting the phrase "except that in case strips or blocks of stamps are enclosed, the word 'strip' shall be written in place of the individual value" and by substituting a period for the comma after the word "values".

6. Section 1.9 is revoked.

This amendment shall become effective June 1, 1944.

PART 1340—FUEL

[MPR 189,[1] Amdt. 21]

BITUMINOUS COAL SOLD FOR DIRECT USE AS BUNKER FUEL

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

In § 1340.313, a new paragraph (f) is added to read as follows:

(f) *Maximum prices for bituminous coal sold in New York Harbor for direct use as bunker fuel*—(1) *This subparagraph sets forth a table of maximum prices for ex-lighter or ex-barge deliveries of bunker coal to cargo or passenger vessels (except excursion steamers bunkering through pockets at loading piers).* (i) Maximum prices in the table are in cents per gross ton and are f. a. s. (free alongside) the vessel to be bunkered. Such prices are not inclusive of costs incurred because of detention of men or equipment before placing the coal alongside the vessel; when such cost is incurred by the bunker supplier, it may be collected by him in addition to the applicable f. a. s. maximum price.

The maximum prices per gross ton are:

Grade	A	B	C
Foreign vessels	740	730	720
Domestic vessels	750	740	730

(ii) If the coal is transported by steam lighter alongside the vessel to be bunkered, the supplier shall reduce the above prices by at least 29 cents if the coal is delivered from a lower pier, or by at least 24 cents if the coal is delivered from an upper pier. To such reduced price, the supplier shall add the steam lighterage charge to obtain the applicable f. a. s. maximum price, or the supplier may sell the coal at a maximum f. o. b. steam lighter price not in excess of such reduced price.

(iii) *Permissible additions to f. a. s. prices.* In general, the supplier may also add to the applicable maximum f. a. s. price, all costs incurred in placing the coal aboard the vessel. Such costs include stevedoring, detention of men, overtime, workmen's compensation insurance and social security taxes on the preceding three items, running lines, bunkering in steam, lighterage charges for hauling or towing less than the lighter's minimum quantity, detention of equipment, etc. Lighterage charges for lightering outside the "free harbor limits" may be added to the maximum price. The supplier may make no addition to the applicable maximum f. a. s. price for administrative or selling expenses, costs of coal or transportation, except as provided in this paragraph (f).

(2) *This subparagraph sets forth maximum prices in cents per net ton for deliveries of bunker coal to tugboats, including ocean-going tugs, steam lighters and other floating equipment, (except vessels indicated in subparagraph (1)) for consumption thereon.* Such maximum prices are:

District Nos.	Grade A	Grade B	Grade C
1 through 8	705	695	685

The charge for extra trimming shall not exceed the effective and applicable published carrier rate approved by the Interstate Commerce Commission.

(3) *Maximum prices for t. i. b. deliveries at St. George Coal Piers.* The maximum prices in cents per gross ton for t. i. b. (trimmed in bunker) deliveries of bunker fuel made directly at and from the St. George Coal Piers, Staten Island, New York, are:

Grade	A	B	C
Foreign vessels	740	730	720
Domestic vessels	750	740	730

In addition to such prices, the bunker supplier may add charges for: bunkering outside regular working hours at 30 cents per ton; detention of men at current longshoremen's wages; wheeling and carrying at 42 cents per gross ton plus incurred compensation insurance and social security taxes on the preceding items; extra trimming at 21 cents per gross ton; running lines at $5.00 per vessel.

(4) *Formula for addition of excess coal and transportation costs to base delivered cost.* When the delivered cost f. o.b. cars of any grade of bunker coal exceeds $6.70 per gross ton at a lower loading pier or $6.75 per gross ton at an upper loading pier on sales to foreign vessels; or $6.81 per gross ton at a lower loading pier or $6.86 per gross ton at an upper loading pier on sales to domestic vessels, the supplier may add the excess to the applicable maximum price on a weighted average basis. Delivered cost includes only the applicable maximum f. o. b. mine price per gross ton, plus the rail rate to the loading pier and delivered into the barge or lighter; the trimming charge is not included.

(5) *Definitions of terms used in this paragraph (f).* (i) Terms used in this paragraph such as run of mine, price classification, producing district, etc., shall have the same meaning as those and other terms when used in the Minimum Price Schedules for the various producing districts (as in effect at midnight August 23, 1943); in the Bituminous Coal Act of 1937, as amended, and in Maximum Price Regulation No. 120—Bituminous Coal Delivered from Mine or Preparation Plant.

(ii) "Grade" refers to the price classification of the coal produced at mines in the various producing Districts as follows:

In District Nos. 1, 2, 3 and 6, the grade is based upon the price classification of the run of mine coal; but any size may be applied on such basis, as follows:

	District No. 1	District No. 2
Grade A	A, B, C, D	A, B, C, D, E, F.
Grade B	E, F	All others.
Grade C	G, H	

	District No. 3	District No. 6
Grade A	A	
Grade B	D, E, F, G	
Grade C	All others	All coals.

In Districts Nos. 7 and 8, the grade is based upon the price classification of Size Group No. 20 high volatile coals; but any size may be applied on such basis, as follows:

Grade:	*District Nos. 7 and 8*
A	A, B, C
B	D, E, F
C	G or under

All low volatile coal produced in District Nos. 7 and 8 are in Grade A.

(iii) "Free harbor limits" include those points within New York Harbor to which other than steam lighters lighter bunker coal at the standard rates without additional towing charge.

(iv) "Lower piers" are: South Amboy, Perth Amboy, Port Reading, Elizabethport and St. George.

(v) "Upper piers" are: Cornwall, Edgewater, Guttenberg, Hoboken, Harsimus Cove, Port Liberty, Pier 18 and Greenville.

(vi) A "foreign vessel" is one destined to a port outside the United States and Canada; all other vessels are "domestic." The supplier shall not charge more than the applicable maximum foreign price if the coal supplied may be shipped from the mine at the freight rate and charges authorized by the Interstate Commerce Commission for export sales of bunker fuel.

(6) *Conversions.* Conversions from gross ton to net ton, or vice versa, shall be made to the nearest cent, as shall computations of an excess made under paragraph (f) (1) (i) on a weighted average basis.

Conversions from any applicable maximum price, as f. o. b., f. a. s. or t. i. b., set forth herein, specifically or by formula, shall be made so that the applicable f. o. b., f. a. s. or t. i. b. maximum price shall not be evaded by increasing the cost of bunker coal to the purchaser, or by any other means, direct or indirect, such as charging a vessel or its owners for a tonnage or grade of bunker coal ordered but actually delivered only in part to such vessel.

(7) Only to the extent to which this paragraph (f) of § 1340.313 is inconsistent with other provisions of this regulation shall this paragraph supersede other provisions of this regulation.

This amendment shall become effective May 15, 1944.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

Issued this 15th day of May 1944.

CHESTER BOWLES,
Administrator.

PART 1380—HOUSEHOLD AND SERVICE INDUSTRY MACHINES

[MPR 372,[1] Amdt. 1]

USED DOMESTIC WASHING MACHINES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 372 is amended in the following respects:

*Copies may be obtained from the Office of Price Administration.

[1] 8 F.R. 2858, 2997, 4840, 6965, 11738.

[1] 8 F.R. 15317, 16520; 9 F.R. 2692.

*Copies may be obtained from the Office of Price Administration.

[1] 8 F.R. 5533.

1. Paragraph (a) of section 1 is amended to read as follows:

(a) Regardless of any contract or other obligation, no person shall sell, rent, or deliver a used domestic washing machine to any other person, and, in the course of trade or business, no person shall buy, or accept the rental or delivery of a used domestic washing machine, at prices or rates higher than the maximum prices or rates fixed by this regulation, and no person shall agree, offer or attempt to do any of these things.

2. Section 2 is amended to read as follows:

SEC. 2. *To what products, transactions and persons this regulation applies*—(a) *What products are covered by this regulation.* This regulation covers sales, purchases, and rentals of used domestic washing machines. For the purpose of this regulation, a domestic washing machine is a mechanically operated machine designed for washing clothes or other household fabrics in the home (other than a "baby" portable washer having a maximum operating capacity of six gallons of water, or two pounds of dry clothes); and a used domestic washing machine is one which has been used (except for free demonstrations) or which is rented, or which has been in the possession of one or more consumers for more than 90 days, or which is a model of the year 1940 or earlier.

(b) *What transactions are covered by this regulation.* This regulation covers all sales and deliveries, all purchases made in the course of trade or business, and all rentals of used domestic washing machines, by any person, including sales by a consumer who is selling his own washing machine, and sales by dealers or auctioneers. For the purpose of this regulation, a rental is the leasing of a washing machine to a user or users for a price, except where the owner of the machine regularly maintains a business establishment in which the washing machine is located and operated.

(c) *What persons are covered by this regulation.* This regulation applies to all persons. The word "person" includes: an individual, corporation, or any other organized group; their legal successors or representatives; the United States, or any Government, or any political subdivision or agency of the foregoing.

3. Section 3 (c) is amended by adding the following sentence at the end thereof:

In the case of consumer to consumer sales, the guaranty requirement may be satisfied by giving a written agreement to pay for all parts, labor, materials or other services needed to fulfill the guaranty.

4. Section 3 (d) is amended by adding a new (13) to read as follows:

(13) The maximum price for the sale of a used washing machine which does not fall within any of the twelve classes described above, shall be the price, in line with the prices established in this regulation, specifically approved in writing by the Office of Price Administration, Washington, D. C.

5. Section 7 is amended to read as follows:

SEC. 7. *Credit, delivery and other charges*—(a) *Credit charges.* Credit charges for the extension of credit may be added to the retail ceiling prices established by this regulation only to the extent permitted by this section.

(1) Sellers who in March 1942 collected a separately stated additional charge for the extension of credit on sales of used domestic washing machines or similar types of articles, may collect a charge for the extension of credit on sales under this regulation, not exceeding such charge in March 1942 on a similar sale on similar terms to the same class of purchaser. Sellers who did not so state and collect an additional charge, may collect a charge for the extension of credit only on installment-plan sales; and the charge shall not exceed the separately stated additional charge collected for the extension of credit on a similar sale on similar terms to the same class of purchaser in March 1942 by the seller's closest competitor who made such a separately stated charge.

An installment-plan sale as used in the above paragraph means a sale where the unpaid balance is to be paid in installments over a period of either (i) six weeks or more from the date of sale in the case of weekly installments, or (ii) eight weeks or more in the case of other than weekly installments.

(2) All charges for the extension of credit shall be quoted and stated separately.

(3) No seller may require as a condition of sale that the purchaser must buy on credit.

(b) *Delivery and other charges.* Any charge which is not quoted and billed separately shall for the purposes of this regulation be considered to be part of the selling price of the washing machine. Charges for delivery or other services may be added to the maximum retail price set forth in this regulation, only if: (1) the seller during March 1942, made a separate charge for delivery or those other services, the amount of which was separately quoted and billed to the purchaser, (2) the amount charged for delivery or other services is not in excess of the charge in effect during March 1942 upon sales of used domestic washing machines, and (3) such charges are quoted and billed separately. No seller may require the acceptance of any services as a condition of sale.

6. Section 8 is amended to read as follows:

SEC. 8. *Maximum prices for the rental of domestic washing machines*—(a) *Meter-equipped washers.* Rental rates for meter-equipped washers shall not exceed the highest rates charged by the lessor during March 1942. Lessors of meter-equipped washers who did not rent meter-equipped washers during March 1942 may not charge more than 10 cents for each 30 minutes of use. These prices include all incidental services and charges.

(b) *Non-meter-equipped washers.* The maximum prices for the rental of a non-meter-equipped washing machine shall be as set forth below for the specified periods and types of use. These prices include delivery, pick-up, and all other incidental services and charges.

(1) *For periods of one week or longer (which include renewals of shorter periods totalling one week or longer) but less than one month.* $1.50 for the first week, and $1.00 for each week thereafter. No addition may be made to these rates for concurrent use by more than one but less than four family units at the same location.

(2) *For periods of one month or longer (which include renewals of shorter periods totalling one month or longer).* $4.50 for the first month and $3.50 for each month thereafter. No addition may be made to these rates for concurrent use by more than one but less than four family units at the same location.

(3) *For multiple family use.* Any Regional Office of the Office of Price Administration or other office authorized by the appropriate Regional Office, upon application by a lessor located within its jurisdiction, may, by order, fix maximum prices in line with the level of maximum prices established by this regulation, for rentals of non-meter-equipped domestic washing machines for concurrent use by four or more family units at the same location.

(4) *Other rental periods and rental practices.* On and after May 20, 1944, no person may rent any non-meter-equipped washing machine for a period or under conditions different from those specifically set forth in this section, unless maximum prices for such rentals have been fixed by the Office of Price Administration. Any Regional Office of the Office of Price Administration or other office authorized by the appropriate Regional Office, upon application by a lessor located within its jurisdiction may, by order, fix the maximum rental rates for such different rental periods and rental practices, in line with the level of maximum prices established by this regulation.

7. Paragraph (a) of section 11 is amended to read as follows:

(a) Any practice or device which has the effect of getting a higher than ceiling price without actually raising the dollars and cents price, is as much violation of this regulation as an outright over-ceiling price.

8. Section 12 is amended by adding a new paragraph to read as follows:

The tag required by this section shall be attached to the washing machine itself and not to its lid or tub cover.

9. Section 13 is amended by adding the following sentence at the end thereof:

Any charge which is not quoted and billed separately shall, for the purposes of this regulation, be considered to be part of the selling price of the washing machine.

10. Section 15 is amended to read as follows:

SEC. 15. *Registration and licensing.* (a) The registration provision of § 1499.15 of the General Maximum Price Regulation [1] applies to every person subject to this regulation selling used domestic washing machines at retail.

(b) The provisions of Licensing Order No. 1 [2] licensing all persons who make sales under price control are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more price schedules or regulations. A person whose license is suspended may not, during the period of suspension make any sale for which his license has been suspended.

11. Section 17 is amended to read as follows:

SEC. 17. *Relation to the General Maximum Price Regulation and other regulations.* On and after the effective date of this regulation, the provisions of the General Maximum Price Regulation and Maximum Price Regulation No. 165 shall not apply to sales, deliveries, purchases, and rentals for which maximum prices are established by this Maximum Price Regulation No. 372. The General Maximum Price Regulation shall continue to apply to sales, purchases, and deliveries of "baby" portable washers having a maximum operating capacity of six gallons of water, or two pounds of dry clothes; and Maximum Price Regulation No. 165 shall continue to apply to services involving the use of a washing machine which are not rentals as defined in paragraph (b) of section 2, as for example, the washing of clothes in a washing machine located and operated in a business establishment regularly maintained by the owner of the machine.

This amendment shall become effective on the 20th day of May 1944.

[RO 8,[1] Amdt. 7]

GASOLINE RATIONING REGULATIONS FOR THE VIRGIN ISLANDS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order No. 8 is amended in the following respects:

1. The last sentence in § 1394.3703 (b) is deleted.

2. Section 1394.4013 is revoked and a new § 1394.4013 is added to read as follows:

§ 1394.4013 *Notation by ration holder.* (a) Immediately upon receipt of any ration coupons each person to whom such coupons are issued shall write, stamp, or print clearly and in ink or shall write or print clearly in indelible pencil on the face of the coupons issued to him the following information:

(1) In the case of Class A, B, and C coupons, license number of the vehicle for which such ration was issued.

(2) In the case of Class R books issued as non-highway rations, the initials of the ration holder and the municipality in which the vehicle or machine is normally kept.

3. Section 1394.4202 (a) (3) is amended to read as follows:

(3) Transfer may be made only during the period of validity of the coupon in exchange for which the transfer is to be made, and only if such coupon is properly endorsed by the ration holder. (See § 1394.4013.)

4. The text of § 1394.4202 (b) is amended by inserting the words "properly endorsed" between the word "for" and the word "coupons".

5. Section 1394.4202 (b) (2) is amended to read as follows:

(2) No transfer in exchange for coupons in a Class R Book may be accepted or made into a fuel tank of a licensed motor vehicle or a motor vehicle held by a dealer for sale.

6. A new paragraph (d) is added to § 1394.4202 to read as follows:

(d) Transfer may be made only in exchange for coupons bearing the notations thereon required by this section.

This amendment shall become effective as of May 1, 1944.

NOTE: All record keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget as required by the Federal Reports Act of 1942.

However, such exchange shall not be made for a consumer who is not entitled to use fuel oil for the purpose and at the premises for which the coupon sheet was issued to him.

2. Section 1394.5368 (b) is amended to read as follows:

(b) *When and where unit value coupons may be used by consumers.* Fuel oil may be transferred to a consumer in exchange for a unit value coupon only during the validity period and in the zone printed on the coupon. (The zones are described in § 1394.5330.) There are five (5) validity periods, all extending through August 31, 1945. The date on which each period begins for each zone is as follows:

(1) In Zones A–1, B–1 and C–1:

Coupon number and beginning date
1—July 1, 1944
2—December 18, 1944
3—January 15, 1945

2—December 18, 1944
3—December 18, 1944
4—January 29, 1945
5—January 29, 1945

3. Section 1394.5402 (a) is amended to read as follows:

(a) The person controlling the use of any fuel oil burning equipment used for a necessary purpose not otherwise specified in this order, or any person requiring fuel oil for any necessary purpose other than the operation of oil burning equipment may obtain a ration for such purpose. However, a person shall be deemed not to require fuel oil for the purpose if an adequate supply of a substitute material other than a refined petroleum product, is available to him at reasonable cost.

4. Section 1394.5405 (d) is amended by deleting the last sentence in the paragraph.

5. Section 1394.5782 is amended to read as follows:

§ 1394.5782 *Valid period of coupons.* The Washington Office may from time to time, by amendment to this order, change the valid period of unit value coupons.

SUGAR

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Ration Order 3 is amended in the following respect:

Section 1407.86c is amended to read as follows:

§ 1407.86c *Increased allotments for certain industrial users for the period beginning April 1, 1944.* (a) An industrial user may apply to the Board for an increase in his allotments for the period beginning April 1, 1944, for the production of the products listed in Classes 14 and 15 of § 1407.92 (a).

(b) Application must be made prior to June 15, 1944, on OPA Form R–315. The Board shall grant the increase requested in the application. However, the increase in allotments granted to the industrial user must not exceed 25% of the amount of his sugar base for the second quarterly period for the products listed in Classes 14 and 15 of § 1407.92 (a).

SUGAR

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Ration Order 3 is amended in the following respect:

Section 1407.142 (b) is amended to read as follows:

(b) A registering unit or primary distributor to which stamps are surrendered by a consumer must paste the stamps on OPA Form R–120–A (Ration Stamp or Coupon Sheet), or upon a similar sheet; only stamps bearing the same number may be affixed to the sheet. The information required on the face of the sheet shall be filled in by the registering unit before it surrenders such sheet for the purpose of authorizing a delivery of sugar to it, and the name and address of the registering unit, Collector of Customs, or primary distributor to whom the sheet is being surrendered shall be written on the back of the sheet by the registering unit surrendering the sheet. Before a sheet may be surrendered for the purpose of deposit, the person surrendering the sheet shall, if he affixed the stamps to the sheet, fill in the information required on the face of the sheet, or, if he received the sheet with stamps affixed, endorse it by writing his name on its back.

This amendment shall become effective June 1, 1944.

PRICES FOR COMPARABLE VARIETIES OF COMMODITIES IN PUERTO RICO

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 3 is amended by the addition of a new paragraph (d) to read as follows:

(d) *Prices for comparable varieties.* The prices established in this regulation are intended to apply to all varieties of the commodities named and without regard to country of origin, unless the provisions with regard to such commodity limit the applicability of the prices to named brands, sizes, styles, packagings, point of origin, or other determinants of variety. Where a commodity, of a variety different from that priced herein, bears a normal and customary trade relation to a variety of the commodity for which maximum prices have been fixed in this regulation or is similar or comparable to such variety or differs from such variety only in the matter of size or packaging, the Director of the Office of Price Administration for the Territory of Puerto Rico may prescribe a maximum price for such commodity, which price shall be in line with the markups and maximum prices fixed on the varieties of the commodity herein regulated.

This amendment shall become effective May 15, 1944.

NOTE: The reporting and record-keeping provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1499—COMMODITIES AND SERVICES

[Rev. SR 14 to GMPR, Amdt. 134]

RADIO RECEIVER TUBES

A statement of considerations accompanying this Amendment No. 134 to Revised Supplementary Regulation No. 14 to the General Maximum Price Regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.*

A new section 6.48 is added as follows:

SEC. 6.48 *Radio receiver tubes.* This section establishes maximum prices for all sales of new standard radio receiver tubes by all persons other than manufacturers, as defined and covered by Revised Price Schedule No. 84.

For the purposes of this section: (a) standard tubes are tubes originally sold as such by the manufacturer, (b) radio receiver tubes are tubes that are used generally, but not exclusively, in home, auto, and portable radios and phonographs. Sub-standard tubes and used tubes are not covered by this amendment.

(a) *Maximum prices for sales at wholesale.* When used in this section, a sale at wholesale is a sale by a person who buys a radio receiver tube and resells it without substantially changing its form, to any person other than the ultimate consumer. The term also includes any sale to an industrial, commercial, governmental, or institutional user.

(1) *Tubes listed in paragraph (k).* The maximum prices inclusive of the manufacturers' Federal excise tax, for sales at wholesale of radio receiver tubes listed in paragraph (k), are set forth in the table below.

Column I of the table arranges in ascending order all the maximum retail prices which are set forth in paragraph (k).

Columns II, III, IV, V and VI list the corresponding maximum wholesale prices for all the tubes to which the Column I retail prices apply. The quantity which determines the applicable wholesale price column is the total quantity of tubes of all types involved in the sale.

These maximum wholesale prices are f. o. b. point of shipment, and are subject to a discount of 2% if paid in ten days, net thirty days. The seller is required to continue the same guarantee or guarantee allowance extended by him on sales of tubes during March 1942. If the seller was not in business during March 1942, he is required to give the same guarantee or guarantee allowance extended by his most closely competitive seller of the same class to the same class of purchaser.

Column I	Maximum wholesale prices				
Maximum retail prices for tubes as listed in paragraph (k)	Column II Quantities of 1 to 5	Column III Quantities of 6 to 49	Column IV Quantities of 50 to 100	Column V Quantities of 101 to 500	Column VI Quantities over 500
$0.70	$0.41	$0.37	$0.35	$0.33	$0.31
$0.75	.45	.41	.38	.36	.34
$0.80	.48	.43	.40	.38	.37
$0.85	.51	.46	.43	.41	.39
$0.90	.54	.49	.46	.43	.41
$1.00	.60	.54	.51	.48	.46
$1.10	.67	.61	.57	.54	.51
$1.30	.80	.72	.67	.65	.61
$1.60	.99	.90	.83	.80	.76
$1.85	1.21	1.10	1.02	.97	.92
$2.35	1.46	1.32	1.23	1.17	1.12
$2.85	1.78	1.61	1.50	1.43	1.36

The above prices include the manufacturers' Federal excise taxes. Lower prices may be charged.

(2) *Tubes not listed in paragraph (k).* To determine the maximum price for a tube not listed in paragraph (k), the wholesaler shall find the suggested retail price from the manufacturer's last schedule published prior to March 31, 1942, in which the tube is listed. The wholesaler shall then take the nearest maximum retail price shown in Column I of the table above and shall determine his maximum wholesale price in accordance with paragraph (a) (1).

(b) *Maximum prices for sales at retail.* When used in this amendment, a sale at retail means a sale to an ultimate consumer other than an industrial, commercial, governmental, or institutional user.

(1) *Maximum prices for sales by all retailers except those who purchased tubes from a manufacturer in March 1942.* The maximum prices for sales by all retailers, except those who purchased tubes from a manufacturer in March 1942, shall be those set forth below:

(i) *Tubes listed in paragraph (k).* The maximum price, inclusive of the manufacturers' Federal excise tax for a sale at retail of a radio receiver tube listed in paragraph (k), whether sold separately or in connection with the servicing of a radio or phonograph, shall be the price set forth in paragraph (k) for that tube.

(ii) *Tubes not listed in paragraph (k).* The maximum price, inclusive of the

manufacturers' Federal excise tax, for a sale at retail of a radio receiver tube not listed in paragraph (k), whether sold separately or in connection with the servicing of a radio or phonograph, shall be the suggested retail price shown in the manufacturer's last schedule published prior to March 31, 1942, in which the tube is listed.

(2) *Maximum prices for sales by any retailer who in March 1942 purchased radio receiver tubes from the manufacturer.* When used in this amendment, a private brand radio receiver tube means a brand which is not offered by the manufacturer to his general trade but is manufactured for resale by a particular retail seller or sellers. A national brand radio receiver tube is any radio receiver tube other than a private brand tube.

The maximum price, inclusive of the manufacturers' Federal excise tax, for a sale at retail of a private brand radio receiver tube, by a retailer who purchased radio receiver tubes from the manufacturer in March 1942, shall be the highest price charged by the seller during March 1942 for a private brand tube of that type. The maximum price, inclusive of the manufacturers' Federal excise tax, for a sale at retail of a national brand radio receiver tube, by a retailer who purchased radio receiver tubes from the manufacturer in March 1942, shall be the highest price charged by the seller during March 1942 for any national brand tube of the same type. Maximum prices determined under this paragraph (b) (2), however, may not exceed the maximum prices listed in paragraph (k) and shall apply whether the tube is sold separately or in connection with the servicing of a radio or phonograph.

(c) *Other maximum prices.* The maximum price for any sale of a tube covered by this section which cannot be determined under the previous paragraphs shall be a price in line with the level of prices so determined, which has been specifically established by order of the Price Administrator. Applications for the establishment of a maximum price under this paragraph shall be made to the Office of Price Administration, Washington, D. C.

(d) *Service charges.* On and after the effective date of this amendment, the maximum prices for service charges established by this paragraph, supersede the provisions of Maximum Price Regulation No. 165. No charge may be made for testing radio receiver tubes brought to the seller's establishment by a customer. A maximum charge of $.50 may be made for removing, testing, and replacing all of the radio receiver tubes contained in the portable or table model radio or phonograph brought to the seller's establishment by the customer, if the radio tubes can be removed, tested, and replaced without detaching the chassis mechanism from the cabinet of the radio or phonograph. A maximum charge of $1.00 may be made for removing, testing, and replacing all of the radio receiver tubes contained in the portable or table model radio or phonograph brought to the seller's establishment by the customer, if the chassis mechanism must be detached from the cabinet before the radio tubes can be removed, tested, and replaced. All other service charges remain under Maximum Price Regulation No. 165.

(e) *Guarantee.* The maximum price for a sale to an ultimate consumer of a radio receiver tube, shall include the standard guarantee against defects extended by the manufacturer of that tube. In no case shall the guarantee be for a period less than 90 days from the date of sale. If a tube subject to guarantee cannot be replaced within a reasonable period of time, the retailer shall give the consumer full credit, or refund the purchase price.

(f) *Federal, State, and local taxes.* Federal excise taxes levied after April 1, 1944, and state and local taxes imposed upon the sale of radio receiver tubes may be added to the maximum prices established under this section, provided they are separately stated and collected.

(g) *Posting.* A seller offering radio receiver tubes for sale at retail shall post and keep conspicuously posted, at the place in his business establishment where radio receiver tubes are offered for sale, whether offered separately or in connection with the servicing of a radio or phonograph, a copy of the table of maximum prices contained in paragraph (k) of this section together with the statement of guarantee and service charges contained therein.

A seller who establishes his prices under paragraph (b) (2) shall post these maximum prices in accordance with the preceding paragraph.

(h) *Sales slips, receipts, and invoices.* After May 19, 1944, every person making a sale at wholesale of a standard radio receiver tube shall furnish the purchaser with a sales slip, receipt, invoice, or other similar written evidence of purchase showing the name and address of the seller and the purchaser, the date of sale, the quantity, types, and prices charged for the radio receiver tubes. This sales slip, receipt, or invoice or other written evidence of purchase shall be kept by the purchaser, and a carbon copy of it kept by the seller for inspection by the Office of Price Administration.

(i) *Credit charges for sales at retail.* (1) Charges for the extension of credit may be added to the maximum (ceiling) retail prices established by this section only to the extent permitted by and subject to the requirements of this paragraph. (i) Sellers who in March 1942 collected a separately stated additional charge for the extension of credit on sales of radio receiver tubes may collect a charge for the extension of credit on sales under this section, not exceeding such charge in March 1942 on a similar sale on similar terms to the same class of purchaser. (ii) Sellers who did not so state and collect an additional charge may collect a charge for the extension of credit only on instalment-plan sales; and the charge shall not exceed the separately stated additional charge collected for the extension of credit on a similar sale on similar terms to the same class of purchaser in March 1942 by the seller's closest competitor who made such a separately stated charge.

(2) An instalment-plan sale, as used in the above paragraph, means a sale where the unpaid balance is to be paid in instalments over a period of either (i) six weeks or more from the date of sale in the case of weekly instalments, or (ii) eight weeks or more in the case of other than weekly instalments.

(3) All charges for the extension of credit shall be quoted and stated separately. Any charge which is not quoted and stated separately, or which otherwise does not conform to this paragraph, shall, for the purposes of this section, be considered to be part of the price charged for the article sold or services rendered.

(4) No seller may require as a condition of sale that the purchaser must buy on credit.

(j) *Applicability.* The provisions of this section shall be applicable to the forty-eight states of the United States and to the District of Columbia.

(k) *Table of maximum prices for sales to consumers.* (Lower prices than those listed below may be charged.)

Standard radio receiver tubes are guaranteed against defects for a period of ninety (90) days from the date of sale. No extra charge for testing detached radio tubes. Maximum charge of $.50 for testing all radio tubes in a set if they can be removed from the radio without detaching the radio mechanism from the cabinet. Maximum charge of $1.00 for testing all radio tubes in a set if the radio mechanism must be removed from the cabinet to test the tubes. These maximum charges apply to portable or table model radios or phonographs brought to this establishment.

This amendment shall become effective on the 20th day of May 1944.

PART 1382—HARDWOOD LUMBER

[RMPR 97,[1] Incl. Amdts. 1-13]

SOUTHERN HARDWOOD LUMBER

This compilation of Revised Maximum Price Regulation 97 includes Amendment 13, effective May 20, 1944. The text amended by Amendment 13 is underscored.

In the judgment of the Price Administrator, the prices of Southern hardwood lumber have risen to an extent and in a manner inconsistent with the purposes of the Emergency Price Control Act of 1942. The Price Administrator has ascertained and given due consideration to the prices of Southern hardwood lumber prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of said act. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.[2]

[1] 8 F.R. 13728.

[2] Statements of considerations are also issued simultaneously with the issuance of amendments. Copies may be obtained from the Office of Price Administration.

Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected.

[Preamble amended by Supplementary Order 61, 8 F.R. 12552, effective 9-11-43]

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 as amended, and Executive Order No. 9250, Revised Maximum Price Regulation No. 97—Southern Hardwood Lumber, is hereby issued.

AUTHORITY: §§ 1382.101 to 1382.114, inclusive, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681.

§ 1382.101 *Sales of southern hardwood lumber at higher than maximum prices prohibited.* (a) On and after January 7, 1943, regardless of any contract or other obligation, no person shall sell or deliver, and no person shall buy or receive in the course of trade or business, any southern hardwood lumber for direct-mill shipment at prices higher than the maximum prices fixed by this regulation, and no person shall agree, offer or attempt to do any of these things. The maximum f. o. b. mill prices are set forth in Appendix A.

(b) Prices lower than the maximum prices may, of course, be charged and paid.

[§ 1382.101 amended by Am. 5, 8 F.R. 8860, effective 7-2-43 and Am. 8, 8 F.R. 11690, effective 8-21-43. Paragraph (b) revoked and former (c) redesignated (b) by Am. 9, 8 F.R. 13278, effective 10-11-43]

§ 1382.102 *To what transactions, products, and persons this regulation applies*—(a) *What transactions are covered*—(1) *Direct-mill shipments.* This ceiling applies to all shipments originating at a mill, no matter who the seller is, and no matter whether he usually is known as a mill, wholesaler, retailer or anything else. It does not apply to sales out of distribution yard stock. A shipment is regarded as originating at a mill if the lumber reaches the purchaser without ever becoming an integral part of the stock of a distribution yard. A sale is considered a sale out of distribution yard stock only if the lumber was a part of regular yard stock at the time the sale was made.

(2) *How to tell a mill from a distribution yard*—(i) *General tests.* The term "mill", as used here, covers what are known in the trade as sawmills, planing mills and concentration yards. Three types of establishments are described below: the first, (a), a typical sawmill or planing mill; the second, (b), a typical concentration yard; and the third, (c), a typical distribution yard. An establishment which resembles a typical sawmill or planing mill or a typical concentration yard more than it does a typical distribution yard is considered a mill; and one which resembles a typical distribution yard more than it does a typical sawmill or planing mill or a typical concentration yard is considered a distribution yard.

(a) A "typical sawmill or planing mill" is an establishment which is chiefly engaged in manufacturing lumber from logs or rough lumber by sawing or planing; which is located in or near a lumber producing area; which makes and sells chiefly Southern hardwood or softwood lumber.

(b) A "typical concentration yard" is an establishment which concentrates and prepares lumber for commercial shipment; which keeps in stock mostly Southern hardwood lumber; which has its lumber brought in chiefly in rough green form by truck from small local sawmills and sells chiefly for rail shipment; and which has been located at its particular site to be near the lumber producing area.

(c) A "typical distribution yard" is a wholesale or retail lumber yard which gets lumber from mills or other yards; unloads, sorts, stores, and resells or redistributes it; which regularly maintains a varied stock of lumber from different regions; which gets its lumber mostly by rail and sells mostly for truck shipment; which is equipped to make quick deliveries of many different items of lumber; and which has been located at its particular site in order to be near a lumber consuming area.

(ii) *New yards.* In order to prevent violation of this regulation by unnecessarily routing through yards, the Office of Price Administration will not recognize distribution yards set up after January 1, 1943, unless the new yard writes to the Office of Price Administration, Washington, D. C., and proves that it satisfies the requirements of the definition and that the purpose is not to get around this regulation by means of unnecessary yard business. Until approval is received, the new yard cannot consider itself a distribution yard for the purpose of this regulation.

(iii) *Retail type sales excepted.* A "retail type" direct-mill sale is not subject to this regulation. A "retail type" direct-mill sale means a sale of not more than 2,000 feet of lumber in which the purchaser requests delivery to a point not more than 20 miles from the mill at which the shipment originates. It includes only sales of lumber to contractors or consumers for use in construction, remodeling, repair, maintenance, fabrication, or remanufacture, and it does not include sales for resale in substantially the same form.

(b) *What products are covered.* (1) This regulation covers all Southern hardwood lumber, whether the grades, sizes and specifications are specifically named in the price tables in Appendix A or not. All grade terms have the meaning given in the "Rules for the Measurement and Inspection of Hardwood Lumber," issued by the National Hardwood Lumber Association, effective January 1, 1943.

(2) This regulation covers all lumber produced from the following botanical species, and processed into lumber at mills located in the Southern hardwood region: sap sweet gum and red sweet gum (Liquidambar styraciflua), tupelo (Nyssa aquatica), black gum (Nyssa sylvatica), tough ash (Fraxinus americana), yellow poplar (Liriodendron tulipifera), beech (Fagus americana), sycamore (Platanus occidentalis), soft maple (Acer rubrum); and the botanical species included in the genera of red oak and white oak (Quercus), magnolia (Magnolia), elm (Ulmus), cottonwood (Populus), willow (Salix), hackberry (Celtis), hickory (Hicoria), basswood (Tilia), ash (Fraxinus), and all other hardwood species.

(3) The Southern hardwood area is described by exact boundary lines in Appendix C.

(4) Some of the things which this regulation does not cover are: glued stock, moulding, risers, step treads, thresholds, hand rails, bevel and drop siding, flooring, switch, cross and mine ties, mine material, navy oak ship stock (see Maximum Price Regulation 281),[1] small dimension stock, and lath.

[Paragraph (b) amended by Am. 5, 8 F.R. 8860, effective 7-2-43]

(c) *What persons are covered.* Any person who makes the kind of sale or purchase covered by this regulation is subject to it. The term "person" includes: an individual, corporation, partnership, association, or any other organized group; their legal successors or representatives; the United States, or any government, or any of its political subdivisions; or any agency of any of the foregoing.

§ 1382.103 *How to figure delivered prices; and mixed car charges*—(a) *Transportation addition.* The transportation charges set forth below may be added to the maximum f. o. b. mill prices set forth in Appendix A.

(1) *Common or contract carrier.* When shipment is by common or contract carrier, the following rules govern:

(i) When estimated weights are used, the rate times the estimated weight is the proper transportation charge. Estimated weights may be used only if they have been filed with the Office of Price Administration, Washington, D. C. The weights must be the weights used by the seller during the period October 1 to October 15, 1941. The estimated weight must be the weight for the exact kind of lumber actually shipped; for example, green weights may not be used if dry lumber is shipped. The transportation charge may be evened out to the nearest quarter-dollar per M.

(ii) When estimated weights are not used, the amount added for transportation must not be more than the amount actually paid to the common or contract carrier, evened out to the nearest quarter-dollar per M.

(2) *Private truck.* When shipment is by truck owned or controlled by the seller, the amount added for transportation may not be more than the actual cost to the seller of delivery by truck; and, no matter what the actual cost is, the amount added may not be more than the railroad charge at the carload rate for the most similar haul. However, if this railroad charge is less than $1.50, and if the actual cost of delivery is more than $1.50, a transportation charge of $1.50 may be made.

(3) *Trucking to railhead.* When a truck haul precedes rail shipment, as when a mill located away from a railhead hauls lumber by truck to the railhead, no addition may be made for the truck haul. However, in the following two cases a mill may apply for special permission to make an addition:

[Subparagraph (3) amended by Am. 11, 8 F.R. 17375, effective 1-4-44.]

(i) Where the mill was located away from rail connections because it specialized in water-borne lumber, and where shortage of shipping has forced it to operate by rail;

[Subdivision (ii) revoked and former (iii) redesignated (ii) by Am. 9, 8 F.R. 13728, effective 10-11-43]

(ii) Where a mill's rail connection has been abandoned since September 5, 1941.

The application should be made by letter to the Lumber Branch of the Office of Price Administration, Washington, D. C. The addition may not be made on quotations or sales until permission has been received.

(4) *Truck delivery after rail haul.* When truck delivery follows a rail haul, the actual cost of truck delivery may be added.

(5) *All-truck haul.* When an all-truck haul ends in delivery to the job site, no special addition may be made above the charges provided in subparagraphs (1) and (2) of this paragraph, since in this case delivery to the job site involves no extra expense.

(b) *Mixed cars.* The following additions per M may be made where the purchaser (or purchasers, in the case of a pool car) orders an item consisting of one species, thickness and grade, in the following quantities:

Quantity ordered:	Addition per M
3,000 to 4,000 ft.	$1.00
2,000 to 2,999 ft.	2.00
1,000 to 1,999 ft.	2.50
999 ft. and less	3.00

§ 1382.104 *What the invoice must contain*—(a) *General.* Because of the large number of possible additions to the basic f. o. b. mill prices, it is necessary that some of them be separately shown on the invoice. Otherwise the purchaser and the Office of Price Administration could not tell in many cases whether a price which appeared to be above the selling was proper or not.

Failure to invoice properly is just as much a violation of this regulation as charging an excessive price.

(b) *Basic price.* All invoices must contain a sufficiently complete description of the lumber to show whether the price is proper or not. Any working, specification, quantity, or extra which affects the maximum price must be mentioned in the description. The amount added for these does not have to be separately shown, except in a few special cases which are specifically mentioned later.

(c) *Transportation charges.* In delivered sales, the invoice must contain the:

(1) Point of origin of shipment,

(2) Destination,

(3) Rail or truck rate (or, if shipment is by private truck, the amount added for transportation),

(4) The words "Direct-Mill Shipment."

(d) *Delivery, and custom kiln-drying and milling charges.* Any separate charge which the seller is permitted to make for the following must be separately shown on the invoice;

(1) Truck delivery after rail haul;

(2) Custom kiln-drying or milling: the invoice of the custom kiln or milling establishment must be attached to the lumber invoice of the seller.

[Paragraph (d) amended by Am. 4, 8 F.R. 5479, effective 4-29-43]

§ 1382.105 *Prohibited practices*—(a) *General.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-in agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Getting the effect of a higher price by changing credit practices from what they were in October 1941. This includes decreasing credit periods, or making greater charges for extension of credit. In any case, on sales made through the Office of the Chief of Engineers, War Department, terms of 30 days net may be used. In all cases, if the sale is on cash terms, the maximum price must be reduced by the same amount as the sale price would have been reduced for similar cash terms on October 1, 1941. For example, if the maximum price without cash discount is $40.00, and if in sales of this item on October 1, 1941 to purchasers of a certain class, the seller reduced sales prices 2 per cent for cash within 10 days, the ceiling cash price in sales to purchasers of this class is $39.20.

(2) Refusing, without good reason, to ship except in small quantities, or in specified or restricted random lengths, or under other circumstances which bring the seller an extra return.

(3) Refusing, without good reason, to ship lumber in standard grades and in grade-rule range widths and lengths.

(4) Grading as a special grade lumber which normally is graded by the seller as a standard grade; or wrongly grading or invoicing lumber in any other way.

(5) Refusing to sell on an f. o. b. mill basis, and insisting on selling on a delivered basis.

(6) Unnecessarily routing lumber through a distribution yard.

(7) Quoting a gross price above the maximum price, even if accompanied by a discount, the effect of which is to bring the net price below the maximum.

(c) *Waiver of moisture content.* Under this regulation lumber is either green, partially dry, or dry. If it does not actually meet this regulation's moisture-content requirements for dry lumber, it cannot be sold at the dry price, even if the moisture requirement is waived.

(d) It is unlawful for any person to charge, receive or pay a commission for the service of procuring (including buying, selling, or locating lumber, or for any related service such as "expediting") which does not involve actual physical handling of lumber, if the commission plus the purchase price results in a total payment by the buyer of lumber which is higher than the maximum price of the lumber. For purposes of this regulation, a commission is any compensation, however designated, which is paid for the procurement of lumber. This prohibition has no application to the case of a bona fide employer-employee relationship where the employee serves only one employer, insofar as lumber procurement is concerned, and where the compensation paid by the employer is a fixed salary and is not based directly or indirectly on the quantity, price or value of the lumber in connection with which the service is rendered.

[Paragraph (d) amended by Supplementary Order 37, 8 F.R. 2192, effective 2-23-43; and Supplementary Order 77, 8 F.R. 14310, effective 10-26-43]

(e) *Combination grades.* Lumber sold on combination or special inspection grades, for which no maximum price has been established in this regulation, such as log run, mill run, or No. 1 Common and Better, may not be sold at above the maximum price for the lowest grade actually included in the special inspection grade. For example, the maximum price for No. 2 Common and Better is that set for No. 2 Common. Of course, the amount of the different grades included can be quoted and invoiced separately at the individual prices for those grades.

(f) *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of shipment; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after shipment. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to give the authorization.

The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

[Paragraph (f) amended by Supplementary Order 50, 8 F.R. 10568, effective 7-27-43 and Am. 1 thereto, 8 F.R. 14310, effective 10-20-43]

§ 1382.106 *Grades, specifications and extras not specifically priced.* (a) Southern hardwood lumber, sold on special grades or specifications or with special services or other extras not specifically mentioned in Appendix A, is nevertheless subject to this regulation. The maximum price is a price which bears the October 1941 relation to the most comparable standard item. The seller should find his price difference between the special item and this most comparable standard item in October 1941 or the first month before that in which he had sales of both items, or if this is impossible, the price differential he would have used. This difference is then added to or subtracted from the maximum price of the comparable standard grade, and the result is the maximum price for the special grade. This price must be reported to the Office of Price Administration, Washington, D. C., on OPA Form 197:3, given in paragraph (c) below. It may be ordered reduced, if it is found excessive. But if the price is not disapproved within 30 days of the receipt of the report, it is approved. Applications for approval of maximum prices for special grades and items under this section will be considered only when accompanied by (1) a true copy of the order or of customer's inquiry on the basis of which the application has been submitted; and (2) a statement certified to be true by the purchaser or prospective purchaser to the effect that none of the grades specifically priced in the regulation will serve the purpose for which the stock is intended to be used, which purpose is to be stated; that it has been his custom to purchase lumber on such special specifications. Approval of the price will be conditional on a finding that the purpose for which the special grade item is to be used is classified by the WPB as essential to the war effort. Prices, when approved, for such special grades or items will be based on the price differential previously established between the particular special item requirement and the related grade rule specification.

[Paragraph (a) amended by Amendment 5, 8 F.R. 8860, effective 7-2-43 and Amendment 9, 8 F.R. 13728, effective 10-11-43]

(b) A seller using this pricing section can go ahead with delivery of the lumber and collection of the price he has computed or requested. But he must tell the buyer that the price is subject to revision within the thirty-day period,

[1] 7 F.R. 10290; 8 F.R. 2107, 8678, 17415.

and, if the price is ordered reduced, must refund any excess over the final approved price.

(c) OPA Form 197:3 is as follows:

(d) *Existing authorizations.* (1) Any reports filed prior to January 7, 1943, with the Office of Price Administration under any of the former special grade provisions of Maximum Price Regulation 97 shall be considered as reports filed under paragraph (c) just above.

(2) Maximum prices for special grades or items, other than No. 1 construction boards approved before January 7, 1943, by the Office of Price Administration shall continue in effect as the maximum prices for these special grades or items produced at the mill which obtained the approval. With respect to these special grades or items, the producing mill need not file the report required in paragraph (c) of this section.

§ 1382.107 *Petitions for adjustment and amendment*—(a) *Government contracts.* See Procedural Regulation No. 6 [4]

[4] 7 F.R. 5087, 5664; 8 F.R. 6173, 6174, 12024.

for adjustment provisions on certain government contracts or subcontracts.

[Paragraph (a) amended by Supplementary Order 83, 9 F.R. 978, effective 2–1–44]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this Revised Maximum Price Regulation 97 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[5]

[Paragraph (b) amended by Supplementary Order 26, 8 F.R. 8948, effective 11–4–42]

(c) In treating with petitions for amendment or adjustment, consideration will not be given to log and bolt costs which are higher than the applicable maximum purchase prices for logs and bolts established in Revised Maximum Price Regulation 161 [6]—West Coast Logs, or Maximum Price Regulations 313 [7]—Prime Grade Hardwood Logs and 348 [8]—Logs and Bolts, or any revision or amendment of these regulations. This rule shall be followed regardless of whether the petitioner gets logs and bolts by purchasing them, logging his own standing timber, contracting for the logging of his own timber, or any other means. All petitions in any way based on the cost of logs or bolts must show the actual cost to the petitioner of logs and bolts received at his plant during the three months immediately prior to filing the petition, and the cost which would have been incurred by the petitioner if all of these logs and bolts had been purchased by him at ceiling prices. To figure these ceiling prices the petitioner should refer to the regulation which fixes the maximum prices for purchases and sales of the kinds of logs and bolts received at his plant.

[Paragraph (c) added by Supplementary Order 47, 8 F.R. 5808, effective 5–8–43]

§ 1382.108 *Records and reports*—(a) *Records.* All sellers of Southern hardwood lumber must keep records which will show a complete description of the item of lumber sold, the name and address of the buyer, the date of the sale and the price. Buyers must keep similar records, including the name and address of the seller. These records must be kept for any month in which the seller or buyer sold or bought $500.00 worth or more of Southern hardwood lumber. They must be kept for two years, for inspection by the Office of Price Administration. Any records which the Office of Price Administration later requires must also be kept.

(b) *Reports.* Any reports that the Office of Price Administration requires must be submitted.

§ 1382.109 *Enforcement and licensing.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for revocation of licenses provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this regulation or of any other regulation or order issued by the Office of Price Administration are urged to communicate with the nearest field, state, or regional office of the Office of Price Administration or its principal office in Washington, D. C.

(c) War procurement agencies and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this regulation. "War procurement agencies" include the War Department, the Navy Department, the United States Maritime Commission and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any of their agencies.

(d) *Licensing.* The provisions of Licensing Order No. 1 [9] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[Paragraph (d) amended by Supplementary Order 72, 8 F.R. 12244, effective 10–1–43]

§ 1382.110 *Relation to other regulations*—(a) *General Maximum Price Regulation.*[10] Any sale or delivery covered by Revised Maximum Price Regulation 97 is not subject to the General Maximum Price Regulation.

(b) *Revised Maximum Export Price Regulation.*[11] The maximum price for export sales of Southern hardwood lumber is governed by the Revised Maximum Export Price Regulation.

§ 1382.111 *Effective date.* (a) This regulation (§§ 1382.101 to 1382.113, inclusive) shall become effective January 7, 1943.

(b) If lumber has been received before January 7, 1943, by a carrier, other than one owned or controlled by the seller, for shipment to a buyer, that shipment is not subject to this regulation. It remains subject to the terms of any regulation, whether the General Maximum Price Regulation or earlier version of this regulation, which covered it at the time the lumber was turned over to the carrier.

[RMPR 97 originally issued January 1, 1943]

[Effective dates of amendments are shown in notes following the parts affected]

§ 1382.112 *Appendix A: Maximum prices for Southern hardwood lumber in standard or near-standard grades*—(a) *Application of Appendix A.* Appendix A applies to all Southern hardwood lumber of the species and grades named, when sold on grade-rule-range widths and lengths, or widths and lengths substantially the same as grade-rule-range widths and lengths, or on specified average widths or specified average lengths which are substantially run-of-the-log.

[11] Second Revision: 8 F.R. 4132, 5987, 7662, 9998, 15193; 9 F.R. 1036.

(b) *Basic maximum prices.* The maximum f. o. b. mill price for 1,000 feet of Southern hardwood lumber in a rough air-dried condition shall be as follows:

(1) TOUGH ASH

Thickness (inch)	FAS	No. 1 Common and Selects or No. 1 Common	No. 2 Common	No. 3 Common
1	$76.00	$46.00	$25.00	$22.00
1¼	81.00	51.00	28.00	23.00
1½	86.00	61.00	37.00	23.00
2	96.00	71.00	38.00	24.00
2½	111.00	76.00	39.00	----------
3	121.00	86.00	41.00	----------

(i) Where tough ash lumber is shipped to the purchaser out of the stocks of a tough ash specialty establishment, rather than directly from the mill which produced the lumber from the log, an addition of $15.00 per thousand on FAS, $10.00 per thousand on No. 1 Common and Selects or No. 1 Common, and $5.00 on No. 2 Common may be made to the prices of all thicknesses.

(ii) A tough ash specialty establishment is an operation:

(a) Which does not manufacture any species of Southern hardwood lumber from the log;

(b) Which maintains a yard that receives more than 50,000 feet of tough ash lumber each month;

(c) Which usually obtains tough ash lumber without specifying to the supplier thicknesses, widths or lengths;

(d) Which is usually in a position to furnish tough ash lumber in a wide range of grades and specifications (thicknesses, widths, and lengths) and maintains an inventory during each month of more than 50,000 feet of tough ash lumber; and

(e) Which has been certified by the Office of Price Administration as a "tough ash specialty establishment" by publication of its name in the FEDERAL REGISTER. Certification may be revoked on failure to maintain the above qualifications. Moreover, certification may be revoked if the tough ash specialty establishment, either directly or by connivance with an affiliated corporation or business, attempts to induce suppliers of tough ash lumber to sell to him by arranging reciprocal shipments of other kinds of lumber to the tough ash lumber supplier, or by the sale of other kinds of lumber from any source to the tough ash lumber supplier at other than customary terms of payment.

Failure of a tough ash specialty establishment, which is affiliated with any sawmill operation, to preserve a complete segregation of its business activities from the affiliated sawmill company will also be considered grounds for revocation.

(iii) The following establishments have qualified as tough ash specialty establishments:

Bankston Lumber and Export Company, Savannah, Georgia.

Dudley Hardwood Company, New Orleans, Louisiana.

Thompson-Kats Lumber Company, Memphis, Tennessee.

Lamson Lumber Company, Inc., New Orleans, Louisiana.

Dixie Lumber Company, Charleston, South Carolina.

Maurice W. Grundy, 8201 Fig Street, New Orleans, Louisiana.

Southern Lumber Company, 200 Block, Octavia Street, New Orleans, Louisiana.

Southern Lumber Company, Donaldsonville, Louisiana.

No. 1 Construction Boards (Rough, random widths) ---------- $34.00
No. 2 Construction Boards (Rough, random widths) ---------- 28.00
No. 3 Construction Boards (Rough, random widths) ---------- $17.00

NOTE: For construction boards machined to dressed widths as set out in NHLA Rules for the Measurement and Inspection of Hardwood Lumber issued January 1, 1943, $1.00 per M'BM may be added in addition to the appropriate allowance for machining as established in this regulation. This addition, however, may be made only when the purchaser specifies, and the seller furnishes, stock meeting this requirement.

In connection with each shipment of No. 1 Construction Boards, the invoice must be accompanied by an inspection certificate issued by the NHLA, certifying that the shipment meets the grade of No. 1 Construction Boards. Unless this is done, the maximum price for No. 2 Construction Boards shall be applicable to the shipment.

Notes on White Oak or Red Oak—Structural Stock or Sound Square Edge

Random widths; In 2", 3" and 4" thicknesses—$43.00.

Free of heart; In 2", 3" and 4" thicknesses—add $6.00 to maximum price for same thickness, width and length in above schedule.

Prices for specific sizes not in schedule: The maximum price for material of length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length in above schedule.

Notes on White Oak or Red Oak—Freight Car Stock, Common Dimension, Mine Car Lumber.

Random widths; in 2" and 3" thicknesses—$50.00.

Free of heart; in 2" and 3" thicknesses—add $8.00 to maximum price for same thickness, width and length in above schedule.

Prices for specific sizes not in schedule:

The maximum price for material of a length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length.

In the case of any item for which the thickness or the width is not included in the schedule, the maximum price shall be the maximum price for the material of the next greater thickness or width.

The maximum prices set forth above supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this regulation.

Deduction for mixed hardwoods. For Mixed Hardwoods—Freight Car Stock, Common Dimension, Mine Car Lumber, deduct $4.00 from the maximum price for White Oak or Red Oak—Freight Car Stock, Common Dimension, Mine Car Lumber, in the same size in above schedule.

(c) *Maximum prices for dunnage.* (1) The maximum rail-delivered price for 1,000 feet of dunnage lumber shall be as follows:

Delivered at:	Maximum delivered price
Baltimore, Maryland	$32.00
Beaumont, Texas	22.00
Boston, Massachusetts	36.00
Charleston, South Carolina	23.00
Corpus Christi, Texas	23.00
Galveston, Texas	23.00
Gulfport, Mississippi	22.00
Houston, Texas	23.00
Jacksonville, Florida	23.00
Lake Charles, Louisiana	22.00
Mobile, Alabama	22.00
Morgan City, Louisiana	22.00
Newark, New Jersey	34.00
New Orleans, Louisiana	22.00
New York, New York	34.00
Pensacola, Florida	23.00
Philadelphia, Pennsylvania	33.00
Port Arthur, Texas	23.00
Portsmouth, Virginia	26.00
Savannah, Georgia	28.00
Tampa, Florida	25.00

(2) The maximum price for dunnage delivered at the above ports by water shall be the rail-delivered price as above set forth less the difference between the rail transportation charge from the point of shipment to the particular port, computed by multiplying the applicable rail rate by the weight of the lumber based on 3500 pounds per M'BM, and the actual water transportation charge from the point of shipment to the particular port.

(3) The term "dunnage" as used above means lumber of any hardwood species, of standard widths and lengths, but poorer in quality than the lowest standard grade in the particular species.

(d) *Deduction for green.* For lumber shipped in a "green" condition, deduct from the maximum prices for air-dried lumber established in this Appendix "A", 10 percent of the maximum price for rough, air-dried material in the same specifications.

This deduction shall not apply to special sawn timbers, Tough Ash lumber, or to lumber customarily used without air seasoning, but it shall apply to any lumber which requires further air seasoning by the purchaser before being placed in the kiln for kiln-drying, or before fabrication if not kiln-dried.

The mere fact that the lumber is not used immediately, but is stored on the purchaser's yard, does not necessarily mean that green lumber has been shipped, but in case of dispute any lumber which weighs 25% or more in excess of the air-dried weight as published in the Rules for the Measurement and Inspection of Hardwood Lumber, issued by the National Hardwood Lumber Association, January 1, 1943, or for weights filed with the Office of Price Administration by the individual shippers, shall be considered to be "green".

Any purchaser who accepts "green" lumber at prices applicable to "dry" lumber is guilty of violation of the regulation to the same extent as the seller.

[Paragraphs (c) and (d) amended by Am. 5, 8 F.R. 8860, effective 7-2-43 and Am. 9, 8 F.R. 13728, effective 10-11-43]

(e) *Additions for kiln drying.* (1) To a moisture content not exceeding 9 percent at the time the lumber leaves the kiln.

	Thickness (inch)							
	½ & ⅝	¾	⅞	1"	1¼	1½	1¾	2"
Cottonwood, Elm, Hackberry, Yellow Poplar, Magnolia, Maple, Sycamore, Willow, Basswood	$4.00	$4.50	$5.00	$6.00	$6.50	$7.00	$9.00	$11.00
Ash, Beech, Black Gum, Tupelo, Plain and Quartered Sap Gum	4.50	5.00	6.00	7.00	8.00	9.00	11.00	13.00
Hickory, Plain Oak, Red Gum, Sweet Pecan	5.00	5.50	6.50	8.00	9.50	12.00	15.00	20.00
Quartered Oak	5.00	6.00	7.50	9.00	11.00	15.00	20.00	25.00

(2) To a moisture content between 9 and 20 percent at the time the lumber leaves the kiln.

	Thickness (inch)							
	½ & ⅝	¾	⅞	1"	1¼	1½	1¾	2"
Cottonwood, Elm, Hackberry, Yellow Poplar, Magnolia, Maple, Sycamore, Willow, Basswood	$2.50	$3.00	$3.50	$4.00	$4.50	$5.00	$6.00	$7.50
Ash, Beech, Black Gum, Plain and Quartered Sap Gum	3.50	3.50	4.00	5.00	5.50	6.00	7.50	9.00
Hickory, Plain Oak, Red Gum, Sweet Pecan	3.00	4.00	4.50	5.50	6.50	8.00	10.00	13.50
Quartered Oak	3.50	4.00	5.00	6.00	7.50	10.00	13.50	18.50

(3) If, at the request of the purchaser, the seller inspects, grades, and measures after kiln-drying, a further addition of 5 percent of the f. o. b. mill price of the lumber in a rough air-dried condition may be made.

(4) [Revoked]

[Subparagraph (4) revoked by Am. 4, 8 F.R. 5479, effective 4-29-43]

(f) *Mill working additions.*

	Less than 1", 1" and 1¼" thick	1¼" to 2" thick
Resawing 1 line	$3.00	$2.80
Resawing 2 lines	5.50	4.50
Surfacing 1 or 2 sides	2.50	2.25
Surfacing 2 sides and Resawing	5.00	4.25
Resawing and Surfacing 1 or 2 Sides	5.50	4.75
Surfacing 3 or 4 sides, or 1 side and 1 edge	4.00	3.50

[Paragraph (f) amended by Am. 5, 8 F.R. 8860, effective 7-2-43]

(g) *Miscellaneous additions.* (1) Anti-stain treatment: 50 cents per M.

(2) Stenciling on the face of each piece in a manner which will permit identification and segregation of a particular shipment: 50 cents. (This addition cannot be made for stenciling a trade mark on each piece.)

(3) Marking on each piece the surface measure and/or board measure and/or width and/or length of the piece: 50 cents per M.

(4) Bundling: $2.00 per M.

(5) End racking or band sawing: No addition.

(6) Where the purchaser requests an inspection by, and an inspection certificate issued by, the National Hardwood Lumber Association, the seller may make an added charge which does not exceed the inspection fees and expenses charged by the Association to the seller and shown on the certificate.

(h) *Custom kiln-drying and milling.* Where Southern hardwood lumber is kiln-dried or milled for the seller by a custom kiln or milling establishment, and the custom kiln or milling establishment is not owned or operated by, or connected with, the sawmill, the seller may add the actual cost of this custom kiln-drying or milling. The amount added may not be higher than the maximum price established by Maximum Price Regulation 165, as amended,[11] Services, for the custom kiln or milling establishment applicable to the sale of the services of custom kiln-drying or milling.

§ 1382.113 [Revoked]

[§ 1382.113 added by Am. 5, 8 F.R. 8860, effective 7-2-43 and revoked by Am. 7, 8 F.R. 11161, effective 8-14-43. Former § 1382.113 redesignated § 1382.114 by Am. 8]

§ 1382.114 *Appendix B: Description of Southern hardwood area.* (a) The Southern hardwood area includes the states of Alabama, Arkansas, Florida, Louisiana, Mississippi, Texas and Oklahoma, and the counties of Tipton, Haywood, Shelby, Fayette, Lauderdale and Hardeman in the State of Tennessee, and those portions of North Carolina, South Carolina, Virginia, and Georgia not included in the "Appalachian hardwoods area".

The "Appalachian hardwoods area" is that area circumscribed by a line beginning at the intersection of the western line of the State of West Virginia and the western line of the State of Pennsylvania; thence southwesterly on the western line of West Virginia to the western boundary of Boyd County, Kentucky; thence extending southwesterly through Kentucky along the generally northwestern boundaries of the following counties: Boyd, Carter, Rowan, Menifee, Powell, Estill, Jackson, Rockcastle, Pulaski, Wayne, and Clinton to the Tennessee state line; thence westerly along said state line to the western boundary of Pickett County, Tennessee; thence southerly in Tennessee along the western boundaries of Pickett, Fentress, Morgan, Roane, Rhea, and Hamilton Counties to the intersection of the western boundary of Hamilton County and the Nashville, Chattanooga, and St. Louis Railroad; thence easterly along said railroad through Chattanooga to the intersection of said railroad and the Georgia state line; thence easterly along said state line to the western boundary of Fannin County, Georgia; thence southeasterly in Georgia along the southwestern boundaries of Fannin County and Lumpkin County; thence generally easterly in Georgia along the southeastern boundary of Lumpkin County, the southern boundary of White County, and the southern and eastern boundaries of Habersham County to the South Carolina state line; thence southeasterly along said line to the southeastern boundary of Oconee County, South Carolina; thence in a generally northeasterly direction through South Carolina along the southeastern boundaries of Oconee and Pickens Counties, and the western, southern, and eastern boundaries of Greenville County to the North Carolina state line; thence easterly along the southern line of North Carolina to the eastern boundary of Cleveland County, North Carolina; thence northerly in North Carolina along the eastern boundaries of Cleveland and Burke Counties; thence continuing generally northeasterly in North Carolina along the eastern or southern boundaries of Alexander, Wilkes, and Surry Counties to the Virginia state line; thence east on said state line to the eastern boundary of Patrick County, Virginia; thence northeasterly through Virginia, following the eastern boundary of Patrick County and the southeastern boundaries of Franklin, Bedford, Amherst, Nelson, Albemarle, Greene, Madison, and Rappahannock Counties, turning southerly along the southwestern boundary of Fauquier County, and resuming a generally northerly direction along the eastern boundaries of Fauquier and Loudoun Counties to the Maryland state line; thence northwesterly along said state line to the eastern boundary of Frederick County, Maryland; thence northerly through Maryland along the eastern boundary of Frederick County to the Pennsylvania state line; thence westerly and thence northerly along said state line to the starting point. All sawmills on the boundary line of the Appalachian hardwoods area shall be deemed to be outside the Appalachian hardwoods area, except that mills in West Virginia and Maryland on the lines touching Pennsylvania and Ohio shall be deemed to be in the Appalachian area.

(b) Any sawmill located in the Southern hardwoods area, which satisfies all of the following requirements can sell its red oak and white oak lumber at the maximum prices established in § 1382.64 (b) (21), (22), (23), (24) and (25) of Maximum Price Regulation No. 155" (Central Hardwood Lumber).

(1) The mill must certify in a letter to the Lumber Branch of the Office of Price Administration, Washington, D. C., that (i) during the previous calendar month more than 45 percent of the hardwood lumber produced by the mill (either from logs or from rough lumber) was red and/or white oak and at least 85 percent of the oak logs and lumber received at the mill were obtained from logging operations or concentration yards located in the South Central hardwoods area (as defined in § 1382.58 (a) (4) (ii) of Maximum Price Regulation No. 155) and the counties of Tennessee not included in that area; (ii) the mill agrees to maintain these proportions during each calendar month in the future; (iii) the mill agrees not to purchase in the future, either directly or indirectly, any red or white oak stumpage or logs in the Southern hardwoods area at prices higher than the prices paid by the mill for the most comparable stumpage or logs purchased during March 1942; and (iv) the mill agrees that any oak lumber purchased by it in the future, either directly or indirectly, in the Southern hardwoods area will not be resold by it at prices higher than the maximum prices established in this Revised Maximum Price Regulation No. 97.

(2) The mill has been approved and certified by the Office of Price Administration as having qualified under this paragraph and the certification and the firm name and location of the mill have been published in the FEDERAL REGISTER.

(3) The mill agrees to and does certify to the Lumber Branch of the Office of Price Administration at the end of each following calendar month that during that month the mill satisfied all the requirements mentioned above.

The Office of Price Administration may at any time withdraw its approval and certification.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of May 1944.

[Gen. RO 5,[1] Amdt. 64]

FOOD RATIONING FOR INSTITUTIONAL USERS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

The second and third sentences of section 17.1 (d) are amended to read as follows: "Also, for each week during which the person who turned over the book lives in his establishment (or in the premises maintained in connection with it) for seven (7) consecutive days or more and takes eight (8) or more meals there, he must remove ten (10) points of stamps currently valid for processed foods. For each ten days during which that person lives in his establishment the institutional user must remove ten (10) points of stamps currently valid for foods covered by Ration Order 16."

This amendment shall become effective May 17, 1944.

[RMPR 348]

RED CEDAR LOGS

Maximum Price Regulation No. 348 is redesignated Revised Maximum Price Regulation No. 348 and is revised and amended to read as set forth herein. In the judgment of the Price Administrator, the maximum prices established by this regulation are, and will be, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1312.401 *Maximum prices for Red Cedar logs.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Revised Maximum Price Regulation No. 348 (Red Cedar Logs), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1312.401, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

3. Items not listed.
4. Billing and records.
5. Prohibited practices.
6. Adjustable pricing.
7. Adjustments and petitions.
8. Enforcement.
9. Licensing.
10. Maximum prices.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* Red Cedar logs produced in Alabama, Georgia, Kentucky, Louisiana, Mississippi, North and South Carolina, Tennessee, Virginia, West Virginia, Arkansas, Texas, Oklahoma, Missouri, Kansas, Iowa and Nebraska.

(b) *Kind of logs.* All commercial Red Cedar logs (Juniperus Virginiana) whether sold as logs or cordwood.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, Red Cedar logs at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in section 10.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Items not listed.* The maximum price for Red Cedar logs produced in an area not listed is the "September-October 1942 price", as it was frozen by Maximum Price Regulation 348. If, for any reason, you cannot determine what the ceiling is, write to the Lumber Branch, Office of Price Administration, Washington, D. C., for determination of the price.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all logs delivered in a period of not over two weeks.

SEC. 5. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual contents.

(2) Increasing the price of logs by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the logs.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage if the total amount paid for the stumpage and the logging is higher than the ceiling for the logs.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating logs, if the amount is in any way related to the quantity of logs involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[1]

SEC. 8. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[2] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *Maximum prices.* The maximum prices for Red Cedar logs are set forth below:

Area. Part of the Eastern United States by zones as follows:

Zone 1. Alabama, Georgia, Kentucky, Louisiana east of the Mississippi River, Mississippi, North Carolina, South Carolina, Tennessee, Virginia and West Virginia.

Zone 2. Arkansas, Louisiana west of the Mississippi River, Texas, Oklahoma, Missouri, Kansas, Iowa and Nebraska.

Scaling and grading rules—Scale rule. Logs shall be measured on a board foot basis. The Cedar Log Scale (Two-thirds Rule) shall be used as the basis for board foot measurement of all logs up to 16" in diameter and the Doyle Log Rule shall be used for logs larger than 16" in diameter.

Diameter. Minimum diameter—4 inches. The diameter shall be measured at the small end of the log, inside the bark, at the smallest diameter with all fractions of an inch counted back to the next lower full inch.

Length. Logs shall be cut into 8 foot lengths plus normal trim allowance (but not less than 2"). A maximum of 10 percent of the log shipment may be less than 8 feet in length. No charge can be made for the trim allowance.

[1] 7 F.R. 5087, 6554; 8 F.R. 6173, 6174, 12024.
[2] 7 F.R. 8961; 8 F.R. 3313, 3533, 6173, 11806; 9 F.R. 1594, 3075.
[3] 8 F.R. 13240.

General requirements. Logs must be sound at both ends with sound knots. All knots should be trimmed smooth with the body of the tree. Ends must be sawed, not chopped. Logs must be reasonably straight.

Culls. Any log not meeting the above specifications shall be classed as a cull. If more than 10 percent of the logs are less than 8 feet in length, the quantity over 10 percent shall be classed as cull logs.

Maximum prices—(a) *To producer.*

Zone 1. $55.00 per M feet log scale.

Zone 2. $50.00 per M feet log scale.

Delivery. These prices are f. o. b. cars at rail siding common carrier railroad or delivered to the mill by truck from within 25 miles of the buying plant. If Red Cedar logs are delivered to the mill by truck from a distance in excess of 25 miles, the buyer may add to the above ceiling price 10 cents per thousand feet log scale for each additional load mile.

If the buyer takes delivery of the logs at some place other than on cars or at his plant, the maximum price must be reduced by either:

(1) The cost per M feet log scale to the buyer of trucking logs to the rail siding and loading on cars, if delivery to the mill is by rail, or

(2) The cost per M feet log scale to the buyer of trucking logs to his plant, if logs are delivered to his plant by truck.

(b) *To concentrator.* Where Red Cedar logs are bought from producers and resold to consumers in carload quantities, the buyer may apply to the Lumber Branch, Office of Price Administration, Washington, D. C., for permission to add 15 percent to the producer price of those logs. The application must contain the names and addresses of the concentrators and the locations where they operate. This addition must be shown separately on the invoice. It must not be made on the seller's own production, and no part of the 15 percent may be passed on to the producer. The permission will be withdrawn if it appears that it has been used to evade this regulation.

(c) *Special pricing.* Buying plants who have customarily purchased cedar logs on a basis other than the board foot may apply in writing to the Lumber Branch, Office of Price Administration, Washington 25, D. C., for the approval of a price on a basis other than the board foot. The application must contain an adequate description of the area from which cedar logs have been purchased on a basis other than the board foot, the type of seller from whom they buy (i. e., producer or concentrator) as well as information showing the level of price paid to the producer or concentrator during the period of from January 1, 1944, to March 31, 1944.

This regulation shall become effective May 15, 1944.

Issued this 15th day of May 1944.

Administrator.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* The area covered by this regulation is, with one exception, the same as that covered by Maximum Price Regulation 155, Central Hardwood Lumber. The exception is that the State of Missouri south of the Missouri River is not included. (The individual zone descriptions in section 10 show the exact coverage by states and counties.)

(b) *Kind of logs.* This regulation covers all commercial hardwood and softwood logs of all species except the high grade veneer logs in Revised Maximum Price Regulation 313, Veneer Logs.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, Central logs at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in sections 9 to 15.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum prices does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all logs delivered in a period of not over two weeks.

This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual contents.

(2) Increasing the price of logs by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the logs.

(3) Adding to the minimum prices a charge for grading, scaling or inspection.

(4) Paying for logs on the basis of end product prices less a charge for custom-sawing or other services.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the logs.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payments for buying, selling, or locating logs, if the amount is in any way related to the quantity of logs involved.

SEC. 5. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at the time of delivery, but not beyond.

SEC. 6. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 7. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 8. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who makes sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

buyer's highest legal price on January 12, 1944.

This price is either:

(a) If the buyer did not have an exemption under an area pricing petition under section 9 of Maximum Price Regulation 348, the September–October 1942 price as it was frozen by Maximum Price Regulation 348; or

(b) If the buyer had an exemption under an area pricing petition, the lower of the following:

(1) The buyer's actual prices in effect on January 12, 1944, as established by a contract, firm commitment, or offer to buy at stated prices (only if these prices were lower than the petition prices); or

(2) The price for which the buyer petioned in his area pricing petition filed under section 9 of Maximum Price Regulation 348.

SEC. 10. *Specific price option.* In any case, any buyer, whether he is under paragraph (a) or (b) of section 9, may pay up to the woods run prices in sections 12 and 13 for logs produced in Zones 1 and 2.

SEC. 11. *Rules applicable to specific prices.* The following rules apply whereever the specific ceiling prices in sections 12, 13, and 15 are used.

(a) *General scaling rules.* All logs are to be scaled according to the Doyle Log Rule. The diameter of the log shall be measured at the small end of the log, inside the bark, at the average diameter. Fractions of an inch ½ and less must be counted back to the next lower inch. Fractions of an inch above ½ inch may be counted as the next higher diameter.

All logs are to be cut to lengths specified by the buyer. All logs 8' and longer must be cut 4 inches over length to allow for trim. Logs less than 8' must be cut 3" over length to allow for trim. Logs not cut sufficiently over length to allow for trim must be reduced in scale to the next lower standard length.

All unsound and unusable wood must be eliminated from the scale by deduction in measurement. The defects for which full deduction in scale must be made include hollows or large holes, rot, dote, windshake, large or excessive worm holes, damage in falling by drawn splinters, and crooks.

(b) *General grading rules.* Woods run grade shall consist of hardwood and cypress logs 10" and up in diameter, as produced from the forest, that are better than culls, and from which no selection of large-sized or high-quality logs has been made. If any large-sized or high-quality logs have been removed from the run of logs, the specific price tables may not be used.

A cull shall be considered any log whose net board foot scale, after deductions have been made for defects, is less than 50 percent of the gross board foot scale.

(c) *General delivery provisions.* The prices are for logs f. o. b. cars at rail sidings; f. o. b. barge at towable waters; or delivered to mill by truck from within a distance of 25 miles. If logs are delivered to the mill from a distance greater than 25 miles, a sum not to exceed 10 cents per thousand feet may be added for every additional load mile.

If the buyer takes delivery of logs at siding, f. o. b. barge at towable waters or at his mill, the buyer must deduct from any place other than f. o. b. cars at a rail his ceiling price either:

(1) The cost of delivering logs to a rail siding and loading on cars, if delivery to mill is by rail;

(2) The cost of delivering logs to towable waters and loading on barges, if delivery to mill is by water;

(3) The cost of trucking logs to the mill, if delivery to mill is by truck.

SEC. 12. *Maximum prices; Zone 1*—(a) *Area.* Logs produced in:

Kentucky. All counties west of and including the counties of Henderson, McClean, Muhlenburg, Butler, Warren and Allen.

Tennessee. All counties west of but not including the counties of Pickett, Fentress, Morgan, Roane, Rhea and Hamilton counties, except the counties of Shelby, Fayette, Hardeman, Haywood, Tipton and Lauderdale; but including that portion of Hamilton county lying south of the Nashville, Chattanooga and St. Louis Railroad.

Illinois. That portion of the state south of a line running from East St. Louis, Illinois, in St. Clair County, along the tracks of the Louisville and Nashville Railroad through the cities of Belleville, Mt. Vernon, and Eldorado, Illinois to their intersection with the eastern boundary of Saline County, thence along the eastern boundary of that county to its intersection with the northern boundary of Hardin County, thence east along the northern boundary to that county to the Ohio River.

Missouri. North of the Missouri River.

SEC. 14. *Conditional exemptions.* Any buyer wishing to get an exemption from the January 12, 1944, price in section 9 may file an application with the Lumber Branch, Office of Price Administration, Washington 25, D. C., containing the following information:

(a) Name and location of the buying plant.

(b) Actual prices paid on January 12, 1944, and prices you expect to pay (by species and by grade if so purchased).

(c) The area in which the buying price is to be used.

(d) The total volume of all species and all grades of logs purchased in M'BM log scale, and the total dollars paid for these logs for the month preceding the month of application.

(e) A statement to the effect that the buyer recognizes the need for keeping log prices at a minimum and that the expected price is not a price which will be used to obtain a buying advantage over a competitive log buying plant.

(f) A statement by the buyer that he will furnish the Lumber Branch of the Office of Price Administration a report by the 25th of each month, containing the following information for the preceding month.

(1) The total footage, log scale, of purchased logs of hardwood species, and total dollars paid for these logs f. o. b. mill.

(2) The total footage, log scale, of purchased logs of softwood species, and total dollars paid for these logs f. o. b. mill.

(3) The total footage, log scale, of purchased logs of high grade veneer, and total dollars paid for these logs f. o. b. mill.

(4) The total footage, log scale, of high grade veneer logs sold during the same month, and total dollars received for these logs f. o. b. mill.

If in the judgment of the Admihistrator the application for exemption is reasonable (based upon prices paid and expected to be paid) and is made in good faith, approval will be given by letter or telegram addressed to the applicant at the place of business designated in the application. The exemption takes effect when the approval is received by the buyer and will continue in effect unless the buyer fails to make his monthly report, or, unless the Lumber Branch finds that the prices paid by the buying plant are excessive for the area and tend to create a buying advantage for that particular plant over competitive buyers. If the exemption is removed, the buying plant's maximum price for logs reverts to the price established in sections 9 through 13.

SEC. 15. *Specific prices in Zone 3 (Part of Ohio)*—(a) *Area.* Logs produced in:

Ohio: The counties of Cuyahoga, Geauga, Lake Ashtabula, Trumbull, Summit, Portage, Mahoning, Lorain, Medina, Wayne, Ashland, Erie, Huron, Seneca, Richland, Knox, Sandusky, Wood, Lucas, Ottawa and Crawford.

(b) *Scaling rules.* All logs are to be scaled according to the Doyle Log Rule. The diameter shall be measured at the small end of the log, inside the bark, at the smallest diameter. Fractions of an inch ½ and less must be counted back to the next lower inch. Fractions of an inch above ½ inch may be counted as of the next higher inch.

All logs are to be cut to lengths specified by the buyer. The lowest acceptable length shall be 8'. All logs must be cut 4" over length to allow for trim. Logs that are not cut at least 4 inches over length shall be reduced in scale to the next standard lower length.

All unsound and unusable wood must be eliminated from the scale by deduction in measurement. The defects for which full deduction in scale must be made include hollows or large holes, rot, dote, windshake, large or excessive worm holes, damage in felling by drawn splinters, and crooks.

(c) *Grading rules*—(1) *No. 1 or veneer grade.* This grade shall include all logs 12 inches and up in diameter that do not have more than two standard 5-inch knots or comparable defect for each 16-feet of length. A center rot or dote in the butt end of the log will be permitted up to 25 percent of the log diameter for logs up to 24" in diameter and up to 6" for logs in excess of 24" in diameter without degrading the log; however, full deduction in scale for the defect must be made when scaling the log.

(2) *No. 2 grade.* This grade shall consist of all logs 8 inches and up in diameter that are better than culls and which do not grade as a No. 1 or Veneer logs.

(3) *Woodsrun grade* shall consist of logs 8 inches and up in diameter as produced from the forest that are better than culls and from which no selection of high-quality (No. 1 or Veneer Grade) logs has been made. If any high-quality logs have been removed from the run of logs, the remaining logs must be sold at prices no higher than the No. 2 grade price if ungraded, or at the applicable grade price if graded. When any low-quality logs have been removed from the run of logs, the remaining logs may still be sold at the woodsrun price.

(4) A cull log shall be one where the net board foot scale after deductions have been made for defect is less than 50 percent of the gross scale.

(d) *Delivery provisions.* These prices apply f. o. b. cars, or for logs delivered to the mill by truck from within 25 miles. If logs are delivered to a mill from a distance in excess of 25 miles, the buyer may add to the above ceiling prices 10 cents per thousand feet log scale for every load mile in excess of 25 miles.

If delivery of logs is taken at any point other than f. o. b. cars or at the mill by truck, the buyer must deduct:

(1) The cost of hauling logs to the rail siding and the cost of loading on cars, if logs are delivered to the mill by rail cars; or

(2) The cost of trucking logs to the mill if logs are delivered to the mill by truck.

(e) *Maximum prices, Zone 3.*

NOTE: These are the only applicable maximum prices in this zone. Sections 9, 10 and 14 do not apply to this zone.

*Copies may be obtained from the Office of Price Administration.

have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all logs delivered in a period of not over two weeks.

SEC. 4. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual contents.

(2) Increasing the price of logs by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the logs.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(4) Paying for logs on the basis of end-product prices less a charge for custom-sawing or other services.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the logs.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling or locating logs, if the amount is in any way related to the quantity of logs involved.

SEC. 5. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 6. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 7. *Enforcement.* (a) Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 8. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 9. *Maximum prices.* The maximum prices for Southern logs are the buyer's highest legal price on January 12, 1944. This price is either:

(a) The September–October 1942 price as it was frozen by Maximum Price Regulation 348, if the buyer did not have an exemption under an area pricing petition under section 9 of Maximum Price Regulation 348; or

(b) If the buyer had an exemption under an area pricing petition, the lower of the following:

(1) The buyer's actual prices in effect on January 12, 1944, as established by a contract, firm commitment, or offer to buy at stated prices (only if these prices were lower than the petition prices); or

(2) The price for which the buyer petitioned in his area pricing petition.

SEC. 10. *Specific price option*—(a) *Who may use.* In any case, any buyer, whether he is under paragraph (a) or (b) above, may pay up to the woodsrun prices in this section.

(b) *General scaling rules*—(1) *Zones 1, 2, 3 and 4.* All logs are to be scaled according to the Doyle Log Rule, measured at the small end of the log. All pine logs are to be measured in the narrow way from inside of one bark to outside of the other bark, with all fractions of an inch counted back to the next lower figure. Hardwood logs are to be measured the narrow way inside of the bark with all fractions of an inch being counted back to the next lower figure.

(2) *Zone 5.* All logs are to be scaled according to the Doyle Log Rule. The diameter will be measured at the small end of the log at the smallest diameter with all fractions of an inch ½ or less counted back. If the fraction is over ½, it may be counted as the next higher inch. The diameter shall be measured inside the bark for all species.

(3) *Defects.* All unsound and unusable wood must be deducted by allowance in measurement. The defects for which full allowance must be made in measurement include hollows or large holes, rot, dote, windshake, large or excessive worm holes, splinter pulls and crook.

(4) *Lengths.* Logs shall be cut into lengths specified by the buyers. All logs 8' and over in length must be cut at least 4" over length to allow for trim, logs less than 8' in length shall be cut at least 3" over length to allow for trim. Any log which is not cut sufficiently over length to allow for trim must be reduced in scale to the next lower standard length.

(c) *General grading rules.* (1) Woodsrun grade shall consist of the entire product of the forest of the specified species or groups of species with all culls excluded. It is understood that a woodsrun of logs shall contain the full amount of good logs which the standing timber will produce and that no large or high grade logs are to be separated from the run of logs. If any large or high grade logs have been selected from the run of logs, the prices in this section may not be used.

(2) A cull log is one whose net board foot scale after deductions for defects is less than 50 percent of the gross scale.

(d) *General delivery provisions.* If the buyer takes delivery at any point short of the delivery point specified in the particular zone, the cost to the buyer of bringing the logs to that point must be deducted from the ceiling.

(e) *Maximum prices; Zone 1*—(1) *Area of production.* Alabama: Baldwin and Mobile counties and those portions of Washington, Clarke and Monroe counties south of Township line between Townships 5 North and 6 North; Mississippi—All of George and Greene counties.

(2) *Prices.* Zone 2 prices plus $1.00 per M.

(f) *Maximum prices; Zone 2*—(1) *Area of production.* Alabama: All of Conecuh county, the remainder of Washington, Clarke and Monroe counties north of Township line between Townships 5 North and 6 North, and that portion of Choctaw county which is south of the Township line between Township 11 North and Township 12 North; Mississippi—All of Wayne county.

Elm, Hackberry, Pecan, Hickory, other Hardwoods	16.00
Ash	24.00
Shortleaf Slash and Loblolly Pine Woodsrun 8" and up	22.00
Longleaf Pine Woodsrun 8" and up	25.00
Dense Shortleaf, Logs 15" and larger, 16 to 20 feet long	24.00
Dense Shortleaf, Logs 15" and larger, 22 to 29 feet long	26.00
Dense Shortleaf, Logs 15" and larger, 30 feet and longer	30.00
Longleaf, Logs 15" and larger, 16 to 20 feet long	28.00
Longleaf, Logs 15" and larger, 22 feet and longer	30.00

(3) *Selected gum veneer logs.* For Gum logs selected for the cutting of commercial veneer, the buyer may add $5.00 per thousand board feet log scale to the above prices for tupelo gum and $2.50 per thousand for other Gums.

(4) *Delivery provisions.* The prices are for logs either delivered to a railroad landing, or on the bank adjacent to navigable waters placed in good condition for loading, or delivered to a buying plant by truck or wagon.

The base price applies for logs delivered to the nearest shipping point or mill closest to the source of supply. If delivered to any mill or shipping point greater than 4 air miles beyond nearest mill or shipping point, an additional $1.00 per M may be paid, except that this shall not apply from any point where

there is located a mill which is buying the same kind and species of log.

If logs are sold loaded on cars or on gun boats are rafted, an addition of $2.00 per thousand board feet may be paid. If bought delivered to buying plant by water an addition of $2.00 plus the actual cost of towing may be paid.

(5) *Long log measurement.* All logs 24 feet and over in length shall be computed as if cut into separate logs 16 feet long, beginning at large end; diameter at small end of each such supposed log shall be determined by calipering, with ½ inch and fractions thereof deducted for bark in the case of pine logs and 1 inch and all fractions deducted in the case of hardwood logs. If fractions at small end remaining after successive 16-foot measurements is less than 8 feet, it shall be treated as part of the adjoining 16-foot log and the entire log measured as based on diameter at small end; each such fraction 8 feet and over shall be measured as a separate log.

(g) *Maximum prices; Zone 3*—(1) *Area of production.* Alabama: that part of Choctaw county which is north of the Township line between Township 11 North and Township 12 North, and the entire counties of Marengo and Wilcox; Mississippi—All of Clarke county.

(2) *Prices.* Zone 2 prices minus $1.00 per M.

(h) *Maximum prices; Zone 4*—(1) *Area of production.* Texas; Oklahoma; Arkansas; Louisiana; Mississippi, excluding the counties of Clarke, George, Greene, and Wayne; and Alabama, excluding the counties of Baldwin, Choctaw, Clarke, Conecuh, Marengo, Mobile, Monroe, Washington and Wilcox.

That portion of Missouri south of the Missouri River.

In Tennessee, the counties of Fayette, Hardeman, Haywood, Lauderdale, Shelby and Tipton.

(3) *Delivery provisions.* These prices are for logs f. o. b. railroad cars at rail siding, or delivered to a place where water shipment is to begin (placed in good condition for loading), or delivered to the mill by truck from within 25 miles of the buying plant. For logs delivered to the plant from a distance over 25 miles, the buyer may add 10 cents per thousand feet log scale for every load mile over the first 25 miles.

If logs are purchased delivered to a place where water shipment is to begin, the buyer may add to the ceiling price $2.00 per thousand feet log scale for loading on barges.

If delivery of logs to the mill by truck necessitates payments of tolls, the buyer may pay for the toll in addition to the ceiling price.

(j) *Maximum prices; Zone 5*—(1) *Area of production.* Georgia, excluding the counties of Rabun, Habersham, White, Lumpkin, Union, Fannin and Towns; South Carolina, excluding the counties of Greenville, Pickens and Oconee; that portion of North Carolina east of and including the counties of Stokes, Yadkin, Iredell, Catawba, Lincoln and Gaston; that portion of Virginia east of and including the counties of Fairfax, Prince William, Stafford, Culpeper, Orange, Louisa, Fluvanna, Buckingham, Appomattox, Campbell, Pittsylvania, and Henry but excluding the counties of Accomac and Northampton.

(3) *Delivery provisions.* These prices are for logs f. o. b. railroad cars at rail siding of a common carrier railroad, f. o. b. barge at towable waters, or delivered to the mill by truck from within 25 miles of the buying plant. For logs delivered to the plant from a distance over 25 miles, the buyer may add 10 cents per thousand feet log scale for every load mile over the first 25 miles.

SEC. 11. *Conditional exemptions.* Any buyer wishing to get an exemption from the January 12, 1944 price may file an application with the Lumber Branch, Office of Price Administration, Washington 25, D. C., containing the following information:

(a) Name and location of the buying plant.

(b) Actual prices paid on January 12, 1944 and prices you expect to pay (by species and by grade if so purchased).

(c) The area in which the buying price is to be used.

(d) The total volume of all species and all grades of logs purchased in M'BM log scale, and the total dollars paid for these logs, for the month preceding the month of application.

(e) A statement that the buyer recognizes the need for keeping log prices at a minimum and that the expected price is not a price which will be used to obtain a buying advantage over a competitive log buying plant.

(f) A statement by the buyer that he will furnish the Lumber Branch of the Office of Price Administration a report by the 25th of each month, containing the following information for the preceding month.

(1) The total footage, log scale, of purchased logs of hardwood species, and total dollars paid for these logs f. o. b. mill.

(2) The total footage, log scale, of purchased logs of softwood species, and total dollars paid for these logs f. o. b. mill.

(3) The total footage, log scale, of purchased logs of high grade veneer, and total dollars paid for these logs f. o. b. mill.

(4) The total footage, log scale, of high grade veneer logs sold during the same month, and total dollars received for these logs f. o. b. mill.

If in the judgment of the Administrator the application for exemption is reasonable (based upon prices paid and expected to be paid) and is made in good faith, approval will be given by letter or telegram addressed to the applicant at the place of business designated in the application. The exemption takes effect when the approval is received by the buyer and will continue in effect unless the buyer fails to make his monthly report, or, unless the Lumber Branch finds that the prices paid by the buying plant are excessive for the area and tend to create a buying advantage for that particular plant over competitive buyers. If the exemption is removed, the buying plant's maximum price for logs revert to the January 12, 1944 level.

This regulation shall become effective May 15, 1944.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of May 1944.

CHESTER BOWLES,
Administrator.

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 533-5]

NORTHEASTERN LOGS

In the judgment of the Price Administrator, the maximum prices established by this regulation are, and will be, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1312.106 *Maximum prices for Northeastern logs.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 533-5, Northeastern Logs, which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1312.106, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

16. Zone 4.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* Logs produced in Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey, Delaware, Maryland, and Accomac and Northampton Counties in Virginia.

(b) *Kind of logs.* All logs, with one exception: In New York, Pennsylvania and states south of them, Revised Maximum Price Regulation 313, Veneer Logs, applies to certain high-grade veneer logs. Revised Maximum Price Regulation 313 does not apply to New England (i. e. Zone 1 in this regulation).

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, Northeastern logs, at prices higher than those in this regulation, and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in sections 13 to 16.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all logs delivered in a period of not over two weeks.

SEC. 4. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited.

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual contents.

(2) Increasing the price of logs by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the logs.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the logs.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating logs, if the amount is in any way related to the quantity of logs involved.

SEC. 5. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 6. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6).[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 7. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 8. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 9. *General log scaling rules.* Except where a special rule is provided, the following scaling rules apply:

(a) *Diameters.* Logs shall be scaled inside the bark at the small end of the log. Fractions of an inch ½ or less shall be dropped. Fractions of an inch above ½ may be raised to the next higher inch.

(b) *Lengths.* Minimum length—8'; logs shall be cut into even lengths unless otherwise specified by the buyer. All logs shall be cut at least 4" over length to allow for trim. Logs which are not cut at least 4" over length to allow for trim shall be reduced in scale to the next lower standard length.

(c) *Deductions.* All unsound and unusable wood shall be eliminated from the scale by allowance in measurement. The defects for which full allowance must be made in measurement include hollows or large holes, rot, dote, windshake, large or excessive worm holes, damage in felling due to drawn splinters (splinter pulls) and crooks.

SEC. 10. *General log scaling rules*—(a) *Woods-run (or log-run) grade.* "Woods-run" shall include the entire product of the forest, exclusive of culls, from which no selection of large-sized or high-quality logs has been made. If any large-sized or high-quality logs have been removed from the run of logs, the remaining logs must be sold at the No. 2 grade price, if ungraded, or at the various grade prices if graded. If small-sized or low-quality logs have been removed, the remaining logs may still be classed as "Woods-run".

(b) *Culls.* A cull is any log which will not make the lowest grade specified, or any log whose net board foot scale, after deductions for defect, is less than 50 percent of the gross board foot scale.

(c) *Shiptimber grade of oak*—(1) *Minimum diameter,* 16".

(2) *Minimum lengths,* 18'.

(3) *Quality requirements.* Must be fresh cut, sound to the center; free from splits; must be straight and will permit a bow one way. One standard knot (a sound knot 4" or less in diameter) permitted in each 4 feet of length.

(d) *Bending grade of oak*—(1) *Minimum diameter,* 16".

(2) *Minimum length,* 18'.

(3) *Quality requirements.* Must be straight, freshly cut, sound to the center, and free of all visible defects. Twisted growth or swelled butts not acceptable.

SEC. 11. *Special pricing*—(a) *Old-growth softwoods.* In Zones 1 and 2, if the seller has for sale old-growth high-quality pine and spruce logs, the seller and buyer may apply to the Lumber Branch, Office of Price Administration, Washington 25, D. C. for approval of the price. The application must contain the names and addresses of the seller and buyer, the grade description of the log, the price to be paid and a statement from the buyer that because of the high-quality of the log the special price can be paid under the existing end-product ceiling.

(b) *War purpose veneer grade; Lend-Lease.* In Zone 1, persons who sell "War purpose veneer grades" of yellow birch and hard maple to United States Treasury Department, Procurement Division, for export through Lend-Lease Administration, may apply to the Lumber Branch, Office of Price Administration, Washington 25, D. C. for approval of a special selling price; this authority may be granted or denied by the Lumber Branch by letter or telegram.

(c) *Zone 3 specials.* If a buying plant in Zone 3, because of the specialized product involved, requires a log of special specifications not priced in Zone 3 tables, the buying plant may apply to the Lumber Branch, Office of Price Administration, Washington 25, D. C. for the establishment of a special price. The application must contain an adequate description of the grade and species and a statement whether the price can be paid under the end-product ceiling price.

SEC. 12. *General provisions on delivery of logs*—(a) *Shiptimbers, bending oak, and Zones 3 and 4.* For shiptimbers and bending oak logs in all zones, Hardwood logs by grades in Zones 2A and 2B, and for all logs in Zones 3 and 4, maximum prices are f. o. b. rail cars, f. o. b. barge at towable waters, or delivered to mill by truck from within 25 miles. For logs delivered to mill by truck over 25 miles, add 10 cents per M' (log scale) for each load mile over 25.

(b) *Zones 1 and 2.* (1) For all logs in Zone 1, and all woods-run logs in Zone 2, the prices are for logs piled on headers or skids at year-around roads or at streamside of a drivable stream. If woods-run logs are delivered at roadside of year-around road, but not piled on headers, deduct $1.00.

(2) For logs, f. o. b. cars at rail siding or delivered to a mill by truck from within 10 miles, add $4.00 per thousand feet log scale for softwood species and $6.00 per thousand feet log scale for hardwood species. For delivery of logs to the mill from a distance over 10 miles the buyer may add (i) for softwoods, 10 cents per thousand feet log scale per load mile for the next 15 miles (miles 11–25 inclusive) and 8 cents per thousand feet log scale for each load mile thereafter and (ii) for hardwoods, 15 cents per thousand feet log scale per load mile for the next 15 miles (miles 11–25 inclusive) and 12 cents per thousand feet log scale for each load mile thereafter.

(c) *Deductions for non-delivery.* If the buyer takes delivery short of the delivery point at which the maximum price is fixed, the cost of bringing the logs to that delivery point must be deducted from the ceiling.

SEC. 13. *Zone 1; New England*—(a) *Area of production.* Maine, New Hampshire, Vermont, Massachusetts, Connecticut, and Rhode Island.

(b) *Scaling rules*—(1) *Required scale rule.* International, Bangor, Vermont, Blodgett, Humphrey, Holland (Maine) or Scribner Rules. Each buying plant shall continue the use of the rule or rules actually used in January 1944. The "War purpose Veneer Grade" shall be scaled on the Scribner Rule only.

(2) *Supplement to general rules in section 9.* (i) The "War purpose veneer" and select grades shall be measured at the smallest diameter of the small end, but all other grades shall be measured at the average diameter of the small end.

(ii) Logs scaled on the Blodgett Rule shall be calipered at the middle of the log with proper deduction for bark.

(c) *Grading rules*—(1) *War purpose veneer grade; hard maple and yellow birch.* (i) Prices for this grade apply only if the buyer states in writing to the seller that the logs will be used to make high-grade veneers under Revised Maximum Price Regulation 338.

(ii) *General requirements.* Minimum diameter, 14 inches. Minimum length, 7 feet. Must be straight, sound, freshly cut, and free of all visible defects.

(iii) *Exceptions for yellow birch.* (a) Diameter: in yellow birch, up to 10 percent of the log shipment may be in 12" and 13" diameters if at least 7 feet in length.

(b) Length in yellow birch, up to 5 percent of the log shipment may be 5 feet and 6 feet 6 inches in length if at least 16 inches in diameter.

(c) Defects. Yellow birch logs at least 14" in diameter and 7 feet or more in length will permit the following exceptions to the above general requirements:

Straightness. Logs generally must be straight, but one sweep will be allowed in lengths 11' and longer, provided 2 reasonably straight lengths can be obtained when cross cut, with the shorter length to be at least 5 feet. This type of log must be free of all other visible defects, including those listed below.

Cross grain. Cross grain will be acceptable up to a ratio of 1 to 5.

Knots, etc. 1 small sound knot, bump or equivalent defect will be acceptable in logs 11 feet and longer by 14 inches and up in diameter, provided it will produce two clear sections, one at least 7 feet long and another at least four feet long.

Rot or butt cavity. Acceptable in logs 7 feet and longer, if well centered, to the following extent:

Diameter 14 to 15 inches, up to 3 inches in diameter.

Diameter 16 to 18 inches, up to 4 inches in diameter.

Diameter 19 inches and up, up to 5 inches in diameter.

But in each case full deduction must be made in scale measurement.

Miscellaneous. Small splits and checks will be acceptable but splits from faulty felling must be trimmed off. (No visible raised curl will be considered as acceptable.)

(2) *Select grade.* (All hardwoods.)

(i) *Diameter.* Minimum diameter, 12 inches.

(ii) *Length.* Minimum length, 8 feet. A maximum of 10 percent, however, may be less than 8 feet in length.

(iii) *General requirements.* Not more than one defect in logs 8 feet to 14 feet in length or 2 defects in 16 feet lengths. The permissible defects are:

A sound knit up to 4" in diameter. Burl, curl, bump, swell, seam, sound catfaces not over 3" in diameter. Crook exceeding 2" (if less than 2" it is not considered to be a grade defect although proper scale deduction must be made). Rot or dote, if well centered is permitted to the following extent without degrading the log, although full deduction in scale measurement must be made:

Log diameter:	*Permissible rot or dote*
12" and 13"	2"
14" and 15"	3"
16" to 19"	4"
20" and up	5"

(iv) *Exception.* When white birch select logs are sorted and sold as an individual species in Grafton County, Carroll County, Belknap County and that portion of Merrimack County North of the Boston and Maine R. R. in New Hampshire, select grade white birch can include 8" and up logs as well as 12" and up logs with not more than one defect for each 8' of length: *Provided,* That not more than 50 percent of the diameter is in heartwood.

(3) *No. 1 grade.* (All hardwoods.)

(i) *Diameter.* Minimum diameter, 10 inches.

(ii) *Length.* Minimum length, 8 feet.

(iii) *General requirements.* Logs 10" and 11" in diameter must be clear of all defects—Logs 12" and up in diameter may have 2 defects in 8' to 14' lengths

and 4 defects in 16' logs. The permissible defects are listed in the rules for "Select grade" above.

(4) *No. 2 grade.* (All hardwoods.)

(i) *Diameter.* Minimum diameter, 8" if clear, 10" if better than cull. (See section 10a.)

(ii) *Length.* Minimum length, 8 feet.

(5) *Woods run grade*—(i) *Diameter.* Minimum diameter, 8 inches for clear logs, 10" for sound logs.

(ii) *Length.* Minimum length, 8 feet. (See section 10a.)

(6) *Softwood grading rules.* Softwoods shall be sold on a woods-run grade only, which shall include all merchantable logs 6" and up in diameter.

(d) *Maximum prices.* (Per M feet log scale.)

(2) *Red oak shiptimber and bending oak.* The maximum prices on red oak shiptimber is 75 percent of the price for white oak shiptimber—Add $10.00 per M to the red oak shiptimber price to obtain the red oak bending oak price.

SEC. 14. *Zone 2*—(a) *Area of production.* Part or all of the States of New York and Pennsylvania, by zones, as follows:

Zone 2A. In the State of New York, the counties of Clinton, Franklin, Essex, Warren, Washington, Saratoga, Hamilton and Fulton.

Zone 2B. The entire State of New York excluding the counties of Clinton, Franklin, Essex, Warren, Washington, Saratoga, Hamilton and Fulton. The entire State of Pennsylvania excluding the counties of Delaware, Philadelphia, Montgomery, Bucks, Northampton, Lehigh, Berks, Chester and Lancaster.

(b) *Scaling rules*—(1) *Required scale rule*—(i) *All hardwoods.* Doyle Log Rule.

(ii) *Softwoods.* In sub-zone 2A, the Scribner Log Rule or the Adirondack Standard Log Rule; in sub-zone 2B, the Doyle Log Rule.

(2) *Different scale rules.* A buyer who used a different scale rule before January 1, 1944 may apply to the Lumber Branch, Office of Price Administration, Washington 25, D. C. for permission to use that rule. He must describe the rule and the conversion ratio between it and the rule specified above. The Lumber Branch may approve use of the rule at a proper adjustment in price.

(3) *Supplement to rules in section 9.* In the No. 1 grade, the diameter shall be measured at the smallest diameter of the small end, but in all other grades, at the average diameter of the small end.

(c) *Grading rules*—(1) *No. 1 grade.* (All hardwoods except yellow poplar.)

(i) *Diameter.* Minimum diameter, 14".

(ii) *Quality requirements.* Logs less than 14' in length must have not more than one defect; logs 14' and up in length may have 2 defects as described below. The defects which are permissible and are to be counted when grading the logs are *a* one sound knot up to 4" in diameter, *b* burl, *c* curl, *d* bump, *e* swell, *f* seam, *g* sound catface not over 4" in diameter, *h* and a crook exceeding 2".

(2) *No. 2 grade.* (All hardwood except yellow poplar.)

(i) *Minimum diameter,* 10".

(ii) *Quality requirements.* Includes all logs not meeting the specifications of a No. 1 log but which are better than culls, 8" or 9" logs, if clear of all visible defects, may also be included in this grade.

(3) *Woods-run grade.* (All hardwoods including yellow poplar.) (See section 10a).

(i) *Minimum diameter,* 10". 8" or 9" logs, if clear of all defects, may also be included in this grade.

(4) *Yellow poplar; clear grade.* Logs 24" and up in diameter, clear of all defects.

(5) *Yellow poplar; select grade.* Logs 16"–23" in diameter clear of all defects; and logs 24" and up in diameter having 3 clear faces or 75 percent of the length clear in one continuous section.

(6) *Yellow poplar; No. 1 grade.* Logs 12"–15" in diameter clear of all visible defects;

Logs 16"–23" in diameter having 3 clear faces or 75 percent of the length clear in one continuous section; and

Logs 24" and up in diameter having 2 clear faces or 50 percent of the length clear in one continuous section.

(7) *Yellow poplar; No. 2 grade.* Logs 10" and up in diameter that do not grade as a No. 1 log and which are better than culls.

(8) *All softwoods—Woods-run grade only.* Minimum diameter, 6" for pine; 8" for other softwoods. (See section 10a).

(d) *Maximum prices.*

Fir	24.00	26.50
Hemlock	22.00	24.00
Other softwoods	22.00	24.00

NOTE 1: For Softwood logs purchased in Zone 2A, on the basis of the Adirondack Standard, a conversion factor of 5 standards equal to one thousand feet Scribner log scale shall be used as the basis for conversions. (Thus the price for white pine logs would be $4.80 per standard for logs piled-on-headers on a year-around road.)

SEC. 15. *Zone 3*—(a) *Area of production.* Part or all of the States of New Jersey, Delaware, Maryland, Pennsylvania and Virginia as follows:

The entire State of New Jersey;

The entire State of Delaware;

In the State of Maryland, the counties of Cecil, Kent, Queen Anne, Talbot, Caroline, Dorchester, Wicomico, Somerset, and Worcester.

In the State of Pennsylvania, the counties of Lancaster, Chester, Delaware, Philadelphia, Berks, Montgomery, Lehigh, Bucks and Northampton.

In the State of Virginia, the counties of Accomac and Northampton.

(b) *Scaling rules*—(1) *Required scale rule.* Doyle Log Rule.

(2) *Supplement to general scaling rule in section 9.* The diameter shall be measured inside the bark at the small end of the log at the smallest diameter.

(c) *Grading rules*—(1) *No. 1 or veneer grade.* (For all species except oak and cypress.) This grade shall include all logs 12 inches and up in diameter that do not have more than two standard 5-inch knots or comparable defect in each 16 feet of length, except that pine logs must be clear of all defects.

(2) *No. 2 grade.* (For all species except oak and cypress.) This grade shall consist of all logs 8 inches and up in diameter that are better than culls and which do not grade as a No. 1 or Veneer log.

(3) *Oak—clear grade.* All logs 24" and up in diameter that are clear of all visible defects.

(4) *Oak—select grade.* This grade shall include:

(i) Logs 24" and up in diameter that have 3 clear faces or have 75 percent of the length clear in one continuous section; and

(ii) Logs 16"–23" in diameter that are clear of all visible defects.

(5) *Oak—No. 1 grade.* This grade shall include:

(i) Logs 24" and up in diameter that have 2 clear faces or have 50 percent of the length clear in one continuous section;

(ii) Logs 16"–23" in diameter that have 3 clear faces or have 75 percent of the length clear in one continuous section; and

(iii) Logs 12"–15" in diameter that are clear of all visible defects.

(6) *Oak—No. 2 grade.* This grade shall include all logs 8" and up in diameter that are better than a cull and that do not grade as a No. 1 log.

(7) *Woods run grade.* (*All species*). 8 inches and up in diameter. (See section 10a).

(d) *Maximum prices.*

(e) *Special rules on delivery.* (1) Logs purchased f. o. b. trucks at roadside shall be priced $8.00 lower than the maximum prices set forth above.

(2) If the delivery of logs to the mill necessitates payment of bridge or ferry tolls, the buyer may pay for the toll in addition to the ceiling price.

SEC. 16. *Zone 4*—(a) *Area of production.* In the State of Maryland the counties of Carroll, Baltimore, Harford, Howard, Montgomery, Anne Arundel, Prince Georges, Calvert, Charles and St. Marys.

(b) *Scaling rules*—(1) *Required scale rule.* Doyle Log Rule.

(2) *Supplement to general rules in section 9.* The diameter shall be measured at the small end of the log, inside the bark at the smallest diameter.

(c) *Grading rules*—(1) *Clear grade.* Minimum diameter 24". All logs 24" and over in diameter must be clear of all visible defects.

(2) *Select grade.* Minimum diameter 16". Logs 16" to 23" in diameter must be clear of all defects. Logs 24" and over in diameter must have at least 3 clear faces or have 75 percent of the length clear in one continuous section.

(3) *No. 1 grade.* Minimum diameter 12". Logs 12"–15" in diameter must be clear of all visible defects. Logs 16" to 23" in diameter must have at least 3 clear faces or 75 percent of the length clear in one continuous section. Logs 24" and over in diameter must have at least 2 clear faces or have at least 50 percent of the length clear in one continuous section.

NOTE: In the Clear, Select or No. 1 Grades, a center rot, or dote in the butt end of the log up to 4" in diameter for logs 24" and up; up to 3" in diameter for logs 16" to 23" and 2" in diameter for logs 12" to 18" in diameter will not degrade the log, but full deduction must be made when scaling the log. A center rot or dote at the butt end greater than the limits cited above will degrade the log at least one grade, with full deduction for defects in scale still required.

(4) *No. 2 grade.* Minimum diameter, 10". This grade shall include all sound logs above the specified diameter limits that are better than a cull and that do not grade as a No. 1 log.

(5) *Woodsrun grade* shall consist of hardwood logs 10" and up and pine logs 8" and up in diameter. (See section 10.)

(d) *Maximum prices.*

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 534-1]

BLACK WALNUT LOGS

In the judgment of the Price Administrator, the maximum prices established by this regulation are, and will be, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1312.108 *Maximum prices for black walnut logs.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 534-1—Black Walnut Logs, which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1312.108, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

MAXIMUM PRICE REGULATION No. 534-1—BLACK WALNUT LOGS

4. Prohibited practices.
5. Adjustable pricing.
6. Adjustments and petitions.

*Copies may be obtained from the Office of Price Administration.

Sec.
7. Enforcement.
8. Licensing.
9. General scaling rules.
10. General grading specifications.
11. General delivery provisions.
12. Maximum prices.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* The Eastern United States (east of the 100th meridian).

(b) *Kind of logs.* All Black Walnut (Juglans nigra) logs purchased on an individual selected basis.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, Black Walnut logs at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in three zones in section 12.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced when the buyer purchases on cash terms.

SEC. 3. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all logs delivered in a period of not over two weeks.

SEC. 4. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual content of the logs.

(2) Increasing the price of logs by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the logs.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the logs.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating logs, if the amount is in any way related to the quantity of logs involved.

SEC. 5. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 6. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6 [1]).

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 7. *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 8. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 9. *General scaling rules.* All logs are to be measured on the basis of the Doyle Log Rule, with the diameter being measured at the small end of the log, inside the bark. The average diameter shall be measured. Fractions of an inch less than ½ shall be dropped; fractions of an inch over ½ may be raised to the next higher inch.

All unsound and unusable wood must be deducted by allowance in measurement.

Logs shall be cut into the range of lengths specified by the buyer. All logs must be cut at least two inches over length to allow for trim. Any log not cut at least two inches over length shall be scaled as of the next standard lower length.

SEC. 10. *General grading specifications.* Only one grade shall be specifically priced, namely the woods-run grade. The woods-run grade shall consist of all logs that meet the minimum specifications set forth below as well as all logs that are better than the minimum.

(a) *Woods-run grade.* The minimum specifications for a woods-run grade of log shall include:

(1) Logs 12" and up in diameter, 8' and longer in length that have at least 2 clear faces.

(2) Clear logs 12" to 15" in diameter that are 6' and 7' in length.

(3) Any log 6' to 7', 16" and up, with three clear faces or better.

(b) *Cull logs.* All logs not meeting the above specification shall be considered as culls and may be sold or purchased at the cull price, with the exception that logs that have ring shake, worm holes, bird pecks, or bark growth shall have no value. Logs less than 12" in diameter can be included in this grade.

SEC. 11. *General delivery provisions.* The prices set forth below apply f. o. b. cars at rail siding of common carrier railroad or for logs delivered to a mill from within 25 miles. If logs are delivered to the mill from a distance in excess of 25 miles, the buyer may add 10 cents per thousand feet log scale for each additional load mile.

If the buyer takes delivery of the logs at any place other than on railroad cars at rail siding of common carrier railroad, or at his mill, the buyer must deduct from the ceiling price either

(a) The cost per thousand feet log scale to the buyer of trucking the logs to the nearest rail siding of a common carrier railroad and loading the logs on cars, if delivery of logs to the mill is by rail; or

(b) The cost per thousand feet log scale of hauling logs to the plant, if delivery of logs to plant is by truck.

SEC. 12. *Maximum prices.* The maximum price depends upon the area in which logs are produced rather than the area in which they are delivered. All prices are per M' log scale.

Zone 1. Logs produced in the States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey, Ohio, Indiana, Illinois, Michigan, Wisconsin, Missouri, Kansas, Iowa, Minnesota, Nebraska, South Dakota and North Dakota.

Special provisions; all zones. Buying plants desiring to purchase selected walnut logs on a grade basis may apply to the Lumber Branch, Office of Price Administration, Washington 25, D. C. for the establishment of dollars and cents maximum prices by grade. The application must contain the name and address of the buying plant, the area from which logs are to be purchased, an adequate description of the grades to be used, as well as the requested prices. The Lumber Branch may approve or revise the request or request additional information by letter or telegram.

This regulation shall become effective May 15, 1944.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of May 1944.

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 534–2]

HICKORY AND ASH LOGS AND OTHER SPECIALTY WOODS

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.* Such specifications and standards as are used in this regulation were, prior to such use, in general use in the industry affected and were required by other Government agencies.

§ 1312.109 *Maximum prices for hickory and ash logs and other specialty woods.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and by Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 534–2 (Hickory and Ash Logs and Other Specialty Woods) which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1312.109, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

MAXIMUM PRICE REGULATION NO. 534–2—HICKORY AND ASH LOGS AND OTHER SPECIALTY WOODS

12. Ash special logs.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* Eastern United States (east of 100th meridian).

(b) *Kind of logs.* Hickory and ash logs and other specialty woods such as dogwood and persimmon; but not walnut.

This regulation covers only ash and hickory logs that have been specially cut or selected for use in the manufacture of implement handles, skis, picker sticks, and other specialty items. For ash and hickory logs sold with other species, see the general area log regulations.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, hickory and ash logs or other specialty woods at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in sections 11 and 12.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Items not listed.* The maximum price for hickory and ash logs produced in an area not listed, or for specialty woods, such as dogwood and persimmon, may be determined by applying to the Lumber Branch, Office of Price Administration, Washington 25, D. C. The application must contain the name and address of the buyer, the requested price, the end product to be manufactured, and a statement by the buyer that this requested price can be paid under the end product ceiling in effect on the date of application. The Lumber Branch may approve or deny this application by letter or telegram.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all logs delivered in a period of not over two weeks.

SEC. 5. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual contents.

(2) Increasing the price of logs by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the logs.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the logs.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating logs, if the amount is in any way related to the quantity of logs involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.[1])

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 8. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *General provision on delivery.* The delivery point of the maximum prices is set forth below each table of prices. If delivery of the logs is taken at any point other than that named, the maximum price must be reduced by the cost to the buyer of delivering the logs to the delivery point named.

SEC. 11. *Hickory special logs*—(a) *Table 1 prices*—(1) *Area of production in Table 1.* Part or all of the States of Texas, Louisiana, Oklahoma, Arkansas, Missouri, Illinois, Mississippi, Alabama, Tennessee, Kentucky, Indiana, North Carolina, and Virginia, by Zones, as listed below:

(2) *Scaling rules for Table 1.* (i) All logs are to be scaled with the Doyle Log Rule, with the diameter being measured inside the bark at the small end of the log and at the smallest diameter.

(ii) The basis for measurement of hickory bolts shall be the standard cord of 128 cubic feet. The purchase of units of specifications different from the normal cord specifications of 4' x 4' x 8' shall be done by converting to cubic feet and adjusting the price upward or downward in proportion to 128 cubic feet.

(iii) Logs are to be cut in even lengths unless otherwise specified by the buyer, with the lowest acceptable length 7 feet.

(iv) Bolts are to be cut into lengths specified by the buyer, with the lowest acceptable length 40 inches.

(v) All unsound and unusable wood must be deducted by allowance in measurement. The defects for which full allowance must be made include bird pecks, holes from any cause, windshake, brashy or light weight, decay, sap stain and crook. Crooked logs are to be scaled to actual measurement of usable portion.

(3) *Grading rules for Table 1 (logs or bolts).* "Face defects" are knots, catfaces, scabs, and ingrown bark.

"End defects" are bird pecks, holes from any cause, windshake, brashy or light weight, decay or sap stain.

(i) *Extra quality.* Must have a ring of white wood measuring not less than 3½" in from bark. All logs or bolts 8" and up in diameter must have all clear faces and clear ends.

(ii) *No. 1 quality.* All logs and bolts 8" and up in diameter must have at least 3 clear faces and must have clear ends.

(iii) *No. 2 quality.* All logs and bolts 8" and up in diameter must have at least 2 clear faces; end defects are permitted. If the defects reduce the footage cut from the log more than 25 percent, the log will be classed as a cull.

(iv) *Timber-run quality.* A combination of extra quality, No. 1 and No. 2 logs or bolts containing not over 20 percent No. 2.

(4) *Delivery.* The above prices are:

(i) Loaded on railroad cars at any rail siding.

(ii) Delivered to place at which water shipment is to begin.

(iii) Delivered by truck to the buyer's plant.

(5) *Short logs.* Logs below 7 feet in length can be purchased on a board-foot log scale basis by paying 10 percent less than the log prices herein stipulated.

(b) *Table 2 prices*—(1) *Production area of Table 2.* In the State of Alabama all counties south of and including the Counties of Sumter, Greene, Hale, Bibb, Chilton, Coosa, Tallaposa, and Chambers.

(2) *Scaling rules, Table 2.* All logs are to be scaled with the Doyle Log Rule with the diameter being measured at the small end of the log at the smallest diameter and with all fractions of an inch counted back to the next lower figure.

(3) *Grading rules*—(i) *Special grade.* Must be 12" and up in diameter at the small end and show at least 4½ inches of White wood between the bark and heart, and must be absolutely clear of all visible defects. Logs to be cut in 7', 8', 14' and 16' lengths with a minimum trim allowance of 6 inches.

Bird pecks, windshakes, worm holes, crooks and cross-grain are not permitted in this grade.

(ii) *No. 1 grade.* Must be 10 inches and up at the small end, and must show at least 3 inches of White wood between bark and heart. Logs must be free from all visible defects and should be cut in 7', 8', 14' and 16' lengths.

Bird pecks, windshakes, worm holes, crooks and cross-grain are not permitted in this grade.

(iii) *No. 2 grade.* Must be 9" and up at small end and must show at least 2 inches of White wood between bark and heart, and must show at least two-thirds of clear cuttings not less than 3 feet long. Logs shall be cut 6', 9', or 12' in length.

Bird pecks, windshakes, worm holes, crooks and gross-grain are not permitted in this grade.

(4) *Table 2—Hickory logs.*

	Per M feet log scale
Special grade	$45.00
No. 1 grade	40.00
No. 2 grade	20.00

These prices are for hickory logs delivered to the mill.

SEC. 12. *Ash special logs*—(a) *General scale provisions*—(1) *Length.* As specified by the buyer. Trim allowance must be provided by cutting logs over length as follows: 8 feet and longer, 6 inches; under 8 feet in length, 3 inches. Logs not meeting the requirement for trim allowance shall be reduced in scale to the next lower standard length. No charge shall be made for the trim allowance.

(2) *Diameter.* 8" minimum.

(b) *Grade and quality requirements.* Ash special logs must be of texture, toughness, elasticity and resiliency which makes them suitable for the manufacture of implement handles and similar specialty products.

They must weigh at least 15 pounds to the cubic foot, show at least 3 annual rings per inch, and not have doty heart through the whole length of the piece.

All unsound and unusable wood must be eliminated from the scale by deduction in measurement. The defects for which full allowance must be made includes hollows, or large holes, rot, dote, windshake, large and excessive worm holes, damage in felling by drawn splinters, beads and crooks. Sound knots will also be considered with respect to the reduction caused in the possible handle production from the log and logs having defects (either sound or unsound) to the extent that 25% of the log is unusable, shall be rejected.

(c) *Ash logs in New England*—(1) *Scale rule.* International ¼" Log Rule. Diameter to be measured at average of the small end, inside back. Fractions of an inch ½ and less shall be eliminated; fractions over ½ inch may be counted as a full inch.

(2) *Delivery provisions for Table 3.* The price for logs delivered to mill by truck from within 20 miles of the buying plant shall be the same as the f. o. b. cars price. For logs delivered to the mill by truck from a distance greater than 20 miles, the buyer may add 10 cents per thousand feet log scale per load mile, for each additional load mile in excess of 20.

(3) *Zone definitions.*

Zone	Roadside	F. o. b. cars
1	$30.50	$35.50
2	35.00	40.00

(5) *General provisions.* (i) Buying plants who wish to buy ash special logs on the basis of a scale rule other than the International rule may do so upon submitting a written statement to that effect to Lumber Branch, Office of Price Administration, Washington 25, D. C. The buying plant will be limited to the use of only one rule. The other log rules which may be used are the Vermont Log Rule and the Bangor Log Rule. If the Vermont Log Rule is used by the buying plant, the prices per thousand feet log scale shall be the same as those set forth above for the International Log Scale. If the Bangor Log Rule is used by the buying plant, the prices per thousand feet log scale shall be 95 percent of the prices set forth above for the International Log Rule.

(ii) In Zone 1, short logs may be purchased on the basis of a cord of 128 cubic feet. In such case the maximum price shall be $18.25 per cord of 128 cubic feet at roadside available to truck, or $21.25 per cord of 128 cubic feet f. o. b. rail cars at a rail siding or delivered to mill within 20 miles. If delivered to the mill by truck from a distance over 20 miles, the buyer may add $0.06 per cord of 128 cubic feet for each additional load mile over 20 miles.

(d) *Northern ash logs*—(1) *Scale rule.* Doyle Log Rule. Diameter to be measured at small way of small end, inside bark. Fractions of an inch ½ and less shall be eliminated; fractions over ½ inch may be counted as a full inch.

(2) *Delivery provisions.* The price for ash logs delivered to the mill by truck from within 20 miles of the plant shall be the same as the f. o. b. rail cars at rail siding price. If Ash Special logs are delivered to the mill by truck from a distance over 20 miles, the buyer may add 12½ cents per thousand feet for each load mile over 20 miles.

(3) *Zone definitions.*

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 535-2]

LAKE STATES CORDWOOD

In the judgment of the Price Administrator, the maximum prices established by this regulation are, and will be, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1312.111 *Maximum prices for Lake States cordwood.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 535-2—Lake States Cordwood, which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1312.111, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

13. Maximum prices: Zone 2: Northern Minnesota.
14. Maximum prices: Zone 3: Southern Minnesota.
15. Maximum prices: Zone 4: Lower Michigan.

*Copies may be obtained from the Office of Price Administration.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* Cordwood produced in Minnesota, Wisconsin and Michigan.

(b) *Kind of logs.* All short logs, veneer short logs, bolts, box bolts and shingle bolts. All commercial species are included, whether specifically mentioned or not. The following are not covered: chemical wood, insulation and felt bolts and excelsior bolts.

SEC. 2. *Over-ceiling prices prohibited—*(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, Lake States Cordwood at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in sections 12 through 15.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Items not listed.* The maximum price on an item not listed is the "September–October 1942 price", as it was frozen by Maximum Price Regulation 348. If, for any reason, you cannot determine what the ceiling is, write to the Lumber Branch, Office of Price Administration, Washington 25, D. C., for determination of the price.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all cordwood delivered in a period of not over two weeks.

SEC. 5. *Prohibited practices—*(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual content of the cordwood.

(2) Increasing the price of cordwood by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the cordwood.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the cutting is higher than the ceiling for the cordwood.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling or locating cordwood, if the amount is in any way related to the quantity of cordwood involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions—*(a) *Government contracts.* (See Procedural Regulation No. 6.)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 8. *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *Dealers' and traders' commissions—*(a) *Who may receive dealers' commission.* A "dealer" is a person who meets both the following tests:

Test (1): He sold and delivered at least 5,000 cords of cordwood (box bolts, veneer short logs, excelsior bolts, pulpwood, insulation bolts, etc.) to consumers in either the 1942-43 or the 1943-44 operating season, (May 1 to April 30).

Test (2): He does not cut or prepare cordwood, but buys it in the form in which it is to be sold.

(b) *Who may receive traders' commission.* A "trader" is a person who meets test (2) just above, but not test (1).

Also, a dealer when selling to a non-consumer may receive a traders' commission.

(c) *Who may pay.* Only consumers may pay the dealers' commission. Any person may pay the traders' commission.

(d) *On which items.* Commissions may be added to the prices only of box bolts, and veneer short logs.

(e) *Maximum amount of commission.*
(1) Dealers': $1.00 per cord of 133 cubic feet.
(2) Traders': 50 cents per cord of 133 cubic feet.
(3) The total amount of commissions on any cord of 133 cubic feet may never exceed $1.00.

(f) *Conditions.* The commissions may be added only if all the following conditions are met:

(1) Settlement sheets must show the commission separately, and copies must be kept by buyer and seller;

(2) The dealer or trader guarantees that the wood is of merchantable quality and that it is free from liens and encumbrances;

(3) The settlement sheet must contain a statement that the dealer or trader had no part in the preparation of the wood.

(g) *Prohibited practices.* The following practices are prohibited:

(1) Paying or receiving a commission on wood cut or prepared by the dealer or trader;

(2) Adding the commission on the cut of any other person, on an understanding that the other person will handle, on commission, wood cut by you.

(3) Splitting commissions with anyone (exception: a dealer may pay a traders' commission out of his dealer's commission).

(h) *New dealers.* If you do not meet the definition of a dealer, but intend to engage in that kind of business, write to the Lumber Branch, Office of Price Administration, Washington, 25, D. C. Permission may be granted or denied by letter or telegram. The addition may not be made until permission has actually been received.

SEC. 11. *General provisions on delivery.* All prices are f. o. b. cars or delivered to the buying plant by truck, unless otherwise specified. If the buyer takes delivery short of the delivery point specified, the cost of bringing the cordwood to that point must be deducted from the ceiling price.

SEC. 12. *Maximum prices; Zone 1: Wisconsin and Upper Michigan—*(a) *Area of production.* Wisconsin and Upper Peninsula of Michigan.

(b) *Grading and scaling rules.* (1) *Box bolts.* (i) To be scaled on a face cordage basis of 8' plus trimming allowance of 4". A cord contains 133 cubic feet including trimming allowance.

(ii) Bolts must be 6" top and up, inside bark; 6" bolts must be perfectly straight and sound.

(iii) 7" and up bolts will admit sweep and crook not to exceed ⅓ of the diameter of small end. Rot and excessive sweep or crook is to be deducted on cordage basis. Bolts are to be tightly piled and knots closely trimmed so that true, or actual, cordage can be determined.

(2) *Shingle bolts.* (i) Shingle bolts are to be scaled on a face cordage basis of 8' plus trimming allowance of 4". A cord contains 133 cubic feet including trimming allowance.

(ii) Bolts must be 8" and up, inside bark. Bolts must be straight and sound except that sweep or crook will be permitted not to exceed ⅓ the diameter of small end. Rot and excessive sweep or crook to be deducted on cordage basis. Bolts are to be tightly piled and knots closely trimmed so that true, or actual, cordage can be determined.

(c) *Maximum prices.*

SEC. 13. *Maximum prices; Zone 2: Northern Minnesota—*(a) *Area of production.* In Minnesota: Counties of Aitkin, Becker, Beltrami, Benton, Carlton, Cass, Chisago, Clearwater, Cook, Crow Wing, Hubbard, Isanti, Itasca, Kanabec, Kittson, Koochiching, Lake, Lake of the Woods, Marshall, Morrison, Mille Lacs, Mahnomen, Otter Tail, Pine, Polk, Pennington, Red Lake, Roseau, St. Louis, Todd, and Wadena.

(b) *Grading and scaling rules—*(1) *Box bolts.* Box bolts shall be measured by the double cord: a compact rick or stack of wood eight and one-third by eight feet by four feet. Box bolts must be straight and cut from sound, live timber; 100" long with a minimum diameter of 6" at the small end inside bark. Limbs are to be closely trimmed. 6" bolts must be perfectly straight and sound. Bolts 7" and up will admit sweep and crook not to exceed ⅓ diameter at small end. Rot and excessive sweep or crook shall be deducted on a cordage basis. Box bolts may be purchased as all diameters above 6" (in which case the producer must include all of the larger diameter bolts which are cut from the stand) or on the basis of diameter classes (namely box bolts from 6" through 8" in diameter, and 9" and over.)

(2) *Veneer short logs.* Veneer short logs are to be cut in 50" and 100" lengths for Aspen and Basswood and 45" and 90" lengths for White Birch. The minimum diameter is 8". A single cord is a compact stack of wood containing 120 cubic feet for 45" and 90" bolts and 133 cubic feet for 50" and 100" bolts. Logs must be sound green timber, free from decay, seams or numerous knots. (Defect area must not be in excess of 6 inches per 45"

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* The six New England states (Maine, Vermont, New Hampshire, Connecticut, Rhode Island and Massachusetts).

*Copies may be obtained from the Office of Price Administration.

(b) *Kind of cordwoods.* Hardwood and softwood bolts, but not including excelsior wood, insulation and felt cordwood.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, New England cordwood at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in section 10.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Items not listed.* The maximum price for New England cordwood produced in an area not listed may be determined by applying to the Lumber Branch, Office of Price Administration, Washington 25, D. C. The application must contain the name and address of the buyer, the requested price, the end product to be manufactured, and a statement by the buyer that this requested price can be paid under the end product ceiling in effect on the date of application. The Lumber Branch may approve or deny this application by letter or telegram.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all logs delivered in a period of not over two weeks.

SEC. 5. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual contents.

(2) Increasing the price of cordwood by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the cordwood.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the cordwood.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating cordwood, if the amount is in any way related to the quantity of cordwood involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.[1])

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 8. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *General provisions on delivery.* If the buyer takes delivery of the cordwood short of the delivery point at which the maximum price is fixed, the cost of bringing the logs to that delivery point must be deducted from the ceiling.

SEC. 11. *Maximum prices.* The maximum prices for New England cordwood are set forth below.

(a) *Area of production.* Part or all of the States of Maine, New Hampshire and Vermont as follows: The entire State of Maine; in the State of New Hampshire, the counties of Carroll, Grafton and Coos; and in the State of Vermont the counties of Essex, Caledonia, Orange and Orleans.

(b) *Species.* White birch (Betula populifolia, Betula alba var. papyrifera), yellow birch (Betula lutea), beach (Fagus grandifolia), maple (Acer sp.), aspen (Populus sp.), basswood (Tilia americana) and white pine (Pinus strobus).

(c) *Scaling rule.* All bolts are to be measured on the basis of a cord of 128 cubic feet. No charge can be made for trim allowance.

(d) *Grading rules applicable to all species.* (1) All bolts must be straight, sound and freshly cut.

(2) Log run grade shall consist of the entire product of the forest of the species and grade described above the diameter specified in the price table below. If any high-quality or large-sized bolts have been selected from the log run of bolts, the remaining bolts must be sold at lower prices as set forth below the price table.

(e) *Specific grading rules*—(1) *Log run white birch bolts.* Sound red heart is acceptable to not greater than one-third of the total diameter of the bolt. The knot area must not exceed 6 inches per bolt. No crotches accepted. Bolts shall be cut either 36", 48" or 60" as specified by the buyer, plus at least 2" over length to allow for trim.

(2) *Log run beech, yellow birch and maple bolts.* Knots will be accepted provided that there are not more than 2 in each bolt and provided that they are not greater than 2 inches in diameter. Crotches not acceptable. Bolts shall be cut into 36", 48" or 60" lengths as specified by the buyer, plus at least 2" over length to allow for trim.

(3) *Log run aspen and basswood bolts.* Knots will be accepted if there are not more than 2 in each 48" length (one in 24" length) and, if not greater than 1½" in diameter. Bolts must be free of seams and burls; a small amount of dark stain will be accepted. Bolts shall be cut into 24" or 48" lengths as specified by the buyer. Bolts cut 24" in length must be cut at least 1" over length to allow for trim, 48" bolts must be cut at least 2" over length to allow for trim.

(4) *Veneer grade birch, beech and maple bolts.* Must be free of knots, seams, burls or other defects. Bolts shall be cut 48" or 96" in length as specified by the buyer. 48" bolts must be cut 2" over length and 96" bolts must be cut 4" over length to allow for trim. The minimum acceptable diameter is set forth below in the price tables.

(5) *Veneer grade white pine bolts.* All bolts must be at least 8" in diameter. Sound knot defects will be accepted to the extent of 12 inches of lineal measure per 50" bolt; knots must be closely trimmed. No pine referred to by the industry as "Pasture Pine" is acceptable. Bolts shall be cut 48" in length and must be cut 2" over length to allow for trim.

(6) *No. 2 grade white pine bolts.* All bolts must be at least 7" in diameter. This grade includes all pine of box-board quality. Bolts shall be cut into 48" lengths plus 2" over length to allow for trim.

(f) *Maximum prices.*

TABLE 12—BOLTS

(Per cord of 128 cubic feet)

	Roadside	F. o. b. cars at rail siding	Delivered to mill by truck
Log run white birch:			
8" and up in diameter	$19.00	$21.50	$22.50
7" and up in diameter	18.00	20.50	21.50
6" and up in diameter	17.00	19.50	20.50
5" and up in diameter	16.00	18.50	19.50
4" and up in diameter	16.00	17.50	18.50
Long run yellow birch, beech and maple:			
8" and up in diameter	16.00	18.50	19.50
7" and up in diameter	15.00	17.50	18.50
6" and up in diameter	14.00	16.50	17.50
5" and up in diameter	13.00	15.50	16.50
Long run aspen and basswood:			
8" and up in diameter	16.00	18.50	19.50
6" and up in diameter	12.25	14.75	15.75
Veneer grade beech, birch and maple:			
10" and up in diameter	26.50	29.00	30.00
8" and up in diameter	20.00	22.50	23.50
Veneer grade white pine	14.25	16.75	17.75
No. 2 grade white pine	11.25	13.75	14.75

(1) If the veneer grade of bolt is removed from the log run of bolts deduct $1.00 from the above prices. In the case of white pine, however, the balance after removal of the veneer grade shall be priced at the No. 2 grade.

(2) If the larger diameter logs are removed from the run of logs (i. e. if the 8" and up bolts have been selected, or the 6" and up, etc.) the remaining smaller diameter bolts can be purchased at the following prices:

(i) For yellow birch, beech, maple and basswood—$11.25 per cord at roadside, $13.25 per cord f. o. b. cars, and $14.25 per cord for bolts delivered to the mill.

(ii) For white birch, the price shall vary by the diameters being sold. If the 7" bolts only are to be sold, the price shall be $2.25 per cord less than the 7" and up price; if the 6" bolts only are to be sold, the price shall be $2.25 per cord less than the 6" and up price; if the 5" bolts only are to be sold, the price shall be $2.25 less than the 5" and up price, and if the 4" only are to be sold, the price shall be $2.25 less than the 4" and up price.

If the lower diameters are sold in combination, the price shall be at the price for the lowest diameter bolt sold individually (i. e. if only the 5", 6", and 7" are to be sold the price shall be the 5" bolt price which is $2.25 less than the 5" and up price.)

(3) "Roadside" is any road that is maintained and kept open for traffic 12 months of the year.

This regulation shall become effective May 15, 1944.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Report Act of 1942.

Issued this 15th day of May 1944.

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 535–5]

CHESTNUT CORDWOOD

In the judgment of the Price Administrator, the maximum prices established by this regulation are, and will be, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1312.114 *Maximum prices for chestnut cordwood.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 535–5 Chestnut Cordwood, which

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* Virginia, West Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia and Alabama.

(b) *Kind of cordwood.* Chestnut cordwood.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, chestnut cordwood at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in section 10.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Items not listed.* The maximum price for chestnut cordwood produced in the area not listed may be determined by applying to the Lumber Branch, Office of Price Administration, Washington 25, D. C. The application must contain the name and address of the buyer, the requested price, the end product to be manufactured, and a statement by the buyer that this requested price can be paid under the end product ceiling in effect on the date of application. The Lumber Branch may approve or deny this application by letter or telegram.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all cordwood delivered in a period of not over two weeks.

SEC. 5. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual contents.

(2) Increasing the price of cordwood by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the cordwood.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the cordwood.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating cordwood, if the amount is in any way related to the quantity of cordwood involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 8. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *Maximum prices.* The maximum prices for chestnut cordwood are set forth below:

General provisions—All zones. Maximum prices on cordwood are established on cords or units of a stated number of cubic feet. In cases where the cord or unit sold differs in cubical content the maximum price may be adjusted upward if the unit sold is larger and must be adjusted downward if the unit sold is smaller. For example, the unit priced in the regulation is 160 cu. ft. If the unit sold contains 128 cu. ft., the maximum price must be reduced by 20 percent.

Scaling and grading rules. A unit of 160 cubic feet shall be the basis of measurement. The wood is to be sound and clear; dead or green; bark on or off; wood with worm holes accepted; decayed, charred or burned portions shall be removed; wood must be sawed, not chopped, into 4 or 5 foot lengths.

MAXIMUM PRICES

Zone 1. The entire State of Virginia excluding the following counties: Bland, Wythe, Grayson, Smyth, Tazewell, Washington, Russell, Buchanan, Scott, Lee, Wise and Dickenson.

TABLE 1

$11.00 per unit of 160 cu. ft., f. o. b. cars.
$12.00 per unit of 160 cu. ft., delivered to mill by truck.

Zone 2. The entire States of West Virginia, North Carolina, South Carolina, Georgia, Kentucky, all of Tennessee except the seven counties listed in Zone 3 below, and the following counties in Virginia: Bland, Wythe, Grayson, Smyth, Tazewell, Washington, Russell, Buchanan, Scott, Lee, Wise and Dickenson.

TABLE 2

$10.50 per unit of 160 cu. ft., f. o. b. rail or water loading point or delivered to the mill by truck.

Zone 3. Alabama and the following counties in Tennessee: Hardin, Wayne, Lawrence, Giles, Lincoln, Franklin and Marion.

TABLE 3

$10.50 per unit of 160 cu. ft., f. o.b. rail or water loading point. In this zone only, the following amounts may be added to the maximum prices where delivery is made to the mill by truck:

Up to 15 miles, $0.75 per 160 cu. ft. unit.
15 to 25 miles, $0.94 per 160 cu. ft. unit.
25 miles and over, $1.25 per 160 cu. ft. unit.

General provisions. If wood is banked at a rail siding at the buyer's request and is later loaded at seller's expense on the railway car, an amount not in excess of $1.00 per unit of 160 cubic feet may be added to the maximum price. If a consumer of chestnut cordwood purchases chestnut cordwood through a dealer, the consumer may pay the dealer not more than the maximum price herein plus a dealer's allowance of 62½ cents per unit of 160 cubic feet. A dealer means any person who sells to consumers chestnut cordwood not cut or prepared by him, but purchased by him in the condition in which it is to be delivered to the consumer. The commission may not be paid on any wood produced by the dealer.

This regulation shall become effective May 15, 1944.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of May 1944.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* The eastern portion of the United States (east of the 100th Meridian). For convenience, the zone numbers used correspond to the zone numbers in Revised Maximum Price Regulation 216, Eastern Primary Forest Products.

(b) *Kind of logs.* Chemical cordwood of all species including chemical bolts and chemical logs.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, chemical cordwood at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in zones in sections 13 through 19.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Items not listed.* The maximum price on chemical wood produced in an area not listed may be determined by applying to the Lumber Branch, Office of Price Administration, Washington 25, D. C. The application must contain the name and address of the buyer, the requested price, the end product to be manufactured, and a statement by the buyer that this requested price can be paid under the end product ceiling in effect on the date of application. The Lumber Branch may approve or deny this application by letter or telegram.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all cordwood delivered in a period of not over two weeks.

SEC. 5. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual content of the cordwood.

(2) Increasing the price of logs by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the cordwood.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(4) Paying the log seller's workman's compensation insurance, social security payments, taxes, or any other payments, if these amounts when added to all other payments or compensation exceed the maximum prices.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the chemical cordwood.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating chemical cordwood, if the amount is in any way related to the quantity of cordwood involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 8. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *General grading rules.* Chemical bolts and cordwood are cull hardwood logs of mixed species random lengths or wood cut from tops and branches either round or split or a mixture of round and split. They must be reasonably straight, reasonably sound, must be trimmed free of all projecting stubs and crotches.

Buying plants may set minimum and maximum diameters and lengths to suit individual operations. Buying plants may require splitting of large diameters.

SEC. 11. *General scaling rules.* Purchase must be made by volume cord except in Zone 8, Lake States, where weight basis is permitted and logs over 9′ in length may be purchased on Scribner log rule measure. Buying plants shall make reasonable deductions for rotten or dozy wood or loose piling.

Cord measure. The basic cord measure shall be a cord 4′ high 8′ long, 52″ wide (138 cubic feet). Sticks must be at least 52″ long, must have a diameter at small end inside the bark of at least 3″.

Where sticks are cut in lengths other than 52″, the price must be varied according to the following table:

Where required length is 48″, cubic footage of cord is 128, deduct—
7.2% of price.
50″, 133, deduct 3.6% of price.
54″, 144, add 4.3% of price.
60″, 160, add 15.9% of price.

Where unit common to an area is other than 138 cubic feet, price is adjusted in the table of prices.

SEC. 12. *General delivery provisions.* Prices are f. o. b. cars or delivered buyer's plant by truck as set forth and special delivery rules are included in each maximum price section.

SEC. 13. *Maximum prices for Zone 2.* (Southern New York and Northern Pennsylvania.)

(a) *Specific coverage.* Chemical cordwood produced in New York: Counties of Broome, Delaware, Sullivan, Allegany, Cattaraugus, and Steuben. Pennsylvania: Counties of Elk, Forest, McKean, Potter, Tioga, Warren, Jefferson, Lycoming, and Wayne.

(2) Chemical logs—$21.00 per M feet, log scale, using Scribner Decimal "C" rule.
(3) Chemical logs or cordwood—$3.00 per ton.

(i) Where a buying plant is equipped for weighing, this unit may be bought on a weight basis delivered to a buyer's plant at a maximum price of 18 cents per 100 lbs. for green wood and this price may be increased on a sliding scale depending on the dryness of the wood to a maximum price of 30 cents per 100 lbs. for bone dry wood delivered to buyer's plant.

(ii) Where chemical bolts produced in a secondary or salvage logging operation are sold on a weight basis delivered at Marquette, Michigan, or f. o. b. cars on the Lake Superior Ishpeming Railroad, the Manistique and Lake Superior Railroad, the Duluth South Shore and Atlantic Railroad or the Copper Range Railroad, the above maximum price on chemical bolts may be increased by $0.62 per ton.

Definition. As used in the preceding paragraph, a secondary or salvage operation is one in which a chemical wood jobber (producer) is primarily engaged in producing and delivering chemical bolts to the extent of at least 75 percent of his total volume of forest products, from an area already cut over for other forest products or from an area with such a poor stand of timber that it cannot be logged for saw-timber. Any logger may carry on both a logging job and a salvage operation for chemical bolts: *Provided,* That in any shipment of chemical bolts so salvaged, at least 75 percent of the bolts shipped are below the standards of merchantability defined under Maximum Price Regulation No. 533–2, Lake States Logs, Zone 1, Hardwood Logs, No. 3 Log Grade.

This regulation shall become effective May 15, 1944.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of May 1944.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[Rev. RO 11,[1] Amdt. 7]

FUEL OIL

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.[*]

Revised Ration Order 11 is amended in the following respects:

1. Section 1394.5803 is amended by inserting before the words "Procedural Regulation," the word "Revised."

2. Section 1394.5804 is added as follows:

§ 1394.5804 *District Directors may issue orders where coupons have been improperly detached from consumers' coupon sheets.* (a) Where a dealer or primary supplier (hereinafter called the respondent) has failed to transfer fuel oil to a consumer in exchange for coupons which he had detached from the consumer's coupon sheet and a suspension order has been issued under Revised Procedural Regulation No. 4, or a court order, decree, injunction or judgment has been issued against the respondent because of his violation of Ration Order No. 11 or Revised Ration Order 11, the OPA District Director serving the area in which the registered place of business of the respondent is located, upon application by the respondent or on the District Director's own motion, may (unless the suspension order or the court order, decree, injunction or judgment provides to the contrary), issue an order containing one or more of the following provisions:

(1) Directing the respondent to file with the District Director, by a date specified by the District Director, a statement certified by him to be true and complete giving, as to each consumer from whose coupon sheet he had detached coupons and to whom he had failed by that date to transfer, in exchange, an amount of fuel oil equal to the gallonage value of such coupons and as to each of the coupon sheets of such consumer, the following information:

(i) The name and address of each such consumer;

(ii) The class of the coupon sheet and the number and address of the Board issuing it; the period for which the coupon sheet was issued and the total gallonage value of the coupons attached to the coupon sheet when it was issued by the Board, as that information appears on the coupon sheet stub.

(iii) The total gallonage value of the coupons not yet detached from the coupon sheet at the time it was deposited with respondent;

(iv) The total gallonage value of the coupons not yet detached from the coupon sheet, on the date of the statement;

(v) The total number of gallons of fuel oil transferred by the respondent to the consumer pursuant to the ration represented by the coupon sheet, from the time of its deposit with respondent to the date of the statement;

(vi) The total gallonage value of the coupons detached by the respondent from the coupon sheet, in exchange for which he had failed to transfer to the consumer an amount of fuel oil equal to the gallonage value of such coupons by the date of the statement.

(vii) The total gallonage value of currently valid coupons not yet detached, from the coupon sheet, and in exchange for which fuel oil had not yet been delivered, by the date of the statement.

The respondent shall, when he submits the statement prescribed by subparagraph (1), surrender to the District Director evidences equal in gallonage value to the total gallonage value of all coupons detached by respondent from all coupon sheets, in exchange for which he had, by the date of the statement, failed to transfer to those consumers an amount of fuel oil equal to the gallonage value of such coupons.

(2) Permitting the respondent to transfer to any consumer listed on the statement furnished to the District Director pursuant to subparagraph (1) of this paragraph (a) (or listed in a like statement furnished by him pursuant to a suspension order, or a court order, decree, injunction or judgment), upon that consumer's order, and permitting that consumer to accept, an amount of fuel oil equal to the gallonage value of such detached coupons less the amount of fuel oil he transferred to the consumer, by the date of the statement, in exchange for such coupons, excluding the gallonage value of any of such detached coupons which have expired. However, no such permission shall be granted to any respondent who has failed to surrender coupons or evidences pursuant to subparagraph (1).

(3) Directing the respondent to submit to the District Director, at such times as he may specify, for his written approval, a record of each transfer of fuel oil made pursuant to his permission. The record shall show by name and address of each consumer to whom the transfer was made, the date and gallonage of the transfer, and shall be accompanied by a statement signed by the consumer acknowledging receipt of the fuel oil.

(4) Directing any Board within the limitation area, upon submission to it by respondent of a record of such fuel oil transfers, bearing the written approval of the District Director pursuant to subparagraph (3) of this paragraph (a), to furnish the respondent with an exchange certificate (or certificates), in the manner provided in § 1394.5723, equal in gallonage value to the fuel oil transfers so approved.

(b) Nothing in this section or in any direction or authorization issued pursuant to this section shall be construed to authorize any transfer of fuel oil to any consumer, or the acceptance of any such transfer, in exchange for coupons which have expired under § 1394.5327 (b) or which evidence a ration which has expired pursuant to § 1394.5501 (expiration of rations and coupon sheets) or § 1394.5502 (same: cessation of use or change in ownership, control or use), or in exchange for coupons which have been detached in violation of this Ration Order No. 11 or Revised Ration Order 11 and which have expired pursuant to any such section.

(c) No order issued pursuant to this section shall operate as a waiver of any violation of Ration Order No. 11 or Revised Ration Order 11.

3. Section 1394.5801 (i) is amended to read as follows:

(i) No person shall do, or offer, solicit, attempt or agree to do, any act in violation of this order or any order or direction issued hereunder by a Regional Administrator or District Director.

This amendment shall become effective on May 20, 1944.

SHOES

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 17 is amended in the following respects:

1. Section 1.5 (a) is amended by adding after the third sentence the following: "In cases of emergency where an applicant has immediate need for shoes, and it is impractical for him to apply at a local Board, any District Office may issue him the necessary stamps."

2. Section 1.5 (b) is amended by inserting after the word "Board" wherever it appears therein the following words: "or District Office".

3. Section 1.5 (c) is amended by inserting after the word "Board" wherever it appears therein the following words: "or District Office".

4. Section 1.5 (d) is amended by inserting after the word "Board" wherever it appears therein the following words: "or District Office".

5. Section 1.7 (a) (4) is amended by adding at the end of the last sentence the following: "and, if it is the custom of the institution, it may give him a new pair of discharge shoes."

6. Section 1.10 (b) is amended by deleting the first sentence and substituting instead the following: "A consumer may get a special shoe stamp from the Board to replace defective shoes if (1) he surrendered ration currency for them; (2) the establishment from which he got them accepts their return within sixty days from the date of purchase and does not return them to the consumer; and (3) they are defective because of workmanship or material and cannot reasonably be repaired."

This amendment shall become effective May 20, 1944.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 12,[1] Amdt. 32]

PROCESSED FOODS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Section 6.6 (k) is added to read as follows:

(k) *Reduction of excess inventory based on frozen processed foods which are in industrial user's inventory on April 1, 1944.* An industrial user may apply for a reduction of his excess inventory, if he had in his inventory, on April 1, 1944, frozen processed foods which were treated as excess inventory or which were acquired with points issued to him as an advance under section 6.6 (i), as it read before April 6, 1944. (An industrial user who, at the time points were issued to him to acquire, in advance, frozen processed foods under section 6.6 (i), had points on hand or in his ration bank account is considered to have acquired frozen processed foods from points issued to him as an advance only to the extent that the points he used to acquire frozen processed foods after he received the advance exceed the points he had on hand and in his ration bank account at the time he received the advance.) Application shall be made on OPA Form R–315 to the board with which he is registered.

(1) If frozen processed foods in his inventory on April 1, 1944 were treated as excess inventory, the application must state:

(i) The types and quantities of frozen processed foods he had in his inventory on April 1, 1944, which were treated as excess inventory;

(ii) The dates on which such foods were added to his excess inventory and the point values at which they were so added.

(2) If frozen processed foods in his inventory on April 1, 1944, were acquired with points issued to him as an advance under section 6.6 (i) as it read before April 6, 1944, the application must state:

(i) The types and quantities of frozen processed foods he had in his inventory on April 1, 1944, which were acquired with points issued to him as an advance;

(ii) The dates on which such foods were acquired and the number of points given up for them; and

(iii) The names and addresses of the persons from whom such foods were acquired.

(3) An industrial user may combine on a single application the information called for under (1) and (2) of this paragraph.

If the board finds the statements made in the application are true, it shall grant the application and reduce his excess inventory by the point value at which the frozen processed foods he had in his inventory on April 1, 1944, were added to his excess inventory, and by the points he used from any advance under section 6.6 (i) to acquire frozen processed foods which were in his inventory on April 1, 1944.

This amendment shall become effective May 20, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(Pub. Law 671, 76th Cong., as amended by Pub. Laws 89, 421, 507 and 729, 77th Cong.; E.O. 9125, 7 F.R. 2719; E.O. 9280, 7 F.R. 10179; WPB Directive 1, 7 F.R. 562; Food Directive 3, 8 F.R. 2005, and Food Directive 5, 8 F.R. 2251)

PART 1444—ICE BOXES

[MPR 399,[1] Incl. Amdts. 1-14]

NEW ICE BOXES

This compilation of Maximum Price Regulation 399 includes Amendment 14, effective May 20, 1944. The text added by Amendment 14 is underscored. The amendments and additions to the tables by Amendment 14 are indicated by notes.

In the judgment of the Price Administrator, the maximum prices established by this Maximum Price Regulation No. 399 are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.[2]

§ 1444.1 *Maximum prices for new ice boxes.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders No. 9250 and No. 9328, Maximum Price Regulation No. 399 (New Ice Boxes), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1444.1 issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681.

15. Table B: Retail ceiling prices for sales of ice boxes by mail order houses when selling from a mail order catalog.
16. Table C: Ceiling prices in each State for all other sales of ice boxes at retail.

SECTION 1. *What ceiling prices are fixed by this regulation.* This regulation fixes ceiling prices for sales of new ice boxes at retail (including sales by mail order houses and ice companies) and at wholesale. A sale at retail is a sale by a person other than the manufacturer to a person who buys for use. A sale at wholesale is a sale by a person other than the manufacturer to a person who buys for resale. Sales by manufacturers are covered by Maximum Price Regulation No. 188.[3] Ice boxes not listed in the table below (except those whose ceiling price is fixed by the General Maximum Price Regulation as explained below) may not be sold at wholesale or retail unless an order has been issued under this section establishing ceiling prices for such sales. Orders will be issued by the Office of Price Administration, Washington, D. C., upon application.

Ceiling prices for ice boxes which were in the hands of wholesalers or retailers on June 8, 1943, and which are models of ice boxes not now being offered for sale by the manufacturer of such ice boxes are fixed by the General Maximum Price Regulation.[4]

[Section 1 amended by Am. 1, 8 F.R. 9062, effective 7-5-43]

Regardless of any contract or other obligation, no person shall sell or deliver a new ice box to any other person, and, in the course of trade or business, no person shall buy or accept delivery of an ice box, at prices higher than the maximum prices fixed by this regulation, and no person shall agree, offer, or attempt to do any of these things. Prices lower than the maximum prices may be charged and paid.

[Above paragraph added by Am. 14, effective 5-20-44]

SEC. 2. *Ceiling prices for sales of new ice boxes at retail.* Ceiling prices for the various makes and models of ice boxes for sale at retail are listed below in Tables A, B, and C.

Table A, set forth as section 14, lists retail ceiling prices for sales by ice companies and by retail establishments controlled by ice companies. No amount may be added to the ceiling prices listed in Table A for delivery to the buyer.

Table B, set forth as section 15, lists ceiling prices for mail order sales by mail order houses. The prices listed in Table B are f. o. b. shipping point.

Table C, set forth as section 16, lists ceiling prices for all other sales of ice boxes at retail, including sales by a retail store of a mail order house. No amount may be added to the ceiling prices listed in Table C for delivery to the buyer.

SEC. 3. *Ceiling prices for wholesalers.* Ceiling prices for sales at wholesale are 60% of the retail base price as shown in Column I of Table C plus the difference between the base price and the retail ceiling price for the state in which the wholesaler's warehouse is located. The wholesale ceiling price is f. o. b. the distributor's city.

[Sec. 3 amended by Am. 1, 8 F.R. 9062, effective 7-5-43]

SEC. 4. *Taxes.* Any tax upon or incident to the sale of a new ice box may be added to the ceiling prices established by this regulation, provided that the tax is separately stated and charged.

[NOTE: Supplementary Order No. 31 (7 F.R. 9894) provides that: "Notwithstanding the provisions of any price regulation, the tax on transportation of all property (excepting coal) imposed by section 620 of the Revenue Act of 1942 shall, for purposes of determining the applicable maximum price of any commodity or service, be treated as though it were an increase of 3% in the amount charged by every person engaged in the business of transporting property for hire. It shall not be treated, under any provision of any price regulation or any interpretation thereof, as a tax for which a charge may be made in addition to the maximum price."]

SEC. 5. *Sales for export.* The ceiling price at which a person may export any new ice box is established by the provisions of the Second Revised Maximum Export Price Regulation.[5]

SEC. 6. *Credit and other charges.* Charges for the extension of credit may be added to the maximum retail prices established by this regulation only to the extent permitted by this section. All such charges shall be quoted and billed separately.

(a) Sellers who in March 1942 separately stated and collected an additional charge for the extension of credit on sales of ice boxes or like articles may collect a charge for the extension of credit on sales under this regulation. The charge collected must not exceed the charge in March 1942 on a similar sale to the same class of purchaser. Other sellers may make a charge for the extension of credit only on installment-plan sales, not on charge-account sales. The charge shall not exceed the additional charge separately stated and collected for the extension of similar credit in March 1942 by the seller's closest competitor who made such a charge.

An installment-plan sale, as used in the above paragraph, means a sale where the unpaid balance is to be paid in installments over a period of (1) six weeks or more from the date of sale in the case of weekly installments or (2) eight weeks or more in the case of other than weekly installments.

(b) Any charge which is not quoted and billed separately in connection with the sale of an ice box, whether for credit or otherwise, shall, for the purposes of this regulation, be considered to be part of the price charged for the article sold.

(c) No seller may require as a condition of sale that the purchaser must buy on credit, or buy accessories or any other commodity or service.

SEC. 7. *Tagging.* No person other than a mail order house, selling through a mail order catalog shall sell or offer to sell a new ice box at retail unless a tag is attached to the ice box which states the manufacturer's name or the brand name, the model, the rated ice capacity, ceiling price, and selling price. A tag in the following form is satisfactory:

Make or brand_____
Model____ Ice capacity_____
Ceiling price_____
Selling price_____

This tag must not be removed before delivery to the purchaser.

[Sec. 7 amended by Am. 5, 8 F.R. 14150, effective 10-21-43]

[NOTE: Revised Supplementary Order No. 34 (8 F.R. 12404) permits, under certain conditions, the addition of extra packing expenses on sales to procurement agencies of the United States.]

SEC. 8. *Sales slips, receipts and invoices.* Every person selling a new ice box in the course of trade or business shall furnish the buyer with a sales slip, receipt, invoice or other writing, stating the date of the sale, the make or brand and model, the price charged, the nature and amount of any additional charges (which must be separately stated) and the name and address of the buyer. A copy of such sales slip, receipt, invoice, or other writing shall be kept by the seller, and the original shall be kept by any buyer in the course of trade or business, for inspection by the Office of Price Administration.

SEC. 9. *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 399 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 399 or any price schedule, regulation or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

[NOTE: Supplementary Order No. 7 (7 F.R. 5178) provides that war procurement agencies and governments whose defense is vital to the defense of the United States shall be relieved of liability, civil or criminal, imposed by price regulations issued by the Office of Price Administration.]

SEC. 10. *Petitions for amendment.* Persons seeking any change in this Maximum Price Regulation No. 399 or an exception not provided for in the regulation may file petitions for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,[6] issued by the Office of Price Administration.

[NOTE: Procedural Regulation No. 6 (7 F.R. 5087, 5665; 8 F.R. 6173, 6174) provides for the filing of applications for adjustment of maximum prices for commodities or services under Government contracts or subcontracts. Revised Supplementary Order No. 9 (8 F.R. 6175) makes the provisions of Procedural Regulation No. 6 applicable to all price regulations, excepting those which expressly prohibit such applications and certain specific regulations listed in Revised Supplementary Order No. 9.]

[NOTE: Supplementary Order No. 28 (7 F.R. 9619) provides for the filing of applications for adjustment or petitions for amendment based on a pending wage or salary increase requiring the approval of the National War Labor Board.]

SEC. 11. *Applicability of the General Maximum Price Regulation.* Except as provided in section 12, the provisions of this Maximum Price Regulation No. 399 supersede the provisions of the General Maximum Price Regulation, including the provisions of §§ 1499.13, 1499.14 and 1499.25 with respect to sales and deliveries for which maximum prices are established by this Maximum Price Regulation No. 399.

SEC. 12. *Licensing.* The provisions of Licensing Order No. 1,[7] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[Sec. 12 amended by Supplementary Order No. 72, 8 F.R. 13244, effective 10-1-43]

SEC. 13. *Geographical applicability.* This maximum price regulation applies only to the forty-eight states, and the District of Columbia.

TITLE 46—SHIPPING

Chapter III—War Shipping Administration

[Gen. Order 8, Rev. Supp. 10]

PART 302—CONTRACTS WITH VESSEL OWNERS AND RATES OF COMPENSATION RELATING THERETO

TIME CHARTER HIRE

Basis for the redetermination and readjustment of time charter hire under charter parties tendered by the War Shipping Administration to owners of American-flag vessels chartered or requisitioned for use pursuant to the provisions of section 902 of the Merchant Marine Act, 1936, as amended.

Supplement 10 to General Order 8 (§§ 302.91 to 302.98, inclusive) is revised to read:

Basis for the redetermination and readjustment of time charter hire under charter parties tendered by the War Shipping Administration to owners of American-flag vessels chartered or requisitioned for use pursuant to the provisions of section 902 of the Merchant Marine Act, 1936, as amended. Whereas:

1. The Administrator, War Shipping Administration, has chartered vessels on standard form of time Charter Agreement known as Warshiptime (Form 101) or Warshipoiltime (Form 102), and has requisitioned the use of other vessels for use on a time charter basis for which such forms shortly will be tendered.

2. The rates of time charter hire prescribed in the charters referred to above are subject to readjustment or redetermination as of December 1, 1943.

3. The Administrator desires by this supplement to fix rates of hire for the purpose of such redetermination and also for the purpose of establishing time charter hire on vessels referred to above as to which no charters have as yet been tendered.

Now, therefore, the Administrator hereby establishes and adopts the following revised rates of time charter hire in conformity with the rules of the Advisory Board on Just Compensation announced on December 7, 1943.

Sec.
302.91 Vessels included.
302.92 Basic rates.
302.93 Adjustments.
302.94 Excluded vessels.
302.95 Basic terms and conditions.
302.96 Operation of provisions of this supplement.
302.97 The Administrator may modify this supplement.
302.98 Effective date.

AUTHORITY: §§ 302.91 to 302.98, inclusive, issued under E.O. 9054, 7 F.R. 837.

§ 302.91 *Vessels included.* Time charter rates herein prescribed are applicable to all American-flag self-propelled ocean-going iron and steel dry cargo vessels, tankers and colliers chartered under terms and conditions of (a) charter parties tendered by the War Shipping Administration to owners of such vessels pursuant to the provisions of section 902 of the Merchant Marine Act, 1936, as amended, and (b) charter parties entered into between vessel owners and any other agency or department of the United States when such charters provide that the rates or conditions specified therein are subject to adjustment or alteration in accordance with orders, directions, rules or regulations of the United States Maritime Commission or the War Shipping Administration, except:

(1) Vessels with refrigerated capacity in excess of 50% total capacity.

(2) Combination passenger and freight vessels.

(3) Car ferries.

(4) Seatrains.

(5) Vessels of less than 8 knots of speed determined in accordance with the provisions of §§ 302.44 to 302.48, inclusive, of General Order 10, Supp. 2.

(6) Vessels of less than 1,000 tons deadweight.

(7) Other vessels excepted from this order by the Administrator from time to time.

§ 302.92 *Basic rates.* The rates of time charter hire for dry cargo vessels, tankers, and colliers shall be as provided in paragraphs (a), (b), and (c), respectively, of this section, subject to the adjustments provided in § 302.93.

(a) *Dry cargo vessels.* The time charter rate per deadweight ton per month for dry cargo vessels shall be:

Tonnage:	Rate per deadweight ton per month
22,000 and over	$3.00
22,000-22,999	3.05
21,000-21,999	3.10
20,000-20,999	3.15
19,000-19,999	3.20
18,000-18,999	3.25
17,000-17,999	3.30
16,000-16,999	3.35
15,000-15,999	3.40
14,000-14,999	3.45
13,000-13,999	3.55
12,000-12,999	3.65
11,000-11,999	3.75
10,000-10,999	3.85
9,000-9,999	4.00
8,000-8,999	4.10
7,000-7,999	4.35
6,000-6,999	4.65
5,000-5,999	5.00
4,000-4,999	5.40
3,999 and under	(1)

[1] Subject to special determination.

(b) *Tankers.* The time charter rate per deadweight ton per month for tankers shall be:

Tonnage:	Rate per deadweight ton per month
18,000 and over	$3.25
18,000-17,999	3.35
16,000-15,999	3.45
12,000-13,999	3.60
10,000-11,999	3.75
9,000-9,999	3.90
8,000-8,999	4.10
7,000-7,999	4.35
6,000-6,999	4.65
5,000-5,999	5.00
4,000-4,999	5.40
3,000-3,999	5.60
2,000-2,499	5.85
2,500-2,999	6.15
2,000-2,499	6.50
1,500-1,999	6.90
1,000-1,499	7.35

(c) *Colliers.* The time charter rate per deadweight ton per month for colliers shall be:

Tonnage:	Rate per deadweight ton per month
8,000 and over	$3.85
7,000-7,999	4.10
6,000-6,999	4.40
5,000-5,999	4.75
4,000-4,999	5.15
3,500-3,999	5.35
3,000-3,499	5.60
2,500-2,999	5.90
2,000-2,499	6.25
1,500-1,999	6.65
1,000-1,499	7.10

(d) The rates provided in paragraphs (a), (b), and (c) of this section include an allowance, which the Administrator has determined to be fair and reasonable, for administrative and general expenses not otherwise compensated for. This allowance is equivalent to the compensation of $65.00 per day per vessel paid to General Agents under General Order 34, and shall be taken into account for the purposes of applying the provisions of §§ 306.96 and 306.97 of General Order 34. This allowance for the month of December, 1943, shall also be taken into account for the purposes of applying the provisions of §§ 306.10 and 306.11 of General Order 12 in lieu of the allowance of $125.00 per day per vessel included in the rates previously prescribed.

§ 302.93 *Adjustments.* The rates provided in § 302.92 are subject to the following adjustments:

(a) *Adjustments for speed.* Adjustments for speed shall be made in accordance with the provisions of subparagraph (1) or (2) of this paragraph. The speed of a vessel shall be determined pursuant to §§ 302.44 and 302.48, inclusive, of General Order 10, Supp. 2. Speed added to the vessel at the cost of the United States shall be ignored for the purpose of this paragraph.

(1) *Allowances for speeds of 10½ knots or over.* With respect to vessels having a speed of 10½ knots or over, the amount shown in the following table shall be added to the rates of hire.

Speed		Additional hire per deadweight ton per month
Equal to or in excess of	But under	
10½	12 knots	$0.03
12 knots	13 knots	.05
13 knots	14 knots	.10
14 knots	15 knots	.15
15 knots	16 knots	.20

(2) *Deductions for speeds of less than 9 knots.* With respect to a vessel having a speed equal to or in excess of 8 knots but under 9 knots $.06 per deadweight ton per month shall be deducted from the rate of hire.

(b) *Adjustments for refrigerated capacity.* Where vessels have refrigerated space available for cargo in excess of 6,000 cu. ft., 2¢ per cubic foot per month will be added with respect to such excess refrigerated space, except to the extent that the cost of such space has been paid or subsidized by the United States.

(c) *Adjustments for age of vessels not built under construction - differential subsidy agreements.* Vessels constructed in the United States subsequent to 1928 and not built under construction-differential subsidy agreements pursuant to the Merchant Marine Act, 1936, as amended, shall receive an additional sum per dwt per month computed in accordance with the following schedule:

Year of construction:	Additional premium per dwt per month
1929	$0.05
1930	.10
1931	.15
1932	.20
1933	.25
1934	.30
1935	.35
1936	.40
1937	.45
1938	.50
1939	.55
1940	.60
1941 and subsequent years	.65

The date of delivery by the shipbuilder shall constitute the date of construction hereunder.

(d) *Adjustments for age of vessels built with construction-differential subsidy.* Vessels constructed pursuant to the Merchant Marine Act, 1936, as amended, with a construction-differential subsidy shall receive an additional sum per dwt per month as follows:

C-1 Class 10¢ per dwt per month.
C-2 Class 20¢ per dwt per month.
C-3 Class 30¢ per dwt per month.

Other subsidized vessels shall receive additional compensation to correspond with the foregoing amounts in accordance with the relation of the particular vessel's horsepower to that of the most comparable vessel of the three enumerated types. The adjustments provided in paragraph (c) of this section shall not apply to vessels covered by the adjustments provided in this paragraph (d).

(e) *Deadweight tonnage.* The rates provided in § 302.92 and adjustments provided in § 302.93, where appropriate, shall be calculated on the basis of deadweight determined in conformity with the provisions of the applicable charter party.

(f) *Adjustment for class.* The rates provided in § 302.92, as adjusted in accordance with the provisions of § 302.93, for vessels not classed A-1 American Bureau or equivalent shall be $0.25 per deadweight ton per month less in each instance than the appropriate rate applicable to a comparable vessel which is so classed.

(g) *Adjustments for speed and age with respect to a vessel built during or after 1935.* With respect to a vessel built during or after 1935, the aggregate of the combined allowances per deadweight ton per month for speed and age, provided in paragraph (a) (1) and paragraph (c) of this section, shall not be less than an amount equal to the monthly rate of bareboat charter hire applicable to the vessel as calculated in accordance with the provisions of General Order 37 (§§ 302.101 to 302.113, inclusive) less $1.00.

§ 302.94 *Excluded vessels.* Time charter rates for vessels excluded under the terms of this supplement shall be specially determined by the Administrator.

§ 302.95 *Basic terms and conditions.* The rates and adjustments provided in §§ 302.92 and 302.93 are based upon standard form of time charter agreement approved by the War Shipping Administrator and designated Warshiptime or Warshipoiltime, Forms 101 and 102, respectively, as amended by addenda made in conformity with the terms of the Administrator's notice of revised program of ship requisition, charter and operation dated November 24, 1943, and also the "Uniform Addendum to Time Charter Covering Adjustments of Certain Disputed Questions", General Order 11, Supplement 2, § 302.57. The rates also contemplate the full absorption by the Administrator of the costs of complying with Operating Regulations No. 64.

§ 302.96 *Operation of provisions of this supplement.* No provision of this

supplement shall apply so as to provide more aggregate charter hire for a vessel coming within a given tonnage subdivision than the minimum aggregate charter hire for a vessel substantially similar but coming within the next higher tonnage subdivision.

§ 302.97 *The Administrator may modify this supplement.* The Administrator reserves the right to exempt specific vessels from the scope of this supplement or to amend, modify, or terminate this supplement, but no such action shall apply to any charter tendered and executed prior to the date of any such action except where such action is in conformity with the provisions of the applicable charter.

§ 302.98 *Effective date.* Sections 302.91 to 302.97, inclusive, shall become effective as of December 1, 1943, except that in the case of a vessel as to which no charter has previously been tendered the effective date shall be as fixed by the Administrator, and, as of such effective dates, General Order 8 (Revised) and all previous supplements and amendments to such order shall be superseded insofar as rates of hire are determined in accordance with the provisions of this supplement.

[SEAL] E. S. LAND,
Administrator.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service

PART 91—ALASKA GAME REGULATIONS

GAME ANIMALS, FUR ANIMALS, GAME BIRDS, NONGAME BIRDS, AND GAME FISHES IN ALASKA

Pursuant to the authority and direction contained in section 9 of the Alaska Game Law of January 13, 1925 (43 Stat. 739), as amended July 1, 1943, 57 Stat. 301, I, Harold L. Ickes, Secretary of the Interior, upon consultation with and recommendation from the Alaska Game Commission, have determined when, to what extent, and by what means game animals, fur animals, game birds, nongame birds, and game fishes may be taken, possessed, transported, bought, or sold in Alaska, and in accordance with such determinations do hereby adopt the following, effective July 1, 1944, as suitable regulations permitting and governing the taking of game animals, fur animals, game birds, nongame birds, and game fishes in Alaska:

§ 91.1 *Definitions.* For the purpose of these regulations the following shall be construed, respectively, to mean:

(a) *Secretary.* The Secretary of the Interior.

(b) *Commission.* The Alaska Game Commission.

(c) *Director.* Director, Fish and Wildlife Service, Department of the Interior.

(d) *Territory.* Territory of Alaska.

(e) *Person.* The plural or the singular, as the case demands, including individuals, associations, partnerships, and corporations, unless the context otherwise requires.

(f) *Indians.* Natives of one-half or more Indian blood.

(g) *Eskimos.* Natives of one-half or more Eskimo blood.

(h) *Take.* Taking, pursuing, disturbing, hunting, capturing, trapping, or killing game animals, fur animals, game or nongame birds, or game fishes; attempting to take, pursue, disturb, hunt, capture, trap, or kill such animals, birds, or game fishes, or setting or using a net, trap, or other device for taking them, or collecting the nests or eggs of such birds, unless the context otherwise requires. Whenever the taking of animals, birds, or nests or eggs of birds, or game fishes is permitted, reference is had to taking by lawful means and in lawful manner.

(i) *Open season.* The time during which animals, birds, or game fishes may lawfully be taken. Each period of time prescribed as an open season shall be construed to include the first and last days thereof.

(j) *Closed season.* The time during which animals, birds, or game fishes may not be taken.

(k) *Transport.* Shipping, transporting, carrying, importing, exporting, or receiving or delivering for shipment, transportation, carriage, or export, unless the context otherwise requires.

(l) *Game animals.* Deer, moose, caribou, elk, mountain sheep, mountain goat, bison, muskox, and the large brown, grizzly, and black bears, which shall be known also as big game, and such other animals as the Secretary has or shall declare, as hereinafter provided, to be game animals, to be known also as big game if so designated in the declaration, including those that have been or may hereafter be transplanted, introduced, or reintroduced into the Territory, or any part thereof.

(m) *Fur animals.* Beaver, muskrat, marmot, racoon, pika, hare or rabbit, squirrel, fisher, fox, lynx, marten or sable, mink, weasel or ermine, sea otter, land otter, wolverine, coyote, wolf, and polar bear, and such other animals as have been or may hereafter be transplanted, introduced, or reintroduced into the Territory, or any part thereof, and found and declared by the Secretary to be fur animals: *Provided*, That whenever the Secretary shall find that in any section of Alaska any animal is predominantly taken as a game rather than as a fur animal, or is predominantly taken as a fur animal rather than as a game animal, he shall so declare and then and thereafter, so long as such declaration remains in effect, such animal in the specified section of Alaska shall be considered to be a game animal or a fur animal as the case may be, to the same extent as if it had been expressly included in the foregoing definitions of game and fur animals.

(n) *Game birds.* Anatidae, commonly known as waterfowl, including ducks, geese, brant, and swans; Haematopodidae, Charadriidae, Scolopacidae and Phalaropodidae, commonly known as shorebirds, including oyster-catchers, plover, sandpipers, snipe, curlew, and phalaropes; Gruidae, commonly known as cranes; and the several species of grouse and ptarmigan, and such other birds as have been or may hereafter be transplanted, introduced, or reintroduced into the Territory, or any part thereof, and found and declared by the Secretary to be game birds.

(o) *Nongame birds.* All wild birds except game birds.

(p) *Migratory birds.* Such game birds and nongame birds, as defined herein, as are protected also under the provisions of the Migratory Bird Treaty Act and regulations issued pursuant to said act.

(q) *Hunting.* The taking, as herein defined, of game animals, game birds, and nongame birds.

(r) *Trapping.* The taking, as herein defined, of fur animals.

(s) *Game fishes.* Rainbow, steelhead, cutthroat, eastern brook, and Dolly Varden trout, and grayling, and such other fishes as the Secretary may declare, from time to time, to be game fishes.

(t) *Resident.* A citizen or national of the United States who has resided in the Territory for a continuous period of twelve months immediately preceding his claim for resident hunting, trapping, fishing or other privileges under this act, or a person not a citizen or a national of the United States who has in good faith declared his intention to become a citizen of the United States, whose declaration of intention is in good standing, and who has resided in the Territory for a like period. (NOTE: Period of residence as pre-requisite to obtaining trapping license has been fixed at three years in accordance with provisions of section 3 of the Alaska Game Law.)

(u) *Nonresident.* A citizen or national of the United States who has not resided in the Territory for a continuous period of twelve months, or for the extended period of three years in the case of resident trapping licenses, immediately preceding his claim for hunting, trapping or other privileges under the Alaska Game Law. (NOTE: Period of residence as pre-requisite to obtaining trapping license has been fixed at three years in accordance with provisions of section 3 of the Alaska Game Law).

(v) *Alien.* Any person not a citizen or a national of the United States and who is not a resident or a nonresident of the Territory, as defined herein.

(w) *Fur districts.* The eight geographical divisions of Alaska described as follows:

Fur District 1. All of the southeastern Alaska from Dixon Entrance to Cape Fairweather and along longitude 138° to the international boundary.

Fur District 2. That part of southern Alaska draining to the Gulf of Alaska and Cook Inlet, beginning with the western boundary line of Fur District 1 and following longitude 138° from Cape Fairweather to the international boundary and along this boundary to Mount St. Elias; thence following the summit of the Chugach Range to the head of Miles Glacier; thence down the center line of said glacier to the center of the C. R. & N. W. Railway bridge across the Copper River at mile 49; thence up the center line of Childs Glacier to its summit; thence along the divide through Marshall Pass and Thompson Pass; thence along the divide to Tahneta Pass; thence along the divide separating the water of the Matanuska River from the Meichina River and the Talkeetna River from the Oshetna River; thence along the divide separating the waters of the Oshetna River from Kosina Creek to and across the Susitna River at a point 4 miles northwest of the mouth of Goose Creek; thence along the divide separating the waters flowing northwest into the Susitna River from those flowing southerly into the Susitna River; thence following said divide separating the waters flowing north into the Nenana River from those flowing southerly into the Susitna and Chulitna Rivers and across Broad Pass and the Alaska Railroad at mile 306; thence along the divide separating the waters flowing south into the Chulitna River from those flowing north into Cantwell Creek and the Nenana River to the summit of the Alaska Range; thence along said summit through Rainy Pass to Merrill Pass; thence along the summit of the Chigmit Mountains, separating the waters flowing easterly into Cook Inlet from those flowing westerly into the Kuskokwim River and Bristol Bay, to its intersection with the old portage from Kamishak Bay to Kakhonak Bay on Iliamna Lake; thence along said portage to Kamishak Bay.

Fur District 3. Consisting of the Aleutian Islands, Unimak Island, Amak Island, all the islands lying south of the Alaska Peninsula, the Kodiak-Afognak Islands group, the Barren Islands, Augustine Island, and the Alaska Peninsula from False Pass to the mouth of Reindeer Creek, thence following said creek and a line to the center of Aniakchak Crater, and including that part of said peninsula consisting of the drainage to the Pacific Ocean south of a line following the divide from the center of Aniakchak Crater to the old portage from Kamishak Bay to Kakhonak Bay; thence along said portage on the boundary of Fur District 2 to Kamishak Bay.

Fur District 4. All the drainage to Bristol Bay, bounded on the south by the northern boundary of Fur District 3, on the east by the western boundary of Fur District 2, and on the north by a line beginning at Cape Newenham and extending along the summit of the divide separating the waters flowing northerly into Kuskokwim Bay and Kuskokwim River from those flowing southerly into Bristol Bay, to its intersection with the western boundary of Fur District 2 at a point approximately 22 miles south of Merrill Pass.

Fur District 5. That part of western Alaska draining to Kuskokwim Bay, Bering Sea, Norton Sound, and Kotzebue Sound, bounded on the east by a line beginning at Cape Newenham and extending along the divide separating the waters flowing into Kuskokwim Bay and Kuskokwim River from those flowing into Bristol Bay and the Tikchik Lakes; thence along the divide separating the waters flowing into Tulasak River and Whitefish Lake from those flowing into the Aniak River and Swift Creek; thence to a point on the Kuskokwim River opposite the mouth of the first stream on the north bank above Chagamut; thence across the Kuskokwim River and following the center of said first north-bank stream above Chagamut to its head; thence along the divide separating the waters of Paimute Portage flowing into Big Lake from those flowing into the Yukon River; thence to a point on the Yukon River 15 miles below Paimiut Village; thence following down the south bank of the Yukon River to a point 5 miles below Dogfish Village; thence across the Yukon River to Mount Chiniklik; thence along the divide separating the waters flowing into the Stuyahok River from those flowing into the Kuyukutuk River; thence continuing along said divide separating the waters flowing easterly into the Yukon River from those flowing westerly into Norton Sound; thence continuing along said divide separating the waters flowing into the Koyukuk River from those flowing into Kotzebue Sound to the summit of the divide separating those flowing into the Colville River from those flowing into the Noatak River; thence westerly along the divide separating the waters flowing north into the Arctic Ocean from those flowing south into the Noatak and Kukpuk Rivers to the Coast of Cape Lisburne.

Fur District 6. All the watershed of the Tanana River, the upper Copper River, part of the lower Yukon River, and the upper Kuskokwim River, bounded on the east by the international boundary, on the south by the northern boundaries of Fur Districts 2 and 4, on the west by the eastern boundary of Fur District 5, and on the north by a line beginning at international Boundary Monument No. 146 and following the divide separating the waters of the north fork of the Ladue River from those of the Ladue River; thence along the divide separating the waters flowing northerly into the Yukon River from those flowing southerly into the Tanana River, through Far Mountain, Twelve Mile Summit, and Wickersham Dome; thence along the divide separating the waters flowing easterly into Beaver Creek from those flowing westerly into Hess Creek; thence along the divide separating the waters flowing southwesterly into Hess Creek from those flowing northerly into the Yukon River; thence along the divide separating the waters flowing southerly into the Kanuti River from those flowing southerly into the Yukon River; thence along the divide separating the waters flowing westerly into the Koyukuk River from those flowing southerly into the Melozitna River; thence along the divide separating those waters flowing into the Koyukuk River above the upper end of Treat Island from those entering below said point, to the Koyukuk River; thence across the Koyukuk River at the upper end of Treat Island and northwesterly along the divide separating the waters flowing easterly into the Hogatza River and Koyukuk River from those flowing southerly into the Koyukuk River, to the Cone Mountain; thence along the divide separating the waters flowing easterly into the Hogatza River from those flowing westerly into the Dakli River, to the intersection with the eastern boundary of Fur District 5.

Fur District 7. All the drainage to the upper Koyukuk and upper Yukon Rivers bounded on the east by the international boundary, on the north by the summit of the Brooks Range, on the west by the eastern boundary of Fur District 5, and on the south by the northern boundary of Fur District 6.

Fur District 8. The Arctic coast of Alaska, consisting of all the drainage to the Arctic Ocean north of the northern boundaries of Fur Districts 5 and 7.

§ 91.2 *Licenses of hunters, trappers, fishermen, and guides.* (a) No person shall take, possess, or transport game animals, fur animals, birds, or game fishes, or purchase or sell fur animals or parts thereof, or act as a guide in the Territory unless he is in possession of a valid license bearing his signature written in ink on the face thereof (if he is required by the Alaska Game Law or regulations of the Commission thereunder to have such a license), and he shall have his license on his person when taking such animals, birds, or game fishes, or when acting as a guide and shall produce it for inspection by any wildlife agent or other person requesting to see it.

(b) Each application for a license shall be made on the form prescribed by the Commission and if the application is made by mail it shall be accompanied by a bank draft or an express or postal money order payable to the Treasurer of the United States for the amount of the license fee.

(c) No license shall be required of native Indians and Eskimos, or of residents under the age of sixteen.

§ 91.3 *Taking animals, birds, and game fishes in emergencies.* An Indian or Eskimo, or an explorer, prospector, or traveler, may take animals, birds except migratory birds, or game fishes in any part of the Territory at any time for food when in need thereof and other sufficient food is not available, but he shall not transport or sell any animal, bird, game fish, or part thereof so taken, and an Indian or Eskimo also may take, possess, and transport, at any time, auks, auklets, guillemots, murres, and puffins and their eggs for food, and their skins for clothing for his own use and that of his immediate family.

§ 91.4 *Using game as food for dogs or fur animals or as crab bait.* No person is permitted to feed any mountain sheep (bighorn) or deer, or part thereof, to any dog, or to any fur animal held in captivity, and no person is permitted to feed any other game animal, protected bird, game fish, or part thereof, to a dog or to a fur animal held in captivity, except the waste parts, such as hides, viscera, and bones; and no person is permitted to use any part of any animal or protected bird for crab bait.

§ 91.5 *Recapture of escaped fur animals.* Operators of licensed fur farms from which fur animals escape from captivity may conduct operations for the recapture of such escaped animals through the use of legal trapping devices within a period of 30 days after the discovery of the escape. If such operations are conducted during the closed season on wild animals of the same species, such operator shall immediately notify the nearest wildlife agent in writing of the numbers and kinds of escaped animals, the kinds of devices being used in recapturing operations, and the locality where such operations are being conducted.

§ 91.6 *Duties of fur farmers and fur dealers.* Each fur farmer or fur dealer, including Indians, Eskimos, cooperative stores operated exclusively by and for native Indians and Eskimos, and stores operated by missions exclusively for native Indians or Eskimos, at all reasonable hours shall allow any member of the Commission, any wildlife agent, or any authorized employee of the United States Department of the Interior to enter and inspect the premises where operations are being carried on under the Alaska Game

Law and the regulations thereunder, and to inspect the books and records relating thereto. Each fur farmer shall submit annually a written report on a form furnished by the Commission stating the numbers and kinds of fur animals farmed, the numbers and kinds of live fur animals or skins or pelts thereof bought or sold, and the methods of fur farming employed. Each fur dealer shall keep records showing the number of each kind of furs purchased or procured, the persons from whom purchased and to whom they were sold, date of purchase or sale, name of trapper and his license number, and shall on or before 30 days after the expiration of his license make a written report to the Commission on a form prepared and furnished by it setting forth in full such data. The aforesaid stores shall also keep records of transactions and render reports similar to those required of fur dealers.

§ 91.7 *Transportation and possession.* Animals, birds (but not including migratory birds), and game fish, parts thereof, and articles manufactured therefrom, and the nests and eggs of such birds taken in accordance with these regulations may be possessed within the Territory at any time, by any person, and in any number and kind not limited by § 91.9 and may be transported within and exported out of the Territory by any person at any time, except as follows:

(a) No package containing such animals, birds, game fish, parts thereof, articles manufactured therefrom, eggs or nests, shall be possessed or transported unless it has clearly and conspicuously marked on the outside thereof the names and addresses of the consignor and consignee and an accurate and detailed statement of its contents.

(b) No person who is a fur farmer or fur dealer shall possess or transport the skin of any fur animal, or part thereof, unless at the time of such possession or transportation he is licensed to carry on such business.

(c) No skins of beavers or martens, whether taken within or without the Territory, shall be possessed or transported by any person until the same have been sealed with a seal prescribed by the Commission, except that persons taking beaver within the Territory may possess the unsealed skins thereof, during the open season therefor and for 30 days thereafter, and within the same period may transport the same unsealed for the purpose of having them sealed or tagged by a wildlife agent or other officer authorized by the Commission, and except that skins of marten legally taken within the Territory may be possessed and transported unsealed for the purpose of having them sealed or tagged by a wildlife agent or other officer authorized by the Commission at any time prior to October 31, 1944.

(d) No resident shall export from the Territory any game animal or game bird, except in accordance with the terms of a resident export, or export and return license or permit issued at the discretion of the Commission.

(e) No nonresident of the Territory, or alien, except one holding a valid hunting or trapping license shall transport out of the Territory any game animal, fur animal, or game bird, or part thereof, and such licensed nonresident or alien shall be permitted to export during the respective open season not exceeding two deer, not more than one of which shall have been taken west of longitude 138°, one moose, two caribou, two mountain goats, two in the aggregate of large brown and grizzly bears, not more than one of which shall have been taken on the Kodiak-Afognak Island group, three black bears, not more than two of which shall have been taken east of longitude 141°, or not to exceed singly or in the aggregate one day's limit of grouse or ptarmigan.

(f) No bald eagle, part, nest or egg thereof, may be exported to the United States or any of its Territories except under permit authorized by the act of June 8, 1940.

(g) No person shall possess, until dismembered for immediate consumption, any deer, moose or mountain sheep from the carcass of which the horns or external sex organs have been removed.

§ 91.8 *Sale of animals, birds and game fish.* Sales or purchases of the following designated products of animals and birds (but not including migratory birds), and game fish, but none other, may be made by any person, except fur farmers and fur dealers, without a permit or license, and by fur farmers and fur dealers holding valid fur dealers licenses.

(a) Sealed skins of beaver and marten and skins of other fur animals and black bears.

(b) Articles manufactured from the hides and hoofs of moose, caribou, deer, and mountain goat and from the skins of black bears.

(c) Shed antlers of deer, moose, and caribou.

(d) In Fur Districts 5 and 8, parka hood trimmings cut from hides of grizzly bears in strips not to exceed 4 inches in width.

(e) Meat of caribou taken in the Territory and meat of moose, grouse, and ptarmigan taken north of the Alaska Range and the Kuskokwim-Bristol Bay divide, to the owner or operator of a restaurant, roadhouse, or public or other eating house, but may not be resold except in cooked form under such permit as may be issued by and in the discretion of the Commission, and then not within 5 miles of the Alaska Railroad or of the Steese Highway from Fairbanks to and including Chatanike.

(f) Dolly Varden trout taken in salt water and in the lakes and streams west of Cook Inlet, but not including Nome and Snake Rivers on Seward Peninsula.

§ 91.9 *Open seasons, methods of taking, and limits on protected animals, birds, and game fishes.* The following animals, birds, and game fishes, but none other, may be taken in the open seasons, by the methods and means, in the areas, and in numbers not exceeding the respective daily, seasonal bag or possession limits prescribed herein, but not at any other time, by any other method, aid or means, nor in any other area or number.

(a) *Game animals*—(1) *Methods and means.* May be taken only with a shotgun (not larger than No. 10 gage and not capable of holding more than 3 shells), rifle, or pistol, but not from or by means of a motor vehicle, airplane, or any boat propelled by any means other than paddles, oars, or poles, or while such animals are swimming.

(2) *Open seasons and limits.* None of the game animals named below may be taken at any time in any National park, monument, or posted National forest area, nor in the Shoemaker Bay, Haines, Salchaket, Curry Game, Eyak Lake, Mitkof Island, Keystone Canyon, Big Delta, Mt. Hayes-Blair Lakes Refuge, and highway and railroad areas all described in §§ 91.10 and 91.11, nor in other areas specifically closed by this section.

(i) Deer, bucks (with horns not less than 3 inches above the top of the skull).

OFFICE OF DEFENSE TRANSPORTATION.

[Supp. Order ODT 3, Rev. 238]

COMMON CARRIERS

COORDINATED OPERATIONS BETWEEN CHICAGO, ILL., AND SIOUX CITY, IOWA

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof to facilitate compliance with the requirements and purposes of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660, 14582; 9 F.R. 2793, 3264, 3357), a copy of which plan is attached hereto as Appendix 2,[1] and

It appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered,* That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hereto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier subject hereto, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. Withdrawal of a carrier from participation in the plan for joint action hereby approved shall not be made without prior approval of the Office of Defense Transportation.

7. The provisions of this order shall be binding upon any successor in interest to any carrier named in this order. Upon a transfer of any operation involved in this order, the successor in interest and the other carriers named in this order forthwith shall notify, in writing, the Office of Defense Transportation of the transfer and, unless and until otherwise ordered, the successor in interest shall perform the functions of his predecessor in accordance with the provisions of this order.

8. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

9. Communications concerning this order should refer to it by the supplementary order number which appears in the caption hereof, and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington 25, D. C.

This order shall become effective May 20, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 16th day of May 1944.

J. M. JOHNSON,
Director,
Office of Defense Transportation.

order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hereto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier subject hereto, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carrier's possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. Withdrawal of a carrier from participation in the plan for joint action hereby approved shall not be made without prior approval of the Office of Defense Transportation.

7. The provisions of this order shall be binding upon any successor in interest to any carrier named in this order. Upon a transfer of any operation involved in this order, the successor in interest and the other carriers named in this order forthwith shall notify, in writing, the Office of Defense Transportation of the transfer and, unless and until otherwise ordered, the successor in interest shall perform the functions of his predecessor in accordance with the provisions of this order.

8. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

9. Communications concerning this order should refer to it by the supplementary order number which appears in the caption hereof, and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington 25, D. C.

This order shall become effective May 20, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 16th day of May 1944.

CERTAIN TAXICAB OPERATORS

COORDINATED OPERATIONS IN INTERNATIONAL FALLS, MINN., AREA

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof (hereinafter called "operators") pursuant to General Order ODT 20A (8 F.R. 9231), a copy of which plan is attached hereto as Appendix 2,[1] and it appearing that the operators propose, by the plan, to coordinate their taxicab operations within the area of International Falls, Minnesota, so as to assure maximum utilization of their facilities, services and equipment, and to conserve and providently utilize vital equipment, materials and supplies, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved, and the operators are directed to place the plan into operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the operators shall forthwith file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order.

3. The provisions of this order shall not be construed or applied as to permit any operator named herein to alter his legal liability to any passenger. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing operating authority of any operator named herein, such operator forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the operators possessing or obtaining the requisite operating authority.

4. All records of the operators pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination with inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

5. The plan for joint action hereby approved and all contractual arrangements made by the operators to effectuate the plan shall not continue in operation beyond the effective period of this order.

6. Any operator duly authorized or permitted to operate taxicabs within the area herein described, and having suitable equipment and facilities therefor, may make application in writing to the Division of Motor Transport, Office of Defense Transportation, Duluth, Minnesota, for authorization to participate in the plan. A copy of each such application shall be served upon each of the operators named in this order. Upon receiving authorization to participate in the plan, each such operator shall become subject to this order and shall thereupon be entitled and required to participate in the plan in accordance with all of the provisions and conditions of this order, in the same manner and degree as the operators named herein.

7. Communications concerning this order should refer to "Supplementary Order ODT 20A-114" and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Duluth, Minnesota.

8. This order shall become effective May 23, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 16th day of May 1944.

(b) On and after May 15, 1944, the ceiling price for a sale at wholesale or at retail of any of the garments enumerated in paragraph (a) of this order delivered directly to the seller by Appalachian Mills Company on or after May 15, 1944, shall be determined in accordance with Maximum Price Regulation 210 (Retail and Wholesale Prices for Fall and Winter Seasonal Commodities), but such ceiling price may be increased by an amount equal to the dollar-and-cents difference between the adjusted net ceiling price of Appalachian Mills Company, specified in paragraph (a) of this order and the former net ceiling price for the sale by Appalachian Mills Company to the particular seller. A retailer purchasing from a wholesaler shall establish his ceiling price for any of such garments in accordance with Maximum Price Regulation 210 but such ceiling price may be increased by an amount equal to the dollar-and-cents adjustment permitted by this order to his supplier.

(c) At the time of its first delivery to a seller at wholesale or at retail of any of the garments specified in paragraph (a) of this order, Appalachian Mills Company shall transmit to its customer a copy of this order together with a statement showing the amount of adjustment applicable to that customer for each of the garments specified in paragraph (a) of this order.

(d) Each seller at wholesale of any of the garments specified in paragraph (a) shall compute the amount of adjustment permitted to each of his customers on each garment by dividing his own adjustment per dozen by 12. He shall thereupon, at the time of each delivery of any of these garments to a customer selling at retail, transmit to that customer a notice, in the following form:

NOTICE

OPA has granted a ceiling price adjustment to Appalachian Mills Company on certain heavyweight men's and boys' underwear. OPA has also permitted wholesalers and retailers who deal in these garments manufactured by Appalachian Mills Company to adjust their ceiling prices under OPA Order No. 1 (issued under § 1389.302 (e) of MPR 221 and § 1372.101 (c) of MPR 210). You are permitted to increase your ceiling price fixed under MPR 210 for each of the garments, described below, by the amount opposite the description of the garment.

[Region II Order G-2 Under MPR 426]

LETTUCE IN NEW YORK REGION

Order No. G-2 under section 2 of Maximum Price Regulation No. 426.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration for Region II by section 2 of Maximum Price Regulation No. 426 this order is hereby issued.

SECTION 1. *What this order does.* This order establishes maximum markups for lettuce when sold in less than carlot or less than trucklot quantities except when sold for commercial processing and except when sold by retailers.

SEC. 2. *Where this order applies.* This order applies to the States of Delaware, Maryland, New Jersey, and New York, the Commonwealth of Pennsylvania, and the District of Columbia.

SEC. 3. *Relation to Maximum Price Regulation No. 426.* This order supersedes the provisions of Maximum Price Regulation No. 426 only to the extent that the markups or other provisions contained herein are different from or inconsistent with the markups or revisions of Maximum Price Regulation No. 426. In all other respects Maximum Price Regulation No. 426 shall continue to have full force and effect in the area covered by this order.

SEC. 4. *Definitions.* (a) When used in this regulation the term:

(1) *"Carlot receiver"* or *"trucklot receiver"* means a person who for his own account and profit buys lettuce in unbroken carlots or unbroken trucklots for resale in less than carlots or less than trucklots to persons other than ultimate consumers.

(2) *"Secondary jobber"* means a person other than a retailer who for his own account and profit purchase lettuce in less than carlots or less than trucklots and resells it in any quantities.

(3) *"Service wholesaler"* means a person who maintains a store or warehouse at which the particular goods being priced is received and stored or warehoused, who maintains at such store or warehouse facilities for cold storage, ripening, trimming, sorting, washing, repacking and other handling of lettuce and other fresh fruits and vegetables, who employs salesmen to call on the trade in the city or country points which he services, and who sells the particular goods being priced to retail stores, government procurement agencies or commercial or institutional users.

(4) *"Delivered"* means delivered free to the physical premises of the store or other business establishment of the purchaser and, in the case of retailers, delivered free to the individual retail store

(b) Unless the context otherwise requires, the definitions set forth in Maximum Price Regulation No. 426 (especially in Appendices A & B thereof) and in section 302 of the Emergency Price Control Act of 1942, as amended, shall apply to other terms used in this order.

SEC. 5. *Maximum markups for lettuce.* (a) The maximum markups which any person covered by this order may add to the carlot or trucklot price at any wholesale receiving point or in any market for the sale of lettuce in less than carlot or less than trucklot quantities shall be:

Type of sale	Maximum markups	
	Col. 1	Col. 2

FLUID MILK IN HOUSTON, MISS.

Order No. G-6 under § 1499.75 (a) (9) (i) of Supplementary Regulation No. 15 to the General Maximum Price Regulation. Adjustment of approved fluid milk prices in Houston, Mississippi.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration, Region IV, by § 1499.75 (a) (9) (i) of Supplementary Regulation No. 15 to the General Maximum Price Regulation, it is hereby ordered:

(a) *Adjustment of maximum prices for approved fluid milk in Houston, Mississippi.* On and after May 1, 1944, the maximum prices for approved fluid milk sold and delivered to any person within Houston, Mississippi, at wholesale or retail in glass containers of one quart or less shall be:

	Quarts	Pints	Half pints
	Cents	*Cents*	*Cents*
Wholesale	12	7	3½
Retail out-of-store	14	8	4½
Retail home-delivered	14	8	4½

One-third quart container sizes. The seller shall adjust his maximum wholesale price for one-third quart container sizes, as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation by an amount proportionate to the increase or decrease in his ceiling price for quart container sizes as a result of the foregoing listed maximum prices.

Retail sales of approved fluid milk by hotels, restaurants, soda fountains, cafes, bars, and other eating establishments for consumption on the premises. The seller may use his established maximum price under the General Maximum Price Regulation, or he can determine his adjusted maximum price by adding to the wholesale price paid by him, three cents per pint, two and one half cents per one-third quart, and two cents per half-pint.

Retail sales other than (A) out-of-store, (B) home deliveries, (C) retail sales by hotels, restaurants, soda fountains, cafes, bars and other eating establishments for consumption on the premises. The maximum prices for retail sales, other than out-of-store sales, home deliveries, and retail sales by hotels, restaurants, soda fountains, cafes, bars and other eating establishments for consumption on the premises, shall equal the listed wholesale prices subject to any applicable discounts or allowances.

(b) *Applicability of the General Maximum Price Regulation and other supplementary regulations and orders of the Office of Price Administration.* Except as otherwise provided herein, all transactions subject to this order remain subject to all the provisions of the General Maximum Price Regulation, together with all amendments, supplementary regulations and orders which have been heretofore or may hereafter be issued. Specifically, but not by way of limitation, unless the context of this order otherwise requires, the provisions of § 1499.73a (a) (1) (viii) (b), (c), (d), (e), (f) and (g) and § 1499.73a (a) (1) (x) (Supplementary Regulation No. 14A to the General Maximum Price Regulation as amended) shall be applicable and are made a part of this order. Unless the context otherwise requires, all terms used herein shall be construed in accordance with the provisions of § 1499.20 of the General Maximum Price Regulation, as amended.

(c) This order may be revoked, amended or corrected at any time.

FIREWOOD IN MONTANA

Revised Order No. G-13 under § 1499.18 (c) of the General Maximum Price Regulation, Amendment No. 1. Adjustment of wholesale and retail prices for firewood in certain localities in the State of Montana.

Pursuant to the Emergency Price Control Act of 1942, as amended, and § 1499.18 (c) of the General Maximum Price Regulation, and for the reasons set forth in the accompanying opinion, Revised General Order No. 13 under § 1499.18 (c) of the General Maximum Price Regulation is redesignated Revised Order No. G-13 under § 1499.18 (c) of the General Maximum Price Regulation, and this Amendment No. 1 thereto is issued.

1. Paragraphs (f) and (g) are redesignated (h) and (i), respectively, and two new paragraphs designated (f) and (g), respectively, are inserted, to read as follows:

(f) *Invoices and records.* Every person making a sale of firewood for which a maximum price is set by this revised order shall give the purchaser or his agent at the time of the sale an invoice or other memorandum of sale, which shall show:

(1) The date of sale.

(2) The name and address of the buyer and seller.

(3) The quantity of firewood sold.

(4) Description of firewood sold, in the same manner as it is described in this order. (This shall include the kind of wood, i. e., hard, soft, or mixed, and length of pieces of wood.)

(5) Place of sale. (If the price is dependent on place of delivery, then the place of delivery shall be stated.)

(6) The total price of the wood.

On the invoice or memorandum, a separate statement shall be made of any discounts and of each service rendered such as delivery, carrying and stacking, and the charge made for each such service. The seller shall keep an exact copy of such invoice or memorandum for a period of two years, and such copy shall be made available for inspection by the Office of Price Administration.

(g) *Bureau of the Budget approval.* The record-keeping provision of this Amendment No. 1 has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

2. *Effective date.* This amendment shall become effective on the 4th day of May 1944.

FRUIT AND VEGETABLE CRATES AND BOXES IN DENVER, COLO., AREA

Revised Order No. G-41 Under § 1499.18 (c) of the General Maximum Price Regulation. Adjustment of prices for fruit and vegetables crates and boxes sold by manufacturers in the Denver, Colorado, area.

Pursuant to the Emergency Price Control Act of 1942, as amended, and § 1499.18 (c) of the General Maximum Price Regulation, and for the reasons set forth in the accompanying opinion, Order No. G-41 under § 1499.18 (c) of the General Maximum Price Regulation, as amended by Amendments No. 1 and No. 2 thereto, is hereby redesignated Revised Order No. G-41, and made to read as follows:

(a) *What this Revised Order No. G-41 does.* This Revised Order No. G-41 revokes and supersedes Order No. G-41 issued June 16, 1943, and Amendments No. 1 and No. 2 thereto, and, as of the effective date hereof, establishes adjusted maximum prices for manufacturers and persons who purchase from a manufacturer for resale.

(b) *Maximum prices established for manufacturers.* From and after the effective date of this Revised Order No. G-41, the maximum prices to be charged by manufacturers of fruit and vegetable crates and boxes in the Denver, Colorado, area shall be $77.50 per thousand board feet of lumber used in the manufacture of such fruit and vegetable crates and boxes, apportioned to each crate or box; that is to say, the maximum price for each such crate or box or for any given number of such crates or boxes shall be the sum that bears the same ratio to the sum of $77.50 as the material consumed in the manufacture of such crate or box or any particular number of such crates or boxes bears to 1,000 board feet of lumber. *Provided, however,* That when a manufacturer actually performs any one or more of the assembly services or furnishes the extras specified in paragraph (g), Appendix A, hereof, he may add to his adjusted maximum price the amount set forth in said Appendix A.

(c) *Jobbers, wholesalers, and retailers not required to absorb increase.* Any manufacturer of fruit and vegetable crates and boxes who establishes his maximum prices therefor under this Revised Order No. G-41 and who sells to a person who purchases for resale, such as a jobber, wholesaler, or retailer, shall state on the invoice or other written memorandum of the transaction the exact amount in dollars and cents of the increase per unit or specified quantity by which his adjusted maximum price exceeds his maximum price as established under the General Maximum Price Regulation, and such purchaser may add to his maximum price as established under the General Maximum Price Regulation the amount of such certified increase in the manufacturer's price.

(d) *Definitions.* (1) "Fruit and vegetable crates and boxes" mean any assembled or unassembled crate or box, or similar container, made principally of wood in the form of lumber, plywood, shook, or veneer, and used for packaging perishable fruits and vegetables.

(2) "Denver, Colorado, area" means all of the area contained within the municipal boundaries of the City and County of Denver, Colorado, and a distance of ten miles beyond at all points.

(e) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules of regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(f) *Right to revoke or amend.* This revised order may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

FIREWOOD IN COLORADO

Order No. G-46 Under § 1499.18 (c) of the General Maximum Price Regulation, Amendment No. 2. Adjustment of maximum prices for firewood sold anywhere within the State of Colorado.

Pursuant to the Emergency Price Control Act of 1942, as amended, and § 1499.18 (c) of the General Maximum Price Regulation, and for the reasons set forth in the accompanying opinion, this Amendment No. 2 is issued.

1. Paragraph (e), "Effective date", is redesignated (g), and two new paragraphs (e) and (f) are inserted to read as follows:

(e) *Invoices and records.* Every person making a sale of firewood for which a maximum price is set by this order shall give the purchaser or his agent at the time of the sale an invoice or other memorandum of sale, which shall show:

(1) The date of sale.

(2) The name and address of the buyer and seller.

(3) The quantity of firewood sold.

(4) Description of firewood sold, in the same manner as it is described in this order. (This shall include the kind of wood, i. e., hard, soft, or mixed, and length of pieces of wood.)

(5) Place of sale. (If the price is dependent on place of delivery, then the place of delivery shall be started.)

(6) The total price of the wood.

On the invoice or memorandum, a separate statement shall be made of any discounts and of each service rendered such as delivery, carrying and stacking, and the charge made for each such service. The seller shall keep an exact copy of such invoice or memorandum for a period of two years, and such copy shall be made available for inspection by the Office of Price Administration.

(f) *Bureau of the Budget approval.* The record-keeping provision of this Amendment No. 2 has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

2. *Effective date.* This Amendment No. 2 shall become effective April 29, 1944.

[Region VIII Order G-12 Under MPR 165]

SPRINKLER TRUCKS IN SAN FRANCISCO REGION

Order No. G-12 under Maximum Price Regulation No. 165, as amended. Services. Maximum rentals for sprinkler trucks by certain persons in Region VIII.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1499.102 (d) of Maximum Price Regulation No. 165, as amended, and § 1499.3 (d) of the General Maximum Price Regulation, and General Order No. 32, *It is hereby ordered:*

(a) The maximum price for the rental of a sprinkler truck in Region VIII for any person who is unable to determine a maximum price pursuant to paragraphs (a), (b), or (c) of § 1499.102 of Maximum Price Regulation No. 165, as amended, or (in the case of a rental on a fully operated basis, of such a nature as to constitute an agreement to perform a sprinkling service) § 1499.2 of the General Maximum Price Regulation, shall be the following:

(1) *Gravity sprinkler trucks; fully operated basis.* (i) The maximum rental price for a gravity sprinkler truck rented on a fully operated basis shall be a price calculated on the basis of the hours of actual use of such truck multiplied by an hourly rate which is the sum of the applicable charge per hour set forth in the following schedule, plus 135% of the hourly wage for the operator of such truck at the Government or union rate prevailing on the particular job or if no such rates are applicable the prevailing rate on March 31, 1942 in the area of the job site. Rate or rates as used in this paragraph means the aforesaid items. Where the rental is on a fully operated basis, excepting only a driver, the maximum rental price shall be computed by multiplying the number of hours of actual use by the actual charge per hour set forth in the following schedule:

SCHEDULE Gallon capacity:	*Charge per hour (not including drivers' wages)*
800	$1.50
900	1.585
1,000	1.67
1,100	1.755
1,200	1.84
1,300	1.925
1,400	2.01
1,500	2.095
1,600	2.18
1,700	2.265
1,800	2.35
1,900	2.435
2,000	2.52
2,100	2.605
2,200	2.69
2,300	2.775
2,400	2.86
2,500	2.945
3,000	3.37
3,500	3.795
4,000	4.22
4,500	4.645
On all 3 axle, ten tire truck, with drive on two rear axles, add	.40

(ii) The maximum charge for any capacity above 800 gallons not listed in the above schedule shall be determined by adding to the charge in said schedule for 800 gallons, an amount arrived at on the basis of 8½¢ per 100 gallons for every gallon above 800 gallons.

(iii) In every instance, the foregoing maximum hourly rates shall apply irrespective of the time the gravity sprinkler truck is on the job except that where the lessor is required to pay his truck operator overtime wages on any job because of the overtime operation of the truck there may be added to the maximum rental the dollar amount, determined according to the applicable Government or union wage rates or if none is applicable, the wage rates in effect on March 31, 1942 in the area of the job site, of so much of the excess of overtime wages over straight time wages as is actually paid the operator because of overtime operation of the truck.

(iv) In every instance, rental for any gravity sprinkler truck rented on a fully operated basis shall be calculated in accordance with this paragraph as beginning not sooner than the time the truck arrives on the job ready for use and ending not later than the time the truck is finally released on the job for return to the lessor except that where the truck must be moved daily to and from the job, the lessor may charge the lessee an additional hour's rental at the applicable maximum rate for each day that the truck is moved to and from the job.

(2) *Gravity sprinkler trucks; bare basis.* (i) The maximum rental price for any gravity sprinkler truck on a bare basis shall be a price calculated on the basis of a monthly rate equal to 7% of the value (new) of such truck, plus 5% of the value (new) of the gravity sprinkler tank and system; the maximum rate per week shall not exceed ½ of the maximum rate per month; the maximum rate per day shall not exceed 1/12 of the maximum rate per month.

(ii) In every instance, rental of gravity sprinkler trucks leased on a bare basis shall be calculated as beginning at the time trucks are delivered into the possession of the lessee and as terminating at the time when trucks are delivered back into the possession of the lessor.

(3) *Special addition; trucks with pumps.* (i) To the maximum rental determined under paragraph (a) or (b) there may be added in the case of a sprinkler truck equipped with a pump, mounted on such truck, an amount equal to ⅛ of the daily rate specified for the particular pump in the table headed "Pumps" in § 1399.16 of Maximum Price Regulation No. 134, plus 70% of this amount in the case of a rental on a fully operated basis.

(4) The term "Region VIII" means the states of California, Washington, Nevada, Oregon, except Malheur County, and Arizona, except those portions of Coconino County and Mohave County lying north of the Colorado River; and the following Counties in the State of Idaho: Benewah, Bonner, Boundary, Clearwater, Kootenai, Latah, Lewis, Nez Perce, Shoshone, and Idaho.

(b) This order shall become effective immediately and shall apply to all sales and deliveries and offers to sell, whether heretofore or hereafter made of the above described rentals by the aforesaid persons. All maximum prices heretofore established for rental of sprinkler trucks by applicants pursuant to section 102 (d) of Maximum Price Regulation No. 165, as amended are hereby revoked and the maximum prices herein established shall apply to all rentals of sprinkler trucks, whether heretofore or hereafter made by said applicants, except to the extent that rentals heretofore made have been paid for at or below a maximum price heretofore established for the particular applicant.

(c) This order shall be subject to revocation or amendment at any time hereafter either by special order or by any price regulation issued hereafter or by any supplement or amendment hereafter issued as to any price regulation, the provisions of which may be contrary hereto.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

CONSENT ORDER

LeRoy A. Kohler, 1445 Wilson Avenue, Chambersburg, Pennsylvania, is charged by the War Production Board in a letter dated March 7, 1944, with having begun construction of four single houses on four lots owned by him, three of which are located on Wilson Avenue between Hudson and Ohio Streets, and one of which is located on Coldbrook Avenue between Nos. 320 and 334, in the City of Chambersburg, Pennsylvania, during August, 1943, without authorization of the War Production Board, in violation of Conservation Order L-41, the exceptions to which were not applicable. LeRoy A. Kohler admits that this construction was in violation of Conservation Order L-41 and does not desire to contest the issue of wilfulness, and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of LeRoy A. Kohler, the Regional Compliance Chief and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered,* That:

(a) Neither LeRoy A. Kohler, his successors or assigns, nor any other person, shall do any construction on the houses located on the four lots owned by him, three of which are located on Wilson Avenue between Hudson and Ohio Streets, and one of which is located on Coldbrook Avenue between Nos. 320 and 334, all in the City of Chambersburg, Pennsylvania, including putting up or altering any of the houses, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve LeRoy A. Kohler, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on May 15, 1944.

Issued this 8th day of May 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

1. Establishing, fixing, or maintaining discounts, terms, or conditions of sale for law books and related legal publications or adhering to or promising to adhere to the discounts, terms, or conditions of sale so fixed.

2. Maintaining or adhering to the selling price, terms, and conditions of sale of law books and related publications fixed and established by the respondent who publishes such books.

3. Holding or participating in any meeting, discussion, or exchange of information among themselves or under the auspices of the respondent American Association of Law Book Publishers or any other medium or agency concerning proposed or future discounts, terms, or conditions of sale or concerning bids and price quotations in advance of the submission of such bids or price quotations to purchasing officials of the Federal Government or to awarding authorities of other governmental units or subdivisions or to any buyer of law books and related legal publications.

4. Arriving at the amount of any bid or the discount, terms, or conditions of sale to be submitted to purchasing officials of the Federal Government, to awarding authorities of other governmental units or subdivisions, or to any buyer of law books and related legal publications through agreement, understanding, or collusion with other bidders.

5. Establishing, fixing, or maintaining the rates of allowances to be made, used, and applied on books and other publications received in trade, or fixing and maintaining the prices, terms, or conditions of sale governing the resale of such law books and related legal publications taken in trade.

6. Jointly or cooperatively inducing or promoting adherence to, or attempting to induce or promote adherence to, agreements and understandings relative to the sale and distribution of law books and related legal publications by interchange of correspondence, by personal contact with one another individual or in groups, or by policing the bids or sales transactions of respondent members through the respondent Association or otherwise.

7. Employing or utilizing any of the actual practices specifically prohibited herein as a means or instrumentality of otherwise restricting, restraining, or eliminating competition in the sale and distribution of law books and related legal publications.

8. Employing or utilizing American Association of Law Book Publishers or any other medium or central agency as an instrument, vehicle, or aid in performing or doing any of the acts and practices prohibited by this order.

It is further ordered, That nothing in this order is to be construed as prohibiting any of said corporate respondents from entering into such contracts or agreements relating to the maintenance of resale prices as are not prohibited by the provisions of an act entitled, "An Act to protect trade and commerce against unlawful restraints and monopolies," approved July 2, 1890 (the Sherman Act) as amended.

It is further ordered, That the complaint herein be, and it hereby is, dismissed as to George T. Bisel, an individual trading as George T. Bisel Company.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1042—IMPORTS OF STRATEGIC MATERIALS

[General Imports Order M-63, as Amended May 17, 1944]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain imported materials for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1042.1 *General Imports Order M-63*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether or not incorporated.

(2) "Owner" of any material means any person who has any property interest in such material except a person whose interest is held solely as security for the payment of money.

(3) "Consignee" means the person to whom a material is consigned at the time of importation.

(4) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States (including the Philippine Islands). It includes shipments into a free port, free zone, or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments in bond into the continental United States for transshipment to Canada, Mexico, or any other foreign country.

(5) "Place of initial storage" means any warehouse, yard ground storage, or other place, to which the person making the entry or withdrawal from custody of the United States Bureau of Customs of material imported subject to this order directs or has directed that such material be transported from the port of entry to be held until disposed of pursuant to this order.

(6) Material shall be deemed "in transit" if it is afloat, if an on board ocean bill of lading has actually been issued with respect to it, or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States.

(7) "Governing date" with respect to any material means the date when such material first became subject to General Imports Order M-63.

(b) *Restrictions on imports of materials*—(1) *General restriction.* No person, except as authorized in writing by the War Production Board shall purchase for import, receive, or offer to receive on consignment for import, or make any contract or other arrangement for the importing of, any material subject to this order after the governing date. The foregoing restrictions shall apply to the importation of any material subject to the order, regardless of the existence on the governing date or thereafter of any contract or other arrangement for the importation of such material. The materials subject to this order are those listed from time to time upon List I, List II, and List III attached hereto.

(2) *Authorization by War Production Board.* Any person desiring such authorization, whether owner, purchaser, seller, or consignee of the material to be imported, or agent of any of them, shall make application therefor in duplicate on Form WPB-1041 (formerly PD-222C) addressed to the War Production Board, Ref.: M-63, Washington 25, D. C. Unless otherwise expressly permitted, such authorization shall apply only to the particular material and shipment mentioned therein and to the persons and their agents concerned with such shipment; it shall not be assignable or transferable either in whole or in part.

(3) *Restrictions on financing of imports.* No bank or other person shall participate, by financing or otherwise, in any arrangement which such bank or person knows or has reason to know involves the importation after the governing date of any material subject to this order, unless such bank or person either has received a copy of the authorization issued by the War Production Board under the provisions of paragraph (b) (2) or is satisfied from known facts that the proposed transaction comes within the exceptions set forth in paragraph (b) (4).

(4) *Exceptions.* Unless otherwise directed by the War Production Board, the restrictions set forth in this paragraph (b) shall not apply:

(i) To the Foreign Economic Administration, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, or any agent acting for any such department, agency, or corporation; or

(ii) To any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, or to any material which the owner at the time of importation had purchased or otherwise acquired from any United States governmental department, agency, or corporation; or

(iii) To any material which on the governing date was in transit to a point within the continental United States.

(iv) [Deleted Mar. 30, 1944]

(v) To any material consigned as a gift or imported for personal use where the value of each consignment or shipment is less than $100.00; or to any material consigned or imported as a sample where the value of each consignment or shipment is less than $25.00; or to any used material in the category of household goods imported by the owner for his own personal use; or

(vi) To materials consigned as gifts for personal use by or to members of the Armed Services of the United States; or

(vii) To any material on List I or List II imported by any person under any contract or other arrangement made before, or in existence on the governing date and which, on December 28, 1942, was in transit to a point within the continental United States; or

(viii) To manufactured materials which are imported in bond solely for the purpose of having them repaired and then returned to the owner outside the continental United States; or

(ix) To materials which were grown, produced, or manufactured in the continental United States, and which were shipped outside the continental United States on consignment or pursuant to a contract of purchase, and which are now returned as rejected by the prospective purchaser; or

(x) To materials shipped into the United States in transit from one point in Mexico to another point in Mexico, or from one point in Canada to another point in Canada.

(c) *Restrictions on disposition of List I material.* Except as hereinafter specifically provided in paragraph (d) hereof:

(1) *Restrictions upon owners and consignees.* No owner or consignee of any material on List I which is imported after the governing date shall in any way, directly or indirectly:

(i) Dispose of any interest in such material;

(ii) Process or in any way change the physical condition of such material;

(iii) Transfer possession, or cause or permit a transfer of possession, of such material except to the port of entry and from the port of entry to the place of initial storage of such material; or

(iv) Change, or cause or permit a change of, the location of such material except to the port of entry and from the port of entry to the place of initial storage of such material.

Provided: That a consignee of such material may dispose of his interest in such material to the extent necessary to complete any commitment or contract made prior to the governing date. The person to whom he disposes of such interest shall be subject to all restrictions imposed upon owners by this order.

(2) *Restrictions upon banks and persons similarly situated.* No bank or other person which, as agent, pledgee, beneficiary under a trust receipt, or otherwise, has possession of or any interest in any written instrument evidencing any interest in any material on List I shall in any way, directly or indirectly, dispose of any such interest, or transfer possession, or cause or permit a transfer of possession, of such instrument, unless:

(i) Such material was imported before the governing date; or

(ii) Such person neither knows nor has reason to know that such material was imported after the governing date; or

(iii) Such disposition or transfer is necessary to permit a consignee to make a permissible disposition of material in accordance with subparagraph (1) of this paragraph (c); or

(iv) Such disposition or transfer is made to the owner of the material and such owner has complied with all the provisions of this order.

(d) *Permissible disposition of List I materials* — (1) *Transfer to governmental agency.* Nothing contained in this order shall prohibit an owner or consignee of any material on List I imported after the governing date, or a bank or other person having possession of, or an interest in, a written instrument evidencing an interest in such material, from disposing of, or making any arrangement to dispose of, any interest in such material to the Foreign Economic Administration, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation.

(2) *Authorization by War Production Board.* Notwithstanding the provisions of paragraph (c), an owner or consignee of material on List I imported after the governing date or a bank or other person having possession of or an interest in a written instrument evidencing an interest in such material, may process such material or may dispose of any interest in such material or any such written instrument, or transfer possession or change the location thereof, or cause or permit such a transfer of possession or change of location, upon written authorization by the War Production Board. Any such person may make application in duplicate for such an authorization on Form WPB-1039 (formerly PD-222A), which form shall be addressed to the War Production Board, Ref.: M-63, Washington 25, D. C.

(3) *Exceptions.* The restrictions set forth in paragraph (c) shall not apply to any material after any United States governmental department, agency, or corporation becomes the owner thereof, and shall not apply to any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, and shall not apply to any material purchased or otherwise acquired from any United States governmental department agency, or corporation.

(e) *Restrictions on disposition of List II or List III material.* Unless otherwise provided by the terms of the authorization issued pursuant to paragraph (b) (2), any material on List II or List III, which is imported in accordance with the provisions of this order after the governing date, may be sold, delivered, processed, consumed, purchased, or received without restriction under this order, but all such transactions shall be subject to all applicable provisions of the regulations of the War Production Board and to all orders and directions of the War Production Board which now or hereafter may be in effect with respect to such material.

(f) *Reports*—(1) *Reports on customs entry.* No material which is imported after the governing date, including materials imported by or for the account of the Foreign Economic Administration, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, shall be entered through the United States Bureau of Customs for any purpose, whether for consumption, for warehouse, in transit, in bond, for re-export, for appraisal, or otherwise, unless the person making the entry shall file with the entry Form WPB-1040 (formerly PD-222B) in duplicate. The filing of such form a second time shall not be required upon any subsequent entry of such material through the United States Bureau of Customs for any purpose; nor shall the filing of such form be required upon the withdrawal of any material from bonded custody of the United States Bureau of Customs, regardless of the date when such material was first transported into the continental United States. Both copies of such form shall be transmitted by the Collector of Customs to the War Production Board, Division of Stockpiling and Transportation, Ref.: M-63, Washington 25, D. C.

(2) *Other reports.* All persons having any interest in, or taking any action with respect to, any material imported after the governing date, whether as owner, agent, consignee, or otherwise, shall file such other reports as may be required from time to time by the War Production Board.

(g) *Routing of communications.* All communications concerning this order shall, unless otherwise herein directed, be addressed to: War Production Board, Washington 25, D. C., Ref.: M-63.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or who furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority assistance. In addition, the War Production Board may direct the disposition and use of any material which is imported without authorization as required by paragraph (b).

(i) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(j) *Effect on liability of removal of material from order.* The removal of any material from the order shall not be construed to affect in any way any liability for violation of the order which accrued or was incurred prior to the date of removal.

Issued this 17th day of May 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

No. 99——2

N. S. C.—No separate class or commodity number has been assigned for the material as described by the Department of Commerce, Statistical Classification of Imports.

INTERPRETATION 1

No authorization under paragraph (b) of the order is necessary for the release or withdrawal of materials on List II or List III from a free port, a free zone, or the bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States regardless of the date when such materials first entered such place. The actual importation, which is the subject of restriction under paragraph (b), is deemed to have occurred before the question of release or withdrawal arises. Also no authorization under paragraph (d) of the order is necessary for the subsequent disposition, processing, or shipment of such released or withdrawn List II and List III materials.

As to List I materials which are similarly situated, no authorization under paragraph (a) of the order is necessary for their release or withdrawal from free port, free zone, or bonded custody, but authorization under paragraph (d) of the order is necessary for their subsequent disposition, processing, or shipment unless they are shipped in bond to Canada, Mexico, or some other foreign country, in which event the foreign destination is deemed to be the place of initial storage as such term is used in the order; *Provided, however*, That List I materials which are imported in bond after July 2, 1942, can be shipped to Mexico, Canada, or some other foreign country without the express authorization required under paragraph (d) only if the import application filed under paragraph (b) stated that the material was being imported for the purpose of such export shipment. (Issued June 30, 1942, and amended Sept. 22, 1943.)

INTERPRETATION 2

The following official interpretation is hereby issued by the War Production Board with respect to the meaning of the term "in transit" as defined in paragraph (a) (5) of General Imports Order M-63 (§ 1042.1) as amended:

By amendment dated December 17, 1942, the definition of material "in transit" was changed by adding the following clause, "or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States." The question has been raised as to the meaning of the term as applied to a case where the material on the governing date had been delivered to and accepted by a rail, truck, or air carrier on a through bill of lading for transportation to a specified port and from thence by boat to a point within the continental United States.

The material in the stated case is not deemed to be in transit within the meaning of the term as used in the order. If the material is to be carried to the port of arrival in the continental United States by ship, the material must have been afloat, or an on board ocean bill of lading must have been issued with respect to it, on the governing date in order for it to be considered as having been in transit on such date.

Material which has been delivered to and accepted by a rail, truck, or air carrier on the governing date for transportation to a point within the continental United States is deemed to be in transit within the meaning of the term as used in the order only when the transportation specified in the bill of lading issued by such carrier calls for delivery of the material at the port of arrival in the continental United States by rail, truck, or air carrier, not by ship. (Issued March 8, 1943.)

INTERPRETATION 3

When by amendment of the order a material already on List II or List III is moved to List I and hence becomes subject to the restrictions of paragraph (c) covering the disposition, processing, transfer, or change of location of such material, the governing date for the application of such restrictions is the effective date of the amendment by which the material was moved to List I and not the date when such material first became subject to General Imports Order M-63. (Issued May 14, 1943.)

PART 1042—IMPORTS OF STRATEGIC MATERIALS

[Supplemental General Imports Order M-63-a, as Amended May 17, 1944]

Pursuant to General Imports Order M-63, as amended, which this order supplements, it is hereby ordered, that:

§ 1042.2 *Supplemental General Imports Order M-63-a.* Until further order of the War Production Board, the provisions of General Imports Order M-63, as amended June 2, 1942, and thereafter, shall not apply to materials on List III of said order which are located in, and are the growth, production, or manufacture of, and are transported into the continental United States overland, by air, or by inland waterway from, Canada, Mexico, Guatemala, or El Salvador, except with respect to materials listed on Schedule A attached hereto.

Issued this 17th day of May 1944.

PART 1167—LIQUEFIED PETROLEUM GAS EQUIPMENT

[Limitation Order L-86, Direction 1, as Amended May 17, 1944]

PLACEMENT OF ORDERS FOR LIQUEFIED PETROLEUM GAS TANKS WITH TANK MANUFACTURERS

The following direction is issued pursuant to Limitation Order L-86:

(a) *What this direction covers.* This direction establishes rules governing the placement of orders for liquefied petroleum gas tanks with tank manufacturers. This direction shall not apply to the placement of orders for portable compressed gas cylinders of the type commonly used for domestic or household installations.

(b) *Original approval or authorization must be given to manufacturers.* Before certain installations or deliveries of liquefied petroleum gas tanks can be made it is required by Order L-86 that approval be requested by an application on Form WPB-809 revised (formerly PD-397). If approval of any such application is granted on Form WPB-809 revised, Form GA-855, or other written authorization, the original authorization received from the War Production Board or the Petroleum Administration for War must be submitted to the manufacturer together with a purchase order certified in accordance with paragraph (e) of Order L-86. No tank manufacturer shall deliver and no person shall accept delivery of a tank unless the original authorization and a certified purchase order are both submitted to the tank manufacturer.

After a purchase order is accepted by the tank manufacturer, he shall endorse on the original authorization his name and the number of tanks to be delivered on the basis of the authorization which has been sent to him. He must then return the endorsed authorization to the purchaser who has ordered the tank(s).

(c) *Order must be placed with tank manufacturer within 60 days.* An approved Form WPB-809 revised, Form GA-855 or other authorization must be used to purchase liquefied petroleum gas tanks covered by it within 60 days of the date of approval. Unless the authorization is mailed by the applicant (purchaser) within that 60 day period, the approval shall be void and of no effect, and it will be necessary to reapply for the tanks covered by such application or other authorization.

(d) *Reports by manufacturers of liquefied petroleum gas tanks.* Each liquefied petroleum gas tank manufacturer shall on or before the 10th day of June, 1944 and on or before the 10th day of every month thereafter, file a report by letter in duplicate covering the preceding calendar month. This report shall consist of the following items of information covering all tanks subject to this direction and for which purchase orders were accepted during the month:

Persons to whom deliveries will be made under such purchase orders;
Number and description of tanks to be delivered to each person, and for each item the case numbers of corresponding authorizations submitted to manufacturer by purchaser.

This report should be addressed to the Petroleum Administration for War, Interior Building, Washington 25, D. C., Ref: L-86.

NOTE: The reporting requirements of this direction have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 17th day of May 1944.

PART 3293—CHEMICALS

[Limitation Order L-40, as Amended May 15, 1944]

VITAMIN A

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of Vitamin A for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.6 *General Limitation Order L-40*—(a) *Definitions.* For the purposes of this order:

(1) "Vitamin A" shall include vitamin A and its "pro-vitamins" such as carotenes and cryptoxanthin derived from plant, animal, fish or marine animal sources.

(2) [Revoked May 15, 1944]

(3) [Revoked May 15, 1944]

(b) *Restrictions on use of Vitamin A in pharmaceutical preparations.* No person shall manufacture any pharmaceutical preparation represented to contain more than 5,000 U. S. P. XII units of Vitamin A in the largest daily dosage recommended by the manufacturer or seller, except that nothing contained in this order shall prevent the manufacture or sale of pharmaceutical preparations represented to contain 25,000 or more U. S. P. XII units of Vitamin A in the smallest daily dosage recommended by the manufacturer or seller, or pharmaceutical preparations recognized in the U. S. P. or N. F.

(c) *Applicability of Allocation Order M-373.* In addition to the restrictions of this order, use and delivery of certain kinds of Vitamin A are subject to the provisions of WPB Allocation Order M-373 (§ 3293.601), as amended from time to time.

(d) *Applicability of War Food Order (WFO) No. 99.* The use of fish liver oils or other fish oils in feeds or as feeding oils is subject to the provisions of War Food Order (WFO) No 99, as amended from time to time.

(e) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable War Production Board regulations, as amended from time to time.

NOTE: Former paragraphs (f), (g), (h) and (i) redesignated (e), (f), (g) and (h) May 15, 1944.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(h) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Bureau, Washington 25, D. C. Ref: L-40.

Issued this 15th day of May 1944.

Chapter XI—Office of Price Administration

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 533-2]

LAKE STATES LOGS

In the judgment of the Price Administrator, the maximum prices established by this regulation are, and will be, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1312.103 *Maximum prices for Lake States logs.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 533-2—Lake States Logs, which is annexed hereto and made a part hereof is hereby issued.

AUTHORITY: § 1312.103, issued under 56 Stat. 23,765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

*Copies may be obtained from the Office of Price Administration.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* Logs produced in Minnesota, Wisconsin and Michigan.

(b) *Kind of logs.* All logs (including veneer) and tie cuts. All commercial species are included, whether specifically mentioned or not.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, Lake States logs at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in sections 14 through 17.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Items not listed.* The maximum prices on an item not listed is the "September–October 1942 price", as it was frozen by Maximum Price Regulation 348. If, for any reason, you cannot determine what the ceiling is, write to the Lumber Branch, Office of Price Administration, Washington, 25, D. C. for determination of the price.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must obtain enough specifications and details to show whether the price is proper or not. One billing may cover all logs delivered in a period of not over two weeks.

SEC. 5. *Prohibited practice*—(a) *In general.* Any practice which gets the effect of a higher-than ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual content of the logs.

(2) Increasing the price of logs by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the logs.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(4) Paying for logs on the basis of lumber (or other end product) prices, minus a charge for custom sawing or other services.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the logs.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating logs, if the amount is in any way related to the quantity of logs involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 8. *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *General scaling rules.* All logs will be scaled according to the Scribner Decimal "C" Log Rule. The diameter shall be measured at the small end of the log inside the bark at the average diameter. Fractions of one-half inch or less must be dropped and fractions over one-half inch may be raised to the next inch.

All unsound and unusable wood must be deducted by allowance in measurement. The defects for which full allowance must be made in measurement include hollows or large holes, rot, dote, windshake, large or excessive worm holes, splinter pulls and crooks.

Logs shall be cut into even lengths with the lowest acceptable length of 8 feet. All logs must be cut at least 4 inches over length to allow for trim.

SEC. 11. *General grading rules*—(a) *Hardwood grades*—(1) *Woods run grade (veneers in)* shall consist of the entire product of the forest that is better than

[1] 7 F.R. 5087, 5664; 8 F.R. 6173, 6174, 12024.
[2] 7 F.R. 8961; 8 F.R. 3313, 3563, 6173, 11806; 9 F.R. 1594, 3075.

a cull. The minimum diameter shall be 8".

(2) *Woods run grade (veneers out)* shall consist of the product of the forest, better than a cull, minimum diameter 8", from which veneer logs have been selected and removed.

(3) A cull shall be any log that does not have a net scale, after deductions have been made for defects, of at least 50 percent of the gross scale.

(4) *Veneer grade (or No. 1).* (i) All logs must be 12" and larger in diameter the small way of the small end, except that 11" surface clear logs will be accepted if 12' or longer in length. Standard lengths are 10, 12, 14, and 16'; occasional 6, 7, 8, and 9 foot logs will be accepted adding 4" to all logs 16" in diameter and over and 3" to logs under 16" in diameter for trimming. Yellow Birch and Hard Maple Veneer logs may be cut to the following specified lengths at the option of the purchaser: 5'6", 6'6", 7'6", 8'6" which includes trim. All logs must be reasonably straight grained, with spiraled grain ordinarily not exceeding one inch in 10 inches.

(ii) Knots, worm holes, shake, "cat faces", dead and dozy spots, seams, (except as specified herein) and so-called "birds pecks" brown spots, pin-holes and pin-knots shall be considered standard defects. Maple logs having more than ½ the diameter of the small end in black heart or heavy mineral stain must be excluded from this grade.

(iii) Logs 12 to 14 inches in diameter can have a 3 inch hole, doze, or shake in center; 15 to 16 inch logs can have, not to exceed a 5 inch hole, doze, or shake in center; and over 16 inch logs, a 6 inch hole, doze, or shake in center. However, logs with holes, doze or shake greater than the allowable size will be accepted if these defects will be reduced to the allowable size by deducting 2 feet of length in scaling.

(iv) Logs 15 inches and under in diameter must have no seams; Logs over 15 inches in diameter may have one straight tight seam not diverging more than 4 inches from a straight line from end to end, which shall be considered a defect.

(v) 10 foot logs must not have over one standard defect; 12 foot logs must have not over two standard defects; 14 and 16 foot logs must not have over three standard defects. Any number of defects so located that they can be cut out with one lineal foot deduction in scaling shall be considered as one defect. These logs must have at least one-half of their length in one clear cut.

(vi) 6 and 7 foot logs must be surface clear; 8 and 9 foot logs will permit one defect if not more than 10" from the end. These short logs, particularly small logs, should be practically straight and in no case should there be more sweep in logs 9' and shorter than ⅛ of the diameter of the small end of the log, when measured above the butt swell. The percentage of those short logs that will be acceptable should be agreed upon between the purchaser and the seller.

(vii) Any defect in butt logs which does not extend inside the diameter represented by the small end will not be considered a defect in grading the log. Folds, fluted bark on butts, or shallow scars are examples of such defects.

(viii) In scaling defective logs, scale off one foot in length for each defect, unless the defects are so located that in cutting out one foot, it eliminates two or more defects. In the event, count the two or more defects as one. Logs with crotch tops, kinks, or crooks, are to be cut out in scale to eliminate the defects. No deductions in scaling will be made for defects admitted in paragraphs (iii), (iv), (v) and (vi) (except in the specific instances of linear foot deductions mentioned in paragraphs (iii) and (v)).

(5) *No. 2 log grade.* (i) Lengths 8 feet or longer; diameters 10 inches or larger. 10" logs must be butt logs and surface clear for all species except basswood. Logs 10' long, 11" or larger, and including basswood 10" or larger, must have not less than two-thirds of each of three faces clear in not over two cuttings per face. Logs 12 feet or longer will admit not over three cuttings per face on each of 3 faces. Cuttings must be 3 feet or longer. The proportion of 8' logs allowed will be a matter of agreement between buyer and seller.

(ii) Logs 10"–15" with black heart, heavy mineral stain, or other end defects amounting to one-half or more of the average diameter on the small end, and logs 16" and over with black heart, heavy mineral stain, or other end defects amounting to 60% or more of the the average diameter on the small end, not be admitted in this grade.

(iii) Logs containing sweep or crook, or both, which cause a deduction of 30% or more from gross scale, or sweep in conjunction with end defect in excess of ¼ of the diameter on the small end that causes deduction in excess of 20% of the gross scale, shall be eliminated from this grade.

(iv) Any defect in butt logs which does not extend inside the diameter represented by the small end will not be considered a defect in grading the log. Folds, fluted bark on butts, or shallow cat faces are examples of such defects.

(v) No logs admitted with net scale less than 50% of gross scale.

(6) *No. 3 log grade.* Lengths 8' or longer; diameters 8" or larger, which do not qualify for No. 2 grade; logs below 10" must be surface clear and straight. The proportion of 8' logs allowed will be a matter of agreement between the buyer and seller. No logs admitted with net scale less than 50% of gross scale.

(b) *White pine log grades*—(1) *Prime grade.* (i) Logs must be 16" larger, 10' or longer, and with deduction for defect not over 30% of gross scale.

(ii) Logs must be at least 75% clear on each of the three faces.

(iii) All knots outside clear cutting must be sound and not over 2½" in size.

(2) *No. 1 grade.* (i) Logs must be 12" or larger, 10' or longer, and with a net scale after deduction for defect of at least 50% of the gross contents of the log.

(ii) Logs must be at least 50% clear on each of three faces or 75% clear on two faces.

(3) *No. 2 grade.* Logs must be 8" or larger, 8' or longer, and a net scale after deduction for defect of at least 50% of the gross contents of the log.

(c) *Norway and jack pine, spruce, white cedar, tamarack, hemlock, balsam and aspen log grades.* One grade will be recognized. Logs must be 8" and up in diameter, 8' and longer, and with a net scale after deduction for defect of at least 50% of the gross contents of the log.

SEC. 12. *Tie cuts; grade and scale.* Tie cuts shall be counted by the piece. Tie cuts or bolts must be sound, green timber, free from decay, split, shakes, holes, large or numerous knots or other imperfections which will impair strength or durability, and must be otherwise suitable for the manufacture of railroad ties. (Dead cedar and tamarack acceptable if otherwise suitable). Minimum diameter is 9" (7" in Zone 2) inside bark at the end and to be 8 or 8½' long as specified. A 2" trimming allowance is required on all cuts.

SEC. 13. *General provisions on delivery.* If the buyer takes delivery at any point short of the delivery point specified in the particular zone, the cost of bringing the logs to the specified delivery point must be deducted from the ceiling price.

SEC. 14. *Maximum prices; Zone 1: Wisconsin and Upper Michigan*—(a) *Area.* Logs produced in Wisconsin and the upper peninsula of Michigan.

(b) *Maximum prices.*

[1] For peeling Hemlock: add $2.00 per M'.

TABLE 4—8' TIE CUTS[1]

The following maximum prices for tie cuts apply to the Upper Peninsula of Michigan and to the State of Wisconsin with the exception of Vernon, Monroe, Sauk, Richland, Juneau, La Crosse, Clark, Jackson and Trempealeau Counties in the State of Wisconsin:

[Maximum prices per piece]

Top diameter inside bark	Species groups			
	White oak	Hard Maple, Red Oak, Ash, Birch, Beech, Cherry	Hemlock, Elm, Tamarack, Pine, Spruce	Aspen, Balm of Gilead, White Cedar
9"	$0.70	$0.60	$0.55	$0.50
10"	.90	.80	.67	.57
11" and up	1.05	.95	.83	.78

[1] For 8'6" tie cuts a maximum additio of $0.10 may be made to the above prices.

TABLE 5—8'6" TIE CUTS[1]

The following maximum prices for tie cuts apply to the Counties of Vernon, Monroe, Sauk, Richland, Juneau, La Crosse, Clark, Jackson, Trempealeau in the State of Wisconsin:

[Maximum prices per piece]

Top diameter, inside bark	Oak and Birch	Other species
Inches:		
8.5–15.9	$0.80	$0.76
16–18.9	1.78	1.52
19–20.9	2.67	2.28
21–22.9	3.56	3.04
23–24.9	4.45	3.80
25 and up	5.34	4.56

[1] The maximum prices for 8' tie cuts shall not exceed 90% of the above prices. For example, the maximum price of an 8' oak tie cut 17" diameter shall not exceed 1.78 x 90% = $1.60

(c) *Delivery provisions.* The maximum prices apply f. o. b. cars rail common carrier, or delivered to mill by truck.

If delivery of logs under Tables 1, 2 or 3 necessitates truck hauls in excess of 25 miles, the buyer and seller may join in submitting an application to the local District Office of the Office of Price Administration requesting permission to pay for the extra truck haul. These District Offices are as follows: For the upper Peninsula of Michigan, Escanaba, Michigan; for Wisconsin, Green Bay, Wisconsin. In no event will the trucking addition approved exceed 10 cents per thousand feet log scale for each load mile that logs are hauled beyond the original 25 miles.

SEC. 15. *Maximum prices; Zone 2: Northern Minnesota*—(a) *Area.* Logs produced in Minnesota: Counties of Aitkin, Becker, Beltrami, Benton, Carlton, Cass, Chisago, Clearwater, Cook, Crow Wing, Hubbard, Isanti, Itasca, Kanabec, Kittson, Koochiching, Lake, Lake of the Woods, Marshall, Morrison, Mille Lacs, Mahnomen, Otter Tail, Pine, Polk, Pennington, Red Lake, Roseau, St. Louis, Todd and Wadena.

(c) *Delivery provisions.* Prices are f. o. b. railroad cars at a rail siding, or delivered to the mill by truck. (Exception: for tie cuts in Table 7, prices are delivered to mill by truck only if mill is located at rail siding.)

SEC. 16. *Maximum prices; Zone 3: Southern Minnesota*—(a) *Area.* Logs produced in all counties of Minnesota south of and including the counties of Traverse, Grant, Douglas, Stearns, Sherborne, Anoka, and Washington.

(b) *Special grading rules.* In Zone 3, only, the following grade rule for veneer grade applies:

Veneer grade. All veneer logs must be at least 12" in diameter and must be straight and sound. Logs 8' in length must have no defects; logs 10' and 12' in length may have one standard defect as defined below; and logs 14' and over in length may have two defects as defined below.

Each of the following shall be considered as acceptable defects: A sound knot up to 4" in diameter, sound catface, burl, curl, bump, swell, seam, and a crook exceeding 2".

A well-centered rot or dote of 2" in logs 12" and 13" in diameter, 3" in logs 14" and 15" in diameter, 4" in logs 16" to 19" in diameter and 5" in logs 20" and over in diameter will be permitted without degrading the log or being counted as a defect; however, full deduction in scale must be made in measurement.

(c) *Maximum prices:*

Other species	35.00	24.00	19.00

(d) *Delivery provisions.* These prices are for logs f. o. b. cars or delivered to the mill by truck from within 25 miles. If logs are delivered to the mill by truck from a distance over 25 miles, the buyer may add 12½ cents per thousand feet log scale for every additional load mile or fraction thereof over 25 and up to 50 miles and 10 cents per thousand feet log scale for every load mile or fraction thereof over 50 miles.

SEC. 17. *Maximum prices; Zone 4: Lower Michigan*—(a) *Area.* Logs (except veneer logs covered by Revised Maximum Price Regulation 313—Veneer Logs) produced in all of Michigan except the upper peninsula.

(b) *Maximum prices.* Until specific prices are published, the maximum prices are either the September–October 1942 prices as they were frozen by Maximum Price Regulation 348; or, for applicants who have joined in an area price petition, the petition prices.

This regulation shall become effective May 15, 1944.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of May 1944.

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 533-3]

APPALACHIAN LOGS

In the judgment of the Price Administrator, the maximum prices established by this regulation are, and will be, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1312.104 *Maximum prices for Appalachian logs.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 533-3—Appalachian Logs, which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1312.104, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* The area covered by this regulation is the same as that covered in Maximum Price Regulation 146, Appalachian Hardwood Lumber.

The Appalachian Hardwood Region, as defined in Maximum Price Regulation No. 146, comprises:

The Counties of Garrett, Allegany, Washington and Frederick in the State of Maryland;

The Counties West of and not including the Counties of Fairfax, Prince William, Stafford, Culpeper, Orange, Louisa, Fluvanna, Buckingham, Appomattox, Campbell, Pittsylvania and Henry in the State of Virginia;

The Counties West of and not including the Counties of Stokes, Yadkin, Iredell, Catawba, Lincoln, and Gaston in the State of North Carolina;

The Counties of Greenville, Pickens, and Oconee in the State of South Carolina;

The Counties of Rabun, Habersham, White, Lumpkin, Union, Fannin and Towns in the State of Georgia;

The Counties East of and not including the Counties of Cumberland, Russell, Casey, Lincoln, Garrard, Madison, Clark, Montgomery, Bath, Fleming, Lewis, and Greenup in the State of Kentucky;

In the State of Tennessee all counties east of the west boundary of the Counties of Pickett, Fentress, Morgan, Roane, Rhea, and along the western boundary of Hamilton County to the intersection with the Nashville, Chattanooga, and St. Louis Railroad; thence easterly along said railroad through Chattanooga to the intersection of said railroad and the Georgia State Line; and

The entire State of West Virginia.

(b) *Kind of logs.* This regulation covers all commercial hardwood and softwood logs of all species, except high-grade veneer logs in Revised Maximum Price Regulation 313, Veneer Logs.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, Appalachian logs at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in section 9.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all logs delivered in a period of not over two weeks.

SEC. 4. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual content of the logs.

(2) Increasing the price of logs by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the logs.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(4) Paying for logs on the basis of end-product prices less a charge for custom sawing or other services.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the logs.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating logs, if the amount is in any way related to the quantity of logs involved.

SEC. 5. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 6. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 7. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 8. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended, may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 9. *Maximum prices.* The maximum price of Appalachian logs is the buyer's highest legal price on January 12, 1944.

This price is either:

(a) If the buyer did not have an exemption under an area pricing petition, under section 9 of Maximum Price Regulation 348, the September–October 1942 price as it was frozen by Maximum Price Regulation 348; or

(b) If the buyer had an exemption under an area pricing petition, the lower of the following:

(1) The buyer's actual prices in effect on January 12, 1944, as established by a contract, firm commitment, or offer to buy at stated prices (only if these prices were lower than the petition prices) or

(2) The price for which the buyer petitioned in his area pricing petition.

SEC. 10. *Specific price option.* In any case, buyers whether they are under paragraph (a) or (b) above, may pay up to the following woods run prices for logs purchased in accordance with the rules given below:

TABLE I—MAXIMUM PRICES

(Per M feet log scale)

Species:	Woods run

TABLE I—MAXIMUM PRICES—Continued

(Per M feet log scale)

Species—Continued.	Woods run
Butternut	$22.00
Yellow Pine	20.00
White Pine	25.00
Hemlock	22.00
Elm	25.00
Walnut[1]	30.00
Other Hardwoods	21.00
Chestnut	23.00

[1] If sold in conjunction with other species. Ceiling prices for Walnut, Ash, and Hickory when purchased on an individual selection basis will be set forth in other regulations.

(a) *Scaling rules.* All logs are to be scaled with the Doyle Log Rule. The diameter shall be measured at the small end of the log, inside the bark, and at the small end of the log, inside the bark, and at the average diameter. Fractions of an inch ½ and below shall be counted back to the next lower full inch, while fractions of an inch above ½ inch may be raised to the next higher inch.

All unsound and unusable wood must be eliminated from the scale by deduction in measurement. The defects for which full deduction must be made in measurement include hollows or large holes, rot, dote, windshake, large or excessive worm holes, damage in felling by drawn splinters, rotten and wormy sap, and crooks.

Logs are to be cut in lengths specified by the buyer. All logs 8' and longer must be cut 4" over length to allow for trim. Logs less than 8' must be cut 3" over length to allow for trim. Logs not cut sufficiently over length to allow for trim must be reduced in scale to the next lower standard length.

(b) *Grading rules.* Woodsrun Grade shall consist of hardwood and Cypress logs 10" and up in diameter, and Pine logs 8" and up in diameter, as produced from the forest, that are better than culls and from which no selection of large-sized or high-quality logs has been made. If any large-sized or high-quality logs have been removed from the run of logs, Table I may not be used.

A cull shall be considered any log whose net board foot scale, after deductions have been made for defects is less than 50 per cent of the gross board foot scale.

(c) *Delivery rules.* The above prices are for logs f. o. b. cars at rail sidings, f. o. b. barge at towable waters, or delivered to mill by truck from a distance of 25 miles or less. If logs are delivered to the mill from a distance over 25 miles, a sum not to exceed 10 cents per M feet may be added for every additional load mile.

If the buyer takes delivery of logs at any place other than f. o. b. cars at a rail siding, the buyer must deduct from his ceiling price either

(1) The cost of delivering logs to a rail siding and loading on cars, if delivery to mill is by rail;

(2) The cost of delivering logs to towable waters and loading on barges, if delivery to mill is by water;

(3) The cost of trucking logs to the mill, if delivery to mill is by truck.

SEC. 11. *Conditional exemptions.* Any buyer wishing to get an exemption from the January 12, 1944, price may file an application with the Lumber Branch, Office of Price Administration, Washington 25, D. C., containing the following information:

(a) Name and location of the buying plant.

(b) Actual prices paid on January 12, 1944, and prices you expect to pay (by species and by grade if so purchased).

(c) The area in which the buying price is to be used.

(d) The total volume of all species and all grades of logs purchased in m'bm log scale, and the total dollars paid for these logs, for the month preceding the month of application.

(e) A statement that the buyer recognizes the need for keeping log prices at a minimum and that the requested price is not a price which will be used to obtain a buying advantage over a competitive log buying plant.

(f) A statement by the buyer that he will furnish the Lumber Branch of the Office of Price Administration a report by the 25th of each month, containing the following information for the preceding month.

(1) The total footage, log scale, of purchased logs of hardwood species, and total dollars paid for these logs f. o. b. mill.

(2) The total footage, log scale, of purchased logs of softwood species, and total dollars paid for these logs f. o. b. mill.

(3) The total footage, log scale, of purchased logs of high grade veneer, and total dollars paid for these logs f. o. b. mill.

(4) The total footage, log scale, of high grade veneer logs sold during the same month, and total dollars received for these logs f. o. b. mill.

If in the judgment of the Administrator the application for exemption is reasonable (based upon prices paid and expected to be paid) and is made in good faith, approval will be given by letter or telegram addressed to the applicant at the place of business designated in the application. The exemption takes effect when approval is received by the buyer, and will continue in effect unless the buyer fails to make his monthly report, or unless the Lumber Branch finds that the prices paid by the buying plant are excessive for the area and tend to create a buying advantage for that particular plant over competitive buyers. If the exemption is removed, the buying plant's maximum price for logs reverts to levels established in sections 9 and 10 above.

This regulation shall become effective May 15, 1944.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of May 1944.

CHESTER BOWLES,
Administrator.

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 533-6]

FLORIDA LOGS

In the judgment of the Price Administrator, the maximum prices established by this regulation are, and will be, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1312.107 *Maximum prices for Florida logs.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 533-6—Florida Logs, which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1312.107, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* The State of Florida.

(b) *Kind of logs.* All logs and blocks, of all commercial hardwood and softwood species, except the high-grade veneer logs in RMPR 313, Veneer Logs.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, Florida logs at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in section 10.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Items not listed.* The maximum price on an item not listed is the "September–October 1942 price", as it was frozen by Maximum Price Regulation 348. If, for any reason, you cannot determine what the ceiling is, write to the Lumber Branch, Office of Price Ad-

*Copies may be obtained from the Office of Price Administration.

ministration, Washington, D. C., for determination of the price.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all logs delivered in a period of not over two weeks.

SEC. 5. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of concessions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual content of the logs.

(2) Increasing the price of logs by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the logs.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the logs.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating logs, if the amount is in any way related to the quantity of logs involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.[1])

(b) *Petition for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 8. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *Maximum prices.* The maximum prices for Florida logs are set forth below.

(a) *Scaling rules.* (1) Logs shall be scaled with the Doyle Rule, with the diameter measured at the small end of the log inside the bark at the smallest diameter.

(2) Logs between 24 and 30 feet in length are to be scaled as two logs, in that one-half of the log is to be measured at the small end, and the other one-half is to be calipered in the center of the whole log with one inch deducted for bark. On logs longer than 30 feet, the log shall be treated as containing a series of segments of not less than 12 feet each starting from the small end; each segment shall be calipered at the small end with deduction for bark as stated above.

(3) On diameter measurements, fractions of an inch ½ inch and below shall be counted back to the next lower diameter inch, while fractions of an inch above ½ inch shall be raised to the next higher inch.

(4) Logs are to be scaled in standard foot lengths, plus at least 4" overlength to allow for trim on logs 8 feet and longer and at least 2" overlength to allow for trim on lengths below 8 feet. If the trim allowance is not included in the length of the log, it shall be scaled at the next lower standard length.

(5) All unsound and unusable wood must be deducted by allowance in measurement. The defects for which full allowance must be made in measurement includes hollows or large holes, rot, dote, windshake, large or excessive worm holes, damage in felling by drawn splinters, and crook.

(b) *Grading rules*—(1) *No. 1 grade.* The grade specifications for the No. 1 grade are the minimum requirements for that grade. All logs better than the No. 1 grade definition are included in that grade. Minimum diameter 12 inches, minimum length 10 feet. Logs 12 to 15 inches in diameter must be clear of all visible defects.

Logs 16 to 23 inches in diameter must have at least 3 clear faces or have at least 75 percent of the length clear in one continuous section.

Logs 24 inches and over in diameter must have at least 2 clear faces or have at least 50 percent of the length clear in one continuous section.

NOTE: A rot or dote in the center of the log up to 4 inches in diameter is permitted for logs over 24 inches in diameter, up to 3 inches in diameter for logs over 16 inches to 23 inches, and up to 2 inches diameter for logs 12 inches to 15 inches, but full deduction for the defect must be made when scaling the log.

(2) *No. 2 grade.* Minimum diameter 8 inches. This grade shall include all sound logs above the specified diameter limits that are better than a cull and that do not grade as a No. 1 log.

(3) *A cull log* shall be considered any log whose net board foot scale, after deductions have been made for defects, is less than 50 percent of the gross board foot scale.

(4) *Woods run grade* shall consist of the entire product of the forest 8" and up in diameter exclusive of culls. This grade is to contain the full amount of good logs which the standing timber will produce, from which no large or high grade logs have been separated.

If any selection of high quality logs has been made, the purchase price shall be either on the individual grades sold, or the price for No. 2 grade.

(5) *No. 1 veneer blocks.* Minimum diameter 12 inches, minimum length to be specified by buyer.

Veneer blocks 12 inches to 15 inches in diameter must be sound and clear of all visible defects.

Veneer blocks 16 inches to 23 inches in diameter must be sound and can have not more than one sound knot 3 inches or less in diameter.

Veneer blocks over 24 inches in diameter must be sound and can have not more than 2 sound knots 3 inches and under in diameter.

(6) *Sawmill blocks.* To be measured on the basis of a cord of 123 cubic feet; minimum diameter 6 inches; minimum length of block 48 inches.

(c) *Delivery provisions.* The prices are f. o. b. cars at rail siding common carrier railroad, f. o. b. barge, raft or gunboat at towable waters, or delivered to the mill by truck.

(d) *Maximum prices.*

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* Eastern United States (east of 100th meridian).

(b) *Kind of logs.* All stave and heading bolts measured by the cord.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, stave and heading bolts at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in sections 10, 11, and 12.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Items not listed.* The maximum price on an item not listed or for stave and heading bolts produced in a part of the Eastern area not specifically mentioned in sections 10, 11, and 12 may be determined by applying to the Lumber Branch, Office of Price Administration, Washington 25, D. C. The application must contain the name and address of the buyer, the requested price, the end product to be manufactured, and a statement by the buyer that this requested price can be paid under the end product ceiling in effect on the date of application. The Lumber Branch may approve or deny this application by letter or telegram.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all stave and heading bolts delivered in a period of not over two weeks.

SEC. 5. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual content of the bolts.

(2) Increasing the price of stave and heading bolts by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the bolts.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the stave and heading bolts.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating logs, if the amount is in any way related to the quantity of logs involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 8. *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *Maximum prices for nail keg staves and heading bolts.* The maximum prices for nail keg staves and heading bolts are set forth below:

Specific coverage. Pine nail keg staves and heading bolts produced in Virginia, counties of Buckingham, Chesterfield, Prince George, Cumberland, Dinwiddie, Nottoway, Powhatan, and Amelia.

Scaling and grading. Unit of 180 cubic feet. Minimum diameter limits—4" for stave wood and 7" for heading wood. Logs with tight knots accepted for staves, but should not have more than 4 knotty places in one billet. Logs with red knots cannot be accepted for heading. All logs must be of top rate firmness. Very crooked logs not acceptable.

Delivery provisions. Prices for nail keg staves and heading bolts are f. o. b. rail cars at rail siding or delivered to the mill by truck. If the buyer takes delivery at some place other than on railroad cars or at his plant, the maximum prices must be reduced by either of the following, depending on delivery point.

(1) The cost per cord to the buyer of trucking bolts to the closest rail siding and loading on cars if delivery to mill is by rail;

(2) The cost to the buyer of trucking bolts to his plant, if delivery to mill is by truck.

cut into 32-inch lengths unless otherwise specified by the buyer.

The basis for measurement shall be the standard cord of 128 cubic feet. The maximum price of units of specifications different from the normal cord specification of 4' x 4' x 8' shall be computed by converting to cubic feet and adjusting the price accordingly.

The grade and species of log herein priced includes the entire normal woods run of short logs or bolts that are developed from the trees cut and from which no large sized or higher quality short logs have been removed.

Delivery provisions. Maximum prices for slack stave bolts are f. o. b. cars or delivered to the mill by truck. If the buyer takes delivery at some place other than on railroad cars or at his plant, the maximum prices must be reduced by either of the following, depending on delivery point.

(1) The cost per cord to the buyer of trucking bolts to the closest rail siding and loading on cars if delivery to mill is by rail;

(2) The cost to the buyer of trucking bolts to his plant, if delivery to mill is by truck.

MAXIMUM PRICES

$10.50 per cord of 128 cubic feet.

SEC. 12. *Maximum prices for tight stave and heading bolts.* The maximum prices for tight stave and heading bolts are set forth below:

General provisions, all zones—Scaling and grading rules. The basis for measurement shall be the standard cord of 128 cubic feet. The prices for units of different specifications than the standard cord specifications of 4' x 4' x 8' shall be determined as follows:

(a) Convert the unit to cubic feet.

(b) Determine the ratio which the unit bears to the cord of 128 cubic feet.

(c) Multiply the price for the standard cord of 128 cubic feet by the ratio so obtained.

Example: If the unit contains 180 cubic feet, the ratio is

$$\frac{180}{128} = 1.406$$

Grade specifications—(1) *Bourbon grade stave bolts.* Must be of white oak species; 38" in length; sound, straight-grained, free of all visible defects. Must be cut from timber large enough to split into 4 or more bolts so that each bolt will square 4 or more inches of red or heartwood. The 4 inch square is to be measured at the small end of the bolt.

(2) *Bourbon grade heading bolts.* Must be of white oak species, 28" in length, sound, straight-grained, free from all visible defects. Must be cut from timber large enough to split into 4 or more bolts so that each bolt will square 4½ or more inches of red or heartwood. The 4½ inch square is to be measured at the small end of the bolt.

(3) *Oil grade mixed oaks stave bolts.* Can include both red and white oak bolts that are sound, straight-grained, free of knots, catfaces and large worm holes, and must be cut from timber large enough to split into 3 or more bolts so that each bolt will square at least 4 inches of both heart and sapwood. The 4 inch square is to be measured at the small end of the bolt. The bolts are to be 38" in length.

(4) *Oil grade mixed oaks heading bolts.* Can include both red and white oak bolts that are sound, straight-grained, free of knots, catfaces and large worm holes, and must be cut from timber large enough to split into 3 or more bolts so that each bolt will square at least 4½ inches of both heart and sapwood. The 4½ inch square is to be measured at the small end of the bolt. The bolts are to be 23" in length.

(5) *#1 Grade block (or billet) (Zone 3 only).* The minimum diameter for the blocks shall be 12". The blocks shall be cut into lengths of 23" and 38" unless otherwise specifically ordered by the buyer. All blocks are to be sound, straight-grained, free of knots, catfaces and large worm holes, except that two small knots 1" or less in diameter will be permitted if the knots are in strict alignment.

(6) *#2 Grade blocks or bolts (Zone 3 only).* Any bolt or block not meeting the requirements of a #1 block or an oil bolt shall be considered as a #2 block or bolt. All bolts cut two pieces from one cut will be included in this grade.

Delivery provisions. These prices are f. o. b. cars or for bolts and blocks delivered to the mill by truck.

If the buyer takes delivery at a point other than on railroad cars or at his mill, the maximum prices must be reduced by either of the following, depending upon the delivery point:

(1) The cost per cord to the buyer of trucking bolts or blocks to the closest rail siding and loading on cars, if delivery to mill is by rail.

(2) The cost to the buyer of trucking bolts or blocks to his mill, if delivery to mill is by truck.

11. Maximum prices for insulation and felt cordwood.
12. Maximum prices for grain door bolts.
13. Maximum prices for snow fence bolts.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* Eastern United States (East of 100th Meridian). (Note on zone numbers; for convenience, the zone numbers used correspond to the numbers of the pulpwood regulation in which the area falls. Zones within pulpwood regulations are designated by Roman numerals. Thus, Pennsylvania is Zone 464–I.)

(b) *Kind of logs.* Insulation and felt cordwood, grain door bolts, snow fence bolts, and any bolts, cordwood or pulpwood not covered by a specific dollars and cents regulation.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, insulation and felt cordwood and related products at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in sections 11, 12 and 13.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

*Copies may be obtained from the Office of Price Administration.

SEC. 3. *Items not listed.* The maximum price for insulation and felt cordwood and related products produced in an area not listed may be determined by applying to the Lumber Branch, Office of Price Administration, Washington 25, D. C. The application must contain the name and address of the buyer, the requested price, the end product to be manufactured, and a statement by the buyer that this requested price can be paid under the end product ceiling in effect on the date of application. The Lumber Branch may approve or deny this application by letter or telegram.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all cordwood delivered in a period of not over two weeks.

SEC. 5. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual contents.

(2) Increasing the price of cordwood by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the cordwood.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the cordwood.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating cordwood, if the amount is in any way related to the quantity of logs involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

[1] 7 F.R. 5087, 5664; 8 F.R. 6173, 6174, 12024.
[2] 7 F.R. 8961; 8 F.R. 3313, 3583, 6173, 11806; 9 F.R. 1594, 3075.

SEC. 8. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1[3], licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *General provisions on delivery.* If the buyer takes delivery short of the delivery point specified, the cost to the buyer of bringing the wood to that delivery point must be deducted from the maximum price.

SEC. 11. *Maximum prices for insulation and felt cordwood*—(a) *Products covered.* The maximum prices for insulation and felt cordwood are set forth below. These prices apply also for pulpwood produced in those areas not covered by a specific dollars-and-cents regulation on pulpwood.

(b) *General specifications.* Insulation and felt cordwood shall be piled so that the cord volume can be accurately measured. All existing trade customs on allowance for culls, fire kills or defective wood of any kind must be observed.

All prices are per cord of 128 cu. ft., except as specified in Zone 257. If cordwood is bought on some other unit than that in the Table, the maximum price shall be adjusted according to the relative cubic content of the two units. (In Zone 257, use 133 cu. ft. cord as basis for conversion).

(c) *Dealers' commissions in certain zones*—(1) *Who may receive dealers' commission.* A "dealer" is a person who meets both the following tests:

Test (i). He sold and delivered at least 8,000 cords of cordwood (box bolts, veneer short logs, excelsior bolts, pulpwood, insulation bolts, etc.) to consumers in either the 1942–43 or the 1943–44 operating season (May 1 to April 30). (Test (i) applies only in Zone 257).

Test (ii). He does not cut or prepare cordwood, but buys it in the form in which it is to be sold.

(2) *Who may receive traders' commission.* A "trader" is a person in Zone 257 who meets test (ii) just above, but not test (i).

Also, a dealer when selling to a nonconsumer may receive a traders' commission.

(3) *Who may pay.* Only consumers may pay the dealers' commission. Any person may pay the traders' commission.

(4) *On which items.* Dealers' commissions may be added only in Zones 257, 387, 464 (I to VII) 361–II and 348–II. The traders' addition applies only in Zone 257.

(5) *Maximum amount of commission.* The amount varies with the zone. See individual zone provisions. The total commissions on any sale may never exceed the amount of one dealer's commission.

(6) *Conditions.* The commissions may be added only if all the following conditions are met:

(i) Settlement sheets must show the commission separately, and copies must be kept by buyer and seller;

(ii) The dealer or trader guarantees that the wood is of merchantable quality and that it is free of liens and encumbrances;

(iii) The settlement sheet must contain a statement that the dealer or trader had no part in the preparation of the wood.

(7) *Prohibited practices.* The following practices are prohibited:

(i) Paying or receiving a commission on wood cut or prepared by the dealer or trader;

(ii) Adding the commission on the cut of any other person, on an understanding that the other person will handle, on commission, wood cut by you;

(iii) Splitting commissions with anyone (exception: a dealer may pay a traders' commission out of his dealer's commission);

(8) *New dealers.* If you do not meet the definition of a dealer, but intend to engage in that kind of business, write to the Lumber Branch, Office of Price Administration, Washington 25, D. C. Permission may be granted or denied by letter or telegram. The addition may not be made until permission has actually been received.

(d) *Concentrators' additions in certain zones*—(1) *Who may receive concentrator's commission.* A concentrator is a person who sold and delivered at least 1,000 cords of cordwood, insulation bolts, to consumers in either the 1942–43 or the 1943–44 operating season (May 1 to April 30).

(2) *Who may pay.* Only consumers may pay the concentrator's commission.

(3) *On which items.* Commissions may be added only to the prices in Zones 361–II, IV and V.

(4) *Maximum amount of commission.* $1.00 per cord. Not more than one commission may be added.

(5) *Conditions.* The commission may be added only if the following conditions are observed:

(i) Settlement sheets must show the commission separately, and copies must be kept by buyer and seller;

(ii) The concentrator guarantees that the wood is of merchantable quality and that it is free of liens and encumbrances;

(iii) the commission may not be split with any one.

(6) *New concentrators.* If you do not meet the definition of a concentrator, but intend to engage in that kind of business, write to the Lumber Branch, Office of Price Administration, Washington 25, D. C. Permission may be granted or denied by letter or telegram. The addition may not be made until permission has actually been received.

(e) *Maximum prices; Zone 257*—(1) *Area of production.* Minnesota, Michigan and Wisconsin.

(2) *Delivery provisions.* These prices are f. o. b. rail cars, or f. a. s. at a lake

or stream. For delivery by truck to buyer's plant, $1.00 per cord may be added.

(3) *Maximum prices.*

TABLE 1—ZONE 257

[Per cord of 128–133 cubic feet]

Species	Rough	Peeled
Aspen (Poplar)	$9.00	$11.50
Jack Pine	11.50	
Norway and White Pine	11.50	
Balsam Fir	13.00	
Spruce	15.00	

(4) *Mixed shipments.* If a shipment contains a mixture of species, the maximum price per cord shall be ascertained by determining the number of cords of each species in the shipment and then applying the maximum price for each species.

(5) *Dealers' and traders' addition:*

(i) Dealers': $1.00 per cord.
(ii) Traders': $0.50 per cord.

(f) *Zone 387*—(1) *Area of production.* The States of Mississippi and Alabama and all parishes in the State of Louisiana east of the Mississippi River.

(2) *Maximum prices.*

TABLE 2—ZONE 387

Unpeeled pine:
$7.60 per cord f. o. b. cars.
$8.60 per cord f. o. b. barge.
Peeled pine: [1]
$9.35 per cord f. o. b. cars or barge.
Unpeeled hardwoods:
$8.10 per cord f. o. b. cars or barge.
Peeled hardwoods:
$10.80 per cord f. o. b. cars or barge.

(3) *Special provisions on delivery.* The price for wood delivered to the mill by truck is the same as the f. o. b. cars price, with these exceptions:

(i) For all wood produced in Lauderdale County, in the State of Mississippi delivered to a buying plant by truck, the buyer may add 60 cents per cord of 128 cubic feet to the f. o. b. cars price.

(ii) If any consuming plant purchasing insulation or felt cordwood is located in the same town as a plant consuming pulpwood delivered by truck, the maximum price for truck-delivered wood for the plant purchasing insulation or felt cordwood shall be the same as the truck-delivered price for the plant purchasing pulpwood.

(4) *Banking addition.* For storing at a shipping point at buyer's request, and reloading, at seller's expense, the following may be added:

(i) Rail wood—$0.80.
(ii) Barge wood—$1.00.

(5) *Dealers' addition.* Rail and truck wood only, $0.75.

(In this zone, if the dealer buys unpeeled wood and either peels or provides for peeling of the wood, he can still be classed as a dealer.)

(6) *Drying by dealer.* When wood is stored in a dealer's concentration yard for at least 60 days for drying purposes, an additional charge of 25 cents per cord of 128 cubic feet may be added.

(g) *Zone 464—II*—(1) *Area of production.* The entire State of Maryland, and the counties of Pendleton, Grant, Mineral, Hardy, Morgan, Hampshire, Berkeley and Jefferson in West Virginia.

(2) *Maximum prices.* $9.60 per cord f. o. b. rail cars or banked at a barge landing. When loading on barges by or at the expense of the seller, add $1.00 per cord. When delivered to the consuming mill by truck, add $2.40 per cord to the f. o. b. rail cars price.

(3) *Dealer's commission.* $0.80 per cord.

(h) *Zone 464—III*—(1) *Area of production.* West Virginia north of (but not including) the counties of Wayne, Lincoln, Boone, Raleigh, Fayette and Greenbrier, except the counties of Pendleton, Grant, Mineral, Hardy, Morgan, Hampshire, Berkeley and Jefferson.

(2) *Maximum prices.* $8.80 per cord f. o. b. rail cars. When delivered to the consuming mill by truck, add $2.40 per cord to f. o. b. rail cars price.

(3) *Dealer's commission.* $0.80 per cord.

(j) *Zone 464—IV*—(1) *Area of production.* In West Virginia, all counties south of and including the counties of Wayne, Lincoln, Boone, Raleigh, Fayette and Greenbrier.

(2) *Maximum prices.* $8.00 per cord f. o. b. rail cars or delivered to the mill by truck.

(3) *Dealer's commission.* $0.80 per cord.

(k) *Zone 464–V*—(1) *Area of production.* The entire State of Ohio. In the State of Kentucky, all counties north of and including the counties of Jefferson, Spencer, Anderson, Woodford, Jessamine, Fayette, Clark, Powell, Wolfe, Breathitt, Knott, Floyd and Martin.

(2) *Maximum prices.* $8.10 per cord f. o. b. cars. When delivered to the consuming mill by truck add $2.00 per cord to the f. o. b. cars price.

(3) *Dealer's commission.* $0.80 per cord.

(l) *Zone 464–VI*—(1) *Area of production.* The entire State of Indiana; the entire State of Missouri. In the State of Kentucky, all counties south of and including the counties of Bullitt, Nelson, Washington, Mercer, Garrard, Madison, Estill, Lee, Owsley, Perry, Letcher and Pike.

(2) *Maximum prices.*

TABLE 3—ZONE 464—VI

Species:	Per cord f.o.b. cars
Rough Pine	$7.60
Peeled Pine	10.80
Rough Hardwood	8.10
Peeled Hardwood	10.80

(3) *Banking addition.* For storing at a rail siding at buyer's request, and reloading, at seller's expense, an addition of 80 cents per cord may be made.

(4) *Truck delivery provision.* If wood is delivered to the mill by truck, the buyer and seller shall determine the total distance that wood has been hauled as well as the distance from the wood cutting operations to the nearest rail shipping point. The buyer may then add 5 cents per cord of 128 cubic feet for each load mile that the wood is hauled in excess of the distance to the nearest rail shipping point. (Thus, if wood is hauled 30 miles to a mill from a zone of operations which is 10 miles from a rail siding, the buyer may pay a trucking addition for the distance in excess of the distance to the rail siding or for 20 miles).

(5) *Dealer's addition.*

In Kentucky	$0.75
In Missouri and Indiana	1.00

(m) *Zone 464–VII*—(1) *Area of production.* The entire State of Illinois.

(2) *Maximum prices.* $8.50 per cord f. o. b. rail cars. When delivered to the consumers mill by truck, add $2.00 per cord to the f. o. b. cars price.

(3) *Dealer's addition.* $1.00 per cord.

(n) *Zone 348–I*—(1) *Area of production.* The entire State of New Jersey.

(2) *Maximum prices.* $10.00 per cord of 128 cubic feet f. o. b. rail cars at rail siding.

(3) *Truck delivered wood.* The maximum price for truck delivered wood shall be the price that was filed with the Lumber Branch, Office of Price Administration, Washington, D. C., under Maximum Price Regulation 348, Logs and Bolts, as the plant's highest contract price in March 1943. Any buying plant which has not filed its price must write to the Lumber Branch for approval of a price.

(o) *Zone 361–II*—(1) *Area of production.* In the State of New Hampshire, the counties of Sullivan, Merrimack, Cheshire, Hillsboro and Rockingham.

(2) *Maximum prices.*

$10.75 per cord at roadside available to trucks on year-around roads.
$13.25 per cord f. o. b. cars at rail siding.
$14.25 per cord delivered to mill by truck.

(3) *Concentrator's addition.* $1.00 per cord.

(p) *Zone 348–II*—(1) *Area of production.* The part of the State of Massachusetts and Connecticut east of the Connecticut River, and the entire State of Rhode Island.

(2) *Maximum prices.—Hardwoods and pine.* $12.25 per cord at roadside available to trucks on year-around road. For f. o. b. cars or delivered to mill by truck from within 10 miles, add $2.50 per cord. If delivered to mill by truck from a distance greater than 10 miles, add 6 cents per cord per load mile for next 15 miles (miles 11-25) and 5 cents per cord per load mile for each load mile thereafter.

(3) *Dealer's addition.* $0.50 per cord.

(q) *Zone 361–V*—(1) *Area of production.* In the State of New York, the counties of Chautauqua, Cattaraugus, Allegany, Steuben, Chemung, Tioga, Broome, Delaware, Sullivan, Orange, and Rockland.

[1] In Zones 361 IV and V, "Poplar wood" includes basswood (Tilia americana), butternut (Juglans cinerea), cucumber (Magnolia acuminata), yellow poplar (Liriodendron tulipifera) and any species of the genus Populus, sometimes referred to by the industry as the "soft wood group." "Northern hardwoods" means all other northern deciduous species.

(3) *Concentrator's addition.* $1.00 per cord.

(s) *Zone 464—I*—(1) *Area of production.* The entire State of Pennsylvania.

(2) *Maximum prices.*

All hardwoods:
Rough—$10.80 per cord f. o. b. cars.
Peeled—$14.00 per cord f. o. b. cars.

(3) *Truck delivery.* The maximum price per cord for wood delivered to consumer's mill, by or at the expense of the seller, shall not exceed $14.00 for peeled wood and $10.80 for rough wood, where the haul from the point of shipment to the consumer's mill by the shortest available highway route is 25 miles or less. For deliveries over distances greater than 25 miles by the shortest available highway route, prices shall be as follows:

Over 25 miles to 40 miles:	
Rough wood	$11.60
Peeled wood	14.80
Over 40 to 50 miles:	
Rough wood	12.40
Peeled wood	15.60
Over 50 miles to 60 miles:	
Rough wood	13.20
Peeled wood	16.40
Over 60 miles:	
Rough wood	14.00
Peeled wood	17.20

(4) *Dealer's addition.*

$0.80 per cord for rough wood.
$1.20 per cord for peeled wood.

SEC. 12. *Maximum prices for grain door bolts*—(a) *Specific coverage.* Pine grain door bolts produced in:

Texas. Counties of Gregg, Nacogdoches, Angelina, Tyler, Hardin, Rusk, Jefferson, Harrison, Panola, Shelby, San Augustine, Jasper, Orange, Sabine, Newton, Smith, Cherokee, Henderson, Anderson, Houston, Trinity, Polk, Freestone, Limestone, Robertson, Leon, Madison, Brazos, Grimes, Harris, Chambers, Walker, Montgomery, San Jacinto, and Liberty.

Louisiana. Parishes of Caddo, De Sota, Sabine, Vernon, Beauregard, Calcasieu, Natchitoches and Red River.

(b) *Scaling and grading rules.* A cord of 128 cubic feet will be the basic method of scaling. Logs shall be 7 feet in length; minimum diameter 7"; Maximum diameter 14".

(c) *Maximum prices.*

$8.35 per cord of 128 cubic feet, f. o. b. railroad cars or delivered to the mill by truck.

SEC. 13. *Maximum prices for snow fence bolts*—(a) *Specific coverage*—(1) *Area of production.* In the State of Texas, the counties of Harris, Liberty, Hardin, Polk, San Jacinto, Walker, Grimes and Montgomery.

(2) *Species.* Pine and hardwood bolts suitable for the manufacture of woven picket fences (including snow fences and corn-cribbing).

(b) *Scaling and grading rules.* All bolts are to be measured on the basis of a unit containing 133 cubic feet.

Bolts are to be cut into 4 or 5 foot lengths as specified by the buyer. Each bolt shall be cut 2 inches over length to allow for trim. Thus, the unit must actually contain 133 cubic feet.

Bolts must be straight and cut from live sound timber from the main bole of the tree. Bolts cut from the tops will not be accepted.

The minimum diameter acceptable is 6 inches.

(c) *Maximum prices.*

Pine—$8.70 per unit of 133 cubic feet.
Hardwood—$9.10 per unit of 133 cubic feet.
These prices are for pine and hardwood bolts delivered to the mill by truck or f. o. b. cars at shipping point.

This regulation shall become effective May 15, 1944.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of May 1944.

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 535-3]

EXCELSIOR WOOD

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.* Such specifications and standards as are used in this regulation were, prior to such use, in general use in the industry affected and were required by other Government agencies.

§ 1312.112 *Maximum prices for excelsior wood.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and by Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 535–3 (Excelsior Wood) which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1312.112, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

21. Zone 410.

SECTION 1. *Coverage.* The coverage of this regulation is as follows:

(a) *Geographical.* Eastern United States (East of 100th meridian). Note on zone numbers for convenience, the zone numbers used correspond to the numbers of the pulpwood regulations for the same area. However, the excelsior wood area is not always as extensive as the corresponding pulpwood area. Thus, Zone 410 here includes only Arkansas, without Texas and Louisiana. Where one pulpwood regulation has separate zones, these zones are indicated by a Roman numeral. Thus, Maine is Zone 361–I.)

(b) *Kind of logs.* Excelsior cordwood.

SEC. 2. *Over-ceiling prices prohibited*—(a) *General.* On and after May 15, 1944, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive, excelsior cordwood at prices higher than those in this regulation; and no person shall offer or attempt to do any of these things.

(b) *Prices.* The maximum prices are set forth in sections 14–21.

(c) *Lower prices.* Prices under ceiling may, of course, be charged and paid.

(d) *Terms.* The maximum price cannot be increased for the extension of credit. The maximum price does not have to be reduced where the buyer purchases on cash terms.

SEC. 3. *Items not listed.* The maximum price for excelsior wood produced in an area not listed may be determined by applying to the Lumber Branch, Of-

*Copies may be obtained from the Office of Price Administration.

fice of Price Administration, Washington 25, D. C. The application must contain the name and address of the buyer, the requested price, the end product to be manufactured, and a statement by the buyer that this requested price can be paid under the end product ceiling in effect on the date of application. The Lumber Branch may approve or deny this application by letter or telegram.

SEC. 4. *Billing and records.* You must make a two-copy billing covering every sale. Each buyer and seller must keep one copy as a record. It must contain enough specifications and details to show whether the price is proper or not. One billing may cover all wood delivered in a period of not over two weeks.

SEC. 5. *Prohibited practices*—(a) *In general.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling, or allowing a greater net scale footage than the actual contents.

(2) Increasing the price of wood by failing to make an effort in good faith to collect advances to loggers. An advance to a logger is to be considered part of the price of the wood.

(3) Adding to the maximum prices a charge for grading, scaling or inspection.

(c) *Purchases of stumpage and payments to loggers.* It is a violation of this regulation to sell or purchase stumpage and contract for the seller to cut the stumpage, if the total amount paid for the stumpage and the logging is higher than the ceiling for the wood.

(d) *Purchasing commissions.* Purchasing commissions cannot be added to the ceiling. By purchasing commission is meant any payment for buying, selling, or locating wood, if the amount is in any way related to the quantity of logs involved.

SEC. 6. *Adjustable pricing.* You may agree to sell at a price which can be increased to the ceiling at time of delivery, but not beyond.

SEC. 7. *Adjustments and petitions*—(a) *Government contracts.* (See Procedural Regulation No. 6.)[1]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.[2]

SEC. 8. *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

SEC. 9. *Licensing.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of applicable price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 10. *Dealers' and traders' commissions: Zones 257 and 437*—(a) *In which zones applicable.* Dealers' and traders' commissions apply only on wood produced in Zones 257 and 437.

(b) *Who may receive dealers' commission.* A "dealer" is a person who meets both the following tests:

Test (1): He sold and delivered at least the volume equivalent of 8,000 128 cu. ft. cords of cordwood (box bolts, veneer short logs, excelsior bolts, pulpwood, insulation bolts, etc.) to consumers in either the 1942–43 or the 1943–44 operating season (May 1 to April 30).

Test (2): He does not cut or prepare cordwood, but buys it in the form in which it is to be sold.

(c) *Who may receive traders' commission.* A "trader" is a person who meets test (2) just above, but not test (1).

Also, a dealer when selling to a nonconsumer may receive a traders' commission.

(d) *Who may pay.* Only consumers may pay the dealers' commission. Any person may pay the traders' commission.

(e) *Maximum amount of commission.* (See individual zone provision.)

(f) *Conditions.* The commissions may be added only if all the following conditions are met:

(1) Settlement sheets must show the commissions separately, and copies must be kept by buyer and seller;

(2) The dealer or trader guarantees that the wood is of merchantable quality and that it is free of liens and encumbrances;

(3) The settlement sheet must contain a statement that the dealer or trader had no part in the preparation of the wood.

(g) *Prohibited practices.* The following practices are prohibited:

(1) Paying or receiving a commission on wood cut or prepared by the dealer or trader;

(2) Adding the commission on the cut of any other person, on an understanding that the other person will handle, on commission, wood cut by you;

(3) Splitting commissions with anyone (exceptions: a dealer may pay a traders' commission out of his dealer's commission):

(h) *New dealers.* If you do not meet the definition of a dealer, but intend to engage in that kind of business, write to the Lumber Branch, Office of Price Administration, Washington 25, D. C. Permission may be granted or denied by letter or telegram. The addition may not be made until permission has actually been received.

SEC. 11. *Concentrator's addition: Zones 361—I to V*—(a) *In which zones applicable.* The concentrator's addition applies only on wood produced in Zones 361, I to V.

(b) *Who may receive concentrator's commission.* A "concentrator" is a person who sold and delivered at least 1,000 cords of cordwood (box bolts, veneer short logs, excelsior bolts, pulpwood, insulation bolts, etc.) to consumers in either the 1942–43 or the 1943–44 operating season (May 1 to April 30).

(c) *Who may pay.* Only consumers may pay the concentrator's commission.

(d) *Maximum amount of commission.* The total amount of commissions on any cord of 128 cubic feet may never exceed $1.00.

(e) *Conditions.* The commission may be added only if the following conditions are observed:

(1) Settlement sheets must show the commission separately, and copies must be kept by buyer and seller;

(2) The concentrator guarantees that the wood is of merchantable quality and that it is free of liens and encumbrances;

(3) The commission may not be split with anyone.

(f) *New concentrators.* If you do not meet the definition of a concentrator, but intend to engage in that kind of business, write to the Lumber Branch, Office of Price Administration, Washington 25, D. C. Permission may be granted or denied by letter or telegram. The addition may not be made until permission has actually been received.

SEC. 12. *General provision on delivery.* If delivery is taken short of the specified delivery point, the cost to the buyer of bringing it to that point must be deducted from the maximum price.

SEC. 13. *General quality requirement.* The prices established in this regulation are for sound wood of top quality. All trade practices and customs with respect to allowances for culls, for firekills, or for defective wood of any kind must be observed.

SEC. 14. *Zone 257*—(a) *Area of production.* Michigan, Wisconsin, and Minnesota.

(b) *Scaling and grading rules.* Units are 147 cubic feet. Bolts are to be cut in length of 55 inches and must be suitable for the manufacture of excelsior.

(c) *Maximum prices.*

(c) *Wood banked at siding.* If wood is banked at a rail siding at the buyer's request and is later loaded on the railway car at the seller's expense, 80 cents per cord may be added to the maximum price.

(d) *Delivery.* Prices are f. o. b. cars. If wood is delivered to the mill by truck, the buyer and seller shall determine the total distance that wood has been hauled as well as the distance from the wood cutting operations to the nearest rail shipping point. The buyer may then add 5 cents per cord of 128 cubic feet for each load mile that the wood is hauled in excess of the distance to the nearest rail shipping point. (Thus if wood is hauled 30 miles to a mill from a rail siding, the buyer may pay a trucking addition for the distance in excess of the distance to the rail siding or for 20 miles.

This regulation shall become effective May 15, 1944.

NOTE: All reporting and record keepings requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of May 1944.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[MPR 477,[1] Amdt. 4]

SALES OF RUBBER HEELS AND SOLES IN THE SHOE FACTORY AND HOME REPLACEMENT TRADES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 477 is amended in the following respects:

1. Section 9a (a) is amended to read as follows:

(a) *Maximum prices for sales of heels in the home replacement trade*—(1) *Maximum prices.* The maximum prices for all sales of rubber heels in the home replacement trade shall be the prices listed in Table I of Appendix B. These prices vary, depending upon whether the heel in question is classed as a "standard", a "competitive", or a "special competitive" grade heel, according to specifications set forth in Table II of Appendix B. The classification of a heel for pricing purposes is dependent upon the physical tests the heel can meet. Accordingly, in order to be sold at the maximum prices for any of the particular grades in Appendix B, the heel must meet the specifications set forth in Appendix B for that grade of heel.

(2) *Modification.* Every manufacturer, wholesaler, distributor, and jobber shall give each person purchasing heels for sale in the home replacement trade a written notification of the grade of heel sold according to the specifications set forth in Table II of Appendix B. In sales to wholesalers, distributors, and jobbers, the manufacturer shall also include the maximum wholesale and retail prices applicable thereto. In sales to retailers, this notification shall include the maximum retail price applicable

PART 1340—FUEL

[MPR 137,[1] Amdt. 3]

PETROLEUM PRODUCTS SOLD AT RETAIL ESTABLISHMENTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 137 is amended in the following respects:

1. Section 7 is amended by adding the following paragraph (j):

(j) "Grade." In establishing a maximum price for gasoline, grade means the three classifications of gasoline generally recognized for retail sales by the petroleum industry, namely, premium, regular and third grade. A gasoline, irrespective of the substances which are added to it, for purposes of determining a maximum price under this regulation, shall be regarded as either premium, regular, or third grade. Its classification shall depend upon its specifications as compared with the specifications generally recognized in the petroleum industry as a basis for regarding gasoline as premium, regular or third grade.

2. A new section 12 is added to read as follows:

SEC. 12. *Maximum prices to be established by application to OPA District Office.* A seller's maximum price for a petroleum product sold at a retail establishment which cannot be priced under the other provisions of this regulation shall be a price in line with the level of maximum prices established by this regulation and shall be determined in the following manner.

The seller or a person authorized by such seller shall, prior to making a sale, file with the District Office of the Office of Price Administration for the district in which his retail establishment is located, an application for approval of his proposed maximum price for the product. The application shall contain the following information:

(a) Explanation of the reasons why the product cannot be priced under the other provisions of this regulation.

(b) Method by which the proposed maximum price was calculated.

(c) Reasons why such proposed maximum price is believed to be in line with the level of maximum prices otherwise established by this regulation. For this purpose information shall be included showing:

(1) Maximum prices for similar products having the same end use and serviceability which are currently sold by the seller, together with a statement of the cost of each;

(2) Maximum prices for the same product, or similar products having the same end use and serviceability, which are sold by sellers of applicant's same class in the same or surrounding area.

The applicant shall also furnish such additional information as the Office of Price Administration may require.

Upon filing, the proposed price shall be the seller's maximum price until it is corrected or disapproved by the Office of Price Administration, or the seller is notified that action thereon has been deferred pending receipt of further information.

A maximum price established for a petroleum product in accordance with the provisions of the General Maximum Price Regulation may be continued as the maximum price under this regulation without being filed with the District Office provided a sale was made at such price prior to May 22, 1944. This price shall, however, be subject to disapproval or correction in the same manner as any maximum price filed under this provision.

The Price Administrator or any Regional Administrator, or any District Director so authorized by written order from his Regional Administrator, at any time by notice in writing may approve or disapprove or correct maximum prices filed, proposed or established under this section 12 so as to bring them into line with the level of maximum prices otherwise established by this regulation.

3. The second paragraph of section 1 is amended to read as follows:

This regulation applies in the forty-eight states of the United States, the District of Columbia, and the territories and possessions of the United States, except the Panama Canal Zone and the Territory of Alaska.

This amendment shall become effective May 22, 1944.

PART 1363—FEEDINGSTUFFS

[RPS 73, Amdt. 6]

FISH MEAL AND FISH SCRAPS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Price Schedule 73 is amended in the following respects:

1. Section 1363.9 (a) (7) is amended to read as follows:

(7) "Commercial distributor" is:

(i) A person who buys fish meal or fish scrap from any person and resells the same other than at retail; or

(ii) A person who buys fish scrap from the producer, grinds it into fish meal, and sells the fish meal other than at retail.

2. Section 1363.12 (g) (2) is amended to read as follows:

(2) *Atlantic and Gulf Coast fish meal and fish scrap.* For deliveries at any point, the maximum f. o. b. prices for sales of the same grade of fish meal or fish scrap for Atlantic and Gulf Coast production plants as determined under paragraphs (a) and (c) of this section, plus the transportation charges from the point of entry to the point of delivery at the lowest established rate for the mode of transportation employed.

3. Section 1363.12 (h) (1) is amended to read as follows:

(1) The maximum price of a commercial distributor on the sale of fish meal or fish scrap which he purchased from the producer, and on the sale of fish meal made from fish scrap which he purchased from the producer, shall be the maximum price which said producer may charge hereunder plus a markup not exceeding the markup (or weighted average of markups) which said commercial distributor used in January, 1942, on sales of like fish meal or fish scrap.

This amendment shall become effective May 22, 1944.

PART 1384—HARDWOOD LUMBER PRODUCTS

[MPR 454,[1] Amdt. 1]

AROMATIC RED CEDAR LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 454 is amended in the following respects:

1. Section 3 is amended in its entirety to read as follows:

SEC. 3. *Maximum f. o. b. mill prices.* The maximum prices for aromatic red cedar lumber, rough, f. o. b. mill, per one thousand feet [2] shall be as follows:

TABLE 1—SQUARE-EDGED LUMBER

Thickness (inches)	Widths (inches)	Lengths (feet)	No. 1 common and better	No. 2 common
¾	Standard	Standard	$66.00	$33.00

2	Standard	Standard	92.00	46.00

*Copies may be obtained from the Office of Price Administration.

[1] 8 F.R. 11482.

[2] "Feet" means board feet of lumber except that with reference to lumber in thicknesses of ⅝" and ¾" "feet" means surface feet.

TABLE 2.—FLITCH-SAWN LUMBER

Thickness (inches)	Width (inches)	Lengths (feet)	No. 1 common and better	No. 2 common
¾	Standard	Standard	$59.00	$29.50
¾	Standard	Standard	66.50	33.50
1	Standard	Standard	74.00	37.00
1¼	Standard	Standard	78.50	39.00
1½	Standard	Standard	78.50	39.00
2	Standard	Standard	83.00	41.50

Note on flitch-sawn lumber. Flitch-sawn lumber shall be graded according to the grading rules applying to aromatic red cedar lumber except that the grade requirements shall be based on the surface measure of the narrow face.

Measurement shall be made inside the bark at the middle of the piece on the narrow or sap-wood side.

2. In section 4, subparagraph (1) of paragraph (a) is deleted, and subparagraphs (2) and (3) are renumbered (1) and (2) respectively.

3. Section 6 is amended in its entirety, to read as follows:

SEC. 6. *Grades, specifications and extras not specifically priced.* (a) Aromatic red cedar lumber sold on special grades or specifications or with special services or other extras not specifically mentioned in this regulation is nevertheless subject to this regulation.

The maximum price is a price which bears the October 1941 relation to the most comparable standard item. The seller should find his price difference between the special item and this most comparable standard item in October 1941 or the first month below that in which he had sales of both items, or if this is impossible, the price differential he would have used. This difference is then added to or subtracted from the maximum price of the comparable standard grade as established in this regulation, and the result is the maximum price for the special grade. This price must be reported to the Office of Price Administration, Washington 25, D. C. It may be ordered reduced if it is found excessive. But if the price is not disapproved within 30 days of the receipt of the report, it is approved.

Applications for approval of maximum prices for special grades and items under this section will be considered only when accompanied by:

(1) A true copy of the order or of customer's inquiry on the basis of which the application has been submitted;

(2) A true copy of an invoice furnished by the purchaser or prospective purchaser covering a purchase made by him prior to October 15, 1941, of material on the special specifications named in the present order or inquiry.

(3) A statement by the purchaser or prospective purchaser setting out the reasons or necessity for the purchase of the material on such special specifications.

(b) A seller using this pricing section can make delivery of the lumber and collection of the price he has computed or requested; but he must inform the buyer that the price is subject to revision within the thirty-day period, and if the price is ordered reduced he must refund any excess over the final approved price.

This amendment shall become effective May 15, 1944.

PART 1425—LUMBER DISTRIBUTION

[MPR 467,[1] Amdt. 3]

DISTRIBUTION YARD SALES OF HARDWOOD LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 467 is amended in the following respects:

1. In section 2, paragraph (a) is amended by adding to the list of maximum price regulations: Maximum Price Regulation No. 513—Yellow Cypress Lumber, Table 1.

2. In section 3, paragraph (a) is amended to read as follows:

(a) *In general.* This regulation covers, under the term "distribution yard sale", all sales of hardwood lumber out of distribution yard stock, and which are not sales "for direct mill shipment" or in which shipment does not "originate at a mill", as these phrases are defined in the maximum price regulation governing the particular species involved.

3. In section 4 (c), Table 1, the heading of the column now reading, "Red and White Oak" is amended to read "Red and White Oak and No. 1 and No. 2 Mixed Hardwood Dimension".

4. In section 4 (c) a new column is added to Table 1 to read as follows:

5. In section 4 (c), Table 2—Estimated Average Weights of Hardwood Lumber, a new item is inserted immediately preceding "Oak" to read:

Mixed Hardwoods, No. 1 and No. 2 Dimension	4200

6. In section 5, Table 3—Additions for Special Widths and Lengths, is amended by inserting the following items in their proper order:

All 9" or 9" and wider	$12.00
All 11" or 11" and wider	20.00

7. In section 6, Table 4—Additions for Kiln-Drying, is amended by adding to Group 3

Mixed Hardwoods, No. 1 and No. 2 Dimension.

8. Section 7 is amended to read as follows:

SEC. 7. *Maximum prices f. o. b. yard, for lumber in special grades or sizes or with special services.* Any seller who makes a sale of an item covered by this regulation for which he cannot compute a price under the preceding sections must apply to the Lumber Branch, Office of Price Administration, Washington 25, D. C., for approval of a price.

The application for approval of a maximum price for a special grade, item or service under this section must contain: (a) a complete description of the item or service to be priced; (b) the seller's purchase price or replacement cost and requested selling price; (c) the seller's most comparable item or service; (d) the seller's maximum price for such comparable item or service; (e) the seller's price differential in March 1942 between the item for which price approval is requested and the seller's most comparable item; (f) on quantities of 1000 feet or more, a copy of customer's invoice or order must accompany the application for a price on a special grade.

Applications not containing all of the above information and enclosures will not be considered.

A seller using this pricing paragraph may make sales or deliveries at his requested price pending approval of a price. Any price not disapproved within 30 days of the receipt of the report is automatically approved. If a seller's requested price is reduced, he must refund any excess over the approved price.

This amendment shall become effective May 22, 1944.

PART 1425—LUMBER DISTRIBUTION

[2d Rev. MPR 215,[1] Amdt. 5]

DISTRIBUTION YARD SALES OF SOFTWOOD

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Second Revised Maximum Price Regulation 215 is amended in the following respects:

1. Section 3, paragraph (b), is amended by inserting "Yellow Cypress Lumber—MPR 513[2] (except Table 1)" following "Oak, Pecan and Miscellaneous Hardwood Flooring—MPR 458[3]" in the list of regulations.

2. In section 3, paragraph (b), the unlettered paragraph immediately following the list of regulations is amended to read as follows:

This regulation does not cover sales by distribution yards or purchases from distribution yards of plant stakes, car strips, pickets, battens, millwork or stock mouldings listed in the 1940–8000 Series List published by Shattock-McKay, Chicago, Illinois, except the items numbered 8643, 8660, 8665, 8394, 8397, 8424, 8695, 8721, 8722, 8840, 8855, 8444 and 8902, which are specifically covered by this regulation.

3. In section 7, paragraph (a) a new item (15) is added to read as follows:

(15) Yellow cypress lumber—MPR 513.

Alexandria, La.—Louisiana and Texas.
Mobile, Ala.—Alabama and Mississippi.
Macon, Ga.—Georgia and Florida.

Columbia, S. C.—South Carolina, North Carolina, Virginia, West Virginia, Maryland, Delaware, Pennsylvania, New Jersey, New York, Connecticut, Rhode Island, Massachusetts, New Hampshire, Vermont, Maine, and the District of Columbia.

Memphis, Tenn.—Tennessee, Kentucky, Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, Missouri, Arkansas, Oklahoma, Kansas, Nebraska, North Dakota, South Dakota, New Mexico, Colorado, Wyoming, Montana, Idaho, Nevada, Utah, Arizona, California, Washington and Oregon.

4. In section 6, paragraph (f), the first phrase is amended to read as follows:

(f) 10 percent of the sum of (a), (b), (c), (d), and (e) ------

5. In section 13, paragraph (a), the first sentence is amended to read as follows:

(a) The following additions per MBM may be made to the maximum price of the most economical size from which the desired size may be obtained when a distribution yard is required to perform the workings and the end product is a nonstandard size or an item larger than boards or dimension.

6. In section 16, paragraph (b) is amended to read as follows:

(b) *Sale out of distribution yard stock.* A sale out of distribution yard stock means a sale made by a distribution yard for shipment of lumber which was a regular part of its stock at the time the sale was made. However, sales of lumber acquired by a distribution yard from a mill under Orders L–218, L–290 or M–361 issued by the War Production Board or under release from the Canadian Controller of Timber, and requiring end use as a condition of release, may be construed to meet the requirements of the preceding sentence, provided the lumber is actually stored in the distribution yard before delivery.

This amendment shall become effective May 22, 1944.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 53,[1] Amdt. 20]

FATS AND OILS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 53 is amended in the following respects:

1. Section 11.2 is amended by adding to the table contained in said section the following:

Hydrogenated lard—	
1¼ cents per pound over base or standard commercial refined lard.	

2. A new section 11.9 (q) is added to read as follows:

(q) *Hydrogenated lard.* (1) "Hydrogenated lard" means lard, all of which has been hydrogenated to some extent, to which no anti-oxidant or preservative has been added, and which conforms at least to the following specifications:

Stability: Not less than 30 hours as determined by the active oxygen method.
Smoke point: Not less than 420° F.
Moisture: Not to exceed 0.01 percent.
Plasticity: Shall remain solid and be plastic and workable at 65–95° F.
F. F. A.: Not over 0.05 percent.
Taste and odor: Bland.
Suspended matter: Shall be free from appreciable amounts of suspended matter.

(2) The fact that for the purposes of, or under the regulations or rulings of any other Government agency, lard, all of which is hydrogenated to some extent, may not be described or labelled as lard, shall not prevent its being deemed to be lard within the meaning of that word as used in this Article XI. Such lard, all of which is hydrogenated to some extent, shall be deemed to be lard within the meaning of that word as it is used in this Article XI, and shall be priced as lard.

This amendment shall become effective May 22, 1944.

TITLE 46—SHIPPING

Chapter III—War Shipping Administration

[G. O. 44]

PART 304—LABOR

SUBSTANTIALLY CONTINUOUS SERVICE OF SEAMEN

The following rules and regulations are prescribed by the Administrator, War Shipping Administration, as necessary or appropriate to carry out the provisions of Public Law 87, 78th Congress, approved June 23, 1943 (57 Stat. 162):

Sec.
304.75 Definitions.
304.76 Substantially continuous service.
304.77 Completion of period.
304.78 Issuance of certificate.
304.79 Applications for certificates.
304.80 Date of application.

AUTHORITY: §§ 304.75 to 304.80, inclusive, issued under 57 Stat. 162.

§ 304.75 *Definitions.* As used herein:

(a) "Administrator" means the Administrator of the War Shipping Administration.

(b) "Recruitment and Manning Organization" means the Recruitment and Manning Organization of the War Shipping Administration.

(c) "Training Organization" means the Training Organization of the War Shipping Administration.

(d) "Vessel" means any vessel documented under the laws of the United States, and any vessel owned by, chartered to, or operated by or for the account or use of the Administrator.

(e) "Seaman" means any person who has entered service in the merchant marine after May 1, 1940, and before the termination of the unlimited national emergency declared by the President on May 27, 1941.

(f) "Service in the merchant marine" means any service:

(1) As an officer or member of the crew on or in connection with a vessel; or

(2) As an enrollee in the United States Maritime Service on active duty, as heretofore defined by the rules and regulations of the Administrator; or

(3) As an enrollee or student in any school or institution, including the United States Merchant Marine Cadet Corps and any State Maritime Academy, under the jurisdiction or supervision of the Administrator; or

(4) As a person awaiting assignment for service, as defined above, to the extent that such period is established to the satisfaction of the Recruitment and Manning Organization or the Training Organization, as the case may be; or

(5) In any combination of the foregoing.

§ 304.76 *Substantially continuous service.* The service of any seaman in the merchant marine shall be deemed to have been "substantially continuous" if such seaman continues in such service 75 per cent or more of the time elapsing between the date upon which he entered such service and the completion of his period of substantially continuous service as defined in § 304.77; *Provided,* That any such seaman shall be credited with service in the merchant marine: (a) for any time during which he may be disabled for active employment in such service as the result of illness or injury not caused by his own wilful misconduct; (b) for any time required for his repatriation following his separation from the vessel for any cause not due to his own neglect or wilful misconduct (not including time consumed in delay resulting from his refusal to be repatriated); (c) for any period of service aboard a public vessel; and (d) for the period between the submission of his application for a certificate under these rules and regulations and the issuance of such certificate.

§ 304.77 *Completion of period.* A seaman shall be deemed to have completed a period of substantially continuous service in the merchant marine upon the issuance of a certificate to that effect by the Administrator.

§ 304.78 *Issuance of certificate.* Any seaman who serves a period of substantially continuous service in the merchant marine as defined in § 304.76 shall be entitled to a certificate to that effect from the Administrator, in the form annexed, such certificate to contain a record of any special proficiency or merit obtained, including endorsements on the certificate of any awards (excluding the merchant seaman's insignia) that may have been issued to such seaman by the Seamen's Service Awards Committee of the War Shipping Administration or the Medal Awards Committee of the United States Maritime Commission.

§ 304.79 *Applications for certificates.* If at the time of application for a certificate of substantially continuous service in the merchant marine, the applicant has most recently been engaged as an enrollee in the United States Maritime Service, as a Cadet-Midshipman, or as an enrollee or student in any school or institution as defined in § 304.75 (f) (3), application therefor shall be made through the Training Organization. Application for such certificates by all other seamen shall be made through the Recruitment and Manning Organization. Application forms shall be provided at all regional and port offices of the Recruitment and Manning Organization in the United States, at all schools or institutions under the jurisdiction or supervision of the Administrator, and at other accessible places.

§ 304.80 *Date of application.* All applications must be submitted within the six-month period immediately following the termination of the unlimited national emergency declared by the President on May 27, 1941, except that (a) in the case of any seaman who is permanently disabled for further service in the merchant marine as the result of illness or injury not caused by his own wilful misconduct, an application must be submitted within 30 days after the expiration of a reasonable time for medical treatment and recuperation, depending upon the nature of the illness or injury, or within 30 days after the publication of these regulations, whichever may be later, and (b) in the case of any seaman as to whom the Recruitment and Manning Organization or the Training Organization finds that, through no fault of his own, his continued service in the merchant marine is no longer desirable or necessary, an application must be submitted within 30 days

after the date of his release or within 30 days after the date of the publication of these regulations, whichever may be later.

[SEAL] E. S. LAND,
Administrator.

MAY 17, 1944.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

Subchapter A—General Rules and Regulations

[S. O. 207]

PART 95—CAR SERVICE

RESTRICTION ON HOLDING CERTAIN REFRIGERATOR CARS

At a session of the Interstate Commerce Commission Division 3, held at its office in Washington, D. C., on the 16th day of May, A. D. 1944.

It appearing that cars of fruits, vegetables and melons held for orders, reconsignment or diversion at various points in the South unduly congest railroad yards and impede or diminish the use, control, supply, movement, distribution, exchange, interchange, and return of such cars; in the opinion of the Commission an emergency exists requiring immediate action to prevent a shortage of equipment and congestion of traffic; *It is ordered*, That:

§ 95.38 *Fruits, vegetables and melons—(a) Restriction on holding cars for orders, reconsignment or diversion.* No common carrier subject to the Interstate Commerce Act shall allow, permit or authorize the holding for orders, reconsignment or diversion of any railroad freight car including a refrigerator car loaded with fresh or green fruits, vegetables or melons, at any point or points in the States of Alabama, Florida, Georgia, Louisiana (east of the Mississippi River only), Mississippi, North Carolina, South Carolina, Tennessee and Virginia.

(b) *Application.* The provisions of this order shall apply only to shipments billed on and after the effective date of this order originating in the States listed in paragraph (a) of this section, except that when a shipment has been unloaded under a transit arrangement the provisions of this order shall apply to such shipment if billed at the transit point on or after the effective date of this order.

(c) *Tariff provisions suspended.* The operation of all tariff rules, regulations, or charges insofar as they conflict with the provisions of this order is hereby suspended.

(d) *Announcement of suspension.* Each railroad, or its agent, shall file and post a supplement to each of its tariffs affected hereby, on not less than 5 days' notice, announcing the suspension of any of the provisions therein.

(e) *Special and general permits.* The provisions of this order shall be subject to any special or general permits issued by the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., to meet specific needs or exceptional circumstances. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, That this order shall become effective at 12:01 a. m., May 25, 1944, and shall remain in force until further order of the Commission; that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

PART 95—CAR SERVICE

SUBSTITUTION OF REFRIGERATOR CARS, ETC.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 16th day of May, A. D. 1944.

Upon further consideration of Service Order No. 166 (8 F.R. 16172) of November 23, 1943, and good cause appearing therefor; *It is ordered*, That:

(a) Service Order No. 166 (8 F.R. 16172) of November 23, 1943, 49 C.F.R. § 95.325 authorizing, at carrier's option, the substitution of not more than three (3) RS type refrigerator cars with floor racks in lieu of each box car ordered to transport fruit and vegetable containers and box shooks in carloads from Houston, Longview or Sherman, Texas, to destinations in the Texas-Rio Grande Valley, be, and it is hereby, vacated and set aside.

(b) *Announcement of vacation of suspension.* Each of the railroads affected by this order shall publish, file, and post a supplement to each of its tariffs affected announcing the vacation by this order on the effective date hereof, of the suspension made by Service Order No. 166 and stating that the provisions in said tariffs which were in effect prior to such suspension will be applied on and after the effective date of this order. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901, 911; 49 U.S.C. 1 (10)–(17), 15 (2))

It is further ordered, That this order shall become effective at 12:01 a. m., May 20, 1944; that copies of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Notices

FEDERAL POWER COMMISSION.

[Docket No. IT-5889]

SOUTHWESTERN POWER ADMINISTRATION

NOTICE OF REQUEST FOR APPROVAL OF RATES AND CHARGES FOR SALE OF POWER FROM DENISON DAM

MAY 16, 1944.

Notice is hereby given pursuant to Executive Orders Nos. 9366 and 9373 that the Secretary of the Interior has filed with the Federal Power Commission a contract between the Southwestern Power Administration of the Department of the Interior and the Texas Power Power & Light Company for the disposition of power from the Denison Dam project, Oklahoma and Texas, for approval of the rates and charges therein provided (Docket No. IT-5889). The contract has been approved by the Secretary of the Interior and executed by the parties under the date of May 3, 1944, but paragraph 40 thereof conditions the agreement upon the receipt of approval of the regulatory bodies having jurisdiction.

The contract is in substance an agreement to deliver to the Texas Power & Light Company 30,000 kilowatts of primary power capacity, and 10,000,000 kilowatt-hours of primary energy a month of that available from the Denison Dam Power Plant, thereby reserving (out of the plant's maximum capacity of 42,000 kilowatts) 5,000 kilowatts of primary power capacity for sale to customers in Oklahoma and 7,000 kilowatts of secondary power capacity for coordination of the Denison project with the Grand River and Norfolk Dam projects. The Secretary advises that present transmission facilities are such as to limit deliveries of power from the Denison project into Oklahoma to 5,000 kilowatts, but the contract provides for the recapture, upon 18 months' notice, of up to 15,000 kilowatts of primary power capacity for sale into Oklahoma when transmission facilities become available to permit delivery. The Texas Power & Light Company is to pay 5 mills for primary energy and 2½ mills "on peak" and one (1) mill "off peak" for secondary energy.

Any person desiring to make representations with respect to said contract should, on or before May 31, 1944, file with the Federal Power Commission a petition or protest in accordance with the Commission's rules of practice and regulations.

Secretary.

[Docket No. G-543]

PANHANDLE EASTERN PIPE LINE COMPANY

ORDER FIXING DATE OF HEARING

MAY 16, 1944.

Upon consideration of the application filed April 24, 1944, by Panhandle Eastern Pipe Line Company under section 7 of the Natural Gas Act, as amended, seeking a certificate of public convenience and necessity authorizing the construction and operation of the following-described facilities:

(1) Approximately 17 miles of 22-inch O. D. line parallel to Applicant's existing 22-inch pipe line between its Hansford County, Texas, and Liberal, Kansas, compressor stations, including 4,000 feet of 24-inch pipe line undercrossing the Cimarron River;

(2) Two additional 800 horsepower compressor units and appurtenant equipment at Applicant's Hansford County, Texas, compressor station; and

(3) One additional 1,300 horsepower compressor unit and appurtenant equipment at Applicant's Montezuma compressor station located in Vermillion County, Indiana;

The Commission orders that:

(A) A public hearing be held commencing on June 8, 1944, at 9:45 a. m., in Customs Court Room, U. S. Customhouse, 610 South Canal Street, Chicago, Illinois, respecting the matters involved and the issues presented in this proceeding;

(B) Interested State commissions may participate in this hearing, as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

OFFICE OF ALIEN PROPERTY CUSTODIAN.

[Vesting Order 3343]

REGENS LIGHTER CORPORATION

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That all of the outstanding capital stock of Regens Lighter Corporation, a corporation organized and doing business under the laws of the State of New York and a business enterprise within the United States, consisting of 3 shares of capital stock of no par value, is registered in the name of Helene Schmidt and is beneficially owned by Rudolf Buchmann and is evidence of ownership and control of said business enterprise;

2. That Rudolf Buchmann, whose last known address is Vienna, Germany, is a national of a designated enemy country (Germany);

3. That Rudolf Buchman has claims against Regens Lighter Corporation, which, as of December 31, 1942, aggregated $10,160.67 and are represented on the books and records of said corporation as royalties payable, subject, however, to any accruals or deductions subsequent thereto, and represent an interest in said business enterprise;

and determining:

4. That Regens Lighter Corporation is controlled by Rudolf Buchmann and is a national of a designated enemy country (Germany);

5. That to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany);

and having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the 3 shares of capital stock of Regens Lighter Corporation registered in the name of Helene Schmidt, and the interest of Rudolf Buchmann in Regens Lighter Corporation aggregating $10,160.67, hereinbefore more fully described, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States, and hereby undertakes the direction, management, supervision and control of said business enterprise and all property of any nature whatsoever situated in the United States, owned or controlled by, payable or deliverable to, or held on behalf of or on account of, or owing to said business enterprise, to the extent deemed necessary or advisable from time to time by the Alien Property Custodian.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to vary the extent of or terminate such direction, management, supervision or control, or return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it

should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national," "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on March 20, 1944.

[Vesting Order 3344]

POLYSIUS CORPORATION

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That G. Polysius, A. G., whose last known address is Dessau, Germany, is a corporation organized under the laws of and having its principal place of business in Germany and is a national of a designated enemy country (Germany);

2. That Polysius Corporation is a corporation organized under the laws of the State of New York and is a business enterprise within the United States;

3. That 1000 shares of no par value common stock of Polysius Corporation are registered in the name of and owned by G. Polysius, A. G.

4. That the said 1000 shares constitute all of the issued and outstanding capital stock of Polysius Corporation, and represent ownership and control of said business enterprise;

and determining:

5. That Polysius Corporation is a national of a designated enemy country (Germany);

6. That to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

and having made all determinations and taken all action required by law, including appropriate consultation and certification and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the 1,000 shares of the capital stock of the Polysius Corporation, hereinabove more fully described, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States, and hereby undertakes the direction, management, supervision and control of said business enterprise to the extent deemed necessary or advisable from time to time by the Alien Property Custodian.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to vary the extent of or terminate such direction, management, supervision or control, or return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 or Form APC–6 as the case may be, a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on March 20, 1944.

MARIE ALBERT

In re: Mortgage Participation Certificate for Marie Albert #76520 in Mortgage F823, Series 180495, issued by the Bond and Mortgage Guarantee Company; File F–28–2026; E. T. sec. 413.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Manufacturers Trust Company, as Trustee, acting under the judicial supervision of the Supreme Court, Kings County, State of New York;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Marie Albert, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Marie Albert in and to income and proceeds of bond and mortgage participation certificate #76520 in Mortgage F823 in the amount of $3329.34, issued in guaranteed series 180495 by the Bond and Mortgage Guarantee Company and being serviced by the Manufacturers Trust Company,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: May 6, 1944.

GUSTAV ECKERT

In re: Estate of Gustav Eckert, also known as Gus Echart, Gus Eckhart and Gus Eggart, deceased; File: D–28–7610; E. T. sec. 8020.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Peter Ruppert, Trustee, acting under the judicial supervision of the Superior Court of the State of Washington for the County of King;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Marie Eckert Ruppert, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Marie Eckert Ruppert, in and to the Estate of Gustav Eckert, also known as Gus Echart, Gus Eckhart and Gus Eggart, deceased, and in and to the trust fund in possession of Peter Ruppert, Trustee, pursuant to a Decree of the Superior Court of the State of Washington for the County of King, entered on or about December 3, 1943, in the Estate of Gustav Eckert, also known as Gus Echart, Gus Eckhart and Gus Eggart, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

FLORENCE H. GUTHRIE

In re: Trust under the will of Florence H. Guthrie, deceased; File D–39–2140; E. T. sec. 8437.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by the Fidelity Trust Company, Trustee, acting under the judicial supervision of the Orphans' Court of Allegheny County, Pennsylvania;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Japan, namely,

National and Last Known Address

Manjiro Aoki, Japan.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Japan; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Manjiro Aoki in and to the trust created under the will of Florence H. Guthrie, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

NETTIE K. KONIGSTEIN

In re: Estate of Nettie K. Konigstein, deceased; File D–6–134; E. T. sec. 1180.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by the Treasurer of the City of New York, as depositary, acting under the judicial supervision of the Surrogate's Court, New York County, New York, and

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

The heirs at law, next of kin, executors, administrators, distributees, assignees, successors in interest, and legal representatives (names unknown) of Nettie K. Konigstein, deceased, who died a resident of Vienna, (Austria), Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of the heirs at law, next of kin, executors, administrators, distributees, assignees, successors in interest and legal representatives, whose names are unknown, of Nettie K. Konigstein, deceased, in and to the Estate of Nettie K. Konigstein, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: May 10, 1944.

NETTIE K. KONIGSTEIN

In re: Mortgage Participation Certificate for Estate of Nettie K. Konigstein, deceased, No. 143996, of Series No. 213982, issued by the Title Guarantee & Trust Company, of New York; File D–6–134; E. T. sec. 1180.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by William E. Russell, as Trustee of Mortgage Investments issued by Title Guarantee & Trust Company, of New York, and guaranteed by Bond and Mortgage Guarantee Company, of New York, under Guarantee No. 213982, 149 Broadway, New York City, State of New York, acting under the judicial supervision of the Supreme Court, New York County, New York;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

The heirs at law, next of kin, executors, administrators, distributees, assignees, successors in interest, and legal representatives (names unknown) of Nettie K. Konigstein, deceased, who died a resident of Vienna, (Austria), Germany, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all actions, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of the heirs at law, next of kin, executors, administrators, distributees, assignees, successors in interest and legal representatives, whose names are unknown, of Nettie K. Konigstein, deceased, in and to Mortgage Participation Certificate No. 143996 for the sum of $10,000, issued by Title Guarantee & Trust Company of New York, to Nettie K. Konigstein and guaranteed by Bond and Mortgage Guarantee Company of New York under Guarantee Series No. 213982,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

RICHARD LAUB

In re: Estate of Richard Laub, deceased; File D–28–2267; E. T. sec. 2940.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Albert R. Blue, Executor, acting under the judicial supervision of the Superior Court of the State of California, in and for the County of San Mateo;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Relative, name unknown, of Richard Laub, deceased, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of relative, name unknown, of Richard Laub, deceased, in and to the estate of Richard Laub, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

COMMON AND UNGLAZED FACE BRICK IN DALTON, GA.

Order G–3 Under § 1499.161 (a) (2) of Maximum Price Regulation No. 188. Dalton Brick and Tile Company, Dalton, Georgia; Docket No. IV–188–25.

For reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator and by § 1499.161 (a) (2) of Maximum Price Regulation No. 188, *It is hereby ordered:*

(a) That on and after the effective date of this order the Dalton Brick and Tile Company of Dalton, Georgia, hereinafter referred to as the Applicant, may sell and deliver common and unglazed face brick at a price no higher than a price reflecting its properly established maximum price under Maximum Price Regulation No. 188, plus a sum not in excess of $2.00 per thousand.

(b) Any person purchasing common and unglazed face brick from the applicant for resale on and after the effective date of this order, and paying therefor a price reflecting a permitted increase over the established maximum price of the applicant under Maximum Price Regulation No. 188 may add, in selling common and unglazed face brick so purchased, the exact amount of such increase, not to exceed $2.00 per thousand, to his own properly established maximum price.

(c) That all freight allowances, other allowances, discounts, differentiations in classes of purchasers and other differentials customarily made by Applicant and all others affected by this order during March, 1942, shall be maintained.

(d) Except as otherwise provided herein, all transactions subject to this order remain subject to all appropriate regulations including the provisions of Maximum Price Regulation 188 and the General Maximum Price Regulation, where applicable, together with all the amendments that have been heretofore or which may be hereafter issued.

(e) This order may be revoked, corrected or amended by the Office of Price Administration at any time.

This order shall become effective May 10, 1944.

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE AND GRANTING APPLICATIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 13th day of May 1944.

Associated Electric Company, a registered holding company, and its subsidiary, Pennsylvania Electric Company, having filed joint applications-declarations, pursuant to sections 6 (b), 9, 10 and 12 of the Public Utility Holding Company Act of 1935 and the relevant rules and regulations promulgated thereunder, wherein it is proposed that Associated Electric Company sell to Pennsylvania Electric Company all the former's interest in Penelec Water Company, which interest consists of five shares of the $100 par value common stock and an open account receivable of $355,000 (as at December 31, 1943), bearing interest at the rate of 6% per annum, when, as, and if, earned in any calendar year; and, in consideration thereof, Pennsylvania Electric Company proposes to issue and sell such number of shares of its $20 par value common stock to Associated Electric Company as will equal the net book value of the investment of Associated Electric Company in Penelec Water Company as shown by the latter's books as of the date of settlement, with an adjustment in cash to avoid the issuance of a fractional share; and

The Commission having issued a notice of filing and order for hearing in respect to the proposed transactions, and hearings having been held in such proceeding in which all security holders of the applicants-declarants and other interested persons were given opportunity to be heard; and requests for findings, briefs, and oral argument having been waived; and

The Commission having considered the record and having entered its findings and opinion herein, and deeming it appropriate in the public interest and in the interest of investors and consumers to permit the declarations to become effective, and to grant the applications;

It is hereby ordered, That the aforesaid declarations be and hereby are permitted to become effective, and the aforesaid applications be and hereby are granted forthwith, subject, however, to the terms and conditions prescribed in Rule U-24.

By the Commission.

WAR MANPOWER COMMISSION.

Interim Employment Stabilization Plan for Region I

The following Interim Employment Stabilization Plan for Region I is hereby prescribed, pursuant to § 907.3 (g) of War Manpower Commission Regulation No. 7, "Governing Employment Stabilization Programs," effective August 16, 1943 (8 F.R. 11340).

Section 1. *Purpose.* The purpose of this plan is to assist the War Manpower Commission in bringing about in areas not subject to Local Voluntary Employment Stabilization Programs by measures equitable to labor and management and necessary for the effective prosecution of the war:

(a) The elimination of wasteful labor turnover in essential activities.

(b) The reduction of unnecessary labor migration.

(c) The direction of flow of scarce labor where most needed in the war program.

(d) The maximum utilization of manpower resources.

Sec. 2. *Definitions.* As used in this plan:

(a) "Agriculture" means those farm activities carried on by farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees and poultry, and shall not include any packing, canning, processing, transportation or marketing of articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations.

(b) "State" includes Alaska, Hawaii, and the District of Columbia.

(c) "New employee" means any individual who has not been in the employment of the hiring employer at any time during the preceding 30-day period. For the purpose of this definition, employment of less than seven days' duration and employment which is supplemental to the employee's principal work shall be disregarded.

(d) "Critical occupation" means any occupation designated as a critical occupation by the Chairman of the War Manpower Commission. (See War Manpower List of Critical Occupations, 8 F.R. 11420.)

(e) "Additional controlled occupation" means any occupation found by the Regional War Manpower Director to be either:

(1) One of a category of occupations in an activity in which manpower shortages threaten critically needed production in Region I, or

(2) An occupation in which the demand for workers in Region I exceeds the available supply.

A list of the "additional controlled occupations" designated by the Regional Manpower Director is attached to this program as Appendix A and may be amended from time to time by the Regional Manpower Director.

(f) "Essential activity" means any activity included in the War Manpower Commission List of Essential Activities (9 F.R. 3439).

(g) "Locally needed activity" means any activity approved by the Regional Manpower Director as a locally needed activity.

(h) The terms "employment" and "work" as applied to an individual engaged in principal and supplementary employment mean his principal employment.

Sec. 3. *Control of hiring and solicitation of workers.* All hiring and solicitation of workers in, or for work in, areas within Region I not covered by Local Voluntary Employment Stabilization Programs shall be conducted in accordance with this plan.

Sec. 4. *Authority and responsibilities of Regional Management-Labor Committee.* The Regional Management-Labor War Manpower Committee is authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan and to make recommendations concerning the same to the Regional Manpower Director.

Sec. 5. *Encouragement of local initiative and use of existing hiring channels.* The War Manpower Commission shall encourage local initiative and cooperative efforts to the end that the maximum use shall be made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and government agencies.

This section shall not be interpreted or deemed to be a waiver of any of the provisions of this plan.

Sec. 6. *General.* A new employee, who during the preceding 60-day period was engaged in an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be deemed to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the United States Employment Service, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the United States Employment Service of the War Manpower Commission, or is hired with its consent, as provided herein.

Sec. 7. *Issuance of statements of availability by employers.* An individual whose last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer if:

(a) He has been discharged, or his employment has been otherwise terminated by his employer, or

(b) He has been laid off for an indefinite period, or for a period of seven or more days, or

(c) Continuance in his employment would involve undue personal hardship, or

(d) Such employment is or was at a wage or salary or under working conditions below standards established by State or Federal law or regulation, or

(e) Such employment is or was at a wage or salary below a level established or approved by the National War Labor Board (or other agency authorized to adjust wages or approve adjustments thereof) as warranting adjustment, and the employer has failed to adjust the wage in accordance with such level or to apply to the appropriate agency for such adjustment or approval thereof.

Sec. 8. *Issuance of statements of availability by United States Employment Service.* (a) A statement of availability shall be issued promptly to an individual when any of the circumstances set forth in section 7 is found to exist in his case. If the employer fails or refuses to issue a statement of availability to an individual entitled to such statement, the United States Employment Service of the War Manpower Commission, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual.

(b) A statement of availability shall be issued by the United States Employment Service to any individual in the employ of an employer who the War Manpower Commission finds, after notice, hearing and final decision has not complied with any War Manpower Commission employment stabilization program, regulation or policy, and for so long as such employer continues his non-compliance after such finding.

An employer who continues to be in non-compliance after notice, hearing and final decision may not hire any new employee, whether or not such person has a statement of availability.

(c) A temporary statement of availability, valid for a period not in excess of 60 days, may be issued by the United States Employment Service to an individual at his request, who because of seasonal or temporary lay-off is not employed at his customary work. An employer may hire such a worker for the period designated in the temporary statement of availability and shall release him at the end of such period. Upon release of such worker, the employer shall not issue a statement of availability, but shall instruct the worker to return to his former employment. Nothing in this section shall be construed to supersede the provisions of section 9 (c) (4).

Sec. 9. *Referrals by United States Employment Service.* (a) If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the United States Employment Service may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

(b) The United States Employment Service shall, upon the request of an individual, refer him to a former employer, when it is found that he has received from such employer with whom he has reemployment rights under an existing collective bargaining agreement, a notice that he must return to his former employment in order to preserve his seniority status.

(c) Under the circumstances set forth below, a new employee may not be hired solely upon presentation of a statement of availability but may be hired only upon referral by, or in accordance with arrangements with, the United States Employment Service:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicates that his last employment was in a critical occupation;

(2) The new employee is to be hired for work in an additional controlled occupation, or his statement of availability indicates that his last employment was in such an occupation;

(3) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period;

(4) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work: *Provided*, That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration: *And provided further*, That such an individual may be hired for nonagricultural work for a period of not to exceed six weeks without referral or presentation of a statement of availability.

Sec. 10. *Exclusions.* No provision of this plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment;

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work, but such work shall not constitute the individual's "last employment" for the purposes of this plan unless the employee is customarily engaged in work of less than seven days' duration;

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii;

(d) The hiring by a foreign, State, county, or municipal government, or their political subdivisions or their agencies and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county, or municipal government or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with this plan;

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service;

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

Sec. 11. *Appeals.* Any worker or employer may apeal from any act or failure to act by the War Manpower Commission under this employment stabilization plan, in accordance with regulations and procedures of the War Manpower Commission.

Sec. 12. *Statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security account number, if any, the name and address of the issuing employer, or War Manpower Commission officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical or additional controlled occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the War Manpower Commission.

Statements of availability received by any employer pursuant to this employment stabilization plan shall be retained during the continuance of the plan and for a reasonable time thereafter. They shall be made accessible to the Regional Manpower Director or his representative upon request.

Sec. 13. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions.

Sec. 14. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job, and shall be made without discrimination as to race, color, creed, sex, national origin, or except as required by law, citizenship.

The Federal Government shall be considered a single essential employer for the purposes of this plan, and all hiring for departments and agencies thereof, subject to the Civil Service Act, rules and regulations, shall be conducted by the U. S. Civil Service Commission, which shall recruit in accordance with the policies of the War Manpower Commission.

Sec. 15. *Representation.* Nothing contained in this plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of the program.

Sec. 16. *General referral policies.* No provision in this plan shall limit the authority of the United States Employment Service, or any other governmental agency designated by the War Manpower Commission, to make referrals in accordance with approved policies and instructions of the War Manpower Commission.

Sec. 17. *Effective date.* This plan shall become effective April 1, 1944, in those areas in Region I not subject to Local Voluntary Employment Stabilization Programs and is in substitution for and supersedes the Interim Plan adopted in Region I on August 23, 1943, and shall, subject to such amendments as the War Manpower Commission may promulgate, continue in effect in such areas for six months following the termination of the war, unless sooner terminated by the War Manpower Commission, or until superseded by a local voluntary employment stabilization program.

Joseph A. Smith,
Regional Director.

May 10, 1944.

Appendix A—Additional Controlled Occupations

The following occupational titles have been designated as additional controlled occupations for Region I by the Regional Manpower Director:

Logging industry: Cook, cookee, faller, horseshoer, laborer (logging), teamster, tractor operator, truck driver (heavy), truck mechanic, and woodchopper II.

PART 1460—FATS AND OILS

RESTRICTIONS ON THE USE AND DISTRIBUTION OF RAPESEED OIL AND MUSTARD SEED OIL

War Food Order 35 (8 F.R. 3478; 9 F.R. 4319), § 1460.7, is amended to read as follows:

§ 1460.7 *Use, consumption, processing, and blending of rapeseed oil restricted—*(a) *Definitions.* (1) The term "rapeseed oil" means that oil obtained from rapeseed, commonly known as rapeseed oil (Colza oil), whether crude, raw, filtered, refined, blown, or denatured.

(2) The term "person" means any individual, partnership, association, business trust, corporation, or any organized group of persons whether incorporated or not.

(3) The term "Director" means the Director of Distribution, War Food Administration.

(b) *Restrictions on use and consumption.* Subject to the provisions of (c) hereof, no person shall use or consume rapeseed oil except as specifically authorized by the Director.

(c) *Exceptions.* Notwithstanding the provisions of (b) hereof, specific authorization by the Director shall not be required for:

(1) The use or consumption of rapeseed oil by any person in the manufacture of marine engine oils, heavy machine engine lubricating oils, pneumatic tool oils, or factice for insulation or compounding rubber; and

(2) The use or consumption of not more than 400 pounds of rapeseed oil in any calendar month by any person for any purpose other than the manufacture of a product listed in (c) (1) hereof.

(d) *Restrictions on processing.* Except as specifically authorized by the Director, no person shall further process any rapeseed oil whether crude, raw, filtered, refined, blown, or denatured, unless such processing shall render it suitable for use in the manufacture of a product listed in (c) (1) hereof.

(e) *Restrictions on blending.* Except as specifically authorized by the Director, no person shall blend rapeseed oil with any other oil unless the resulting blend of oils is used by such blender in the manufacture of a product listed in (c) (1) hereof. Furthermore, the provisions of (c) (2) hereof shall not be construed as applying to the mere blending of rapeseed oil with any other oil.

(f) *Applications for use, consumption, processing, or blending.* Every person requiring an authorization to use, consume, process, or blend rapeseed oil, shall file an application therefor on Form FDA-478, or such other form or forms as may be prescribed by the Director. Such application shall be forwarded to the Director of Distribution, War Food Administration, Washington 25, D. C., Ref. WF-35. The Director may prescribe in each authorization issued pursuant to this order the period of time in which the authorization shall be effective. No person shall take any action pursuant to, or in reliance on, an authorization which has expired.

(g) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of rapeseed oil of any person, and to make such investigations, as may be necessary or appropriate, in the Director's discretion, to the enforcement or administration of the provisions of this order.

(h) *Records and reports.* (1) The Director shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in the Director's discretion, to the enforcement or administration of the provisions of this order.

(2) Every person subject to this order shall, for at least two years (or for such period of time as the Director may designate), maintain an accurate record of his transactions in rapeseed oil.

(i) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may file a petition for relief in writing with the Director, addressed as follows: Director of Distribution, War Food Administration, Washington 25, D. C., Ref. WF-35. Such petition shall set forth all pertinent facts and the nature of the relief sought. The Administrator of this order shall then act upon the petition. In the event that the petitioner is dissatisfied with the action taken by the Administrator of this order, he may request a review of such action by the Director whose decision with respect to the relief sought shall be final.

(j) *Violations.* Any person who violates any provision of this order may, in accordance with the applicable procedure, be prohibited from receiving, making any deliveries of, or using rapeseed oil, or any other material subject to priority or allocation control by any governmental agency. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(k) *Delegation of authority.* The administration of this order and the powers vested in the War Food Administrator, insofar as such powers relate to the administration of this order, are hereby delegated to the Director. The Director is authorized to redelegate to any employee of the United States Department of Agriculture any or all of the authority vested in him by this order.

(l) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued by the Director, be addressed to the Director of Distribution, War Food Administration, Washington 25, D. C., Ref. WF-35.

(m) *Territorial extent.* This order shall apply only to the forty-eight States of the United States and the District of Columbia.

(n) *Effective date.* This order shall become effective 12:01 a. m., e. w. t., May 15, 1944. However, with respect to violations of said War Food Order 35, or rights accrued or liabilities incurred thereunder, prior to said date, said War Food Order 35 shall be deemed to be in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, or liability.

NOTE: All reporting and record-keeping requirements of this order have been approved by, and subsequent reporting and record-keeping requirements will be subject to the approval of, Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(E.O. 9280, 7 F.R. 10179; E.O. 9322, 8 F.R. 3807; E.O. 9334, 8 F.R. 5423; E.O. 9392, 8 F.R. 14783)

Issued this 13th day of May 1944.

PART 1460—FATS AND OILS

PARTIAL SUSPENSION OF RESTRICTIONS ON USE OF LARD

War Food Order No. 42, as amended (9 F. R. 2971, 4319, 4802), is further amended by inserting immediately after (b) (11) thereof, the following:

(12) Notwithstanding any other provision of this order, any manufacturer who, during the period from May 15 to June 30, 1944, both inclusive, purchases and accepts delivery of lard or rendered pork fat, may use such lard or rendered pork fat without charge against quota in the manufacture of soap.

(13) Notwithstanding any other provision of this order, any producer who, during the period from May 15 to June 30, 1944, both inclusive, produces lard or rendered pork fat, and any manufacturer who, during such period, purchases and accepts delivery of lard or rendered pork fat, may, during such period, use such lard or rendered pork fat without charge against quota in the manufacture of margarine and other edible finished products, including shortening. Such use may be continued without charge against quota until October 1, 1944: *Provided*, That the producer or manufacturer, on or before July 15, 1944, reports to the Fats and Oils Branch, Office of Distribution, War Food Administration, Washington 25, D. C., the quantity of lard and rendered pork fat on hand on June 30, 1944, which is intended for use in accordance with the provisions of this subparagraph.

This amendment shall become effective at 12:01 a. m., e. w. t., May 15, 1944. With respect to violations, rights accrued, liabilities incurred, or appeals taken under War Food Order No. 42, prior to the effective date of this amendment, all provisions of said War Food Order No. 42, as amended, in effect prior hereto, shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

NOTE: The reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.
